INSTALLATION IS BEAUTIFUL EVENT

State President Officiates At Woman's Club Dinner.

The Installation Dinner of the Woman's Club of Manassas which was held in the dining room of the Prince William Hotel on the evening of Tuesday, May 12, was a most brilliant and successful affair. One of the outstanding features of the occasion was the beautiful and artistic arrangement of flowers; the dining tables were decorated in the club colors of red and white, white spirea and red tulips in crystal bowls, being used to carry out the effect. The lobby was equally beautiful in arrangement of flowers in pastel shades ranging from tall baskets of iris to most attractive small arrangements for the coffee tables. This decorating was done by the Garden Section of the Club under the supervision of Mrs. Margaret Lewis, chairman of the Section, and was a suitable flower show in itself.

Music for the occasion was furnished by Mrs. Dennis Baker, her piano selections being well received and beautifully executed vocal solos by the Rev. Graham, pastor of the Manassas Baptist Church were most enjoyable. Instrumental music by a trio composed of Mr. and Mrs. Lewis Carper and Miss Emma Perkins was also well received and very delightful.

The guest speaker for the evening, Mrs. Fred Alexander, President of the Virginia Federation of Woman's Clubs, was introduced by the President of the Manassas Club, Mrs. W. L. Lloyd. Mrs. Alexander gave the guests a most interesting and inspiring address on "Citizenship Challenges" and urged those present to take a more active interest in, and make study of local, national and international affairs, that they might intelligently in matters of community interest. The installation of officers by Mrs. Alexander followed and this was done in a most gracious and charming manner with Mrs. Alexander seems to be so well endowed.

Mrs. Janet Owens, President of the Junior Club, presented the officers of that group and the Junior sponsor, Mrs. J. P. Lyon.

The following members of the club and guests were present: Mr. and Mrs. Wm. L. Lloyd, Mrs. Fred M. Alexander, Mr. and Mrs. C. Wade-Dalton, Mr. and Mrs. R. C. Haydon, Mrs. J. B. CLUB MEMBERS

PLANT MAPLE TREE

On Saturday, May 8, amid no pomp or ceremony whatever, the Civic Committee of the Manassas Woman's Club planted a tree. This living monument, is of the Norway Maple variety and is planted on one of the new boulevard sections of Grant avenue. The Woman's Club members, sincerely hopes that not only the residents of that part of Grant avenue, but that everyone who might journey out that way, may as the years go by and the tree grows, derive much enjoyment and pleasure from it along with the many other trees planted and to be planted on this boulevard.

TREES

A tree is one of man's best friends. When a pitiless July sun beams down upon us, blistering and scorching both animal and plant life, it is the sturdy maple or the stately elm that throws out its arms against a summer sky as if to take upon itself the greater part of the suffering that attends the unbearable heat while it invites us to partake of the refreshing coolness its shade affords.

We who look upon our fellowmen as humans below our standard of morals and culture because of different nationalities, races or creeds, should learn an object lesson from trees. A forest of none but evergreens or white birches is a thing of beauty, a wonderful sight. Yet, if all our trees were of one kind, of one color, of one size and shape, think what tiresome eyesores they would be!

What a wearisome sameness would meet our eyes at every turn! But beheading the landscape in their multiplicity and varied colors they preach to us the beautiful gospel of living together in harmony of beauty and the spirit of brotherly love.

REV. BARNES ADDRESSES MINISTERIAL ASSOCIATION

The Manassas Ministerial Association held its regular meeting this morning.

The guest speaker of the day was Rev. M. H. Barnes, President of the Manassas Industrial School, who spoke on his work at the school and the progress made by the students, many of whom come from neighboring counties.

He further stated that the State Board of Education is contemplating making this school a regional colored high school for Northern Virginia. He also described the various facilities of the school and how they have been improved under his presidency this year.

Rev. Barnes' talk was much enjoyed by the Association, and it is hoped that this progressive movement in education will continue.

Mrs. Hibbs gave a report from C. of C's and also stated that she had received letters from Mrs. Forrest and Mrs. Williams signifying their desire to hold the C. C. Convention in June in Manassas. After some consideration by the Chapter a motion was carried to write and say that it will not be convenient to entertain the convention in June.

Letters were read from Mrs. Barshinsky and Mrs. Nottingham, requesting a contribution of 50 cents per capita be sent by the Chapter for a proposed Statue of Davis to be placed in the Capitol grounds in Montgomery, Ala., the cost of the statue not to exceed \$2,000. A committee will be appointed later to carry out this plan.

A motion was carried to order a half dozen flags as only one was left in the hands of the custodian.

A communication was received from Mrs. Dennis, president of Georgia Division, requesting the Chapter to locate the spot where Bartow was wounded as the Georgia Division wishes to put a monument there.

Mrs. Hibbs was made chairman of committee to locate same, and communicate with Mrs. Dennis. The chairman announced that the District Convention would be held in Front Royal in May and asked how many expected to attend so that the secretary could notify the hostess Chapter. About twelve will possibly attend.

An invitation was received from (See CONFEDERACY, page 4)

GOVERNOR VISITS

KIWANIS CLUB

The Kiwanis Club had several very pleasant surprises at its meeting on Friday evening.

One was the official visit of the Lt. Governor of the District, Arthur Kiefer, of the Prince George's Club. Mr. Kiefer made a brief but eloquent talk on the "Principles of Kiwanis" and congratulated the Club on its representation at the annual meeting at Indianapolis.

Captain Everett Rice, after an assignment in China, gave a very realistic picture of a trip he took into upper Mongolia.

Captain Rice who has spent the last three years in China, is in very close touch with the customs and habits of the Chinese race. Captain's discussion was so natural in its picture that, while none of the club had ever witnessed any of the scenes he described, his efficient method of narrative brought the picture out very clear in relief.

This talk was unusually pleasant because it came very much as a surprise, and the club thanked O. D. for his nice program.

In closing the evening, Prof. Eli Swavely, a former member of the club, gave a brief talk on some of his educational work in Washington.

SAD DEATHS AT SHIRLEY HOME

Son Follows Mother Within a Few Days.

A lovely home where the bereavement of death had been absent for a great many years was twice afflicted recently when Mrs. Virginia Bell Shirley passed away on April 24 at the age of 91 years to be followed on May 7 by her son, Ernest Sydnor Shirley, at the age of 65. Thus two greatly beloved and life-long residents of the Manassas community passed away at such a brief interval that the same pallbearers were assembled to perform the last sad service for the son, which they had performed for the mother a few days previously.

Mrs. Shirley was born November 30, 1846, near Wellington in Prince William County and for the past thirty-four years resided near Manassas where her lovely Christian character and helpful neighborly kindness endeared her to a wide circle of friends. She was survived by three sons and two daughters, one of the sons, however, following her in death thirteen days later.

Funeral services were conducted by her pastor, Rev. Harry P. Baker of Grace M. E. Church on April 27 and she was laid to rest in the Manassas Cemetery. Her daughter, Mrs. E. L. Robertson, who had only recently suffered the loss of her husband, arrived from Greensburg, Kans., in time to attend the funeral and will spend some time in the community with relatives and friends.

Ernest Sydnor, who passed away on May 7, thirteen days after his mother's death, was 65 years of age. He had lived all of his life in Prince William County and, like his mother, was quiet in demeanor and always a sincere and helpful friend to his neighbors. His illness of pneumonia only lasted five days and his death leaves surviving two sisters, Miss Betty Shirley, of Manassas, and Mrs. E. L. Robertson, of Greensburg, Kans., and two brothers, Fred Shirley, of Charlottesville, and Clarence Shirley, of Manassas.

Funeral services were conducted from the home on May 7, by Rev. H. P. Baker assisted at the cemetery by the Order of Fraternal Americans. Pallbearers at both funerals were Messrs. J. H. Steele, J. E. Barrett, H. S. Bell, J. J. Payne, H. Y. Metz and Walter L. Ward.

RELIGIOUS GROUP MET TODAY

The ladies of the U. B. Conference in Prince William County met in all day session at Buck Hall today.

Rev. Lee Schaffer, former pastor, was the guest of honor and a speaker in the afternoon. Miss Emma Perkins, religious director for the county, gave a very thorough and entertaining dissertation in the forenoon.

In the afternoon Mrs. O. R. Hersch gave a splendid talk or missionary work in the far East, exhibiting handicraft made by Christian converts in that area.

The sessions were attended by a large crowd and an excellent meal was served at noon.

MANASSAS WINS AGAIN

On Tuesday the High School played Occoquan High in another victorious game. In the first inning Occoquan got their only run being made by Locket.

Manassas started in the 2nd inning and kept batting until they ran up the score to 17. Roseberry was high man at the bat for Manassas.

SCHOOLS PRESENT MUSIC FESTIVAL

All Groups Evidence Careful Training.

The annual musical festival of the schools in Prince William County took place last Friday evening at the school auditorium under the directions of Mr. David Wiemer and with Mrs. Lewis Carper as accompanist. The auditorium was packed to the doors with a capacity crowd.

The different groups assembled on the platform and presented their numbers. Most of the schools were led by their teachers with the exception of some of the consolidated groups where Mr. Wiemer directed and one or two of the others, as in the case of the Nokesville graded school where one of the pupils directed, doing a nice piece of work.

The several accompanists were as follows: Miss Laurine Billings, Miss Mary Page Barnes, Mrs. Robert Newman, Miss Vera Free, Mrs. Lewis Carper, Miss Charis McElroy, Miss Elizabeth Gilley, Miss Mary Page Barnes, Mrs. M. M. Ellis, Mrs. Eloise Trimmer, Miss Anna Blough, Miss Elizabeth Morris, Mrs. W. H. Leachman and Miss Cynthia Lacey.

Other features of the program which proved of considerable interest were the presentation by the Occoquan Glee Club which was a Venetian Love Song and a number by the quartet "Steal Away." The quartet consisted of Harry Winfree, Miguel Chaves, Chester Bourne and Carlton Post. Miss Mildred Bryant of the Occoquan High School sang a solo during the intermission.

The several groups and the numbers they presented are as follows: Quantico Graded School, "Grandfather's Clock"; Bethel Graded School, "The Flowers That Bloom in the Spring"; Greenwich Graded School, "Kentucky Babe"; "Plantation Song"; Nokesville Graded School, "Star Wail"; Dumfries, Manassas, Occoquan, Haymarket and Nokesville Graded Schools, "The Piper," "The Elves Dance at the Wedding," "An Old English Folk Song" and "An Old English Ballad"; Nokesville and Haymarket Graded Schools, "Voices of the Woods"; Bennett Graded School, "The Beautiful Blue Danube"; Occoquan and Dumfries Graded Schools, "Bird Calls"; Grecian Dance; Haymarket High School, "Barcarolle"; Nokesville High School, "On the Road to Mandalay"; Manassas High School, "Ah, Sweet Mystery of Life"; and "Smiling Through"; Haymarket, Occoquan, Manassas, Nokesville High Schools, "Gypsy Love Song" and "Recessional"; Audience and Glee Clubs, "America."

CORONATION KEEPSAKES

Mrs. Alcott, a native Englishwom-
an, who has been living in Prince
William for a number of years, has
brought to the office several photos
of paving work done by her hus-
band both in England and in this
country.

The most interesting is a view of
the Canadian arch in Whitehall at
the time of the coronation of Edward
7th and Alexandra, thirty-five years
ago.

The Journal is in receipt of a com-
munication from an English concern
offering coronation mementos at a
very small sum. If the proposition
proves to be valid and the stock has
not been exhausted, the name of the
firm will be given to anyone suffi-
ciently interested to call by and ask for
it.

CATHARPIN

The following is a continuation of
the discussion by our Catharpin cor-
respondent of the recent Fairview-
Sudley - Gainesville congregational
banquet which was omitted last week:

It took some time for one really to
comprehend what was happening. It
was hard to grasp a situation where
in every congregation from Balti-
more to San Francisco were embrac-
ed, all seated together in their own
home churches, yet comprehended in
one vast assemblage listening to ad-
dresses by the bishops of the church
and the singing by the Scarrett Col-
lege choir from Nashville, Tenn. The
Radio has made things possible,
which, aforesaid were never dreamed
of, and which, even with our present
day knowledge, it is hard to find
language capable of description one's
feelings as he listens to voices hun-
dreds of miles away and which is
being heard by millions of people
other than himself. That the Sudley
people as well as all Southern Meth-
odism were thrilled and helped, is
beyond all doubt. If it had no other
influence, it brought home the fact
that perhaps never before so vividly
realized, that the church is one body
though separated into parts all over
the country.

IN MEMORIAM

In sad but loving remembrance Of Miss Lucy Fontaine Berkeley, Who passed away two years ago to-day.

May 7, 1935, gone but not forgotten. She is sleeping, sweetly sleeping. By the ones she loved the best. In the churchyard, beneath the box-wood,

There we laid her home to rest.

She is resting sweetly resting, From this world of toils and cares. For there are many, oh, so many That will come in life while here.

She will always be remembered. By the ones she loved the best. For her many deeds of kindness. And her smiles and cheerfulness.

As our labor here is done, One by one the Lord will call us, And we all will cross the river, We will meet her one by one.

CABINS AT CAPE HENRY ARE ALL RESERVED

The Division of Parks of the Commission reports that all cabins at Seashore State Park, near Cape Henry, are reserved for the 1937 season, with two reservations having been made for 1938.

Reservations are coming in steadily for the other parks. There are still some choice dates open at Douthat Park, near Clifton Forge, Fairy Stone Park, near Bassett, and Staunton River Park, near South Boston.

Persons interested in making cabin reservations should communicate with the Virginia Conservation Commission, Division of Parks, Richmond, Virginia.

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God
BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

A RELIGION THAT COUNTS:
Is not this the fast that I have chosen? To loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke? It is not to deal thy bread to the hungry, and that thou bring the poor that are cast out to thy house? when thou seest the naked, that thou cover him; and that thou hide not thyself from their own flesh?—Isaiah 58: 6, 7.

THE CORONATION

Yesterday, for the first time in history, the coronation of a British monarch was heard, word for word, around the world.

The deep religious aspect of the ceremony—its ancient loveliness—its magnificent splendor—and the befitting personalities of the newly called King and Queen, all combined to make the occasion one of the most memorable events of the century.

We, in America, always will in a certain sense, owe allegiance to the British Commonwealth. We respect their obedience to law, their love of the wholesome things of life, the efficiency of their government, and the greatness of their social system.

The best traditions in our national life come from Old England and we join hands with all peoples of the world in wishing for King George and Queen Elizabeth a long and happy reign.

TO THE DEMOCRATIC VOTERS OF PRINCE WILLIAM AND STAFFORD COUNTIES

Having been urged by many of my friends in both counties to submit my name again to voters, I take this opportunity to let you know that I shall be a candidate for nomination to the House of Delegates from this legislative district, subject to the Primary to be held on August 3rd.

I submit my legislative record for your consideration and assure you that if again honored in being your representative in the General Assembly that I shall continue my unceasing efforts in your behalf.

BULL ELK IS FAMILY PET

WHEN she tires of the piled-up peaks around her home and the radio fails to produce a good program, Mrs. L. A. Smith, wife of the Canadian National Railways' section foreman at Gelkie station, in the heart of Jasper National Park, Alberta, can always call into the bush and hold conversation with "Beauty," her pet elk. For five years now Beauty has kept up his acquaintance with Mrs. Smith—even though it is sometimes hard on the Smith larder. In addition to sundry vegetables and loaves of bread, this eight-year-old bull elk consumed two crates of apples this winter and spring. Those, Mrs. Smith explains, are his desert. From November to May, Beauty is the Smith family pet. He then becomes a travelling man. "But," says Mrs. Smith, "he doesn't fail to come at my call when his playboy days are over. It will be his sixth anniversary with us next Fall."

New York Erected "Finest" Building at Jamestown Fair

RICHMOND (Special)—A photograph, reproduced from official records of the Jamestown Exposition held at Norfolk in 1907, shows the building erected by the State of New York for Virginia's world fair. The northern state presented "the finest of the State buildings adorning the grounds of the tercentenary exposition," according to the historians. The structure, "as has been precedent at expositions, was universally recognized as a social centre."

New York State appropriated \$150,000 toward participation in the Virginia tercentenary celebration and so wholeheartedly answered the host state's appeal for a "specific display of historical objects" that the jury awarded it the Gold Medal. The records of American expositions are of particular interest today, when the greater portion of the world is planning participation

in the New York World's Fair of 1939. For the first time since the Crystal Palace Exposition of 1853, New York is host to a genuinely international fair. The exposition, according to estimates, will cost \$125,000,000 or more. It is already well along in the construction period on the 1216½-acre site, Flushing Meadows, within a few minutes ride from the centre of New York City.

THE WELL

For thirty years I've had something to tell

About the merits of a good drilled well,

My wells are made good and tight, Cased with the best of standard pipe, No surface water can enter there,

That gathers filth from everywhere; Secure from rats, toads and snakes, Which often cause pains and aches.

Don't be afraid a few dollars to spend—

The best is the cheapest in the end. My terms are easy and my prices are low,

So don't hesitate, I can please you, I know.

When once it's done it always will last,

And you will be happier than you were in the past.

Stock well watered will do with less

feed,

Let me drill your well and you'll have more'n you need.

You may say what you will, but this I do think,

Your health will be better if pure

water you drink, So take my advice of a very good

plan, And come and see me as soon as you can.

What is the "Low-price Field"?

YOU hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low — with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service — for parts — and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 85 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

Check and see how much Ford saves you.

HEADACHE, BACKACHE?

Mrs. Gladys Chevront of Route 2, Clarkburg, (East View), W. Mother advised Dr. Pierce's Favorite Prescription as a tonic and it wasn't long until I was relieved. I could eat more, then I gained strength." Buy now!

RINGLING BROS. AT WASHINGTON

World's Greatest Circus Will Show on May 17-18-19.

The world's mightiest amusement enterprise on tour — the Ringling Bros. and Barnum & Bailey combined circus — with its 1937 seven-ring-and-stage program, star studded and liberally interspersed with new thrillers from Europe and Asia, featuring among its array of new wonders the most gorgeous introductory spectacle in its brilliant history, India, is definitely scheduled to exhibit in Washington May 17-18-19.

India is not just another circus spectacle. It is not merely a glittering parade to open the Big Show performances. It is the result of a year's planning, a really staggering expenditure and much research on the part of Sam W. Gumpertz, general manager of The Greatest Show on Earth. Costly fabrics were purchased in car load lots. Color schemes blend in lovely perspectives.

Every one of the two thousand people and animals taking part wears a small fortune on his or its back. All have towering headdresses of exquisite beauty. One group of 170 horses, with girl riders, is like nothing ever before offered, for the horses, wearing medieval bejeweled blankets of Velvet, carry gorgeous canopies over the girls' heads. India is a torrent of color and flashing jewels, flowing over the hippodrome track and the seven rings and stages. It is the last word in pageantry.

Heading the scores of new foreign features are The Great Aloys, aerial thriller; the Magyars, Europe's mightiest troupe of somersaulting stars; the Famed William Heyer, Holland's great horse trainer, and his wonder horses; the Maysy-Brach troupe of aerial bicycle marvels; the Naitto family of wire wizards; the Lu Lolita troupe of upside-down aerialists; the Qualtieros, airplane aerialists; the Clevers, whirlwind acrobats; the Wen Hais, novelty stars and many others equally renowned in Europe, Asia and South America. There are 800 performers.

A SABBATH CALL FOR ME!

Sabbath Call
To God's House of Prayer
O! a wonderful call to me!
What have I done or been
That He should honor me
To be His Guest?—
My heart is weary,
The battle long
To fit my soul to enter in!—
Still there's His Promise!
"Come unto me all ye that are weary"
"Though your sins be as scarlet,
They shall be as white as snow"
So I've heard His Call!
And will enter His courts
With Prayer and Praise,
Giving God the Glory,
While Sabbath Bells
Still Keep sweetly
Ringing, Ringing:
"Come unto Me"
"See ye that labor,
And are heavy laden,
And I, your Saviour,
Will give you Rest."

Not Too Late To Fertilize And Lime Pastures

At present the majority of our pasture acres are not profitable, due to their inability to provide a sufficient amount of feed over a long enough grazing season. With fertility depletion soils, it becomes necessary to do one of two things: either cut down on the number of livestock or take active measures to improve the productivity of pasture land.

Few wish to cut down on their livestock numbers. This leaves only the alternative of taking steps to maintain or improve the fertility of fields used for pasture. When improving pastures, two goals (an increased growth of better grasses and a longer grazing season) are sought. Since pastures respond in a remarkable manner to fertilizing and liming, these goals may be economically attained.

For the most economical results over a period of time in improving pastures, annual application of 16 percent Superphosphate and liming as often as necessary to keep the acidity of the soil corrected is recommended by the State Experiment Station. This recommendation is based upon results obtained from experiments carried out in different parts of the state. Since the 16 percent Superphosphate is slow in action, results may not be apparent until the fall of the year after a spring application or until the spring of the next year. The first improvement observed after liming and fertilizing will probably be an increase in the amount of clover on the land.

While fertilizer and lime applied early this year would have been better for this year's pastures, treatment now or later this year should show better results on next year's pasture than if we wait until next spring. Superphosphate, like lime, may be applied to advantage on pastures that will remain in sod over a period of time at any time of the year that is most convenient if it was not possible to get it on the land early this past spring.

Soybean Varieties

Several requests have been received for information as to the comparative value of Tokyo soybeans and the more commonly used varieties for hay. W. H. Byrne of the V. P. I. Agronomy Department makes the following statement: "Tokyo soybeans make very good hay but not as good quality hay as the Virginia, Wilson or Laredo beans. They are a large-seeded, large stemmed bean and are harder to cure than the varieties just mentioned. I note that your growers are considering Tokios because of the higher price of other varieties. They should take into consideration the fact that it requires nearly twice as many Tokios to plant an acre as it does of Virginias or Wilsons and even more than twice that of Laredos. Five pecks of Virginias or Wilsons will give just as thick a stand of beans as two bushels of Tokios."

Fertilizer in Direct Contact With Soybean And Cowpea Seed Injures Germination

A series of tests at the V. P. I. Experiments Farm over a period of five years showed that in four of the five years the fertilizer injured the germination materially when applied in direct contact with soybean and cowpea seed.

Fertilizing Corn

Experiments in many parts of the country during the past few years have demonstrated that the application of commercial fertilizers in the corn row, or, better still, the hill, is generally more efficient than broadcast applications. Fertilizers applied in the hill should not come in direct contact with the seed. The ideal method appears to be that in which the fertilizer is placed in a broad band on each side of the seed. Several of the commercial corn planters have that they achieve a safe and efficient placement of fertilizer.

Soybean Inoculation

One of the most frequent causes of failure in growing soybeans the first time is the lack of proper inoculation. Where grown for the first time on a field, soybeans may make a rather indifferent growth unless inoculated. The soybean may be given very good results on rich land, even though the bacteria are lacking, but in such cases the plant draws most of its nitrogen from the soil rather than from the air, as it does when inoculated. To obtain the best results when the crop is seeded on land on which it has not previously been grown it is advisable to inoculate.

Are You Buying Plant Food Or Filler?

Attention is called to the article "Plant Food vs. Filler" in the April issue of the Extension Division News. Savings up to 25 per cent may be realized by purchasing fertilizer upon its plant food content rather than on its tonnage. This savings would go far toward the cost of liming more land and the lime would make the fertilizer applied more efficient, as well as prepare the soil to grow more successful stands of clover and other crops.

This was our second victory in the

league and we are now tied with Manassas for first place in the county league.

The grade and High School Glee Clubs rendered a number of musical selections at the Musical Festival held at Manassas on Friday, May 7.

Reverend Rufus D. Bowman, of Washington City Church of the Brethren will deliver the Baccalaureate Sermon on Sunday night, May 30. The following Thursday night Dr. A. L. Maiden will deliver the Commencement address. Both of these men are widely known, fluent speakers, and we consider it an honor to have the promise of their services.

NOKEVILLE DEFEATS WHITE SOX: TOPS LEAGUE

Nokesville A. C's were again victorious as they won their second game this year, beating the Virginia White Sox by the score of 7 to 6, on Sunday last. Nokesville now leads the National section of the Old Dominion League.

League Standing:	W.	L.	Pct.
Nokesville	2	0	1.000
Forestville	1	1	.500
Hume Springs	1	1	.500
White Sox	0	2	.000

Much credit for the victory should be given to the pitcher who again had a fine record of strike outs this game—13; also the hard-hitting of three hits and Crabill for his two-

base hit that drove in the winning run.

We regret that one of our players will be out of the line-up for several weeks. Ashby White, our catcher suffered a broken jaw when hit by a hard pitched ball while batting. We hope Ashby will be able to play again soon.

The team plays with Forestville on their diamond next Sunday. Why not attend the game and cheer the boys to another victory?

MANASSAS PRESBYTERIAN CHURCH

Rev. John M. DeChant, Pastor

Services commemorating the 70th Anniversary of the Presbyterian Church of Manassas will be held this coming Sunday when friends and members of the congregation will gather at two services during the day.

The first will come at 10:00 A. M. and will include a historic program that should be interesting to all. It depicts the early foundation of the congregation noting some of the first families and places where services were held many years before the War Between the States.

The earliest building in use here seems to have been a frame structure that was brought out from Washington. The story of the devoted group who brought about the erection of the present structure will be given in the next issue of the Journal along with other salient facts concerning the workers, those who have served in the pastorate, etc.

The evening services will be of inspirational character, looking forward from the threshold of the 70 year period thus ended. Special music has been arranged for both services in which both the choir and congregation will take part. A hearty welcome has been extended by the committee in charge so that the event will be very much of a home coming day for the congregation and its friends.

BRENTSVILLE

Mrs. Hattie Petty gave a birthday supper Monday, May 10, in honor of Miss Ruth Best. It was also Mrs. Petty's birthday. Music and singing by the Brentsville string band was very much enjoyed.

Mrs. Petty has been on the sick list for several weeks and is slowly improving.

RESOLUTIONS

The Woman's Missionary Society has experienced deep loss in the passing of Mrs. Mary T. Lyons. We are grateful to our Heavenly Father that she lived and labored with us. Her gracious personality, her perfect integrity, her courage and patient endurance, her loving disposition and above all her charity towards the faults and shortcomings of others, endeared her to us beyond expression. She lives again in lives made better by her having lived, and we cherish the memory of her life among us. As we mourn our loss we bow in submission to Him who doeth all things well.

"God called her home,
 But He shall give us memory."

Therefore be it resolved,

That a copy of this memorial shall be incorporated in the minutes of the society, one sent to her family and one published in our local paper.

Servant of God, well done!

Rest from thy loved employ;

The battle fought, the victory won,
 Enter thy Master's joy.

The pains of death are past,
 Labour and sorrow cease,
 And life's long warfare closed at last,
 Thy soul is found in peace.

Respectfully submitted,

MRS. ROBERT HUTCHISON,

MRS. JAMES LUCK,

MRS. R. M. GRAHAM,

Committee on Resolutions.

There was the largest attendance of the year. A play, the Marionettes was enacted by the younger children under supervision of Miss Ions. It was enacted in a very excellent and most commendable manner, enjoyed by all. After the play, and after the business of the evening were over, officers for the school year of 1937-1938 were put in nomination; the following being elected for the coming year:

Mr. B. W. Brunt, Occoquan, president, re-elected; Capt. Thos. F. Joyce, Occoquan, vice president, re-elected; Mr. Henry Davis, Woodbridge, treasurer, and Mrs. Carl Lynn, Occoquan, secretary. All were unanimously elected or re-elected. A motion was made and carried to give the last year's officers a rising vote of thanks for the excellent work performed during the year. The president stated that the excellent results obtained during the year was due to the harmony in which all the officers, committees and members worked together, and hoped the same results and harmony would prevail during the coming school year.

QUIET TALKS ON RELIGION

By
Dr. James T. Marshall

IS RELIGION REASONABLE?

"Your reasonable service." (Romans 1:1) Every thoughtful person should read H. C. Link's book, "The Return to Religion." It is not the testimony of a minister or theologian, but of an expert in the field of psychology. Like many a young man, he lost his faith when he was in college owing to the influence of a teacher who took delight in holding religion up to scorn.

Mature thinking and wide experience with life brought him back to solid conviction as to the reasonableness of the Christian faith and as to its unique place as the only guide through the intellectual, moral and economic confusion of our times.

It takes no brains to scoff at religion. Men who make it their business to tear down the faith of our young men and women are aiding the foes of society and have no rightful place among our educators. I claim that they are not even entitled to respect as rational thinkers. They have one-track minds, and are not scientific in the true sense of that term. True science makes room for truth of every sort and excludes no facts from consideration.

The spiritual world is just as real as the material, and demands recognition. Man's religious instincts are as truly a part of his nature as his physical appetites. St. Augustine was speaking with scientific accuracy when he uttered the famous prayer, "O God, Thou hast made us for Thyself, and our souls are restless until they find their rest in Thee."

Belief in an intelligent Creator is the only rational explanation of the material universe. Kepler said "the devout astronomer is mad." Telescope and microscope alike are bringing us daily revelations of the marvelous intelligence shown in nature. In the words of the poet Addison,

"In reason's ear they all rejoice
 And utter forth a glorious voice,
 Forever singing as they shine,
 The hand that made us is divine."

Few people, if any, would dispute the reasonableness of following the practical precepts of christianity. No other teacher has ever risen to the height of Jesus's conception of ideal society as "the Kingdom of God," whose fundamental law is the law of love. Our best thinkers are coming more and more to realize that the one hope for the world today lies in our adopting the Sermon on the Mount as our standard of conduct in personal, national and international affairs. The real difficulty does not lie in our intellectual objections to the doctrines of christianity, but in our unwillingness to snap out of our selfishness and greed and devote ourselves to unselfish service.

H. G. Wells, disavowing any claim to be a christian believer, but speaking as a historian, exalts Jesus as the greatest character of history. The greatest intellects of the centuries have stood awed in His presence, and the purest spirits have found in Him "the way, and the truth, and the life." Surely St. Paul, the greatest thinker of his generation, was sane when he called the service of such a Master a "reasonable service."
