DAWN SERVICE WELL ATTENDED

Chilly Weather Necessitates Indoor Worship.

Despite the chilly blasts of the early morning, approximately 200 people thronged Grace M. E. Church last Sunday before dawn.

Mrs. Kitty Baker, talented musician, played music preceding and during the service, consisting of well-known Easter hymns. Some of the attendants journeyed to the Porter grounds but the majority of them came directly to the church as they sensed the weather conditions were against them.

Dr. Baker opened the service and conducted the devotional period. The pastor of the day, well-known in Prince William County, was the Rev. A. L. Maiden of Arlington. Dr. Maiden's talk began just about the time of the rising of the sun and formed a most beautiful theme for the devoted persons who were there to carry out the emblematical rejoicing of that Easter morning two thousands years ago.

Dr. Baker and others of the Ministerial Association, most of whom were present at the service, deserve the most cordial congratulations in bringing to Manassas an idea that is becoming yearly a source of greater inspiration in the Christian year.

The response in the hymn singing indicated the general joyousness of the occasion which should be epochal for Christian workers about Manassas who are endeavoring to spread the ideas that were first taught at the time of which this Easter service was a memorial.

ROUTE 234 TO BE SURFACED FROM MANASSAS TO LAKE JACKSON

March 30, 1937. Editor Manassas Journal, Manassas, Virginia. Dear Sir:

On Wednesday last, the 24th inst., I went to Richmond to see Mr. H. G. Shirley, Chairman of the State Highway Commission, to ascertain what action had been taken by the Commission at its meeting on the 22nd inst., relative to Route 234, known locally as a part of the "Battlefield Trail," which traverses the County from Dumfries to Gilbert's Filling Station.

Mr. C. C. Cloe, Mr. W. F. Coker, Mr. Ray E. Hall, and I had had several interviews during the past few months with Commissioners Massie and East, and with Chairman Shirley, in an effort not only to have some substantial construction begun on this route, but to have it taken into the Federal system in order that additional funds from the Federal Government might be had.

I believe that those efforts have borne substantial fruit, because Mr. Shirley advised me on Wednesday

BOCOCK ADDS TO COUNTY'S FAME

Noted Physician is Breeder of Fine Live-Stock.

Among outstanding personalities of the National Capital who are residents of Prince William is Dr. Edgar A. Bocoek, Superintendent of Gallinger Hospital. Dr. Bocoek owns a stock farm near Bristow that does credit to Virginia and which is placing our county on the map in the production of nationally known livestock.

At no time in recent years has the demand for pure bred live stock been so keenly as during 1936. Farmers throughout Virginia and neighboring States are coming to recognize the and are steadily improving their increasing value of pure bred stock herds and starting new ones. Prince William County is becoming known in this respect, there having recently been sold from the County a considerable number of prize animals that will go to head new herds or improve already existing ones.

Recently Dr. Bocoek has sold 2 choice Percheron stallions. These were: Bristow Nicola, 224547, a steel grey yearling, to Mr. Matt Trimble, Pearson, Md. Bristow Lias, 224546, a black yearling to Col. John W. Hyatt, Pedlar Mills, Va. Both of these stallions will go to head pure bred bands of mares in their respective communities. Col. Hyatt, a retired Army Officer, has recently purchased Red Hill in Amherst County and there is building up a splendid herd of Percherons. Both of these are by Laird of Woodside 167340, a son of Laet, the most outstanding stallion that has ever lived.

In addition, Dr. Bocoek reports the following sale of registered Aberdeen Angus cattle. A herd of 15 young cows to Mr. F. S. Daily, Gaithersburg, Md. Mr. Daily, a retired contractor from Washington is restoring an old estate and has decided upon Aberdeen Angus cattle in that connection. The following bulls have also been sold. Bristow Pershing, 510600 to Tridelpia Stock Farms, Brookeville, Md. This bull will also be used to head a herd of pure bred cows. Bristow Carlos, 513682 to Mr. W. B. Bailey, Piscataway, Md. Bristow Argonaut, 513705 to Mr. S. S. Shaffer, Bristow, Va. These two latter bulls will be used to head a dairy herd in an endeavor to improve the grade of calves produced, and in general up building these grade herds.

KIWANIS CLUB IS FINGERPRINTED

F. B. I. Expert Gives Very Interesting Talk.

Earl M. Heavrin, special investigator of the Federal Bureau of Investigation, was the guest speaker of the Kiwanis Club last Friday night. He was introduced by Bill Coker, who also arranged with Miss Sally Ann Thomasson and Mrs. Keifer Wenrich to assist in carrying out the program.

The speaker gave many interesting facts concerning crime in the United States. One of these was that the annual cost of crime is approximately fifteen billion dollars. He also stated that somewhere in the country a felony offense was committed every twenty minutes and that every forty-five minutes a murder is reported to the police.

Going back into the early history of crime protection, he stated that the Chinese were the first to observe thumb marks using it for signatures to their letters. He also traced similar ideas in other countries.

The part that finger prints have taken in modern time science, he stated, was of a much more recent period, getting any particular attention until in the 1880's and not being put into general practical use until almost at the close of the 19th century when Scotland Yard was the first to put the plan into practice.

The speaker gave many interesting stories of his bureau, including in this a statement that crime in the sense that the public usually regards the F. B. I. only occupies about 5 per cent of that Bureau's time. He showed how many other working units were conducted in crime detection that applied more to civil life.

Mr. Heavrin told how the Bureau had built up seven million sets of criminal prints with five thousands coming in daily from all sources, native and foreign. Referring to the purpose of his visit for the evening, he gave the history of the establishment of the Bureau of the Department of civil identification which is being built up rapidly.

At the conclusion of his remarks the entire club was finger printed with the high school students above mentioned carrying out the work.

A GLAMOROUS STORY

"The Great Ziegfeld" will come to the Pitts Theatre next Thursday and Friday, April 8 and 9, as the finest musical drama ever made for the screen.

Not only does it contain musical spectacles of the best quality but, in a story suggested by the life of the one and only Ziegfeld, it presents drama that will draw tears to the eyes of the most blasé theatregoer.

Topping this 5-ring circus of entertainment are found William Powell in the role of Ziegfeld, Myrna Loy as Billie Burke and Luise Rainer as Anna Held.

Without contradiction Powell does the finest work of his career as the great glorifier of American beauty. The role of Anna Held emblazons Luise Rainer on the horizons as one of the most sensational stars to greet us from the screen and Myrna Loy as the lovely Billie Burke is at her loyeliest.

The drama alone could well be

classified as one of the best of the screen, but this picture does not stop with drama. It has music and beautiful girls presented in the most spectacular fashion in the many amazing numbers. Some of the tunes were made famous in Ziegfeld stage shows, and others, particularly "You," were written originally for this extravaganza.

In entertainment, the picture reaches the zenith — with such names as Fannie Brice, Harriet Hocter, Frank Morgan, Virginia Bruce, Nat Pendleton, Reginald Owen and about 100 additional speaking roles.

Robert Z. Leonard's direction is without a flaw. In producing "The Great Ziegfeld" on such a large scale Hunt Stromberg further establishes himself as one of the ace showmen of motion pictures.

CATHARPIN

A large and enthusiastic meeting of the Woman's Missionary Society was held at the home of Mrs. S. A. Moss of Sudley on Thursday of last week at which an appropriation for General Conference Work was made. This society is a great financial power in the church. We are afraid to hazard a guess as to the number of quilts they have finished during the winter months, but this activity is a great asset to its exchequer and helps the church out of many a tight place financially.

Miss Frances Robertson, eldest daughter of Mr. and Mrs. W. Holmes Robertson, has accepted a position with a mercantile firm in Richmond. Miss Robertson attended a business school in that city during the past winter.

The annual District Conference of the Methodist Episcopal Church, South, will be held in the church at Hyattsville, Md., on Tuesday and Wednesday, April 6-1, 1937, to which the following delegates were elected at the last Quarterly Conference of the Sudley Charge:

Chas. R. McDonald, Thomas T. Botts, Mrs. W. J. Matthews and Mrs. Chas. R. McDonald. Alternates: Mrs. C. F. Sinclair and Mrs. W. H. Dogan.

Miss Rita Robertson, young daughter of Mr. and Mrs. W. Holmes Robertson, who has been suffering an attack of scarlet fever, is rapidly recovering.

Mr. and Mrs. Wade Akers and family of Arlington, Va., spent Sunday with their aunt, Mrs. Etta P. Lynn, of this city.

Mr. and Mrs. E. S. Clary of Lawrenceville, Va., were Easter Sunday guests of Mr. and Mrs. J. W. Alvey.

Easter services at Sudley last Sunday morning were so largely attended that seating capacity was at a premium. The day was beautiful but cool, but no detriment to the many who were anxious to again mingle with friends and enjoy the annual Easter occasion. Many out-of-town friends availed themselves of this opportunity to meet comrades of yore and to engage in the service of the day. Among the visitors were noted Mr. and Mrs. E. S. Clary of Lawrenceville, Va., Mr. and Mrs. L. K. Lynn of Manassas and Mr. L. K. Lynn, jr., of Washington; Mrs. R. H. Florence and son, Henry, and daughter, Irene, of Gainesville, Mr. and Mrs. James Peters and the Misses Katherine and Elizabeth Harrover of the Capital City. After the Easter sermon had been concluded, Mr. Henry Maddox of Tecumseh was introduced who gave an excellent report of the general Bishop's Crusade meeting in Washington which was addressed by the Bishops and other noted speakers anent the Crusade now in progress. All in all, Sudley has wakened up ready for the summer's work. Sunday School reopens next Sunday, April 4, to which all are cordially invited. It is hoped a large attendance of the Bible class members may be had to perfect plans for the summer.

Mr. Palmer Smith, son, Jr., and daughters, Frances and Virginia, were Easter guests in the home of Mrs. Jennie McIntosh.

The many friends of Miss Ann Robertson will be glad to learn that she is at last able to enter school. Staying with friends in order to escape quarantine regulations from scarlet fever at home, she had the misfortune of taking down with mumps which has kept her from her senior class work until the present time.

Mrs. W. S. Brower, after a fortnite's visit among friends in the great city of New York, is home again rested and invigorated ready for the duties of the hour.

Mr. and Mrs. Edward Smith are receiving congratulations on the birth of a daughter in Warrenton Hospital on Monday, March 29, 1937. Mrs. Smith will be remembered as Miss Claudia Pattie, daughter of Mr. and Mrs. L. J. Pattie, of Belle Farm.

The land buying policy of the Government is now beginning to produce its anxieties. Those who sold their farms and homes are now receiving the cash and notice to vacate within the next sixty days. Naturally this has brought matters to a head and the seller, together with his friends, are now in a quandary as to other locations. At present no one has any definite plan or place in view for their future homes. The one way we see out of the dilemma is for them all to buy trailers. They can then camp out on the lawns of their friends until a selection can be made.

But laying all jokes aside, this prospective migration has become a matter of much concern among the people of the Sudley neighborhood in particular. When a good citizen moves out, much interest is felt as to whom his successor may be. Usually when a farm is sold it is sold to a farmer who will occupy the land, perhaps for years, and become a stabilized citizen and tax-payer; but with Government ownership, the dwellings may be occupied by an unstable, shifting population, little interested in community affairs, its life and its insti-

tutions; in other words, a liability instead of a help. This prospect is now disturbing the peace-of-mind of a good many people who are wondering just what the out-come may be.

Anent the supper to be given in Sudley Church on Friday night, April 23, the following committee was appointed: Mrs. C. C. Lynn; Mrs. W. H. Dogan, Mrs. J. W. Alvey, Mrs. L. J. Pattie, Mrs. C. R. McDonald, Mrs. S. A. Moss, Mrs. W. K. Caldwell, Mrs. R. H. Florence, Mrs. W. J. Matthews and Mrs. C. F. Sinclair. This committee to have full charge of the menu and service. It is understood that this supper is being given by and for the members of the Fairview, Gainesville and Sudley churches which compose this circuit. Upon this occasion the Bishops will address all diners from Washington to San Francisco, presumably according to the time zones. This being in the E S T zone. Arrangements have been made with the Hynson Electric and Supply Co. to install a radio in Sudley church and arrangements are rapidly maturing to make this a memorable event in the church's history.

Easter time brings with it many enjoyable events. Not only the religious observance, but the coming together of families long separated, together with the little "Easter eggs" who have come into being since the sons and daughters migrated unto themselves. In traveling along the highway, children were observed looking around the yards, peering under bushes and shrubbery trying to find the little red, green, blue, yellow, purple emblems of the Resurrection which Granddaddy and Grandmother had so carefully prepared for them. Scarcely a family in the neighborhood but had experience when all of the children with but a single exception, together with the grandchildren, gathered around the festive board to enjoy a reunion. The same could be said of a number of other families in a more less comprehensive way. In many respects Easter resembles

FOOD MARKET Advice-

LATE winter and early spring is definitely EGG time for it is the season of abundance and relatively low prices. Many dishes not served often at other times appear frequently, such as omelets, souffles, sponge and angel cakes.

Unusually large catches of FISH are being reported, especially cod and haddock, but flounders, bluefish, Spanish mackerel, gorgies, sea trout, sea bass and shad are also much more plentiful. A fairly good load of Boston mackerel, that spring and summer standby and delicacy, was landed this week nearly a month earlier than usual.

Lower Vegetable Prices Expected

Increasing supplies and lower prices of ASPARAGUS, BEANS and PEAS are expected in the next few weeks. BROCCOLI and CAULIFLOWER are moderate in price. The vegetables which have been plentiful and reasonable are expected to continue so particularly BEETS, CABBAGE, CARROTS, ONIONS, SPINACH and TURNIPS.

Old POTATOES are reasonable and they are particularly good for baking, mashing and French frying. New potatoes are better adapted to boiling and serving with butter or cream sauce and parsley.

Grapefruit Cheap, Strawberries More Plentiful

GRAPEFRUIT continues to be the best value in the fruit market and can be called cheap. STRAWBERRIES which had become relatively scarce are again more plentiful as carloads are now being shipped from Louisiana. ORANGES and APPLES are moderately priced and sufficient supplies are available to meet all demands. BANANA quality is especially good at this season.

Meats and Poultry Generally Higher Increases in the wholesale price of LAMB, BEEF and PORK loins and advances in many POULTRY items have been noted. Special values are of course available particularly in fowl and fresh HAM. Ordinarily good values may be had in broiling, frying and roasting chickens and in fore-quarter cuts of VEAL. All veal is reasonable and the quality unusually good.

BUTTER prices are higher. Here is a menu planned around foods which are readily available and moderate in price.

Veal Chops or Cutlet with Sautéed Pineapple Baked Potatoes Spinach with Onions Bread and Butter Chocolate Souffle Hard Sauce Coffee

BROTHERLY UNITY: Behold, how good and how pleasant it is for brethren to dwell together in unity! — Psalms 133:1.

WILL IT HAPPEN HERE?

One of the most heartening events of the time is the manner in which "liberals" are rallying to the support of the United States Supreme Court. To say that no man past seventy is fit for high judicial office is to dispute the clear evidence of history. If that theory is accepted, it should be applied as a matter of principle to senators, representative, governors and presidents.

Liberals realize that such so-called "practical" arguments for change in the court are simply window-dressing.

Real liberals who wish our individual rights protected and our liberties maintained unabridged — are opposing the court proposal on questions of principle. In the words of Walter Lippmann, himself a liberal, "This is so reactionary a proceeding that nothing like it has been attempted in the whole history of this nation. This is the sort of thing that is done in backward countries which have not yet learned the art of self-government. That is where great issues are settled byousting men from office, rather than by the consent of the people after open debate. But it has never happened here, and if the people are allowed time to understand, they will make sure that it shall not happen here." — Bedford Democrat.

A HEN'S PLACE

Feminism is sweeping the barnyard, if recent news dispatches are any indication. Our hens, heretofore considered models of clucking complacency, are reported to be in revolt against the notion that a hen's place is in the henhouse. Word comes from California that a white leghorn named Hobo Mary has just completed a trip on the rods of a Pullman from New Orleans to Los Angeles—2,000 miles of sight-seeing.

Another fowl, seeking the

mantle of a prophet, calmly produced, according to report, an egg which bore on its inner shell the ominous words—"War June 20th"—to the astonishment of western farmers who flocked to see the portent.

As if to rival this display of foresight, an Alabama bantam, convinced a flood was imminent, built her nest in a tree and hatched nine chicks at the dizzy height of twelve feet—evidently the future highwater mark in her opinion.

We wonder how the lordly and hitherto unchallenged "kings of the coop" are taking these evidences of emancipation. If such notions become widespread, no really progressive Plymouth Rock "biddy" will be satisfied in the cramped confines of the old barnyard. Perhaps the proud crowning of Chanticleer will no longer merely herald a new day, but become also a call to a roving mate to come home to roost.—Christian Science Monitor.

PREPARES FOR BI-CENTENNIAL

Richmond's 200th Anniversary Will be Celebrated.

An invitation to all of Richmond's out-of-town neighbors to attend the elaborate, free exercises which inaugurate Richmond's 200 anniversary celebration on the night of April 30 at the Richmond Stadium was extended today by William H. Swarzenschild, sr., president of the Virginia Capital Bicentennial Commission. Seating arrangements for some 100,000 persons have been made and special sound equipment, so that not a line of speech or a note of music will be missed, and special lighting effects, so that nothing of the colorful pageantry will be lost, have been installed.

The brilliant spectacle at the Stadium will include the coronation of Queen Evelyn Byrd followed by fancy drills and formal military reviews. A mammoth fireworks display will close the program.

After the public events at the stadium the brilliant scene will shift to Tanttilla Gardens where a formal costume ball will be staged. Costumes, ranging from the early days of the colony to the gay nineties, will be worn by dancers and guests.

The inaugural programs will be carried to the world at large by means of the radio. Governor Peery will deliver a bicentennial proclamation over the radio and Mr. Swarzenschild will extend a home coming invitation to all Virginians for the September events while Fred W. REAL BLOOD IN MOVIE BATTLEFIELD

The actual battle ground where blood was spilled between the white and the red, than a century ago, was the setting for many of the thrilling scenes in "For the Service," Buck Jones' newest starring film for Uni-

versal, playing at the Pitts' theatre next Saturday, April 3.

Weeks before the picture went into production, Buck Jones made a personal scouting trip to find historic ground for his company's location, with "Thunderbird," the Indian chieftan who appears with him in the picture, accompanying him. Together they found the ruins of an old and nameless fort bearing the unmistakable marks of the pioneer days in the story is laid.

A special camera truck, carrying its own compact sound equipment in addition to the fastest motion picture camera in the world, was designed by Buck Jones for the filming of the fast riding and action in "For the Service." On addition to being one of the swiftest riders and ropers on the screen, the star is an expert mechanic. His new invention enabled him to pack the film with thrills galore.

PROMINENT ENTRIES AT GOLD CUP RACE

KENMORE DEBT IS REDUCED

Mrs. H. H. Smith Reports on Home of Washington's Sister.

The courageous band of ladies at Fredericksburg who shouldered a few years ago an enormous debt to save Kenmore, the home of Washington's sister, from destruction and to create a national shrine for posterity, rejoiced today at the report of its officials that the debt on the property has been reduced to \$9,000. For more than a decade the fight to save the property has been carried on without the aid of men. Mrs. H. H. Smith, secretary of the Association, reported to her Board today that branches of the Association have now been formed in thirty-eight states, that the furnishing of the property is progressing and that the great task undertaken is now within sight of its goal. A few years ago the Garden Club of Virginia appropriated many thousands of dollars to begin the reconstruction of the garden which was the delight of Betty Washington and of her mother, Mary, who lived on the estate near her daughter. Kenmore

has taken its place among Fredericksburg's permanent shrines.

Mrs. Smith reported that slides advertising the shrine have been shown during the last year in every state east of the Mississippi and that she has made forty addresses on Kenmore in ten states. Almost a thousand members now compose the Association. The Virginia State Chamber of Commerce was thanked by Mrs. Smith in her report of activities for co-operation extended.

LIFE BEGINS AT 6:30 FOR JANE WITHERS BUT EVEN THEN SHE HAS TO RUSH

When Mrs. Withers tucks her mischievous daughter Jane into bed at eight o'clock, her exclamation, "Well, another day spent!" means literally a day exhausted by the youngster's energetic use of every minute of her fourteen waking hours.

Bustling with energy from the time she wakes at 6:30 a. m., Jane Withers rushes about hour after hour, never wearying, outlasting parents, directors and technicians working with her in the filming of her latest escapade, "The Holy Terror," the Twentieth Century-Fox film playing at the Pitts' Theatre next Monday and Tuesday, April 5 and 6.

Required to be at the studio by nine in the morning, Jane takes an hour's horseback ride three mornings a week, the other three being spent on two-mile hikes into the hills.

Yet, before she is ready to leave for work, she feeds her chickens and weeds the flower beds in a garden of which she is very proud. The minutes when she isn't actually before the camera, or studying, she makes addities to give the fifty or sixty people working on the set. When she first got her wood-working set, she distributed enough wooden door-stops to support every portal in Hollywood.

The dynamic youngster also runs a clipping bureau, daily going through many newspapers and movie magazines to cut out stories about her "customers." The entire cast of "The Holy Terror," which includes Anthony Martin, Leah Ray, Joan Davis, El Brendel and Joe Lewis, are subscribers to her service.

"The Holy Terror," a Twentieth Century - Fox film, was directed by James Tinling, with John Stone as associate producer, from the original screen play by Lou Breslow and John Patrick, with songs by Sidney Clare and Harry Akst.

Construction report:
 The house being built by Gordon Leary near the Workhouse grounds looks as though it is about ready for occupancy. This is a fast growing community, and if it keeps on growing will be a town in itself in the near future.

Mr. B. W. Brunt and Capt. Thos. F. Joyce of Ocoquan and Mr. French Flemming and Kenneth Dove of Lorton attended the Northern Virginia Bankers Association meeting at Purcellville on Thursday, March 25. There were many subjects discussed in the interests of Farmers and farming communities; among them borrowing on live stock, planting alfalfa and getting good seeds for planting. The farmers of this section of Virginia are very much alive to the value of co-operation with the banks and getting advice on the best methods of getting loans for making improvements on their farms. With this close co-operation the banks and the farmers will all be gainers.

For 1937 the special health objective of this national movement is "The Health Agency in its Relation to the Community". In our state and county, greater control of tuberculosis and syphilis is being emphasized, among our school children of this county, efforts have been centered on vaccination and dental corrections. In keeping with some these objectives, health sermons will be preached on Sunday and during the week, doctors and nurses in the county will serve the schools and communities through lectures and demonstrations that will furnish us with interesting facts and helpful information for keeping physically fit. Further announcements will be made in the several communities through the churches and schools. Let us increase our interest in putting over a worthwhile program during National Negro Health Week and keep up the health-interest throughout the year.

SELECTING AVIATORS

Only men with the soundest of bodies and characters are permitted to fly commercial and service airplanes in the United States, according to a story appearing in the Washington Star next Sunday, quoting Maj. Malcolm Grow, chief of the medical section of the Army Air Corps. "Flight surgeons," newest of medical specialists, have been learning how to select the most promising material for flying training ever since the World War. Physical and mental tests given to candidates for flying training today are described in detail.
