U.D.C. MEETS WITH MRS. DOWELL

Interesting Reports on C. of C.
Work.

The Manassas Chapter, U. D. C., was entertained May 1 at the home of Mrs. Fred Dowell, Mrs. Thornton and Mrs. Hibbs assisting hostesses. The membership was splendidly represented, Mrs. Kasehagen of Washington among the number. Mrs. Lomas, president, welcomed the following guests, Mrs. Davis of San Diego, Calif., and Mrs. Gundy of Baltimore, sister of Mrs. Aylene Guthrie, Miss Isabelle Harrison of Tennessee, Mrs. Cocke, and Mrs. Allison Hooff of Manassas.

A motion was unanimously adopted to thank Mr. Cocke, the quarries and all instrumental in improving the entrance road to the Battlefield.

Mrs. Newman, historian, reported her committee had sent to Mr. Rust per his request an inscription for the entrance marker to be forwarded to Hon. Wilbur C. Hall.

Mrs. C. M. Larkin reported Judge Brough's acceptance of her invitation to deliver the annual June 3 memorial address. Mrs. Hibbs gave an account of the C. of C. in meeting at the Bull Run Bridge last Saturday, and stated a history of the bridge was written by one of its members. Mrs. Lomas announced that their membership certificates had been received. A beautiful portrait of Gen. Lee is to be presented at Fort Belvoir, Va., June 1 by the C. of C. of the State.

Mrs. Elinor Johnson said the high school library was purchasing the new book "Gen. Ewell's Letters," edited by Mr. Hamlin to be published in Richmond. The chapter voted to aid financially, in getting a historical ad of Manassas in the June number of The Southern Magazine, which is the Virginia edition. The president, Mrs. Lomas, asked Mrs. Davis, sponsor of the C. of C. Chapter in San Diego, to tell of her work there. Mrs. Davis said it was a genuine pleasure to meet with the Manassas Chapter and gave a most interesting account of the Mary Lockett C. of C. Chapter, one of its members having won the medal for the best paper on Robert E. Lee, offered by the Gen. Division, the prize being awarded at the New York convention last fall. Mrs. Davis also spoke most highly of Mrs. Catharine Larkin Howard, a former Manassas girl, who belongs to the same U.D.C. Chapter, the Stonewall Jackson Chapter, at San Diego. Mrs. R. A. Hutchison, 4th district chairman, invited Mrs. Davis and Mrs. Gunby to attend the district meeting at Fairfax, and repeat her talk there. In the historical hour a memorial paper was read in honor of Dr. Lyon G. Tyler, and the chapter stood in silent tribute a moment. Delicious refreshments were served by the hostesses, assisted by Elizabeth Davies, and Leila Montague Dowell.

GULICK-AYRES

A very pretty wedding of much interest was solemnized at noon yesterday when Miss Anna Asenath Ayres became the bride of Mr. Milton Hutchison Gulick.

The wedding took place in the spacious living room of the Methodist Parsonage which was beautifully decorated with masses of fragrant lilies. Reverend W. M. Compton officiated.

The bride was attractively attired in a powder blue travel suit with navy blue accessories and wore a corsage of white roses and lilies-of-the-valley. The groom was handsomely dressed in oxford gray.

Miss Ayres who is the daughter of Mr. and Mrs. George Ayres of "Stone House" has been employed in one of the local law offices for some time past, and is quite popular among the younger set. Mr. Gulick, son of Mr. and Mrs. Sanford Gulick, is a popular young business man of Aldie.

After being heavily showered with rice, the young couple left by motor for Niagara Falls where they will pass several days. Much success and happiness is extended them by their many relatives and friends.

The time of the trial of "Lass of Lorton" has been set for Friday evening, May 10, at 8 o'clock, at the Manassas High School auditorium. The following charge was brought by the grand jury of the Cow Court of Prince William County a few days ago:

"Whereas there has, on this late day in March, 1935, appeared before the grand jury of the said Cow Court of Prince William County, the witnesses, who, being duly sworn, depose that 'Lass of Lorton,' the offspring of 'Lady of Lorton' is by reason of the record duly authenticated in the Dairy Herd Improvement Association of said county of the said 'Lady of Lorton,' dame of the said 'Lass of Lorton,' of such meager chance of becoming a profitable dairy cow, that the 'Lass of Lorton' should be cited to appear before the said Cow Court of Prince William County on Friday evening, May 10, to answer the said charges and to show cause, if any, why she should not be condemned to the slaughter hooks as veal." A true bill. (Signed) C. F. M. Lewis, Foreman.

Manassas Opposes Falls Church in Opening Game on Local Diamond

Dreifus Expected to Hurl for Local Club.

Manassas opens the current Northern Virginia League season next Sunday, weather permitting, with the club from Falls Church as their opponents. Flag raising ceremonies, generally associated with such events, will undoubtedly be conspicuous by their absence due to oversight on the part of the management in failing to provide the conventional centerfield staff. However, His Honor, the Mayor, is expected to toss out the first ball in accordance with the usual opening game traditions. And flag-staff or no flagstaff, a goodly crowd is expected to be on hand to watch the proceedings.

The opening game, originally scheduled for last week, was postponed due to the poor condition of the playing fields in a number of places, including Manassas, Falls Church, Middleburg and Herndon. The frequent rains during the first part of the month made it practically impossible to have the fields in condition as originally planned. This was particularly true of the local field. Considerable filling in the infield was found to be necessary but due to the soft condition of the ground this work could not be started until about a week ago. However, under the able direction of Mr. J. A. Vetter this work, when once started, was pushed forward with all possible rapidity and the diamond is expected to be in excellent condition for the opening game Sunday.

The Macs, 1935 Model, under the

direction of Doug Merchant, appears every bit as powerful as the one of last year which lost the championship to Middleburg in the final game of the season by the slim margin of a single run. The Macs, still smarting under the sting of that defeat, will be bending every effort to get away to a flying start. A number of new faces will grace the local lineup. Brenner will be at short, Buckner behind the plate, while it is anticipated that Taylor will be of material help to "Doc" Dreifus on the mound. The close of the current school season will see the local club further strengthened with the return of Bradshaw, Wetherall, Garrett and Conner. While the lineup as a whole is still somewhat uncertain, it is expected that Wurdemann and Vetter will again be at first and second, respectively, and that Saunders will be at his old post in left field and Woodward in center field. Competition for the third base position is especially keen with Kite and Reeves as the outstanding contenders.

The teams of the two sections of the league are more evenly balanced this year and competition is expected to be much keener. The Red section of the league, to which Manassas has been assigned, is composed of the first three teams of the two sections, designated as A and B in last year's race. The teams comprising the Red section of the league, other than Manassas, are Middleburg, Ballston, Arlington, Falls Church and Herndon.

SCHOOL OPERA FEATURED SUCCESS

The comic opera, "Marrying Marian," presented by pupils of the Manassas schools, including pupils in training by Mrs. Eloise Trimmer, took the audience somewhat by surprise in its general excellence.

Other similar performances put on by visiting professional trainers have been good but certainly no better than the exhibition of Friday evening. It should have been a "two-act" for the first performance would have been enough advertising.

The only defect was the last-minute absence of Mrs. Taylor. Her part was taken by Miss Ruth Akers, who did exceptionally well under the circumstances and concealed her unfamiliarity with the lines so that had nothing been said in advance some would hardly have noted this fact.

The leading roles fell to Miss Frances Bolding as the school favorite; Mr. Paul Cooksey as the detective-janitor; Bobby Davis as the janitor-burglar; John Burke as the professor-janitor; J. S. Wilfong as the school prexy; Miss Akers, who filled in as Mrs. Bohunkel, the prexy's wife; Louise Kincheloe, the roommate of the popular Marian (Miss Bolding), and last but not least, the old maid school teacher, portrayed by Mrs. A. L. Mylander.

The choruses were made up by groups of the girls, many of whom are in Mrs. Trimmer's classes. These featured dances and styles from the Puritan days. The sextet was encored enthusiastically. Miss Strode, in the styles of 1907 with the mincing step of that period, got a big hand, as did also girls of 1935. The girls of 1920 (Esther Akers and Louise Kincheloe) with the knee attire of that period also drew hearty applause. The farmerette chorus between acts set the audience in screams of laughter and applause.

All of the leading characters had solos to sing which they did exceedingly well. The brunt of the song leads fell on Paul Cooksey with three numbers. His rendition of the closing song in the first act had some real histrionic ability of note.

Everybody did well and the audience felt that they had been undercharged for the show. The choruses included the following: Edla Blakemore, Margaret Blakemore, Mildred Parrish, Althea Hooff, Shirley Hynson, Esther Akers, Mary Louise Robbins, Louise Kincheloe, Evelyn White, Jean Akers, Dorothy Evans, Elizabeth Cross, June Pickeral and Ruth Akers.

Those representing the eight stages of the pageant were: Lucy Morris, Mary Mason Davis, Shirley Davis, Nancy Parrish, Betty Parrish, Fanelle Pickeral, Caton Merchant, Frank Browning, Harry Blakemore, Jack Leachman, June Pickeral, Margaret Blakemore, Helen Strode, Esther Akers, Louise Kincheloe, Edla Blakemore, Mildred Parrish, Althea Hooff and Shirley Hynson.

Warrenton will soon have a city mail delivery service, according to the Post Office Department.

MANASSAS HIGH SCHOOL AMUSEMENT EVENING

The "Amusement Evening" sponsored by the High School and Bennett School Leagues of Manassas, will be held Saturday night, May 4, in the high school gymnasium.

The main feature of the event will be "Bingo" in which several lovely prizes will be given. Ice cream and candy will be on sale throughout the evening.

The general chairman, Mrs. Wheatley Johnson, and her assistants have completed arrangements for the annual affair and a large crowd is expected.

COLORED SCHOOLS EXHIBIT WORK

Rural Supervisor and Students
Highly Complimented.

The program of the Industrial Arts and Health Exhibit of the Prince William County schools which was held at the Manassas Industrial School last Friday was an innovation of real note.

The exhibit had been gotten up largely through the activities of Miss Margaret Townes, rural supervisor for the colored schools of Prince William County, and whose ability was echoed to a large extent in the showing made by the students who had exhibits entered.

The colored national anthem, "Lift Every Voice and Sing," was rendered by the entire audience after which Professor George Dudley, principal of the Manassas Industrial School, gave the address of welcome. This he did in a very hearty fashion stressing the fact that they wanted everyone to feel at home and that all other schools in the county should use the Industrial School and its facilities whenever they felt like it, and that they would cheerfully extend help to these schools whenever called upon.

Miss Evelyn Berry, teacher at Macrae, at Gainesville, gave a very nice little response to the welcome.

In opening the program the supervisor emphasized the four objectives as set up by Professor Haydon which are as follows: 1. To organize study groups of the teachers to become better acquainted with the revised curriculum; 2. To carry out the industrial work program ending in a spring exhibit; 3. To improve classroom instruction in all subjects; 4. To improve school buildings and grounds. A new feature was set up this year and that is to improve health conditions among the school children. In closing her remarks she expressed keen appreciation of the teamwork and co-operation she had received during the school year.

This was followed by music by the Industrial School chorus after which A. G. Richardson, principal of the Mecklenburg County Training School, South Hill, Va., gave an interesting talk on the methods of building up the colored schools of the community. He emphasized the fact that schools

MAY BREAKFAST OF WOMAN'S CLUB

Mrs. J. L. B. Buck and Mrs.
Fred Alexander Guest
Speakers.

The Manassas Woman's Club entertained at a delightfully planned spring breakfast, in honor of its newly-elected officers, on Wednesday of this week in the Swavely School dining hall.

Spring dresses, spring hats and lots of spring flowers gave the atmosphere of the season. While perhaps the attendance was not as large as heretofore, those present had a most enjoyable time and received real inspiration from the splendid speakers.

The dining room was decorated in the club colors of red and white. This scheme being beautifully and artistically carried out by arrangements of red tulips and combined with the lovely feathery white blooms of the French alder.

The reception rooms were equally attractive with arrangements of pink tulips and white lilies, while the halls and stairways were a charming picture in their decorations of lavender lilies and purple iris combinations.

These decorations were contributed and arranged by the Garden Club, under the direction of Mrs. Margaret Lewis.

At the speakers' table were Mrs. J. L. B. Buck, Mrs. Fred Alexander, Miss Mada Wallace, Mrs. Eli Swavely, Mrs. Paul Cooksey, Mrs. A. A. Hooff, Mrs. Eula Holt Merchant, Mrs. C. C. Lynn, Mrs. Harvey Steele, Mrs. F. R. Hynson, Mrs. W. L. Lloyd, Mrs. Harry Love, Mrs. T. J. Broadbent, Mrs. Guthrie, Mrs. Robert Smith, Miss Eugenia Osbourn, Mrs. E. May Dogan, Mrs. Russell, Mrs. J. O. Hoge, and Mrs. Helen Harper.

Beside the long speakers' table, the breakfast was served to members and guests from many small tables, decorated with bouquets of gay flowers. Among those present were Mesdames M. M. deNicola, Mabel Schwab, A. A. Maloney, W. F. Cocke, G. R. Ratcliffe, Hunton Hiffany, Harry P. Davis, Edna A. Bock, Thomas W. Howard, R. L. Sadd, E. C. Round, M. M. Middleton, John L. AIRMAN PRAISES LOCAL AIRPORT

Declares Same a Permanent Improvement.

A. W. Card, a commercial aviator and instructor, formerly with the U. S. Department of Commerce and the Virginia Highway Department, was the guest speaker last Friday evening at the regular meeting of the Kiwanis Club. He was the guest on this occasion of Town Manager Cocke.

Mr. Card's talk was directed at the value of maintaining flying fields. He declared that the local field was the fifth best in the State and read letters from the commanding officer at Quantico to show that this field is of immense value to student flyers, ranking with Winchester in importance.

The speaker is an enthusiastic flyer and knew his subject thoroughly. He spoke simply and without desire to confuse his hearers with scientific language.

"I make the prediction," he said, "that within five years not less than twelve light flying craft for local use will be anchored on your Manassas field. Then you will see the benefits of far-sightedness."

In further questioning of the life-saving possibilities the speaker declared that without question one life had already been saved by the use of this field and that alone was worth all that had been spent on it.

Mr. Card had maps, etc., with him, and gave a great mass of miscellaneous information much of which will soon be forgotten by his hearers but he left the impression well implanted and that was of the value of the local flying field as a permanent investment.

Tomorrow evening is "family night" but beyond that announcements have been made.

CATHARPIN

If the Sudley congregation last Sunday morning had been as large as the sermon was great, there would have been a mass of hugeness as this old shrine equal in immensity to some of the old gatherings we frequently hear about as having taken place in the "Old Days" when they all took their dinners and made a day of it. The sermon was from the text: "For whatsoever a man soweth, that shall he also reap." The deliverance was full of fine thought and different from others we had heard from the same text. The great trouble was that so many people did not hear it. The congregation was well represented but many more could have heard with profit.

The Sudley congregation is a little remittent in its attendance; some are very regular, some regular, others not so regular and some others who get around once in a long time, and still others who, seemingly, have forgotten altogether that Sudley is still in the land of the living. It reminds one of a little article in one of the big magazines anent an Easter service in one of the big congregations in Washington. The pastor was quoted as saying: "I know some of you won't be back until next Easter, so let me wish you a Merry Christmas and a Happy New Year." Well Sudley is willing and glad to wish you a Merry Christmas and many New Years, but she would also be glad to receive some of your good wishes as well. Try it out once and see how it goes.

Mrs. Mary E. Wilkins, who has been wintering at the home of her daughter, Mrs. E. N. Pattie of Catharpin, returned to her own home at Sudley on Friday of last week and is now busily engaged in making garden and trying to induce the old hen to incubate some spring broilers ready for the summer. Mrs. Wilkins is much improved in health since her sick spell last winter.

The Catharpin Good Housekeeping Club held its regular monthly meeting at the home of Mrs. J. W. Alvey on Thursday of last week and as usual, reports a royal good time. A number of invited guests were present and all enjoyed a big four o'clock dinner served by the hostess.

We noticed a little "squeak" in the Pathfinder the other day that we thought might interest you. It was as follows: "Now that they have taken the 'obey' out of so many marriage ceremonies, they might put it into a few laws." We are just wondering how many people really know just what OBEY means? From what we see and hear sometimes, it would seem that that term had become obsolete and was cast out of the dictionary.

The Sudley Young People's Organization will present a pageant on Mother's day, May 12, to which all are cordially invited. The collection on this occasion as well as that of Christmas, goes direct to the Old Folks' Home at Gaithersburg, Md., an institution of which the whole Baltimore conference is proud.

A wedding of interest to this community took place in Rockville, Md., on Saturday, April 27, when Miss Frances Roberta Smith, daughter of Mr. and Mrs. A. W. Smith, was united in marriage to Mr. John Boone of Atlanta, Ga., the ceremony being performed by the Rev. E. S. Sheppe, pastor of the Methodist Church of that city. Miss Roberta has been in the employ of the Southern R. R. at Atlanta for a number of years being transferred there from Washington when offices were moved to that city. The many friends of the bride join in best wishes for the future of the high contracting parties.

Mr. and Mrs. R. A. Collins, Mr. F. H. Collins and sons, Harris and Lee, spent Sunday in Charlottesville visiting Mrs. Fred Collins and Mrs. Max Collins who are patients at the Blue Ridge Sanatorium. They report finding both looking well and gaining. Miss Minnie Downs, also of the Sudley neighborhood, is an inmate of the same institution and is reported as doing nicely. It is sincerely hoped that these patients may soon be restored to their respective families.

Mrs. W. S. Brower and Miss Virginia Hill spent Saturday and Sunday in Washington where Miss Hill met her father for a little visit in the capital city.

Mr. and Mrs. Burton Sowers of Washington spent Saturday and Sunday with Mrs. Sowers' parents, Mr. and Mrs. Luther Griffith. More than three hundred delegates from Parent-Teacher Associations in District H assembled at the James Madison School in Falls Church Friday morning to hear reports on work done during the past year and to lay plans for the coming session.

Dr. Montgomery, district secretary, made announcement of the P.-T. A. convention to be held at Tampa, Fla., May 15 and 16, also concerning the summer round-up in Richmond the second week in July where there will be training for workers from the University of Virginia Institute of Public Affairs. The information most needed is local, county, state and district.

After an excellent lunch at the school the afternoon session was opened by a violin and piano selection by students from the Washington-Lee High School, and a duet by Mrs. W. W. Thomas and Mrs. Milton Roberts of Falls Church.

The following officers for the next year were elected: namely, Mrs. Shuman of Alexandria, president; Mrs. Kinkaid of Leesburg, vice-president; Mrs. Mayda Hibbs of Manassas, second vice-president, and Mrs. Elsie Pitts of Arlington County, secretary-treasurer.

TUBERCULOSIS IS CURABLE

State Health Department Clinic

It is a well-known fact that 80 per cent, or eight out of every ten cases of tuberculosis, are cured who are properly treated in the early stage of the disease. The majority of cases, unfortunately, do not seek medical aid until they have reached an advanced stage.

Tuberculosis, as a rule, does not cause pain or suffering in the early stage. For this reason, it is sometimes very difficult to convince those found in this stage that they have tuberculosis, and this delays treatment until it is too late. To find it early any person who has been in contact with a known case of tuberculosis or anyone who feels the least bit badly should consult his physician at once.

Tuberculosis is a communicable disease, which accounts for it running in families. One careless patient often gives it to the children and young people who live in the same home, or to a less extent to those with whom they associate outside the home. These people may break down with the disease long after being in contact with the patient. For this reason, anyone who has been around (especially during childhood, adolescence, or early adult life) a person who died with lung trouble, should be examined once a year as a precaution, and at any other time he feels badly in any way.

A clinic will be conducted by a specialist of the State Department of Health for this purpose in the Court House at Manassas on Tuesday, May 21. This clinic will be under the auspices of the County Board of Health and in co-operation with the physicians of the county.

If any treatment is found necessary, it must be done by the family physician whose care and advice they must depend on for their health and happiness anyway. For this reason, it is necessary for those wishing an examination, which is free of cost to all, to consult their family doctor or visiting nurse and make an appointment. Anyone desiring examination must have a signed request from the family physician and must consult the nurse for appointment.

Children under fifteen years of age are not examined at this clinic unless especially referred by a doctor. It has long been recognized that tuberculosis in children cannot be found without a special examination in which the tuberculin test and the X-ray are used.

 BIBLE THOUGHT AND PRAYER

ASK WHAT YE WILL: If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you. — John 15:7.

WHY THIS POWER?

It is rather strange, and difficult to understand, why the Secretary of Agriculture Mr. Wallace asks Congress for power that he publicly states he does not intend to use. A year ago amendments to the Agricultural Adjustment Act were proposed by the Department of Agriculture which would give the Department sweeping power over the farmers of the country. Due to opposition in the Senate these amendments failed to pass. Now, in this session, similar amendments, dressed up in somewhat different language, are proposed and vigorously advocated by Secretary Wallace. The Secretary must want these amendments, and want them very keenly, or he would not again attempt to push them through Congress. In a speech in New England recently he stated that it was his desire to go much further in the way of regulating agriculture. Yet when he appeared before the Senate Committee he said these amendments were to be used only as a gun behind the door, and in Richmond last week he stated that the wide powers he asks Congress to grant him are not to be used.

It is a rather perplexing situation. If he should be given the powers he requests and does not use them, it would be one of the rare instances in history where an official failed to use his authority. If he does not intend to use this authority, why in the name of common sense does he so zealously try to get it? In passing legislation Congress can only assume that the authority it grants will be used and used in full. It must therefore consider that in passing the amendments to the A. A. A. Secretary Wallace will take control of the production and distribution of farm products and dictate to the farmers and handlers of foodstuffs what they shall raise, and how, when, and where they will sell it. The question is, does agriculture want a supreme dictator? That is the object of the A. A. A. amendments now before Congress. — Winchester Evening Star.

MAY BREAKFAST OF WOMAN'S CLUB

(Continued from page 1)

Seated at the Juniors' table were Misses Frances Bushong, Janet Truller, Rose Ratcliffe, Sarah Elizabeth Lewis, Mary Lynch, Lucy Gibson, Mary F. Cocke and Pauline Smith. Musical numbers were arranged by the junior section. Solos were given by Mrs. Hatcher and Miss Gladys Ball and violin duets by Mrs. John Broadus and Miss Bozarth.

Mrs. Robert Smith, past president of the club, introduced to the members and guests the newly-elected president, Mrs. Paul Cooksey, who gave, in a few well-chosen words, a delightful welcome to those present. Mrs. Cooksey in turn presented the other officers and introduced Miss Maude Wallace, State director of home demonstration work who made an impromptu talk on the co-operation of the club in her particular field.

Mrs. Fred Alexander, of Newport News, was next introduced by the chairman. Mrs. Alexander is editor of the "Virginia Club Women," State federation magazine. She gave a most interesting and inspiring talk on club women and their need to be informed on questions of the day, State, National and International.

Mrs. Alexander at the conclusion of her address introduced Mrs. J. L. Blair Buck, Virginia State director, who gave in a concise and inimitable manner the important things before the Virginia Club Women at the present time. She urged the club to take an active part in helping to promote the new legislation in crime prevention and crime control and to be informed and ready to act on the new Social Security Bill now pending in Congress.

Mrs. Buck talked briefly on the coming conventions and asked as many as possible attend both the Virginia State Convention at Lexington and the National Federation Meeting in Detroit, the keynote of which is "Prove all things, hold fast to that which is good."

Miss Frances Bushong of the Junior Woman's Club gave a report on the work for the year, the outstanding and most helpful of which perhaps was the assistance both financially and personally given to the county nurse, organization and supervision of the girl scout troops, help in Red Cross membership drive, in addition to the many benefits and pleasure derived from meeting together. Miss Bushong paid a glowing tribute to the Junior Club sponsor, Mrs. J. P. Lyon, for the splendid co-operation and useful devotion and hospitality during the year.

Following brief announcements the happy occasion came to a close by the singing of the State Federation song and members departed with a feeling of inspiration and new zeal and a determination to make the coming year even more worth-while than those past.

MANASSAS HIGH SCHOOL NOTES

The high school had interesting visits recently from two of its alumni, Captain Percy Haydon, U.S.A., and Mr. John Hopkins. Captain Haydon, who is a brother of Superintendent Haydon, gave a very interesting assembly talk on the present preparedness of the United States. Mr. Hopkins is working for his M. A. degree at Duke University, N. C., and is assistant in the physical laboratory there. Both expressed their pleasure in the benefits received at M.H.S. Captain Haydon in the good training he had obtained and Mr. Hopkins in the help he had received from the high school guidance program.

Another valuable vocational talk was given at assembly this week by Mr. E. W. Bond, representative of the Bliss Electrical School of Washington, D. C. The speaker pointed out the large and continually growing field for profitable employment in the great telephone companies and other organizations giving electrical service to the country. He enumerated the qualities necessary for success and also the kind of training required which was largely to be obtained after service in the companies began. He also stressed in his own beautiful and polished English the importance of good English in any business or occupational field.

Announcement was sent last week from Strayer's Business College, Washington, D. C., that Mary Currell Pattie of the high school senior class had tied for first place with a Warrenton High School student for the Washington business college. 11 M. H. S. students were among the sixty-five who took the competitive examination for this scholarship offered to the Virginia schools. Most of them were among the upper half of the group.

The High School Student League sent its representatives, Mary Currell Pattie, Irma Ball and John Waters to the District League Conference held last week at Falls Church, Va. This week a delegation will be sent to the High School Conference on student government to be held at Roanoke, Va.

Manassas Journal,
 Manassas, Va.
 Gentlemen:

I just want to publicly express my thanks to the good people of Nokesville for their thoughtfulness to the Methodist parsonage folks.

On last Thursday, April 25, some 25 or 30 folks gathered at the parsonage with boxes and bundles containing birthday presents for the good wife and myself, also 3 big cakes and 5 gallons of good drink (lemonade) which was very much enjoyed by all, after a short prayer by the pastor.

After many good wishes for many happy returns of the occasion, the good folks left for their several homes leaving the parsonage folks happy that their lot has been cast with such good thoughtful people.

Buck, under date of May 19, 1926, and recorded in Deed Book 82, at Folios 125-126, of the County Clerk's Office of Prince William County, whereby said grantor conveyed to the undersigned trustees four certain tracts or parcels of land, lying and being situate on both sides of the main line of the Southern Railway Company, and bordering on two highways and Kettle Run, all adjoining each other and aggregating about 256 acres of land, more or less, and being the same farm on which J. R. Burkle formerly resided, adjoining the lands of E. E. Hale, the Estate of the late W. R. Free, Jr., and others in Brentsville Magisterial District, Prince William County, Virginia, the said undersigned trustees will offer for sale, at public auction, on

SATURDAY, JUNE 1, 1935, at about noon of that day, in front of the Peoples National Bank, at the intersection of Center and Battle Streets, in the Town of Manassas, County and State aforesaid, by reason of default having been made in the payment of the several sums therein secured by said deed of trust, with interest thereon, from the date to be announced on day of sale.

This farm, being located on said Kettle Run and two public highways, and within a half mile of Nokesville Station on the main line of the Southern Railway, one of which said highways having been recently graded and being expected to be hard-surfaced in the near future, thereby rendering it a valuable farm in a most excellent farming community of dairying and like purposes. The farm has a dwelling house thereon but requires considerable repairs by reason of being wrecked in a severe storm.

TERMS OF SALE: Cash of \$8,275.00, with interest from date to be announced on day of sale, and as to residue upon a credit of one and two years, with interest from day of sale, unless said Godfrey L. Buck, or his assigns shall request otherwise, also subject to about 50 acres thereof under lease for the year 1935, with immediate possession of the whole farm, save and except said 50 acres, but as to that, seeding possession given in fall of 1935.

NEW CHEVROLET PLANT OPENED

Baltimore Joins in Celebration.

The Chevrolet Motor Company's 80,000-car-a-year assembly plant at Baltimore, Md., was formally opened April 9, and is now producing both passenger cars and trucks.

The City of Baltimore virtually made a civic holiday of the date, to celebrate the addition to its varied industries of its first automobile plant, and to welcome formally the representatives of the General Motors Corporation and Chevrolet Motor Company who attended the opening ceremonies. Official proclamation by the Governor of Maryland and the Mayor of Baltimore welcomed the automobile officials to the State and to the City. After the flag raising at the new plant, and the inspection of the new buildings and equipment, a formal banquet was given by the Association of Commerce in honor of General Motors and Chevrolet visitors. The speakers included Governor Harry W. Nice of Maryland, Mayor Howard W. Jackson of Baltimore, Alfred P. Sloan, Jr., president and W. S. Knudsen, executive vice-president of General Motors; M. E. Coyle, president and general manager of Chevrolet, and Adam J. Hazlett, president Association of Commerce.

In its structural design, its lay-out, mechanical equipment and processes,

the Baltimore plant may be looked upon as an exposition of five years' progress in automotive manufacturing methods, since it is the industry's first major building development since 1929. Chevrolet engineers and production authorities deem the new plant the most efficient in the industry, but freely give the credit to the many new developments in machinery and equipment that were available for the first time for use in planning a complete assembly plant.

However, even if the plant could boast none of its many equipment features that are to be found nowhere else, it still would represent a marked advance over any of the nine earlier Chevrolet plants, because it was planned by the same veteran staff of Chevrolet experts who had built the others, and who therefore were enabled to create at Baltimore a tenth structure incorporating the cumulative benefits of many years in both planning and operating plants of similar specialized service. This experience was especially valuable in the design of the main assembly building, whose structural lay-out includes many innovations. Here for the first time utilization is made of overhead galleries (served by conveyors) either for the storage of materials to be fed continuously to sub-assembly lines immediately below them, or for the final operations on bodies preliminary to mounting them on chassis.

Though correctly called an assembly plant, the Baltimore operation is more than the name implies, for it is designed not alone for fitting to-

gether the component units that comprise complete automobiles, but to perform scores of preliminary and finishing operations that come under the head of manufacturing.

Visitors will enter the plant by the two-story administration building (50x242, facing Camp Holabird on Broening Highway. Immediately back of the administration building lies the main shop, 600 feet wide, and running 980 feet toward the west. One-third of this building, on the south side, is the Fisher Body plant, separated by a brick partition from the Chevrolet side except for the portal by which bodies roll on conveyors to the car assembly plant.

Farther west are the car conditioning shop, 80x245 feet, where cars fresh from the assembly line are given their final tune-up and inspection preliminary to shipping, ready for delivery by dealers to their purchasers; a loading dock, 50x315 feet, and a powerhouse, 50x90 feet, above which rises a 260-foot smoke stack that already is established as a new landmark in the Holabird district.

OCCOQUAN DEFEATS CLARENDON CARDINALS

Wade Breen Struck Out 14 Opponents.

Before a very large crowd, the Occoquan Grays defeated the Clarendon Cardinals on Sunday by a score of 11-9.

The game was packed with thrills until the last Cardinal was retired.

The pitching of Wade Breen in the pinches was outstanding. He struck out 14 of the opposing team, three of these coming in the 9th inning with men on second and third, when a hit would have tied the score.

"Shorty" Riley led the Grays at bat with 3 hits out of 4 times at bat, including a double with the bases loaded and a triple with 1 on.

Manager Marshall collected 2 hits in 5 trips to the plate.

Wells, Montague and Cooksey led the visitors attack with two hits each.

This Sunday, May 5, the Grays travel to McLean where they will attempt to make it two in a row. On Saturday May 4 a game is scheduled with the strong CCC team on the Occoquan grounds.

ODD FELLOWS CELEBRATION

The Odd Fellows celebrated the 116th anniversary of the founding of their order last Friday evening at Occoquan where Crescent Lodge No. 33 was host to a number of visiting delegations.

District Deputy Grand Master J. W. Smith, of Manassas, presided and a very interesting program was presented.

Lodges represented included Highland No. 252 of Independent Hill, R. E. Lee No. 221 of Dumfries, Potomac No. 38 of Alexandria and Virginia Dare Lodge of Rebecca from Dumfries.

Mr. W. H. Scott of Potomac Lodge was present as the personal representative of the Grand Master.

RACES AT WARRENTON

Racing enthusiasts coming to Warrenton Saturday for the sport to be provided in the five events on the program of the Virginia Gold Cup Association will behold what turf writers and horsemen declare to be the finest steeplechase course in this country. The big point stressed in describing the new course is that matter of viewing the races. The spectators are given a break in the new course is laid out in a natural amphitheater, and from the overlooking hills and ridges and from a mound in the center of the course, spectators may obtain an unobstructed view of every timber and brush barrier over which the horses will race.

The barriers, both brush and timber, are stout and high. The brush course is modeled after the Grand National Course at Aintree, England, with some of them being 5 feet 8 inches high, with open ditches to add to the hazards of completing the course.

The two big races of the afternoon are the Virginia Grand National, three miles over brush, for a purse of \$1,000 and the Virginia Gold Cup, four miles over timber, for a gold cup valued at \$1,000. The top steeplechase horses under silks in America are entered in both events.

Other races on the card are the Broad View, two and a half miles over brush; the Warrenton Hunt Cup, three miles over timber, and the Agriculture Steeplechase, for horses owned by farmers.

MORE RUBBER USED IN CAR CONSTRUCTION

The quantity of rubber used in Ford car construction has virtually trebled in the last eight years, an investigation just made by the Ford Motor Company reveals.

The Model T Ford contained only fifty-six pounds of rubber, while the present Ford V-8 contains 164 pounds. So rapidly are new applications being discovered that the Ford company would not be surprised to see as much as 200 pounds used in future Ford cars.

In the early cars, rubber was employed chiefly for tires and tubes. Now it is applied throughout the car to improve riding qualities and lengthen life, as well as reduce cost of manufacture.

Today rubber is used for making steering wheels, batteries, switches, junction blocks, weatherstrips, running boards, floor mats, motor supports, axle bumpers, sound deadeners, fan belts, radiator hose, insulating material, grommets, door bumpers, spring shackle bushings, and top materials, as well as tires and tubes.

All Ford rubber compositions are made to strict specifications and severely tested before use in car construction. Steering wheels must withdraw drops from a height of six feet after twelve hours exposure to a temperature of 20 degrees below zero Fahrenheit.

Windshield weatherstrips are exposed to the hot sun and high humidity on the roof of the branch plant of the Ford Motor Company at Jacksonville, Fla., to determine anti-checking and anti-splitting qualities.

Rubber matting is given ingenious tests for resistance to abrasion and, in addition, running-board stocks are checked for their qualities in bonding to steel.

Rubber used for motor supports and axle bumpers is subjected to a distorting force far in excess of any that would be encountered while in use. As a result, the company reports that failures in service "are unknown to us."

Fan belts are severely tested for stretch, and improvements based on these laboratory findings have reduced the stretch in Ford fan belts to one-third of what it was, though the present belt is 50 per cent longer than that used on previous models.

The Ford Motor Company subjects the tires it uses to the most exhaustive tests. In the laboratory, Ford-developed machines test for carcass and bead fatigue and indicate treadwear resistance. Other machines check for resistance to bruise-breaking.

EXHIBIT WORK

(Continued from page 1)

should, themselves, make the initial effort for improvements rather than wait on the school Board whose help is always certain to follow.

He gave a resume of the accomplishments which had been performed in his home county. The speaker cited the advantages of industrial work offered to the boys and girls and told them how necessary it was to have training if they did not go further ahead with their education.

Complimentary remarks were made by Professor Haydon, division superintendent of Prince William County schools; Mr. Hunton Tiffany, Miss Sarah Pitts, Mrs. Virginia Lewis and Mr. and Mrs. W. H. Lamb.

In the absence of Rev. A. H. S. Johnson of the First Baptist Church of Manassas, Rev. Newman of the Shiloh Baptist Church, of Thoroughfare, complimented the work which had been done in this county and expressed his appreciation to the supervisor, the faculty and the student body as a whole.

During the noon hour and after adjournment the visitors to the exhibit were given every opportunity to view the handicraft of the youngsters which was really remarkable in its performance and methods of display. Many of the county's prominent citizens were present and praise was heaped on the young supervisor and her charges.

After the lunch hour the schools of the county presented a most interesting health program, consisting of folk dancing, songs, recitations, playlets and cantatas. Perhaps the most outstanding of these was a health pageant given by the Brown School.

Immediately after this Dr. J. D. Williams, of Manassas, spoke on the fight against T. B. in Virginia and urged that schools contribute to the State Sanatoria. In the absence of Miss Neel, Miss Senseney spoke on the necessity of the medical test for Prince William school children in order to have them "Five-Pointers" before entering school next fall.

After a brief musical program adjournment followed.
