KIWANIS CELEBRATE ANNUAL LADIES' NIGHT

Parish Hall is Scene of Brilliant Society Gathering

Under the immediate direction of Mr. Fred R. Hynson the program of Kiwanis ladies' night, a semi-annual function of the club, was a thoroughly enjoyable affair, as well as a brilliant social event.

The Parish Hall was tastefully decorated with roses, asters, chrysanthemums and autumn foliage. The table was beautifully decorated with roses and autumn-hued cut flowers. The presence of a throng of ladies in evening gowns gave a distinct evidence of festivity.

Dr. C. R. C. Johnson made an interesting talk. He spoke earnestly and entertainingly of the work done by the club for the unprivileged child. During the past summer 95 children were successfully operated on for tonsils and adenoids. Dr. Johnson paid a glowing tribute to the work of Mrs. Ruby Haydon, County Health Nurse. The club was assisted with financial help from the Veterans of Foreign Wars, Woman's Club, P. O. S. of A. and practically all of the other clubs and leagues in the county.

Another feature of the interesting program was "The Family Album" put on by Mrs. Frank Sigman and Mrs. Robert Smith. The casts, was aptly chosen and some excellent posing was done. The parts taken were: Mrs. R. S. Hynson, "my mother," Mr. E. J. Arrington, "my father," "Me" as a little girl was agreeably presented by Little Miss Mary Mason Davis. As "my husband," Mr. Worth Stokes posed grandly. Mrs. Fred Hynson as "myself as a bride," gave the pictured bride grace and beauty. The popular and handsome Mr. Ed. Conner as the parson brought down the house while Mrs. Geo. Hasel as "the parson's wife" was a close second in winning applause.

Miss Elvère Conner as the parson's boy created a stir as did Mr. N. Gill as "my sister Jane."

The entertaining sketch was hilariously closed as Major Fred Patterson appeared as "My grandpa Hobbs." Professional talent could not have added to the acting of those taking part in "The Family Album."

Robert A. Hutchinson, president of the local Kiwanis and lieutenant governor-elect of the Capital District presided.

Another very entertaining feature was the guessing contest staged by Mr. G. E. Ratcliffe and E. S. Illingworth.

Songs were sung by Mrs. Stuart Fattie, and Miss May Glenn, the very popular soprano of the Chesapeake and Potomac Telephone Company. Mrs. Leachman presided at the piano. Dialect stories were told by W. Burton Corning, and Harry Angelico did some character singing. Worth Stokes gave some readings which were keenly enjoyed.

There were 122 present. Mr. Hynson was heartily congratulated on the success of the evening which thoroughly carried out the friendly spirit of the Kiwanis everywhere.

Guests from out of the county were Edwin F. Hill, Mr. and Mrs. James E. Edmunds, Eugene R. Woodson and Mrs. Woodson, E. Burton Corning and Miss Mary Glenn, Washington, Robert Carter, president, Alexandria Kiwanis, and Mrs. Carter; Lieut. Roswell Round, U. S. A., and Mrs. Round; Port George Meade; Mrs. Helen Gardner, Washington.

Other members and guests were J. A. Delaney, Mrs. Marshall Haydon, Miss Gladys Ball, Miss Sarah Pitts, Fred D. Cox, W. S. Athey, W. E. Martin, Mr. and Mrs. D. J. Arrington, Mrs. Lucy Arrington, Mr. and Mrs. Arthur S. Boatwright, Mr. and Mrs. Cleveland Russell, Mr. and Mrs. Jas. E. Bradford, Mrs. Eula Holt Merchand, Dr. and Mrs. Frank W. Hornbaker, Mr. and Mrs. T. E. Dillake, Dr. L. F. Hough, Mayor Harry P. Davis, and Mrs. Davis, Mrs. J. M. Davis, Mr. and Mrs. W. F. Cocks, M. M. Ellis, Rev. A. Stuart Gibson and Mrs. Gibson, Misses Eleanor and Lucy Gibson.

Mr. and Mrs. A. A. Hooff, Mr. and Mrs. Percival A. Lewis, Miss Elvère Conner, Allison Hooff, Rev. and Mrs. George Hasel, Mr. and Mrs. Richard S. Hynson, Mr. and Mrs. John Hynson, Bruce Hynson, Mr. and Mrs. Fred R. Hynson, Mr. and Mrs. J. L. Bushong, Mr. and Mrs. R. C. Hayden, Dr. and Mrs. C. E. C. Johnson, Mr. and Mrs. Howard Jamison, Miss Mary and Mrs. W. H. Leachman, Mr. and Mrs. H. M. Ledman, Mr. and Mrs. Robert H. Smith, Mr. and Mrs. C. C. Lyon, Mr. and Mrs. W. L. Lloyd, Mrs. Helen Lloyd.

Miss Mary Francis Glenn of the Chesapeake and Potomac Telephone Company who sang at the Kiwanis Club meeting November 14, 1930.

OBSERVATION DAYS IN COUNTY SCHOOLS

The group meetings which have been held throughout the county have given valuable suggestions to the teachers, but in observation of actual work the teachers have obtained the practical view of theory discussed by observing it and put into use in the classroom. Each teacher in the county will have spent one day of observation when Miss Clark has put all her plans into execution. The teachers of smaller schools have observed in the Occoquan, Haymarket, Dumfries, Manassas and Nokesville Schools. They have had the opportunity to see a lesson taught in each grade. Following the observation there was a group discussion explaining the motive of each lesson taught. The teachers in the larger schools will spend one day observing in the Washington, D. C., schools. Plans had been completed for this observation day to have been held November 16, but Dr. Ballou notified Miss Clark that it would not be convenient to receive the teachers at that time. Therefore this plan had to be postponed until further notification.

INCREASE ENROLLMENT

Episcopal Schools Make Notable Gains

Each of the five units comprising the system of church schools in the Episcopal Diocese of Virginia is now self-supporting, and there is said to be a study-increase in enrollment, notable this year especially at St. Anne's, Charlottesville, according to the Rev. G. MacL. Brydon, D. D., treasurer. These schools have been in existence eleven years and are located at the following points: St. Christopher boys and girls, respectively; St. Margaret's, Tappahannock, for girls; Christ Church, Middlesex County, for boys, and St. Anne's.

There are approximately 800 boys and girls enrolled in the system, which is an increase of more than the fifty per cent in the last four years. The schools are all owned by the church, and, therefore, are exempt from taxation, and they are operated at cost. As endowments are built year by year, further reductions will be made to worthy pupils of limited means. In the diocesan budget for 1931 there is an item of \$36,750, set down for church schools. This is not for operating expenses, but to pay off a portion of the bonded indebtedness to the amount of \$26,000, while the \$6,750 is for the payment of interest on outstanding bonds of the same issue. Within a few years this item will be completely paid off.

The school are controlled by individual boards of trustees and by a general board, on which are always certain members of the smaller groups. Those comprising the general board are as follows: Rev. H. St. George Tucker, D. D., bishop of Virginia; Rt. Rev. Frederick D. Goodwin, D. D., bishop coadjutor of Virginia; Rev. Beverley D. Tucker, Jr., D. D., Oliver J. Sands, Lewis C. Williams, Frederick E. Nolting, Eppa Hanton Jr., Gordon Wallace, John M. Taylor, Thomas B. McAdams, R. Carter Beverley, E. Randolph Williams, Mrs. Thomas P. Bryan, all of Richmond; Rev. E. L. Woodward, M. D., Orkney; Ven. W. Roy Mason, D. D., Dr. J. H. Dillard, Charlottesville; E. I. Carruthers, University of Virginia; W. H. Wallford, Warsaw; J. Carson Phillips J. M. Many individuals have been assisted to get into the various sanatoria, especially among those who would have been unable to defray the cost of the early treatment.

A number of clinics have been held in Prince William County for several years past. This year there were four, the last being an x-ray clinic where tuberculin test were given and where necessary x-ray pictures of the patient's chest were taken. The expense of this clinic so far as this County is concerned, was borne by the local Seal Sale Committee of the Virginia Tuberculosis Association.

An especially meritorious project was the recent clinic for tonsil removal, sponsored by the Manassas Kiwanis Club. The Seal Sale Committee contributed \$100 to this worthy cause.

TWIN CITY GOSSIP
(OCOQUAN AND WOODBRIDGE)

This is Twin City broadcasting. Please turn the dial to Station MJTCG which means or stands for "Manassas Journal, Twin City Gossip." That's fine reception. Good!

First, I want to talk a little about the depression: When we walk up face to face against a stonewall and bump our knots of knowledge to a jarring standstill, we don't cry "Halt!" We simply stand still. Some wonder and still other try to find the cause. We are facing a situation that we have never been called upon to face before. No, we are not calamity howlers, we are not sorrowful pessimists. We do not ask charity, nor do we expect gifts from the gods. We would be dubious about manna, and out taste is not set for wild locust and honey. We do not beg for a coon skin coat, mink fur, or a sixteen-course dinner. Our past conditions of living has fully reconciled us to the "Simple annals of the Poor." We fight an uphill every day, battling against poverty and pushing forward with the faith of our forefathers. "That all men are created equal, that they are endowed by our creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness."

By the sweat of our brows we have justly earned our title "Horny handed sons of toil." With just enough to get by on when the breaks are coming our way, we toil for love of life—for family, humanity and our country.

Our great captains of industry builds millions upon the broken aspiration of our dreams, while our faith meets the architect of our souls beyond this world rim. A parent dreams and builds an imaginary future for his first born. He lives in faith and tackles the forces of nature and receives for his share of honest toil a mere pittance.

Yet, he is a good citizen, his neighbors are proud of him, and Uncle Sam calls on him to shoulder the armaments of war when our country is threatened by a foreign foe.

Today there are over six millions of people out of work in our dear old U. S. A. Bread lines and hash houses dot our industrial centers. Millions beg for food and plead for work. Very few ask for charity and then only as a last resort men, women and children must bear the brunt of world depression. Flesh, blood and bone must suffer, but the spirit of the Almighty Dollar must make its usual returns in dividends.

I personally know large corporations who are still turning men off. Men and women who have worked for the same company from ten to twenty years for small wages are told that they are no longer needed. Ten to twenty older and never received wages enough to lay by even a small sum for a rainy day,—out! May the gods of the elements be kind and considerate to man created in his image.

Two thousand years since the birth of the Nazarene!

Twenty hundred years for man to build and make laws under his guidance; and what a pitiful mess we have made of things!

Ambition clutching the up-raised dagger of avarice, plying the knot of selfishness and wading through the misfortunes of mankind to satisfy greed and his desire of conquest.

Here in the rural districts the elements of nature went on strike and refused to help us make corn, hay, potatoes and other necessities of life. We have in a great many cases stretched our credit to the breaking point. We are sans means. Committees innumerable have been appointed Over 5,000 women and men are ser-

ving on different drought committees in our state. Mr. Byrd, the head of our drought commission in Virginia, has failed, as well as the other 4,999. Absolutely not a thing has been done to set up a constructive working plan of relief.

Road work has been pushed a little further along its regular channels. We have been asked to help out as much as we can by giving work to others not quite as fortunate as some of us are. The Federal Government has pushed some work forward, especially public buildings. Our great dailies have been filled to overflowing

with high sounding phrases. Why if we could only live on platitudes as well as we can on vitamins we would be 100 per cent.

The arguments that have been put forward by our state and county committees has been mere sophistry. I believe our High School children call such unsound arguments, "The ducks quack."

Mr. Price, our Lieut. Gov. says, if you can't call the legislature and issue bonds for road building etc. Try something else.

Mr. Pollard, our Governor, says, absolutely and unequivocally speaking, we can't do a darn thing.

Mr. Byrd says, if the Federal Government don't do something, I think

THE NEW CHEVROLET SIX**

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, more impressively than ever before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long hood

lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never were Fisher's fine artistry and finished craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—for here is *the Great American Value!*

Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the *new economy* of owning a modern, fine quality, six-cylinder automobile.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

PERFECT LOVE—There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love.—1 John 4:13.

PRAYER:

Give me to know O Lord this perfect love.

THANKSGIVING

The original presidential Thanksgiving proclamation was lost for over a hundred years. It was found at an auction sale and bought by the Library of Congress for \$300.00. Washington, on October 3, 1789, called for a day of National Thanksgiving on Thursday, November 26, 1789. The custom is a solemn and a beautiful recognition of the blessings that attend us and an acknowledgment of the Divine mercy that bestows them upon the children of men.

It is also a time to look about us and see if we can show our thankfulness by lending a hand to some one who may have need of help.

Appreciation of our own good gifts can only be manifested by a willingness to share them with others. Let us see where we can help.

PRINCE WILLIAM EMPHASIZES IMPROVED STORAGE FACILITIES

Each year some phase of work directly related to the Homemaking program is selected for special emphasis throughout the county. House Furnishings was selected as the major project for both women's and girls' groups in the county for the year 1930. At a meeting of the Home Demonstration Advisory Board in March it was decided that improved storage of household commodities and thus began experimenting and studying easy and economical methods of building in storage units or improving and adding to that already on hand.

Realizing that we do get an added 'kick' to doing things while the other fellow is the piece of work was launched as a campaign; known as "The Better Storage Space Campaign." The county paper carried informational material as well as general publicity 'news' on ways and means of storage improvements. Names were published in the Journal by communities as entries came in from the campaign. This stirred up friendly rivalry that added interest to the work. In fact the linotypist for the Journal became so interested in the conservative use of space that a news article was headed "Space Campaign Growing in Interest."

Sixty nine women and girls of the county enrolled in the campaign. The variety of work that might be done was broad so that a large number of people could find something of interest. In fact two small boys found

SCOPE OF A. & P. BUSINESS

The Great Atlantic & Pacific Tea Co., takes in more than \$3,500,000 a day from its 5,000,000 customers at its more than 15,000 stores throughout the United States. This is the largest cash business done by any company in the world, running well over \$1,000,000,000 a year.

These 15,000 stores aim to make a net profit of 2 1/2 cents on every dollar of sales. They have achieved this record in the last few years. Inventories carried by these stores are not large. That of February 28 last totaled not quite \$70,000,000 a decrease of almost \$2,000,000 under 1923. Yet the total volume of sales increased by nearly \$80,000,000. More sales, less goods spells greater efficiency and more profits. On the average each store in the chain turned its stock over about once every three weeks, or 15 times a year.

In February its assets stood at \$113,000,000, with liabilities of a little over \$25,000,000. Its working capital amounted to \$88,000,000 and the item of good will was carried at \$1.

MUSIC! MUSIC!
Manassas ought to have a good band and there are plenty of people especially boys and girls of school age that should be playing some instrument. A home or Sunday School orchestra is possible.
Prof. West, a noted band master is locating here. A pupil of New England best teachers over 40 years experience in teaching young and old bands, all instruments and a soloist violins, clarinet, saxophones flutes horns, drums, cornets, trombones, baritone, bass, etc. Now is the time to buy while times are hard. High grade best makes can be bought for about 1/2 actual cost. My terms are very reasonable as I am also teaching in other towns. Let me explain how all this can be done. What would be nicer than a series of concerts by Manassas own band the coming summer? Experience unnecessary. Call anytime.

we should get together and see if we can't do something. The 100 little county drought committees simply echoes, and the whole business turns to static.

An appropriation should be made by the Federal Government to cover the emergency that now exists. Congress will soon be in working trim. Public buildings and roads should be pushed forward rapidly to help take up the slack caused by the general depression. Money should be specifically appropriated to be used in cooperation with the state chairmen in the drought states. This to be used to buy fertilizer, seed and feed. This to be sold to the farmers at fifty per cent on the dollar, on a 12 to 18 month note without interest. In other words, the Federal Government's appropriation say, amounted to \$100,000,000 to be used for drought purposes. This amount spent for fertilizer, seed and feed. The farmers to pay cash or by notes as stated, without interest fifty per cent of this loan which would turn back to the Federal Government \$50,000,000, or one half amount appropriated. Under this plan \$100,000,000 will cost the Federal Government very little over \$50,000,000 and at the same time prevent paperism from running rife. Not only can hundreds of thousands of farmers be

saved, but a tie of patriotism and love of one's country will mean a great deal when the crucial moment comes.

At the present time our country is a hot bed for communism. Millions idle—millions crying for bread—just a step and the fuse is lighted. If we fail to see, if we fail to heed the signs, who is going to say, "To make the world safe for democracy!"

Our Junior Senator of Old Virginia has relieved himself of a growl. Poor old fellow!

Listen friends, here is what brought on an acute attack of growlism. The leaders of the Democratic party had the audacity to give the press an open letter setting forth their desire to co-operate with President Hoover and

other statesmen in steering the old ship of state into a safe harbor. Mercy me! That was an awful thing who ever heard of our junior Senator co-operating with any one? I suggest that this particular Senator consult a veterinary and have a re-alignment of his spine, or a chiroprapist probably his corns need attention.

I understand from good authority that Twin City is about to step about the limelight. The wet element in the Republican party says, "Fess must go." In case that Chairman Fess does go, the honors to wear Fess' toga will go either to Dr. Malcolm or C. S. Pierce. B. W. Brunt and Ellis Davis claim that they are too busy to even consider the appointment

LOW PRICES MAKE JOBS
Increased Buying Speeds
Wheels of Industry

All authorities agree that the best way to help business is to speed up consumption of goods. That sets idle wheels turning, increases employment of labor, and so adds to buying power. These same authorities agree that the best way to speed up consumption is to keep retail prices as low as possible. A&P does this in good times as well as in bad times. How this policy has worked in the present circumstances is shown by the fact that A&P is steadily adding to its payroll.

Today A&P is giving employment to 3,085 more wage earners than it did a year ago.

During the last year, because of the general slowing up of business, increases in salaries have been rare.

A&P has increased the average wage of all its employees by more than \$50 a year.

The fact that A&P has been able to hire more workers and raise wages during hard times is due directly to its policy of cutting the retail price of food as fast as growers and producers reduce their prices to A&P.

ADEN

A large crowd attended the funeral of Mr. Harvey May of Washington, which was held at the Valley church Monday afternoon. Mr. May has been a life long member of the United Brethren church, and was much respected by all who knew him. Dr. A. L. Maiden delivered a very able and most touching sermon, after which interment was made in the church cemetery. The floral tributes were beautiful.

On Monday afternoon Harold the eldest son of Mr. Cleveland Sherman, accidentally shot himself in the wrist, he being alone at the time left his gun lay which at this writing has not yet been found. He ran most of the way home, and with his mother accompanying him drove their car to Aden. Mrs. S. G. Whetzel rushed him to the Warrenton Hospital.

During the Devotional period at the U. B. Sunday School Sunday, Nov. 23 Dr. A. L. Maiden will give a 20-minute talk on his trip to the Holy Land.

The Ladies Aid Society of the U. B. church held their monthly meeting at the home of Mr. and Mrs. A. K. Wilkins. A business meeting was held after which the hostess served a dainty lunch.

Mr. and Mrs. F. S. Whetzel spent Sunday visiting friends at Catlett.

Mr. and Mrs. P. B. May and family Mr. and Mrs. S. S. Stultz and daughter were Sunday dinner guests at the home of Mr. and Mrs. L. J. Bowman.

The Ladies Aid Society of the Valley Church will hold a sale of fancy articles and foods, Saturday, Nov. 22 in Manassas.

Mr. and Mrs. Paul Barber are the proud parents of a baby boy.

On Wednesday evening, Nov. 26, a programme will be given at the school house sponsored by the school and the Sunbeam Class of the U. B. Sunday School. A one-act play entitled "The Family Hold Back" will be given by the class, and several short plays and recitations will be given by the school. Refreshments will be served immediately after the program.

Mrs. W. W. Snyder spent Saturday afternoon at Manassas shopping and having dental work done.

Mrs. Laura Long is at the Episcopal Eye, Ear, and Throat Hospital, Washington, recovering from an operation.

On Friday evening, Nov. 14 the Sunbeam Class of the U. B. Sunday School were very pleasantly entertained at the home of Mr. and Mrs. Clifford Bear. After the business meeting was held a programme was given in charge of Mrs. Lulu Wright, a social way. A very delicious lunch. The rest of the evening was spent in was served by the hostess. There were about thirty-two present.

something to fit their bill and set to work building medicine cabinets. Greenwich Community led in the number enrolling. They had seventeen enrollments which were all secured by the committee women of Greenwich Home Demonstration Club. Nokesville held second place and Bethel third.

Bethel Community led in the wide variety of types of storage facilities built in. The following things were listed by the women of that community as having been built or improved: magazine racks, bookcases, kitchen cabinet, clothes closets, linen closet, built-in ironing board, shelves in basement for storage of canned fruits and vegetables, downstairs closet for coats and wraps. There was almost as large variation of types of storage improvements in other communities.

The carpenter work was done on these closets and cabinets, shelves and racks varied almost as much as the things did themselves. Cabinet makers, carpenters, husbands, sons, daughters and mothers joined in the work and produced a wide variety of finish in construction. Two women of Bethel Community donned their carpenters' jackets, took hammers, saws and nails and without assistance built in two clothes closets, magazine rack, bookcase, and built-ironing board. From the quality of work they turned out one would judge that they may attempt more difficult though not necessarily more important construction work.

Of the sixty-nine people enrolled in the campaign fifty-six built in or improved seventy-six facilities. Bethel Community led in the per cent of completions; eleven entered the campaign, eleven reported completing with a total of seventeen storage units either

built or improved. Thirty-five girls who were not enrolled in the campaign made marked improvements in the clothes closets and storage centers for wearing apparel as a part of their project work.

The campaign closed with the Women's Achievement program November 6 and was climaxed by a rather clever and humorous stunt "The Trial of the Proper Storage Outlaws" which was put on by the women of Greenwich Home Demonstration Club.

SHOOTS BLACK BEAR

M. J. Weber, of Canova and Walter Klapp have returned from a hunting trip to the Dismal Swamp.

Mr. Weber had the experience of "meeting up" with a big black bear, which proved a little too large for his game sack. Five men were pretty well occupied in carrying the remains of Mr. Bruin some eight miles through the swamp.

BRENTSVILLE DISTRICT HIGH SCHOOL NEAR WINNERS

The Brentsville District High School soccer team played their last game of soccer for this season in a scheduled game with the Occoquan boys, now the Prince William County champion, on Friday, November 14. Both teams played a good game of soccer, but the fighting spirit of the B. D. H. S. boys kept the opposing team from scoring a second victory over them. In the last quarter the score was tied, 2-2. Both sides fought hard and fast to make another score but it remained tied to the end.

Nokesville has lost but one game to Occoquan this season. The lost

game was played last month with a score of only 3-2. This puts B. D. H. S. second place in the County championship. For his first year of soccer at B. D. H. S. this is a good start.

The Nokesville five are hard at work on basketball. Back them up by giving them encouragement from the side lines and they will come out with flying colors. We are hoping that there will be a league formed in the county for basketball the same as there was in soccer.

Teacher's observation day was held at B. D. H. S. on November 13.

The grades can never show enough of their appreciation for the aide given to them by the Woman's Club of Nokesville.
