SUBSCRIPTION \$1.50 A YEAR

EXTENSION WORK IS REVIEWED

Mr. Cox Summarizes Accomplishment During 1936.

In carrying out the years' program of work, 878 visits to adults were made. There was a total of 2,619 callers at the office and 1,064 telephone calls were received.

101 different circular letters, of 10 to 600 copies each, and 1,894 individual letters were mailed. 2,110 agricultural bulletins and pamphlets were distributed, 131 news articles or stories were prepared.

112 meetings of an extension nature (4-H and adult) were held or participated in by the agent. 12,728 miles were traveled.

Assistance was received from the following extension specialists and others who came to the county during the year: W. C. Tully and A. L. Dean, Poultry; M. M. Johns, Agricultural Engineering; Robert Tait, J. L. Maxton and G. C. Herring, Soil Conservation Program; W. I. Thomas, Wheat Program; John Siebel and B. L. Hummel, Discussion Meetings and Community Organization; James Godkin, Grain Diseases; R. G. Connelly, P. M. Reaves, R. W. Dickson, C. W. Holdaway, Allen Crissey and C. J. Stauber, Dairying; Wilbur O'Byrne and R. P. Keithly, 4-H Club Work; Mr. Grizzard, Soil and Pasture Improvement; W. C. Shackelford, General and W. S. Hosterman, Hay Grading Demonstration.

H. W. Craun was assigned to the county as assistant agent during the month of September.

POULTRY:

Lists of Va. State Certified Hatcheries and poultry house building plans available were supplied in January. "Grow Healthy Chicks" cards were supplied most of the growers. County Poultry Institute held in February. Several turkey growers visited with turkey specialist in August. About 30 additional flocks culled by agent. County turkey meeting was held in August. Monthly turkey information letters forwarded and a new turkey bulletin was supplied to growers. Poultry show held in connection with Nokesville Fair with approximately 125 entries. Calls were received for 26 poultry house building plans. 20 4-H poultry club boys completed projects in which 1,881 birds were involved and \$639.74 profit was reported. Numerous calls were received from owners of diseased flocks. Help was given four farmers with canning.

SOIL IMPROVEMENT:

The adoption of the Soil Conservation Program caused soil improvement to be the leading project of the year. It is conservatively estimated that at least four times as much lime was applied as during any one of the past several years. Many farmers limed and fertilized pastures. Although set back by unfavorable weather conditions, there was a considerable increase in the acreage of clover and other legumes seeded. After several years of promoting the use of lespeza on land unsuited for clover, the problem now is to restrain seeding of straight lespeza on land where better results could be obtained with clover. An effort was made throughout the year to acquaint farmers with the relative value of different forms of liming material. While most of the men participating in the program were advised along this line, there is still opportunity for many farmers to make a considerable saving by changing to more economical forms of lime.

Fifty-nine soil samples were tested for lime requirements or sent to Blacksburg for a more complete test.

DAIRYING:

A County Farmers Institute, held in March was devoted largely to questions of interest to dairymen, following replies to questionnaire for suggestions for program. The program included a hay grading demonstration, a discussion of balanced rations and presentation of results of V. P. I. pasture improvement experiments.

The use of better sires in both large and small farm herds and the heavier feeding and better growing out of heifers were the main recommendations made at the annual meeting for recommending the years' program. Helpful co-operation in the proving of sires has been given by the V. P. I. dairy department and Beltsville Experiment arm to members of the herd improvement association. From a county-wide standpoint, more attention to the breeding and feeding out of dairy stock on farms with only a few cows in needed. Numerous calls

ALL ARE INVITED

JUNIOR WOMEN QUITE ACTIVE

Many Reports Discussed and New Members Inducted.

The regular meeting of the Junior Women's Club was held at the home of Mrs. J. P. Lyon on Thursday, January 14, 1937.

The chairmen of each committee gave a report of the work which had been accomplished during the past month. Reports were also given about the Progressive Dinner, and the sale which took place around Christmas time.

About \$15.00 was spent this Christmas for food and clothing, which was distributed to the needy of this community.

We are very glad to welcome the following people who were elected into the Club at this meeting: Misses Mary Currell Pattie, Margaret Carter, Catherine Luck and Ethel Cadmus.

Mrs. Headman, a new-comer to the town, was a guest at this meeting.

Miss Sarah Thomas, Prince William County Home Demonstration Agent, was the speaker for the evening. Her subject was "My Bedroom," and the Club was very much interested in this and received many thankful hints.

After the business meeting was adjourned, the hostesses, Mrs. Carl Kincheloe and Miss Marlon Lynn, served delightful refreshments.

TO SPEAK ON FOREIGN MISSIONS

On Sunday night, January 24, Miss Gertrude Schultz, of the Board of Foreign Missions of the Presbyterian Church, will speak in the Manassas Presbyterian Church. Miss Schultz is secretary for Women's Missionary Societies. She is a capable speaker and is thoroughly conversant with the various phases of Foreign Missions.

This meeting is part of a Missions Institute which is being held in the Presbyterian Churches of Washington City and vicinity. Foreign Missions is a co-operative undertaking. At home we see numerous communities over-churching and Protestant churches struggling for their lives on what is very close to a competitive basis. But on the Foreign Field Protestant Denominations are working together to present the cause of Christ in the most effective and economical way.

Miss Schultz's message, therefore, will be of interest not only to Presbyterians but to all missions-minded people. Presbyterian Church, 7:30 p. m.

STATE DENTIST AT BENNETT SCHOOL

Dr. Hedman, who is operating the State Dental Clinic throughout the county, is now at work at Bennett School.

All parents are urged to take advantage of this opportunity to have their children's teeth treated at the least possible cost.

Dr. Hedman, who does excellent work, is kind and quiet in manner and especially considerate of those children who are included to be nervous. People who are able and willing to pay will be treated first. Those who are willing but unable to pay the whole cost will be taken care of through the efforts of the teachers and patrons of the school leagues, and the generosity of the Kwanis Club and other local organizations.

HERNDON BASKETBALL TEAM WILL PLAY MANASSAS WED.

Much enthusiasm is expected next Wednesday night when the local fire boys will meet the Herndon team on the M. H. S. Gym floor.

This is the first game of the season between the Herndon lads and the Manassas fire team and is anticipated to be a good one.

The local team has been doing some excellent playing this year and it is hoped that everyone will take the same amount of interest in the games as do the players. Don't forget when you root for the boys, you root for your Fire Department.

FRANKLIN DELANO ROOSEVELT

carrying all but two states last November our popular President was inaugurated for his second term of office yesterday.

LEE CELEBRATION HELD TUESDAY

The annual Lee birthday celebration was held at Grace Methodist Church on Tuesday afternoon with Hon. C. A. Sinclair presiding.

The musical portion of the program included Lee's favorite hymn, "How Firm a Foundation" which was sung by the audience, two vocal duets by Mrs. Emmett Rice and Mrs. H. P. Baker with Mrs. Dennis Baker, accompanist; a solo by Rev. John DeChant with the title theme, Jackson's last words, "Let Us Pass Over the River and Rest in the Shade of the Trees," and the closing number, American, which was also sung by the audience.

Both the invocation and benediction were given by Rev. J. Murray Taylor. Other portions of the program included the U. D. C. Ritual which was led by Rev. A. S. Gibson and an original poem by Rev. T. D. D. Clarke, "Stonewall at Henry Hill."

Rev. H. P. Baker of Grace M. E. Church was introduced by Mr. Sinclair and gave a talk on Robert E. Lee, The Soldier, Patriot, Christian and Citizen.

Acting on behalf of the Chapter, Judge W. Hill Brown, Jr., of the county court presented two lovely colored maps of Jefferson Davis Highway, one to the school and one to the hotel.

O. H. S. ALUMNI TO PRESENT GIFT

The Occoquan High School Alumni Association met on January 13, and found itself in a position to be able to present to the Community League at the next meeting a check for \$100 to be placed on the note for the gymnasium. The treasurer reported that \$58. had been cleared on the last dance which was given on January 8.

A committee was appointed to look into getting books and selecting a play which will be given sometime before the year is up. It was decided that the Association would buy books for an unfortunate child who would like to attend high school but can not do so because of insufficient funds. These books are to be kept by the Association from year to year to help any others who may need them.

One more dance is to be held before the end of school but no date was set so far ahead of time. Near the end of school an invited dance will be held for the Alumni and their guests.

A discussion arose over the Alumni basketball teams but no definite decision was reached.

GARDEN SECTION ENTERAINS AT BENEFIT CARD PARTY

The Garden Section of the Women's Club held a benefit card party at the home of Mr. and Mrs. C. Wade-Dalton last Monday evening.

There were four tables of cards and a prize was awarded at each table. The prize winners of the evening were Mr. W. L. Lloyd, Mrs. Margaret Lewis, Mr. Marshall Haydon and Miss Margaret Lynch.

Mrs. Margaret Lewis, chairman of the Garden Section, and Mrs. C. Wade-Dalton were hostesses on this occasion. Delicious refreshments were served to the guests.

The party proved to be quite successful, both financially and socially.

WESTERN SCENES DESCRIBED TO KIWANIS CLUB

Dudley Martin as chairman of the entertainment committee called on Col. Hutchison to fill the bill for the evening at the last regular meeting of the Kiwanis Club.

The speaker went west for his inspiration, taking his listeners on a sea trip up the Pacific Coast to Skagway. After giving some splendid word pictures of the scenes, he became poetic and read two sagas of the ice country, both of which fitted in with his graphic description of the locality.

Arthur Boatwright will be program chairman for February.

Attendance was poor due to the fact that seven members of the club were away on trips, both long and short.

Frank read two communications, one a letter from the new governor, George G. Peery, of Salem, and the other a holiday greeting from our good friend and member, Walter Covington, who is reported as much improved in health.

INVITES NEW MEMBERSHIP

Skyland Drive Park Association Holds Annual Meeting.

The annual meeting of the Skyline Drive National Battlefield Park Tour Association, Inc., was held in Culpeper Monday afternoon, January 18. Manassas, as one of the contributors to this association was entitled to five voting delegates to this meeting, exclusive of Mr. Wm. F. Cocke, the director from this section. These delegates were Mrs. A. L. Mylander and Messrs. James Bradford, G. R. Ratcliffe, J. Carl Kincheloe and C. C. Lynn. Mr. Bill Taylor of Manassas also attended.

The meeting was called to order by the President C. Archie Smith of Fredericksburg, who gave a very comprehensive report covering the work of the past year which showed that the Association had surely justified its existence. One of their biggest accomplishments has been the distribution of thousands of pamphlets throughout every State in the Union and some foreign countries, outlining a scenic historic tour of Virginia. This Mr. Smith stated had been accomplished with very little expense to the Association, as a good bit of it had been done by Mr. Ray Hall, Managing-Director, in connection with his travels as Secretary of the Fredericksburg Chamber of Commerce.

A report of the Treasurer Mr. E. J. Nottingham, Jr., of Culpeper, showed the finances of the Association to be in a very good condition. Mr. Hall, gave a report of the work done through his office in trying to encourage tourists to visit Northern Virginia. He also placed before the delegates for their consideration, several recommendations for work in the future.

Mr. Smith had the Director from his community introduce his delegate so that everyone might get acquainted, and he also issued an invitation to any community not affiliated with the Association to join for the coming year. A representative from Charlottesville, stated that they had been affiliated with the Association, but had to withdraw last year, not because they felt it was of no benefit to them, but for lack of funds. They hoped, however, if they were not assessed too high to be able to return this coming year, feeling they were well repaid for every dollar put into this association. President Smith appointed a nominating committee to nominate the officers and directors for the coming year feeling there could be no improvement. They are as follows:

President, C. Archie Smith, Fredericksburg; Vice-President, R. C. Powell, Standardsville; Secretary, D. N. Davidson, Orange; Treasurer, E. J. Nottingham, Jr., Culpeper; Managing-Director, Ray Hall, Fredericksburg.

Directors for 1937 as follows:

Manassas, J. Carl Kincheloe; Warrenton, Ralph McKee; Leesburg, L. Clark Hoge; Gordonsville, Gilbert Coirer; Remington, R. A. Fifield; Charlottesville, A. T. Dulaney, and Madison, Joe Fray.

There were representatives present from Manassas, Fredericksburg, Orange, Standardsville, Culpeper, Remington, Charlottesville, Gordonsville, Warrenton and Leesburg.

The President read the budget for the coming year and the assessments as set to cover this budget, which he hoped each community would accept and raise. This was referred to the Board of Directors for their consideration and action.

Mr. Hall was given a rising vote of thanks for his untiring efforts in connection with the work of this association.

Before adjourning the Association went on record as vigorously opposing the plan proposed by the Federal Government to charge an admission fee to the Shenandoah National Park.

NORTHERN VIRGINIA DAIRYMEN HONORED

At the annual convention of the Virginia Dairymen's Association Dan M. Chichester of Falmouth was re-elected president of that body.

B. H. Wittig, of McLean, T. B. Gale, of Fredericksburg and W. T. Smith of Lincoln were elected directors of the Virginia Guernsey Breeders' Association.

John Middleton of Herndon and Frank McComb of Bluemont were elected directors of the Holstein-Friesian Association of Virginia.

KEEP POSTED ON LOCAL NEWS

SMITH MOVES TO END DISPUTE

Introduces Bill Returning Military Road to Arlington.

Hon. Howard W. Smith, Representative of the Eighth Congressional District of Virginia, has introduced a Joint Resolution in Congress authorizing the Secretary of War to execute a quit-claim deed to Military Road in Arlington County, leading through the airport to the highway bridge.

This important artery of travel into Washington has been a matter of much discussion and dispute. It is now understood that the War Department has abandoned maintenance of the road and wishes to make the transfer of jurisdiction.

At present signs are posted advising the public that the road may be used at risk of the driver. Judge Smith's bill would end this dangerous situation. The County on several occasions has indicated a willingness to maintain and police this road and now that the War Department seems willing to relinquish all rights, the proposal by Representative Smith will restore proper public care for this highway and will be greatly appreciated by the many citizens of Arlington and adjoining counties who have occasion to use this important highway.

CATHARPIN

Believe it or not but these warm, spring rains have certainly started things to growing. The lilacs are budding, grass is getting green, irises and chrysanthemum shooting and the general atmospheric conditions such as to make the fireman's job an enigma. Roads are getting into their normal winter condition, sloppy, muddy, splashy and soggy; yet many times better than they were twenty years ago. Farmers are plowing betimes when it stops raining long enough for the water to drain from the furrows. Every one you meet has something to tell you about the weather—how it was while and when. Many think fruit will be damaged by early growth, and so on etcetera.

The Hoffman Brothers of near Catharpin, sent five huge truck loads of fat cattle to market last week, and a number of other feeders sent loads out of the neighborhood so this section is getting quite "chesty" these days. The great trouble is that the "lean years" just behind us just about or more than absorbs the "fat years" now on the "approach." But the situation is quite encouraging and if Franklin can keep things moving for a while we shall probably get our names in the "society column" and this reportorial staff kept busy each week noting the society doings when Mr. and Mrs. Swelless entertain Mr. and Mrs. Fillmup at their "cock-tail parties." Ah boy! there's no telling just what might happen if we farmers should get a few extra nickels in our pockets.

Mrs. A. B. Sapp, wife of Sudley's minister, has been confined to bed for the past three weeks suffering from heart trouble but is now able to sit up occasionally. Her physician advises complete rest.

Mr. Palmer Smith, son, jr., and daughters, Madge and Virginia, of near Gainesville, were callers at the home of Mrs. Jennie McIntosh on Saturday of last week.

Mr. W. W. Suplee and son, Henderson, of Hampton, N. J., were overnight guests at Lone Oak last week on their way home from North Carolina where they had spent a fortnight hunting.

Betty Brower of Lone Oak and Millie Caton of Pageland Lane returned to school on Monday after a week's absence due to bad colds.

This community was saddened by the death of Mr. Meredith Polen, a native son, who died at his home in Washington on Sunday, January 10, 1937, after a three week illness from pneumonia. Toward the last his condition was considered very hopeful until a blood clot formed on Saturday causing his sudden passing. Mr. Polen was born and reared near Catharpin and went to Washington about seventeen years ago where he entered upon a business career which he followed until his death. Interment was in the Cedar Hill cemetery near Washington on Wednesday, January 13, 1937. The deceased leaves a wife, five brothers and one sister together with many other relatives and friends to mourn his passing.

FOOD MARKET

Advice-

NO great change has occurred in meat prices during the past week although LAMB is somewhat higher. The breast, neck and shoulder of lamb, however, are very low in price. The chuck end and plate and navel of BEEF are good values.

Poultry Prices Low
All CHICKEN, FOWL and TURKEY are exceptional values, from 20 to 30% lower than last year at this season. DUCKS are about 15% lower, but GEESSE are scarce and high.

Fine fresh EGGS are available in increasing quantities and prices are declining.

Fish Moderately Priced
BLUEFISH, SPANISH and KING MACKEREL and SEA TROUT from southern waters are more plentiful and are moderately priced. The entire Flounder fleet is fishing and if the weather is favorable, FLOUNDER will be plentiful and reasonable. There are large quantities of FROZEN FISH which are inexpensive.

Variety of Fruits and Vegetables Available
Quantities of fresh vegetables from

Cuba, Florida, Texas and California are available at reasonable prices. BEETS, CABBAGE, CELERY, Iceberg LETTUCE, MUSHROOMS and SPINACH are especially plentiful. TOMATOES from Cuba are lower, and lend interest to salads at this time of year.

GRAPEFRUIT and ORANGES are outstanding winter fruits, plentiful in supply and moderate in cost. BANANAS, APPLES, winter PEARS are also good standbys now. Shipments of STRAWBERRIES are increasing, and they are very reasonably priced.

Here is a menu planned to take advantage of foods that are plentiful and moderate in cost.

Tomato and Mushroom Canape
Roast Chicken, Celery Stuffing
Fresh Spinach

Grapefruit, Orange and

just too bad.

Ever since the erection of a power line has been seriously considered, the people have let their Delcos run down and are now depending on their old, discarded kerosene lamps with their smoking and broken chimneys, and spilling coal oil over everything every time they fill them. So it can readily be seen just what a fix we are in—some of us May we now hope for something tangible before the wildgeese resume their Northern flights and before the starlings leave Washington

After every one was beginning to feel a sense of security over the supposed passing of a scarlet fever epidemic, Chas Hall, a Haymarket, high school student was taken ill with that

disease on Friday of last week and is now under the Doctor's care at his home near Catharpin. He had attended school as usual on Thursday traveling on the bus as all other students do. CHILD DESIGNERS—Educators say that everything for children should be designed by children. Children naturally approve this new idea, which has become the latest vogue in merchandise for children. Already available from child designers are cotton-print fabrics, dresses, handkerchiefs, hand bags, hats, dolls and other familiar items.

ORDERS MEN BACK TO WORK—Lack of support among labor for the U. A. W. automobile strike was shown when John P. Frey, president of the metal trades department of the American Federation of Labor, ordered his men in General Motors plants back to work. Thousands of other employees thrown out of work through no fault of their own, have petitioned for the right to work.

DINNER DRESS—A flattering dinner dress worn by Margo, lovely young star of "Winter set." It is of heavy black crepe, the sleeves and back are of white chiffon heavily beaded with silver beads.

NEW LIFE FROM DYING MOTHER—This seven pound baby boy was taken by caesarian operation from his young mother in Alameda, Cal., less than ten minutes before she died of a bullet in the head. Police tried to draw a murder confession from the child's father.

FIGHTING FROST—One of the 20,000 men who has been fighting the unusual frost which threatens sunny California's \$100,000,000 citrus crop. He is attending one of the flares which warm the air in valuable orchards and groves.

CHRIST FOR ALL—ALL FOR CHRIST
BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in later years.
A RIGHTEOUS JUDGE: The Lord executeth righteousness and judgment for all that are oppressed.—Psalms 103: 6.

THE INAUGURATION

President Roosevelt on Wednesday was sworn in for another four years under circumstances which set many new precedents.

He is the first President to take office in January instead of March. The Vice-President was sworn in at the same ceremony for the first time. Congress was placed upon the inaugural platform, an innovation which may presage better fellowship between the executive and legislative branches of the government.

The day was one of the worst in inauguration history. Owing to the rain, a delay caused the United States to be without a President for a few minutes.

The outstanding feature of this historic occasion was the radiant personality of the President and his confident assumption of leadership of the people in the direction "they have chosen to follow."

We may take great satisfaction in the fact that while many nations are seemingly on the verge of war, we are absorbed with activities of peace, applying ourselves to problems of economic adjustment and social justice.

No President has ever been returned to office with greater opportunities for outstanding public service, nor with a larger outpouring of good will from an appreciative Nation.

BETHLEHEM CLUB HOLDS INTERESTING MEETING

The January meeting of the Bethlehem Club met Wednesday afternoon at the home of Mrs. R. L. Byrd.

The first number was a contest and was won by Mrs. C. R. C. Johnson. The next number was a book review "Gone With the Wind" given by Mrs. Robert Hutchison which everyone enjoyed.

The hostess then served refreshments. The next meeting will be held February 17.

The Manassas Journal:

Now that there is controversy about Public Utilities and the expansion of T. V. A., it would seem that the time is ripe for all interested in economy to back those favoring the expansion of T. V. A.

As an example of the difference in rates charged by T. V. A. and that charged by a Public Utility is this section of the country; a family being served in a small town in Tennessee by T. V. A., pays just one fourth as much for the same amount of power furnished him as he would pay if he were being served by a public utility. This was announced by a Congressman some six months ago, and in order to affirm its authenticity the writer investigated for himself and found it to be true.

We should stand behind Assemblyman Thomas W. Ozlin of the Virginia Assembly for his opposition to the Virginia utility bill. Why should the people of the great state of Virginia give this state over to the Public Utilities to share among themselves and allow them to charge us exorbitant prices for electricity? T. V. A. is the real and only solution of obtaining reasonable electric power throughout state, and we should make every reasonable effort to get it. Our members in the U. S. Congress could afford us no better service than back Congressman Rankin of Mississippi who has always been an advocate of expanding T. V. A.

Let us hear from other interested parties in this matter.

Thos. F. Joyce.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. M. Bruce Whitmore announce the engagement of their daughter, Ann Bruce, to Captain Alan Francis Stuart Mackenzie, U. S. A., son of Mr. and Mrs. J. F. Mackenzie of South Orange, N. J. The wedding will take place in the early fall.

MEREDITH H. POLEN

On Sunday morning, January 10, Meredith Hooe Polen, son of the late William H. and Laura V. Polen, passed away at Emergency Hospital, Washington, D. C.

He had been ill of pneumonia about two weeks, but pronounced entirely out of danger, by his physicians, therefore, his death was quite a shock to relatives and friends who had kept in close touch during his illness.

He was born September 27, 1892 near Catharpin, Va., and lived in that locality until a young man. He received his early education at Catharpin School, later attending Old Dominion Academy, Reliance, Va., and Eastern College, Manassas, Va.

Mr. Polen was a very successful business man, having entered the restaurant business about fourteen years ago in Washington, D. C. At the time of his death he was proprietor of Hob Nob Cafeteria and Tea Room, one of the city's best restaurants. For the past year he had resided at Rixey Inn, formerly Rixey Mansion, Arlington, Va.

A true and loyal Virginian always, an active member of the Virginia State Society, also a member of Chamber of Commerce. He married Miss Ida Keffer of Parisburg, Va., who survives him. Besides his wife, he is survived by one sister, Mrs. William Ellison; five brothers, J. Morris, Clifton O., C. William, Carroll R., and Harry W. Polen.

Funeral services were conducted by Rev. John W. Rustin, pastor of Mt.

Vernon Place Church, on Wednesday, January 13.

Interment in Cedar Hill Cemetery. The pall bearers were N. Currell Pattie, Paul S. Wilson, J. W. Williams, W. H. Neild, Mr. McCaden and Mr. Yeatman.

The many beautiful floral tributes expressed the sympathy of friends. Many relatives and friends from his boyhood home attended the last rites, feeling deeply the loss of a fine character, beloved by all.

CARD OF THANKS

We wish to express our sincere appreciation to those friends and neighbors who were so kind and helpful during the sickness and death of Mr. George Sisson.

COMEDY, MUSIC, MYSTERY

IN "HIDEAWAY GIRL"

High comedy, splendid music and an element of mystery contrive to make "Hideaway Girl," the new film which opens at the Pitts' Theatre next week, one of the finest bits of entertainment to hit the local screen in months.

Bartha Raye and Shirley Ross, fresh from their conquest in "The Big Broadcast of 1937," score again, the former with the unique type of exuberant humor and singing which catapulted her into the top ranks within a few months, and the latter with her excellent singing and splendid acting. Robert Cummings plays the male romantic lead opposite Miss Ross, with Monroe Owsley, Louis DaPron, Ed Brophy and a host of other skilled players adding to the general hilarity.

"Hideaway Girl" opens with Miss Ross's flight from the scene of a marriage ceremony. Some valuable gems had been stolen at the wedding by a girl dressed as a bride, and the police records of the car license in which the

thief fled are the same as that on Miss Ross's car.

Drawing up before a gas station, she mistakes Cummings, a playboy, for the attendant. She is anxious to be off, but Cummings detains her. A police car drives up. Miss Ross flees with Cummings on the running board. She takes him to his yacht club. Here, through a series of errors, Cummings introduces the girl as his bride. At this point Owsley, at whose home the robbery took place, drives up. Miss Ross sees him and flees to Cummings' yacht.

Things are further complicated by the arrival of Wilma Rancis, Cummings' betrothed.

Later, the police arrive and find Miss Ross on the yacht. She evades arrest by saying she is Cummings' wife—until Cummings finds the missing jewel and is forced to notify the police that the gem thief is on his boat.

MAE WEST GOES RURAL

IN HILARIOUS COMEDY

Mae West among the cows and chickens! Romance in a barnyard and love among the hayricks! That's "Go West Young Man," Miss West's latest starring vehicle with Warren Williams, Randolph Scott, Lyle Talbot and many others, which comes to the Pitts' Theatre next week and treated the audience to one of the most hilarious and clever comedies of recent years.

With Miss West cast as a high strung and romantic movie actress enjoin by her contract from indulging in romance, and with Warren Williams as the press agent who accompanies her to make sure she doesn't violate the contract, "Go West Young Man" deals with the curvaceous actress's attempts to find love and William's efforts to frustrate her.

After a personal appearance in Washington, Miss West meets Talbot, an old flame, and makes a date with him. This is "crabbed" by Williams who invites the press to the tete-a-tete. She promises to meet Talbot in Harrisburg where she is to make her next appearance. On the way her car breaks down and she is forced to put up at the farm of Alice Brady while Scott, a mechanic, fixes it. She is furious at the delay but when she sees the handsome mechanic she decides to remain.

She learns that Scott is working on an invention for talking pictures and she accepts his invitation to inspect the invention in his workshop. He fails to fall for her obvious play for him. Tongues begin to bubble, and Margaret Perry, Scott's sweetheart, is broken-hearted at the turn of events.

William prevents a private meeting between the entire countryside to the farm to get the star's autograph. Later, when Miss West comes to Scott's room to inspect his plans for the invention, he breaks it up again.

In the meantime Talbot has been trying to locate Miss West. He gets the impression that she has been kidnapped and an alarm is broadcast for her. Isabel Jewel, maid-of-all-work at the Brady farm, hears the alarm. She gets her boy friend to go for the police, believing William to be the kidnapper. The police arrive and in order to get even with William, Miss West tells them he kidnapped her. With her three swains around her, Miss West makes her choice. It would not be fair to tell who it was nor why, since the solution is one of the high spots in the delightful comedy.

Especially worthy of note is the work of Miss Jewel.

THE WORLD AROUND US

By
O. J. Schuster

ARTHUR BRISBANE was probably the best known and most widely read editorial writer in the world at the time of his death last month. His column "TODAY" appeared daily in scores of papers in the United States as well as in some newspapers in other countries. Brisbane's column represented the spasmodic, fleeting, hodgepodge thinking of the masses, rather than the serious and sustained thought of one who builds on fundamental principles. Brisbane's writings reveal no sound philosophy of life, such as characterizes every great thinker. If some historian of a future age should interest himself in Brisbane's "TODAY" he will probably condense his appraisal in some such brief verdict as:

"The most widely read newspaper editor of the first third of the twentieth century was Arthur Brisbane. His column 'TODAY' appeared daily in a hundred or more newspapers. It contained a little of everything and not much of anything, but it no doubt represents the limited thinking ability and the hop-skip-jump mentality of the reading public of his day."

"SOCIAL EXPERIMENTATION" is replacing the tenacious adherence to the status quo which has generally characterized the people of the world thruout past ages. Mankind is groping its way out of the potpourri thinking of the Brisbane minded. There is evidence of a little more openmindedness, just a little more

sustained thinking. The somewhat wider horizon and more persistent thinking along definite lines is indicated by the many five year, ten year, and twenty year plans formulated in this and other countries. Inventive genius in the past has been almost wholly limited to science and industry, but today it is active in the field of government and in every field of social welfare. In many nations there is experimentation that is testing the practicability of plans designed to deal more effectively with lawmaking, unemployment, public health, child welfare, natural resources, crime, war, co-operation among nations as well as among individuals, and many other problems of vital concern to humanity.

THESE LABORATORY TESTS here and abroad will have value in proportion to the serious study we give them. Some will be found defective and in need of modification. Others may prove wholly worthless, or even an obstacle to man's higher needs. We need to look below the surface of these experiments to the realities underneath. By doing so we shall find much of vital value in the social legislation and welfare service achieved in Denmark, Sweden, Uruguay, England, and many other countries. Even the dictatorships may prove to be floating bubbles on a wide and deep undercurrent of real democracy. It must be evident to every thinking person that world sentiment is already cumbering the grandiose military conceptions of Hitler.

THE SINCERE DEMOCRAT never loses faith in the people. In the long run, the decision of the whole body of voters is far more reliable than is that of any special class, even that of the so-called intellectual class, for each class has many selfish interests common to all its members. We can-

not yet be sure that it is more important to balance the budget than to balance unemployment. Perhaps the unicameral legislature in Nebraska, that opened its first session on the 5th of this month, will blaze the trail to government as something higher and more effective than party politics. Russia may teach us something of value in dealing with crime and criminals. The adjustability of the Turks may soften our rigidity and make us less self-satisfied.

The SNAPSHOT GUILD
WHAT DO YOU KNOW?

Seems to be moonlight, but it's sunlight. A snapshot with a small lens opening, preferably when the sun is low, will get pictures like this.

Do you know that—

Slight overexposure is always preferable to underexposure?

• • •

A small stop opening must be used when both nearby and distant objects are to be sharply defined at the same time?

• • •

For good composition, the object of principal interest should never be placed in the center of a picture?

• • •

In striving for pictorial effect, it is best not to hurry in making the exposure unless moving objects demand immediate action, as a little time spent in selecting the viewpoint proves a good investment?

• • •

Highlights are the portions of a picture upon which the greatest amount of light is centered and reflected—the densest portion of the negative and the lightest portion of the print?

• • •

Enlarging from sections of your choice negatives is a source of great satisfaction, and that many exhibition prints are prepared in this way from negatives which, taken as a whole, lack just the right spacing or arrangement?

• • •

A diagonal rather than a full face-on view of a building is usually more pleasing, particularly if a portion of the building is in shadow?

• • •

If, when making portraits, a hand, arm or leg of the subject is extended much beyond the body toward the camera, it will appear abnormally large in the picture?

• • •

In using a portrait attachment for close-ups, a piece of string knotted at determined distances and kept in the box with the attachment, is more convenient than looking for a yardstick or tape measure to fix the distance between camera and subject?

• • •

Most so-called moonlight pictures are made in the daytime and that a snapshot exposure, with a comparatively small lens opening, when the sun is near the horizon will produce such a picture?

• • •

It is best to have film developed promptly after the last exposure is made?

• • •

More pleasure comes from keeping your prints mounted in an album than keeping them loosely anywhere, perhaps to be lost or damaged?

• • •

Regrets and annoyance come from not keeping your negatives in orderly fashion in a negative album so that, when you want new prints of any picture, you know where the negative is?

SOCIAL BUREAUS

One of the most unique of the many facets of Washington society is the social bureau. Four or five women make a business—and a good one at that—of "bringing out" debutantes. These professional social secretaries are "retained" and have clients, just like lawyers or other counselors. Their success depends on how good a time their debutante clients have.

The functions of a social bureau—how "lists" are compiled to supply big stag lines, the care that must be taken in addressing invitations, the planning and perfection of a big debutante party, including costs—are described in an article in next Sunday's Star.

CHRISTIAN SCIENCE

"Life" was the subject of the Lesson-Sermon in all the churches and societies of Christ, Scientists, on Sunday, January 17.

The Golden Text was "The Lord is the portion of mine inheritance and of my cup: thou maintainest my lot." (Psalms 16:5, 11)

Among the citations which comprised the Lesson-Sermon was the following from the Bible: And, behold, one came and said unto him, Good Master, what good thing shall I do, that I may have eternal life? And he said unto him, Why callest Thou me good? There is none good but one, that is, God; but if thou wilt enter into life, keep the commandments." (Matt. 19:16, 17)

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus urged the commandment, 'Thou shalt have no other gods before me,' which may be rendered: Thou shalt have no belief of Life as mortal: thou shalt not know evil, for there is one Life—even God, good." (p. 19)

Most of the work is with 4th, 5th and 6th grades. The total enrollment is 612, or 85 per cent of the enrollment in these grades.

This Week Day Religious instruction is reaching children who otherwise would have no knowledge of the Bible. The work is supported by the Sunday Schools, Churches, other organizations and individuals throughout the county. No public funds are used.

All who are interested in this work are urged to attend the Dramatization and the Passion Play pictures.

DISCUSSION MEETINGS TO BE HELD

At a meeting of agricultural extension committeemen of the county at Manassas Tuesday, plans for holding community discussion meetings were made and the following meetings scheduled:

Manassas, County Agents Office, Saturday, January 23, 1:30 p. m.

Haymarket, Masonic Hall, Monday, January 25, 7:30 p. m.

Independent Hill, Tuesday, January 26, 7:30 p. m.

Nokesville, High School Auditorium, Wednesday, January 27, 7:30 p. m.

It was recommended by the committeemen that Soil Improvement be taken as the major agricultural extension project for 1937 and that every effort be made to make the Soil Conservation Program as effective as possible from the standpoint of permanent county improvement. It was suggested that the program might be furthered by giving publicity to benefits derived from the 1937 program, through-familiarizing every farmer in the county with the program, encouraging a more extensive use of lime and legumes, through using of adapted and better seed and arranging for pooling of State ground limestone orders.

Following the series of community work carried out during the past

discussion meetings, recommendations from the farmers of Prince William County, along with those from every county in the country, as to what is the best national agricultural policy to adopt will be submitted to Washington.

A report of agricultural extension year was made by F. D. Cox.

SOPHOMORES SPONSOR LEE-JACKSON CELEBRATION

The first year class of Manassas High School sponsored a Lee-Jackson Celebration in the school auditorium last Tuesday afternoon.

The Glee Club sang three beautiful songs, "Dixie," "Swanee River" and Lee's favorite hymn "How Firm A Foundation." Rev. John DeChant also rendered a lovely song.

The speaker of the occasion, W. Hill Brown, Jr., centered his talk on the lives of General Lee and Jackson and Mathew Fountaine Maury, dwelling considerably on their outstanding characteristics what Christians, patriots and citizens they were.

409 farms (409 owners or cash renters and fifty tenants) filed Soil Conservation Program work sheets in 1936, two hundred and fifty-four first installment checks, totaling \$20,618.60, have been received.

Two boys were elected to the State All-Star honorary 4-H organization at the State Short Course.

The State champion dairy judging team from the county was awarded a trip to the National Club Congress and International Livestock Show. It is hoped that closer supervision can be given to club activities in 1937 through arranging in some way to have more time to give to the work or accomplishing more through community leaders.
