SEPT. MEETING OF BETHLEHEM CLUB

Hearty Welcome Extended to
Mrs. R. L. Sadd.

Mrs. Kyle Lynn, assisted by Mrs. M. E. Hart, entertained the Bethlehem Club Wednesday afternoon, Sept. 18, at her home on Grant avenue. The meeting was well attended after the August holiday. The president, Mrs. R. L. Sadd, was given a hearty welcome, following an absence of several months.

Reports from the civic relief and education committees were heard. A small contribution of \$2.50 was given to the library in addition to the annual sum of \$15.00.

At the close of a short business session the meeting was placed in charge of Mrs. P. A. Lewis who presented a most instructive and entertaining program. The first number was from Edgar Guest "Home, Friend, Family and Garden" read by Mrs. E. D. Wisslar. This was followed by a magazine article on spring flowers given by Mrs. Lewis and supplemented by a talk on bulbs by Mrs. E. C. Johnson. Mrs. Johnson told of daffodils, tulips, iris, crocus, lilies and others, how, when and why they should be planted, of soil and heaps of interesting things about bulbs that one was happy to remember. An appropriate poem, "Daffodils" by William Wordsworth, concluded Mrs. Johnson's talk.

Misses Althea Hoeff and Elizabeth Davies delighted the assembly by music, piano and voice.

The hostesses were assisted in serving by Misses Bettie and Mary Mason Davis.

Mrs. Armstrong was guest of the club.

The October meeting is scheduled to meet at the home of Mrs. P. A. Lewis. Mrs. B. F. Knox and Mrs. E. M. Boteler will be in charge of the program.

Other club members present were Mrs. Maud Kinchele, Mrs. Lucy D. Washington, Mrs. R. L. Byrd, Mrs. Nannie K. Middlethorn, Miss Florence Kinchele, Mrs. Hebe Jackson and Mrs. W. M. Pierson.

YOUNG DEMOCRATS TO HOLD RALLY

Governor Brough to Speak at
Manassas.

The Young Democratic Club of Prince William County will hold a political rally at Manassas on October 4 at 8 p.m. Hon. Charles H. Brough, former Governor of Arkansas and now chairman of the District of Columbia-Virginia Boundary Commission, will be the guest speaker.

Although Prince William County is regarded as an old-time Democratic stronghold, Young Democrats are urging that all members of the Party rally to the support of their candidates in the November election, in order that all may know of the real strength of Democracy in the county and so that the various Democratic nominees for office may have the loyal support which they deserve as the standard bearers of the Party. Too many good folks, they say, stay at home on general election day in November, feeling that their vote is not needed, and thereby reducing the Party strength and encouraging political opposition.

Governor Brough is regarded as a most pleasing and effective speaker and those who have heard him are enthusiastic in their commendation. Those who hear him on this occasion, they say, will not only be highly entertained, but will derive a great deal of valuable political wisdom from his discourse.

LEAGUE MEETING

Please do not forget about the Community League meeting to be held at Nokesville on Oct. 1 at 7:30 p.m. This meeting will be held in the school auditorium. It is important that all members be present due to the business that must come before the group.

Following the business session, the annual teachers reception will be given. Special music will be given by Mrs. Mary Cowne and Miss Nina Good.

Everyone is invited and the patrons especially are urged to attend this meeting.

JUDGE WM. HILL BROWN,
Trial Justice for Prince William.

WOULD CHANGE JUSTICE LAW

Commission Recommends En-
largement of Trial Justice
Powers.

Reporting to Governor Peery this week, his advisory council has recommended sweeping changes in the criminal procedure for Virginia, enlarging the powers of the Trial Justices and providing that judges rather than juries fix the punishment in cases other than those involving capital punishment.

The commission recommended giving trial justices concurrent jurisdiction with justices of the peace in lunacy matters and throughout the state would give trial justices exclusive jurisdiction over misdemeanors or cases except where an alleged offender has been indicted. Circuit courts would retain the right to try indicted cases.

Under the new recommendations trial justices would be permitted to take affidavits and administer oaths but could not take depositions nor acknowledge deeds for purposes of recordation.

A number of important changes were recommended in matters of circuit procedure, an outstanding modification being that of authorizing the court, rather than the jury, to fix the punishment, except in cases involving capital punishment. A number of other changes of a technical nature, affecting fees and general procedure were urged to speed up court procedure and to clarify the present laws.

COUNTY SCHOOL NEWS

Miss Sue Ayres, rural supervisor, attended a meeting of the northern Virginia supervisors at Leesburg last Tuesday.

Superintendent R. C. Haydon will attend a called meeting of state superintendents at Richmond on Monday and Tuesday.

On Thursday, Oct. 10, there will be a meeting of all the county principals. Every Thursday after the first Monday in each month of the school year the principals of the county will hold similar meetings.

On Saturday, October 5, there will be a teachers' meeting at Woodbine of one, two and three room teachers. Progress is being made on the Haymarket and Bennett School buildings and it is anticipated that these buildings will be completed by Thanksgiving.

Records show that there is a decided increase in the enrollment of the white and colored schools in the county this term as compared with last year. The exact figures of such increase will appear in a later edition of this paper.

PRICE TO SPEAK AT CULPEPER

Lt. Governor J. H. Price is expected at Culpeper tomorrow night where he will address the Young Democrats of that county.

The speaker will be introduced by Dr. B. R. Bell and music will be furnished by the town band. Mr. J. H. Newhouse is in charge of all arrangements.

The meeting will be held in the auditorium of the town hall.

STREET IMPROVEMENT

The Centreville road in the corporate limits has been given tar treatment from the water tank to Main street and this week stone is being placed on the section north of the water tank out to Route 28.

MACS TO PLAY BALLSTON IN EXHIBITION GAME HERE SUNDAY

Ballston Defeats Manassas in Final Game to Win Red Section
Championship.

A two-game series between Manassas and Ballston has been arranged, the first game to be played on Swavelly field next Sunday, beginning at 3 o'clock. Cassell may be on the mound for the locals while either Hull or Owens is expected to be his opponent. Come out and see the boys. They still think they are better than Ballston.

Ineffective Mound Work Gives Game
to Ballston by 11 to 9 Score.

Ballston took the final game from Manassas Sunday to win the championship in the Red section of the Northern Virginia League. Ineffective work by Tennant, who sought to come to Dreifus' rescue in the fifth, resulted in a 11 to 9 victory for Ballston. Stephens, a left-hander, who started on the mound for Ballston, was wild and ineffective, giving up five runs in the two innings in which he worked. He was relieved at the beginning of the third inning by Owens, who held the Macs in check until the ninth, when a three-run rally brought the Macs within two runs of a tie.

The Macs acquired a three-run lead in the opening inning, Wurdemann's double high up against the rightfield fence with the bases loaded accounting for two of the tallies. They added another pair of runs in the second on a pair of walks and hits by Woodward and Brenner. Ballston came back, however, to push across one run in the first and added three more in the second on four walks and three hits. In the fifth, Spitzer walked Spitzer with the bases loaded to force in a run. He was relieved by Tennant who fanned Stevens but McQuinn walked to force across another run. Wolverton bounced to Vetter but Wurdemann dropped the throw permitting two

more tallies to cross the plate and put Ballston in the lead. Tennant, pitching in a half-hearted manner in the seventh, was touched for three hits, which coupled with a hit batsman and a walk were good for three more runs. Going into the ninth the Macs' cause seemed hopeless but with two out and a man on first, successive hits by Lynn, Buckner and Woodward accounted for three runs. Blackwell, however, forced Woodward at second to end the rally.

ENGAGEMENT ANNOUNCED

Last Saturday afternoon at a beautifully appointed tea attended by nearly all of the younger social set, Mr. and Mrs. W. E. Trusler announced the engagement of their daughter, Janet Rebecca, to Mr. Stanley Albert Owens of Canon, Ga.

Miss Trusler, who is a graduate of Marjorie Webster School in Washington, attended school in Manassas until she finished her high school studies. She is a well-known member of her set and frequently entertains for her young friends at the attractive home of her parents. She is also classed as one of our very prettiest girls.

Mr. Owens is the son of Mr. and Mrs. A. J. Owens of Canon, Ga., and is very popular in Manassas. He comes of an old and prominent family in his state. He attended Emory University in Atlanta and took his law degree from the University of Georgia. He is a member of the Pi Kappa Alpha Social Fraternity and the Pi Alpha Delta legal fraternity. At present he is an attorney for the Interior Department.

The Journal extends warmest congratulations and many good wishes to the young couple.

THE HIGH SCHOOL LEAGUE

The Community League of the Manassas High School met in the library, September 19, with a large attendance of parents and teachers. The program, as outlined for the coming year by Mrs. W. L. Lloyd, chairman of the program committee, promises a series of meetings which will be interesting as well as entertaining to all patrons of the school.

The two new teachers, Mr. Griswold who is teaching industrial arts and Mr. Fishpaw who is teaching agriculture, outlined their work for the year. Mr. Griswold says his aim is to teach the boys not only how to do but also why. He is striving first for good citizenship and second to help each boy select for his life's work that which he is best fitted by nature to do.

The October meeting will be held in the evening and it is hoped that the fathers as well as mothers will all come as Mr. Peters, principal of the high school, has promised to give a short talk.

TOBACCO FETE AT SOUTH BOSTON

Pageant Described the Most
Gorgeous Display of Recent
Years.

With flags and banners flying and its crowded streets ablaze with colored lights, South Boston, Va., opened its three-day National Tobacco Festival on Wednesday, with more than five hundred citizens participating in the gigantic pageant depicting the romantic history of the tobacco industry in its association with the eventful history of Virginia, telling in nine episodes and a masque the story of tobacco, from the Indian peace pipe to cigarettes. About 7,000 persons found seats in the natural amphitheatre, where footlights throwing 50,000 watts of light, movie flood lamps, and spotlights made vivid the episodes which were unusually effective because of resplendent costumes.

Dramatically the pageant scenes by T. Beverly Campbell and Howard Southgate, pageant director, told the story of the magic herb, all the way up through the world conquest of cigarettes which occurred during the World War.

Leading the stupendous parade as Queen of the Festival is Miss Westwood Byrd, daughter of Senator and Mrs. Harry Flood Byrd, who will be crowned by Governor Peery to rule over the glamorous occasion.

Fifty thousand spectators are enjoying the great event, coming from many sections of the nation and from all counties of the Old Dominion, including Prince William County, which is represented in the Queen's lovely court of princesses by Miss Rose Ratcliffe, as "Miss Manassas."

POWER LINE TO CATHARPIN NEIGHBORHOOD CONSIDERED

Practically every home from Stone House to Catharpin, both by the Groveton-Sudley and Stone House-Sudley routes, was represented at a meeting at Catharpin School Monday evening.

Much interest was shown in the matter of obtaining the extension of a power line to and beyond Catharpin. A preliminary survey made a few days ago will be followed up and the prospects of a closer check on the route showing that the line will be practical are very encouraging.

STATE FAIR OPENS SEPT. 30

Annual Auto Race, Saturday,
Oct. 5.

Eyes of the speed world will turn to the Virginia State Fair race course, fastest half-mile dirt track in the country, on next Saturday, Oct. 5, when the annual auto racing classic, an Eastern championship event presented by Hankinson Speedways and sanctioned by the contest board of the American Automobile Association, will be staged as the last day feature of the big exposition.

Six speed events are to be hotly contested by a field of more than thirty brilliant pilots. Out in front, by slender margin, is "Doc" George Mackenzie, who is credited with the best record of the year. Eighteen times this year, Mackenzie has roared home in the lead, and at Indianapolis on Memorial day, he finished well up in the money in the 500-mile race. Closely trailing him in AAA point standing is Bobbie Saul, the 1933 champion, and a favorite with State Fair race fans.

Never before has there been such a great field of brilliant drivers entered for the fair races, it is said. Besides Mackenzie and Saul, the line-up includes such noted speed demons as Billy Winn, Vern Orenduff, Ken Fowler, the Moore brothers, Dan and "Babe," Frank Reynolds, Stan Slosser, the two Thadlock boys of Norfolk, Floyd Roberts, winner of 4th place at Indianapolis this year, Bill Schindler, a new sensation of the dirt tracks, and others.

No advance in admission will be charged for the Saturday automobile races, which will be an added feature to the rest of the State Fair entertainment features, it is said.

tor for Next Year.

The Rev. Perry L. Mitchell, pastor of the Baptist Church of Clarendon, Va., was elected moderator of the Potomac Baptist Association at the closing session of the eightieth meeting held in the Upperville Baptist Church last week. More than 600 people were in attendance.

The Rev. Barnett Grimley, of New Baltimore, was elected vice moderator; the Rev. C. W. Trainham, of Marshall, was re-elected secretary for the fourteenth consecutive year, and G. Harris Field, of the Plains, was re-elected treasurer for his twenty-sixth term.

The principal speaker last week was the Rev. E. J. Richardson, of Richmond, superintendent of the Virginia Anti-Saloon League. Other speakers were the Rev. Perry L. Mitchell, the Rev. C. B. Jones, of Manassas; the Rev. R. T. Dodge, of Alexandria, and the Rev. H. B. Cole, of Purcellville.

All of the churches in the association will set apart a Sunday in October in recognition of the services of Miss Genevieve Trainham, of Marshall, daughter of the venerable clerk, who will leave in November to take up her duties as a missionary. The next meeting of the association which comprises 64 Baptist churches in Northern Virginia, will be held in Leesburg next August.

A SPLENDID RECORD

The Manassas Volunteer Fire Department, since the purchase of the new equipment several years ago, has never lost a house or any other substantial building within the incorporated limits of the town. A fire last week, resulting in the loss of the Sorg residence, was far beyond the water supply of Manassas. Even then the fire fighters had the blaze under control until the water supply from a little spring gave out. The community is proud of this record and folks outside of the town express high appreciation of the willingness of the local fighters to go any reasonable distance and do what they can regardless of handicaps.

QUIET TALKS ON RELIGION

By Dr. James T. Marshall

THE HYPOCRITE

The alibi commonly offered by those who neglect their religious obligations is that the churches are full of hypocrites. The extravagance of such a statement is its own best answer.

Hypocrisy is a purely individual trait and can never be charged to any group of people as a whole.

We frankly admit that every church is likely to have some hypocrites in its membership. How could it be otherwise? There is no organization on earth from which insincere people can be excluded. You will find them in the Masonic Lodges, the Rotary Clubs, the Chambers of Commerce and even in the business offices and on the streets.

If the apostolic band had its Judas and early church its Ananias, it is scarcely remarkable that the hypocrite should find his way into the churches of every age.

However the number of hypocrites in the churches is much smaller than is generally supposed. Church members as a class are the best people in the world. They are not perfect, nor do they make any claim to perfection. Conscious of their own imperfections, they are sincerely striving to know and do the will of God. Try the experiment of closing all the churches of the land for a year and mark the effect on the morals of the people.

As a matter of fact the presence of the hypocrite in the churches is a testimonial to the value of religion, for men do not take the trouble to counterfeit what is of little value. There is always the temptation to certain persons to join a church for the sake of the temporal advantages which are involved. Some men find it a convenient way to establish themselves in the confidence of the community and thus to increase their chances for business success. Others are motivated by considerations of merely social standing.

We have no word to say in defense of the hypocrite. His sin is most odious in the sight of God. Jesus was always gentle and compassionate in dealing with publicans and harlots, but for the hypocrite he had nothing but stern invective. It was the insincere religionists whom He denounced as "sheep in wolves clothing" and "worthy of the damnation of hell."

The church deserves fairer treatment at the hands of its critics. No intelligent man will try to deny the debt which civilization owes to the Christian religion, and the church is entitled to the support of all who are interested in the redemption of the human race.

It takes no brains to throw bricks. It is surely more commendable to put on the Christian armor and join the army of Heaven in its warfare which is "not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

Virginia city and county school superintendents will hold a conference with the State Department of Education in Richmond September 30 and October 1.

CHRISTIAN SCIENCE

"Matter" was the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, September 22.

The Golden Text was "Blow ye the trumpet in Zion and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the Lord cometh, for it is nigh at hand" (Joel 2:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by him; and without him was not anything made that was made" (John 1:1-3).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit, God, has created all in and of Himself. Spirit never created matter. There is nothing in Spirit out of which matter could be made, for, as the Bible declares, without the Logos, the Aeon or Word of God, 'was not anything made that was made'" (p. 335).

CUTTING DOWN AUTO DEATHS

What is being done in the Nation's Capital and throughout the country to make our streets and highways safer for motorist and pedestrian? What steps are being taken to cut

down the appalling toll of casualties in auto accidents which each year claim more killed and injured than war in the trenches? These questions will be answered in a full page illustrated feature article appearing in The Washington Star next Sunday.

AMERICAN WAR
MOTHERS' CONVENTION

Virginia Chapters of War Mothers are preparing to attend the 10th National Convention in Washington at Wardman Park Hotel September 28 to October 4, 1935. On the afternoon of October 4 one of the closing events will be the planting of two trees in honor of two past National presidents Mrs. Virgil Stone and Mrs. Wm E. Oehlertree at Potomac Park.

Following that will be a trip to Mt. Vernon and upon the return a tree will be planted in the grounds of the George Washington National Masonic Memorial at Alexandria.

Mrs. Thomas Taylor, National Memorial Tree chairman, is arranging an interesting program and will have the Third Cavalry Band from Fort Myer, Va., to furnish music. Noted speakers will be in attendance.

On Tuesday evening the Americanization program will be given with the Army Band to play and with addresses from Gen. Ames Fries, Madame Grant and Miss Maude E. Aiton, principal of the Americanization School in the District of Columbia, all outstanding workers in the field, which is of such vital importance in our land today.

The music chairman, Mrs. Roscoe L. Oatley, has secured the finest talent in the city together with their own peerless service bands from the Army, the Navy and the Marine Corps.

The election of officers will take place on Thursday, October 3rd and Virginia Chapters have their eyes focused upon this event since they have a candidate in the field for National First Vice-President, Mrs. Edward T. Fenwick, of Falls Church, Va., wife of a prominent attorney in Washington. Her supporters feel that her election will add strength to the organization.

VARIATION ON THEME OF
WILD WEST ADVENTURES
CREATES EXCITING FILM

What is the rival of a first-rate Western picture? This question pops up as a result of the grand entertainment given by "The Cowboy Millionaire," starring George O'Brien, which opens next Wednesday at the Dixie Theatre in Manassas, and ranks as the finest Western that ever graced town.

George O'Brien, one of the best loved of the Western film stars, gives a splendid portrayal of the cowboy guide, rough-mannered but with a fine character, who falls in love with an English heiress, at a swanky dude ranch in Arizona. He and his pal jointly own a mining claim, and while George O'Brien is called to the mine hurriedly, the girl returns to England.

He returns excitedly with the great news that the mine has clicked and is worth a fortune, to find not only that the girl has left for England, but also that his pal and partner has gone too, having had an offer to sell the claim for \$25,000.

Thereupon starts the quest for the partner, to prevent him from selling the mine, and for the girl he loves. From the sandswept desert of Arizona, across the United States to England goes the hero, surmounting many obstacles. How he achieves his goal is told, under the expert direction of Director Edward F. Cline, in this swiftly moving beautifully mounted film.

Evalyn Bostock, young English film actress, plays her first Hollywood role in this picture, and undoubtedly will be heard from.

DUMFRIES WOMEN TO MEET

The women of Dumfries community are cordially invited to the October meeting of the Dumfries Home Demonstration Club, which will be held at the school building on Wednesday, October 2, at 1:30 o'clock. The topic for demonstration is "Garment Finishes."

COLLEGE ATHLETES
MAKE GOOD ACTORS

Football heroes may not make good bond salesmen, but if the performance of John Wayne in his various western characterizations are any criterion, athletic stars might do well to go in for histrionic endeavors.

John Wayne, whose latest western picture, "The Texas Terror," comes to the Dixie Theatre in Manassas tomorrow, won his first laurels as one of the stellar lights of the University of Southern California football team under the name of Marion Michael Morrison. He is but one of the many football stars who have made successes on the screen. A few of the others are John Mack Brown, Charles Starrett and Sidney Blackmer.

Wayne's western career started several years ago in "The Big Trail" and he has rapidly come to the fore as one of the leading western players on the talking screen. His latest picture makes a considerable demand on his acting ability as he is forced to assume several characterizations throughout the course of the story, playing variously a sheriff, a desert rat and a ranch foreman.

BIBLE THOUGHT AND PRAYER

ASA'S PRAYER: Lord, it is nothing with thee to help, whether with many, or with them that have no power; help us, O Lord our God; for we rest on thee; and in thy name we go against this multitude. — 2 Chronicles 14:11.

ENTERING HIGH SCHOOL

Thousands of young men and young women (they aren't boys and girls after they get out of the grades) will enter high school this year, and if they are the right kind of young people they will get the right kind of a thrill from this experience.

Entering high school is an epochal event in the life of anyone who is blessed with the opportunity. Most students never get beyond the graduation period in the high schools. After that they either go to work or loaf or do a little of each.

A great many young people who enter high school never graduate, and that is a very sad mistake for them to make, and a still graver mistake on the part of the parents, providing the latter deliberately gave their consent to a child leaving high school without graduating, when it is not necessary.

The first day in high school marks the beginning of an important event in the life of the young man or young woman who enjoys the privilege of acquiring this important education.

There will be a time in the history of this country (and it is approaching rapidly nowadays) when a young person without a high school diploma is going to find things pretty hard in this life. For education is the stepping stone to success and independence and without it all is slavish labor and interminable discouragement. Those who entered upon high school life today are to be congratulated. They are marching over a royal road and paving their own life's highway so that progress will be smooth and sure. — Buchanan News.

WE HAVE THE CLIMATE

Virginians have never indulged in the making of extravagant claims for the attractiveness of their state's climate, as have residents of some other states that might be mentioned; but, taking everything into consideration — including last week's storm visitation — it is doubtful if any state can rightfully boast of a more generally agreeable climate than has the Old Dominion.

And the region round about Scottsville—with mountains on the west and the sea at a respectful distance on the east—is, we believe, particularly blessed in the matter of climate.

mate. Here the summer heat is tempered by the cooler air from both sea and mountains. While the blizzards of winter which come howling down from the open spaces of the great northwest lose their ferocity upon striking our protective barrier, the Blue Ridge range.

Likewise the autumn tropical storms which occasionally wreak havoc on the south Atlantic coast, are greatly modified before reaching this far inland.

With its rarified atmosphere, due to a considerable elevation above sea level—and not too much elevation; with absence of malarial, mosquito-breeding swamps or waterholes—this region should be even more noted than it is for its healthfulness as well as for its moderate climate, its productive soil and its beauty of scenery.

We should tell the world. — Scottsville News.

MEAT PRICES

Whether the Agriculture Adjustment Administration does or does not succeed in proving an alibi, Secretary Wallace's inquiry into the high cost of meat should clear some aspects of a mystery that concerns every man's dinner.

Virginia livestock growers have been pleased at higher farm prices, but they have shared the surprise of the consumers at the large spread between these figures and the cost of meat across the retail counter. And the retailers deny emphatically that they are responsible for a situation that has injured their business by curtailing the demand for the better cuts.

The public was braced for higher prices this year because of the control experiments and because of the droughts of 1933-34, but pork and beef soared to a point that has thrown many a household budget out of kilter. This has resulted in some dizzy buck-passing, between the packers and the AAA which the investigation in Washington may settle. Unless the investigation explains the situation, the necessary reduction in individual purchase of meat may undo whatever good there was—if there was any—in the whole effort to aid the man who tried to make a living from raising cattle and hogs. — Richmond News Leader.

POTATO CONTROL IS OUT

Just as farmers of high and low degree, including Representative Wadsworth of New York, were preparing deliberately to violate the potato-control act to see what, if anything, Uncle Sam would do about it, they find that, in all likelihood, they will be spared the pangs of martyrdom.

The AAA probably will make no attempt to enforce the law, which would have applied to potatoes grown after December 1. It has no money with which to operate. For this situation thanks, if any, are due the late Huey Long, who on the last night of Congress filibustered to death the bill carrying a \$5,000,000 appropriation for this purpose. It was suggested that \$2,000,000 of WPA funds might be used in the control work. However, Comptroller-General McCarl has indicated that he will not approve any such diversion.

And AAA officials are frankly glad of it. They never wanted the potato-control act. It was tacked on to some AAA amendments which they deemed necessary to the farm production program, and they were afraid to speak their minds about it. At the time these officials said the measure would present more administrative difficulties than all the other AAA programs put together. Its enforcement would be a nightmare to which they looked with undisguised dread. Quotas and the drastic penalties provided against excess production were to be applied to all output in excess of five bushels. For violation the farmer might be fined \$1,000 or sent to jail for a year. Representative Wadsworth said the Volstead act was "puny" beside this piece of legislation.

Now, however, the nightmare has been avoided, and Representative Wadsworth, as well as the lesser potato growers, may continue as law-abiding citizens. — Times-Dispatch.

REV. TEMPLETON IN ENGLAND

Friends of the Rev. James Templeton in Manassas may be pleased to hear that he has been most fortunate since going to England. Very soon after reaching London he was engaged for clerical work, preaching every Sunday, and generally at some old and interesting church.

He is now for the three autumn months in charge of the Church of the Ascension, whose rector, the Rev. Mr. Butterworth, has come on a lecture tour to Canada and the United States.

A most pleasant experience for Mr. Templeton since being in England was meeting the Bishop of London, the Right Rev. Arthur Ingram, who expressed himself as especially glad to see anyone from "dear Old Virginia," and said he had most pleasant recollections of his visit here in 1907.

Fulham Palace, home of the Bishop, is, according to some travellers, rather a gloomy old pile, but Mr. Templeton found its atmosphere most hospitable and its gardens along the Thames side very beautiful.

STATE BEGINS
PENSION STUDY

Gov. Peery Asks Morrissett to Make Inquiry.

At the request of Governor Peery, State Tax Commissioner Morrissett this week took under consideration the proposal of the Virginia Education Association that State employees join with public school teachers in an effort to work out a sound retirement fund system for the combined groups.

He said he had not fixed time for a meeting of State workers to discuss the question, as suggested by C. J. Heatwole, executive secretary of the education association, but probably would do so within the next few days.

The teachers, through their association, are seeking to set up a workable plan as a substitute for the one they have had for years but which has broken down, they admit, because it was actually unsound.

In this latest movement they are suggesting that State departmental heads and workers, who like city and county employees and teachers, are barred from old-age annuities and unemployment insurance under the Federal social security act, join forces with them in an effort to help themselves.

Replies from eight State department received by Mr. Heatwole this week show that they approve of the move and would be glad to have a part in it. Many others are still to be heard from. There are about 8,000 State employees in the departments and the various State institutions, including the State-supported colleges. The teachers number about 17,000.

A NOVEL OF THE OLD SOUTH

By H. J. Eckenrode

The story of Buck Musgrave, Southern gentleman, who devoted himself, before the Civil War, to the serious pursuits of life, particularly horse-racing, cock-fighting and hard drinking. The searing changes which the War brought to this son of the Old South, and his changed outlook in the Reconstruction period are presented with dramatic force.

The author is State Historian of Virginia. He knows and understands the people of whom he writes, and he treats of the Musgraves as well as the "poor whites" with honesty and vigor. The manners and customs of the time just before and after the Civil War are presented from a fresh viewpoint in this fine novel of the life, loves and adventures of Buck Musgrave, who betrayed his traditions, but found a renewed and finer life under a new code.

L. Kilby and Sarah J. Kilby, sometimes called Mrs. E. L. Kilby, promised and agreed to pay to James L. Carrico four months after its date the sum of \$250.00, with interest from date, and with ten per cent additional as attorney's costs for collection, and to make sale of the said undivided interest of said defendants in said tract of land and for general relief.

SHIRLEY, IT'S GOOD TO KNOW YOU'RE BACK TO CHEER OUR HEARTS

Glorious Shirley Temple, whose natural art is second to none, and who has, in the words of Irvin S. Cobb, "made more people happy and made more children laugh than any child your age in the history of the world," is here again.

Her new Fox Film picture, "Our Little Girl," starts its engagement next Monday at the Dixie Theatre. It is called her greatest!

This is said to be Shirley's most touching picture. She plunges into an emotional adventure that sings in the heart as she bravely meets a bewildering crisis while those who are nearest and dearest to her grope in the shadows of misunderstanding.

In addition to acting, the child wonder sings.

This powerful story again brings to the screen beloved Shirley Temple. Again she is said to prove herself a dramatic star second to none. And at no time does she stop being a real child deal to the hearts of millions. Shirley plays almost every scene in this picture.

"Our Little Girl" is said to have appeal for young and old. For the young in heart as well as in years, there is a thrilling circus sequence. Producer Edward Butcher spared no expense in bringing a complete circus, big tent, wild animals, elephants, and all. "Poodles" Hanneford, world-famed clown and rider, has an exciting act, clowning, riding, falling. Thrilling. Other circus celebrities seen here are "The Clarkonians" in a swinging act, and the clowns Ham-bone, Dumbell, Smiling Sambo.

A fitting cast has been assembled around the screen sensation. Rosemary Ames plays the mother, and Joel McCrea the father. Others are Lyle Talbot as "the other man," Er-in O'Brien-Moore, Jack Donohue, Poodles Hanneford, Gus Van, Margaret Armstrong, Rita Owin, Leonard Carey, J. Farrell Macdonald and Jack Baxley.

The direction is by John Robertson.

The Sunday school at Antioch which has been closed during the infantile paralysis scare was reopened on Sunday with a fairly good attendance and an interesting lesson on

"James the Just." Mrs. Howard Bell and Howard, Jr., were week-end guests of Mr. and Mrs. Granville Thomas of Ballston. Miss Bertha Foley was a Washington visitor on Monday.

We recently had the privilege of spending a delightful day in Occoquan as the guest of Mrs. R. J. Wayland. It was our first visit to the quaint historic town and we were charmed with its rugged beauty and the age of some of its buildings.

Especially were we impressed with "Rockledge," the summer home of Mr. and Mrs. Barnes of Washington and Pennsylvania, but was built in 1758 by John Ballantine. This is literally "the house built on a rock" and is furnished throughout in a manner entirely in keeping with its outside appearance.

Hints for Motorists

By C. R. Strouse

Director, School of Automobiles, International Correspondence Schools

ON cars equipped with all-felt window channels, trouble is often experienced with the felt swelling up when wet, so that it is almost impossible to raise or lower the glass. Running an ordinary black marking crayon, such as used to label boxes, along the inside of the channels will permit the window to be moved easily, regardless of weather conditions.

When lubricating the chassis of an automobile equipped with four-wheel brakes, never fill the front hub caps with grease. Many greasy and grabbing front brakes have been caused by the presence of grease in the caps. The front wheels should be removed after every 5,000 miles of running, and the bearings washed thoroughly with gasoline. The bearings should then be re-covered with grease and replaced.

CATHARPIN

Mrs. Etta P. Lynn of Catharpin, who has been visiting her daughter, Mrs. A. L. Webb, of Chicago, for the past six weeks, returned home on Monday last after a very enjoyable journey to the "Windy City" on the lake. She thinks Chicago is a great city in spite of what we hear about Al Capone's escapades.

Miss Frances Robertson of Lawn Vale left on Monday morning for the State Teachers College at Harrisonburg where she expects to major in physical education during the coming sessions.

Agreeable to invitations sent out by the Misses Harriet and Bertha Pattie, a large number of relatives and friends gathered at Belle Farm, the home of Mr. and Mrs. L. J. Pattie, on Saturday night last, bringing with them many useful as well as ornamental gifts, suitable to a young couple just going to housekeeping, and presenting them to their brother, John F. Pattie, and wife who have lately gone to housekeeping in Manassas where Mr. Pattie is now employed. The evening was spent at games, contests, conversations among friends, new and old, all to the delight and enjoyment of the gathered assemblage. Refreshments, many and pleasing, were served and all departed homeward at a late hour after a very pleasant social time together.

The Eastern Shore of Virginia called loudly last week and in response to an invitation from the Rev. and Mrs. J. L. McCutcheon of Modest Town, Oakwood and Six Acres packed their grips and handbags for a visit to that interesting section of Virginia where most of last week was spent along the shores of the great Atlantic where "taters grow in abundance" both "rounds and sweets." Among the very interesting side of the trips was a visit to the island of Chincoteague where wild ponies grow and are "rounded up" once each year, usually in August, and lassoed for domestic use; also where every one "follows the water" for a living and where oysters are now being delivered by the boat load and prepared for market. This island is reached by auto after a trip of several miles over a road-way consisting of fills and bridges which crosses what is known as the "great marsh." Another very interesting feature was a fishing trip and "Fish fry" out on the beach, which with its boat trip going and coming almost filled the day to overflowing; these together with the annual supper served by the ladies of the Baptist Church of that city, constituted about as much entertainment as ordinary individuals were able to stand, and all came home happy but just about as tired as any one wants to be. You know three big meals a

day, sitting up late at night, visiting among friends, trying to look nice and pretty and on one's good behavior for 5 days is enough to put any one in the emergency hospital for repairs. All in all the trip was mighty fine and enjoyable; host and hostess well, and wonder of wonders, they invited us back again.

Mr. and Mrs. N. C. Pattie of Falls Church visited friends at Catharpin neighborhood on Saturday last.

On Monday night a meeting of interested citizens of the Sudley and Catharpin neighborhoods was held in the school house which was addressed by County Agent Cox and Mr. C. H. Wine of Manassas in regard to the proposed electric line from New Market via Stone House, Groveton, Sudley and Catharpin to McDonald's corner, embracing about 41 residences which were almost 100 per cent represented and the attendance of prospective users gave evidence of great interest. From the enthusiasm displayed by the crowd there seems no doubt that all will be glad to have electricity in their homes, and will have it, if same can be obtained within their ability to pay.

There are so many ways that electric power can be utilized on the farm that its introduction is an event "devoutly to be wished." Here is just a little illustration of how it may be used at the breakfast table. While enjoying our morning meal of bacon and eggs the hostess asked: "Will you have another egg?" The reply being in the affirmative, the egg was broken on the electric pan and before the first one was entirely cleared away the second one was ready, hot and sizzling, ready for use. A bowl of eggs and the electric pan was located on a little table near the hostess and it took but a good

minute or two to supply the demand. Now contrast this with the old-fashioned way of getting another egg. First of all we just might be requested to do without, but if we persisted the "hostess" would start off about one-half or two-thirds mad, rattle the old skillet from the back of the stove, put in a stick of wood, shake down the ashes, cuss the stove for smoking, and after about ten or fifteen minutes, would return with the order, which after a little family debate during the interim, might not be relished as well as it might have been.

Yes, there are so many ways that electricity can be used in the home and at the barn that we feel that once it was installed and its labor saving advantages understood, the user would not discard it no matter what it might cost to maintain. So now is the time to give the matter sincere consideration. If you have a friend some place who uses it, ask them all about it, but don't dwell entirely upon the "cost" but dwell on its advantages also; see what it will do for you in the way of labor-saving in comparison with the laborious way you are doing it now; weigh it thoroughly, then strike a balance and see what you can do. If the cost seems a little high, figure on it just like you figure on trading in your good, used car for a new one. Perhaps you can be more careful of your cars and make them last a few years longer and apply the amount saved to the installation of electricity in the home. There are lots of ways of doing things if we will but try it. Yes, folks; there are lots of places one may sacrifice that will not be missed half as much as the installation of electricity will do us near the hostess and it took but a good

THE BIG THRILL IN TYLER FILM

Can you imagine how it would feel to be under the relentless fire of a desperate enemy, your own gun empty, your ammunition all spent? That's the situation Tom Tyler finds himself in during the finale of "The Silver Bullet," his latest and best Western, when, after killing two out of a murderous outlaw trio, the third man menaces him with flaming volleys.

It was then Tom's sweetheart's gift to her lover, the silver bullet he wore as a charm, aids the man she would cheerfully have died to rescue. Few incidents in stirring melodrama have equalled, and certainly none have excelled, this big thrill moment of the new Tyler picture in nerve-racking suspense. In the distance echoes the trampling drum-beats of a posse riding at headlong speed to the spot where death hovers above the smoke clouds of gunfire. Will they arrive only in time to find Tom a bleeding corpse, or will the silver bullet ward off the fate that threatens him?

This question will be answered next Friday, Oct. 4, at the Dixie Theatre in Manassas.

WPA ALLOTMENT FOR VIRGINIA

Sanitation Projects Approved in All Counties.

Presidential approval of \$1,000,000 allotment for Works Progress Administration in Virginia has been announced from Washington this week. In addition to a number of special projects, the allotment covered sanitation proposals in counties throughout the state.

Among the general projects sought in northern Virginia, the following were approved:

Fairfax County—Lorton, sewage disposal plant; Federal funds \$18,901. Local contribution, \$5,516.

Loudoun—For water pipe at Purcellville; Federal, \$981. Local, \$597.

Sanitation projects approved include the following projects: Arlington \$9,031, Culpeper \$16,200, Fairfax \$23,410, Fauquier \$9,031, Loudoun \$9,031, Louisa \$9,031, Madison \$9,031, Orange \$9,031, Prince William \$9,031, Stafford \$9,031.

These allotments are said to require the exclusive use of eligibles from the relief rolls for the labor and it is also believed that in many counties there is an actual shortage of labor for the heavy type of work generally required for sanitation projects. In some counties, it is authoritatively stated that there is only a slight chance of this money being expended any time soon on account of lack of eligibles for heavy labor work.

BRIDGEWATER COLLEGE IS FILLED TO CAPACITY

Registration is completed at Bridgewater College with all classes organized for regular work. College officials reported a normal registration in all classes. The three sections of the freshman class were filled with about 30 students in each group. The total registration parallels that of last year with about 200 students. There is a slight increase in boarding students, with all dormitory space occupied. Professor C. E. Shull and Miss Mattie V. Glick, in charge of rooming assignments, stated that they had been compelled to call upon homes about the camps in order to accommodate a considerable group of men registrants.

AMAZING HIGH-DIVING HORSE TO AGAIN THRILL STATE FAIR CROWDS

Remarkably Trained Animal, Mounted by a Daring Young Lady, Leaps Head-First from 40-Foot Platform into a Shallow Tank.

"WORLD ON PARADE" IS BIG FEATURE

Amusing and Spectacular Vaudeville and Circus Acts Are Other Features on Elaborate 6-Day Entertainment Program.

Visitors to the Virginia State Fair, which is to be held in Richmond the week of September 30 to October 5, are to again experience the thrill of seeing a so-called "dumb" animal risk its life twice each day in a deliberate, voluntary forty-foot leap.

According to popular demand of last year's fair patrons, the management has added to the fair's entertainment program a return engagement of Dr. Carver's High Diving Horse, which held the grandstand crowds breathless with excitement last season. Again, this remarkable mare will be seen to mount the long runway to the wooden platform 40 feet in the air. Again, she will pause on its brink as a pretty young girl mounts to her saddle-less back. And, again, the thousands of spectators will wait breathlessly as the animal leisurely looks from side to side, cautiously measures the distance, then deliberately leaps, head-first, into a small hole in the ground below, filled with only eleven feet of water.

The Diving Horse is but one of a score of entertainment features which have been engaged for the forthcoming

exposition. Headed by a spectacular musical, dancing and comedy extravaganza styled "The World on Parade," the program includes such attractions as "Brenck's Golden Horse," the Six Arleys, Golda Honey, Alf Loyal's Dogs, the Honey Family, the Relmut Troupe, and others. Music will be provided by Basile's Madison Square Garden Band. Horse Races, Automobile Races, a new Midway Carnival and fireworks are other features of the 1935 State Fair.

SOUTHERN GIVES PUBLICITY TO NAT. FURNITURE WEEK

In connection with National Furniture Week, September 30 to October 5, J. C. Williams, manager, Southern Railway Development Service, has issued a folder "The Nation Turns to the Home."

The Southern Railway System is co-operating with the furniture manufacturers and dealers of the United States in educating home owners to the importance of modern and up-to-date furniture. Purchases of furniture have been deferred for several years due to the economic situation, but with the general improvement in business consumers are again interested in home furnishings and demands for furniture are rapidly increasing. Statistics of the furniture industry show that for the first eight months of this year furniture making is one-third ahead of last year, with production for July and August exceeding the same months for any year since 1929. This upward trend in furniture sales is attributed to replacement demands, plus the demands created by increased residential construction.

During National Furniture Week, September 30 to October 5, dealers will display new styles and will arrange special showings in an effort to interest home owners in buying much-needed furniture.

The attractive folder issued by the Southern Railway System will be distributed on its trains and through its offices over the country. This folder points out the fact that the Southern States are now leading in the production of bed-room and dining-room and other types of furniture and that the Southern Railway System, with 291 furniture plants at points served by its lines, carries more household furniture than any other railroad in the world. Because of the great importance and rapid growth of the industry in the South, this folder will be of special interest to furniture users in the Southern States.
