MOTION:

August 7, 2012 Regular Meeting Res. No. 12-

SECOND:

RE: IMPLEMENT BOARD OF COUNTY SUPERVISORS POLICY

DIRECTION, APPROVE ALLOCATION OF THE FISCAL YEAR 2012 GENERAL REVENUES IN EXCESS OF ADOPTED FISCAL YEAR 2012 BUDGET ESTIMATES AND APPROVE THE CONTRIBUTION OF \$2,208,000 TO FUND BALANCE TO MAINTAIN THE REQUIRED UNASSIGNED FUND BALANCE OF AT LEAST 7.5% OF GENERAL

FUND REVENUES

ACTION:

WHEREAS, the Board of County Supervisors on April 24, 2012, approved the FY2013 real estate tax rate of \$1.209 per \$100 of assessed value for fiscal 2013; and

WHEREAS, a contribution sufficient to maintain the unassigned general fund balance at 7.5% of general fund revenues is recommended by year end FY2012; and

WHEREAS, based on pre-audit general fund revenue, a contribution of \$2,208,000 is required to maintain the unassigned general fund balance at 7.5% of general fund revenues; and

WHEREAS, the Board of County Supervisors remains committed to sharing general revenues with the Prince William County Schools in the ratio of 56.75% for the Schools and 43.25% for the County; and

WHEREAS, excess general revenues for FY2012 total \$1,908,244 with the Schools share at \$978,761 and the County's share at \$929,483 including the recordation tax which is reserved solely for County use; and

WHEREAS, an additional \$2,208,000 contribution to the general fund balance is required to maintain the unassigned general fund balance at 7.5%; and

WHEREAS, the additional \$2,208,000 contribution to the general fund balance will come from the County's 43.25% share (\$929,483) of the surplus FY2012 excess general revenues and County turnback (\$25,477), and the Schools' 56.75% share (\$1,253,040) is partially offset by the Schools revenue surplus (\$978,761) for a net shortfall of \$274,279, and this shortfall will be applied against the FY2013 transfer to the Schools once revenues and expenditures are audited later this year; and

WHEREAS, a duly advertised public hearing on the proposed amendments to the FY2013 budget was conducted on August 7, 2012, in the James J. McCoart Administration Building;

August 7, 2012 Regular Meeting Res. No. 12-Page Two

NOW, THEREFORE, BE IT RESOLVED that the Prince William Board of County Supervisors does hereby maintain the unassigned general fund balance at 7.5% of general fund revenues; and

BE IT FURTHER RESOLVED that the Prince William Board of County Supervisors does hereby approve an additional allocation of \$2,208,000 to the unassigned general fund balance with the County's 43.25% share (\$954,960) coming from the surplus FY2012 excess general revenues (\$929,483) and County turnback (\$25,477), and the Schools' 56.75% share (\$1,253,040) coming from the Schools revenue surplus (\$978,761) and the net shortfall of \$274,279 to be applied against the FY2013 transfer to the Schools once revenues and expenditures are audited later this year; and

BE IT FURTHER RESOLVED that the Prince William Board of County Supervisors authorizes the Director of Finance to reduce the approved allocation should funds to maintain the unassigned general fund balance at 7.5% for FY2012 be unavailable once revenues and expenditures are audited.

Transfer, Budget and Appropriate the Carryover of the General Fund for \$8,795,591 and Other Funds for \$26,618,114 from FY 2012 to FY 2013 and Approve Allocation of the FY 2012 General Revenues in Excess of

Adopted Fiscal Year 2012 Budget Estimates and Approve the

Contribution of \$2,208,000 to Fund Balance to Maintain the Required Unassigned Fund Balance of at least 7.5% of General Fund Revenues

I. <u>Background</u>:

- A. <u>State Code Requirement for Budget Amendment</u> Section 15.2-2507 of the Code of Virginia states that any local governing body may amend its annual budget appropriation. Any budget amendment which exceeds one percent of the total expenditures shown in the currently adopted budget must be preceded by a duly advertised public hearing.
- B. <u>Prince William County Financial and Program Planning Ordinance</u> This ordinance, adopted by the Board of County Supervisors (BOCS) includes provisions for the County's Strategic Plan, multi-year revenue projections, the multi-year CIP and the annual budget with service level targets.
- C. <u>County/School Revenue Agreement</u> The BOCS and the Prince William County School Board (Schools) have adopted a revenue sharing agreement which states that 56.75% of the County's general revenues are allocated to the Schools and 43.25% of the general revenues are allocated to the County.

- D. <u>Fund Balance Policies</u> A jurisdiction's unassigned fund balance is a crucial factor that bond rating agencies examine when making rating determinations. The BOCS is committed to maintaining an unassigned fund balance at 7.5% of general fund revenues. The County has achieved the goal of a 7.5% unassigned fund balance, consistent with the adopted "Principles of Sound Financial Management."
- E. <u>Carryover of Encumbered Purchase Orders and Contracts and Unencumbered Capital Construction Project Balances</u> On June 5, 2012 the BOCS approved the carryover of \$369.5 million in purchase orders and unencumbered capital project balances from FY 2012 to FY 2013. The approval of these items in advance of year end enables the County to continue to pay its contractual obligations and enables work to continue uninterrupted on the capital program during the peak construction season.
- F. <u>Sources of Carryover Funding</u> Carryover recommendations may include the use of the following sources of funding:
 - 1. <u>General Revenue Variance</u> In years when the general revenues collected exceed the adopted projections, including such sources as personal property, real estate and sales tax, the excess revenues are split with the Schools as part of the Revenue Sharing Agreement. Likewise, in years when the actual general revenue receipts are less than the adopted projection, the shortfall is split with the Schools.
 - 2. <u>General Fund Expenditure Savings and Excess Agency Revenues</u> These are unexpended budget amounts within agency budgets including agency revenues received in excess of projections.
 - 3. Non-General Fund Expenditure Savings/Revenues Restricted at Source These are unexpended budget amounts within other funds and revenues collected in excess of projections that can be used only for the purposes for which the revenue was collected. These revenues include the fire levy funds, development fees and stormwater fees. If these funds are not carried over they revert to fund balances.
- G. <u>Use of Carryover Resources</u> At the end of each fiscal year, the County has unspent expenditure funds that can be carried over to the next year. In some years, the County also has surplus general revenue and/or agency revenues that can be budgeted and appropriated.

II. <u>Current Situation</u> is as follows:

- A. <u>Sources of FY 2012 Carryover Funding</u> The FY 2012 carryover recommendations include the use of the following sources of funding:
 - 1. <u>General Revenue Variance</u> For FY 2012 general revenues are projected to be higher than the adopted FY 2012 Budget estimates by \$1.9 million. The County's share of the projected \$1.9 million is \$745,928. Additionally, \$183,555 in recordation tax revenue not required to be shared with Schools is available.
 - a. Overall Variance from Budget The total general revenue surplus reflects a variance of 0.3% compared to the adopted budget. Annual forecasting estimates between 1-3% are considered to be very good by national standards.
 - b. <u>General Revenue Reconciliation</u> As part of the year end process, general revenues need to be reconciled. The current excess at year end FY 2012 is \$1.9 million. The preliminary year end general revenue summary is shown below. See also *Attachment A Quarterly Financial Status Report 4th Quarter Fiscal Year 2012*.

| Total General Revenues | \$732.8 | \$748.9 | \$749.4 | \$749.9 | \$753.6 | \$751.7 | \$1.9 | 0.3% | |

- 2. <u>Agency Expenditure Savings and Revenue Shortfall</u> Projected agency expenditures savings total \$18,763,040, while agency revenues report a shortfall totaling \$3,412,006 as noted on *General Fund Attachment B*.
- B. <u>Use of Carryover Funds</u> The BOCS will be asked to approve carryovers in the following categories.
 - 1. <u>Contribution to Fund Balance</u> This carryover recommends the contribution of \$2,208,000 to the General Fund balance to maintain the required 7.5% reserve of general fund revenues. The County's 43.25% share (\$954,960) of the fund balance contribution is partially offset by the revenue surplus of \$745,928

and recordation tax revenue of \$183,555 for a net shortfall of \$25,477. The Schools 56.75% share of the fund balance contribution (\$1,253,040) is partially offset by the Schools revenue surplus (\$978,761) for a net shortfall of \$274,279. This shortfall will be applied against the FY 13 transfer to the Schools once revenues and expenditures are audited later this year.

- 2. <u>County and Schools General Revenue</u> The FY 2012 general revenues exceed the adopted budget projection by \$1.9 million. All of the excess revenues will be used to offset the required contribution to fund balance, as noted above.
- 3. <u>General Fund Carryovers</u> The total FY 2012 general fund carryovers requiring budget, appropriation and transfer in FY 2013 equal \$8,795,591. This amount is less than the \$24,719,163 of "total uses" shown in Attachment B because some items do not require budget and appropriation. Those items not requiring budget and appropriation are so noted on *General Fund Attachment B*.
 - a. <u>BOCS Committed Items</u> Through the adoption of the FY 2013 Budget, the BOCS committed to carryover certain items including applying FY 2012 savings to support the FY 2013 Budget. Please see *General Fund Attachment B* and C for a list of committed carryover items totaling \$17,677,113. Of this amount, only \$1,753,541 requires budget and appropriation in FY 2013. In addition, the BOCS can make policy decisions after the budget adoption date which must be addressed in the carryover.
 - (1) Resolution 12-574 designation of district office fund balances to County projects
 - b. <u>Traditional Carryover Items</u> Traditional carryover items totaling \$5,969,451 represent unfinished projects or contracts at year end that must have their respective funding carried forward to the next fiscal year for completion. (See *General Fund Attachment C.*)
 - c. <u>Other Carryover Items</u> Funding can be provided for onetime purchases or events as noted in *General Fund Attachment C*.

- 4. Other Fund Carryovers Total FY 2012 "Other Fund" carryovers (funds outside the General Fund such as fire levy, stormwater and solid waste fees) requiring budget, appropriation and transfer actions equal \$26,618,114 in FY 2013, as shown in *Other Funds Attachment D*.
- C. <u>Public Hearing Advertised</u> The notice of public hearing was published in accordance with §15.2-2507 of the Code of Virginia.
- D. <u>Board Action Requested</u> The BOCS is asked to adopt the recommended FY 2012 carryover actions after the public hearing has closed.

III. <u>Issues</u> in order of importance are:

- A. <u>Fiscal Impact</u> What are the fiscal impacts of the proposed alternatives on the FY 2013 Fiscal Plan?
- B. <u>Timing</u> When do budget expenditure carryovers and revenue budget appropriation decisions need to be made?
- C. <u>Policy</u> What are the policy and service implications associated with the alternatives?
- D. <u>Legal</u> What are the legal issues associated with the alternatives?

IV. Alternatives in order of feasibility are:

- A. Transfer, Budget and Appropriate the Carryover of the General Fund for \$8,795,591 and Other Funds for \$26,618,114 from FY 2012 to FY 2013 and Approve Allocation of the FY 2012 General Revenues in Excess of Adopted Fiscal Year 2012 Budget Estimates and Approve the Contribution of \$2,208,000 to the General Fund Balance to Maintain the Minimum Required Unassigned Fund Balance at 7.5% of General Fund Revenues.
 - 1. <u>Fiscal Impact</u> Approving Resolutions 8-W through 8-Y ensures the continued maintenance of the County's General Fund Balance policies and the County/School revenue agreement.
 - 2. <u>Timing</u> Approving Resolutions 8-W through 8-Y ensures that carryover funds would be available to agencies in FY 2013 and provides budget authority for projects.

- 3. <u>Policy Impact</u> Approving Resolutions 8-W through 8-Y ensures the continuation of ongoing initiatives and the initiation of one-time improvements identified by the BOCS and County agencies. This meets the BOCS policy of carrying over unspent funds and surplus revenues.
- 4. <u>Legal</u> BOCS approval of Resolutions 8-W through 8-Y following a duly advertised public hearing keeps the County in compliance with §15.2-2507 of the Code of Virginia.

B. <u>Take No Action</u>.

- 1. Fiscal Impact Taking no action would result in all excess funds dropping to fund balances and no funding would be provided for the affected ongoing County projects or one-time improvements in FY 2013. This would create an unassigned General Fund Balance of \$89.3m or 11.8% of the projected General Fund revenues. Projects begun but not completed in FY 2012 could only be completed with the use of FY 2013 budgeted funds.
- 2. <u>Timing</u> Carryover funds will not be available to agencies in FY 2013 if no action is taken.
- 3. Policy Impact The County would be out of compliance with the Principles of Sound Financial Management. Diverting FY 2013 budgeted funds to FY 2012 projects will hamper agencies' abilities to meet adopted FY 2013 service levels and delay the start of new projects planned for FY 2013. Additionally, one-time improvements proposed by the agencies cannot be undertaken.
- 4. <u>Legal</u> Taking no action will not preclude the BOCS from transferring funds to the Schools in accordance with the Revenue Sharing Agreement.
- V. <u>Recommendation</u> is that the Board of County Supervisors concur with Alternative A and approve the attached resolutions.

Quarterly Financial Status Report

4th Quarter Fiscal Year 2012

I. Background is as follows:

- A. General County Revenues The general revenue estimate included in the FY12 adopted budget was \$756,073,434 at a real estate tax rate of \$1.204 per \$100 of assessed value. This amount includes \$4,290,000 in recordation tax revenue designated for transportation projects. The FY12 adopted revenue budget without the portion of recordation tax revenue designated for transportation use is \$751,783,434.
- B. <u>Quarterly Updates</u> Section 2.14 of "The Principles of Sound Financial Management" requires quarterly updates on the County's general fund budget and trends to be presented to the Board of County Supervisors (BOCS) with revenue and expenditure projections through the end of the year.

Revenue and expenditure variances from the adopted budget are reviewed on a monthly basis and quarterly reports are presented to the BOCS.

II. Current Situation is as follows:

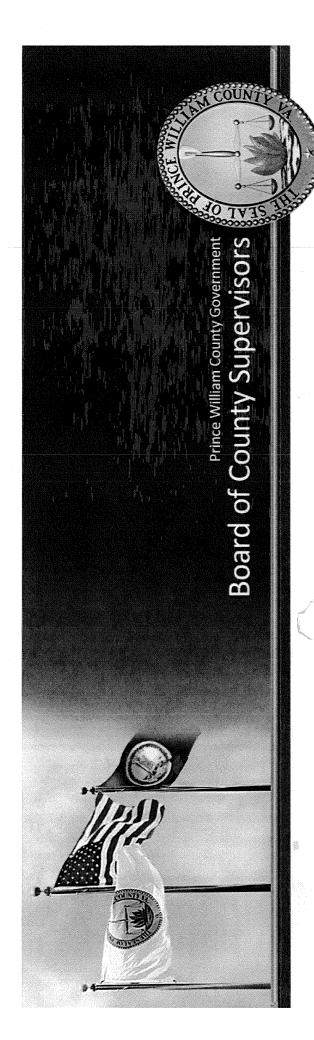

A. <u>Fourth Quarter Results</u> – The FY12 pre-closing, pre-audit general revenues are more than the adopted budget by \$1.9 million or 0.3%. The National Advisory Council on State and Local Budgeting considers annual forecasting estimates between 1-3% to be very good.

The change from the third quarter report is attributed to the following:

- 1. Real Estate and Personal Property Tax Collection of delinquent real estate and personal property taxes by Tax Administration continue to outperform expectations and have set a County record for low delinquencies. In addition, the 5% increase in Personal Property Tax revenues also reflects the increase of 3,200 vehicles in the County.
- 2. <u>Sales Tax</u> The 4% increase in Sales Tax from FY 11 is part of the 28 consecutive months of year-over-year sales tax growth the County is experiencing.
- 3. <u>Investment Income</u> Although interest income (actual cash revenue available to the County) was less than the adopted budget by \$2.4 million, it increased \$1.3 million compared to the third quarter report. The revenue increase from the third quarter update is attributed to gains on sales of investments.
- **III.** Recommendation: Information purposes only no action is needed at this time.

FY 2012 TO FY 2013 CARRYOVER

Office of Management & Budget August 7, 2012

BOCS POLICY GUIDANCE

- Commitment to maintaining AAA bond ratings
- Strong financial management policies
- ► Balanced five year budget
- ▶ Maintain County fund balance at 7.5% of revenues
- ▶ Maintain Revenue Stabilization Reserve to address economic downturns
- Provide turnback savings from past fiscal year to support current fiscal year
- Adhere to County/School revenue agreement

CARRYOVER PRINCIPLES

- Culture of efficiency and savings
- General fund savings not reserved to agencies
- No year-end spending down of agency budget balances
- pooled & reprogrammed to meet community needs Savings realized from efficient use of tax dollars are
- ▶ Maintain 7.5% uncommitted general fund reserve
- Turnback savings from past fiscal year supports current budget and Technology Improvement Plan
- One-time money used for one-time projects
- Cash-to-capital opportunities

GENERAL REVENUE/GENERAL FUND BUDGET VARIANCES

| (\$ expressed in millions) | FY 2007 | FY 2008 | FY 2009 | FY 2010 | FY 2011 | FY 2012 |
|----------------------------------|---------|----------|---------|---------|-----------|---------|
| General Revenue - \$ | \$2.1M | (\$6.3M) | \$4.5M | \$6.2M | \$16.1M * | \$1.9M |
| General Revenue Accuracy | 99.7% | 99.1% | 99.4% | 99.1% | 97.8% | %2'66 |
| | | | | | | |
| General Fund Turnback - \$ | \$43.9M | \$29.7M | \$35.7M | \$32.7M | \$27.9M | \$18.7M |
| General Fund Turnback - % | 7.1% | 5.2% | 7.3% | 7.2% | %6:9 | 3.3% |

^{*} In FY 2011, revenue surplus was generated by one-time recovery of public service utility taxes, increased volume in personal property tax, improved delinquent collections and unprecedented sales tax growth as PWC recovered from the effects of the Great Recession.

BUDGET CONTROL PRACTICES

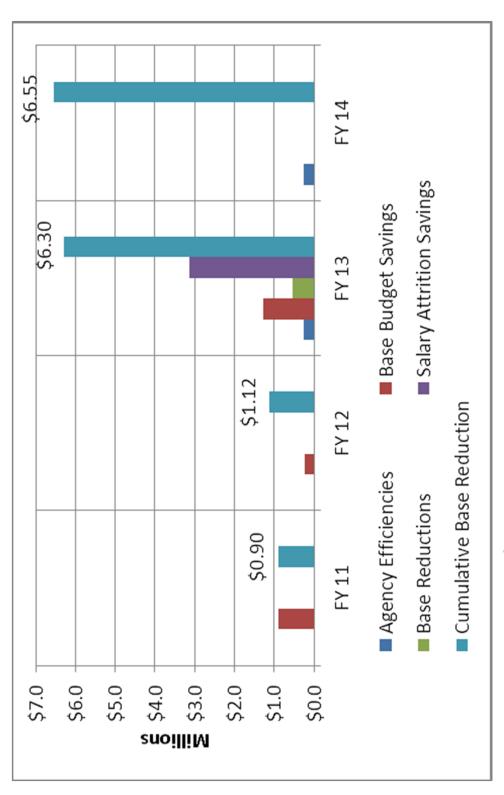

- Salary savings agency budget for personnel and fringe benefits reduced by \$1.8M per year
- Vacant positions reset at entry salary, not left at the salary of the last person holding the job
- No inflation factor built into agency budgets
- Other than leases, utilities and fuel
- No contract escalators built into agency budgets
- Agency budget reductions reduce turnback
- ▶ For example: \$540,839 reduction in FY 13 yields \$2.7M in savings over 5 year plan

BUDGET CONTROL PRACTICES

- Base budget reviews save taxpayers \$2.4M annually
- Reduce excess capacity
- ▶ \$900K in DoIT; reduction taken in FY 11 base budget
- \$220K in DFR; reduction taken in FY 12 base budget
- ▶ \$1.27M in DFR; reduction taken in FY 13 base budget
- Add necessary capacity
- \$63K for new probation/pretrial FTE in OCJS in FY 13 base
- Efficiency requirement
- *\$250,000 reduction per year; must be ongoing
- Annual \$250,000 reduction yields \$1.25M in savings for five year plan

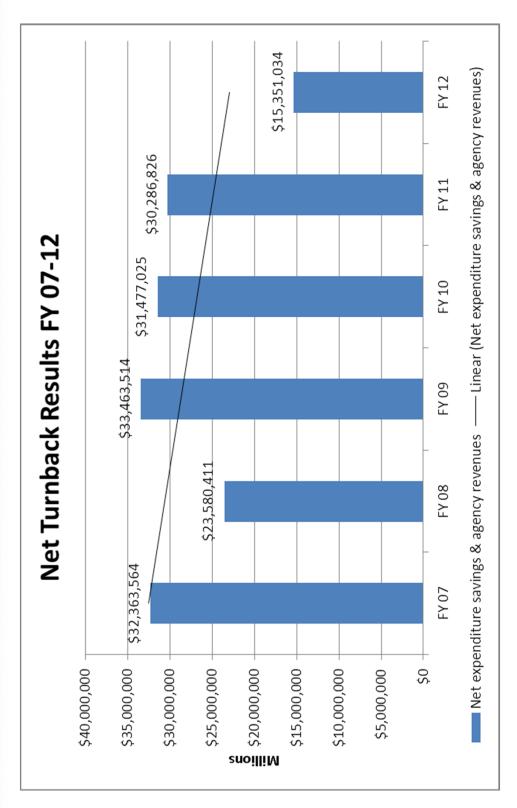

TO SUPPORT NEXT BUDGET DECLINES AS COUNTY GETS LEANER, CAPACITY

FY 13 County general fund budget grew by only 1% over FY 12

GENERAL FUND TURNBACK FY 2007 - FY 2012

Smaller budgets mean less turnback
