STATE CHAMBER REGROUPS WORK

Fire Research Committees Appointed.

A sweeping reorganization of the work program of the Virginia State Chamber of Commerce was effected here today by its board of directors, which met and determined upon immediate study and reestimate of Virginia's tax, school and road policies, and created five committees to conduct a series of research studies in these fields and in the fields of industry and labor and zoning and land utilization. The action of the board in adopting an entirely new program of work for the organization gives the State Chamber its third new program in the eleven years of its existence.

The new program is divided into five parts and is the result of several months of study in the part of the directors, who turned out almost 100 per cent to effect the reorganization. In brief, the program follows:

Reconsideration of the entire tax system of Virginia, state and local. Analysis and evaluation of actual and potential revenue sources in relation to revenue needs. Survey and appraisal of business license taxation, and review of sales tax experience in relation to a balanced system of taxation for Virginia. Investigation of tax delinquency, and consideration of tax administration efficiency.

Survey of the status of the reorganization of the state government. Study of means for increased efficiency and economy in state and local government. Estimate of possible gains from county consolidation.

Study of the structure of the system of public education in Virginia, and analysis of the state's program for elementary, secondary, and higher education in light of present-day needs. Review of school financial policy, and consideration of the extent of public responsibility for free education. Study of application of practical industrial, commercial, agricultural, and home economics training in the public schools of Virginia.

Study and appraisal of highway construction and maintenance policy and needs. Weighing of the principles of building for traffic safety in future program highway design, and formulation of a definite and sound financial program for future highway construction and maintenance in Virginia.

Study of the industrial and employment trend and outlook in Virginia, and formulation of a forward-looking industrial program for Virginia in relation to friendly and co-operative employer-employee relations, employee efficiency, industrial safety and health, workmen's compensation benefits, employment and retirement insurance, employee home ownership, and occupational training.

Study of industrial zoning and stream pollution in Virginia. Formulation of a program for submarginal land use in relation to conservation and development of soil, water, and timber resources, and with reference to readjustment of population distribution and the establishment of public recreational areas.

The directorate also returned C. W. Newman, of Norfolk, to the position of director of Research, which he formerly held before being shifted to other work and adopted resolution favoring the establishment of steamship service between the Port of Norfolk and the Ports of Houston and Galveston, Texas. The resolution urges the Interstate Commerce Commission to permit the Southern Pacific Company the right to establish this new service and backs up the State Port Authority of Virginia, which has also endorsed the application of the Southern Pacific Company.

The board accepted the invitation of the City of Charlottesville to hold the annual meeting of the membership of the Virginia State Chamber of Commerce at Charlottesville on February 7, 1935. The invitation was extended by Dr. W. D. Haden, Mayor of Charlottesville, president of one of the city's financial institutions and a director of both the State and local chamber.

SCHOOL PARTY

A Halloween party will be given by the Buckhall Community League at the school house on Wednesday evening, October 31. There will be contests and prizes. Refreshments. Fun for everyone. Come in costume. The admission fee will be less.

JUNIOR WOMAN'S CLUB TO GIVE PLAY

The splendid performance of the play staged by the Junior Woman's Club last year is to be repeated on November 23—Friday night, and this play is expected to even outshine the former one.

Miss Esther Warren Pattie, president of the club, appointed Miss Meaker Burke as the play chairman, at the October meeting. The ability of Miss Burke in handling this project was given the highest praise by Miss Pattie when appointing her as chairman. Miss Burke called a meeting of her committee on Saturday evening, the 13th, and many details were settled by this group. Chairmen of the plays will be announced at a later date, as all have not yet been selected. The cast committee has, however, started to work and a cast for the play is taking on a very bright aspect.

The directing will be done by the members of the Junior Woman's Club and all other details that are possible will also be executed by the members, who are a very talented group of young ladies.

Watch for the name of this play—it will be announced in a future edition of the paper.

The directorate also returned C. W. Newman, of Norfolk, to the position of director of Research, which he formerly held before being shifted to other work and adopted resolution favoring the establishment of steamship service between the Port of Norfolk and the Ports of Houston and Galveston, Texas. The resolution urges the Interstate Commerce Commission to permit the Southern Pacific Company the right to establish this new service and backs up the State Port Authority of Virginia, which has also endorsed the application of the Southern Pacific Company.

DREWERY STARTS HIS CONGRESS CAMPAIGN

Hon. P. H. Drewery, of Petersburg, congressman for the Fourth District, which includes Buckingham, Appomattox, and Cumberland Counties, began his campaign for re-election in Warminster when he addressed a large crowd assembled for the opening of the October term of the Circuit Court.

Mr. Drewery has only two opponents in the election. One is a woman and the other a socialist. He said he knew nothing of either one.

Appomattox, Buckingham and Cumberland Counties were in the Seventh District before the state redistricting took place. Joel Flood, of Appomattox, is expected to be a candidate for the State Senate in place of the late Senator S. L. Ferguson, of Appomattox.

STATE TREASURER DIES

Hon. John M. Purcell, State Treasurer of Virginia, died at his home in Richmond on Tuesday, Oct. 16, after a long illness. He had been working in the office of the State Treasurer since he was a boy.

JUNIOR WOMAN'S CLUB HOLDS MEETING

The October meeting of the Junior Woman's Club was held on Oct. 1 at the home of Mrs. J. P. Lyon. The meeting was opened in the usual manner by the president, Miss Esther Warren Pattie. After the reading of the minutes and the secretary's report, matters pertaining to old business were discussed. A budget for the year was adopted, and the various other committees reported. Many new plans for the year were brought to the attention of the club, and the program committee read the topics to be discussed at the future meetings during the year.

Plans for the play to be given in November were the subject of much discussion, and the play chairman appointed. The script of the play was scanned and much interest displayed about it.

The Juniors were very much honored to have as their speaker of the evening, Dr. Eli Swavely, who very informally talked to the club in a round-table fashion on Parliamentary Law. The club members expressed their interest and asked Dr. Swavely questions about which they were in doubt. Everyone enjoyed Dr. Swavely's enlightening talk to the utmost, and have hopes that he will speak again to the group.

Mrs. Paul Cooksey, president of the Senior Woman's Club, and junior advisor for the fourth district, was the guest of the club at the meeting.

Miss Susan Gibson and Miss Mary Lynch were present as new members, and after the usual business was transacted the meeting was turned over to Miss Meaker Burke, who presided over a mock initiation. These girls were required to wear a large kitchen apron with shoes of different pair for one week. This initiation was very clear, and the laughter was long and loud.

Mrs. Lyon, the ever-helpful sponsor, acted as hostess for the evening, and served a delightful refreshment. Enough cannot be said by the club in the praise of Mrs. Lyon, and it was with much reluctance that the members departed homeward.

WILL VISIT LINTON HALL

Tomorrow evening the Kiwanis Club will journey to the Catholic School at Bristow where they will be the guests of Sister Benedict. A good turn-out is urged.

Last Friday evening, Bob got back from the meeting at Richmond but had no chance to make a report of his activities.

The program was greatly enlivened by a number of piano selections by Miss Bogarth, of the Bennett faculty. The club joined in the chorus of one or two.

ADEN WOMEN TO SEE CHICKEN CANNED

The canning of chicken will be the topic for demonstration at the October meeting of Aden Home Demonstration group which will be held at the school building on Wednesday, October 24, beginning at 1:30 o'clock. The public is cordially invited to attend.

SUSAN HUTCHISON

Fell asleep, Susan Hutchison, widow of the late Captain Westwood Hutchison, C.S.A., at her late residence in Manassas, Tuesday, October 16. Services are being held this afternoon at 2 p.m. with interment to follow at the family burying ground, Prospect Hill, near Hickory Grove. The entire ministerial association of the town will attend. Rev. J. Murray Taylor, a former pastor, will officiate. Assisting him will be Revs. T. D. D. Clark, C. W. Trainham, John Sowers, A. S. Gibson and others.

PRESENTS PLANS FOR ROLL CALL

Red Cross Chapter Hears Reports by County Nurse and County President.

The Nursing Activities committee of the Prince William County Chapter, American Red Cross, met on Friday, Oct. 12, at the home of Mrs. H. A. Russell in Cherry Hill. The following ladies of the community were present to assist Mrs. Russell and meet the committee members: Mrs. Dora Rison, Mrs. Elizabeth Waite, Mrs. Frances Carney, Mrs. Ada Carney and Mrs. Clara Riley.

After the usual business session, Miss Sabina Neel, county nurse, gave a brief report of her work for the month, followed by a general resume of her activities since July 1. During this period she had traveled 4,983 miles in addition to help given through her office, working on the various phases of her program.

She told of an eye clinic to be held in Manassas this month at which some 30 or 40 children will be examined for defective vision by Dr. Fox of Fredericksburg.

Plans for a chest clinic also are in progress. This clinic will be held during the week of October 29. Miss Neel strongly urged the buying of T.B. seals, as she explained that funds from the seal sales are used in the county to defray the expenses of the chest clinics as well as to pay hospital and sanatorium expenses of those found suffering from T.B.

Plans for the Red Cross roll call were presented by Mrs. W. L. Lloyd, chapter chairman, and all committee members urged to make a greater effort to increase membership in order that the chapter's financial assistance to the nursing service may be maintained. The goal for the chapter this year is 500 members. Cherry Hill has always been at the top of the list in percentage of residents enrolled.

The following members of the nursing activities committee were present: Mrs. J. P. Lyon, vice-chairman, of Manassas; Mrs. W. M. Johnson, Mrs. W. L. Lloyd, Mrs. O. M. Douglass, Miss Bessie Cornwell, Mrs. F. H. E. Dickens, Mrs. Joe Hale, Mrs. Wallace Dawson, Mrs. Egbert Thompson, Mrs. Jack Piercy and Miss Sabina Neel, county nurse.

SILVER WEDDING ANNIVERSARY

On Sunday, October 14, a silver wedding anniversary dinner was given in the honor of Mr. and Mrs. Samuel L. Lightner of Clifton Forge, Va., at the home of Mr. and Mrs. Robert S. Ayre, Manassas.

At the dinner, which was enjoyed by everyone, Mr. and Mrs. Lightner were referred to as the bride and groom. Each of the place cards contained a little verse in keeping with the occasion.

Other guests in attendance were: Mr. and Mrs. Wm. E. Trout, sr., of Baltimore, Md.; Mr. and Mrs. J. B. Monroe, of Manassas; Mr. and Mrs. J. W. Ellis, and their son Gordon, of Nokesville; Mr. and Mrs. L. W. Wallace, of Washington, D. C.; Mr. and Mrs. Thos. Fately, of Alexandria, Va.; Miss Pauline Eutsler, of Washington, and Mr. E. M. Ayre, of Manassas.

CHILDREN'S CLINIC WITH X-RAY

During the week of October 29 in the Court House at Manassas, Va., will be held a free clinic for the diagnosis of tuberculosis in children, by Dr. Charles Savage of the State Health Department. This clinic will be in co-operation with the physicians of the county.

Children who are living in the homes with cases of tuberculosis should be examined, either by their family physician or the clinic clinician. To be examined in the clinic, you must first get a written request from your doctor for this examination, and then see the tuberculosis nurse in your community for an appointment. All children desiring to obtain complete examination must report to the clinic on Monday.

LEGION POST SEATS OFFICERS

Spirited Drive to Be Made For New Members.

Thursday evening, October 11, at the Town Hall, a regular meeting of Prince William Post 158 was turned over to installation of officers, elected for the coming year. Commander Howard W. Jamison; first vice-commander, Dr. Stewart McBryde; second vice-commander, Marshall Haydon; adjutant, Margaret Lynch; sergeant-at-arms, Wm. Hanlon; chaplain, Peyton Larkin.

After the installation services at the Town Hall the members and guests were invited to the Prince William Hotel to spend several social hours.

A state-wide drive is being made for membership at this time, and Captain John Haggerty brought before the Post some very interesting points to enable a more popular membership through the State. The Prince William Post No. 158 is considering challenging Warrenton Post to develop more members and a better Legionary spirit in this county.

Among the guests who attended the meeting were State Commander Robert L. Insko, Lorton; Captain W. Haggerty, USMC; 8th District Commander, Quantico; Charles B. Rousseau, Department Vice-Commander, Williamsburg, Va.; W. Glenn Elliott, Dept. Adjutant, Richmond, Va.; Capt. D. A. Byfield, USMC, Quantico Post No. 28; Sgt. W. A. McArthur, Adjutant Post No. 28, Quantico; Capt. Swindler, USMC, Quantico, Va.; and Lieut. Smith, USMC, Quantico.

DEMOCRATS EN- JOY BARBECUE

Many From Prince William Attend Rally at Fairfax.

Last Tuesday a crowd variously estimated at from 1200 to 2,000 attended the first giant barbecue given by Fairfax Democrats in many, many years. The affair was staged on the old fair grounds which has been the scene of many happy gatherings on other occasions.

President Edward Jones, of the Young Democrats, presided. The address of welcome was made briefly by Chairman Buckley, of the executive committee of the county. The introduction of State Senator Cecil Conner, of Leesburg, followed.

His address and that of Judge Smith's which followed were chiefly devoted to a defense of the New Deal. Judge Smith went into somewhat greater detail, noting many actual methods of assistance which had been given distressed home and farm owners and to business men. The speaker related by name several of the new agencies which have been created and some examples of what they had done already and were preparing to push ahead.

No other form of a political "get-together" could have been arranged which would give a more healthy opportunity for intermingling of friends and neighbors and also to learn something about national politics. A hundred years ago no campaign would have passed without one or more barbecues but in the last half century there has been an increasing dearth of such affairs until they passed entirely into oblivion.

Two years ago the executive committee of Prince William staged a most successful meeting at the old courthouse at Brentsville which was attended by as large a crowd as was present last night. Interest was much keener then as the national election was about to be held. This is one more source of congratulation for Fairfax Democrats, and especially those of the Young variety, that they could muster so much interest in an off year. It would seem that the reaction would give Congressman Smith a healthy vote of endorsement next month.

ODD FELLOWS TO MEET

A delegation of Manassas Odd Fellows journeyed to the ancient town of Dumfries Thursday evening, Oct. 11, to witness the conferring of the First Degree on seven new Odd Fellows.

J. W. Smith, D. D. G. M. of District No. 20, has called a council of the past grands of the district to meet at Highland Lodge Tuesday evening, Oct. 30, for reorganization and other business.

CATHARPIN

Now that the Piedmont Dairy Festival is over and Dizzy Dean has settled the baseball championship, the next big event to occupy the attention of the general public is the Sudley Bazaar, dinner and supper to be held on Thursday, October 25, beginning at high noon, Eastern standard time, and continuing until everything is sold out or eaten up. Y O U are cordially invited.

Well, Catharpin awoke on Saturday morning last to find the thermometer registering 34, which was the lowest it has been since the last time it was that way, but just when that was we shall allow you to find out for yourself since we have not time to hunt it up for you. At any rate it sent the shivers up and down our collective spinal cords and set everybody discussing just how much and what damage the frost did to the sweet potatoes, pumpkins, etc. It was also a gentle reminder to all of us who have no anti-freeze in our limozines to begin draining them for fear of a freeze-up some of these fine mornings. "A hint to the Wise" is hardly ever sufficient.

Mrs. Etta P. Lynn is sojourning in Washington this week visiting her daughter, Mrs. A. L. Webb, of that city.

Mrs. Mary Pattie Briggs has closed up her work as garden supervisor of Prince William County and has joined her husband in Washington where they have gone to housekeeping. Mr. Briggs is now a motorman on the electric line in the capital city.

Mrs. J. H. Akers of Rock Hill entertained the Missionary ladies at her home last week and a new "Dresden Plate" is the result. Cool weather will soon be here; in fact "Old Man Weather" stuck his nose around the corner last Saturday morning, so there is nothing like due preparation to meet coming events. The Missionary ladies try to keep one or more quilts at the Stone House Inn all the time where Mrs. George H. Ayres disposes of them about as fast as they can be produced. This service on the part of Mrs. Ayres is very highly appreciated indeed.

The Rev. Mr. Sapp preached his first sermon of the new conference year at Sudley and Gainesville last Sunday morning from the text—"Moses my servant is dead; now therefore arise, go over this Jordan." The sermon was replete in good thought and excellent in its forward look for the new year. His people are glad for his return, which of course they were expecting.

Miss Emma James of Washington returned to her home last week after a fortnight's visit with Mr. and Mrs. W. Holmes Robertson of Lawn Vale.

Now that the Secretary of Labor, Miss Perkins, has her new fall hat, the ladies of the Catharpin and Sudley neighborhoods are all in a flutter. "To get or not to get" is the all-absorbing question. The big thing in the way is the price. With Miss Perkins, "price" does not figure. She had worn her "tricorn" so long that a millinery establishment presented her with a new one which has been editorially described by one of our great city dailies as "one of those indeterminate, mugwumpish affairs turned up on one side and down on the other." Now the society ladies around in this section are not "rakish" with their delineated head-gear; they don't want one side turned up and the other turned down; what they don't want is that both sides be the same—both up or both down—so that a balance equilibrium can be maintained. You know Catharpin goes in for a "balanced ration" in both food and clothing; so these new flub-dub styles are scrutinized very closely before they are adopted. Well, jokes aside, Miss Perkins has far more good, common sense than the "Society Mangers" give her credit. You know there is a "bureau" in all dress departments whose business it is to inaugurate new shapes, styles, cuts, etc., every quarter and then announce through advertisements that "such and such a shape, cut or style" will be worn. The whole motive is to make the owner of a ninety-old creation feel that her headgear is so fearfully, woefully and wonderfully "out of style" that she must throw the "old thing" away and buy a "new, modern creation" in order to relieve her mind of an antediluvian atmosphere. The money that is spent each year in "keeping up with the Joneses" would pay off the National debt in short order. Give Miss Perkins credit with having the good sense to ignore such stuff. Queen Mary of England is another woman who has the gumption to do the right thing and set a proper, economic example before her constituency. The exercises of a little good, hard, common sense once in a while might save us a "pretty penny."

Now then, lest you forget, we risk to our feet and again remind you that next Thursday, October 25, beginning at 12 M Eastern Daylight Savings "Standard" Time, is the day of the Sudley Bazaar, Dinner and Supper. Now DON'T forget it; we shall be LOOKING for Y O U.

"HAUNTED GOLD" IS THRILLER

"Haunted Gold," the Four-Star Western at the Dixie Theatre in Manassas tomorrow, has more rip-snorting action, more honest-to-goodness thrills, and more fun in it than half a score of ordinary pieces. It is different, and John Wayne as the rough-riding, straight-shooting hero, and Sheila Terry as the pretty maiden waiting to be rescued, are both just as they should be. Others in the big cast are Erville Alderson, Harry Woods, Otto Hoffman, Martha Mattox, and the negro actor, Blue Washington.

Hero and heroine are brought to a California "ghost town" by means of a strange message each received about their interest in an abandoned gold mine. Ryan, a bad man, whose father had railroaded Sheila's father to prison, after swindling him out of his half interest in the mine, also comes with his gang to the deserted village. John and his black man, Friday, lure Ryan into a hard-fought fistic encounter, in which the latter is forced to sign over Sheila's share in the mine. This is only the beginning.

Tables turn, the hero is now the prisoner. The mysterious "phantom" who knows the underground way to the hidden treasure is discovered, and made to lead Sheila through the cobwebbed dark. Once near the haunted gold, she discovers that the phantom is her father. The hero arrives on his white horse, swings across a chasm on the crane which leads to the mine entrance. The horse is sent back alone to get the hero's ranchmen.

The Ryan gang are driving helter-skelter over the hills with the money bags when overtaken by the hard-hitting John, who knocks Mason out and rescues both girl and gold. This is a bare outline of the breath-taking sequences of "Haunted Gold." The crowd will raise the roof at this one. Don't miss it.

KAY FRANCIS DRIVES FLIVVER TO KEEP HER FEET ON THE GROUND

Kay Francis, star of the Warner Bros. picture, "Doctor Monica," showing at the Dixie Theatre in Manassas next Monday and Tuesday, always drives a flivver instead of the more pretentious models she could easily afford. And the reason she gives is that she finds it the surest way, mentally speaking, of keeping her feet on the ground.

"Keeping one's feet on the ground," said Kay, "is important anywhere, and nowhere more so than in Hollywood and the motion picture business."

"I personally have never cared for the limousine attitude toward life, as you may call it, which so many people think it necessary to assume the moment they become successful. Success is such a fragile, fickle thing, anyway, particularly on the screen. And in Hollywood, especially, the temptation to try to live up to some success that has come to one suddenly and may disappear just as quickly, is overpowering unless you keep your feet on the ground every minute."

"I enjoy driving the simplest car I can find, too, because of the freedom it gives me. The greatest luxury in life, I think, is being able to be one's self and do exactly what one pleases, at least for a certain part of the day. You can't do that when you're trying to live up to a lot of imaginary ideas of your own importance, whether the ideas are your own or someone else's."

In "Doctor Monica," Miss Francis has the role of a professional woman who has a terrific battle to hold her husband's love. Others in the cast include Warren William, Jean Muir, Verree Teasdale, Philip Reed and Emma Dunn. William Keighley directed from the screen play by Charles Kenyon.

...that's why both heavy-haulers and light are changing to the new Ford V-8

"I cost us plenty," writes an Oklahoma transfer company, "to believe that only large, high-priced trucks were suited to our business."

The country-wide swing to the new Ford V-8 Truck by users of "Big equipment" is one of the most convincing endorsements a truck has ever had. It is evidence you should look into regardless of what your trucking problem may be.

The new Ford V-8 actually meets 90% of all trucking requirements. Get the facts yourself from haulers in

this section. "Power enough for almost any load." "Makes faster time." "Mudholes can't stop it." "More speed on hills." "No trouble with brakes or clutch." That's what these local Ford-users will tell you.

This sounds like high-priced trucking. But we want you to check cost-sheet figures for gas, oil, repairs, replacements. They show that the new Ford V-8—one of the lowest cost trucks you can buy—actually operates at a lower ton-mile cost than a "47"

CHRIST FOR ALL—ALL FOR CHRIST
The Daily Bible
 BIBLE THOUGHT AND PRAYER
 If parents will have their children memorize the daily Bible solutions, it will prove a precious heritage to them in later years.

For in many things we offend all. If any man offend not in word the same is a perfect man, and able also to bridle the whole body.—James 3:2.

THE YEARS AHEAD

The primary ambition of all men is to assure adequate economic protection for themselves and the dependents in the future.

Of the many who aspire to that, few achieve it. An overwhelming percentage of men become penniless dependents in old age, and must be sustained by relatives or organized charity. Many such men were once wealthy. Many more once held good jobs, which provided substantial surpluses above the income necessary for livelihood. Many managed to build up sizeable estates, only to see them swept away by one financial cataclysm or another. That was the case even before depression, and during the last few years an indefinitely greater than normal number of people have faced the tragic problem of approaching old-age without money or savings.

The aim to be followed in any savings plan is security, rather than profit—small dividends from investments which offer maximum protection to principal, are far better than possible large profits from unsafe investments. Many excellent savings plans are offered to persons of all earning capacities—plans which permit the investment of a dollar a month or a thousand dollars. Life insurance, through its various types of annuity and investment policies, is one of the best, as its fine record during the last five trying years has demonstrated. While businesses went under, estates were dwarfed or disappeared, and investments that once seemed iron-clad were swept away, that institution carried on as usual. Whatever the plan, every man should prepare for old age. Dollars that are earned with comparative ease today will come hard indeed when the period of greatest productivity is over. Think of the years ahead.—Winchester Star.

A NOTABLE CAMPAIGN

The November election in Virginia this year amounts to little more than a mere legal requirement in order to qualify our Democratic candidates for the Senate and for the House of Representatives. Regardless of their respective opinions as to the various features of the New Deal program, Democrats in the Old Dominion will cast the usual overwhelming majority on November 6.

In many States, however, a hot fight is being waged and among these, one of the most notable campaigns is in Nebraska, between Congressman Edward R. Burke, who defeated Governor Charles Bryan in the Democratic Primary, and his opponent, Robert G. Simmons. Burke is a national figure in Congress and his defeat would be the occasion of regret, even in Virginia, for he has been a staunch Democrat of big caliber and his retirement would be a loss to the Party and to the Nation.

It would appear, however, from this distance that the distinguished advocate of the New Deal will win. The Roosevelt Administration is doing big things in the drought-stricken area involved, not only in the way of temporary relief, but along permanent lines, such as great water power projects on the Platte River and elsewhere. The people are not likely to vote against concrete development in favor of abstract campaign generalities.

The Nebraska campaign has passed the proportions of a local fight. The New Deal itself is on trial in a region where its works have been exceptionally notable and the eyes of the Nation are focused for the moment upon the distinguished combatants. Being far enough away to get a bird's eyeview of the whole State, it would appear here that Congressman Burke will become the Junior Senator from Nebraska.

ANNOUNCES SPEAKING SCHEDULE

John Locke Green, Republican candidate for Congress, has announced the following speaking schedule for the remainder of his campaign. All meetings open at 8 p.m.

 Charlottesville, Courthouse, Oct. 25.

 Mr. Green spoke at Culpeper on Friday evening at which time he hotly assailed the New Deal declaring it to be a "Moscow" road. He also asserted that the fight is one "against an un-American form of Government—against socialism, communism and anarchy."
 The address was made in the Municipal Building and was heard by quite a large gathering, this being his boyhood community and where he is well known and liked.

THE WORN OUT FARM

Encompassed by a wilderness of briar and thorn,
 Its garden over-run by noisome weeds,
 The home round which glad children played
 Stands all a-wreck and Ruin claims it for his own.

The toppling chimney tells of home-fires dead,
 The shattered pane, of light that failed;
 The unhinged door unto the broken hearthstone
 Now admits the ghosts of those forever gone.

Of cruel tragedy the ruin speaks,
 Of blighted hopes, of unrequited toil;
 And he who for the cause or reason seeks
 Needs but to ask the worn-out barren soil.

The fields, once fruitful and benign,
 Sparse weeds now yield where once grew golden grain;
 Their guttered furrows of old age—the sign
 That points where all their youth and strength have gone.

"Man marks the earth with ruin,"
 sang the bard,
 A ruin that engulfs him and his own;
 Escape it yet he may by striving hard,
 With knowledge as the saving power alone.

Oh, foolish man of high or low estate,
 Through ignorance or lack of vision clear
 Destroying his most precious heritage,
 Destroying his Hereafter and his Here!

Up, valiant souls who know the race's need,
 Proclaim the truth and faint not while you toil;
 Write plain the words where all who run may read:
 The Nation's life-blood springs from out the soil.

SCHOOL FIRES

At this season of the year when fire prevention is being brought to our attention, seems an especially good time to consider the danger that is always present from fires in our schools.

We read of disastrous fires in other places, perhaps even loss of life and are horrified at that such things can happen in these days of fireproof buildings, and safety devices, but the days are filled with other stories that attract our interest, and we feel that this terrible thing could not happen in OUR community, and the mental picture loses some of its vividness. It is what a disaster comes to our neighborhood that we are shocked into action, that is often too late.

As appalling and unbelievable as it may seem we are assured by statistics of the National Board of Fire Underwriters, that schools continue to burn at the rate of FIVE A DAY. Statistics also prove that there has been the loss of four hundred and seventy-one lives in school fires in the past decade, this does not include by any means all of the fires that have caused serious injury, and that it was only by the most fortunate circumstances that there was not serious loss of life.

Parents and guardians are naturally supposed to do all in their power to see that every safeguard at their command is used in the schools, but it certainly is the public's responsibility as well, that our neighborhood is not the scene of a holocaust that must fill every citizen with horror.

Out of a total of recorded school fires and where there were fatalities, 252 had inadequate exits that was the contributing cause to the loss of life, for even a stairway and exit that in normal times may serve the needs can become a trap that has caused the lives of hundreds of panic-stricken children.

Frame buildings, inferior construction, and floors well saturated with oil from years of use readily become a seething furnace in a few moments time as has been readily proved in past catastrophes.

That fire drills as practiced in the modern school, and the coolness and often heroism of the teachers has saved a vast number of lives is an undisputed fact, but one can never know what the reaction of a frightened group of children will be in an emergency, and it certainly is the duty of every citizen to see that the children of the community have school rooms built and equipped for fire resistance as far as human skill can make them.

DEPOSITS INSURED
 BY
The Federal Deposit Insurance Corporation
 WASHINGTON, D. C.
\$5000 MAXIMUM INSURANCE FOR EACH DEPOSITOR \$5000

The Peoples National Bank of Manassas has received from the Federal Deposit Insurance Corporation at Washington the official signs which will hang at all receiving windows as visible evidence that the depositors of this institution are insured.

The Peoples National Bank of Manassas is one of more than 14,000 licensed banks in the country which are receiving these signs. Insured banks are able to offer protection to their depositors up to \$5,000. Statistical studies have shown that this maximum fully protects more than 97 per cent of all the depositors in insured banks.

"The purpose of the signs is to let depositors know which banks are insured. Heretofore, although 90 per cent of the licensed banks are insured, depositors have had no easy means of identifying them.

"If, by any unforeseen circumstance, an insured bank should suspend, the Insurance Corporation would begin paying off the depositors just as soon as a receiver was appointed for the closed institution. The depositors would receive their money in a few days instead of waiting months or years as was the case in the former method of liquidation. This is not only a benefit to the depositors, but it saves the community from a terrific economic and social blow. When the depositors receive their insured accounts they assign their claims to the Insurance Corporation. Thereafter liquidation proceeds on a business-like basis with the maximum chance of the Corporation and other creditors being paid in full."

PIONEERS ENJOY RICHMOND MEETING
More than 100 telephone pioneers from all parts of Virginia assembled in Richmond October 5 and 6 to organize Old Dominion Chapter

Number 43 of the Telephone Pioneers of America, according to Charles H. Weber, general manager of The Chesapeake and Potomac Telephone Company of Virginia himself a Pioneer and charter member of Old Dominion Chapter. Charles Gantt Harris,

of Richmond, was unanimously elected president of the chapter for the coming year. Other officers, also named by unanimous vote, were James B. Pearce, of Norfolk, vice president, Albert S. Tanner, of Richmond, secretary and treasurer, and Harry Graham Breckenridge, of Leesburg, Mrs. Mary Bagley, of Danville, and M. Carl Richards, of Roanoke, members of the executive committee. The chapter adopted a constitution and by-laws.

John C. Koons, of Washington, vice president of the Chesapeake and Potomac Telephone Companies, presented the new chapter's charter to Mr. Weber, who presided at the opening meeting. John A. Remon, president of Alexander Graham Bell Chapter, of which Old Dominion Chapter was formerly a part, was also present. Mr. Remon, who is now general manager of The Chesapeake and Potomac Telephone Company, at Washington, formerly occupied a similar position at Richmond and is well known in Virginia.

The members of Old Dominion Chapter have a combined service in the telephone industry of more than 3,600 years, an average of more than 28 years of service for each Pioneer. Organized in 1911 for the purpose of sharing the comradeship of joint achievement and perpetuating the traditions of the industry, the Telephone Pioneers of America have grown from a national membership of 687 to 23,286.

Membership of the new Pioneer Chapter were entertained at a luncheon and an informal buffet supper, and made a sightseeing trip to William, Jamestown and Yorktown.

Among the members of old Dominion Chapter are A. W. Cislser, Jerome B. Dorman, J. L. Howard and H. C. Lusby, of Clarendon, and Arthur J. Potter, of Falls Church.

YOUNG DEMOCRATS OF DISTRICT TO RALLY AT CULPEPPER
 Plans for a huge rally of Democrats of the Eighth Congressional District in Culpeper, Friday, October 26, under auspices of the Young Democratic Clubs and in interest of the candidacies of Sen. Harry F. Byrd and Rep. Howard W. Smith, were announced in Alexandria Tuesday by James R. Duncan, chairman of the clubs of the district.
 Among those who have been invited to attend and speak in addition to Sen. Byrd and Rep. Smith are Gov. George C. Peery, Lieut. Gov. James H. Price, Sen. Carter Glass, John Galleher, of Leesburg, State president of the Young Democrats, Attorney Gen. A. P. Staples and T. McCall Frazier.
 The rally, the first since the district was enlarged by the recent re-districting act, will open with a banquet at 7 p.m. From 8 to 10 there will be speaking, followed by dancing. All the clubs in district are co-operating to make the demonstration a success and every Democrat has been invited to take part.
 While the opposition to the two candidates in the election Nov. 5 is not considered serious, the Young Democrats are making every effort to get out a large vote that day as evidence of the section's support of President Roosevelt and his "New Deal" policies.

"LAWLESS VALLEY" BEST TO DATE FROM CHANDLER
 With a rip and a roar of action, Lane Chandler, cowboy picture star of the western plains, is coming to town with a new pictorial version of his latest feats of horsemanship, marksmanship and general all round ability as a battler in "Lawless Valley," a new story of the West and its men, and women.

"Lawless Valley" will be the chief attraction at the Dixie Theatre in Manassas next Friday and Saturday, Oct. 26 and 27.

Chandler is noted for the amount of action he injects into his pictures, but seldom has he, or any other star of the west, let go in the manner in which he does in "Lawless Valley." Stunt after stunt, fist fight after first fight, gun battles following atop one another, Chandler is in there every minute giving his fans more than they expect in the line of thrilling action.

And his cast of supporting stars are not far behind him when it comes to hitting on all six cylinders of action. Dick Cramer is at his scowling best, J. P. McGowan, swinging from behind the megaphone to in front of it as he alternates between directing the picture and acting in it, runs Chandler a close second for action honors. Then there is Gertrude Messenger, who proves she can fight as well as love, doing both with equal efficiency as the heroine who twice rescues her hero.

The story of "Lawless Valley" shows Chandler in the role of an investigator for the Cattle Men's Association who is out to clear up a cattle rustling mystery that has developed, and it is in the performance of his duty that all the fights and chases develop. It's hot stuff.

U. S. CAPITAL LEADS WORLD IN TELEPHONES

Telephone development among world capitals shows Washington leading with more than 33 instruments for each 100 people. On the North American continent, Ottawa, Canada, is second with nearly 19 telephones, while Mexico City has about five telephones for each 100 of its population.

Washington, now served by 183,300 telephones, had its first exchange system December 1, 1878, when a small switchboard was installed at 1423 G St., N. W. with six telephone lines working. Telephones began to expand immediately with the result that on April 8, 1879, there were 123 telephones in operation on the switchboard, which at that time was located at 1413 G Street.

Telephones in foreign capital cities compare favorably with the total telephones in the corresponding countries, according to the Bell Telephone Quarterly. It is pointed out that as far back as thirty years ago the United States was better developed from a telephone standpoint than Europe is at the present time.

Stockholm, Sweden, leads European countries with 31.83 telephones for each 100 of its population with Oslo, Norway, second with 19.82. Copenhagen has 19 telephones for each 100 people. Other capitals and the telephones per 100 population follow: Geneva, 17.85; Paris, 14.97; Helsingfors, Finland, 13.53; Berlin, 11.07; Brussels, 10.5; The Hague, 9.45; London, 8.84; Sidney, 8.68; Vienna, 7.87; Budapest, 7.24; Rome, 6.93; Madrid, 5.49; Dublin, 4.20; Moscow, 3.56; and Tokio, 3.47.

Telephone development in the United States shows about 14 instruments for each 100 of its population, which is the highest in the world. Canada maintains its relative standing as second in this development with about 12 telephones for each 100 people.

Telephone development in major European countries shows Great Britain has 4.62 telephones for each 100 people, Germany, 4.51, and France, 3.07 telephones for each 100 of its population. Of the total telephones of the world, about 53 per cent are in the United States.

AUTOS COLLIDE

Residents of Brentsville District who use the road leading to Manassas via Johnson's corner are especially anxious to have further precautionary measures taken to regulate traffic at this rather dangerous intersection. Those coming east have a slight grade to climb and are prone to enter the main road without stopping.

Friday morning last Herwin Ritter, acting as substitute carrier, had the misfortune to collide with Mr. Sutherland, an automobile dealer at Quantico. Both cars were badly damaged but neither man seem to have been hurt. This is claimed to be one of several accidents that have occurred at this intersection during the past few years.

PRINCE WILLIAM DAIRYMEN MEET

Prince William dairymen met at the town hall Wednesday to discuss the present milk marketing situation. In addition to dairymen of the county, there were several association members from Maryland present. Advertising the superior quality of Maryland and Virginia Milk Producers Association milk was strongly advocated. The fact that this high quality was given the product by the association members and was merely conserved by District distributors was emphasized in the discussion of local producers.

It was stated by Dr. E. H. Marsteller, Prince William director, that a committee of the Board of Directors had been named to investigate the matter of getting the proper publicity for the product.

The evening's discussion brought out more than ever the need of making use of the press to put facts before the producers as they actually exist and to answer statements made by certain organizations now asking for a reduction in the price that have so far apparently remained unanswered.

A PLEASANT CALL

Mr. H. B. Davis, of Hoadly, who called at the office to renew his subscription, states that the paper has been coming to his home since about 1880 when the paper was published from Brentsville.

This is quite a record and we wish some more of our old subscribers would give us their names.

WEDDING AT HAYMARKET

St. Paul's Episcopal Church in Haymarket was the scene of an unusually beautiful wedding, Saturday afternoon last, when Miss Edmonia Elizabeth Peters, daughter of Mrs. and the late Franz Peters, was united in marriage to Thomas Hannah, Jr., of Washington and Pittsburgh, the ceremony being performed by the rector, the Rev. W. F. Carpenter.

The chancel was tastefully adorned with flowers and lighted tapers, warm tints of autumn's sunlight enhanced the interior beauty of the church.

The fair bride was a charming picture of youthful grace as she walked alone down the white-carpeted aisle toward the altar; bearing in her arms a huge cluster of bride-roses and lilies-of-the-valley. She was gowned in white satin, and the bridal veil, falling to the end of her train, was held by a wreath of orange blossoms.

She was given in marriage by her mother. The bride's sister, Miss Mary Parker Peters, was maid of honor; her other attendants being Mrs. Robert Morris of Fairfax (a bride of last week) and Miss Massey of Hilton, all clad in chiffon velvet of harmonizing hues.

Frederick M. Jackson, brother-in-law of the bride, was best man and the ushers were Douglas Hannah, brother of the bridegroom, and William H. Baily, of London, England.

Following the ceremony a reception was held at "Batavia," home of the Peters family, for members of the immediate families and the wedding party, at which Mrs. Peters, the bride's mother, received with the bride and groom who later left for a wedding trip. Upon their return they will reside at 2310 Connecticut avenue, Washington.

HOLLYWOOD SOFTENS 'EM

Mitchell and Durant, durable young knockout comedians, have gone Hollywood. Director George Marshall put them through some 20-foot falls in scenes with Alice Faye and Lew Ayres in "She Learned About Sailors," and they used half-inch mats to break the falls.

"It's the softening influence of this Hollywood life," Frank and Jack apologetically explained. They never used mats of any kind throughout their stage careers.

The picture comes to the Dixie Theatre in Manassas next Wednesday.
