## LOCAL CLUB TO HOLD GARDEN DAY

### Manassas Garden Club Hears Talk on Bulbs.

On Tuesday afternoon August 24 at 2:00 o'clock the members of the Manassas Garden Club met at the residence of Mrs. A. A. Maloney with the president Mrs. Paul Cooksey presiding.

The hostess had arranged lovely decorations from her garden and several of the members brought flowers for display.

During the business session the president announced that plan for a Halloween entertainment would be discussed at the September meeting.

Mrs. B. L. Jacobson suggested that the club have a garden day next April or May as so many of the members have outstanding spring gardens.

Several chairman being absent the reports were not complete.

The subject of the program was bulbs by two of the clubs expert gardeners.

Mrs. C. R. C. Johnson, who has made a study of the narcissus family which originated in Turkey, gave many interesting facts regarding the different varieties. She also named some of the most popular, expensive, and hardy ones for beds as well as naturalizing.

Mrs. Robert Hutchison gave a practical talk on planting bulbs especially tulips and the cutting of tulips.

An invitation was extended the club to meet with Mrs. E. H. Marshall in September after which the meeting adjourned.

### JOSEPH NURSE MUDDIMAN

"To live in hearts we leave behind is not to die."

So may we write the epitaph of our beloved friend and neighbor, Joseph Nurse Muddiman. Truly a good man has gone from our midst.

Highly respected and honored by all who knew him; quiet and unobtrusive in his manner; jovial in disposition and with a heart so big and full of love that he tirelessly spent himself for others; Heaven is richer for his coming and we of earth have suffered great loss.

He was born in Lexington, Ky., September 24, 1869, the son of William and Margaret Muddiman, both deceased. His wife, who was Laura Virginia Hixson, preceded him in death more than twenty years.

He is survived by one daughter, Mrs. William Smith, Charlotte, N. C.; three sons, Aubrey A. and Clyde F. of Manassas, Va., and Arthur T. Muddiman of Washington, D. C. One brother, Daniel B. Muddiman of Alexandria, Va., and a sister, Mrs. Lula Koozts, of Washington, D. C.

Mr. Muddiman had been a life-long member of the Grace M. E. Church, Manassas, Va. He has held the positions of trustee and steward for many years. Since the passing of his daughter, Meta M. Pence in 1934 he has found his delight in taking care of the nursery children of the Sunday School. Each Sabbath day found him with one or more babies in his arms quietly guiding the play of our tiniest ones. The church has suffered an irreparable loss with his passing.

He was a member of the Maccabees, O.F.A. and Daughters of America. Faithful in these orders as in his church and home he will be greatly missed.

The cruel accident which took his life occurred near Reidsville, N.C. His daughter, Mrs. Smith, was driving the car which skidded and overturned on the slippery, wet highway as she attempted to pass another car. She, herself, suffered painful head injuries as well as cuts and bruises. She is being treated at Memorial Hospital, Reidsville, N. C.

G. H. Pence, a son-in-law, was critically injured and remains unconscious in Reidsville Hospital. Janet Pence, his eight-year-old daughter, suffered a broken leg and severe cuts and bruises. She has been removed to the Smith home in Charlotte, N.C.

A great throng of sorrowing friends attended the funeral services for Mr. Muddiman at Grace M. E. Church, Wednesday, September 1, Rev. Harry Paul Baker, his pastor, officiated. The fraternal organizations of which he was a member attended in a body and conducted the services at the cemetery. A group of children from the Children's Division dropped roses on his resting

### AIRPORT BILL VETOED.

As we go to press, a release states that President Roosevelt has vetoed the airport bill passed in the closing days of Congress.

In this he has sided with Representative Howard Smith who fought hard for the Gravelly Point location.

It is said that Mr. Roosevelt favors two airports for the District. Possibly this will solve the situation and meet the demands of the advocates of both locations.

## SCHOOL AFFAIRS IN READINESS

### County Board to Hold Special Session on Tuesday.

The regular meeting of the Prince William County School Board was held on Wednesday, September 1, with all members present.

Regular monthly bills were presented, read and ordered paid. Adjourned to meet in regular session on Wednesday, October 6.

Mrs. Kirsten Larson, who for a quarter of a century made her home at Manassas, died Sunday morning at the home of her son-in-law and daughter, Mr. and Mrs. Roy J. Long, in Barcroft, Arlington County.

Mrs. Larson was the widow of Thomas Larson, who died in 1931. With their family they moved to their farm near Manassas in 1910 from Nebraska, where they made their home during the pioneering days and after. For the past several years Mrs. Larson had made her home in Barcroft.

Like her late husband Mrs. Larson was a native of North Jutland, Denmark, being born in Vejby on April 29, 1854. She came to America in the early Seventies.

## Institute To Feature School Opening, Faculty For 1937-38 Announced

The schools of Prince William County will open on Wednesday, September 8. The multitude of details necessitated by the coordination of the educational system of the county has been about completed and the session opens with an unusually fine teaching staff and the prospect of a term which will accomplish its real purpose—the proper physical and mental training of our boys and girls.

On Labor Day, September 6, all new teachers will be called into conference, with Miss Sue Ayres presiding.

The state dentist is scheduled to arrive on Monday, September 13, and will remain in the county until he has completed inspection for all schools.

On Tuesday morning the faculties for all white schools will meet in the Manassas High School Auditorium for an all day session. A prominent speaker from the Office of Education of the U. S. Interior Department in Washington will address the body, after which there will be group meetings.

The elementary teachers will meet under the supervision of Miss Sue Ayres, while the high school division will meet with Mr. Haydon. Final instructions for the session will be given and many details of work explained.

The Parent-Teacher Association of Bennett and Manassas High School will serve lunch to the faculty and visitors at noon. Also at noon of the same day the annual bus inspection will be held on the athletic field, and patrons are invited to look over

this rather imposing array of fine school buses and note the care taken by the County School Board in safeguarding the lives of the little folks entrusted to their care. For several weeks past the county garage force under Mr. Bob Vetter has been putting things in the pink of condition. All bus drivers will be present and the inspection will be made by a deputy Motor Vehicle Commissioner, and by all members of the County School Board.

The county teachers association will meet at 1:30 p.m. Prof. Frank Sigman has charge of program.

For the first time in the educational history of Northern Virginia the colored regional high school becomes operative with the designation of the Manassas Industrial School as the Northern Virginia Regional High School for Negroes. Prince William, Fairfax, Fauquier, Rappahannock, Warren and possibly Loudoun will co-operate.

The property remains in the possession of the trustees, who will take care of the boarding of the pupils and other arrangements incidental to the upkeep of buildings, but the salaries of the faculty lodged in the main building and the heating of the same structure will be paid for by the counties designated.

At the same time that the white teachers meet an institute will be held for all colored teachers at Brown School, Professor W. H. Darnes, the principal, will be in charge of all sessions and will welcome patrons who are interested in the school work.

### SOUTHERN STATES

#### CO-OP PARTY

Local representatives, advisory board members, and friends of the organization entertained a crowd of about 300 farm folks Thursday evening at the high school auditorium.

Addresses were made on the workings of the organization after which an amateur hour was held and refreshments served later to all hands.

Mr. O. D. Waters welcomed the crowd and Mr. P. A. Lewis presided.

After the election of a new board of ten directors, Messrs J. D. Wheeler and Dick Hynson were called forward. Mr. Sadd unloosed a fine, fat Plymouth Rock rooster and the two gentlemen just mentioned fed him so nicely that he ate 126 grains of corn which was the subject of a guessing bee with the rooster as a prize. The headwork was good that two roosters were finally awarded after a second elimination contest.

The amateur hour saw some nice cash prizes. A trio composed of Misses Eleanor Kline and Mary Seneseny and Mr. Everette Kline won first, Eugene Nolley, second and Miss Foster, third.

Mr. Sadd made an ideal host and his friends enjoyed his party very much.

Messrs. Raymond Ellis, J. F. Hades, Lester Huff, W. D. Nolly, W. M. Kline, P. A. Lewis, A. H. Roseberry, Elmer Hust, W. M. Johnson, Holes Robertson were elected Advisory Board members for the term of one year. These men will represent farmers in Prince William County and will cooperate with the Prince William Farmers Service, Southern States Distributor, in the purchase of Southern States Supplies.

These Advisory Board members also will meet with Board members from other communities and elect Directors of the Southern States Co-operative, the wholesale farmer-owned and controlled purchasing organization, which transacted over ten million dollars of business for their members at a saving of \$354,000.

### J. C. PARRISH

Judge J. C. Parrish, former Magistrate and Judge of the local Juvenile and Domestic Relations Court died at his home on Center Street early Monday morning, August 30th.

Judge Parrish came to this community from Scott County in 1920 after a residence in that county since 1891. He was born in "old Kentucky" on March 27, 1863, in the county of Madison of that state, the son of Curtis and Mary H. Parrish. His widow, Nannie E. Nickels, was a native of Letcher County, Ky. As a young man he lived for sometime in Illinois and Texas, but the most active years of his life were spent in Scott County, where he was engaged in farming and the lumber and cattle business. He was very active politically in that county, being at one time a member of the county school board, which position he held for 17 years, and also mayor and postmaster of the town of Duffield.

He purchased the Holden farm near Bull Run, which was sold only a few weeks before he died. Several years ago he established a real estate firm in association with Mr. Bruce Whitmore, the partnership being in active operation at the time of Judge Parrish's death.

The deceased is survived by his widow, Nannie E. Parrish; two brothers Stephen D. Parrish, of Richmond, Ky., and W. A. Parrish, of Decatur, Ill., and a sister, Lula Davis, of Campbellsville, Ky., also six children Maymie E. Rader, Bristol, Va., Edgar G. Parrish, Manassas, Va., Mary Elizabeth Tompkins, Diffield, Va., W. C. Parrish, and 17 children.

Funeral services were held in Grace M. E. Church, South, Manassas, at 10:00 A. M. on Wednesday, Sept. 1. Interment followed in the Manassas Memorial Park.

Judge Parrish was widely known not only in Manassas but throughout many sections of the state and the funeral services were witnessed by a very large crowd.

The active pall bearers were Elmer Hurst, A. L. Pence, Stanley Owens, Ellis M. Cornwell, D. C. Alexander and Jesse Crosby. The honorary pall bearers included most of the prominent citizens and business men of Manassas.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Paul Allison announce the birth of a son, Paul Lawrence, born August 19.

## THE WORLD AROUND US

By  
O. J. Schuster

THE WAR IN SHANGHAI is a criminal racket, wholesale slaughter of Chinese men, women and children by Japan. A nation has turned bandit, become Dillinger or a "Babyface" Nelson. England has done the same scores of times. So has France, Germany and most of the other nations of Europe. Italy did so in Ethiopia within the past two years. Our own history is stained with lust for power and pelf. Our jingo press has lost its influence because the charges of "hypocrisy," "naked and undisguised brutality," with having "smashed world peace machinery," and with every other atrocity it charged Germany with and which it is now hurling against Japan are all so glaringly manifest in its own past record.

THE GREAT DAILY PAPERS should recall that during the World War 18 of the most outstanding among them sold their editorial policy and their honor to the agents of England. Let them recall their hypocritical cries and slogans: "Remember the Maine," "A War to End War," "A War to Make the World Safe for Democracy," "A War to Save Humanity." And scores of others equally false. They should, before charging Japan with pious pretenses, recall how in 1916 the deceived many voters and re-elected President Wilson by their hypocritical cry: "He kept us out of war" and by leading people to believe Wilson would continue to keep us out of war, tho those papers knew Wilson would send millions of our young men into the European shambles just as soon after his election as he could possibly do so. You cannot fool other nations all of the time. You may cry, "Wolf! Wolf!" so many times that the cry is sneered at.

A NATION DOES NOT REFORM because other nations bark and snap at its heels, charging it with the very things of evil those other nations have practiced for many years. A person can reform no one but himself. By reforming himself he does most to reform others thru his example. It is the same with a nation. It can reform only itself, and by its own self-criticism and sincerity become a powerful influence thru example to lead other nations to follow its course. The railing against Japan by our big dailies will not change Japan's policy in the slightest degree. Our sympathies are all with the Chinese but we are not so blind to our own nation's imperialistic banditry during the past 50 years that we cannot appreciate Japan's indifference to the cries of "hypocrisy" raised by our jingo press. We could even recognize a certain degree of

justice if Japan were to reply to our criticism of her imperialistic designs in China by quoting from an address of a Chinese professor to the students of the University of Wisconsin:

"Was it Christianity that saved Japan from the hell of Western Imperialism? No. We say to the Western World: Do not think that we are fools, for however you may cloak our policies of imperialism with benevolent pretensions of altruism, your hypocrisy is glaringly manifest to the intelligent people of Japan (China). It is you who are teaching us that force, with or without Christianity, is our only redeemer."

IN ONE WAY ONLY can we aid China effectively and serve the cause of world peace, and that is by facing our own imperialistic designs with entire frankness and honesty. Only by reforming ourselves can we influence other nations to reform themselves and strive for higher ideals than domination over weaker nations and robbing them of their resources. A century ago England made a more ruthless and more brutal attack on China, on Shanghai, than Japan is now making and when she had her victim at her mercy forced a terrible and unjust indemnity on the poor and helpless victim. Little wonder that Japan has learned from the Western Nations to decorate her imperialistic plans with pious pretensions of altruism, world peace, and humanity. People everywhere are learning to look under and beyond high-sounding pretensions to the realities underneath, to the real world around us.

### THE WELL

For thirty years I've had something to tell About the merits of a good drilled well, My wells are made good and tight Cased with the best of standard pipe, No surface water can enter there, That gathers filth from everywhere; Secure for rats, toads and snakes, Which often cause pain and aches. Don't be afraid a few dollars to spend—

The best is the cheapest in the end. My terms are easy and my prices are low, So don't hesitate, I can please you, I know. When once it's done it always will last, And you will be happier than you were in the past. Stock well watered will do with less feed, Let me drill your well and you'll have more'n you need. You may say what you will, but this I do think, Your health will be better if pure water you drink, So take my advice of a very good plan, And come and see me as soon as you can.

# FILMING "TRADER HORN" IN AFRICA AN AMAZING FEAT

In bringing "Trader Horn," popular story of African adventure, to the talking screen, Metro-Goldwyn-Mayer recruited what is said to have been the biggest photoplay expedition ever to penetrate Africa to film a narrative motion picture.

The troupe of forty-odd players, staff officials and technicians that sailed from New York for Africa were under the leadership of Director W. S. Van Dyke. Harry Carey, Edwin Booth, Duncan Renaldo, Olive Golden, and the technical staff of the picture reached Mombasa, British North Africa, after an arduous journey of twenty-five days. There the film brigade joined an advance unit, and made preparations to invade the jungle.

It is difficult, perhaps, for the average person to realize the difficulties confronting the Van Dyke party in obtaining scenes to be incorporated in this picture which will be shown at the Pitts Theatre.

In the first place, more than eighty tons of equipment had to be moved through a territory that was at times almost impenetrable. The camera adventurers took with them a complete miniature studio, with every facility for housing and feeding the troupe, and the most up-to-date sound recording apparatus.

Among the accessories carried by the Van Dyke party into the heart of Africa were a nine-ton portable generator truck, an iceless refrigerator, a complete wireless and radio outfit, and more than several thousand individual items that ranged from chicken wire and cosmetics to insect exterminator. Members of the expedition were inoculated against fever and sleeping sickness before starting from Mombasa inland toward Nairobi, and a British staff physician accompanied the party.

When the "Trader Horn" brigade had reached Nairobi and set up camp there to make camera sequences the adventure had barely begun. Diplomatic negotiations with government officials—Belgian, English, French—had to be completed.

Hundreds of thousands of feet of motion picture sound film were brought back from the jungles of Africa. In battling the menace of fever, tropical storms and wild beasts the cinema squadron always placed the safety of its celluloid cargo ahead of everything else. Camped near the Uganda Falls one night, a terrific storm broke loose and the flood that followed swept away many of the supplies of the camp.

Everyone made a simultaneous rush for the stored motion picture film, and even though some personal baggage was lost in the river, not a single can of movie film was destroyed.

The picture follows the widely read narrative of African wilds by Ethelreda Lewis, and Aloysius Horn to its most exciting and unusual details. Its amazing closeups of lion fights to the death, of the desperate and futile attempt of a native to escape the jaws of vicious crocodiles, of the narrow escape of Miss Booth, the heroine, from being choked to death by a giant reptile, and numerous other breath-taking episodes bring a new thrill to the talking screen.

## MANASSAS PLAYS NOKESVILLE SUNDAY

The Macs will play Nokesville again Sunday on Swavely Field at 3 p.m.

Nokesville is one game up now in the series and the Macs are out to even the score. Last Sunday Nokesville took the locals by the score of 5-3, which was a right good ball game.

Jim McInteer, Randolph-Macon College Star, pitched for Manassas and was never in danger after the first two innings when walks, coupled with errors, accounted for the runs. Garman for the visitors allowed only four hits.

The Macs are gunning for Nokesville Sunday and have decided to play strictly home talent and let old "Canon Ball" or "What-you-know" Conner twirl. He has won eight and lost one this year.

Come out and see the game—it should be a good game.

# REPUBLICANS NAME SLATE

Virginia Republicans have named a slate of candidates to battle the Democratic nominees at the November general election. At a state convention in Richmond last week, the Republicans named J. Powell Royall of Tazewell as their candidate for governor to oppose James H. Price, the Democratic nominee. Donald Burke of Richmond, state secretary of the Communist party, has filed formal notice of his candidacy for governor.

The Republicans picked Dr. S. A. Reynolds of Callands, Pittsylvania County, as their candidate for lieutenant governor in opposition to state Senator Saxon W. Holt of Newport News, nominated by Democrats. Opposing Attorney General A. P. Staples in his bid for re-election will be Gerould Rumble of Norfolk, named by the G. O. P.

The Republican convention adopted a lengthy platform denouncing "inefficiency and corruption" in the State Government and calling on Virginians to forget partisanship and fight for the political Liberty they have claimed as a "priceless heritage." As Keynote at the convention, Congressman Dewey Short of Missouri lambasted the Democratic national administration, charging that the "New Deal has no more respect for the constitution than a tomcat has for a marriage license."

## STALNAKER'S SPEECH

Mr. Leo Stalnaker of Tampa, Florida, Lecturer and Special Representative of the National Council, Jr., Order United American Mechanics, addressed the Prince William District Order Fraternal Americans in the O. F. A. Hall at Manassas, Va., on Saturday night, Aug. 28.

Mr. Stalnaker stated that this is the largest and oldest Patriotic fraternity in the United States. Throughout its nearly 80 years of history it has worked steadily for the best interests of Americans. It has worked consistently for stringent immigration laws and has sponsored all the restrictions that are now written into our immigration laws. He gave illuminating facts about our alien population. There are 9 million aliens in this country. Three and one half millions of them have come here illegally. One and one half million of them are on relief. Two millions of them earn two billion dollars per year. They send back to foreign countries for safe keeping, over 250 million dollars per year. These figures indicate that there is an alien problem in the United States, a problem the government cannot solve without the aid of patriotic Americans.

Due to the large number of aliens here, our facilities for Americanization are badly overtaxed. The figures for crime and lawlessness over the nation show that this is so. The children of foreigners commit 85 per cent of the nation's crimes; foreigners commit 12 per cent; Negroes commit 2 per cent; and native born whites commit 1 per cent. It requires thirteen billion dollars annually to maintain courts and jails to prosecute and house these criminals. With these facts before us it must be evident, not only to Juniors but to all Americans that we need a strong program of education and Americanism if we are to deal adequately and fairly with the alien population.

Mr. Stalnaker spoke of the 2 million Communists in this country, men who are opposed to the Bible, men who would like to wreck our school system and tear down our flag. Our Order gives the Bible a central place, it is loyal to the flag and all that the flag stands for and it is solidly behind, and well acquainted with the school system.

## PRINCE WILLIAM MILITARY ACADEMY, Manassas, Virginia

The boys and young men of Manassas and Prince William County are especially invited to come up and visit the academy. We want Manassas and Prince William SPIRIT.

It is time that the disintegration of fine property is stopped. We must make construction the Watchword. It will take patience and hard work, but it can be done. It will take time.

Tuition for Home Boys, ten dollars per month. The date set for the opening of the Fall Term is September 22. The Weekly Holiday will be on Saturday.

COLONEL CRAWFORD HULVEY, Principal.

Commenting on the National Council Session held last June in Washington, D. C. the speaker said it was inevitable that the Funeral Benefit Department must increase its monthly assessments. The death rate in the Order has increased 67 per cent since 1927. Every year since that date the death claims have exceeded the income from assessments. The Department was facing bankruptcy. A full and frank discussion made it clear that the only way to protect the interests of the Order was to cut the benefit to 250.00. When the cost of this benefit is compared with the cost of an equal amount of insurance in old line companies, it is seen that the F. B. D. is still giving us much cheaper insurance.

The speaker closed with a strong appeal to the brethren to stand by the Order in this time of its need and to urge others to unite with us.

## HUGE SHIP INTERIOR SET BALANCED ON GYROSCOPE

The first mammoth motion picture set ever balanced on a gyroscope was constructed for Metro-Goldwyn-Mayer's picturization of Kipling's "Cap-

tains Courageous," which comes to the Pitts Theatre September 6 and 7 for a two-day showing.

The complete below-deck interior of the Gloucester schooner "We're Here," on which Freddie Bartholomew, Spencer Tracy, Lionel Barrymore and the balance of the sea-going cast sailed on location in the Catalina channel, was reproduced on the studio's Stage Seven. Because of crowded conditions on the schooner and the impossibility of installing camera, sound and light equipment in the fo'c'sle and cabin without tearing off the deck, the crew's and captain's quarters were entirely recreated on a sound stage.

The set was composed of two sections, the first representing the galley and fo'c'sle; the sound, the captain's cabin, aft. Each was so constructed that it balanced on an immense iron ball which swung with a cup-like container. A system of levers tipped the set in any direction, from side to side and up and down, to simulate the rolling of the vessel in a heavy sea. But in each case, when the levers were released the set settled back on an even keel, due to the gyroscopic principle of its construction.

## FOOD MARKET

### Advice

LABOR DAY means the end of the vacation season for most people and the last long week-end for city dwellers. Country friends and relatives who act as hosts and hostesses for this week-end need to plan if they, too, are to enjoy the holiday out of the kitchen. Cold foods and partially prepared foods which can be quickly reheated will prove particularly useful.

Attractive Meat Specials Available There will be numerous meat specials attractively priced for the week-end. POULTRY, SMOKED HAM, FRESH PORK, FOREQUARTER VEAL and LAMB will probably be featured in many food markets as the market price is lower. BROILING and FRYING CHICKENS are quickly cooked, DUCKLINGS are reasonable and new crop TURKEYS well worth their purchase price. Smoked hams are easy to cook and are as good cold as hot. BAKED BEANS, MACARONI and CHEESE are popular dishes. Cheese is especially good just now and very reasonable in price. BUTTER and EGGS are still below their last year's prices.

### Rains Interfere with Harvesting, Fishing

Last week's rains interfered with harvesting of some vegetables and fruits and with the fishing fleet's activities. However most vegetables are abundant and low in price. Particularly attractive are GREEN and LIMA BEANS, BEETS, CARROTS, CORN, PEAS, SWEET POTATOES and TOMATOES.

Fruits Abundant, Reasonable PEACHES should be plentiful and good for the next month if the rains do not persist too long. New to this year's markets are CRABAPPLES and FRESH PRUNES. GRAPEFRUIT is again fairly plentiful and reasonable in price. SEEDLESS GRAPES, PEARS and PLUMS continue to be outstanding values.

Here is a menu\* made up of seasonable and moderately priced foods suitable for holiday service. Cold Fried Chicken Scalloped Potatoes Corn-on-the-Cob Tomato Salad Bread and Butter Stewed Fruit Cookies Milk

## LIQUIDATING

## RESETTLEMENT

Secretary of Agriculture Henry A. Wallace yesterday junked the Resettlement Administration, that half-billion-dollar toy which Rexford G. Tugwell induced the administration, to buy for him to play with. Tugwell resigned as administrator of the agency the first of the year, after having performed quite a fancy bit of resettling at a cost ranging around nine and ten thousand dollars per family unit.

The liquidation of the administration is a triumph for Senator Byrd, who exposed the vast waste of Federal funds on the resettlement projects and demanded that the agency be abolished. In its place, Secretary Wallace said he intended to set up a "Farm Security Administration," which will concentrate on farm tenancy and other help for needy farmers. He indicated, however, that resettlement projects already under construction would be completed.

Any reasonable measure which will enable worthy farm tenants to acquire and own a farmstead of their own by arranging to finance them on easy terms deserves serious consideration. If it is a mere matter of easy financing and no costly subsidies or extravagant overhead is involved, it may prove a very worthy agency indeed. If it turns out to be merely another costly social experiment, and giving the administration complete control over the beneficiary and his newly acquired property, then substituting it for the Resettlement Administration will be pretty much like swapping the devil for the witch. — Northern Virginia Daily.

## AS DAYS GROW SHORTER

Dame nature, ever resourceful, has caught and imprisoned the August sunshine in the flowers of the field and roadsides, for use on cloudy days. Goldenrod now dominate the landscape, the commonest and

handsomest of the more than eighty species being the plum-like clusters of the Sanada variety. Bravely helping with the bright display are the tansy, with its cluster of "bitter buttons"; black-eyed Susan, that favorite of the children; the wild primrose, which surprisingly opens its blossoms in the evening, and a dozen other smaller types, including the various wild sunflowers.

Curious among these yellow-rayed blossoms of the roadside is one often cultivated for its edible roots, Jerusalem artichoke it is called, but that is not its name at all. In sunny Italy the natives dubbed it "girasole artichocco" — sunflower artichoke. The corruption is easily traced. The first of the kalydids have begun their contradictory even-song. Take warning grasshoppers under the ragweed! That means six weeks until frost, if the best rural tradition's worth anything.

Old Telephone Served 11 Governors,  
Is Now Retired to Maryland Museum

This old cabinet-type telephone was installed in the Executive Mansion at Annapolis, Md., in 1884. After furnishing telephone service for eleven governors of Maryland, it was recently retired and was presented to the Maryland Historical Society, where it is now on exhibition as shown above.

Annapolis 11 For half a century it gave tireless service, day or night, week day or Sunday, in peace or war. Eleven governors this telephone served, and it played its part in many an important historic event in Maryland. Now, Annapolis 11 is gone, but it will not be forgotten, for the old instrument is to have an honored place in the Museum of the Maryland Historical Society.

This telephone, the first in Annapolis, which for 50 years and more served Maryland's chief executives, was installed in the early part of 1884 in the office of Governor McLane, in the executive mansion. It was no ordinary instrument, this telephone of 1884, but a special "cabinet type" which was installed for important people only.

The then governor, Robert M. McLane, it is recorded, watched as it was being installed, and was shown how he could pull a chair up to the desk-like instrument and speak into

the transmitter mounted on a curving iron gooseneck rising out of the desk top. On the left side of the desk hung a receiver and on the right was a little crank. In the space which in an ordinary desk would hold papers, pens and ink, there was a glass-enclosed cabinet inside which could be seen the inner workings of the instrument. On the shelf over this were two nickel bells. When Governor McLane first used the instrument, he heard the operator's voice coming to him from Baltimore, as there was no central office in Annapolis at the time.

Now, with the remodeling of the Executive Mansion, this famous old telephone has given way to more modern instruments, and no longer will it help with the activities of Maryland executives. Its bells are silenced. Quietly it takes its place among other objects of history. It has well earned its rest after fifty years in the Executive Mansion.

## SECRETARY PERKINS ON LABOR

Out of present labor upheavals in the United States is growing a better understanding between the employed and employers, is the opinion of Secretary of Labor Frances Perkins, who discusses the whole problem of labor in a story appearing in next Sunday's Star.

While the attention of the whole country is centered upon industry, just before the Nation-wide celebration of Labor day next Monday, Secretary Perkins announces that she has been more amazed about the great number of labor disputes that have not come to strike than about the comparatively few that have.

## SERIES GOES TO NOKESVILLE

Nokesville ball fans were elated by the result of the weekend game. After each team had won a game, the result was waited for with eagerness by fans on both sides.

The first game went to Nokesville with Garman in the box. He has been their mainstay, and his inability to pitch the next game was claimed to be the loss of that game by Nokesville supporters. Redd, a Catlett boy, made an excellent substitute, but not enough quite to hold down Manassas, who had "Cannonball" Conner on the slab.

It seems that this game formed the basis of some boasting as to the results of the final game. Here there was a shift, and one which Nokesville supporters say did not help Manassas at all. It was the use of McInnter as hurler who had as his opponent the same Garman who won the first game.

The box score will tell the tale better than words or it briefly and accurately portrays the ball epic in the way fans best like to read it.

## CATHARPIN

Vacations for this summer and fall have about reached their vanishing point. School will soon start and a number of our young and rising generation who have at various times lately been "going places" have returned home ready for the educational mill. Among them are noted the Brower girls, Betty and Frances, who have been doing 4-H duty at Jamestown; The Alvey brothers, Jack Hampton, Bob and Lynn, who in re-

lays of two each have been visiting their aunt Mrs. E. S. Clary of Lawrenceville, Va., for about three weeks per relay, and Master Bobby Ellison who has just returned from Hagerstown and Baltimore, Md., where he has been visiting among friends and relatives in those cities for the past ten days. The youngsters seem to demand their place in the sun, and why not? They are the only ones apparently who have time to take vacations.

Mrs. L. J. Pattie of Belle Farm, who is in Washington taking treatment from a specialist of that city, is improving and was able to visit her home folks over Sunday. While in the city Mrs. Pattie is domiciled with her daughter, Mrs. Raymond Briggs.

Farmers have a big time trying to make peace with the weather man. That gentleman seems about as erratic with his precipitations as those "news hawks" from Washington are with Manassas. The only difference is that Manassas can reply but the farmers have to take it standing up. Sijo filling is now the order of the day but wet, wet, wet. At any rate grass is growing and cattle grazing. Congress has adjourned and people can now rest from politics and give their attention to business. As before stated, the weather man is the only bother just now.

Mr. and Mrs. L. L. Lynn and daughter Elizabeth of Catharpin were Front Royal visitors last Sunday where they attended a Home-coming of the family at Mrs. Lynn's sisters Mr. and Mrs. J. T. Stephenson, of that city.

A wedding of interest to friends in this neighborhood took place in Roanoke, Va., at 10 A.M. Saturday, August 28, 1937 when Miss Frances Hollman Willis, daughter of Mr. and Mrs. Hollman Willis, and granddaughter of Dr. and Mrs. C. F. Bower, became the bride of Dr. Harry Davis, a young physician of that city. After a wedding trip, the Davis' will be at home in their native city.

Mr. and Mrs. Harry Bradley of Clinton, Md., were Sunday guests of Mr. and Mrs. J. W. Alvey of this Metropolis.

The Rev. and Mrs. A. B. Sapp and daughter, Emeleen, have returned home after someten days sojourn at Rehoboth Beach where they have been recuperating and enjoying the salt water bathing in the briny ripples of that famous resort.

Well, it's just too funny, isn't it? Try as hard as you may, there is al-

ways somebody to throw cold water on us. Our County Seat is one of the nicest, cleanest and best kept little cities in Virginia; nicest lawns, beautiful homes and each vying with the other to keep them attractive; and then, when everything seems to be just right and people are congratulating themselves upon their accomplishments, along comes this fellow from Washington who claimed he had not been outside "the city gates" in months, to view the town and deliver himself of some pent-up verbiage. At any rate, it's a mighty good thing that these fellows can get out once in a while and see what real life and beauty is. It reminds us of a remark Henry Ford made one time about New York city. He said that New York was so foreign that they ought to move out in the United States awhile and see what the American people looked like. So these fellows, who know only to assess the value of a real home in a well kept town where they have open spaces enough to grow flowers and make things beautiful.

These gentlemen, having to travel on old rusty, dusty, musty railroad coaches, seemingly have failed to realize that each of these nice homes with flowers in the front yards, also have a garage in their also to realize that the inhabitants had closed up their places of business on Saturday night, went to church on Sunday morning and were spending the afternoon with their families out in the wide open spaces breathing the pure air of the country-side, while they, suffering from suffocation by reason of the dusty seat covers, could not comprehend what real life was; hence they found the town quiet and peaceful and they nothing to do but visit the court house.

This reminds us of a little ramble we recently took along one of the streets of the Capital City, not in some dusty old coach but in a new Ford V-8, and sighting upon a little elevation an old rambling, dust colored building which, on account of its apparent antiquity, excited our curiosity. Upon inquiry we were told that that was the court house. So before these city gentlemen plan another excursion to their neighboring suburbs, they should go up to that ancient and no doubt historic pile of "Jurisprudence" and learn that buildings people, grow old in time.

But be that as it may, Manassas is a pretty good old town after all. She has her faults and short-comings of

course, but we doubt if she has half as many as the Capital City. She tries to attend to her own business and succeeds about as well as any we know. She is pleasant and greets her guests with courtesy and respect; and if these gentlemen should visit her during business hours they would find her alert and agreeable; but it seems rather unfair to come slipping in by an antiquated mode of transportation when the folks are all away and write her up as was recently done for the Washington Post.

## MOSES SCORES AGAIN.

A very exciting game was played Sunday, between Annadale and Moses. Moses held Annadale down until the 9th inning. Then Annadale scored 2 runs. Moses scored 4 and held this number.

Several two base hits were made. "Billy" Dogan needs to be praised. He made several good catches on 1st. This led the crowd to a roar.

All the players were ready to play and very excited, when Moses walked off with another victory. "Doc" Godfrey is going to start

playing Sunday. "Doc" was down Sunday practicing with Moses. How glad he was to play once more and to get a good hit at the old ball.

Moses will play the Nire Stone team from Washington Sunday, Sept. 5, at Haymarket.

Moses will play Fairfax, Labor Day, Sept. 6. Come on out, and enjoy what you say and call, a ball game. Hurrah! for the winners.

**IN MEMORIAM**

In sad but loving remembrance of my dear husband who passed away one year ago today, August 31, 1936.

You are out of sight and hearing.

But in thought you are very near.

As time goes on your memory will always be as dear.

It was so hard to give you up.

You were so precious to me.

But the reason for God's works are not for us to see.

I miss you more than I can tell.

My feelings, words can not express.

I only hope and pray

That you have found a lasting happiness.

We were so happy here until.

You went away,

And now the whole wide world, seems so hard and gray.

It is very true, that after clouds and darkness.

The sun will always shine.

But there is a cloud within my heart.

The sun will never find

You lived the life of a soldier.

And died with a hero's fame.

You fought to the very end,

To win your last game.

You were so good and kind

And spread happiness along your way.

It is impossible for us to understand

Why you couldn't stay.

God in Heaven knows best

He called you at his will.

There was a place in Heaven.

He needed you to fill.

I try to think as a great writer has said, "The tomb is not a blind alley; it is a thoroughfare.

It closes on the twilight to open with the dawn."

His Wife,

Jane M. Reid
