Trenis; Dumfries, A. E. McIner; Coles, J. Murray Taylor; and Gainesville, W. M. Jordan.

At the meeting on Tuesday, May 7, the following were elected directors: Manassas district, W. E. Trusler and A. S. Robertson; Occoquan district, S. Gordon Leary and G. C. Russell; Coles district, E. RUSH-BAGOT CELEBRATION

Manassas Kiwanis Represented
by Rev. Gibson and Mr.
Tiffany.

President Hunton Tiffany and Rev. A. Stuart Gibson represented the Manassas club at the dedication of the Rush-Bagot Agreement Memorial Tablet by Dr. William J. Carrington, Atlantic City, President of Kiwanis International, on the Columbia Hospital grounds at Washington, D. C., April 29. This tablet commemorating the 118 years of peace and friendship between Canada and the United States, was unveiled by Miss Margaret Maxfield in cecum as Miss Columbia, and Miss Nancy Joras, dressed as Miss Canada. These two young ladies are daughters of Dr. George W. Maxfield and Karl F. Joras, respectively, both members of the Washington Kiwanis club.

Dr. Carrington said in his address, "On this site, one hundred and eighty years ago was signed the final of a series of informal notes exchanged between Richard Rush and Charles Bagot. Histories refer to these scraps of paper, not as a treaty, but merely as an agreement. And yet from that day to this, the Dominion of Canada and the United States of America have stood side by side, arm in arm, prototypes of peace and understanding. On that day frowning forts and bristly boats disappeared forever, pray God, from what is now an invisible border."

This tablet erected on the anniversary of the signing of the Rush-Bagot Agreement on the grounds of Columbia Hospital carries the following inscription: "Peace Through Limitation of Naval Armament Was Promoted Between the Dominion of Canada and the United States of America by the Signing of the Rush-Bagot Agreement, April 28 and 29,

MACS TO MEET MIDDLEBURG

Game to be played at Manassas
Sunday and Promises to be
Interesting.

Next Sunday, the Macs play host to the Middleburg nine, winner of last year's championship, in what promises to be one of the most interesting games of the current season. The Macs, still smarting under the sting of those two drubbings administered at Middleburg in last season's post-season play-offs, are anxious for revenge. Manassas, strengthened behind the plate and in the infield, appears to be even stronger than last year and hopes to account for their second win. Middleburg was rudely jolted last Sunday by the powerful Ballston outfit, Furr being raked for a total of seventeen hits which were good for eleven runs. The final score was 11 to 0. Furr, however, appears to have the Indian sign on the locals as attested by his two wins last year. It is quite possible that he will again be in the box next Sunday.

Godfrey, the Macs' new "Austin Size" third baseman, who won the admiration of the local fans by his work in last Sunday's game, will again play third, while Dreifus is expected to try for his second win.

Considerable interest has been aroused not only in Manassas, but in the surrounding countryside concerning the Macs in general and this game in particular and in the event of good weather, a record crowd is anticipated. The game is called for 3 p.m.

ALUMNI ASSOCIATION SPONSORS DANCE

Plans have been completed for the dance which the Alumni Association is giving on May 17 at the gymnasium. A well-known orchestra from Winchester has been engaged, and a large crowd is anticipated to be in attendance.

Mr. J. Jenkyn Davies, president of the association, has been working untiringly toward this dance, since the funds raised by it will be used to help pay for the sealing of the interior of the gymnasium, thus making it warmer and more comfortable for the sports of the high school. It is earnestly hoped that everyone will come and support the dance and its worthy cause.

Miss Frances Bushong, Mr. Jack Merchant and Mr. J. J. Davies are on the dance committee. A large floor committee will also be present.

Manassas Opens League Season with 5 to 3 Victory over Falls Church

Godfrey's Triple in Eighth, Two on, Provides Winning Margin.

Manassas opened the current Northern Virginia League season Sunday by scoring a hard fought win over the Falls Church nine. In spite of the threatening weather, a crowd of mid-season proportions was on hand to watch the Macs come through in the closing innings in face of determined opposition for their initial victory. Two new additions to the Macs ranks provided the punch that drove across all five of the locals' scores. Brenner, with a double to deep left in the opening inning, scored both Lynn and Vetter to give the home team a two-run lead. However, it was Godfrey, the diminutive third sacker, who provided the telling blows at opportune times to account for the three remaining runs that sent the invaders down to defeat. In the sixth with the Macs trailing by one run, he slashed out a double directly over third base to score Buckner and tie the count while in the eighth, with two away and two on base, he lined the ball far over the left fielder's head to score the two runs that represented the Macs' margin of victory.

Dreifus, who hurried for the locals, gave up only five hits, all singles, but wildness reduced his effectiveness and kept him in constant trouble during the early innings. He steadied after the sixth inning and allowed only two men to reach first during the last three innings. Fox walked in the seventh after two were out and was promptly erased on an attempted steal, Buckner to Vetter. Royston dropped a Texas leaguer in to right center in the ninth but was left stranded as Dreifus slipped a third strike past Sole for the final out of the game.

The Macs fielded sharply throughout the game, Saunders, Wurdemann and Vetter coming through with exceptional catches. Buckner's work behind the plate was outstanding, he being forced to dig numerous wild pitches out of the dirt while his perfect throw in the seventh caught Fox on an attempted steal.

FAMILY NIGHT AT KIWANIS

Enjoyable Get-Together at
Masonic Temple.

The Manassas Kiwanis Club added another enjoyable night to its recent list of splendid programs by celebrating Family Night in the Masonic Temple with the Eastern Star ladies as hostesses.

Ed. Hill, whom Bob styles the grandfather of the Manassas club, and George Mangan, one of the oldest members of the Kiwanis International, happened along in spite of the rain which George says always comes when he tries to visit the Manassas club.

Miss Bozarth made a charming substitution for the club's regular sponsor and Mrs. Smith presided at the piano as usual.

Hunton Tiffany added a mixture of pain and pleasure when he called on Bob Hutchison, O. D. Waters, Jim Bradford and Bill Cooke to sing "Sweet Adeline."

Previous to that, Bob made a pleasant combination of pathos and comedy in a presentation of an alumni loving cup to Ray Ratcliffe. Bob's oratory deserved a fitting conclusion.

George Mangan made a splendid talk on Kiwanis education. He showed compliments on the local club for its splendid attendance record stating that this was the prime requisite necessary to Kiwanis education.

Inasmuch as Bob had already made his speech, Hunton fell back on O. D. for an address of thanks to the Eastern Star ladies. It would be impossible to properly reduce to prose the fine poetic ethics of O. D.'s extemporaneous address. Only those who

This was the first time that the club had been in the Masonic hall in many months and the ladies certainly dined them splendidly. They also made an extra effort to get to the appetites of their guests by decorating the tables very pretty. Kiwanians present and their guests were as follows:

Mr. D. J. Arrington, Misses Lucy Arrington and Virginia Frazier, W. S. Athey, J. E. Bradford, W. G. Covington, Mr. and Mrs. William F. Cooke, Rev. and Mrs. A. Stuart Gibson, Messrs. F. R. Hynson, Warren Hynson and Ed. Hill, Messrs. G. W. Herring, F. P. Moncure, Ross Jordan and George Reigler and Mr. and Mrs. A. A. Hoeff, Mr. R. C. Haydon and Miss Barbara Neill and Dicky Haydon, Messrs. J. C. Carl and Connie Kinchloe, Mr. and Mrs. C. C. Lynn and Miss Jane Marye Lynn, Messrs. W. H. Leachman, W. A. Taetz and W. J. BENNETT SCHOOL TO GIVE PLAY

Operetta on May 17 Was Written
Especially for Children.

An operetta will be presented by the Bennett School of Manassas on May 17 which promises to be a delightful affair.

The three-act operetta, "Boy Blue," is written especially for children. The story is centered around the little boy called Boy Blue who can never keep awake, and his playmates called the Hayfield children.

Boy Blue Mollie who is Boy Blue's best friend and the Hayfield children plan a fishing trip. In order that the sleepy Boy Blue may be there before the others arrive the following noon he spends the night in the field by the haycock.

Part II is a most delightful story showing how Boy Blue meets the Echo Elves, Katy-She-Dids and Katy-She-Didnts, the fireflies and the Musical frogs in his dreams. He goes fishing in a most unusual manner and the queer things he fishes out of Dreamland Sea are delightful. The queer little creatures not only talk to Boy Blue but they sing some lovely songs and dance, for his pleasure.

Part III brings the Hayfield children into limelight again through frolicking games in the hay field. Boy Blue is raked out from under the haycock very much bewildered as to where he is and of the sights he saw while asleep. He relates the incidents to the Hayfield children who would never have believed had it not been for an alarm clock and a stray frog and grasshopper.

THE BISHOP DISAP- POINTS MANASSAS

In the absence of Bishop James Cannon, jr., last week, the crowd which would have gathered at the high school to hear him dwindled to not very many over two hundred.

Dr. Edward Richardson of Richmond was present and gave some very excellent cartoons in color on the blackboard.

In spite of the absence of Bishop Cannon the meeting was quite successful and the audience was very appreciative of the temperance method as presented by those who did come. Rev. W. M. Compton presided over the meeting.

Bishop Cannon, the day before, broke a small bone in his arm and despite that had kept several engagements, severely overtaxing his strength. Up until 3 o'clock of the day he was scheduled to come he was still intent on being present at Manassas but the staff physicians at Sibley Hospital refused to let him make the trip and he was kept there until early Friday morning when he was carried to the train and assisted to his berth.

Bishop Cannon is well known in Manassas, having spoken here several times in the past few years.

WILLIAM A. SMITH EXPLAINS FERA

Asks Public Aid in Providing
Private Employment.

Not one family will remain on relief this summer for whom even a temporary job can be found, William A. Smith, Administrator for the Virginia Emergency Relief Administration, has announced.

There are encouraging indications, he said, that there will be enough seasonal employment to provide jobs for a large proportion of the State's case load during the next few months and local relief directors have been instructed to exert every effort to place as many of their clients as possible in private employment.

"Our objective is to put people back to work, not to keep them on the relief rolls," Mr. Smith declared. "During the next few weeks, particularly, while there is an increase in the demand for farm labor, we are going to make a determined drive to get as many people as possible off the rolls and into jobs where they can make their own way."

"The success of this effort will require the whole-hearted co-operation of every employer in the State. If it were possible to contact each of them in person we would like to do so, but since that obviously is out of the question, we are urging that they communicate their labor needs to their local employment offices where they exist, or to the local relief office in these localities without employment service facilities."

"Each relief office in Virginia maintains an occupational classification of all its clients. Local relief officials can tell on a moment's notice exactly how many workers of a particular type—steam fitters, plasterers, stenographers, engineers or common laborers—are available, and will even inform them when and where to report for work."

"We would like to cut Virginia's relief case load squarely in half this summer, and if farmers, business men and other employers of labor will give us their help we will at least make a definite approach to that goal."

Mr. Smith stated that 9.3 per cent of all the people in the state were receiving relief during March, the last month for which complete figures are available. This represented approximately 48,000 families in which there were at least one or more persons fitted for some form of employment.

"The work program of the FERA," he stated, "is not designed to put all of these people to work on relief jobs and thus remove them from the normal supply of private labor. On the contrary, its purpose is merely to provide work for those who cannot be absorbed in private employment, and the fewer people we have to put on work relief the more successful our program will be."

The relief office in Prince William is located at Manassas, Va., and is in charge of Mrs. Marion Lewis. Miss Frances Smith is in charge at Fairfax, Mrs. Melvin at Leesburg, Mrs. Katherine Moncure at Stafford, Mrs. Mary Doffen at Warrenton and Miss Watkins at Alexandria.

CATHARPIN

"But Thomas, one of the twelve, called Didymus, was not with them when Jesus came."

The above text was the basis of an excellent discourse last Sunday morning at Sudley when the pastor, reducing it to its lowest terms, preached an excellent sermon on "The Missing Man." The day was forboding and the weather man promised rain, so it was estimated that fully 150 of Sudley's members did not hear what was probably the most helpful deliverance of the year. Certainly no one could have heard without a little tingling of the "conscience strings" that it were better to be in one's place of duty. To quote—"What did Thomas miss? He missed seeing Jesus."

Corn planting in all its glory has been the order of the week and many acres are being put to work in the hope of large yields next fall despite the reduction process of the past year. Some of our prominent cattle men from down in the "flat country" near Manassas were "up" last week and their observations were that it was too soon to plant corn; that it were better to remain out of the ground for a while; but after viewing the landscape o'er they decided it was all right up here "in the hilly country." Now mind you: "Up in the hilly country"; and that when we can sit on our back door stoop and view the Manassas water tank on an almost level line. Well, we suppose the next thing they will be calling us "Hill-Billies." Anyway we will be eating roasting ears when their corn is just coming through the ground. So there!

Many friends and patrons of the Haymarket high school in the Catharpin neighborhood attended the senior play given in Parish Hall on Friday night of last week and report a most excellent entertainment.

Mr. and Mrs. Douglas McIntosh, of Hickory Grove, were visitors at the home of their aunt, Mrs. Jennie McIntosh on Monday last.

Mrs. Luther Griffith and son, Will, together with other friends, motored to Washington on Sunday last where they called upon Mrs. Griffith's daughter, Mrs. Burton Sowers, of that city. The little granddaughter of the family has just been operated on for tonsil trouble and Mr. Sowers just recovering from an operation for stomach trouble. All convalescing nicely.

O these quilting parties: when will they ever cease? We hope never. Last week witnessed one of the "mercenary" kind. You know we have two kinds of quilting parties out here; one we call the missionary kind, done by the missionary society, and the other we call the "mercenary" kind, that is, they are private quilts, privately owned, and the owner thereof, once she has it put together to her satisfaction gets up a big dinner and invites her friends to the feast; and while the said friends are awaiting the dinner gong, they are supposed to wield the needle as rapidly as good "sewmanship" will permit. Well, such an one was entertained at Oakwood on Thursday of last week and a grand good time was

TUBERCULOSIS DIAGNOSIS CLINIC

A clinic for adults conducted by a specialist of the State Health Department for the diagnosis of diseases of the chest will be held in the Court House at Manassas on Tuesday, May 21. This clinic is in co-operation with the physicians of your county.

If you have a bad cold of long standing, with cough, especially if any of your family have died of tuberculosis, you should have a chest examination, either by your physician or the clinic physician.

If you wish to be examined in the clinic, secure a written request for same from your physician and then see the tuberculosis nurse in your community for a clinic appointment.

VACCINE FOR DIPHTHERIA

Smallpox vaccine and diphtheria toxoid will be in the hands of the physicians of the county, we hope, by May 13. Parents are urged to take children, who are to enter school in the fall, to the family physician before June 1 for a physical examination, to learn the state of the child's health and whether there are defects of the eyes, throat or teeth, to be corrected.

Vaccination against smallpox is required by law in our county before a child enters school, but the vaccine furnished by the county will be out of date in June, so that children coming later to the doctor must pay for the vaccine in addition to the doctor's fee for examination and vaccination. Diphtheria toxoid, also, will be furnished by the county, and the fee for administering the same will be included in the doctor's fee.

All parents are urged to give their children the advantage of the physical examination and protection against disease, though considerable sacrifice be necessary to take care of the cost. They are also urged to give them the advantage of getting it over several months before entering school and not put it off, as many have in the past, to hurry the child to the doctor a few days before school opens, to be vaccinated.

the result. One feature was the bringing together of two "old cronies," Mrs. E. May Dogan and Mrs. Dr. Brower, who "reminisced" and lived again in the days of yore when they were giddy school girls and looking sweet at the boys. Yes! "May" and "Sadie" were young girls onetime, and we'll bet a rabbit's nest full of young partridges, that they had good times, too. This harking back to old times proved a delight to the younger ones who were interested listeners. But that was not all of it. One would think, at times, that the "tower of babel" was being rehearsed and a confusion of tongues had resulted, insofar as the listener could tell what was being said. However, when the parties named, plus Mrs. L. L. Lynn, Mrs. W. K. Caldwell, Mrs. C. C. Lynn, Mrs. W. S. Brower, to say nothing of the hostess, all got tangled up together, we felt it was time for us to get out and we got. However, they all, on departing, left the hostess under the impression that they had had a wonderful time.

ADVERTISE AND SELL THE THINGS YOU DO NOT WANT

A Little History of the Sunday School at Independent Hill, for the Past Fifteen Years, for Its Present, and for the Hopes of the Future

This had always been an anti-mission community until about fifteen years ago.

Father Simon Long, a member of the Valley View Church, lived in this community and did a great mission work. He took up the work here in the Sunday school as superintendent and from that time up to the present there has been a union Sunday school here which has undergone many changes, but has continued to be the basis of a union Sunday school sometimes having a Dunkard superintendent, sometimes Methodist and sometimes Baptist. It has grown into a splendid spirit of unionism.

Mrs. Herring and her family have been the most successful workers, while she has had other good help. During this time we have invited union conventions which have been well attended and greatly enjoyed.

The Baraca class of Nokesville on a number of occasions have given us evening programs, with good attendance and good effect. For these meetings we greatly appreciate and always extend an open door for their return.

During the months of January, February, March and up to the present time there has been an average of about twenty not missing a single Sunday.

The superintendent, Mrs. Herring, made it very comfortable by opening her home for the Sunday school for which we extend our appreciation.

The spirit of the Sunday school is rather the best of any Sunday school I attend large or small.

It is well organized at the present time with the hope of reaching every family in the entire community.

We are writing this little note for the encouragement of the Sunday school work, showing how willingness and continuance will accomplish. We feel it is very wonderful to get the children through the winter months as we have had them.

There are small boys that will read the devotional, also young girls and boys, all take a part in the service.

It is wonderful to hear the little ones take a part in the singing.

We have in the surrounding community about a hundred and sixty-five names which we hope to enlist in some way in the Sunday school. Our hopes for this year is for every one of these to be either on the cradle roll, home department or in active attendance. This is the goal we have set.

Respectfully submitted,
Mildred Oleyar,
Sec'y of S. S.

DUMFRIES

Sirens were blowing and people were being backed off the streets as two M. P.'s escorted Mrs. Roosevelt to the docks of Quantico. There she met our President and sailed to Washington with him on his yacht.

Mr. Paris and Captain Fogg came to the Dumfries school to talk to the children about the American Legion medal. Mr. Paris gave his speech on Honor. Captain Fogg gave his speech on Leadership.

The Dumfries school feels honored at having a member of the South Pole Expedition with them Monday, the 13th to give a lecture of the trip. This will be followed by a bingo party.

The Dumfries school team played Quantico Post team Friday, May 3, but at the end of the fourth inning it was raining so the game was called off. At that time Dumfries was leading 5 to 1. The game will be played Tuesday, the 7th.

STARDOM DUE FOR MANNORS—IF PRECEDENT HOLDS

If precedent means anything, beautiful titian-haired Sheila Mannors, who plays opposite Colonel Tim McCoy in "The Prescott Kid," the thrilling outdoor action drama which opens next Friday, May 17, at the Dixie Theatre in Manassas, is headed straight for stardom.

It is almost legend in Hollywood that Tim McCoy's leading ladies attain outstanding success on the screen. Notable among the girls who got their first real opportunity playing opposite McCoy is Joan Crawford. Others are Dorothy Sebastian, Claire Windsor, Raquel Torres and Fay Wray, all of whom later made screen names for themselves.

Sheila Mannors made her screen debut in a small part in "Daddy Long Legs." She was discovered by Ernst Lubitsch, the director, while she was appearing in a play at the Pasadena Community Playhouse.

She is an inveterate horseback enthusiast and is right at home in western stories, having appeared with Hoot Gibson, Tom Tyler and Bill Cody.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a precious heritage to them in later years.

MANASSAS BATTLE PARK

Today Hon. Wilbur C. Hall, Chairman of the Virginia State Conservation Commission, made a Park Service has under consideration the establishment of a National Park on the site near Manassas where the immortal Jackson received his appellation of Stonewall.

"This is one of the few battlefields upon which two great conflicts were fought," Mr. Hall stated to representatives of the press. "Owing to its proximity to Washington its development would bring people from all over the nation to view the Park."

Southerners call these two great Confederate victories the First and Second Battles of Manassas. Northern historians have more generally used the term "Battles of Bull Run."

With a patriotic Virginian of Confederate lineage heading our Conservation Commission, it is more than likely that the name "Manassas" will be permanently identified with this National Park, a circumstance which will be deeply appreciated by all citizens of this community.

NEW STATE DIRECTOR OF NEC

The announcement on last Thursday of the appointment of John Galleher, of Leesburg, youthful leader of the Young Democratic Clubs of Virginia, as state director of the National Emergency Council is welcome news to Culpeper and the counties of Northern Virginia.

Mr. Galleher has been commonwealth's attorney of Loudoun for the past five years and is a graduate of the University of Virginia. He was active in organizing the Young Democrats in the Old Dominion and is now president of the organization.

The new NEC director was endorsed for the position by Senators Glass and Byrd and Congressmen Smith and Woodrum.—Culpeper Star.

SYMBOL OF POWER

England, in all the majesty of her strength, celebrates the silver jubilee of her monarch. With the great empire in holiday mood, the King and Queen ride from Buckingham Palace to St. Paul's Cathedral and back

again in the royal coach through streets lined with their applauding subjects.

In 51 A. D. Caractus, an English king, was taken to Rome as a prisoner. In 1935 George Fifth celebrates 25 years on the throne of Great Britain. In all this great span of history no monarch ruled who was more admired by his subjects than the present king.

Great Britain comprises one-fourth of the entire world. Steeped in tradition, her monarchy has remained secure throughout the most trying times in the history of the world. Now in 1935, loved by his subjects, George Fifth has brought his country through world conflict and world depression. Small wonder that there were tears in the eyes of Queen Mary as she rode through the streets beside her husband to the cheers of hundreds of thousands of Britons. Those simple tears, however, explain something of the power and strength of the British monarchy as it stands today. Sympathy and understanding have taken the place of autocratic misrule, so that England's king reigns supreme in a world of democracies. — Winchester Evening Star.

Manassas Journal
Manassas, Va.
Dear Sirs:

The subject of my letter today is "Silver Springs, Fla." After seeing this wonderful creative work, I feel utterly powerless to describe its glory, its beauty, its wonderfully enchanting loveliness. The rays of the sunlight fall over its sparkling waters and come back to the eye in such prismatic beauty, revealing all the colors of a glorious rainbow.

It has been truly said that "Silver Springs has caught the blue of Capri, the gold of the Orient and the silver of the moonlight and knitted them together under her crystal waters" to ever charm and delight all who are fortunate enough to see this most wonderful attraction of the many beauty spots that Florida holds.

In and around Silver Springs has centered the life of the land, so remote that "the memory of man runneth not to the contrary." So far as history records Hernando de Soto and his followers were the first white men to behold the wonders of Silver Springs, which undoubtedly was the Fountain of Youth, sought by Ponce de Leon. The earliest Indian dwellers were the Timucua, who by 1750 had been driven out and displaced by the warlike Seminoles. Spain had ceded Florida to the United States in 1821 and in 1825 an Indian agency was established at the present site of Ocala Highlands. Then in 1827 the post was garrisoned and named Fort King which continued to be the center of Indian affairs until after the Seminole wars. The provision station for the post was at Silver Springs. It was in this neighborhood that Chief Osceola of the Seminoles ambushed and slew Gen. Wiley Thompson, Lieut. Constantine Smith and the post sutler.

The earliest contact with the outside world was by way of Silver Springs forming the source of Silver river and its connection with the Ocklawaha river and St. John's. Unlike most rivers Silver river is navigable to its very source. As it passes and merges into the Ocklawaha and St. John's rivers thence out to the sea.

The first 1 1/4 miles constitutes Silver Springs proper, where modern electrically driven glass bottom boats ply over Florida's subaqueous Fairyland. The water is of such sparkling transparency that one can see so small a thing as a penny at a maximum depth of 81 feet. The underwater scenery is as beautiful and varied as plant life is multiple; for here at Silver Springs nature has drawn aside the curtain of mystery that shrouds other waters and reveals a living panorama of a world unknown to those who have never seen beneath its surface.

Thirty varieties of fish in their native habitat are plainly visible, as though they were under glass in an aquarium. Hundred of different plants, many bewitchingly beautiful rare and exotic, grow in profusion on the bottom of the lake some bearing fruit and blossoms after their kind. In this transparent water you can see more fish in a minute than Pa Piffle or "Lord Plushbottom" can "shape a stick at." The fish are so numerous and gentle that they will come to the top of the water and eat out of your hand. The cavern out of which Silver Springs comes is 65 ft. long and 12 feet high. On the bottom of this water you can see in its richness and beauty of scenery something that cannot be duplicated anywhere in the world. Though you may fly over mountain ridges, deserts, prairies, the Grand Canyon, Yellowstone Park with its many geysers; the Rockies, thick forests, gardens and valleys, when you have seen them all, your verdict will be: "Not one of them, nor all of them together can

HICKORY GROVE WOMEN TO MEET

past week. It is reported that she is better and able to return to her work in Washington.

Mr. C. B. Evans, of Route 1, was in town Saturday and paid us a call. He says he has been taking the Journal as far back as he can remember. Mr. and Mrs. George Jackson had as their guests last week Mr. Jackson's sister, Mrs. Marie Kress; her daughter, Helen, and Mr. Harry Luke all of Philadelphia.

Mrs. May Galleher, of Haymarket, was a caller at the Journal office on Saturday.

There will be a meeting of the executive board of the Prince William Chapter American Red Cross in the County Nurse's office Friday, May 10, at 3 p.m. All members are urged to attend.

Mrs. Virginia Fately was a caller in town today.

compare with the matchless scenery displayed under the crystal waters of Silver Springs."

If you wish to follow Silver river on its way to the sea through the famous "Jungle Cruise" on one of those glass-bottom speed boats, you will not only see a changing panorama of underwater scenery, but there you see beds of purple water hyacinths, while on the surface of the land you see the forest primeval, with giant cypress groves and much beautiful subtropical jungle, showing on the water's edge many water fowls, large turtles and alligators basking in their sunbaths.

There are many traditions hanging over this spring, but I cannot go into detail over them. This point was the headquarters for old Chief Osceola and his great grandson, Geo. Osceola (now chief) lives there in the old primitive Indian style. I went through their village, met Geo. Osceola, his wife and daughter. George was whittling out a large spoon from a piece of cypress wood. I saw his squaw sewing together different colors of cloth for dresses which are said to contain 2 or 3 thousand different pieces. They were dressed just as they did 200 years ago. With their thatched houses, their primitive methods of beating corn into meal by a pestle, the women wearing gaudy colored dresses and from 20 to 30 lbs. of beads around their necks. The primitive Seminole village was amusing, interesting and educational. I am glad I hobnobbed with them for a while, but I certainly would not care to be too near them if they should "go on the warpath."

A pet deer walked about the grounds, going from one picnic table to another for tid-bits he liked. If he was offered something he did not like, he would shake his head and right off to another table until he found what he wanted. There is much about this wonderful spot that I could not write about in one letter. When you come this way and see for yourself, you will say what the Queen Sheba said after SEEING for herself Solomon's glory: "The half has not been told!"

Hope everything is going all right with you people of Manassas.

Yours truly,

THOS. H. COBB,

MRS. FANNIE HUTCHISON
Mrs. Fannie Hutchison, aged 91, lifelong resident of the Loudoun-Prince William area, died Friday, May 8, at the home of her daughter, Mrs. Sanford Gulick, at Lenah, near Aldie.

The funeral took place from her late residence, with interment at the family burying ground at Prospect Hill, near Bull Run, the Rev. D. Campbell Mayers of Middleburg officiating. There was a very large crowd present, including many relatives. The floral decorations were profuse and beautiful. Three sons of her only son, Milton, who has himself been dead for some time, were pallbearers for their grandmother.

Mrs. Hutchison was a widow of Ludwell Hutchison, brother of the late Captain Westwood Hutchison, of Manassas.

RUSH-BAGOT CELEBRATION

(Continued from page 1)
1817, Providing for the Restriction of Naval Forces on the Great Lakes. This Notable Agreement Was Negotiated on Behalf of Canada in the British Legation Which Stood on This Site. Placed April 29, 1935 by Kiwanis International.

Under Secretary of State William Phillips, in speaking at the dedication said, "It is appropriate that a tablet commemorating an historical and important agreement between Canada and the United States should be erected at this spot by Kiwanis International."

In response Counselor Hume Wrong of the Canadian Legation extended cordial and sincere greetings from the Government of Canada. He said, "All I desire to do today is to extend cordial and sincere greetings from the Government of Canada to the gathering here today, and to congratulate Kiwanis International on its happy thoughts in preparing and dedicating this tablet on the 118th anniversary of its signature."

In calling the meeting to order Mr. Hill said, "Kiwanis International in conjunction with the Kiwanis Club

of Washington and other Capital district clubs, is now about to dedicate a tablet commemorating the signing of the Rush-Bagot Agreement. This agreement signed April 28 and 29, 1817, specified the withdrawal of certain armed vessels from the Great Lakes. With this limitation of armament in effect between these two great American countries, they became friendly neighbors."

Honored guests present included Rear Admiral Joseph R. Defrees, Col. P. M. Ashburn, Lynch Luquer, secretary, English Speaking Union; Charles W. Pimper, lieutenant governor, Capital Kiwanis District; Allen C. Clark, president, Columbia Historical Society; Walter L. Fowler, assistant Corporation Counsel; Major Ernest W. Brown, superintendent, Metropolitan Police; Merle E. Townner, former governor, Capital Kiwanis District; Harry G. Kimball, former governor, Capital Kiwanis District; and Harold N. Marsh, president, Washington Kiwanis Club.

CHRISTIAN SCIENCE

"Everlasting Punishment" was the subject of the lesson-sermon in all churches and societies of Christ, Scientist, on Sunday, May 5.

The golden text was "By mercy and truth iniquity is purged; and by the fear of the Lord men depart from evil" (Proverbs 16:6).

Among the citations which comprised the lesson-sermon was the following from the Bible: "And I say unto you my friends, Be not afraid of them that kill the body, and after that have no more that they can do. But I will forewarn you whom ye shall fear: Fear him, which after he hath killed hath power to cast into hell: yea, I say unto you, Fear him" (Luke 12:4, 5).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Fear him which is able to destroy both soul and body in hell," said Jesus. A

PROPOSES ANNEX FOR BENNETT

Board Will Also Readvertise Haymarket Bids.

The county school board met yesterday with all members present.

Two matters of grave importance were before them for action. The first was the revised plans for the Gainesville District High School. Blue prints had been submitted by the State Architect and the Board ok'd them after a thorough consideration.

These plans have gone back to Richmond for the final preparation for plans upon which bids will be advertised which be in not over ten days.

The next matter was the plan to build a four-room addition to Bennett School. The FERA will be solicited in an effort to bring this about and suitable resolutions were passed to that effect.

Superintendent Haydon was authorized to prepare plans for a heating plant at the Dumfries School.

The Board appointed bus drivers and janitors.

Resolutions were passed asking all the Virginia railroads serving freight which reaches Manassas to give this point a rate competitive with points north.

The Board heard a most interesting report from Miss Veta Marie Draper, instructor in home economics at Manassas and Nokesville.

The Board will visit schools in Dumfries and Occoquan districts on Wednesday and hopes to see a large turnout of patrons at each school.

Careful study of this text shows that here the word soul mean a false sense or material consciousness. The command was a warning to beware, not of Rome, Satan, nor of God, but of sin" (p. 196).

SALE OF VALUABLE FARM

Under and by virtue of a certain deed of trust, executed by Godfrey L. Buck, under date of May 19, 1926, and recorded in Deed Book 82, at Folios 125-126, of the County Clerk's Office of Prince William County, whereby said grantor conveyed to the undersigned trustees four certain tracts or parcels of land, lying and being situate on both sides of the main line of the Southern Railway Company, and bordering on two highways and Kettle Run, all adjoining each other and aggregating about 256 acres of land, more or less, and being the same farm on which J. R. Burke formerly resided, adjoining the lands of E. E. Hale, the Estate of the late W. R. Free, Jr., and others in Brentsville Magisterial District, Prince William County, Virginia, the said undersigned trustees will offer for sale, at public auction, on

SATURDAY, JUNE 1, 1935, at about noon of that day, in front of the Peoples National Bank, at the intersection of Center and Battle Streets, in the Town of Manassas, County and State aforesaid, by reason of default having been made in the payment of the several sums therein secured by said deed of trust, with interest thereon, from the date to be announced on day of sale.

This farm, being located on said Kettle Run and two public highways, and within a half mile of Nokesville Station on the main line of the Southern Railway, one of which said highways having been recently graded, and being expected to be hard-surfaced in the near future, thereby rendering it a valuable farm in a most excellent farming community of dairying and like purposes. The farm has a dwelling house thereon but requires considerable repairs by reason of being wrecked in a severe storm.

TERMS OF SALE: Cash of \$8,275.00, with interest from date to be announced on day of sale, and as to residue upon a credit of one and two years, with interest from day of sale, unless said Godfrey L. Buck, or his assigns shall request otherwise, also subject to about 50 acres thereof under lease for the year 1935, with immediate possession of the whole farm, save and except said 50 acres, but as to that, seeding possession given in fall of 1935.

GREATEST CIRCUS COMING THIS WAY

Offering its millions of patrons the largest and best program in its brilliant annals, the mighty Ringling Bros. and Barnum & Bailey Combined Circus, is scheduled to exhibit in Washington, D. C., May 20 and 21 and on that date the world's largest big top will be filled with sensational new features from all over the globe, including the topmost arenic acts of every European nation, except Denmark.

The greatest show on earth will arrive on four long, railroad trains of double-length steel cars, carrying 1600 people, seven herds of elephants, 1009 menagerie animals and 700 horses, to say nothing of 31 great tents and countless tons of riggings, grandstands, properties and paraphernalia.

New European troupes are the Walkmirs, Antaleks, Romeos, Maschinos, Polis, Buemrangs, Demenatis, Willos, Lauries, and Torrence-Dolores—sensational aerial and acrobatic novelty offerings. The largest aerial ballet ever produced, led by the Lydia, the Rooney, the Annetta and Nalleta troupes, and the largest liberty horse act ever seen are new thrills from abroad.

Mlle. Gillette, who leaps from the dome of the big top; the Otaris, who fly in masses from an aerial cross; the two Wallenda troupes in new hair-raising high wire feats; Dorothy Herbert, riding reinless hurdling horses over fire jumps; the great Con Colleano, forward somersaulting star of the tight wire; the largest acrobatic display ever seen, with the Yacopis, the Danwills, the Uyenos, the Yom Kams, the Demenatis, the Hadjis and Hassans; the celebrated Loyal-Repenski, the famed Rieffenachs and the great Walters, bareback riding stars; the two Guice Troupes of comedy aerial flyers on the lofty bars; the Flying Concellos, with Antoinette, only girl ever to accomplish a two-and-a-half somersault to hand-to-hand catch; the famed Flying Comets; Hugo and Mario; who are fired in a split second from the mouth of a giant cannon across the upper reaches of the big top—these are but a few of the preeminent artists among the 880 performers with The Greatest Show on Earth—Ringling Bros. and Barnum & Bailey.

Still another feature is Col. Tim McCoy, the screen's most outstanding western star, at the head of his congress of rough riders of the world—cowboys, cowgirls, Cossacks, Mexican vaqueros, Australian bushrangers and Plains Indians. Col. McCoy, scout, soldier and friend of the Indian, idol of American youth, will also present his Indian Village in the center of the vast menagerie oval.

FAMOUS LOUDOUN HOME IS DESTROYED BY FIRE

Rockhill, one of Loudoun County's fine old colonial homes, Roostree in early colonial times of the Belt and Giddings families, was destroyed by fire on Tuesday of last week.

A bill to amend Utah's civil service law, introduced in the House, would suspend or discharge employees for discourteous treatment of the public.

BEAUTY NO OBJECT TO "WEST OF PECOS" GIRL

An "ugly duckling" role is something that most of the Hollywood beauties would just as soon skip. Naturally they were considerably surprised at the enthusiasm with which Martha Sleeper proceeded to make herself unbeautiful for her leading role in "West of the Pecos," in which she disguises herself as a young boy. She had her hair cropped close in approved masculine style, and eschewed all the little beauty aids so dear to the heart of womankind. Then she dressed in dungarees, boots, flannel shirt and battered old sombrero which once belonged to Wallace Beery.

"The explanation is," said Miss Sleeper, "that I have always wanted to play vivid character parts."

Richard Dix is the star of "West of the Pecos," which was directed by Phil Rosen, with a cast including Fred Kohler, Sleep-'n'-Eat, Louise Beavers, Russell Simpson and Maurice Black.

The picture will come to the Dixie Theatre in Manassas tomorrow.

PROGRESSION

What wonderful progression,

Since fifty years ago,
When girls wore woolen dresses,
And boys wore pants of tow;
When shoes were made of cowhide,
And socks of homespun wool,
And children did a half-day's work,
Before they went to school.

The girls took music lessons,
Upon the spinning wheel,
And practiced late and early,
On spindle swift and reel;
The boys would ride the horse to mill,
A dozen miles or so,
And hurry off before 'twas day,
Just fifty years ago.

The house lit up with candles,
Beef tallow round a wick,
They put them in a stand-up,
They called a candle-stick;
The food was cooked in mushpots,
On coals of wood aglow,
And all would eat with milk so sweet,
Just fifty years ago.

Oh well do I remember,
That patent cooking stove,
Which father bought and paid for,
In goods my mother wove;
And how the neighbors wondered,
When we got the thing to go,
And said 'twould burst, and kill us,
Just fifty years ago.

The ground was ploughed with oxen,
Beneath a wooden yoke,
Tell that to modern farmers,
They say you fool, a joke;
They now start up the tractor,
The plow-machine must go,
Harrow and disk was not so brisk,
Just fifty years ago.

The girls would get the breakfast,
While mother used her loom,
The boys would feed the horses,
And use the currycomb;
And all to bed must go,
At nine o'clock it's bed-time,
But now the girls must fix their curls
And see a picture show.

Now men go up in airplanes,
And leave the earth below,
And in a very short time,
See sights they cannot show;
They leave the sunny dreamland,
Where all is green aglow,
And in a very short time,
See naught but the ice and snow.

LATIN TEMPO AND ROMANCE IN RAFT MOVIE

The tricky, fascinating and seductive rhythms of Cuba's centuries-old native dances form the accompaniment and background for the dramatic love story of George Raft's new starring Paramount picture, "Rumba," which comes next Monday to the Dixie Theatre in Manassas. Carole Lombard, his partner in "Bolero," is again co-starred, and Margo, petite Spanish dancer, is featured.

"Rumba" is a poignant love story of a tempestuous dancer and a mad-cap heiress. During the unraveling of the plot eight new dance steps, never before filmed, are presented. A troupe of native dancers was brought from Cuba to Hollywood especially for this picture. The elaborate Ralph Rainger score has added entertainment elements.

Raft is cast as a cabaret dancer in Havana, exiled from his beloved Broadway by threats of gang vengeance. He falls in love with Carole Lombard, an heiress, and despite repeated snubs, persists in his suit. In time she, too, falls in love with him, but her parents learn of the infatuation and force her to return to New York.

For Those Who Remain—

When death visits a home, the first concern is to perform the last service to the loved one in a becoming manner. Whatever is done must express all the reverence and affection that is felt at such a time. But in addition to this, a further responsibility rests upon the funeral director. It is his privilege and duty to lessen, as far as lies within his power, the burdens laid upon those who remain. By countless little acts of thoughtfulness he can make the way easier for them. We consider this part of our work as important as any other. Our highest aim is to have our patrons look upon us as trusted friends, ready and anxious to render sympathetic assistance to those who remain behind.

BROWN SCHOOL
GRADUATES NINE

Col. Hamilton Addresses Student Body.

On Friday, May 3, the Brown School held its closing exercises with a large crowd in attendance.

The program opened with the welcome song by the school followed by the address of welcome by Esther Smith. The class poem was then heard by Juanita Green and the class will by Martha Taylor. The American hymn was rendered by the school.

The guest speaker of the day, Col. West Hamilton, of the National Reserve Corp., Washington, D. C., delivered a very interesting message to the audience. He cited in particular the advantages the colored folks had at the present time and how much they should appreciate the opportunity of an education. He further spoke of his experiences in the World War and stressed the importance of the people to follow such great leaders as Washington and Morton.

At this time Dr. Williams of Manassas again brought in his earnest plea that the school help support the T. B. sanatorium at Burkeville, and the school later decided to present a health cantata to raise money for this worthy cause.

Miss Margaret Townes, rural supervisor, extended to the school her sincere thanks and appreciation for the co-operation she had received from the Brown School and also for the earnest effort the teachers had made in carrying out the objectives which had been set up at the beginning of the school year. The school in turn presented their supervisor with a small token for her loyal services to the school.

James A. Roy, president of the Parent-Teacher League, spoke to the parents and friends of the school with an urgent desire for them to attend the league meetings. He also outlined the progress which had been made in the past school term and thanked the parents and teachers for their help in this work.

The farewell address was given by George Alexander, a graduate of the school, followed by the closing song by the school.

The seventh grade diplomas were awarded by Superintendent R. C. Haydon to the following students: George Alexander, Paul Davis, Jasper Harris, Martha Taylor, Esther Smith, Juanita Green, Juanita Bryant, Dorothy Brown and Roberta Reddick.

Attendance certificates were awarded the following pupils: Law-

10 WAYS—

the new FORD V-8 truck will save you money...

80 H. P., V-8 ENGINE

Gives V-8 cylinder performance with the fuel economy of a "4." Exhaust valve seat inserts eliminate periodic valve grinding. New crankcase ventilation gives greater oil economy.

FULL-FLOATING REAR AXLE

Sturdiest type of construction. Housing carries load, leaving shafts free to drive truck. Pinion gear is straddle-mounted.

NEW RIB-COOLED BRAKES

Cast alloy iron drums mean fewer adjustments and longer life for brake lining. Quicker and smoother stops with heavy loads.

FULL TORQUE-TUBE DRIVE

Insures positive axle alignment, longer tire wear and better braking, with springs entirely free to support the load. All driving and braking strains transmitted directly to the frame.

FORWARD LOAD DISTRIBUTION

Gives longer tire and brake life—less chassis and body strain. More room in the cab and more loading space ahead of the rear axle.

15% GREATER COOLING AREA

Flat tube and fin-type core set at 7 degree angle insures high air turbulence through fins at low road speeds, providing adequate cooling under all conditions.

LOW COST ENGINE EXCHANGE PLAN

After normal life, your Ford V-8 engine can be exchanged for a factory reconditioned one—giving new engine performance at less than the cost of ordinary engine overhaul.

NEW HEAVY-DUTY CLUTCH

"Centriforce" action and large diameter increases life and reduces pedal pressure 25%.

COUPE TYPE CAB

Insulated and lined. Seat adjustable to 3 positions. All-steel construction and safety glass throughout at no extra cost.

EXTRA HEAVY-DUTY FRAME

Only truck in low-price field with high carbon pressed-steel frame. Full channel depth cross members reduce chassis weaving and body maintenance.
