ROAD LEAGUE ADOPTS PROGRAM

C. C. Cloe Named Director from This Area.

Messrs. G. Raymond Ratcliffe, C. C. Cloe, Arthur Boatwright and Mrs. Janie Abel journeyed to Lynchburg early last Friday morning, to represent the interests of Prince William County at the meeting of the Citizens Road League of Virginia. All sections of the State were represented at this convention and it was felt by those attending that the major objects of the gathering had been attained by the action taken.

To make the Citizens Road League more truly representative of all of the sections of the state included in its program, an amendment was approved increasing the number of Directors, one for each Congressional District and a similar number at large. After designating four directors at large, these directors were authorized to select four additional men, making the Board of Directors a group of eighteen, adequately distributing League direction to all sections. Mr. C. C. Cloe, of Prince William County was placed upon the Board, thus securing adequate recognition of this area.

The second major objective of the meeting was to inaugurate suitable action which would be likely to become effective in obtaining effective protection of highway revenues from diversion for other purposes. It was pointed out by various distinguished speakers that while Virginia had been operating upon a sort of gentleman's agreement that gas tax receipts should be used exclusively for highway development and maintenance, yet the pressure for funds for other worthy purposes was becoming so great that a disruption of the present policy might be forced upon the General Assembly unless suitable protective measures were taken.

Experience in other states was cited in evidence of this need and the opinion prevailed that the best method of securing permanent assurance that highway revenues shall continue to be used exclusively for road purposes was the enactment of a constitutional amendment prohibiting diversion of these funds for other purposes.

The Citizens Road League has been steadily increasing in local membership as indicated by the following list of members in Prince William County. Catharpin: Mr. J. Alvey. Cherry Hill: H. O. Russell. Dumfries: Mrs. Janie Abel. Haymarket: Dr. Wade C. Payne.

ANNUAL RED CROSS DRIVE

Intensive Campaign for Funds in Progress.

The annual Red Cross Roll drive was under way yesterday with an enthusiastic group of workers all over the County keyed up to reach a goal of 600 members this year. The merchants of Manassas are giving prominent display space for Red Cross posters and window cards. In town the following are serving as Roll Call workers: Mrs. W. L. Lloyd, Mrs. J. L. Bushong, Mrs. F. R. Hynson, Mrs. E. H. Marsteller, Mrs. Paul Arrington, Mrs. Higgs Lewis, Mrs. Dudley Martin, Mrs. J. A. Deane, Mrs. John Roseberry, Mrs. D. R. Lewis, Misses Rose Ratcliffe, Ellen Bisson, Nancy Lynn, Rilla Holler and Mr. Roy Doggett. County workers are Mrs. Helen Janney, Mrs. Janet Murphy, Mrs. Wallace Dawson, Mrs. Janie Abel, Mrs. H. O. Russell, Mrs. Elinor Persons, Mrs. Bill Martin, Mrs. Helen Keyes, Mrs. E. C. Spitzer, Mrs. Hazel Shepherd, Mrs. T. E. H. Dickens, Mrs. John Ellis, Mrs. Benj. Brown, Mrs. O. M. Douglas, Mrs. Chas. MacDonald, Mrs. Malvina Henderson, Rev. J. Royall Cooke.

In answer to the appeals for Flood Relief last spring, Prince William County came forward with a total of \$1410.00 as its gift to this humane enterprise. It will be of interest to know that the National Red Cross spent about \$13,000.00 for flood relief in the state of Virginia during the past year. No one knows when calamity will overtake even the most favored community, and it is a great comfort to feel that no matter what happens, there is a great National Red Cross to act as a wise and kindly mother to all who are in need.

ROAD GROUP HEARS ENCOURAGING REPORTS

J. Carl Kincheloe, Prince William County Director of the Skyline Drive National Battlefield Park Tour Association, and Mr. W. F. Coker, Town Manager of Manassas, attended a meeting of the organization held at the George Mason Hotel in Alexandria yesterday.

Directors from all points along the Trail were present and a fine meeting was held. It was shown that a lot of wonderful advertising had been received in the past year, though the distribution of 50,000 leaflets, radio talks, etc. Plans for future advertising campaigns of a more intensive nature were discussed.

Prince William County had the distinction of being the only point along the tour to exceed the quota allotted for its share in the expenses of the organization and Director Kincheloe deserves much congratulation for his efforts.

AMERICAN LEGION MEETING

The local Legion Post got off to a good start under the leadership of its new Commander, Dr. V. V. Gillum at its meeting last Tuesday night. It is important that all members enroll before the 22nd of November.

Plans for the Legion program for 1938 were discussed and it looks as if the Legion will play an important part in community affairs during the coming year. J. L. Jeffries, Jr., of Culpeper, Commander of the 8th District, was a visitor at the Post. He stated that he has selected Manassas as the meeting place for the 8th District Conference, to be held on December 7. He promised to have prominent Legion speakers present and this will be a fine time for all service men to become better acquainted with the Legion and its work. A local committee was appointed to arrange for the supper and the meeting place.

Commander Gillum issued an urgent appeal for all former service men to join up and give their support to the Legion. Legionnaires G. Raymond King and G. H. Grim of the Alexandria Post were also visitors and gave an interesting account of what the Legion is doing in service to the community in that neighboring city.

Friends of Mr. D. J. Arrington will be glad to know that he is getting around the house.

These photographs were taken last Saturday, a few hours after the accident, and show how completely the old bridge was demolished.

H. D. C. ADVISORY BOARD PLANS FOR 1938

Program Planning for 1938 was the theme of the Home Demonstration Club Advisory Board meeting on Tuesday at Manassas. Eighteen members of the Board representing six of the eight clubs in the county discussed program planning from the standpoint of community needs. A discussion on county conditions and needs was led by Miss Alice Webb, Home Demonstration Agent and Miss Janet Cameron, State Food and Nutrition Specialist, which resulted in the selection of "The Homemaker—A Home Manager" as the major project for 1938.

The discussion revealed the hardest jobs of a home-maker as being to find time to do all the things to be done, child training and being a hostess: the most pressing community needs are better roads and sidewalks, beautifying the outdoors of homes, more civic leaders, better health, and more religious training; the phase of the home demonstration program for the past five years having done the most good — screening, sanitation, home improvements, increasing school interest, sewing machine clinics; and that phase of the program having been enjoyed most as foods, social activities, handicrafts and "make your own dress campaign."

"PEACE" THEME OF WOMAN'S CLUB ADDRESS

The members of the Woman's Club of Manassas opened their regular monthly meeting by reciting the Club collect and then singing the State Club Song. The business was attended to in short order and the president announced the different committees for the Christmas dance, which is to be given Dec. 28. Mrs. Hooff was appointed general chairman for the dance and the Club voted on having a very capable and well known orchestra to play for this occasion.

The Rev. Graham was scheduled to speak to the Club on "Education for Peace" but due to his necessary absence his very capable wife filled his post most admirably.

"Book Week" is now an annual event celebrated throughout the country with programs, book fairs and exhibits. (See BOOK WEEK, page 4.)

Mrs. Hutchison read an article pertaining to the proposed joint convention of the Blue and Gray at Gettysburg next summer.

Mrs. Johnson, chairman of Civilian Relief, told of the need of shoes, gossies, and stockings, and spoke of the advantage of the Welfare work, and of the efficiency of Mrs. R. L. Lewis. Mrs. Johnson also reported on literature, and recommended three delightful books which have been recently added to the Library "Bulworks of the Republic," by Burton Hendrick, Bishop Meades "Old Churches and Families of Virginia," and "Bugles Blow no more." Mrs. Carper reported acknowledgments to the letters sent out in regard to the transfer of the Battlefield to the National Park Service Administration. Mrs. Woodbury, President General of the U. D. MILFORD BRIDGE IS DESTROYED

Driver Escapes Unhurt From Mass of Twisted Wreckage

Late Friday night Howard Orndorf, of Catlett, was proceeding toward Nokesville with a heavily loaded truck of Merchandise. The trip was no different from many others and the load, while believed to be several thousand pounds heavier than the posted limit of the bridge, was not nearly so large as many others crossing the bridge frequently; but this load terminated the existence of a structure which for more than thirty years had faithfully served Prince William County.

As the truck, preceeding at a good speed, approached the center of the 110 foot span, there was a crash, and with many metallic noises, the floor of the bridge settled quickly down into the water of Broad Run, as the steel super-structure bent and twisted under the un-natural strains produced by the failure of a vital upright support, which apparently was side-swiped by the truck, and, under the combined strain of the bridge-load and the impact, broke into three pieces, folding at the fractures across the truck cab, crushing it down, but leaving enough space on the driver's side to permit him to emerge.

A feature of the collapse, inexplicable to any but engineers, was the manner in which the bridge floor dropped to the stream-bed without dumping its load off the side where the suspension girder had been destroyed. The sag, as the floor descended, pulled the floor away from the abutments, and there would have been little damage to the truck, or danger to the driver, but for the falling in of the super-structure.

Fortunately the recent flood had subsided. The bridge, however, is not believed to have been damaged by the high water. As much heavier loads seem to have been crossing the bridge, the cause of the accident may be said to be the inability of a large, heavy truck, moving at relatively high speed, to negotiate a yerry, one-way suspension bridge, built in the "horse and buggy days," capable of carrying the load, but not designed to allow for factors incident to high-speed motor transportation.

Much speculation has been caused by the accident as the safety of other similar bridges, and the answer in the popular mind seems to be that they "are safe if you don't hit 'em".

With the interruption of traffic occasioned by the collapse of the Milford Mill Bridge, the Highway Department is rushing construction of a temporary trestle until a permanent crossing can be built, either on the present location or at a point permitting high approach on both sides, eliminating high water interruptions which now occasionally prevent approach to the bridge from the west.

BABY CLINIC WELL ATTENDED

Eighteen Prince William County babies from infants to three years of age attended the first Baby Clinic held at the Welfare Office on Saturday, November 6, sponsored by the Manassas Junior Woman's Club.

WATERFALL

These days of beautiful Indian Summer, a reprieve from the sentence of inevitable winter, are gratefully welcomed by those who have not finished their fall seeding, and for which we can all give thanks, while some wheat fields are already green, many are not. Our beautiful mums, now in their glory which a killing frost has not yet touched, all too soon will succumb to freezing weather. How we hate to see them go. One consolation they live long if gathered and used for cut flowers indoors, usually until after Thanksgiving.

Catharpin, we enjoy your column, and there are times when we too are ready to believe there is always something to take the joy out of life.

But we haven't growled about the rain, not since the great drouth seven year ago, when all the land was so parched and dry, and it seemed the last day was at hand, when all the earth was to be consumed in the fiery heat. We vowed a vow in our heart never again to growl about too much rain.

We've stuck to it, even if we did have to mow the lawn twice a week and pull weeds without ceasing.

The roof leaked and the cellar flooded, but we try always to see the rainbow. We are reminded of a joke told on one of colored folk, who planted his garden by the banks of the run, a storm came with down-pour that overflowed the stream, washing away a freshly planted row of beans. In a few days he replanted the row, and sat himself down to rest, when he saw another cloud coming over the mountain, black and boiling, said he, "I see yuh; huntin' mo beans is yuh." Straitway he dug up the beans and put them back in the bag.

Yes, we hope this old earth has absorbed enough moisture this year to forestall all drouths for years to come. This writers paternal grandfather told of the great drouth of 1816 although a small child at the time, he remembered as it was told to him, that it never rained for months. Trees were cut each day for the cattle to keep them from

starving. Water was too low in the streams to run the mills, and folks had to go to mills in the Blue Ridge Mountain section for flour, meal, and grinding. Like the drouth of 1930 it affected a great part of the country, and also it was the bumper wheat crop that saved the day.

Mrs. W. W. Wright and grandson, Carroll Wright spent the week-end with her daughter, Mrs. J. R. Strother at Jefferson Park, Arlington Co.

Mrs. Marie Tedrow and Mr. Howard Berry of Washington spent Sunday at the home of Miss Florence Smith.

Mr. R. B. Gossom, Jr., with wife and young son motored from Danville Friday night, arriving at Mt. Atlas early Saturday morning in time for a nap before breakfast. He returned to Danville on Monday and will come back Thanksgiving for wife and son who are now visiting her parents, Mr. and Mrs. Henry Herrell in Washington.

Mrs. Susan Morton was a neighborhood visitor on Monday in the interest of historical research.

RESOLUTIONS OF THE
CITIZENS ROAD LEAGUE

Unanimously adopted by the Citizens Road League of Virginia at its annual meeting, held at Lynchburg, November 5, 1937.

1. WHEREAS the State of Virginia, by referendum vote of its citizens, has adopted the pay-as-you-go system of road construction and maintenance,
2. WHEREAS there is now no tax for roads, primary or secondary, maintenance or construction, either on those subjects of taxation segregated to the State, or on those subjects of taxation segregated to the localities,
3. WHEREAS, the present gasoline and license taxes impose a heavy burden of taxation upon the motorist, and can only be justified by the use of the entire proceeds for road betterment,
4. WHEREAS the road system of Virginia, primary and secondary, according to the State Highway Commissioner, is not now more than half complete, and in some sections of the State is less than half complete,
5. WHEREAS the safety of the traveling public requires the widening and resurfacing of many heavily traveled roads,
6. WHEREAS the social development of Virginia's rural sections requires development of farm-to-market roads available throughout the year for church and school and commercial purposes,
7. WHEREAS a comprehensive survey is now in progress as to the use of roads, primary and secondary, that will enable Virginia to prepare a comprehensive ten-year plan of road development,
8. WHEREAS the success of such a comprehensive plan of development requires definite assurance that certain revenues will be available,
9. WHEREAS the present State budget imposes numerous charges upon the road fund for other than road building and road maintenance purposes,
10. WHEREAS the United States Congress, in an act approved by President Roosevelt, June 18, 1934, asserted that it is "unfair and unjust to tax motor vehicle transportation unless the proceeds of such taxation are applied to the construction, improvement and maintenance of highways" and has directed that Federal aid for roads may be withdrawn in part from those states which divert road revenues,
11. WHEREAS a number of the states have already written into their state constitutions a provision protecting their road funds, and a further number of states now have such amendments to their constitutions awaiting ratification at the polls:

THEREFORE BE IT RESOLVED by the Citizens Road League of Virginia at its annual meeting, held at Lynchburg, on November 5, 1937:

1. That the Citizens Road League of Virginia approves the request made by its Board of Directors to the Governor of Virginia and his Advisory Commission on the Budget, at a hearing in Richmond on October 25, 1937, and calls upon the incoming Governor and the incoming Legislature to eliminate from the budget all charges upon the road fund for other than road construction, road maintenance, and road policing purposes,
2. That we recommend to the incoming Governor of Virginia, and the General Assembly, creation of a commission composed in part of members of the General Assembly, and in part of competent private citizens, to be appointed by the Governor,
3. That it be the duty of this commission to make a thorough study of the road problems of Virginia, primary and secondary, and of the sources of road revenue in Virginia,
4. That it take into consideration the

survey of Virginia roads now in progress,

5. That it give consideration to all charges now made on the road fund for other than road building or maintenance, with special attention to the proportion of the cost of the State police force that should properly be charged to the road fund, and to the proportion of the cost of maintaining certain convicts that should properly be charged to the road fund,
6. That it give consideration to the division of funds between primary and secondary roads, and to the elimination of obsolete requirements as to distribution of road funds, to the end that those major through roads carrying most of the traffic may be brought to completion, and that steady progress be made on those farm-to-market roads of social importance,
7. That it give consideration to the desirability of amending the Constitution of Virginia by providing that the proceeds of gasoline and license taxes be used for road construction and maintenance only, and if it considers such constitutional change to be necessary for future safeguarding of road funds, and long range planning of road development, that it recommend the form in which such amendment shall be proposed,
8. That in the light of estimated revenues from present road taxes, and in the light of the needs for road development as shown by the pending survey, this commission prepare a comprehensive plan of road development and road finance for Virginia as a definite plan of procedure for the next ten years, taking into consideration traffic needs and social development,
9. That this commission make its report to the Governor, as soon as the necessary data is compiled, who shall transmit it, with his recommendations thereon, to the next regular or special session of the General Assembly,
10. That we pledge the co-operation and assistance of the Citizens Road League of Virginia to the proposed commission in making its studies of road problems, to the end the pay-as-you-go system may be fully restored, the road funds fully safeguarded, and the progress of road building, both primary and secondary, be fully assured.

BIBLE THOUGHT AND PRAYER

A SAFE INVESTMENT: He that hath pity upon the poor lendeth unto the Lord; and that which hath given will he pay him again.—Proverbs 19:17.

WHAT ABOUT OUR TEACHERS?

The present week is being more or less generally observed throughout the nation as a week for study of the educational system.

In this connection it is fit and proper that we should seriously consider one of the greatest problems that faces the educational future of Virginia.

If the schools are to take their rightful place in the social order and the shaping of our civilization is to proceed with more studied purpose, then the intelligent citizenry should know and understand the real basis on which the educational structure rests.

The key to success in this tremendous proposition and which is its basic foundation is none other than our friend, the school teacher.

When figures are laid before average persons they will agree that the compensation for the high degree of specialization and the application of the same are not commensurate.

To offer a sensible method of promoting the teacher's welfare, the educational association of Virginia has formulated a three point program to present to the next General Assembly.

While the chief objective in this program is to make it possible for the teachers to get better pay, the movement is so directed as not to increase any local taxes whatever. It is simply to point the way for our Legislators so that they may act with more direct purpose for a class of public servants who deserve the greatest degree of consideration possible.

DEMOCRATS

(continued from page 1)

created its membership during 1937 and that it is one of the most active clubs in the District in other ways.

Mr. King in turn introduced Hon. William J. McGuire, President of the District of Columbia Club. Although a native of New Jersey, Mr. McGuire has always been deeply interested in the Old Dominion, stating that in the War between the States his grandfather fought with General Lee. Mr. McGuire is actively supporting Richmond for the National Convention of the Young Democratic Clubs in 1939. He put forth the thought that Democrats have a problem that offers an opportunity for achievement that it has never before in the history of the Nation.

The next speaker was our honored Congressman, Judge Howard W. Smith. His remarks were rather brief. It is always a great pleasure to have him at any public function in Prince William and it is apparent that he loves to be with Prince William people.

Judge Smith stressed the need of plain horse sense as well as a general understanding of governmental affairs for the Legislators of our county.

He then introduced the speaker of the evening, Judge Hutton W. Summers, Congressman from Texas and Chairman of the Judiciary Committee of the House of Representatives. Judge Summers proved to be a very jovial and entertaining guest. He replied to Judge Smith's explanation as to how he had secured him to speak through a ruse by declaring that Judge Smith knew that he had been trying all summer to make a speech and had finally afforded him this opportunity.

Going back to National affairs for the past twenty years he was kaleidoscopic in his description of the gunflections, through which this nation had gone in its public conception of international relationship and business experiences of a later day.

The speaker showed how the nation had developed to its present place in world affairs through painful experiences. "We are at the highest peak of human history and nations are being put to the test of whether they have governmental ability or not; the people are the government in this country. They will listen to the truth as they never did before. . . . We have in the past five years become a regenerate people."

In his reference to the constitution he said it had come to us through 2,000 years of development. He showed how Germany, with its lack of coordination had failed when it came to the supreme test and the people were not able to offer the government the ability to do the business of governing.

The speaker reemphasized the fact that the people are the government and when they lose their governmental ability the government itself fails. In closing he declared, "It is great to be a part of the generation where people will face the situation with their heads on their shoulders and their feet on the ground."

Following the speaker's address, which had been frequently punctuated with applause, the audience stood and cheered.

The banquet was held as another Democratic tribute to its leader and those in attendance expressed great satisfaction at the success of the evening.

A list of guests present will be printed next week.

BOOK WEEK

(Continued from Page One)

This annual observance not only stresses the value of reading, but the importance of community responsibility for the provision of worthwhile reading for the children of all the people.

"Reading as a magic highway to be followed in youth and on into adult life as a continuing adventure in understanding" is the theme of this year's Book Week, which will be celebrated next week, from November 15 to November 19. Schools, libraries and various organizations. The most outstanding perhaps being the New York Times Book Fair which will occupy two entire floors in the International Building in New York and will have on display the entire range of young people's literature.

The Ruffner-Carnegie Library and the local High School will celebrate the week by book and author programs in the various classes and by a book exhibit on Thursday night, November 18 from 7:30 to 10:00 o'clock, the date of the Parent-Teacher Association meeting. The Book Exhibit will continue through Friday, and the Library extends a cordial invitation to the school patrons and to all interested in books and reading to attend.

Displays will be made of many of the interesting books, with which the modern high school forms a rich background for its various classes; for the day of the single text book is passed, and the modern youth most now do much of his studying by means of library assignments. Parents will have the opportunity to see in this exhibit the rich and varied material used in all the classes, in physical and social sciences, in practical arts and more especially in the English courses; for in these last, reading becomes indeed a "magic highway" for youth, for here they find the golden legacy of enduring literature which all the ages have handed down to them.

In addition to this display of the reading material for the different classes, the new loan of books from the State Library will be on exhibition together with a number of new books recently required by the Library. An exhibit of book mending and repairing will also be given Thursday afternoon.

Committees of the High School Library Club will be in attendance to receive and to show visitors around.

ROGERS-SMITH

Mr. and Mrs. Robert H. Smith announce the marriage of their sister, Ruth P. Smith, to Mr. Samuel A. Rogers of Sumter, Ga., on October 27, 1937.

A very interesting assembly was held at the High School this morning at 11:00. A combined Armistice Day and Educational Week program was given. Judge W. Hill Brown was guest speaker and his subject was "Youth." It was well attended by patrons and friends, who afterwards observed the various classrooms and attended classes.

FANNIE S. HOUSE

In sad but loving remembrance of our dear friend, who passed away here at her home on November 4th, in her 76th year, after a long period of suffering which she bore with great patience.

The dear Savior called her home and she gladly laid down the Cross in exchange for a crown.

Surviving her are two daughters, Mrs. J. B. Price of Washington, Mrs. R. L. Ellis of Greenwich; four sons, Harry, Walton, Daniel, and Edward, all of Washington; one loving sister, Mrs. Mary House of Greenwich and many friends and relatives. Sister thou art mild and lovely Gentle as a summer breeze Pleasant as the air of evening When it floats among the trees. Thou no more will join our number Thou no more our songs shall know Peaceful be thy silent slumber Peaceful in thy grave so low. Yet again we hope to meet thee When the day of life has fled, Then in Heaven with Joy to greet thee Where no farewell tears are shed

One Who Knew and Loved Her.

(Continued from page 1.) several Chapters had written they wished to go on record as favoring it. Mrs. Ashford gave a report full of interest on the Virginia Division Convention, at Danville. She said the resolution about the Battlefield was most graciously received, and was endorsed by the Division. Several former Division Presidents expressed themselves in sympathy with the resolution. Mrs. Flournoys' name was endorsed for Historian General. The Educational Committee announced Worth's History as their preference. Mrs. Ashford placed a carnation in the Memorial wreath for Miss Clara Lamb. The convention meets next October in Alexandria. A rising note of thanks was tendered Mrs. Ashford for her report. Mrs. Byrd read a letter from the new Division President, Mrs. R. Sidney Cox. The Chapter learned with regret of the illness of one of its Charter members, Mrs. F. E. Ransdell.

Mrs. Lonas, program chairman, is planning to commemorate, in February, the birthdays of Johnson, Stuart, and Lanier. Mrs. Marsteller read a most unique and thrilling letter, found on the Manassas Battlefield, and sent her by a Mr. Henry, a relative of Patrick Henry. The letter was written by Mr. William Wirt Thompson to his aunt, and is said to be the only letter of its kind in existence. It is thought this Mr. Thompson afterwards became Governor of South Carolina. A copy of the letter is to be kept in the Chapter Scrap Book. The November meeting will be at the home of Mrs. Alpaugh, and Miss Florence Lion, assistant hostesses. After adjournment the social hour and the dainty salad course were enjoyed by all.

REMEMBRANCE

KIWANIS TOLD OF RED CROSS WORK

The Red Cross Roll Call of 1937 was given its first public impetus at the regular meeting of the Kiwanis Club last Friday evening.

Mrs. W. L. Lloyd, President of the Prince William County Chapter, who had charge of the program, urged intensive cooperation by the local business men and spoke feelingly of the assistance that is being accorded over the country, to the roll call members, a list of whom is being published this week in another column.

Mrs. Lloyd introduced Miss Sue Ayres, Rural Supervisor for Prince William County Schools, who spoke very entertainingly on the Junior Red Cross in this county.

Going back to the period of the World War, Miss Ayres traced the history of the international organization showing how its main objective is to promote international understanding and universal peace. She spoke of a number of incidents demonstrating the method of application and results obtained.

For the benefit of the many who are interested in the work of the Junior Red Cross, a more complete resume of Miss Ayres' remarks will be published in a later issue of the Journal.

Rev. John DeChant, chairman of the 1937 Roll Call, indicated that encouraging reports were coming in from the Cherry Hill and Occoquan areas, where the drive had been started somewhat in advance of the rest of the county in order to take care of local conditions. Mr. DeChant also urged the establishment of a Red Cross Highway Station near Dumfries, stating that the Quantico Chapter had already expressed its willingness to cooperate.

In connection with such work Mr. DeChant stated that 41 persons had died from automobile accidents between Fredericksburg and Alexandria in 1936, some of whom could undoubtedly have been saved by prompt action.

Mr. Fred Hynson read a letter from Walter Covington, now at Takoma Park, Md. Everyone was glad to hear from Walter.

The revival held last week at the Presbyterian church of which Rev. Geo. W. Crabtree is pastor, was a great success. Thirty-six people came forward during this revival. We thank Rev. J. Allen Messer for his good sermons, and wish him God's richest blessings. He will soon leave Virginia for Tennessee, where he has been recently called to some churches. He will be missed greatly in Potomac Presbytery.

The little infant son of Mr. and Mrs. Jimmie Ryan was buried in Catlett cemetery Saturday evening. We wish to express our sympathy to the broken hearted parents. But God knows best.

Mrs. Ryans, the mother, is getting along nicely at Warrenton hospital.

Mrs. Frank Dodd still remains seriously ill at Warrenton hospital.

ONE WORD

I spoke a hasty word, a bitter word To one whose gentle soul is sensitive Until I saw her eyes her silent lips, I never knew the pain one word can give!

I spoke a loving word, a tender word To one who fancied life is hard to live; Until I saw her face revived by hope! I never knew the joy one word can do And fill a saddened heart with courage great.

To make life worth while!

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

CATHARPIN

Miss Ann Robertson and roommate Miss Bernice Ison of the State Teacher College, Fredericksburg, were Saturday visitors at the Robertson home, Lawn Vale, last week.

Billy and Tommy, young sons of Mr. and Mrs. Kemper Stanley of the Capital City, are spending a couple of weeks with their grandparents, Mr. and Mrs. S. A. Moss of the Sudley neighborhood.

The many friends of Mrs. Edmonia Pattie Davis of the Catharpin community, are glad to learn of her continued improvement in the Warrenton hospital where she has been under the care of physicians and nurses at that institution for the past fortnite.

The Sudley congregation is sorry to learn of the death of the Rev. L. B. Atkins who died at his home in Washington, D. C. on Thursday, November 2nd, 1937, after a protracted illness which resulted in a stroke which was

the immediate cause of death. Mr. Atkins will be kindly remembered as a former pastor on this charge and the bereaved family has the sympathy of the many friends who loved them while serving this charge.

We were just wondering if any body knew there was an election last week? We can vouch for the fact that at least 16 Democrats and 1 Republican found it out some way and presented themselves at the Catharpin polling place where they were graciously received by a quintet of leisurely gentlemen who composed the election board and who, diligently and assiduously, thruout the day from sunrise to sunset, tried to entertain themselves while the "16-to-1", as William Jennings Bryan would say it, were presenting themselves in groups of one, to save their County. We also heard that they had a little election up in New York, and another one out in Detroit, but hav'n't heard, as yet, whether or not Maine and Vermont had anything to do with it. We opine that they did not since the folks up

in that country are busy this time of year hunting big game such the "Moose" and other big animals to worry the day-lights out of the Powers that be. At any rate, wouldn't it be funny if they should catch an ELK to chaperone "Little Flower" LaGuardia when he heads the all-ready-talked-of Labor Party on its road to the White House? You see one can't sometimes generally just always tell just what might happen. Since we now have the Ass-O-o-wait a minute, we mean the Donkey, the Elephant, the Moose and the Tiger, why not add an ELK to the menagerie? It would, at least, give us variety.

Elections are rather expensive luxuries these days. It cost something over \$18.00 to receive the "suffrages" of these faithful 17 and report same to the Clerk's Office for final tabulation. This was a "Bargain lot," however, as compared to Horton's

who had but four to report. We are still of the opinion that it were better to close them all up and just let Catharpin attend to such trivial matters as electing Mayors, Governors, etc. It would be cheaper.
