MRS. JOHNSON REVIEWS BOOKS

Program of Woman's Club is Especially Enjoyable

The Music and Literature Section of the Woman's Club met Tuesday evening, November 30, at the home of Mrs. Raymond Ratcliffe.

Some new thought was suggested in having a musical program for the regular monthly meeting. Mrs. Chas. Linton was named chairman to take care of the program, her committee being Mrs. Cyril Wade-Dalton and Mrs. Eula Holt Merchant. This will be a delightful addition to the regular program.

Mrs. C. R. C. Johnson, guest speaker for the evening, presented reviews of contemporary literature, covering four books, namely: "Henry of Navarre" (Heinrich Mann), "Bugles Blow No More" (Clifford Dowd), "Bulwarks of the Republic" (Burton J. Hendricks), and "Northwest Passage" (Kenneth Roberts). At this present time these books are being greatly discussed and Mrs. Johnson gave the members of the Club an opportunity to know their value, as they all bring out thoughts covering many present day conditions that are just as prevalent now as they were in the period when the stories were lived and history created.

Mrs. Dennis Baker, chairman of the evening, gave an outline of the life of the Russian composer, Tchaikovsky. As Mrs. Baker is very talented in her musical career, she characterized this great composer, and put deep feeling in her various descriptive remarks of his ability as a pianist, and what he has left to the world to study and enjoy.

At the close of her illustration she played his "Romance", as an interpretation of his talent. She also gave, as an encore, a delightful selection "Colonial Song" by Percy Grainger.

As the regular monthly meeting falls on the last Tuesday of each month, it was decided to have the December meeting postponed until the evening of January 4th.

The Club enjoyed as guests Mrs. C. R. C. Johnson, Mrs. Edward Wissler and Miss Sarah Donohue.

At the close of the session delightful refreshments were served by the hostess, Mrs. Raymond Ratcliffe, and it was regretted that the assistant hostess, Mrs. Worth Peters, was unable to be present on account of a death in her family.

A Greeting

It has been our policy for several years past to issue a general invitation at this season of the year to our old subscribers to renew their subscriptions promptly and to suggest to all newcomers or former subscribers, into whose hands the paper may come, to join our happy newspaper family.

All in all, there is no other medium, daily or weekly, which gives more authentic news of your community and that of others nearby. Your subscription helps make this possible.

Won't you old subscribers PLEASE examine your label on the paper. IF you think it is incorrect, please advise us; otherwise, we shall hope and expect payment before January 1, 1938. The increased cost of news print is penalizing us so heavily, that we shall hereafter be forced to make some distinction between those who pay within the current year and those who let their subscriptions drag beyond that period.

To make it possible to avoid any confusion, we are offering to make a discount of 25 cents per year on all subscriptions paid for MORE THAN a year in advance. This offer will not remain in effect after FEBRUARY 1, 1938.

GARDEN CLUB POSTPONES PROPOSED LANDSCAPING

The November meeting of the Manassas Garden Club was held at the residence of Mrs. Ed. Wissler on Tuesday, November 23.

The hostess and members had many attractive winter gardens and arrangements on exhibit.

During the business session the conservation committee reported the highway landscaping would have to be postponed until Spring as workmen are not available now.

The club decided to give its usual prize, a shrub to the merchant displaying the most attractive Christmas window. The windows will be judged Wednesday night, December 22. Mrs. B. L. Jacobson gave an interesting and instructive report from the Piedmont District meeting in Richmond.

Five of the Garden Club members, Mrs. Paul Cooksey, Mrs. Margaret Lewis, Mrs. B. L. Jacobson, Mrs. T. E. Didlake and Mrs. V. V. Gillum received certificates for judging in amateur flower shows.

The club has a few winter gardens for sale at Mrs. C. R. C. Johnson's drug store.

LARGE EXPENDITURE NEEDED FOR HIGHWAYS

A minimum expenditure of \$33,000,000 annually for the next 10 years is necessary if Virginia's primary and secondary highway systems are to be kept at "proper standard," R. P. Ellison, equipment engineer of the department of highways, told the Virginia Highway Users Association at a convention in Richmond last week. Mr. Ellison said this appears to be a large amount, but that it should be remembered that more than more than \$80,000,000 a year is brought to Virginia by tourists and spent in the State. The problem of obtaining enough money to maintain the road system and to provide for necessary construction is "serious," he said, considering the fact that last year—peak of highway expenditures—a total of only \$21,000,000 was spent. This is \$12,000,000 short of the amounts needed in each of the next 10 years, he declared.

Virginia's road systems have developed rapidly since 1918, according to Mr. Ellison, and today there are 9,000 miles in the primary system and 38,000 miles in the secondary system. A total of 4,500,000 vehicle miles of travel are recorded each year over Virginia Highways, he remarked.

H. Lester Hooker, chairman of the State corporation commission, told the highway users' group that he was opposed to imposition of additional taxes on motor vehicle carriers by the 1938 General Assembly. He said: "I feel that you are now paying reasonable taxes."

DISTRICT NO. 5, O. F. A. TO MEET NEXT WEEK

Greenwich Council will act as hosts at the fall assembly of members of Order Fraternal Americans in Prince William County, the meeting to take place on December 9th.

Every council in the district has had some notice but unless two or three in each council will definitely arrange transportation for the others, then the attendance will not be good.

Council Secretaries are urged to personally communicate with those most likely to attend to give all notice possible as no other meeting will be held before March. Several state officers are expected to attend, and State Secretary Babcock has a special message that he wishes to give.

MRS. HARRY P. BAKER'S FATHER KILLED

On last Saturday evening, while he was returning from the Mount Rainer Methodist Church, as he was crossing Rhode Island Avenue to his home, Mr. John William Henley, father of Mrs. Harry P. Baker, wife of the pastor of Grace Methodist Church, of Manassas, was run down by a drunken driver in an automobile and instantly killed. Mr. Henley was buried on Tuesday afternoon from the Mount Rainer Methodist Church by Rev. Robert K. Nevitt, assisted by Rev. Harry P. Baker. Mr. Henley was in his 79th year and was very active in his church. Mrs. Baker desires to express her appreciation for the messages of condolence and expressions of sympathy from the good people of this community.

MISS TRENIS RECOVERS

Miss Janet Trenis, a student of Fredericksburg State Teachers College, and one of the most popular young ladies in Prince William County, who has been so desperately ill of cerebro-spinal meningitis in Providence Hospital has entirely recovered and returned to her home in Nokesville on Tuesday last. Miss Trenis who was stricken quite suddenly, while at school was at once removed to Providence Hospital under the direct care of Drs. Christopher J. and Murphy and C. Francis Scalessa. Her recovery is said to be one of the miracles of modern medical science due in a large measure also to the untiring efforts of Dr. Scalessa who fought bravely on and refused to give up at any time regardless of how serious the case was. Dr. Scalessa who is quite young and only at the beginning of his life work certainly has the character and determination which indicates for him a brilliant future in the medical profession which he has chosen.

V. E. A. DRIVE TO BE PRESSED

Active campaigning in behalf of the three-point legislative program of the Virginia Education Association has been pledged by the several thousand members of this organization, who discussed the proposals at a convention in Richmond last week. The association passed a resolution, urging the teachers to arrange open forums in support of the program in every school community. The V. E. A. will ask the legislature for a minimum salary of \$720 a year, an actuarially sound retirement law and textbooks furnished by the state. Roland E. Cook, V. E. A. president and Salem superintendent of schools, said that if the program "doesn't go across after our battle of the next six weeks, I'm confident it won't be because we haven't tried."

"PETE" PENCE RETURNS

Manassas was very happy today to welcome back German H. Pence who has been convalescing since last August.

The details of the terrible accident which took the life of Joe Muddiman and caused the injuries to all members of the party are too well known to be repeated.

"Pete" looks very well despite his harrowing experience, and we all wish a complete recovery for him in speedy time.

The young people of Farrington Union will hold their regular bi-monthly meeting at Sudley Church on Thursday, Dec. 9th, at 8:00 P. M.

KIWANIS CLUB ENDORSES EDUCATION PROGRAM

At the regular meeting of the Kiwanis Club last Friday, a resolution made by R. Worth Peters was endorsed after lengthy discussion. Several of the members of the club spoke, both for and against.

The resolution was simply to support the "three point" program advocated by the Virginia Educational Association.

A moment of happy expression was afforded by the presence of Dave Arrington, who has been out nearly two months. He is looking fine.

XMAS CAMPAIGN GETS UNDER WAY

Merchants' Committee Anticipates Increased Trade.

Beginning with this Saturday, the merchants of Manassas and locality are starting their annual shopping campaign at the close of which prizes will be given to holders of tickets given with purchases made at the places of business indicated by signatures on the page 7 of this issue of the Journal.

As usual, the Chamber of Commerce is sponsoring the movement and information desired may be obtained by communicating with Mr. Stanley Owens, secretary.

The drawing was held last year around mid-afternoon, and same procedure will be largely followed this year but the exact hour has not yet been decided on by the merchants' committee, of which Dr. George Cooke, is chairman.

Many thousands in trade was evidenced by the ticket stubs turned in by merchants last year—and it is expected that the same will be true again this season.

Tickets must be presented at the time of drawing, and this fact should be borne in mind by all.

V. F. W. TO ORGANIZE POST IN FALLS CHURCH

All overseas veterans in Fairfax County are urged to be present at a mass meeting to be held in the auditorium of the Madison School on the Lee Highway in Falls Church, Virginia, Thursday evening, December 9th, 1937 at 8 p.m. to organize a Veterans of Foreign Wars Post in Fairfax County, for Fairfax County overseas veterans.

There are enough overseas men in Fairfax county to make one of the largest and strongest V. F. W. Posts in the State of Virginia, according to a roster recently compiled by Miss Jennie Moore for Captain John F. Bethune of Falls Church who will act as master of ceremonies.

Miss Moore will be present at the meeting and is anxious to see and talk to the boys she saw off to France in 1917 and 1918. All of them did not come back, but it is up to those who did come back to "keep the faith". The motto of the V. F. W. is "honor the dead by helping the living".

A nationally known speaker of the Veterans of Foreign Wars, Millard W. Rice, National Legislative Officer, will review the accomplishments of the V. F. W. and outline the objectives of the future, according to word received from Austin J. Matthews, Commander of the 8th District of the Dept. of Virginia.

Honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States on foreign soil or in hostile waters during a time of war for which the Government of the United States authorized the issuance of a campaign medal, constitutes the basis of eligibility to membership in the Veterans of Foreign Wars of the United States.

In addition to those who served overseas in the World War, Men who held or are entitled to receive the Spanish Campaign Medal, Philippine Campaign Medal, Cuban Occupation Medal, China Relief Expedition Medal, Cuban Pacification Medal, Nicaraguan Medal, 1912-1913, Haitian Campaign Medal, 1915, Dominican Campaign Medal, 1916, Mexican Service Medal, Haitian Campaign Medal, 1919-1920, Second Nicaraguan Campaign Medal, 1928-1933, Yangtze Campaign Medal for service in China in 1926-1927 and 1930-1932, are entitled to membership in the V. F. W.

Commander Matthews stated that the V. F. W. was founded in 1899 and is a permanent organization composed of ordinary men with extraordinary service.

CROP REDUCTION PLANS FOR 1938

Local Committees Will be Formed as in the Past

When farm production is excessive and crop surpluses pile up, farm income goes down. Farmers then are unable to buy as many city-made goods, business in general slows down, and unemployment in cities follows. Unemployment in cities means lack of buying power for farm products, and prices received by farmers and farm income are pushed down further.

Under the pinch of low income, farmers in the past have been forced to overcrop their soil by keeping every possible acre in cash crops which deplete the soil and subject it to erosion.

It is estimated that land permanently ruined by erosion within the last 100 years in the United States is equal in area to all the farmland in two of the large midwestern agricultural states. If all this soil destruction had occurred in those two states, the ruin would have been more impressive but no less costly to the Nation.

The practice in some farming areas of continually growing a single cash crop with rarely a compensating soil-building crop in rotation, or as a cover crop, has so reduced the fertility that it is impossible for the farmers in those areas to maintain an equitable standard of living.

Goals provided in the 1938 AAA programs are planned to bring about a better-balanced system of farming and to promote conservation of the soil which incidentally will protect business and the consumer as well as the farmer from widely-fluctuating prices.

These goals, in the form of definite acreages of soil-depleting crops and a definite amount of soil-building practices, will provide abundant supplies of all crops for domestic needs and export, without the large surpluses that ruin prices; and at the same time the program encourages practices to conserve soil fertility. The new conservation program, like previous programs of the AAA, is expected to raise and sustain farm income in these ways:

First, by keeping down burdensome surplus, thereby influencing the prices of and income from farm products; second, by encouraging more extensive use of efficient farming methods; third, by providing conservation payments to farmers; and, fourth, by making the land able to produce more, when and if needed.

As in the past, state, county and community committees of farmers will assist the AAA in carrying out the 1938 program.

OCOQUAN HIGH SCHOOL NEWS

There is one case of spinal meningitis in Occoquan High School. The sufferer is a third grade student, Thomas Butler. Seventy-four students, mostly of the third grade, are quarantined from school until December 6, 1937. Many reports have been circulated that the whole student body would be kept from school for a few weeks, but the school remains open and the work continues as before. None of the students are particularly alarmed since the disease seems to occur only once in a community.

All the Occoquan school teachers spent an enjoyable vacation at their respective homes a few of the teachers had a little trouble returning to school. This was caused by the bus strikes. It proved not to be very serious and the teachers arrived at school safely.

The ending of the Thanksgiving Holidays brought a tragic climax to the four occupants of a car bound for the South when it crashed into a truck going in the opposite direction.

Two of the occupants, Aime J. Cours and son, Joseph R. Cours were killed instantly. They were removed to Hall's Funeral Home in Occoquan until they were sent to Pennsylvania.

Miss Ida Culley and Charles A. Thompson were taken to nearby Hospitals, where they were treated for their injuries.

The accident occurred early in the morning of Monday, November 29th, on the Richmond-Washington highway, a few miles south of Woodbridge, Virginia.

TO REGISTER UNEMPLOYED

Mr. Speucks will be in the Welfare Office every Tuesday from 10:00 to 1:00, for the purpose of registering men for employment.

WATERFALL

Now that the diphtheria epidemic has been taken care of by the Board of Health, all the school children having antioin and the Shick test, we could really regain our composure, and thoroughly enjoy Thanksgiving, with the usual feast of turkey and all that goes with it, especially the home-coming of loved ones to share the festive board, and join in giving thanks. Blessed thought, there is always something to be thankful for: Things are never so bad that they could not be worse.

Mrs. Albert Gaines and children of Falls Church spent several days last week with her parents, Mr. and Mrs. Howard Bell.

Mrs. Helen Kidwell of Washington spent last week, and Mr. and Mrs. Henry Thomas and children of F. T. Myer Heights the week-end at Oak Shade.

Mr. R. B. Gossom, Jr., and Mr. Cassius Dulany and family motored from Danville on Wednesday evening, and spent the Thanksgiving holiday with their parents, Mr. Tom Tyler with his bride also of Danville is visiting his father, Mr. Bailey Tyler, near Woolsey.

Mr. Wake Hunt and wife of Burbank, Calif., spent several weeks recently with his brother, Mr. Jack Hunt at Woolsey.

Mr. Carroll Wright spent Thanksgiving here with his family. They expect to move into their new home at Antioch in time to welcome Santa Claus. We feel fortunate to have this lovely family locate in the community.

Funeral services were held at Antioch on Thursday afternoon for Mr. Edmund Spring who died at his home, Springfield, on Tuesday of paralysis. He was the only son of the late George Spring who came to this country many many years ago from England, purchased a home near here, and there spent the remainder of his life.

Mr. Preston Smith and Mrs. R. B. Gossom attended the burial service of Mr. E. B. Rector at Middleburg cemetery on Wednesday afternoon. He once lived among us and owned the property now the home of Mr. G. A. Gossom. He was our grocer and postmaster for a number of years. His early married life was spent at his beautiful home and estate Shooters Hill, a landmark, Fauquier County—an inheritance from his maternal grandfather J. T. Sullivan. This property is not a great distance from Waterfall, only the mountains divide the two communities, connected by the Jackson Hollow trail, and has recently passed into the hands of the very rich, having been sold by the heirs of the late Ludwell Skinner to the heirs of Andrew Mellon who have also purchased all the old Rector property, and many other farms in that section.

Mr. and Mrs. John Hill and daughter of Deacon Falls, Conn., visited Mrs. Hill's mother, Mrs. T. Ashby Flynn and her Aunt, Mrs. T. G. Smith several days last week.

Mr. and Mrs. R. J. Wayland and children of Occoquan were recent visitors at Mt. Atlas.

PERSONAL ATTACK WITH BENEVOLENT INTENT

It happened right in town on Lee Avenue last Friday night at the Lutheran Parsonage. Between 35 and 40 persons, members and friends of Bethel Church, met for a social evening together. The event was sponsored by the Luther League. After a period of singing, a number of lively games were enjoyed, and then followed ice cream and cake. The prize for eating the biggest saucer of ice cream with least manners went to Mr. Paul Cooksey, who surpassed the

preacher by a very narrow margin. When the happy group departed, a pile of packages containing flour, salt, salt, sugar, beans, cabbage, apples, corn meal, corn flakes, oranges, grape fruit, celery, coffee, lard, sausage, ribs, dressed chicken, etc., were left for further condemnation to the dining table. Such hospitality is remarkable.

Among the students visiting their homes during the Thanksgiving season was Miss Anna Margaret Ballentine who attends the University of North Carolina at Chapel Hill. She is the daughter of Rev. and Mrs. Ballentine of the Lutheran Church. Miss Ballentine was accompanied by Miss Ruth Garrett and Miss Barbara Smith who are also students in the same institution. They are from New York. They returned to the University on Sunday morning.

PRESIDENTIAL POSSIBILITIES

If life begins at 40 for some, as contended, presidential life is going to begin for somebody in '40, that is sure. The list of possible candidates grows and the men being mentioned as possible nominees are discussed in a story appearing next Sunday in The Star.

When the next election is mentioned these days the names most often heard are Barkley, Byrd, McNutt, Vandenberg, Earle, Moore, Farley, Garner, La Follette, Wallace, Ickes, Hull, March, Clark, Harrison and Lodge. What manner of men they are and the things they stand for are told in this story.

QUIET TALKS ON RELIGION

By
Dr. James T. Marshall

A LAND FAR DISTANCES

In describing the blessedness of the righteous man, Isaiah says that he shall see the king in his beauty and shall behold the land that is very far off: (Isaiah 33:17)

The prophet's meaning is somewhat obscured by the translation in the King James version, but is made clear in the American Revision which reads "They shall behold the land that reacheth afar" and explains in a footnote that the exact Hebrew expression is "a land of far distances."

The point is not the location of the land, whether it be far or near, but its size, just as we sometimes speak of our own country as a land of magnificent distances and contrast it with a small country like England.

To catch the force and beauty of Isaiah's words we must give play to our imagination. We are dealing with poetry here, and not with geography. There is nothing small or narrow in the life which God intends His children to live. They shall enjoy His protection, their wants shall be abundantly supplied, they shall be admitted to the presence of their King and see Him in His beauty and their joys shall be without limit—a free and prosperous people living in "a land of far distances."

In this we see a foregleam of the Savior's saying that He came that we might have life and that we might have it more abundantly; and of St. Paul's great declaration, "All things are yours, and ye are Christ's, and Christ is God's."

We should take a larger view of our possibilities as Christians. Our condemnation is not that we are imperfect, but that we are satisfied with imperfection. Many people regard religion as a sort of fire insurance policy and are content if it will keep them out of hell and allow them to squeeze into heaven by a narrow margin.

We should resolve to get more happiness out of our religion than we have been getting. As we open the windows of our homes and let the sun flood the rooms with light and warmth we should open the windows of our hearts and allow the Holy Spirit to flood them with rays of divine love.

I once heard a man say of a distinguished Chicago divine, "He is not the greatest preacher I have ever heard, but he is the greatest Christian I have ever known." All things considered I should say that the greatest Christian I have known personally is a young woman whose whole life has been spent under what most people would call an insuperable handicap. The victim from infancy of infantile paralysis, she lives in a wheeled chair, but she has ever been the incarnation of cheerfulness and a positive inspiration to all who come into her presence. She keeps herself occupied in teaching music, singing in church and performing a thousand deeds of Christian service. In short she is one of God's "overcomers," at once an inspiration and a rebuke to all of us who are content to live selfish and narrow lives.

Such Christians are they who "see the King in His beauty and behold the land that reacheth afar."

SELECTIONS

Health to accomplish your ambitions
Courage to face the road, whatever the seeming obstacle.
Strength for the daily work.
Joy and a sense of sweet contentment within your heart.
Love that will give you tolerance.
But above all the Spirit of the Christ, to abide with you through all the years.

LITTLE CARLTON

Little Carlton—picture taken as he was leaving home to go to the hospital for treatment for tuberculosis of the hip. He has been furnished Cod Liver Oil by the County Tuberculosis Association and will need to have it furnished again, and milk as well, when he is able to have a cast on so that he can leave the hospital. His home is in a neighborhood where there are active cases of tuberculosis and six living near him have died of the disease during his life. The small children, his relatives and playmates must have Cod Liver Oil and milk to keep up their resistance to the germs with which have no doubt been infected. A large part of the money paid for Christmas Seals is used in this way. Read the treasurer's report in the paper.

T. B. SEAL SALE BEGINS

The Annual Seal Sale of the National Tuberculosis Association began with Thanksgiving. You are now receiving the seals through the mail. The money you contribute buys milk, cod liver oil, hot lunches; and in many other ways helps to prevent tuberculosis among our children. It is the aim of the Association to use the funds for this purpose. We urge you to buy all the seals you can.

LEGION COMMANDER ENDORSES T. B. SEAL SALE

Dear Mr. Emerson:

I consider it a great privilege as National Commander of a million members of the American Legion to give my hearty endorsement of the heroic fight the National Tuberculosis Association is waging against the deadly white plague.

You are fighting a great enemy of the welfare of America. Tuberculosis is a national menace that can and must be stamped out. We of the American Legion stand shoulder to shoulder with you in this fight. We have made prevention of tuberculosis one of the most important activities in The American Legion's child welfare program.

I am glad, therefore, to have this opportunity to summon every patriotic man, woman and child of our nation to join us in driving this curse from our land. I urge one and all to buy according to the measure of their means the annual Christmas seals. These provide the financial sinews for the war which the National Tuberculosis Association has been carrying on 30 years against this dreaded disease with such dramatic success. I commend this as an act of high public service.

Faithfully yours,
(signed) DANIEL J. DOHERTY
National Commander.

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God

It is a long way to the light, but a light unto my path.—Psalm 119: 130

BIBLE THOUGHT AND PRAYER

My parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in their maturity.

TRUE HUMILITY: Let nothing be done through strife or vain-glory; but in lowliness of mind let each esteem others better than themselves—Philippians 2:3.

ON THE SCRAP HEAP AT 40

It is all too true, as Henry D. O'Connell, president of the Central Trades and Labor Council in New York state, told a legislative fact-finding committee on New York unemployment problems, that "the general opinion among workers is that once they've reached forty they're on the scrap heap so far as jobs are concerned."

Thousands of eager, competent men and women are unable to get jobs today only because they have reached the age of forty, 45 or fifty years. Other thousands who have jobs, but who have reached 45 or thereabouts live and work in the grip of a paralyzing fear that they may be displaced by younger workers.

The plight of the middle-aged in this industrial era, particularly those now unemployed, is a problem that demands the immediate and continued attention of business leaders and of the general public. There is something radically wrong in the social structure of a great and prosperous country that condemns many of its middle-aged workers to the scrap heap in the years when they should be giving younger employees the benefit of their experienced counsel.

Youth has its unquestioned place as a necessity in industry. But there is also a vital need for seasoned workers, of settled habits, of steady application to their tasks. In the struggle toward true national prosperity something will have to be done to assure to the workers of forty, 45 and fifty some degree of security against arbitrary, unjust employment.

A Startling Difference

While it has long been known that tuberculosis is more prevalent among the poorer classes, a recent study of employed men in ten states revealed that the tuberculosis death rate in the lowest economic group is six and one-half times higher than that in the highest economic group.

Our community has again been saddened by the death of one of our beloved friends and neighbor, Mrs. Annie Dodd, age 67 years, who passed away after a lingering illness following an operation for a ruptured appendix in Warrenton hospital.

She leaves to mourn her loss one son, Ruben Randall by her first husband who has always been a faithful and loving son to his mother in health or sickness. She also leaves her faithful husband, Mr. Frank Dodd.

Funeral services were held by her pastor, Rev. Geo. W. Crabtree in Grace Church yard.

MARION ANDERSON'S COLUMN

If the State of Virginia is the 'Mother of Presidents' . . . and VIRGINIA is one of the most backward states in the union when it comes to paying its teachers a LIVING WAGE . . . then we wonder how our SONS of the OLD DOMINION became so wise.

Worst paid teachers turn out MOST PRESIDENTS!

That is something to think about. Could rugged individualism have had anything to do with it?

Former Governor Trimble, now sets up a HUE AND CRY as he urges ACTION in behalf of the underpaid teacher. He is president of the state board of education.

It seems to me he is a LITTLE LATE with his shouting. Trimble had his opportunity . . . but when he was GOVERNOR . . . what did he DO for the TEACHERS?

Trimble, Trimble little star, How we wonder what you are— When you were up . . . you failed to do, What you now shout . . . "must go through!"

Of course we've all known for ages past that the TEACHERS haven't been getting a DECENT BREAK . . . for even if we did pay the TEACHER a LIVING WAGE . . . it would be worth every cent of the money . . .

How would you like to take care of so and so's BRATS and try to mould them into good citizens . . . and struggle with them and the gigantic problem of teaching them book learning . . . when half the time . . . or even more than that . . . you can't even handle your own?

Any clerk in a department store can make more than the average teacher . . . and ANY domestically inclined woman or girl who condescends to care for children or do household scullery . . . can make five bucks a week and with her board and lodging . . . be better off than the ill-paid TEACHER who is still TRYING to get THIRTEEN dollars a week.

I think this proves to us beyond a doubt that teachers are made of GOOD STUFF. They know that they won't get paid enough to exist on . . . and parents and children alike won't appreciate their efforts . . . but still they go right on being teachers . . . training FUTURE GOVERNORS . . . AND SENATORS and CONGRESSMEN . . . who promptly forget the debt of gratitude they owe or should owe their instructors.

Lots of us folks wonder what ever happens to the men we elect to office and send to the GENERAL ASSEMBLY and the GOVERNOR'S MANSE . . . After election is over we NEVER hear another PEEP out of 'em.

They settle down and raise coots in their beards . . . and corns on the seats of their trousers . . . and DO nary a thing . . . or leastwise that's what it seems like to us VOTERS.

We should have a WOMAN down there in RICHMOND . . . I bet at least she'd HEAR what she was doing. Cause if SHE didn't tell us . . . somebody ELSE WOULD.

The Parent-Teacher's could stick together and send down a soldier for

the cause. At least we'd get ACTION . . . maybe the old MOSS-BACKS would WAKE UP!

What we need is more RADIOS . . . and better radios so we can listen to the QUAIN and ODD snores of the WISE MEN who go to RICHMOND to do the RIP VAN WINKLE act.

I have heard that it is the man who pays and pays . . . but the VIRGINIA SCHOOL TEACHER . . . knows just HOW MUCH he pays.

Each crop of School graduates is a new hope for the teacher. She watches them depart from the threshold of learning with their sheepskins under their arms . . . and wonders if any of them will REMEMBER her and reward her for her patient duties.

I hope I'm living when television gets into action. Then we can turn on station GENERAL ASSEMBLY and see for ourselves the STRENUOUS ACTIVITIES of our candidates.

Seeing is believing . . . and there are a lot of us who are a good bit like a certain Doubting Thomas. We refuse to believe that REAL EFFORT is being expended toward helping the teacher get a decent living wage.

We have heard of "GOD SAVE THE KING" . . . Well, I suggest that we WRITE an anthem entitled GOD SAVE THE TEACHERS and dedicate it to that deserving legion of patriots and citizens.

If we don't save them . . . they're all gonna get MARRIED!

Perhaps the day will come when we can teach by MOTION PICTURE and thus do away with teachers. The thing then would be to get the kids to attend. That might be accomplished by first running off a showing of MICKEY MOUSE or POP EYE in animated cartoons as a sort of lure . . . It would insure a full house of youngsters . . . and then once they were inside the doors could be locked to keep them there. They would have to learn . . . or else SHUT THEIR EYES.

The older students could be enticed inside the house of education by a preview of Clark Cable or May West or whatnot.

I imagine lots of us old decrepit denizens would be crashing the doors of knowledge again.

Until the days of this happy UTOPIA however, I think we should bestir ourselves and try to stimulate action enough down in RICHMOND to get the TEACHERS that THIRTEEN DOLLARS minimum.

Gosh! What all are they gonna do with that money? They'll be needin a troop of G-MEN to see them home safely. Thirteen dollars! I wouldn't raise my daughter to be a TEACHER! (Know why?) You see she all wouldn't know what to do with ALL them thar green backs.

GOD HELP OUR TEACHERS! (We don't.)

"ARTISTS AND MODELS" SENSATIONAL HIT

When you've got a cast headed by Jack Benny, Ida Lupino, Gail Patrick and Richard Arlen, that should be sufficient guarantee of top-notch entertainment—but when Paramount has added hundreds of the most beautiful girls in Hollywood, two smashing orchestras—Louis Armstrong's lanters' Orchestra—the six greatest Swing Orchestra and Andre Kosteliving artists—and a half-a-dozen of the most sensational headliners of stage, screen and radio—that means that "Artists and Models," which opens Dec. 6 at the Pitts' Theatre, must rate as the top girl-and-music film of the year!

"Artists and Models" is exactly as cock-eyed a melange of tunes, gags and girls as you would expect from a Jack Benny opus. Jack plays the part of the head of the screwiest advertising agency in the world, which is headed for the rocks because he devotes all his time to thinking, not about business, but about the forthcoming Artists and Models Ball, of which he is chairman. Jack's in a bad jam—he has sold Richard Arlen on the idea of personalizing Dick's silverware by creating a "Silver Girl" for all the ads, and then finds that he's promised the job of posing for the "Silver Girl" to two gorgeous girls—Ida Lupino, whom Jack has promised to marry, and Gail Patrick, Dick's fiancée. At the same time, he's promised both girls that the one chosen will be elected Queen of the Artists and Models Ball.

Comes the Ball, with its glittering show, featuring routines by Martha Raye; Connie Boswell; England's most famous model, Sandra Storme; and the six great artists, Peter Arno, McClelland Barclay, Arthur William Brown, Rube Goldberg, John LaGatta and Russell Patterson and his "Personettes," miniature animated marionettes.

Jack doesn't know what to do—if he marries both girls, he's a bigamist—if he marries either one, the other will sue him for breach of promise! But just at the moment when things look blackest, Gail Patrick gets an inspiration—at the Ball, she corrals the four principals—Jack, Ida, herself and Dick—and, by a clever piece of strategy, straightens everything out. So

everybody is happy—the right guy gets the right gal—and the Ball goes on.

CHRISTIAN SCIENCE

"God, the Only Cause and Creator" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, December 5.

The Golden Text will be "The Heavens declare the glory of God; and the firmament sheweth his handy work. There is no speech nor language, where their voice is not heard" Psalms 19:1,3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Happy is he that God of Jacob for his help, whose hope is in the Lord his God: Which made heaven, and earth, the sea, and all that therein is: which keepeth truth for ever;" (Psalms 146:5,6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The scientific divine creation declares immortal Mind and the universe created by God. Infinite Mind creates and governs all, from the mental molecule to infinity. This divine Principle of all expresses Science and art throughout His creation, and the immortality of man and the universe. Creation is ever appearing, and must ever continue to appear from the nature of its inexhaustible source" (p. 507).
