

FLAG CEREMONY AT NOKESVILLE

Flag And Bible Presented To Brentsville District High School On Thursday.

ADEN COUNCIL, O. F. A., MAKES PRESENTATION

Richard C. Haydon, Superintendent of County Schools, Accepts Gifts On Behalf of School Board And Brentsville High.

No more impressive nor picturesque ceremony has taken place in the county than that on Thursday, November 7, attending the presentation of a flag and bible to the Brentsville District High School at Nokesville, by Aden Council No. 30, Order of Fraternal Americans.

Mr. C. O. Bittle, principal of the institution, presiding, the ceremonies were opened with the singing of "It Is My Flag, Too," and an invocation by Rev. J. M. Bell. Mr. Alfonso Armstrong was then introduced by T. H. Marshall and outlined the principles for which the O. F. A. stands. This was followed by the singing of "America" after which Mr. T. H. Marshall presented the flag, reading from the ritual of the order and the children saluted the flag and recited the pledge.

Kerlin Makes Address. J. P. Kerlin made the Bible presentation address and advocated the setting aside of forty minutes each day for the study in class of the Book.

"We may be one of the greatest men in the country, we may be the President of the United States," said Mr. Kerlin, "we may have more in the world today and we may have great and influential standing, but I want to say that unless we have our life built upon that Book and have that Book in our hearts, we have lost our whole life, it will profit us nothing."

Haydon Accepts Gifts. Outlining briefly the history of the flag, Mr. Haydon accepted both the flag and Bible on behalf of the County School Board of Prince William County, Brentsville District High School and the Brentsville District community in general.

"I want to say in accepting this flag and Bible from the Order of Fraternal Americans that there is not anything we should cherish more highly," declared Mr. Haydon. "It seems to me that it is a wonderful thing to have organizations like the O. F. A., which takes as one of its chief mottoes education of boys and girls of this country in the ideals of patriotism."

After the flag was raised the National Anthem was sung and the benediction pronounced by Rev. C. B. Larrick, of the Methodist Church.

This was the last of a series of ceremonies conducted by the people of the Brentsville District marking the completion and opening of the new high school in September. The school was erected at a cost of approximately \$32,000 and its modern outward appearance and its completeness within should be a source of pride to the people of the county.

VIRGINIA FURNITURE MADE FROM VARIETY OF WOODS

Richmond, Nov. 13.—Only 36.5 per cent of all the woods used in the manufacture of furniture in the State of Virginia are grown in the state, according to figures which have been included in a survey of the Virginia furniture industry by the Virginia State Chamber of Commerce. The Virginia furniture industry in 1928 used 108,688,989 board feet of lumber, the average cost of which was \$45.65 per thousand feet.

The report reveals that more red gum was used than any other wood, 39.2 per cent of the total, practically none of which was grown in Virginia. However, all the chestnut and mixed hardwoods and almost all the walnut and oak, and yellow poplar were grown in Virginia.

The tabulation shows the use of 23 different kinds of wood in the industry.

BOARD BACKS THE BIG FLY CAMPAIGN

Federation of Leagues Will Carry On Fight To Exterminate The Dirty Fly.

The sanitation campaign being carried on by the State Board of Health will take the form of a "Kill the Fly" campaign in Prince William County, and the Federation of Leagues, under the leadership of Mrs. J. F. McInteer, president, will carry forward the fight.

The Federation of Leagues which is composed of the various school leagues in Prince William County, drew up a plan of operation and this was presented to the members of the School Board at last week's meeting with the result that the Board approved the movement and agreed to cooperate in making the campaign a success.

The "Kill the Fly" movement has for its first objective getting rid of the breeding places of flies; second, to screen homes and outhouses, and third, to have fly traps placed at the back door of every home.

The State Board of Health stresses the fact that infantile paralysis while not in an epidemic stage nevertheless is prevalent, and more than 80 cases are active in the state now. As the fly is said to be one of the main carriers of this deadly germ they are seeking to eradicate the fly.

Considerable work has already been done by the Federation of Leagues and meetings have been held at a number of points in connection with organization of these communities. Dr. Malcolm Hill, of Milwaukee, one of the outstanding authorities on the fly and disease, has spoken at these meetings with the result that "Kill the Fly" has at once been adopted as the slogan and efforts to exterminate them are under way.

Governor Byrd expressed his pleasure at "being permitted to welcome such a body of Christian men and women as the members of the Baptist General Association of Virginia." He thought it "very fitting that a body so rich in the best traditions of Virginia should come to a city which was itself the cradle of some of the best traditions and history of the state and nation."

The governor paid a high tribute to Dr. Pollard as the son of a Baptist minister and as the next governor of Virginia.

ANDERSON IS CHOSEN PRESIDING BISHOP

Bishop Charles P. Anderson, of Chicago, Elected Presiding Bishop of the Episcopal Church.

Rev. Charles P. Anderson, of Chicago, was yesterday elected presiding bishop of the Episcopal Church in the United States by the House of Bishops meeting behind closed doors in Bethlehem Chapel, Washington. Bishop Anderson succeeds the late Most Rev. John Gardner Murray, presiding bishop of the church, who died suddenly in Atlantic City on October 3.

The new presiding bishop was elected with a total of 70 votes on the sixteenth ballot, two above the required constitutional total of 68 votes, which is a two-thirds majority.

The bishop, who is a tall, handsome man of distinguished appearance, kindly smile and eyes, and a voice of unusual volume and clearness was visibly affected by the high honor which had come to him so unexpectedly. Born at Ottawa, Canada, on September 9, 1865, Bishop Anderson is just 64 years of age, and in vigorous health and strength. He was educated at Trinity College, Toronto, and was made deacon of the Episcopal Church in 1887 and became a priest in 1888. Shortly after his ordination as priest he became priest in charge of a parish in Ontario, then served as rector of Grace Church, Oak Park, Ill., from 1891 to 1900. In 1900 he was elected Coadjutor Bishop of Chicago and succeeded to the full Episcopal jurisdiction of the diocese of Chicago in 1905.

The prelate is married and has several children. He is the author of "Letters to Laymen", "The Religion of Our Lord", and "Religion and Morality". Although born in Canada, he has been for many years a naturalized citizen of the United States.

RED CROSS HAS BIG MASS MEETING

Prince William County Chapter, American Red Cross, Peps Up Enrollment.

MISS MABEL T. BOARDMAN NATIONAL OFFICER HERE

Volunteer Service And Other Phases of Work Discussed at Meeting Sponsored By Woman's Club.

The high light in the American Red Cross enrollment campaign, which got under way on Armistice Day in Prince William County, was reached on Wednesday afternoon when Miss Mabel T. Boardman, member of the central committee of the national organization and director of volunteer service, addressed a huge mass meeting in the Manassas High School auditorium.

"Contributory to the better homes movement in Virginia has been the Red Cross instruction in home hygiene and care of the sick, under the auspices of local Red Cross Chapters," said Miss Boardman.

"According to the annual report of the American Red Cross, now made public, there were 682 Red Cross certificates issued in Virginia in the last year to pupils completing the courses and passing the tests. Several times that number," continued Miss Boardman, "took this instruction at least in part without trying for the certificates."

Touching on volunteer service the speaker said that during the fiscal year which ended June 30, there were 66,049 students under instruction, or a gain of more than 6,358 over the previous year. In conclusion Miss Boardman eloquently appealed to those present to enter the volunteer service in some form and urged upon everybody the necessity of taking out membership in the Prince William County Chapter.

Program Is Interesting. Mrs. Eli Swavely, president of the Woman's Club of Manassas, which organization sponsored the meeting, presided. Rev. A. Stuart Gibson, rector of Trinity Episcopal Church, made the invocation; the "Junior Red Cross World Song" was sung by the Manassas Juniors, of Bennett School, who made a striking figure as they filed on to the platform in Red Cross costume and carrying flags of the nations.

Mrs. W. L. Lloyd, chairman of Prince William County Chapter, explained the plans of the county chapter for organizing volunteer service; Miss Ruby Ryan, county public health nurse, spoke on the nursing work in the county, and the general situation with regard to health. After Miss Boardman spoke, pins were awarded for volunteer service, and following the singing of the National anthem, Rev. George Hasel, pastor of Grace Methodist Episcopal Church, South, pronounced the benediction.

Service Pins Awarded. Members of Prince William County Chapter receiving the volunteer service pin, which were presented by Miss Boardman, were:

Mrs. W. L. Lloyd, county chapter chairman; Miss Loretta McGill, Haymarket; Mrs. E. C. Spiller, Nokesville; Mrs. Mamie Lynch Delaney; Mrs. Eli Swavely, Mrs. Joseph F. Lyon, Mrs. Stuart Pattie, and Mrs. G. Raymond Ratcliffe, all of Manassas.

HIT-AND-RUN DRIVER APPREHENDED IN HILLS

Occupant of Auto Which Ditched Machine of Mrs. Cooksey and Seriously Injured Her, Caught.

George Shelton, colored, was arrested on Tuesday in the Bull Run Mountains, where he was digging a well, by officers W. E. Partlow and M. A. Lynch. Shelton was wanted for his connection with the accident on Saturday night, November 2, in which the automobile of the Cookseys was knocked into the ditch and Mrs. Cooksey severely cut about the head and internally injured.

When apprehended Shelton said that he was not driving the car and it is said that he gave as his explanation for leaving the scene of the smash-up that "we were scared". The man believed to have been at the wheel is expected to be arrested at an early date as officers now feel reasonably certain of his identity. Shelton was released on a \$500 bond.

HEAR YE! HEAR YE! HEAR YE!

The American Red Cross is asking you today to support its humanitarian work in the coming year by taking out memberships. It is by membership that the Red Cross exists. Without such support, the Red Cross could not maintain its service. It asks the public to remember that giving to a disaster relief fund is giving only to a particular group of sufferers, and contributes nothing to the support of the Red Cross services and to the fund expended from the treasury in minor disasters.

Do you know that the \$5 received from a contributing member in Prince William County gives the local chapter \$4.50 for carrying forward county work? Think of this, Mr. Business Man. It sounds like a good investment. But 50 cents of anything you contribute to membership goes to National Headquarters.

The people of Prince William County should give the services of the Red Cross hearty and prompt support, and spread the Red Cross message to the end of successful enrollment.

Monterey, Nov. 13.—E. B. Jones, member of the House of Delegates from this district, has for several years called the attention of potato growers of the Eastern Shore—where the tuber is king—to the wisdom of testing out seed from this high altitude as a substitute for that obtained in Maine and Wisconsin, and has just made a request of the farmers of Highland to donate small quantities of seed potatoes from different localities of the county to be used by the Virginia crop experiment station, believing that the experiment will demonstrate the claim.

Robert and Martha La Montague Saint-Hubert, two French artists, have decorated the Salle LaFayette with a series of frescoes which are a gift to the university from Ormond G. Smith, of New York, president of the French Institute in America.

PLANNING EASES MOTHER'S WORK

So that mother may get as much joy out of Thanksgiving Day as the rest of the family do, the preparation of the dinner should not involve so much work that she must spend the greater part of the day in the kitchen and be too tired to want to eat.

By planning a good but simple menu and by doing as many things as possible before that day, the dinner may be made delicious enough to please the most particular, but will not require too great an expenditure of energy.

Here is a menu suggested by the

National Live Stock and Meat Board and a schedule for its preparation.

Grapefruit Cocktail.
Hearts of Celery Olives
Crown Roast of Pork with Dressing
Candied Sweet Potatoes
Buttered Cauliflower Cranberry Sauce
Rolls Butter
Stuffed Green Pepper Rings
Mince Pie Coffee
Salted Nuts

Perhaps the following schedule of duties will help in planning the work which must be done in preparing this dinner.

Tuesday

1. Make a market list and do the ordering.
2. See that linens, silver, dishes and glassware are in readiness.

Wednesday

1. Make cranberry sauce and make the pies.
2. Prepare all vegetables.
3. Prepare salad and put to chill in the ice-box.

4. Prepare grapefruit.
5. Make dressing for the roast.
6. Set the table, if possible.

And This Leaves for Thursday

1. Roasting the meat.
2. Reheating the pies.
3. Arranging the salad.
4. Making the coffee.
5. Putting the dinner on the table, and
6. Enjoying it with the family.

Lauding the work of Bishop Brown, who established the system of church schools, Dr. Clarke told of the increase in property values of church schools, which now totals \$1,000,000 and praised the educational standards and

the variety of courses offered.

He also cited examples of children from broken homes and sons and daughters of widows who find in church schools the proper care and supervision along educational and religious lines.
