MANASSAS, VIRGINIA THURSDAY, MARCH 4, 1937

SUBSCRIPTION \$1.50 A YEAR

## LOCAL T. B. REPORT MOST SUCCESSFUL

Both State and County Make  
New Records.

The report of the Virginia Tuberculosis Association shows that the response of Virginians to the annual appeal by the forces fighting tuberculosis was generous, the amount of the seal sale for the State being \$86,704.19. Miss Leslie Foster, executive secretary of the Virginia Tuberculosis Association, made the recent statement, "Our genuine thanks go out to our army of volunteer workers in the cities and counties of Virginia whose enthusiasm and hard work made this fine result possible. However, every cent of it will be needed, because the demands of hospitalization by the tuberculosis in Virginia is mounting, rather than declining."

Miss Foster said that Virginia's number of tuberculosis deaths per 100,000 of population was above the rate for the country as a whole.

The total seal sale for Prince William County to date amounts to \$598.24. Below is listed a report of the sale by districts.

Brentsville	\$35.36
Coles	14.32
Dumfries	249.22
Gainesville	56.00
Manassas	186.98
Ocoquan	38.36
Negro Auxiliary	18.00

Ruth R. Hooff, Treasurer,  
Prince William County Tuberculosis Committee.

## BETHLEHEM CLUB REPORTS ON ACTIVITIES

Mrs. Hebe Jackson and Miss Florence Kinchloe were hostesses to the Bethlehem Club at the February meeting at the home of the former.

Miss Isabelle Hutchison, a charter member, and Mrs. Carlton Athey were guests of the club. A new member, Mrs. Dudley Martin, joined at this meeting.

The regular routine of business followed. The usual amount to the library fund was voted out, also a contribution for shoes and galoshes and a similar amount to Miss Neel to be used for glasses.

The treasurer gave her yearly report which emphasized just how much had been accompanied in the past year.

The program committee presented an interesting program in which were Mrs. Broadus gave a sketch of the following musicians born in February: Mendelssohn, Bach and Fritz Kreisler.

The hostesses served a delicious salad course after which the meeting adjourned to meet with Mrs. C. R. C. Johnson in March.

Mrs. Larkin Heads Program  
Committee.

The Ladies Memorial Association met with the treasurer, Mrs. C. B. Compton on February 24, 1937. The usual opening exercises were observed.

The treasurer reported all obligations met which included the final payment on the Liberia marker.

As the Association only meets quarterly, tentative plans for the annual Memorial day observance on June 3rd, were decided upon Mrs. C. M. Larkin is general program chairman with Mrs. Compton assisting.

Other committees were appointed as follows: Mrs. R. A. Hutchison and Mrs. R. L. Byrd to secure a speaker for the occasion, Mrs. L. L. Lomas and Miss Virginia Speiden to arrange for music and Mrs. R. The Section also voted to plant a group of shrubbery or trees at the High School, and a committee was appointed to confer with Mr. Peters in regard to this.

Mrs. O. C. Marsteller, of Nokesville was a guest of the club and gave some very interesting and helpful information on the cultivation and care of certain garden plants, especially gladioli and dahlias which are a specialty in her garden.

A pleasant social hour and refreshments served by the hostesses followed the discussion. Next meeting will be on April 5, at the home of Mrs. Robert Smith.

## A. & P. JOINS IN PROGRESSIVE LABOR MOVEMENT

The A. & P. Food Stores have made a ruling that each one of their full time store employees will be granted one-half day off each week with full pay in addition to the annual vacation they now receive.

However, this arrangement will not interfere with the very efficient service that the customers received.

At the 112th annual convention of the Lutheran synod of South Carolina held in Columbia the first week in February. Rev. E. Z. Pence, a former pastor of Bethel Lutheran Church, was elected president. Rev. Pence is now pastor of the Little Mountain charge near Columbia, South Carolina.

## HIGH SCHOOL MAY GET VOCATIONAL COURSE

Dr. Van Oot, of the State Board of Education, was in town yesterday to confer with the county school board in the matter of a proposed vocational industrial arts course which is proposed for Manassas high school next year.

If this course is instituted, it will mean specialized training in wood work metal lathing, electricity, mechanical drawing, sheet metal designing and other valuable courses that may be applied in agricultural engineering.

This course would require a full-time industrial arts teacher which will be much preferable to the part-time arrangement now set up.

## MASONS TO ENTERTAIN FAIRFAX LODGE

Herndon Mason Lodge at their regular meeting completed plans for entertaining Henry Lodge, No. 57 of Fairfax, Virginia, on Monday, April 5th at 8 P. M.

Henry Lodge No. 57 was admitted to District No. 58 which comprises the Lodges of Herndon Haymarket, Clifton and Manassas at the meeting of the Grand Lodge in Richmond in February.

After the welcome to Henry Lodge a reputation will be held for the new District Deputy Grand Master R. R. Buckley, of Fairfax, Virginia.

The committee in charge of arrangements are Harry Middleton, Russell Gillette, Philip Weinberg, E. M. Armfield, Roland Coeham, F. W. Robinson, A. H. Kirk, Edgar E. Gillette.

## PROF. HAYDON IS RE-ELECTED

Will Remain Head of County  
Schools for Four Year Term

The County School Board met yesterday with all members present.

The main item of business was the selection from the list certified by the State Board of Education of a division superintendent of schools for a four year term beginning July 1, 1937. The unanimous decision of the Board was to allow Professor Haydon to remain for another term.

The school calendar for 1937-38 was adopted, the opening date being September 8.

The Hickory Grove Home Demonstration Club was allowed the use of the old school house.

The Harrison-Fletcher Bill, now before Congress, which will allow Federal funds for State Boards of Education to allocate for teachers' salaries and other helpful purposes, was indorsed and copies of the resolution have been forwarded to Representative Smith and Senators Byrd and Glass.

The Board also transacted quite a volume of routine business and adjourned to meet again on April 7.

## ANOTHER BLOW AT BEER SALES

Another dynamic statement was made this week by Chairman Frazier, of the State ABC Board to the effect that way side beer restaurants would not be granted renewal of permits in allowing sale of beer after 9 p. m.

Towns and well policed communities will not be effected by this ruling but there are a number of all night filling stations as well as small inns which have thrived to a considerable extent by their sales during the midnight hours which hereafter lose this trade.

Little seems to have come from the first ruling judging by reports from over the State. Such a state of affairs undoubtedly heartened the Board to make this newest step.

## CHEST CLINIC

On Friday, March 19, a State Clinic will be held in the Court House in Manassas. This is a one-day clinic for adults only. The State X-ray equipment will not be available but arrangements will be made for X-rays at the same rate for patients referred from the clinic. Dr. Randolph who has been conducting our clinic for two years will be the clinician.

Anyone wishing to be examined in this clinic should see the family physician at once. If this is not possible, get in touch with Miss Neel, the County Nurse who will see your doctor and help you as may be necessary.

## WILLARD DAY IS OBSERVED

W. C. T. U. Meeting Discusses  
Reasons for Abstinence.

"Frances Willard Day" was observed by The Women's Christian Temperance Union, February 24 at the Presbyterian Church with a program commemorating the virtues of this woman of whom it is said "there is no state in the Republic where the name of Frances E. Willard does not blossom like a familiar flower and hardly any country in the world that has not had occasion to bless her birth through the expansion and growth of the work to which she gave her life."

A feature of the program was a statement of her reasons for total abstinence, which were given as follows:

1. Modern science proves that alcohol is not helpful to any vital process. It is the enemy of vitality. It overworks the organs with which it comes in contact, inducing needless friction.

2. The appetite for alcoholic drinks is cumulative. It has no power of self-restriction. It grows by what it feeds on. One glass calls for two, two for three, and so on in dangerous ratio.

3. The life of a drinking man is apt to be divided into two chapters of a very tragic serial, in the first of which he could have left off if he would, and in the second he would have left off if he could.

4. The power of habit is practically omnipotent. The power of will to cope with it has been proven insufficient. The grooves of action are quickly worn. No harm results from doing without alcohol, but absolute good has been proven to result from such abstinence. Therefore, as a friend to myself, and the special guardian of my own well being, I am bound to let intoxicating liquors alone; and by the terms of Christ's Golden Rule, I am equally bound to let them alone because of my interest in the well being of those about me, and because of my purpose, by God's grace, to invest my life in hastening the day when all men's well shall be each Man's Care." (Quoted from address of 1890)

MORE ABOUT  
AMERICAN SCENES

Vice President Bill had a chance to practice while Jim was globe-trotting last week. Incidentally, another globe-trotter was heard from in the person of Al Mylander who told of his trip to Texas (beg pardon, we meant California). Jim will be a victim when he returns.

One could have almost painted a picture card from some of Al's lines, especially that Mexican jail. Al says it made him late for the Texas centennial. Al also proved a swell book-keeper and budget maker on transcontinental trips via the old bus.

Arthur claimed at least a stalemate for his month's achievement. March may tell the story on that.

Today was the date for Irvin Diener's interclub party at Alexandria. As this goes to press the following have just reported and say that it was a fine get together; Messrs. G. R. Ratcliffe, Dudley Martin, Percival Lewis, Charlie Lynn, Fred Hynson, R. A. Hutchison, A. L. Mylander, A. S. Boatwright, E. R. Conner and Rev. A. Stuart Gibson.

## PREPARING FOR FRATERNAL MEETING

Active preparations are under way the spring meeting of District, No. 5, Order Fraternal Americans which will take place at 8 p. m. on Tuesday evening, March 9. Several state officers will be present.

On this occasion, the Daughters of America will attend both in a fraternal manner as the District meeting will not be closed, and to take charge of the refreshment end of the affair.

No further occasion will be offered to notify the various secretaries in the district who are urged to keep the matter live before their respective councils. Any junior who has a suggestion to offer in regard to entertainment will please contact the district deputy, W. B. Kerlin, of Aden.

## Checks and Securities are Being Returned.

A partial solution of the mail robbery which occurred in Manassas on February 6 was reached last Saturday when two small boys, Tracy and Baxter Blevins, ages 11 and 6, discovered a quantity of papers in an empty barn on the west edge of Manassas near the Railroad.

"They brought home a record book which they showed to their father, Mr. Baxter Blevins, who immediately recognized it as a valuable business record and reported the find to Sergeant Herring. An investigation immediately followed which revealed that the debris was the contents of the mail bag which had been stolen from the Southern Railway platform a month previously.

Authorities were notified and inspectors of the Post Office Department and of the Southern Railway are said to be making further investigations on the basis of clues furnished by the contents of the stolen pouch.

While authorities would make no statements, it is believed that the pouch itself was not located. The letters had apparently been opened in search of money and the non-negotiable checks strewn about the floor. These are said to have been taken to Washington for scientific study and it is believed are being returned through the various banks concerned, as far as available information permits.

It is not known whether the boys will receive special recognition for their fortunate discovery, but in any event they are entitled to much credit in the matter.

## THE DRAMATICS CLUB GIVES CREDITABLE PERFORMANCE

The Manassas high dramatic club covered itself with high honors on Friday evening in the presentation of "Wild Ginger."

In the title role, Elizabeth Davies not only had a difficult acting job but many tedious lines to con over, all of which were done in fine style. The hero in the person of Gilbert Rollins was well portrayed, while the country's gawk's lot fell to Billy Jamison who came through with a big hunch of applause. Billy showed unusual ability and originality.

The technique of the "villain" was a hard hurdle, but Sammy Hottle showed that he could be quite versatile. As a comedienne, Sally Proffitt was a real find.

The more stilted parts fell to Bobby Byrd, Jessie Mae Conner, B. Beane and Virginia Newman. All had their lines well and kept up the standing of the cast. As the country merchant, Bobby Jenkins showed cleverly although with a lesser role.

As the ne'er-do-well parent, of the little hill country girl, Nelson Lynn had a wide field of action which demanded a considerable reversal of form, all of which Nelson carried out very thoroughly.

The little lady who directed, Miss Hannah Calhoun, had the most difficult lot of all, but with the willing aid of her workers, the large audience was given a most pleasant evening. Others of the faculty who took part in the stage set-up were Professor Peters, Miss Gilley and Professor Griswold.

They spend the week-end with Mr. and Mrs. W. D. Sharrett at Winter Haven visiting his orange groves and returned by way of Columbia, S. C., where they visited friends.

Lenten Talks  
on the  
Parables of Jesus

by Dr. James T. Marshall

## A LESSON IN FORESIGHT

In one of His parables Jesus tells the story of a wealthy man who employed a steward to manage his business affairs. This steward proved to be dishonest and was promptly reprimanded and discharged. Being faced by unemployment and want, he devised a shrewd plan for his future support. He won the friendship of his master's debtors by remitting a large portion of the debt and giving a receipt in full. Being under such obligation to the steward, they could not refuse him their hospitality. (Luke 16: 1-9)

We meet with something of a stumbling block when we read "And the Lord commended the unjust steward because he had done wisely." Unbelievers have made capital of it, saying that it is contrary to the highest morality. But such a criticism has no foundation in fact.

The words "the Lord" do not refer to God, but to the steward's employer. The story makes it clear that he did not wink at the steward's dishonesty, for he carried out the punishment for his wrong doing and sent him away.

The difficulty vanishes when we remember that human character is always more or less mixed. No man is perfectly good, and none is absolutely bad. The saint has his weaknesses and the sinner has his virtues. The worst people we know have at least some good traits which we might well imitate, such as kind-heartedness or loyalty to their friends. We do not hesitate to say that we admire the skill of the thief who steals our watch, or the courage of the bank robber who holds up a dozen men or the genius of the prisoner who makes counterfeit plates with perfect tools while in his prison cell, though, we wish they would put their abilities to better use.

The lesson of the story is best stated in the Savior's own words, "The children of this world are in their generation wiser than the children of light. Make to yourselves friends by means of the mammon of unrighteousness, that when it shall fail, they may receive you into the eternal tabernacles."

I regard this as one of the most interesting and challenging of our Lord's parables. It should stir the children of light out of their complacency and lethargy, and incite them to greater energy and foresight in their handling the affairs of the Kingdom of God. The Christian can learn many things from the man of the world without adopting any of his questionable practices. It frequently happens that a man who is enterprising and successful in his secular business will be stupid and indifferent in his church life. If business were conducted as the management of the average church is conducted, we would have a perpetual financial panic.

The work of the Kingdom of God demands the very highest consecra-

tion we can give it. Piety alone is not enough. The church today needs men of advanced intelligence and business ability who will lay their abilities at the feet of Christ. To such this parable makes its appeal. Take my silver and my gold, Not a mite would I withhold. Take my intellect and use Every power as Thou shalt choose. Take my love; my Lord I pour At Thy feet its treasure-store. Take myself, and I will be Ever, only, all for Thee.

## OCOQUAN &amp; VICINITY

Miss Elizabeth Cross of Washington, D. C., spent the week end with her brother and sister-in-law, Mr. and Mrs. Bernard Cross of Ocoquan.

Congratulations to Mr. Leslie Bourne of Woodbridge and Miss Eula Slusher of Manassas whose marriage took place on Saturday, February 27.

Miss Burnetta Brockett of Alexandria was the week-end guest of Miss Jane Seelman of Ocoquan.

The Ocoquan District high school Association will hold their regular alumni meeting at the high school Wednesday evening, March 10, at 8 o'clock. This will be a very important meeting and a large attendance is requested.

Do not forget the PLAY to be given by the Ocoquan high school faculty on Friday evening, March 5.

Your scribe desires to rectify a mistake he made in the article in February 11 copy of the Journal. Under the heading "setting forth one of the teachers had some of the younger children put on a FIVE ACT PLAY which was performed in a very excellent manner, the performers being given a great ovation after each act. Miss Lulu Brydie was responsible for that excellent play, and directed the children during its performance. Miss Brydie worked hard with the children, and great credit is due her because of the excellent manner in which the children performed the play. It is hoped all will take notice to this deserved correction.

In last week issue of the Journal, your scribe announced the illness of Mr. B. W. (Bud) Seelman and hoped he soon would be well. I now have the sad duty of reporting his passing from this earth to a better land. Above. The neighborhood sure will miss him, as he was a good neighbor as well as a good citizen. Our sincere sympathy goes out to his bereaved family and relatives. May God bless and protect them in this, their hour of sorrow.

There are several construction projects now going on in this community, a report of which will soon appear in the Journal.

## ORRANNAH SPINDLE

Centreville lost another popular resident when Orrannah Spindle, widow of King C. Spindle, died at her late residence on the Braddock road on February 18 after a brief illness of pneumonia.

The deceased was born at Vale on October 10, 1884, the daughter of John and Emma Brady. She was married to Mr. Spindle in 1901, and except for the time the latter was employed in the Benning Power Plant, lived near Centreville. There were several children, four of whom survive. Three sons, Roger B., King, and Fenton K. Spindle live in the community. One daughter, Mrs. John Gleason, resides in Washington.

The deceased leaves several grand children and five brothers and sisters as follows: James Brady, Mt. Rainier, Md.; Bryan Brady, Alexandria, Va.; Mrs. Clara Shirley, Arlington, Va.; Mrs. Everett McCarthy, Clarendon, Va., and Mrs. John Fletcher, Alexandria, Va.

The funeral was conducted on Saturday afternoon, February 20, by Elder H. H. Lefferts with interment in the Episcopal Cemetery at Centreville.

She had been active all her life in civic work, and during the World War was especially arduous in her efforts to assist the Red Cross. # FINEST AND SAFEST OF BRAKING SYSTEMS!

ON THE NEW FORD V-8

YOU'LL agree when you try the new Ford brakes that you never felt "softer" or easier Ford brake pedal action . . . nor ever had any car stop smoother or quicker.

And you get the safety of strong steel cables from the pedal to each wheel. They always work. Weather can't affect them. Damage to one wheel wouldn't affect the other 3 brakes. You get 4-wheel emergency brakes.

Also . . . Ford brakes give extra-long brake-lining life! Big 12-inch drums give more braking surface for car weight than on any other car in America.

You'll find these brakes a good example of a great Ford principle—that the usual way isn't always the best way in building a car . . . but that the best at the price makes real value! YOUR FORD DEALER

## CHRIST FOR ALL—ALL FOR CHRIST

### The Word of God

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a precious heritage to them in later years.

THE LAW SUMMED UP: For all the law is fulfilled in one word, even in this: Thou shalt love thy neighbour as thyself. —Galatians 5: 14.

### RE-ELECTION OF MR. HAYDON

It is a pleasure to record the unanimous action of the Prince William School Board yesterday in re-electing Professor R. C. Haydon as Division Superintendent of Schools for Prince William County.

It is a matter of general information that we have in Professor Haydon one of the outstanding school executives in the state. In addition to his scholarship and administrative abilities, he enjoys the utmost confidence of patrons and pupils of our public schools and has been particularly successful in bringing our educational system to the highest possible standard of excellence.

More real character is developed in the school system of Prince William County than in any similar area in the State. This locally recognized fact harks right back to the extreme care used by our Superintendent in selecting his teaching personnel along lines calculated to promote his own high ideals in their classrooms.

The people of Prince William are fortunate in being able to retain the services of a Superintendent who can command much higher remuneration in larger positions but who chooses to remain among his life-long friends to devote his fine abilities to the upbuilding of our young citizenship.

The County is to be congratulated in being able to continue the present capable superintendency of our public schools.

### THE NEW N. R. A.

President Roosevelt has sent to Congress a message dealing with a survey of the experience of the Government under the N. R. A. which contains much valuable information both for friends and foes of the proposal hinted at to revive federal control of business under legislation to be offered in Congress

BALANCE

There is a proper balance between every income and the proper savings account which can be maintained under the circumstances which surround every wage-earner.

Are you certain that you are putting up a wise and proper amount of your income? Unless you deposit regularly and cultivate the habit of systematic saving you cannot properly balance these important matters.

Deposit regularly at this friendly and safe institution where your account is guaranteed by the Federal Government.

The Peoples National Bank of Manassas

as soon as the Supreme Court controversy is settled.

The findings of this survey state that shortening of hours "in order to spread work is a confession of failure in the economic system."

The report also states that "there should be no criminal action for violation of trade practice agreements." Other recommendations indicate that the lessons learned from the ill-fated Blue Eagle will be taken into profound consideration in future plans of the Government to regulate business.

Although the President refrains from making any recommendations in his report, it is believed that the new approach will recognize trade-practice agreements, control of hours and wages and support of the principal of collective bargaining.

It would seem from the President's message that the present approach to these problems will be cautious and will in a measure depend upon the success met in his Judicial Reform proposal. Should the Supreme Court be enlarged, it is generally believed that the Administration will go as far along these lines as the Court will rule to be Constitutional.

### "Calling the Close Ones"

The Christian Science Monitor has made unmistakably clear its opposition to the proposals of President Roosevelt for "packing" the Supreme Court. At the same time, it recognizes that sound solutions of the problems involved will be promoted by consideration of all pertinent information and discussion.

In this connection, some figures may be noted from a recent compilation by the legislative reference service of the Library of Congress. According to these, Justice Willis Van Devanter during his twenty-six years on the Supreme Court has taken part in forty-one decisions holding acts of Congress or portions of acts unconstitutional, and in every case out of the forty-one has voted with the majority to hold the statute in question invalid.

Justice James C. McReynolds, three years his junior in service, has participated in thirty-five decisions holding federal enactments unconstitutional and has dissented in only one. Justice Pierce Butler, appointed in 1922, has an unbroken list of participations in twenty-six decisions holding against the validity of federal legislative acts.

This record shapes the point made in baseball terms by Raymond Clapper, columnist for the Scripps - Howard Newspapers: Roosevelt is told that he must not complain about the umpire.

What is he supposed to do when the umpire persists in calling all of the close ones in favor of the other side?

We have suggested that one thing he might do is to try to obtain amendment and clarification of the rules of the game—in other words, the Constitution—in such way as to leave less latitude for the judges to make possible mistakes, if such they are, in "calling the close ones."

Prof. Robert E. Cushman says in his pamphlet on "The Supreme Court and the Constitution," that the approach by means of clarifying amendments "will not only modernize the Constitution, but it will narrow the field of judicial review by sharpening the vague clauses of the Constitution." "Chasing the ump" isn't the remedy. There must be an umpire and he must be unimpaired. — Christian Science Monitor.

## NATIONAL SYMPHONY

A campaign to meet the sustaining fund requirements of Washington's National Symphony Orchestra for the 1937-38 season will be launched March 10, officers of the National Symphony Orchestra Association announced this week. Over an eight-day period following the opening date a volunteer staff of more than 750 workers will direct efforts to reach a \$110,000 goal.

Announcing the campaign Corcoran Thom, president of the Association, said the amount of the goal will be needed to "carry out the orchestra's contemplated program for next year without increasing the present prices of concert tickets." He names Mrs. Walter Bruce Howe general chairman of the drive and Harold A. Brooks, vice chairman.

While the appeal for subscriptions will be directed largely to Washingtonians, it will have a Nation-wide hearing because of the widespread interest in a symphony orchestra in the Nation's Capital. The Association has among its subscribers patrons living in nearly every section of the country.

Discussing the rapid growth of the National Symphony which was founded in Washington by Hans Kindler, its conductor, just five years ago, Mr. Thom said:

"To provide for its first limited season of concerts ninety-nine persons contributed to the National Symphony Sustaining Fund. That was in 1931. Last year, 1936, more than eighteen hundred contributions were secured—this fact in itself being a remarkable tribute to Dr. Hans Kindler and the Orchestra."

Mr. Thom said that to enable the average Washingtonian to enjoy fine music, ticket prices must be scaled so low that it is possible for the Orchestra to earn only about forty per cent of its needed budget. He pointed out that although several of America's major symphonies enjoy endowments of from one to three million dollars, all of them raise sustaining funds, similar to that which the National Symphony raises.

## "OUTCAST-TENSE STORY OF MOB FURY AND HATE"

Astirring drama of a woman's lust for vengeance and the fury of a mob whipped into frenzy by small-town bigotry brings Warren William, Karen Morley and Lewis Stone to the screen of the Pitts Theatre next week, Wednesday, March 10, in "Outcast," the motion picture made from Frank R. Adams' novel "Happiness Preferred."

"Outcast" is the story of a physician who is hounded from city to city by Miss Morley who believes him guilty of murder. She catches up with him in a small mid-western town where he has taken refuge. There, through the intercession of Stone, she discovers the physician's innocence and falls in love with him but not before she has betrayed him to a mob.

The role of physician is one of the "heaviest" William has ever played and he handles it with fine feeling and skill. Miss Morley puts a great deal of fire into the difficult role of the girl whose hate turns to love, and

Stone turns in a grand performance. The cast also includes Jackie Moran, the child star of "Valiant Is the Word for Carrie," Christian Rub, Esther Dale, John Wray and others.

The deceased leaves, besides her husband, four children, all of whom are rather young.

## NEW PORT FOR WASHINGTON

Washington, the Nation's Capital, situated on tidewater, but 185 miles from the sea, will soon have a modern harbor. The Washington Channel water front, along Water street, will be one scene of the transformation. Yacht basins and model piers to accommodate seagoing vessels up to 24-feet draft will be constructed there. The plans include the dredging of navigation channels by Army Engineers and the replacing of ramshackle piers by modern terminal facilities. The work, which will turn the Capital into a modern seaport, will be described in an illustrated article appearing next Sunday in The Washington Star.

## GIRL TO WOMANHOOD

Mrs. Frank Whitlatch of 6 Hess Ave., Parkersburg, W. Va., said: "When I was a girl developing into womanhood, I lost weight and was weak. I had pains across my back and headaches, too, due to minor functional disturbances. My parents had me take Dr. Pierce's Prescription as a tonic and it helped me wonderfully. I developed a keen appetite, gained in weight, the color came back to my cheeks and I felt fine." Buy now!

## CHRISTIAN SCIENCE

"Christ Jesus" was the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, February 28.

The Golden Text was "Jesus Christ the same yesterday, today and for ever." (Hebrews 13: 8)

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that He may abide with you ever; Even the Spirit of truth; whom the world cannot receive, because it seeth him not,

neither knoweth him: but ye know him; for he dwelleth with you, and shall be in you." (John 14:15, 16, 17)

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself,—when He shall realize God's omnipotence and the healing power of the divine Love in what it has done and is doing for mankind." (p. 55)
