CHANGES IN BUS ROUTES

Prof. Haydon Announces School Bus Schedules.

Bus drivers for the season are Mrs. J. N. Kerr, W. H. Butler, Jr., John Sweeney, S. N. Lightner, B. F. Hedrick, N. F. Wells, George Bell, Robert Vetter, George Ayres and son, Herbert Cornwell, John Lunsford, Olivia Davis, Eastman Keys, Luther Carter.

Prof. R. C. Haydon, division superintendent of schools for Prince William County, this morning announced the changes being made in the school bus routes and requests parents and pupils to read carefully in order that they may adjust themselves to the changed conditions.

Gainesville District

1. The Lightner bus from Ewell's Chapel will continue from Waterfall through by Antioch, striking the John Marshall highway above Haymarket. It will then retrace to Mill Park bringing in the children from Mill Park and along the Carolina road between Mill Park and Haymarket.

2. The Polen bus from Catharpin and the McCuen bus from Berry's Corner will be discontinued.

3. The Sweeney bus will begin at Gainesville, picking up pupils who live more than 1 1/2 miles from Gainesville, toward Groveton. He will turn at Groveton and go by way of Sudley to Catharpin, out highway No. 709 to Senseney's Gate, retrace to Catharpin, thence by way of MacDonald's Corner and Berry's Corner to Haymarket.

Children from Lee highway, Groveton, Sudley and beyond Catharpin for grades one to five inclusive will be left at Catharpin. Children for grades six, seven and high school will be transported through to Haymarket. After passing MacDonald's Corner, children for all grades will be transported to Haymarket.

Brentsville District

1. The Bell bus will commence at Fayman School and will continue from there to Aden by way of the Harrison Ford road. It will then continue to a point beyond Howison's Ford near Orlando and return to Aden, thence by way of the Valley Church road to Nokesville.

Children for grades one to six inclusive will be left at Aden; children for the seventh grade and high school transported to Nokesville. After reaching Valley Church, the children who have been formerly attending Nokesville will be transported to Nokesville up to the 1 1/2-mile limit which has been observed heretofore.

2. The Wells bus will start at the Nokesville School and will continue to Brentsville by way of Valley Church and the Snook's Mill road. From Brentsville it will continue to Bristow and Woodlawn, hauling children for grades six, seven and high school. Sixth grade children will remain at Woodlawn. The seventh grade children will be transferred at Woodlawn to the Hedrick bus and the Wells bus will continue to Nokesville by way of the Clay Wood road, picking up children on that road to within 1 1/2 miles of Nokesville School.

3. The Hedrick bus will run out to the turn beyond King's Cross Roads, formerly used as a limit in that direction, and back to Nokesville School; thence by way of the Clay Wood road to Woodlawn where it picks up seventh grade children from the Wells bus and transports them to Greenwich; thence from Greenwich by way of Grimm's Corner toward Nokesville, turning to the right on the road near Flickinger's going out to McLearen's and coming in by way of the Catlett road; thence to the school house.

The Hedrick bus from Greenwich and vicinity hauls high school children only. Beginning near Grimm's Corner it commences to pick up children for all grades, observing the same limits as formerly have been observed by the Wells bus in hauling children from that vicinity.

Manassas District

1. The bus operated by Herbert Cornwell will transport first the route handled by the Carter bus in former years, that is, the road in the section of Linawaver's and beyond Buckhall, to the turn near Payne's and back to Manassas. It will then take the same route operated by the Cornwell bus, that is, from the vicinity of Will Evans' gate to Manassas, on what is known as the Bull Run Power Dam road.

2. The Cannon Branch route will be handled by the bus operating from

CREDIT MR. HERRING

At the recent extra session of the State Legislature Mr. Geo. W. Herring introduced and succeeded in having passed a bill which provides for the refund of taxes, paid on bonds issued under elections which were thereafter declared null and void. Under this bill the citizens of Gainesville district will be able to receive such refund upon application to the County Treasurer paid on the School bonds several years ago. Under the provisions of the general law this act does not become operative until ninety days after the adjournment of the Extra Session. It is presumed that this will be pleasing news to the Gainesville residents, as such refund will be payable the early part of December, about the time the penalty is added to the taxes for this year.

LOCAL TEAMS DO BATTLE SUNDAY

Long-Awaited Encounter Between Stonewall A. C. and Manassas Is on Tap.

Throughout the summer local fans have been arguing over the superiority of the local ball teams, the Macks and the Stonewalls. On the basis of play with outside teams, a slight superiority seems to rest with the Macks. Though both teams were soundly trounced by the Occoquan A. C., the Macks have been more successful against other opposition from outside.

However, all of this will be forgotten next Sunday when the two teams tangle out on Swavely field for the right to be called the champions of the local lots. Both teams will be out there to do their best to prove that their own particular rooters are right.

After the battle is over, and the excitement has died down, the city championship will have been decided and all that local fandom will have to look forward to will be another royal battle next summer.

WILL INSPECT ROAD

State Engineer R. I. Mount has informed Mr. D. W. Buckley, supervisor of Centreville district, that he will inspect the section of the old Newmarket road just west of Neverlet with a view as to possible recommendations that it be given some sort of treatment.

RUMMAGE SALE

Remember the rummage sale in the telephone building Sept. 9, Saturday, beginning at 9 a.m.

Wellington, driven by Robert Vetter. The time will be similar to the time observed during the past session.

3. The Lucasville route will be handled by the Lunsford bus as it has been handled during the former session. It is possible that the bus may be extended a little further down that road with the understanding, however, that children who have been attending school at Brentsville will not be transported to Manassas unless they are above the fifth grade.

Coles District

1. A bus to be operated from the road in the Purcell School vicinity will begin at some convenient point beyond Purcell's and will run out to the Oak Tree, meet the Lunsford bus, and transfer to it children for seventh grade and high school, then continue to Woodbine. It will be necessary for this bus to leave early enough to meet the Lunsford bus so that the seventh grade and high school children may be benefited by the transportation.

Dumfries District

1. The Key bus operating from Quantico by way of Dumfries to Occoquan and also bringing in Occoquan children from the back road in the vicinity of Triangle will if possible bring in these small children on its regular trip from Quantico instead of making a special earlier trip as formerly. This truck will also, with the Carter truck, pick up as many children from the vicinity of Bott's garage, Featherstone, and beyond as can be handled with a view to if possible lightening the load now being carried by the Barnes bus.

There will be no change in the routing of the following busses:

The one operated by Luther Carter, the Cherry Hill-Thornton bus, the Minnieville bus, the Hoadly bus, the Butler bus from Buckland and Thoroughfare, and the Ayres bus from Stone House and Centreville roads.

PROGRAM FOR DAIRY FESTIVAL VAL WILL BE ELABORATE

The program for the pageant to be presented at the Third Annual Piedmont Virginia Dairy Festival has recently been announced, and appears to be more colorful and elaborate than those of former years. The pageant was written and will be directed by Mrs. Ryland Hawkes. The pageant this year will consist of three episodes. First is "Ancient Beliefs" depicting the beliefs of ancient people four thousand years ago to the time of bringing dairy cows to America. The second episode is entitled "Early American Customs," and begins with the Pilgrims, to be followed by Indians, Scouts, the Westward movement, and ending with Piedmont Virginia. The Third Episode, entitled "Modern Ideas," begins with a treatment of Piedmont Virginia and then extends to all nations engaged in dairy farming, closing with the crowning of the hero as the "Lord of the Cows."

Preceding the coronation of Regina III, Queen of the Festival, the Fredericksburg State Teachers College Glee Club will offer several selections.

This group, composed of 100 girls from the Fredericksburg institution, will also be heard at intervals throughout the pageant. The accompaniment for the coronation and pageant will be furnished by a sixty-piece band, which will also give a concert preceding the coronation and pageant.

The Queen of the Festival, who comes this year from Culpeper County, will have as her escort and guard of honor, a detachment of 150 men from the famous Richmond Blues; and following the exercises the queen and members of the royal court will encircle the surrounding dairy territory in planes from the William and Mary aeronautical school at Williamsburg.

From all indications it appears that Manassas will be visited by the largest crowd in history. To take care of the many visitors arrangements are being made for special trains and busses, and the ceremonies will be carried to the multitude through the medium of electric amplifiers.

APPROXIMATELY 50,000 BU. WHEAT SIGNED UP

Gainesville District Leads in Number of Applicants for Contracts.

Approximately 50,000 bushels of wheat are signed up with Gainesville district leading in the number of applications for contracts.

The final date for receiving applications for wheat benefit payments will be announced by the Secretary of Agriculture and will probably be between September 25 and 30. For several reasons, every Prince William wheat grower should stand with his neighbor in signing up and doing his part in the plan, namely:

1. It pays well for the land taken out of production. The payment for average land in the county is about \$16.00 per acre.

2. It applies to all wheat growers whether they grow one acre or one thousand acres.

3. It does not have anything to do with how you dispose of your wheat crop.

4. It does not have anything to do with any land on your farm except that which you take out of wheat production. Continue to grow rye, barley or oats as you have in the past.

5. If you refuse to join in with your neighbor, if wheat is low you no longer have the satisfaction of complaining of the injustice to the grower. If for any unforeseen reason the plan does not bring about the desired better price, you will have the satisfaction of knowing that you have tried.

6. You will be well insured on the acreage left out of production thru participating in the benefit payments.

7. The reduction asked for this fall is expected to be 15 per cent. Next year you can not be asked to reduce your wheat acreage more than 20 per cent of the average acreage for the 3-year (1930-31-32) base period.

8. The plan will be administered in the county by your county board of directors elected by you. The government is only stepping in to the extent of providing a plan for helping you to help yourself.

9. Three years payments will be made, if needed to maintain the parity price, for reducing your acreage only two years.

10. Your proportionate part of the 30c per bushel wheat tax will be returned to you under the plan.

11. Without the successful carrying out a plan along this line there is likely to be an overproduction of wheat until the price may reach a still lower level than that of last year.

12. If you did not harvest a wheat crop in 1933, you can still participate in payments in 1934 and 1935 by signing up now.

13. It is asked that the acreage taken-out of wheat production be used for grass, soil improvement crops or other small grains as barley, oats or rye to be used for work horses or animals which produce products used for home consumption, the acreage withdrawn from wheat except for the larger farms is not very great. Here, the small grower has an advantage over the large grower. The idea that the large grower in the wheat belts will reap all the profits of the plan is absurd.

14. If your acreage is small, remember that a few small farms produce as much wheat as an extremely

TELLS KIWANIS OF VOCATIONAL WORK

Professor Harry M. Love, agricultural instructor for the high schools at Manassas and Nokesville, was the guest speaker at the Kiwanis Club on Friday.

Mr. Love gave an interesting outline of the procedure used to develop and promote the teaching of agriculture. A hearty invitation was extended to the club to visit the agricultural classes especially the new shop unit.

Doc Johnson reported on the Bay Ridge trip.

ANNUAL D. H. I. A. MEETING SATURDAY

Board to Make Annual Report.

Members of the Prince William County Dairy Herd Improvement Association will meet Saturday afternoon, Sept. 9, at 2 o'clock, at the County Agent's office in the postoffice building.

The usual business of the annual meetings will be conducted and officers of the association elected for the coming year. A report of the 1932-33 testing year will be made by Joseph Beard, association tester.

Members are urged and non-members invited to be present.

DR. HALL EXPECTED HERE

At the teachers' institute next Wednesday, the county will have the unusual honor of the presence of the State Superintendent, Dr. Sydney Hall as the leading speaker.

The balance of the session will be devoted to the usual order of business and addresses.

CONTINUES IN OFFICE

C. G. Paris, a business man of Quantico, was this week qualified to act for another four years as notary public in this county.

BUCKHALL LEAGUE

The regular meeting of the Buckhall Community League will be held Friday, Sept. 15, at 8 p.m. A good attendance is desired.

MARRIAGE RECORD

Aug. 30 — Stuart Monroe and Beulah Sowers, both of Manassas.

Sept. 2 — Royce W. Carter, of Manassas, and Marie L. Smith, of Gainesville.

large one.

15. After the dead line has been passed (about September 25 to 30) the act does not provide for signing up growers later either during this year or 1934 or 1935.

The application forms that have been distributed are not difficult to fill in. Assistance with filling in the applications and additional information will be furnished all who call at the County Agent's office in the Manassas postoffice building. To save trouble and time the number of acres harvested and the number of bushels threshed for each of the three years 1930, 1931 and 1932 should first be determined.

Practically all of the county threshermen have records and are in a position to accurately furnish the threshermen's certificate certifying the number of bushels threshed in 1930, 1931 and 1932.

Manassas High School office will be open from 9:30 till 4 o'clock next Monday and Tuesday, Sept. 11 and 12, for consultation with parents and students in reference to the high school courses of study.

Parents are urged, whenever in doubt, to hold such consultations in reference to their children's work as many times serious mistakes may be thus avoided.

COUNTY 4-H CLUB LEADERS MEET

The Prince William 4-H club leaders met in the assembly room of the Manassas postoffice, Wednesday, September 7, from 10:30 a.m. to 3:30 p.m., with about 11 leaders present.

Miss Hattie Hughes, State girls club agent, was with us. She gave us some very useful suggestions in planning our year's work and showed us how planning in advance proved helpful. She also discussed projects, programs and other phases of club work and gave plans for more successful fulfillment of each. In the afternoon we made a sample plan of year's work and studied out tentative plans for a club. This proved very instructive. The conclusive statement of this study group was summed up in these statements—first, plan your work and work your plan; second, co-operate.

Miss Sarah Pitts, home demonstration agent and Mr. Cox, county agent, discussed the Achievement Day and Dairy Festival, respectively. Plans were made and committees appointed for participation in both events.

A most delightful luncheon was served by the county council. While we were at the tables Mrs. John Clark led the group in some new songs.

The leaders organized themselves so as to do more effective work. The following officers were elected:

President, Mrs. Egbert Thompson, Occoquan; vice-president, Mrs. Sweeney, Haymarket; secretary-treasurer, Geraldine Shepherd, Nokesville; song leader, Mrs. John Clark, Gainesville, and recreational leader, Wilda Bourne, Occoquan.

The meeting then adjourned until our next meeting.

Geraldine Shepherd, Reporter.

WANDERERS LOSE TO MANASSAS IN 10th, 10-9

Bradshaw's Clean Hit in Tenth Sends Lunsford Home with Winning Tally.

Trailing by 9-4 as they went to bat in the last half of the fifth inning, the Manassas Maulers last Sunday started a little ball game on their own account, and finally succeeded in coming out on the long end of a 10-9 count after one extra inning of play. This was the second meeting of the season between the Warrenton Wanderers and the local ball players and the second time that the locals have emerged victorious. On the last Sunday in July the Manassas lads administered an 8-4 defeat to Billy Gaines' pill tossers.

Gardner turned in a creditable pitching performance for Manassas, especially during the last six innings, when he allowed only four hits and struck out seven. One run was scored off of him in the fifth inning as a result of an error and two helpful infield errasures.

The visitors staged their big uprising in the fourth inning, when in all eleven men faced Gardner and five hits, several of them of the scratch variety, coupled with a base on balls, a hit batsman, and three errors, produced a total of seven runs.

After this uprising, the local team took things in hand, and proceeded to redeem themselves for their poor play up to this point. In the last six innings of the fracas they succeeded in nicking Pearson, and Childs, who relieved him with one out in the 10th, for eleven hits and six runs to take the ball game.

The climax of the afternoon's play came in the tenth, when the Manassas team put an abrupt end to the jaunty ways of the Wanderers by coupling three clean hits with two bases on balls to grab the decision. Chapura started the inning off with a single, but was called out at first when the pitcher whipped one over that way in an effort to hold him closer to the sack. Woodard and Lunsford were given free tickets to first, however, and after Mohler had filled the bases with a short single.

REV. HUTCHISON DIES AT HOME

Confederate Veteran and Baptist Minister Was Highly Esteemed.

Rev. Westwood Hutchison, prominent Baptist clergyman and Confederate veteran, died at his home in Manassas last Sunday at the advanced age of eighty-seven years. Until the past few months he had been active in his church and other community work.

Rev. Hutchison was born at Peach Orchard, near Little River, Va., on October 7, 1846. He was the son of Beverly Hutchison and Mary Purcell Hixson. In 1871 he married Miss Susan Ish who survives. The surviving children are Robert A., J. Beverly, Francis A., James O., Mrs. W. S. Harrison, Mrs. R. H. Ryland and Miss Isabelle.

During the War between the States, Rev. Hutchison rendered distinguished service as a courier and personal bodyguard to General Robert Edward Lee. In civil life he was prominently identified with the development of Manassas and of Prince William County. For twenty years he occupied the position of deputy treasurer and treasurer of Prince William County and he was one of the founders of the First National Bank of Manassas. He was the first cashier of this institution and at his death was vice-president and a director.

Rev. Hutchison was ordained a minister in the Baptist church subsequent to his military career and was prominently identified with the religious life of northern Virginia. He continued active ministerial work until last April when he was forced by the infirmities of age to discontinue preaching, but his mind remained active and clear, and his enjoyment of friendships continued up to the very last.

He was moderator of the Potomac Baptist Association for several terms, and was at one time president of the General Baptist Association of Virginia.

Funeral services were held Tuesday at 2 p.m. from the Baptist church at Manassas where the large attendance evidenced the high esteem in which he was held. Officiating were Rev. C. T. Taylor, Rev. J. Murray Taylor, and Rev. C. W. Trainham. Interment was in the family burial ground at Prospect. Acting as pall bearers were Messrs. John L. Skinner, Robert Skinner, Fred Gustavus, Gales Hutchison and Capt. Nathaniel Ewell.

An unusually large number of clergymen were present from a radius of a hundred and fifty miles.

VOCATIONAL EDUCATION

School Board Recognizes Need for Enlarged Program.

The program for vocational education in agriculture in the Manassas and Nokesville High Schools will this year give emphasis to the solution of practical farm problems. Boys electing work in the agricultural department of the schools will be requested to select a type of farming for which they desire to prepare. All of the classroom instruction given during the regular school session will be designed to better fit these future farmers for the problems they must face while engaged in farming as a vocation.

In addition to studying and applying improved practices in farming one-fifth of the classroom time will be devoted to training in practical farm shop jobs. These will be in all cases be based on the needs of the home farm. Construction jobs such as the making of double "A" harrows, wagon boxes, single-trees, double-trees, axe handles and numerous other articles needed in a well-rounded farm program will be given special emphasis. The other most important phase of the shop work will deal with the operation and care of farm machinery. Boys will be trained to clean repair and oil machinery for use and storage.

The expansion of the agricultural program to include more shop was made possible by an appropriation from the local School Board in recognition of the need for greater emphasis on this type of instruction.

The Board of Visitors of the University of Virginia announced yesterday that no selection would be made of a new president to succeed the late Doctor Alderman until the close of the 1933-34 session.

CATHARPIN

Spring chicken, that delectable "dish," which is ever so inviting to the epicure and which is now quite plentiful among your "country cousins" is probably responsible for a number of these items this week.

Mr. and Mrs. Will Hoffman and family of Washington were Sunday guests of Mr. Hoffman's sister, Mrs. W. E. Senesey of Catharpin.

Messrs. Meredith and Carroll Polen of Washington, William Polen of Clarksburg, W. Va., and Harry Polen of Catharpin were dinner guests of their sister, Mrs. W. C. Ellison, on Sunday last.

So far as this column knows, Catharpin neighborhood entertained its first real product of the depression when two men, two boys, a woman and two children, very forlorn and travel-stained, came into the community on Saturday last asking for something to eat and stating they had walked all the way from Philadelphia and were going to the "big orchards" to see if they could get work. They were fed by different people and lodged one night and the last seen of them was on Monday morning when they started for Winchester. Just how much the above "delectable" spring chicken figured in the deal we do not know, but we do feel they were given just what they needed. This was the first real sample of poverty and want the people had seen. While we complain and think we are in the last stages of bitterness and woe and go pretty ragged sometimes in our daily attire, yet no one has ever yet complained of hunger or the want of a place to sleep. The truth is no one around here knows anything about real distress, as it is experienced by such as these. If we can visualize this family, multiplied by thousands, then we can get an idea of what our National Government is trying to do to relieve distress. Now quit your complaining.

"Bob and Bill," twin sons of Mr. and Mrs. Chas. F. Brower, of Purcellville, Va., are visiting their grandparents, Dr. and Mrs. Brower, for the week.

Miss Mary Frame, a former teacher at the Catharpin schools, called at the home of Mrs. E. N. Pattie to renew pleasant acquaintances of former days.

Mr. and Mrs. R. A. Collins of Marble Hill returned Friday from a visit to their daughter, Mrs. Gilbert Merchant of Ivakota, Va.

Mr. and Mrs. E. A. Willis, of Clarendon, Va., visited Mrs. Willis' parents, Dr. and Mrs. Brower, on Sunday last. It is reported that Mr. Willis will soon be sent to South America in the interests of his profession that of civil engineer, where he will be engaged in road building in that far-off country below the equator.

The entertainment given in the lecture room of the Sudley church on Friday night last was greeted by a large audience and was much appreciated and enjoyed. The plays were well performed, amusing and innocent of "clap-trap." The program was gotten up and rendered for the benefit of the church finances and all are delighted with results obtained. Sudley is mighty fortunate in her fine faculty of teachers who are always doing something for the interest of the school.

Mr. L. J. Pattie of Belle Farm has had the misfortune of having two of his horses foundered recently. They are both under treatment and it is hoped results will be satisfactory.

Silos are now being filled and what a job! Broken, matted and twisted in every shape, the corn is hard to handle. It is being done, however, and in a short time will be forgotten. This little, extra trouble is trivial, indeed, when compared to the misfortunes of thousands of others; so be thankful for what you have.

Mrs. Mary E. Wilkins of Sudley has been suffering with something like lumbago for the past week and her many friends wish for her speedy recovery and return to normal health.

Mrs. E. N. Pattie of Catharpin visited her mother, brother and sister at the Wilkins home on Monday night last.

It is now announced that Sudley's annual bazaar will be held on Friday, October 27, to which you are all invited. The reason for this early announcement is that they all want you there since they are making big preparations to entertain you.

Talk as you please but Catharpin is bound to get on the front page. For the past week a pair of eagles have been soaring around through the stratosphere and occasionally one of them becoming so familiar as to visit the homes. On Tuesday morning as Mr. Morris Polen, jr., was coming to Catharpin he saw an eagle soaring overhead and securing a gun shot the bird which seemed to us to be a most beautiful specimen of the eagle family. It measured 82 inches from tip to tip of wing; weighed 9 pounds and of beautiful brown color. The bird was sent to Manassas and it is hoped can be mounted. The other eagle is yet enjoying its freedom. Nor is this all that Catharpin has

to tell. For the past month a white heron has been seen by many as it flies with perfect familiarity over buildings and at times very low, seemingly unafraid of what might happen to his royal highness if a shot gun were handy. In flight he presents an odd sight; his long legs seem to be trailing far behind and trying to catch up with the procession. We are just wondering if these birds might have escaped from their cages in the Zoo in Washington? They seemingly have no fear of the human race such as would be expected of birds-of-the-wild such as we read about in story books. At any rate they are beautiful and tame and if they have escaped it were a pity to shoot them.

Mr. J. W. Alvey, our genial merchant, has moved to the Patton Farm over on Bull Run where he and family can now enjoy the beauties and enchantments of country life after their strenuous experience with the "city life" of Catharpin. The new highway, route 234 which passes "betwixt and between" will keep him in touch with the farm at one end and the store at the other. That's what highways are for; so why not use them?

TWIN CITY GOSSIP

by Geo. Dent

(OCOQUAN AND WOODBRIDGE)

If we ever hope to return to a period of moral and reasonable prosperity we must stop lambasting the effect long enough to examine into and remedy the cause. Four years ago "BD" (Before Depression) I pointed out the necessity of reorganizing state and county government. . . . There was very little interest manifest at this early period. Most of the interested voters and 100 per cent of the office holders were astigmatic in their views. True, there were a few exceptions. . . . Thruout the state there was a scattered response. I have a letter from a well-known Virginia Jurist that agreed with me intoto . . .

Our system of state and county government, (I am speaking of Virginia) is an outworn, unkempt, ragged and expensive form. . . . Such a condition of affairs as exist—such an expensive political set-up rightly belongs in the archives of past political memory. The dark continent of American politics must be ripped asunder. . . . We are living in a new age, and few there be who recognize the importance of keeping step with the times.

We are still working under the political set-up of the ox cart period. We haven't changed one iota to conform with the automobile period. . . . We still have one hundred counties in Virginia; we still hold on to one hundred complete and expensive out-of-date political units. . . . We still elect officers, pay them a salary plus a fee. . . . Each and every office holder has to be paid, taxes are laid and collected for this purpose. . . . The burden has mounted higher and higher and the end is not in sight. . . . Must such a state of affairs continue?

Is it possible for us to keep afloat and pay such an enormous political tax bill indefinitely?

The people of Virginia were instrumental in founding this great nation. . . . Our forefathers were leaders among men. . . . Washington, Jefferson, Mason, Madison and Monroe were of the soil of the Mother of States; have we forgotten our heritage? Must we settle down to a supine condition of inertia? Are we living in a period of decadence? Can we not arouse in the minds of our leaders the necessity of replacing the ox cart days with a more up-to-date and more efficient form of state and county government?

Delinquent taxes speaks louder than words. . . . Virginia Tragedy, posted upon the doors of one hundred county seats and the Corporation Court doors of our cities, can be read by the voters in our delinquent tax list. . . .

It has been estimated that the cost of all government to the American people last year approximated fifteen thousand million dollars. What an enormous burden for the taxpayers to carry. . . .

The total estimated income from wealth producing efforts amount to only forty-five thousand million dollars. . . . One-third of our total income goes to maintain our outworn system of government. . . . This is a staggering burden indeed. . . . We complain and talk about our ox cart system of government but we do not try to remedy the cause. . . .

Virginia should be subdivided into not more than twenty counties or divisions; just one-fifth of our present county burdens; twenty county court houses; twenty circuit court clerks; twenty county treasurers; twenty prosecuting attys., twenty sheriffs and a state system of policing, and a manager for each county or division. Do away with the fee system entirely; pay a reasonable salary to all officers. Have a fool proof system of accounting. . . . Forget about handshaking, backslapping, babykissing, softsoaping politicians and elect efficient men and women to office. . . .

We are living in an age when the very foundation of our government hangs by a silken cord; we must go forward else we fail. . . . We must modernize our backward form of state and county government. . . . Virginia should point the way. . . . Democrats and Republicans should lay partisanship aside and work for a common cause; relieve us of our

Renew Your Health By Purification

Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. . . . Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 25 cts. packages. All druggists. (Adv.)

heavy tax burden. . . . The small farmer earning his living by the sweat of his brow on a farm assessed at \$2500 to \$3000 should be practically free from taxation. . . . Our outworn system says, "No, it cannot be done"; a modern system says, "Yes, it can be and should be done."

President Roosevelt in speaking of state and county government says: "We haven't done much to reorganize our local and state government—what you and I know to be and outworn system built up in the days of the ox cart and unchanged in the days of the automobile. . . ."

"Nothing will be done about it unless you make your representatives on the town boards, on the county boards and in the state Legislature do something about it. . . . And if they won't do it, substitute other representatives for them. . . ."

"WINGS" AUTHOR PENS ANOTHER AIR-WAR FILM

Frederic March and Cary Grant play the two leading roles in "The Eagle and The Hawk," the story of two wartime flyers whose hatred for each other made them both heroes, which comes to the Dixie Theatre next Monday. Jack Oakie and Carole Lombard head the supporting cast.

"The Eagle and The Hawk" is from a story by John Monk Saunders, author of "Wings." March and Gary are cast as a pilot and observer in the British air corps—March a skilled, reckless flyer; Grant a ruthless killer. Together in the air, they are an unbeatable team, and one enemy plane after the other is outmaneuvered by March's beautiful handling of his plane; brought down by Grant's deadly handling of his guns.

But on the ground, March and Grant are the deadliest of enemies. March is disgusted by Grant's cold delight in killing; Grant is scornful of March's scruples. The spectacle of death after death begins working on March's imagination; gradually he begins to crack. And Grant, the first to suspect the fact, begins to feel sympathy for his pilot. It is through Grant that March is sent home on a month's furlough.

He returns to the front, freshened. But the events that follow immediately upon his return have a strange effect upon him as the picture reaches its climax.

ADEN

A marriage of much interest to this community took place in Washington, D. C., on Sept. 2, when Jesse Earhart led to the altar Miss Annie Marshall. These popular young people were given a shower by the bride's parents, Mr. and Mrs. Everett Marshall, on Sept. 3 with members of both families present.

Jesse is a son of Mr. and Mrs. H. C. Earhart and is employed in Washington where the young couple will reside.

The people of the community extend hearty congratulations to this fine young bride and groom.

Miss Frances Hummer, who has

been vacationing in Maryland, has returned to her home.

A most enjoyable evening was spent at the hospitable home of Mr. and Mrs. Frank Hummer on Aug. 31, when the ladies of the Kensington Club entertained their husbands, families and friends.

The program committee had arranged some attractive music and plays for the occasion, and every lady did her best at serving dainty sandwiches and cakes along with ice cream.

The September meeting will be held at the home of Miss Minnie Smith. Mrs. Dickers will assist in this entertaining.

Mrs. D. E. Earhart has returned from Bridgewater, Va., where she spent two weeks with her sister.

Mr. O. C. Aubrey and family spent Sunday on the Rappahannock River sight-seeing.

GREENWICH

The protracted meeting will begin at Oakdale Baptist church at Greenwich Sunday night, Sept. 10, and last through Friday night, Sept. 15. The pastor, Rev. Barnett Grimsley will be assisted by Rev. E. V. Peyton of Rhodesville, Va.

RELEASED AFTER KILLING

Binford Newman, of Legato, near Fairfax, was yesterday released by Police Judge Paul E. Brown, after having shot his father to death in a fracas on Monday night in which Mrs. Newman's life was said to have been threatened, and also Binford's.

The mother and children all testified in Binford's favor. A number of the neighbors were present, and there seemed to be no sentiment whatever against the lad.

Newman was a Spanish War veteran who had been living in the community about ten years. He drew a pension and is said to have been intoxicated more or less since his last check arrived.

BIBLE THOUGHT AND PRAYER
If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

THE ROAD TO WANT: He that oppresseth the poor to increase his riches, and he that giveth to the rich, shall surely come to want.—Proverbs 22:16.

REV. WESTWOOD HUTCHINSON

It is with the utmost regret that we record the passing from our midst of another gallant Confederate veteran, the Rev. Westwood Hutchinson, who has been prominently identified with the community and religious life of Prince William County for many years.

Answering the last roll call at the advanced age of eighty-seven years, this venerable soldier continued steadfast in his chosen field of activity until the very end. Courteous, as becoming a gentleman of the old school, he was nevertheless a man of forceful personality and definite opinions, and his influence upon the life of Manassas and of Prince William County has been a definite factor.

In paying this tribute to an esteemed citizen and gallant Confederate, The Journal joins a host of sorrowing friends in deepest sympathy to the bereaved family.

THE BUCK IS PASSED

With the exception of special provisions for schools and Confederate pensions, Virginia's 1932-34 appropriations act was on Saturday amended so as to write Governor Pollard's 30 per cent general fund appropriations reduction into the law, and to settle forever the legality of the Governor's economic policies under section 30 of the original act.

The amended act authorizes the Governor to spend a maximum of \$150,000 beyond the 30 per cent school fund cut in order that all public schools may stay open until the regular session of the Legislature in January. The assumption is that whatever of the schools problem remains at that time will be solved by the next General Assembly.

In short, solution of the problem of sixty-two counties in Virginia faced with school closings under the eight months' minimum term has been dodged; and in less elegant language, the buck has been passed to George C. Peery and the next General Assembly. Again rephrased: if there is any deficit incurred in this biennium as a result of school expenditures, then the present Legislature

and Governor Pollard refuse to take the blame.

From the schools point of view, the matter is practically solved. The next General Assembly will grant the aid needed and the schools will be kept open. The action of the special session is merely a dodging of the whole problem and a shouldering of a part.

In the light of the fact that the State will unquestionably a \$750,000 cash deficit and quite possibly a much larger one at the end of this biennium, the special session's action on the appropriations act—amid still remaining rhetoric about a balanced budget—is little short of comic.

There is another curious thing about this amended appropriations act: namely, the empty provision that salaries of State workers are not to be cut beyond what they have already been reduced. This provision was inserted at the request of the Governor, lest he, in his interpretation of the old act, feel obligated to continue the merry game of reducing State employees' salaries.

Patrons of the bill were loud in their explanation that salaries below \$1,500 are now cut only 15 per cent and above \$1,500, 20 per cent. Curiously enough, these limits were placed by the Governor only when the separate departments were able to absorb the additional cut to 30 per cent.

The result is that number of State workers with salaries of less than \$1,500 have been cut 20 per cent. The amended bill fixes these reductions at their present figure.

In general, the passage of this administration bill with a minimum of debate is noteworthy. Apathetically, the Legislature has given the schools an installment of their financial needs; and docilely, with meaningless talk about a balanced budget still going on, it has written the 30 per cent reduction order into law.

State employees and State department heads may now make their plans for the future, as prices rise and the NRA flag flies at the Capitol.

Presumably, we are all expected to rejoice in these fiscal acts of the General Assembly—and especially in the bill authorizing the State to borrow \$12,000,000 for roads.—Times-Dispatch.

BRIEF LOCAL NEWS

Mr. T. H. Newman spent a part of this week visiting his sister in Washington.

Mr. J. E. Kidwell of Catharpin called by the Journal office Saturday. We were glad to see him and hope he will call again.

Miss Laura Pearson of Clifton Station was in Manassas today.

Rev. C. P. Ryland will return from his vacation and preach morning and night next Sunday.

All people that have been and are members of the Manassas Baptist church are very cordially invited to be present at the church, Manassas, on September 17, at 11 o'clock a.m., with their friends, for the annual homecoming and roll call of the church. A very special service is being arranged, and we will be glad to see you. Everybody invited and welcome.

Mr. and Mrs. D. Shaffer of Woodbridge, accompanied by Mrs. Wm. Dewey and daughter, Joan, of Norfolk, were Monday visitors of Mrs. Willie Leith.

Mr. Wm. Eastham of Front Royal was a week-end visitor of Mrs. Leith.

Mr. and Mrs. Paul Murphy have returned to their home in Pittsburgh, Pa., after several weeks' stay with their uncle and aunt, Mr. and Mrs. J. J. Murphy.

Mr. and Mrs. A. J. Stauff, with son and wife, Mr. and Mrs. Malcolm Stauff of Pittsburgh, spent the week-end over Labor Day with their son and brother, Mr. Jack Stauff and family.

Mrs. Marie Larkin of Washington is spending her vacation with relatives here.

Dr. and Mrs. Gilliam will move into their lovely home on Grant avenue next week.

Rev. and Mrs. H. D. Anderson of Kilmarnock, Va., were in Manassas Monday attending the funeral of Rev. Westwood Hutchinson.

The Missionary Societies of the Baptist churches in Potomac Association will hold a missionary rally in Manassas Baptist church on Saturday, Sept. 23. Further notice of this meeting will be given.

After spending a vacation with her parents, Miss E. E. Ledman has returned to Washington to resume her studies.

Dr. and Mrs. Cummings, accompanied by Dr. J. E. Briggs of Fifth Baptist church, Washington, motored out to spend Sunday evening with their friends, Mr. and Mrs. J. J. Murphy. Dr. Briggs conducted the prayer service in the Presbyterian church.

Miss Roxie Ennis, who underwent an operation at the Alexandria Hospital, has returned to her home much improved.

There will be a regular meeting of the Young Democratic Club on September 12 at the Courthouse in Manassas, at 8 p.m. All members are urged to attend, and all interested are invited.

Mrs. Mollie Barbee and her daughters, Mrs. James Barbee and Mrs. Mary Renna, of Baltimore, were in town Tuesday on business.

Miss Ann Louise Muddiman of Manassas enjoyed week-end in Washington visiting relatives and while there saw the American League baseball club of Washington.

JAMIESON-MELTON

The home of Mr. and Mrs. M. S. Melton at Haymarket, Va., was the scene of a pretty wedding on Saturday, Sept. 2, when their daughter, Judith Frances, was married to Mr. Joseph D. Jamieson of Washington, D. C. The house was tastefully decorated with ferns, clematis and white candles.

The bride, who was given in marriage by her father, was becomingly attired in blue crepe and wore a corsage of bride's roses and lilies-of-the-valley.

The maid of honor was Miss Edythe Melton, sister of the bride, and Miss Alice Ballard was bridesmaid. Both wore costumes of brown crepe and carried yellow asters.

Samuel Madert, Jr., nephew of the bride, was ring-bearer.

Mrs. Ralph Kenney of Washington, brother-in-law of the groom, acted as best man.

The officiating minister was Rev. M. C. Frazer of Marshall, Va.

Only the immediate families and close friends were present to witness the ceremony. After the ceremony Mr. and Mrs. Jamieson left by motor for a western tour. They will make their home in Washington.

CARTER-SMITH

Miss Marie Smith was united in marriage with Royce Wardman Carter, Sunday afternoon on the lawn of the Tillett home in Manassas.

The vows were taken at 2:45 o'clock in the presence of relatives and close friends, with the Rev. W. M. Compton, pastor of Grace M. E. church, South, officiating.

The bride was attended by Miss Edith Carter, of Manassas, sister of the groom. Willard Shaw, of Manassas, was Mr. Carter's best man.

The bride, daughter of Mr. and Mrs. A. W. Smith of Gainesville, was charmingly dressed in blue maltese crepe, and wore a shoulder corsage of sweetheart roses and 'Baby's Breath.' Miss Carter was attired in a brown ensemble, with accessories to match. No altar was used in the solemnization of the ceremony, the party simply retiring to the lawn of the now-vacant home.

The couple left immediately after the ceremony on a tour of the southern states, with Atlanta, Georgia as an objective. They will be at home to friends after September 15, in the 400 block of Jefferson street N. W., Washington, D. C.

Among those present at the ceremony were: Mr. and Mrs. Charles Smith, Mr. and Mrs. James Day Harrover, Mrs. Elizabeth Smith, Miss Helen Smith, Miss Claudia Pattie, Mr. Edward Smith, Mr. and Mrs. William Towers, Mr. and Mrs. Emory Carter, Miss Roberta Smith, Miss Virginia Carter.

MONROE-SOWERS

Miss Beulah Sowers, the charming little assistant to county clerk, Geo. G. Tyler, was married on Saturday morning to Stuart Monroe, a young business man of Manassas.

The bride's pastor, Dr. Swecker, being away, the couple called in the services of W. M. Compton and were married by him in Grace church on Main street.

Originally it was their intention to have only the bride's mother and her sister, Lida, as witnesses but at the last minute, the bride decided to have Mr. Tyler and Mr. Ledman witness the ceremony also.

The couple journeyed to East Radford and returned Monday with Miss Leda Sowers, another sister. The honeymoon was extended with a visit in North Carolina.

Vetter forced Woodward at home. But, the Macks were not to be denied. With the bases loaded and two away, Bradshaw, who had previously driven in two runs with a clean single, drove a clean hit between first and second to bring over the winning tally.

In addition to contributing these two timely hits, Bradshaw starred afield with several sparkling pick-ups and throws from close to the third base foul line. He was forced to share hitting honors for the day with Mohler, who played first base in place of the absent Wurdemann. Mohler helped himself to five hits in six trips to the tee and brought across four runs, two of his hits going for three bases.

LOVER TRACKS GIRL'S
BROTHER, RUSTLER CHIEF

Randolph Scott, To Keene, Kathleen Burke, Noah Beery, Harry Carey and Kent Taylor play the leading roles in Zane Grey's "Sunset Pass," thrilling story of the West, coming to the Dixie Theatre next Wednesday.

The picture, packed from beginning to end with excitement, centers around a cattleman's association deputy who finds that the man he is tracking down is the brother of the girl he loves. Keene plays the role of the deputy; Scott the man he is seeking; and Miss Burke, the latter's

sister. Keene gets his clues to the fact that Scott is leader of a band of cattle rustlers when he voluntarily goes to prison and makes friends with the convicts to get them to talk. Out of prison, he goes to Scott's ranch and enters his employ. When he falls in love with Miss Burke, he gives thanks that as yet he has not found any real evidence against her brother. But it is at that very moment that he gets the evidence, and that he himself is revealed as a deputy. What follows brings the picture to a breathless conclusion.

Highlights of the film is a raging prairie fire and the consequent stampede of a tremendous herd of cattle. And there is plenty of hard riding and shooting, all the way through.

IN CHANCERY

The general object is to obtain for the plaintiff on the grounds of desertion a divorce a mensa et thoro; the same to be enlarged and made a vinculo upon the expiration of three years; and for general relief.

And an affidavit having been made and filed by the plaintiff that the defendant, David Preston Robertson, is not a resident of the State of Virginia, and that his last known address was Marine Barracks, Quantico, Virginia, though he was formerly from Atlanta, Georgia, to which plaintiff also desires a copy of order of publication mailed by registered mail, and an application having been made for this order of publication,

It is therefore ordered that the defendant do appear here with ten days after due publication of this order and do what is necessary to protect his interest in this suit.

And it is further ordered that a copy of this order be published in The Manassas Journal, a newspaper published and circulated in Prince William County, once a week for four consecutive weeks; a copy sent by registered mail by the Clerk of this Court addressed to the said defendant at Marine Barracks, Quantico, Virginia, and a copy of the same addressed to the said defendant, at Atlanta, Georgia, and that a copy be posted at the front door of the courthouse of said county, on or before the 4th day of September 1933; that being the first rule day after this order was issued.

GAYETY KEYNOTE OF DOUG'S NEW PICTURE

When Douglas Fairbanks cast about for an idea for his current production, "Mr. Robinson Crusoe," coming to the Dixie Theatre next Friday, Sept. 15, he demanded one thing. It must be a joyful subject that would prove not only entertaining in these days of long shadows, but carry an optimistic and hopeful note. Doug spent more than a year in serious contemplation before he hit upon his subject.

In a word, it is a tale of a modern Robinson Crusoe, who finds himself upon an uninhabited island. Instead of being depressed and giving up, he pitches in and makes the best of things through sheer grit and perseverance.

Gathering about him a band of co-workers, Doug set forth for the South Seas, and after cruising about for weeks selected an island far from civilization to work out the start of the story right on the ground. In the cast are William Farnum, long a star in his own right, Miss Maria Alba, Earle Browne and others. Edward Sutherland directed, and Tom J. Geraghty worked with the star on the story and dialogue.

"It is a joyful story of the South Seas," said Doug, "made in an earthly paradise of bubbling happiness, laughter and song . . . a romantic fantasy of today. Heretofore most pictures of life in the Islands have depicted the drab and the sordid . . . the staggering beachcombers, the wasters and ne'er-do-wells—unpleasant people in unpleasant surroundings and situations.

"The theme of the tale is keyed in the purposeful character of a modern Robinson Crusoe who tackles and meets every emergency with this thought: 'There's a way out.' In this is reflected a spirit of hope and optimism, a concrete truth that 'happiness is just around the corner.'"

COUNTY AGENT'S COLUMN

EMERGENCY HOG MARKETING PROGRAM

Objective—
Reduction in the marketing of hogs during the coming year by a maximum of approximately two billion pounds, as the first step in establishing a balance between the production and consumption of hog products that will make possible prices at a level comparable with the pre-war (1910-14) relationship between hog prices and prices of things farmers buy.

Method of Accomplishment
Special premiums to be offered farmers during an emergency period, not to extend beyond October 1, for a maximum of four million pigs between 25 and 100 pounds in weight and a maximum of one million sows soon to farrow, each not less than 240 pounds in weight, such sows to be plainly pregnant.
Schedule of Virginia Pig Prices at Baltimore

Price per Hundredweight
25-30 pounds \$9.00; 31-35 pounds \$8.75; 36-40, \$8.50; 41-45, \$8.25; 46-50, \$8.00; 51-55, \$7.75; 56-60, \$7.50; 61-65, \$7.25; 66-70, \$7.00; 7-75, \$6.75; 76-80, \$6.50; 81-85, \$6.25; 86-90, \$6.00; 91-95, \$5.75; 96-100, \$5.50.

Premiums for Sows
A bonus of \$4.00 per head, plus the market price for packing sows on day of sale on animal's full weight, will be paid for each sow which properly qualifies as being unmistakably near farrowing, and weighing not less than 240 pounds.

Sows so marketed will not be docked the usual number of pounds for pregnant sows.

Disposal of Resulting Products
Edible products from such hogs will be distributed in such a way as not to come in competition with meat sold in the regular trade channels.

How to Market Under Program.
Obtain permit to ship number desired in letter or telegraphic form

from commission firm on market, all shipments to be accompanied by this permit and the permit issued to original owner. The usual commission charges at the market are paid by the shipper.

J. L. Maxton of the Agricultural Adjustment Administration was in the county Wednesday, Sept. 7, assisting with the signing up of wheat applications.

W. C. Shackelford, district extension agent, was in the county last Wednesday and Thursday.

Prof. A. L. Dean, poultry specialist, V. P. I., gave poultry culling demonstrations this week at Danny Carter's, Independent Hill; C. R. Yates, Woodbridge, and Mrs. H. C. Woods at Woodlawn. Mr. Dean also spoke on the subject of poultry keeping at the September meeting of the Brentsville District Community Association Tuesday evening.

LOUDOUN CONSIDERS TRIAL JUSTICE PLAN

Loudoun County, Virginia, has under consideration the adoption of the trial justice plan which has been put in effect in Fairfax, Warren and Clarke Counties. The plan would eliminate the various justices of the peace courts and center all civil procedure at the county seat.

"He careth for you"

IT IS related of "Christian," in "The Pilgrim's Progress," that he began his journey to the Celestial City bearing on his back a great burden, but that it rolled away from him when he had gone far enough to behold the saving love of Christ. As we journey through this earthly experience, it seems sometimes as if we, too, were weighted with a heavy burden which we feel it is our duty to carry, although it greatly impedes our progress. What a relief it would be to get rid of this incubus, to learn that we may pursue our way unencumbered, and find all our needs abundantly supplied so long as we do not wander from the right path!

"Cast thy burden upon the Lord, and he shall sustain thee," said the Psalmist. Many instances of this sustaining love, experienced in ancient times, are recorded in the Bible, and many more might be recorded in our own day; for those who obey the Scriptural command, "Humble yourselves therefore under the mighty hand of God, . . . casting all your care upon him; for he careth for you," are learning that God does care for His creation.

Christian Science is teaching many a one to undo the heavy burdens of care and anxiety by gaining a clear understanding of what God really is. On page 465 of "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love." As we become conscious of the all-embracing, all-sustaining divine Mind, which is always present everywhere, the nature of which is wholly loving, just, and true, we lose the fear of being crushed by oncoming evils. So we become braver, for on every side we see evidences of the presence of good. Perhaps we had long ago been taught that God is Love, and now we can prove it. Even human parents would not willingly burden their children. Can the human be more loving than the divine? Is not God the source of all real love? Man cannot be more just, more loving, than his Maker. Cast your burden, all your care, upon Him, divine Love, "for he careth for you."

What is our special burden? Is it one of anxiety for our business, fear for its future and for that of our staff, our employees? Let us cast all our care upon divine Mind, for divine intelligence supplies us from day to day with the justice, honesty, resourcefulness, wisdom, courage, and opportunity which we need. Truth

corrects our mistakes, encourages our efforts for reform, and supports us, for He ever sustains all His children. Are we carrying a load of loneliness? Even if we are in a solitary place, divine Love is there to make the solitude glad with the revealing of that truth which the physical senses cannot perceive, to enrich our thought and lift it above self, so that we can emerge from our present condition with open arms and giving hands, happier and more useful than we have ever been.

Is poverty trying to crush out our freedom and our joy? Are we looking to material sources for supply? If so, we are finding but little. Let us look up; seek first the kingdom of heaven, and we shall find it, because it is just at hand. Then we shall find also enough of whatever is required to supply our daily need. But if both hands are holding on to burdens, how can blessings be grasped? We cannot grasp the blessing without dropping the burden. Which shall it be? Just for today let us reach out for the love, the joy, the peace which God is holding out to all, and our outstretched hands will let go their load. Let us keep reaching out for blessings, and we shall not be tempted to pick up again the burden we have dropped.

Are we weighted down by weariness, sickness, or pain? "Come unto me, all ye that labour and are heavy laden," says the healing Christ, "and I will give you rest. . . . For my yoke is easy, and my burden is light." Nor time, nor place, nor creed, nor race, is any barrier to the ever-present Christ. Let us accept the health and strength which we inherit as children of God, and face each day with confidence, "for he careth for you."

We need not let grief rob us of the smiles which we owe to our fellow men. God gives joy instead of mourning. He teaches us that Love alone is Life, the ever-present Life of all His vast creation. Rejoice always, because "he careth for you," and for them. In ancient times the Jews were allowed to carry no burden upon the Sabbath day. Let us resolve to keep every day holy, and to carry only what comes to us from the hand of divine Love. Then we shall be free and unburdened. We shall be free from the false sense of self, and so be better able to undo the heavy burdens of our neighbors, helping them to cast all their care on Love divine, gently reminding them that "he careth for you."—*The Christian Science Monitor.*

VIRGINIA GROCERS ORGANIZE

Grocers in every community in Virginia are being urged to organize local associations and affiliate with the new Virginia Retail Grocers and Meat Dealers Association, which was brought into being about ninety days ago to represent Virginia in the National Association of Retail Grocers in preparation of its new NRA code. The Association supersedes the old Atlantic Association which for many years represented Virginia grocers but which was dissolved some time ago, according to the Virginia State Chamber of Commerce, which is co-operating with the new association.

MASON MONROE CARTER

Mason Monroe Carter died at his home in Centreville, Fairfax County, Va., Aug. 29. He was born in Aldie, Loudoun County, Va., July 4, 1849. In February, 1876, he married Miss Isabell Gough of New Baltimore.

Besides his widow, he leaves five children, Mason L. of Fort Humphrey, Va.; Minnie Saunders of near Centreville; Eugene J. of Washington, D. C.; Carroll B. of Centreville and Ralph A. of Pennsylvania. He is also survived by nine grandchildren and three great-grandchildren.

The funeral services were held from his late residence, conducted by Rev. H. V. Council of Clifton, Va. Hiss pall-bearers were his grandsons, Carroll F., Mason F., Russell M. and Willard E. Carter, and his nephews, Russell and John Carter. Burial was in St. John's cemetery near his home.

SOIL EROSION CONTROL LED BY TERRACING

Thousands of acres of the best soil of Virginia are ruined each year by erosion, and Fairfax is one of the sufferers. Farmers have become despondent and losing courage in fighting off the depression, and as a result many acres are lying idle. It is upon these that erosion levies a heavy toll.

Another factor is the universal blunder of drilling grain, and cultivating corn up and down hill instead of around it. Planting and cultivating crops around the hill aids in retarding the rapid flow of water.

If farmers who have fields that gully badly will co-operate with the County Agent by sending in the number of such acres on their farm, and will agree to furnish the team and labor, it is more than likely that we

will be able to get free the services of a competent engineer and the machinery to do the terracing. Sunset Hills and other farms have arranged for demonstrations. If interested write the County Agent immediately.

DELAWARE COPIES STATE HIGHWAY MARKER KEY

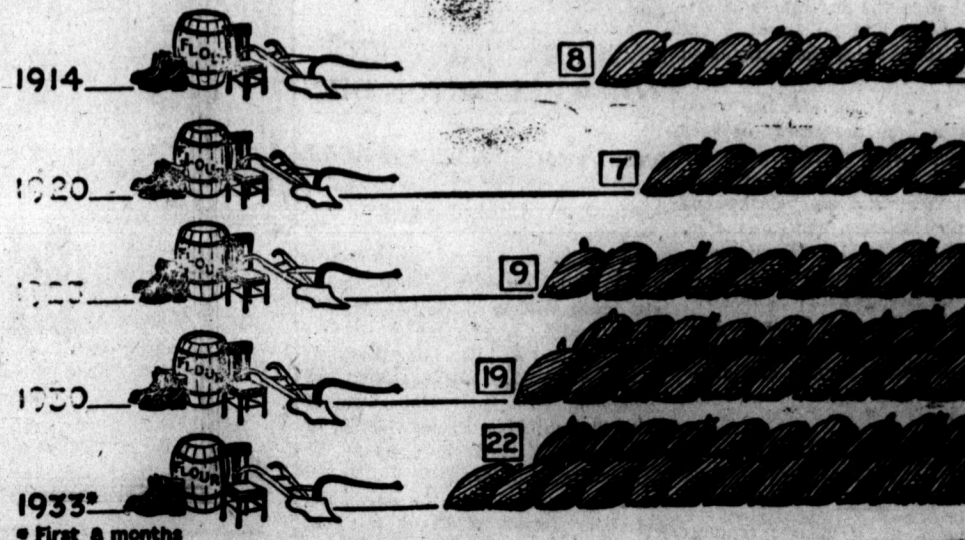

If imitation is the sincerest form of flattery, then Virginia has been complimented by the State of Delaware, which recently issued a booklet entitled "Guide to Historical Markers in Delaware," it was pointed out at the offices of the State Conservation and Development Commission.

Having adopted virtually the same form of historical highway markers as Virginia, Delaware has now published a booklet similar to the Virginia "Key to Inscriptions on Virginia Highway Historical Markers."

Buying Power of Wheat

Articles Farmers Buy

Cost in Terms of Wheat (Each sack holds 3 bushels)

GIVING wheat the same buying power that it had in the period before the World War is the goal of the Agricultural Adjustment Administration. This chart shows how big the problem is. In 1914 8 sacks of wheat would buy a pair of shoes, a barrel of flour, a chair, and a plow.

In 1925 it took 9 sacks of wheat to buy the same set of articles. In 1930 it took 19 sacks of wheat and early in 1933 it took 22 sacks of wheat. The cause of the low buying power is too great a supply. To remedy the situation, the Agricultural Adjustment Administration has begun a campaign asking farmers to reduce

their acreage for the 1934 and 1935 crops so that the return from 8 bushels of wheat will be once more what it was in the pre-war period, in its power to buy the goods which farmers need. The goal of the wheat administration is the 1914 basis, on which 8 sacks of wheat would buy the full set of goods pictured here.

FACE THE FACTS

Why worry about insurance when you can smile with us at the possibilities of property loss. Our rates are low—based upon the assessment feature.

Only once since 1869 have we had to call an extra assessment, and in the period from Jan. 1, 1920, to and including Dec. 31, 1932, the Company has paid out in fire losses over a quarter of a million dollars, without a contested claim.

We operate in twenty counties and serve over 3500 assured, giving them the benefit of mutual protection.

Our friends in Prince William are reminded that Mr. Tyson Janney, formerly of Occoquan and a former member of the Virginia House of Delegates, is President of our Company.

Change your worries to smiles by insuring in our strong, mutual company.

PICKETT CHARGES DECEIT IN REPEAL

Charges were made by Deets Pickett representing the Prohibition Emergency Movement in an address at Harrisonburg last night that repeal of State Prohibition in Virginia will cost the people sixty million dollars (\$60,000,000) a year.

"Even if the liquor consumption of this state is not in excess of consumption before Prohibition, \$60,000,000.00 will be taken from the pockets of Virginia citizens and diverted from the tills of Virginia trade to find a resting place in the overflowing coffers of beer manufacturers of Pennsylvania, Baltimore, Chicago, Milwaukee and St. Louis, to say nothing of the millions which will go to the dispensers of Kentucky and Illinois. The wets here are insisting upon flooding our state with booze and holding out the lure of the revenue to be derived from the liquor trade. It will be the most expensive revenue ever bought by any people. I here and now offer a better deal to the people of this state. If they will give me just one-half of the millions they will give the brewers and distillers after Prohibition repeal, I will refund to them twice the anticipated revenue.

"This ballyhoo for forcing upon the state a legalized traffic in beer and whiskey comes directly from the sidewalks of New York. New York can teach Virginia a great deal about merchandise, finance and commerce, music and art, but it cannot teach Virginia one thing about morals. The spectacle of Broadway and the Bowery, to say nothing of Chicago, telling Virginia what it must do in order to improve the morals and order of the state, is a sight to make the gods laugh."

WOODLAWN TO CAN FOR HOT LUNCHEES

The women of Woodlawn community will work with the 4-H club girls in the community canning for hot lunches. All who can are asked to meet at the school at 8:30 o'clock on Tuesday, Sept. 12, armed with paring knife, dish pan or boiler, tea towel, and apron, plus any of the following vegetables that are available: tomatoes, string beans, lima beans, corn, carrots, black-eye peas. The patrons who cannot assist with the work are asked to send vegetables.

Patrons of Woodlawn School who live in Brentsville and Bristow are asked to leave their contribution of vegetables for the canning at the respective schools.

BRISTOW

Mrs. Richard H. Lee has returned to her home, "The Hermitage," near Gainesville after a month's visit with her son and daughter-in-law, Mr. and Mrs. R. E. Lee at The Plains, Va., and other relatives in Fauquier County.

The recent storm have done much damage to corn and shade trees in the vicinity of Greenwich.

Mr. O. D. Ellis is quite sick at this time. His friends wish him a speedy recovery.

JOHN F. HIBBS

John Franklin Hibbs, 70 years old, died at 8 o'clock last Friday night at his residence, 323 South St. Asaph street, Alexandria, Va. The deceased is survived by his wife, Mrs. Edith M. Hibbs. He also leaves a daughter, Mrs. George W. Smith of Alexandria together with a sister, Miss Kate Hibbs of Round Hill, Loudoun County, and a brother, Humphrey Hibbs of Manassas.

The deceased was a native of Loudoun County, Va., and was one of the best known hardware men in this section of Virginia. For 36 years he was associated with Bain Brothers in that business at the southwest corner of King and Royal streets in Alexandria and upon the death of Virgil Bain last February he retired from active participation in business affairs.

His funeral took place at 9 o'clock Monday morning from his late residence and was conducted by Rev. E. W. Aaron, pastor of the M. E. church South, and Rev. Dr. E. V. Regester, pastor of the Del Ray M. T. church South, and commitment services were held at 11 o'clock at Lincoln, Loudoun County, Va.—Alexandria Gazette.

ESTEEMED RESIDENT OF WELLINGTON DIES

Mrs. Vetter Dies at Age of 72.

Mrs. Mary Elizabeth Vetter passed away September 4, at the age of 72 years. She had been ill about a month. She was the widow of the late Jacob Vetter, of Wellington, and is survived by eleven children as follows: Mrs. J. H. Langyher, of Washington; Mrs. J. J. Lamm, of Clarendon; Mrs. Q. S. Robertson, of Falls Church; Mrs. Frank Beeton, of Alexandria; Mrs. A. B. Coleman, of Halethorpe, Md.; Mrs. W. H. Maisel and Miss Laura Vetter, of Baltimore, and John Vetter, of Franklin Park; Charles, Arthur and Ernest Vetter, of Manassas.

There are twenty-six grandchildren and one great-grandchild.

The funeral was conducted Thursday at 10 a.m. at her late home and at 2 p.m. at Lebanon church. Mrs. Vetter had many friends in Prince William County and her passing is a matter of extensive regret.

Governor Decides to Look Into the School Situation.

Acting upon the repeated reports that sixty-seven of the hundred counties of Virginia are "broke," so far as their school funds are concerned, Governor Pollard yesterday announced that he would launch an exhaustive investigation of the situation. The purpose of the study, Governor states, will be the accumulation of reliable facts for the guidance of the legislature this winter at its regular session.
