## ASSEMBLY BALL PLANS COMPLETE

### Dance Is Revival of Old English Custom.

The Woman's Club of Manassas is preparing to again this year present their annual Christmas Assembly Ball "for the young people of the community." The ball this year will be given on the night of Wednesday, December 28, in the Manassas high school gymnasium, with music to be furnished by Meyer Davis of Washington.

These dances are an annual event in this county. Leesburg and Fredericksburg are the only other communities where these balls are known to be held in this country. They are a survival of an old English custom. There the people of the English hamlets gathered together for a community dance and party in celebration of the Christmas season.

Preparations for the dance are under the direction of Mrs. Robert Smith, president of the Woman's Club. She will be assisted by the following committees:

Reception committee—the officers of the club, including Mrs. Smith, president; Mrs. W. L. Lloyd, first vice-president; Mrs. J. P. Lyon, second vice-president; Mrs. T. J. Broadus, treasurer; Mrs. Robert Newman, recording secretary, and Mrs. F. G. Sigman, corresponding secretary, and the president of the Junior Woman's Club, Miss Eleanor Gibson.

Committee on invitations—Mrs. C. Wade-Dalton, chairman; Mrs. O. D. Waters, Mrs. A. A. Hooft and Mrs. Ayleene Guthrie.

Publicity committee—Mrs. R. M. Weir, chairman; Mrs. Frederick Murray, Mrs. W. E. McCoy, Miss Lulu D. Metz and Mrs. C. E. L. Hodge.

Refreshments committee—Mrs. A. S. Gibson, chairman; Mrs. H. E. Pickeral, Mrs. E. G. Parrish, Mrs. Robert Newman, Mrs. J. H. Steele, Mrs. Thomas Howard, Mrs. Norvell Larkin and Mrs. W. D. Sharrett.

Decorating committee—Miss Beatrice Clark, chairman; Mrs. V. W. Gillum, Mrs. J. P. Leachman and the members of the Junior Woman's Club.

Music committee—Mrs. Stuart Pattie and Mrs. John Hynson.

This dance is given purely as an entertainment for the young people of the community, being in the nature of a composite token of Christmas cheer by the members of the Woman's Club to the younger generation. Every effort is being made to make the dance an impressive and entertaining affair. The gymnasium will be appropriately decorated in harmony with the Christmas holiday spirit, refreshments and music will be furnished, and everyone will be there to enjoy a truly old-time Christmas celebration.

## ALABAMA MAN KIWANIS GUEST

### Stunt Actor Is Nearly Put Out.

The Kiwanis Club had barely succeeded in masticating a fine chicken dinner at the Prince William Hotel last Friday evening when there was a sudden rush in the hall and an intruder threw the door of the dining hall open, dragging ye tavern keeper with him.

There was an immediate scurry with Fred Hynson and Win Athey in put up such stiff resistance that Win the lead to eject the newcomer who had to knock his wind out to stop him, also taking off some of his whiskers at the same time.

When the din quieted, Ray Ratcliffe was having such a good time reviving the incognito that even then the genial presence of Eli Swavely was still unknown, and was until he gasped out the few words that Winfield hadn't knocked out of him, and pulled off his phoney "sideburns."

Just what Professor intended to say was put by a shrewd guesser as being an impersonator of one of the bolshevik hunger marchers who had just passed out of Washington and had come down through Manassas by mistake. Stopping under the bright lights, he saw the feast and broke in to reproach such gaiety while he was hungry.

"If it had gotten that far," surmised one, "the point of the whole thing would have been apparent, for we would have made him welcome in such a way that he would have understood Kiwanis and gone away with a full stomach and all admiration for our work."

As it was Doctor actually dispensed with a speech that the club would certainly have enjoyed, and sat there wondering just what might have happened if Ray had not jumped into the dog pile and pulled Winfield off.

The more serious part of the program was given by Hon. Wade Wright, of Decatur, Ala., who is visiting relatives in Manassas. He spoke as one viewing Kiwanis from the outside, and his remarks sat well with the club.

Mrs. Smith was absent from the piano, but her place was capably filled by Miss Eloise Compton.

No program is announced for this Friday, and the boys are wondering what Ray will pull off this time after a little Christmas music has been sung.

## XMAS HOLIDAY TO BE LONGER

Prince William school children will be overjoyed to learn that they will get an extra week of vacation, the holiday season being extended to January 9.

This move was made by the school board to overcome an anticipated shortage in the state appropriation for the current year.

Schools in Prince William will close on Thursday evening, December 22.

### MEETING OF MIDWIVES

All midwives practicing in the county and any interested in the work are asked to meet with Miss Neel, Prince William County Public Health Nurse, in the Red Cross office, Peoples Bank building, in Manassas on Saturday, December 17. Rules governing the practice of midwifery will be discussed and a properly equipped bag demonstrated.

The meeting will open at 2 p.m. and adjourn early. A full attendance is desired, both of the experienced who will have something to contribute, and of those who need help.

### COTILLION CLUB TO GIVE DANCE

Don't miss the big dance to be given by the Cotillion Club of Manassas to be given at Conner's Hall December 23.

## PUPILS TO PRE- SENT RECITAL

At this time the rhythm orchestra will make its initial appearance and the patrons as well as the participants are looking forward with pleasure toward this performance.

These patrons and friends of the school are cordially invited to attend.

### M. M. WASHINGTON

M. M. Washington passed away Tuesday at 9 a.m. at his home, "The Grove," at Greenwich, Va.

Mr. Washington was widely known and much liked in Prince William. He was the son of Malcolm Baylor Washington and the grandson of Temple Mason Washington and Georgiana Langhorne Baylor.

Funeral, December 15, at Greenwich Presbyterian cemetery.

Mr. Washington is survived by his widow, Mrs. Lucy Moxley Washington; a sister, Mrs. Will Davidge of Washington, and a brother, Hunton Washington of Manassas.

### WILLIAM C. WAGENER

Tuesday afternoon at 2:30 o'clock died one of Manassas' best known citizens, William C. Wagener.

Born in Nevada, Calif., on January 3, 1859, Mr. Wagener was a son of Henry Wagener, one of the picturesque forty-niners, and Elizabeth Bloomer, both of whom were natives of Germany.

In 1864, Henry Wagener brought his family east, by way of Panama. After a year spent in Washington City, the family moved to a farm located near Nokesville, Va. It was here that William received his schooling. At the age of 16 he became a clerk in a Washington store. The weekly salary of two dollars failed to satisfy William and soon he was back home, where he farmed for two years. Then the adventures west beckoned and the eighteen-year-old youth set out for California.

Arriving in his native California county, William obtained a job with a large lumber mill. In a year's time he was promoted to the position of superintendent. Mr. Wagener spent five years in California, returning east to join his father and brother, Edward, in the vineyard business about a mile out of Manassas.

On February, 1899, he opened a furniture store on Battle street, near the Southern Railway station. He built up a profitable business, but in the fire of December 6, 1906, which nearly destroyed the business section of the town, his store building and virtually the entire stock of goods were burned. Although the loss was several times the amount of insurance received, Mr. Wagener erected a larger and much more substantial building, and added hardware to his furniture stock. At this stand he continued in business until 1926, when he retired, selling his stock at private sale. The building was purchased by H. Elmer Metz.

Mr. Wagener was a public-spirited citizen, serving nine years on the town council and seven years as mayor. He gave unsparsingly of his time to the upbuilding of Manassas. He was a Mason, and an active member of Trinity Episcopal church, of which he was for many years a vestryman.

On March 13, 1888, Mr. Wagener was married to Laura J. Woodyard, who survives. To the union were born two sons, Clarence William, who resides in Baltimore, and Howard Clayton, who died in 1906, at the age of 15. Mr. Wagener was the surviving member of the Henry Wagener family.

Four years ago Mr. Wagener suffered a stroke of paralysis. He never regained use of his left arm and leg. Six weeks ago he suffered another stroke, and gradually he grew worse. The end came peacefully.

The funeral will be held at Trinity Episcopal church tomorrow afternoon at 3 o'clock, the pastor, Rev. A. S. Gibson, officiating. Manassas Lodge, No. 182, A. F. and A. M., will be in charge. Interment will be in the Manassas cemetery.

### WILL ASSIST AT BALL

The Junior Woman's Club met last Thursday evening with Miss Ann Bradford as hostess.

Misses Frances Bushong, Virginia Conner and Esther Warren Pattie were appointed a committee to decorate for the assembly ball.

## HAVE YOU FORGOTTEN YOUR MEMBERSHIP?

As the annual roll call of the Red Cross draws to a close in this county, there are quite a number of people who have been regular enrolled members of the local chapter for years who have not as yet been afforded the opportunity to renew their membership, because of the fact that they have not been found at home when the roll call solicitors have called. Wherever such is the case, Mrs. Mamie Lynch Delaney, of Manassas, roll call chairman, requests that they send their membership dues to her and she will enroll them and send them their certificates of membership.

## 4-H CLUB NOTES

Hayfield 4-H Club will meet Tuesday, December 20, at 9:30 o'clock, at the school building.

Manassas 4-H Club will meet Tuesday, December 20, at 2:30 o'clock, at the usual place.

Haymarket 4-H Club will meet on Wednesday, December 21, at 11:30 o'clock, in the library of the school building.

### INTERESTING MEETING AT STONE HOUSE

The Prince William Homemakers Association held its December meeting at Stone House on Thursday, December 8. With Mrs. Ernest Spittler, Nokesville, presiding, the meeting was opened with the Homemakers' creed read in unison followed by the singing of "Our Prince William."

Following the roll call a discussion of membership was introduced by Mrs. Jack Piercy. It was decided that all present members be kept on the roll and that chairmen of home demonstration groups serve as community chairmen; one of their duties being to check up on membership and to encourage attendance at the Homemakers meetings. Mrs. E. H. Hibbs was appointed chairman for Manassas.

Acting on the suggestion of Mrs. E. H. Hibbs for membership in the Red Cross a five dollar membership was pledged.

In her report the home agent summarized the home demonstration program of work for the past year and asked for the interest and co-operation of Homemakers in the work of the new year. Special emphasis was placed on the three thrift measures that have been adopted by the advisory board.

- (1) More home baking.
- (2) Magazine and book exchange.
- (3) More home sewing and remodeling.

Mr. Fred Brinckman, national Grange office in Washington, spoke forcibly on "farm legislation."

A delightful luncheon was served by Mrs. George Ayres.

## "WORDS" SUBJECT OF LOCAL ADDRESS

### Woman's Club Hears Former Manassas Man.

At the regular meeting of the Manassas Woman's Club each member had the pleasure of listening to a very unique program on "Just Words," given by Mr. R. S. Walter, a former resident of Manassas.

Mr. Walter opened his talk by saying "God gave man language as he gave man reason. He gave man the power of naming things. A word then is man's reason come forth to behold itself. Words may become living things when considered." Some of the words that Mr. Walter spoke about were curfew, opium, capricious, desultory, cynic, boycott, chapel, agony, catholic and he also gave the history and meaning of such phrases as tinker's dam, tendon of Achilles, and the beautiful story of the name of the flower called the hyacinth.

After having listened to such a talk on "Just Words," one realized that words were much more than a few letters put together.

The regular business of the meeting was reported upon. Preparation for the Christmas assembly ball are well under way as well as the Community Christmas Tree and singing.

Miss Eleanor Gibson, president of the Junior Woman's Club, reported the splendid work this club has undertaken this year. She also announced that the Junior Club will hold a cookie and candy sale at Coker's drug store Dec. 23.

Mrs. C. R. C. Johnson spoke of the work the Civilian Relief Committee is to do in assisting the unemployed in Manassas.

A social hour at which coffee and sandwiches were served by the hostesses was enjoyed by all.

## NEW CHEVROLET HERE SHORTLY

### Bradford Agency Will Exhibit New Models This Weekend.

On Saturday, December 17, Chevrolet is presenting larger and greatly refined new 1933 cars at dealers' showrooms throughout the nation.

Longer wheelbase, new "aer-stream" styling, more power and speed coupled with greater economy, larger and lower Fisher bodies with new Fisher "no-draft" ventilation, shatterproof glass in windshield and ventilators, cushion-balanced motor mounting, improved free wheeling plus synchro-mesh transmission with silent second gear, and a "starterator" for simplified starting are all listed as new standard features included in the list price.

The new models, with longer and wider bodies, represent the bid for continual leadership of that company which led the industry in four out of the past six years, and which has just completed its year of greatest comparative success in the industry. In presenting a larger and more extensively improved car than any annual Chevrolet model since the car was changed to a six in 1928, Chevrolet is reversing a trend indicated by a number of other manufacturers in reducing the size or cost of their models, and is emphasizing the basic policy on which the company founded its success—that of building style and quality rather than the bare needs of transportation.

Twenty manufacturing and assembly plants operated by Chevrolet in the United States, many other affiliated plants and several hundred thousands people are at work again as a result of the company's embarking on its new program at this time.

While retaining the six cylinder motor in all its fundamentals, which has proved so reliable in the hands of 3,500,000 owners since its debut in 1928, Chevrolet engineers list many major developments or minor refinements in the 1933 models, making the most radically changed and improved cars since the first Chevrolet six.

Wheelbase has been extended to 110 inches. The engine, which operates even more economically than the 1932 power plant, has been stepped up in horsepower to 65 mainly through lengthening the stroke, offering a present displacement of 206.8 cubic inches, and delivering a top speed of well over 70 miles per hour.

In appearance the car differs radically from any previous Chevrolet model, the "aer-stream" styling representing a medium between conventional streamlining and modified "tear drop" design. The motif of the new leaning V-type radiator is carried out through slanting head doors and sharply slanted windshield pillars on to the rear end, where an extension of (Please turn to page 6)

## RESOLUTIONS

WHEREAS it has pleased Almighty God, in his infinite wisdom to remove from our midst our deceased sister, Mary Bell Keys, who for several years was a member of Forest-hill Missionary Auxiliary and who took an active part in all church work, be it

RESOLVED, That in the death of our sister our auxiliary has lost a faithful and devoted friend and member.

## AUXILIARY.

## IN MEMORIAM

In loving memory of Mary Bell Keys, wife of W. F. Keys of Joplin, Va., and granddaughter of Mr. and Mrs. T. E. Norman of Miskimon, Va., who on Nov. 19 passed from the earthly home she loved so well, to that better home not made with hands, whose builder and maker is God. Just four months before she had passed her twenty-fifth birthday.

Born and spending her girlhood in Northumberland county, she leaves there beside her grandparents many relatives and friends who will sadly miss her coming. Also relatives whom she loved in Lake Monroe and Sarasota, Fla. In her adopted county she taught school for several years and as long as health permitted was an active member of church Sunday school and Missionary Society and was loved by all who knew her.

For those of us who for a few short years shared her daily life, we can truly say our loss is great, but we know that her gain is far greater. That she has gone to the mansions prepared for those who love Him. Sadly and lovingly we laid her to rest at Dumfries cemetery under the flowers she loved, these to await the coming of

Those Who Loved Her.

## MINNIEVILLE

Elder C. W. Miller will preach at the Primitive Baptist church here Sunday, 11 o'clock, and Saturday before, 2:30 p.m., if not providentially hindered.

Christmas is drawing close. It seems very few have the Christmas spirit.

We had our first snow on Saturday and Sunday.

Mr. John Clarke spent last Tuesday night at his parents' home here. Mr. Raymond Fairfax of Dahlgreen was the guest of Mrs. Janie Dane and family on Sunday.

Miss Orillo Hinton has returned home after spending some time with her cousins, Mr. and Mrs. D. C. Alexander of near Manassas.

The roads being so slippery motorists do not fly so fast as to take one's breath. Several have gone in the ditch or holes.

The many friends were grieved to hear of the death of Mrs. Grace Davis, formerly of Hoadly, in Washington on Nov. 4. She was buried at Oak Grove church on Sunday. Funeral preached by Elder W. M. Smoot. Interment in the cemetery lot adjoining the church. She is survived by her husband, Mr. French Davis, and her mother, Mrs. Emma Davis, and several nieces and nephews. The friends in Minnieville extend sympathy to the bereaved loved ones.

The Manassas Journal,

Sirs:

Allow me to thank our white friends for the help they so beautifully gave the Ebenezer Baptist church, Occoquan, Va. From the appeal you published in your paper over four years ago. Am glad to say the A. B. P. Soc. sent us 25 copies of the New Testament and 25 hymn books, and other literature.

The Lend a Hand Society of Boston, Mass., sent two boxes of books. These

have been distributed among four Sunday schools.

It is my desire to thank the friends of Occoquan, Va., Brentsville, Va., Manassas, Va., Conklin, Loudoun Co., Va., Dist. Work House, Reformatory and Alexandria, Va.

Trusting all may have a very Merry Christmas and Most Prosperous New Year.

The church hasn't been finished. The insurance is \$2,500.

My sight having failed, I retire from pastoral work after 63 years and 8 months of service. I pray God's blessing upon all and ask the prayers of all friends.

Yours most sincerely,  
L. H. BAILEY,  
Ex-Pastor of Ebenezer Baptist Church, Occoquan, Va.

## "BALANCE THE TAXPAYERS BUDGET"

Senator Smith's Reasons for Immediate Action.

I have read headlines in the newspapers which fail to convey the thoughts that I have endeavored to emphasize to the Virginia Public, in my efforts to have an extra session of the General Assembly called for the purpose of dealing with the great economic problems that confront the State. Therefore, I doubt very much if the people whom I have undertaken to help have really construed my thoughts in the light that they were meant, which is: THE TAXPAYERS BUDGET MUST ALSO BE BALANCED; that is to say, the mere fact that the budget of the State of Virginia is in balance does not mean that conditions are such that relief is not needed.

Conditions existing in Virginia render it imperative that real estate, farm and city, be relieved of some of the burdens of taxation. This may be accomplished by having the State assume the support of the schools so far as they are a specific burden upon real estate. Such action would result in enormous saving in taxes to the land owners.

If need be, the appropriation for the enforcement of the prohibition laws may be eliminated, leaving such enforcement to the Federal Government and localities, as obtained in many other states, and thereby save a tremendous amount of the taxpayers money.

The members of the Legislature certainly should not be unwilling to meet in conference for the purpose of providing adequate remedy for the deplorable situation confronting our Public School System, which probably will be worse this time next year than it is today, unless an extra session is called. According to a statement carried in a local newspaper by Dr. Hall, Superintendent of Public Instruction, the Public Free Schools will have to be cut two months while the colleges and universities of higher education will continue to operate their full terms at the expense of the government. There are many outstanding problems of our state government which could receive the consideration of the General Assembly that would result in lower taxes and more efficiency in governmental operations. It must be remembered that the act which was hailed as the greatest accomplishment of the last regular session of the General Assembly

was not discussed publicly before being presented to the Legislature.

The Governor does not desire any extra session. That is his responsibility alone, but I want to say that the younger men of this state who have accepted office in the General Assembly cannot shift their responsibility from their shoulders to those of the Governor. I have brought to the attention of the State an emergency that exists. I am not particular about the date to be fixed for an extra session. The special session may be defeated but the cause and the necessity that exists still remains and nothing has been accomplished by the administration to relieve it. The office-holders are enjoying their customary prosperity and the farmers are in distress.

The morning paper carries a recommendation of the Norris Commission for economies in government, which will bring about a saving of \$750,000.00 per annum to the taxpayers of Virginia, and it further states that the Governor has the power to put these economies into effect. The recommendations of this commission shed no light for me or for the administration. It simply gives the public an opportunity to visualize what the administration might do if it had the initiative to act. If the administration won't do it they should be forced to do so by the General Assembly. Putting into effect these economies will help to BALANCE THE TAXPAYERS BUDGET.

It is a known fact that the Norris Commission, known as the Commission on Economy and Efficiency of Government, was a culmination of effort on my part to investigate causes for the recent charges in sixteen basal text books. The Norris resolution was drawn by Senator Norris and myself and was offered as a substitute for my resolution, to which I agreed on the floor of the Senate. I refused to accept the appointment by Lieutenant Governor Price to serve on this Commission because of my fixed opinion of the extravagances of government and the unnecessary change of text books, and my views were known to the entire Senate. I therefore felt the investigation should be made by impartial judges. The findings, which are now being put in form of recommendations, were no surprise to me nor to the administration.

CHRIST FOR ALL—ALL FOR CHRIST

**The Word of God**

It is a happy thing when a man, and a wife, and a child, are united in the study of the Bible.

**BIBLE THOUGHT AND PRAYER**

If parents will have their children memorize a Bible selection each week, it will prove a precious heritage to them in after years.

**SAFE STEPS:** The steps of a good man are ordered by the Lord; and he delighteth in his way.—Psalm 37: 23.

**REAPING THE WHIRLWIND**

Canada's Prime Minister R. B. Bennett painted a glowing picture of the country's future in an address delivered recently before the Conservative Association in Montreal. "Forty million people," he told his audience, "have opened their markets to your products and given you a wider field in their markets. Never has such an opportunity been opened to the people of Canada." In conclusion he said, "We are on the threshold of the greatest trade revival ever known."

Now an American public accustomed to hearing the chief executive of the nation make such predictions and grown cold to the cheerful little remarks of our secretaries of commerce will be inclined to discount these remarks and attribute them to official exuberance. But it happens that Prime Minister Bennett was telling the Conservative Association the truth about Canada, for Canada is on the verge of trade revival—we hesi-

tate to use the word prosperity—and largely because of the agreements arrived at by the Ottawa Imperial Conference. Now the United States, especially since they have been friendly with Canada for many years, would be very pleased to consider her northern neighbor's good fortune, except for one thing: Canada's gain is our loss. There is no escaping the fact that we brought this and the other retaliatory developments upon ourselves by pursuing a destructive tariff policy. We are reaping the whirlwind in fine style.—Petersburg Progress Index.

## SOCIAL NEWS

Miss Virginia Conner will attend the Delta Kappa Epsilon dinner-dance at Lafayette College.

Miss Elvire Conner is visiting friends in Washington.

Mr. C. C. Nelson of Kansas City, Mo., visited relatives in Manassas Tuesday and Wednesday. Mr. Nelson is a brother of Miss Nollie Nelson.

Mr. and Mrs. H. A. Robson, Mr. and Mrs. C. P. Nelson and family have moved their home near Manassas and returned to Huntington, W. Va., for the winter.

## SWAVELY NOTES

The Christmas vesper service last Sunday was largely attended, and the singing of the school choir in Christmas hymns and carols was very effective.

The solo, "O Holy Night!" was sung by Steele, with violin obligato played by Stein.

Mrs. Gibson presided at the organ with her usual efficiency.

Tomorrow (Friday) evening the annual Christmas entertainment will be held in the gymnasium. A one-act play, "All in the Dark," will be given. Santa Claus will distribute gifts, and the evening will close with informal dancing.

School will close on Saturday morning to reopen on Tuesday, January 3.

Mr. and Mrs. Gill and Mr. and Mrs. Carpenter and family will remain at

the school throughout the vacation. Mr. and Mrs. Reeves' son are leaving on Saturday for Philadelphia and Mr. and Mrs. Andrews and son for West Virginia; also Mr. Leinbach for Philadelphia.

## GREENWICH

The Mackalls have closed their home, "The Lawn," for the winter here and have gone to their winter home in Savannah, Ga.

The Greenwich Home Demonstration Club will hold a special Christmas meeting at "The Manse" on Thursday night, December 15, at 7:30. A special Christmas program is being planned under the direction of Mrs. R. L. Ellis, chairman. Christmas gift ideas will be discussed by the home demonstration agent, Miss Sarah Pitts.

## M. H. S. BOYS VICTORIOUS IN FIRST GAME OF SEASON

Girls Overpowered by Large  
Lee-Jackson Team.

The M. H. S. boys and girls formally opened their basketball season in games played on the home court Dec. 9 with Lee-Jackson High School of Alexandria. This game was well attended and enjoyed by the town people.

The first event of the evening was the girls' game. The game was very close during the first half. The Manassas girls showed excellent teamwork, but the Lee-Jackson team was much larger and at the end of the third quarter the score was 10-4 in favor of Lee-Jackson. We give special mention to the excellent playing of Captain Edith Flaherty, Margaret White, side center and Dorothy Ritter of Manassas. This game ended with a score of 13-5 in Lee-Jackson's favor.

The boys' game immediately followed the girls' game. From the first it was all Manassas's game. Their playing was both accurate and well timed. They showed good teamwork and a general good spirit. T. Kite, forward, Leith, forward, and W. Bradshaw, guard, were particularly good. The score for this game was 38-28.

Doing to Boost  
Manassas?

NEW CHEVROLET  
HERE SHORTLY

(Continued from page 1)

the rear body panel sweeps outward and downward, screening the gasoline tank, and the axle and under carriage of the car.

Skirted fenders which follow the line of the front and rear tires, and a lower running board conceal all working mechanism, adding greatly to the clear-cut appearance of the new models.

With an eye to making driving as nearly automatic as possible, the engineers have eliminated several "gadgets," thus adding greatly to the convenience and safety of driving. Three fewer controls are employed in the new car than in last year's model. The starting button has been eliminated, and a "Starterator" added, by means of which the motor starter is engaged simply by depressing the accelerator pedal. This is provided with an automatic cut-out, so that with the motor operating the pedal performs only as an accelerator. This feature is said to add greatly to the facility of driving, especially in cases where the motor may stall in heavy traffic. The motor may be restarted without removing the foot from the accelerator, the hands from the steering wheel or the eyes from the road ahead.

A manual spark control has also been eliminated in favor of a two-way automatic control which provides for accurate spark adjustment, throughout the speed range, regardless of whether the engine is pulling through deep sand or coasting on concrete. This feature contributes materially to better gasoline economy.

The heat control button also has been replaced by an automatic control, operated by a thermostat. This device, by providing the correct amount of heat to the warming engine, and cutting out the heat flow at the proper time, also adds measurably to better performance and economy, and relieves the driver of one more manual control to think about.

Another new important new device for furthering economy is the addition of an actuator selector, added because various types of gasoline differ widely in octane content. The new Chevrolet selector enables the driver to get the highest possible operating efficiency out of all grades of gasoline. The device consists of a control on the distributor which advances or retards the spark ten degrees according to the grade of gasoline being used. Thus a uniform gasoline cost per mile is possible, regardless of the type of fuel in the tank.

Outstanding among the new features is the "Cushion-balanced" motor mounting, or "sta-namic balancer," as engineers designate it. The latter name comes from the fact that the new mountings effectively dampen out all vibrations set up by both static and dynamic residual forces.

While a motor inherently in balance, as is a six cylinder motor, sets up but little vibration, Chevrolet engineers after an exhaustive study of both static and dynamic forces and of the properties of rubber, succeeded in eliminating even that little in its effect on the driver, by compensating between the two former extremes in motor mounting. The old extreme was to clamp the engine directly to the frame, and the metal-to-metal contact communicated most of the engine vibrations directly to the driver. The more recent extreme has been to suspend the engine in very soft rubber, which permitted the engine to "bob" about freely, greatly reducing durability and setting up excessive movement of controls in the driver's compartment, which were not only disconcerting to the driver but an adverse factor in safe control of the car.

Previously, residual static force, or "fore and aft" pitch of the motor was controlled, but never in combination with an effective control of dynamic residual force, which is the tendency of the engine to rotate about its axis. The new mounting, an exclusive Chevrolet development, is claimed to control both.

The closed Bodies-by-Fisher embody the exclusive no-draft ventilation feature, which permits of greater air access without drafts and prevents rain or snow from entering the body. Windows are longer and lower, affording better visibility. A broad moulding marks the bodies just below the window line of various models.

The windshield is slanted at a sharper angle to reduce sun glare and thus add to the safety features. The windshield wiper motor is now concealed, and provision made in the header board for installation of a second wiper on the right side. All windshields have shatterproof safety glass which may be broken but will leave no sharp, jagged edges.

The instrument panel is of airplane type, with the instruments and controls grouped in an oval panel of semi-modernistic design in the mode of the highest priced cars. All instruments are open-faced so that they

may be read at a glance, thus further contributing to safety in that the driver's eyes may be off the road for a minimum time. Even the speedometer is of the open-face needle type, instead of the less expensive but less convenient revolving drum type.

The head-on view is unusually beautiful and clean-cut. Fenders flare out in a wide and graceful sweep. They have deeper crowns and extend lower over the tires. Space between the fenders below the radiator is filled by a radiator splash guard gracefully curved to meet the inner fender skirts and concealing all unsightly under working parts.

The new radiator, of the popular "V" type, slopes sharply to the rear and accentuates the impression of speed imparted by the new styling. The radiator shell, instead of being chrome plated, harmonizes with the hood color, giving the appearance of greater length to the hood. Vertical ribs in the radiator grille also accentuate height in the proportions of the radiator.

From the apex of the "V" runs down a brightly chromed bead which adds materially to the beauty of the front end. Last year's highly successful stabilized front end mounting—an exclusive Chevrolet development—is retained, and the fender tie-bar passes through the grille, so that the full forward face of the grille presents an unbroken view from the front.

Headlamps of improved design and a trumpet type horn mounted just beneath the left headlamp complete the forward picture.

In line with increased performance of the engine, both front and rear brakes are redesigned and enlarged to provide increased deceleration. Brake drums are now 12 inches in diameter. The highly efficient mechanical brakes evolved by Chevrolet several years ago are continued in all their fundamentals. However, brake drum diameter is increased to 12 inches, lining width to 1 3/4 inches and total service brake area is now 128.4 square inches. The new design obviates the necessity for separate parking brake shoes on the rear wheels.

The 1933 frame is entirely new. It is lengthened to accommodate the increased wheelbase and added body length, and all cross members and brackets are redesigned and relocated accordingly. Side frame members are much stronger due to increased depth in the middle, and the sub-frame members, in addition to providing an ideal engine mounting, greatly increase the strength and rigidity of the frame, contributing measurably to safety. The rear cross member also is wider and stronger, and a "kickup" at the front end plus an increased "kickup" in the rear brings the center of gravity of the whole car closer to the ground—a further contribution.

Both front and rear springs are improved by rounding the end of every leaf so that sharp ends cannot gnaw into adjacent leaves causing premature breakage.

The fuel system also is redesigned, with a fourteen-gallon tank in the rear, and an electric gauge with a single float located at the right side of the tank.

Final touches on the nationally comprehensive manufacturing program of Chevrolet for 1933 have been given and the organization is concentrating on prompt delivery of the new cars to its dealer body. The company's massed facilities are being utilized, with the assurance that by the time the public announcement is made the new line will be on view at salesrooms all over the country.

E. H. HIBBS, Treas.

Through the kindness of the "Journal" we are able to present to you the Receipts and Expenditures of the 1932 Piedmont Dairy Festival with the names of those who contributed to the cause and we also show the DEFICIT to date.

We would appreciate your careful reading; you can see that not one cent was wasted; that we put on for less than Two Thousand Dollars what other sections take MORE THOUSANDS to do than we took hundreds and everyone stated it was a SUCCESS.

HERE IS THE QUESTION. ANSWER IT HONESTLY.  
DID YOU DO YOUR PART IN FINANCING THIS FESTIVAL?  
IS YOUR NAME AMONG THOSE WHO HAVE CONTRIBUTED?  
You will note that we are around THREE HUNDRED DOLLARS IN RED. CAN PRINCE WILLIAM AFFORD TO GO TO THE OTHER COUNTIES AND ADMIT TO THEM THAT IT CAN NOT CARE FOR THIS ENTERPRISE.

Other sections would be only too glad to relieve us of the job. If you HAVE GIVEN, DO A LITTLE MORE; if you HAVE NOT GIVEN we would ask that you please SEE that this does have your attention.

It is surely WORTH all the sacrifices that you or any of us may make to CARRY ON.

The ANNUAL MEETING IS IN JANUARY; HELP TO CLEAN UP THIS DEFICIT BEFORE THAT TIME.

R. S. HYNSON, Pres.
