

## TO MEMORIALIZE GEN JACKSON

### Legislation Would Create Fund To Memorialize Jackson.

The Manassas Chapter, U.D.C. met for its January session in the spacious dining room of the Prince William Hotel, artistically decorated with flags, evergreens and holly. Mrs. Richard S. Hynson and Mrs. James R. Dorrell, hostesses, graciously welcomed the large group in attendance.

Mrs. R. L. Byrd, President, opened the meeting with the Chapter standing in silent tribute to the memory of Miss Florence Kincheloe and Mrs. R. S. Arey, after which Mrs. Emelyn Marsteller led in the Lord's Prayer, the flags were saluted and "Dixie" sung.

Mrs. Weedon, Mrs. Hynson and Mrs. Knox were appointed a committee to write resolutions on the death of Miss Kincheloe and Mrs. Murphy, Mrs. Compton and Mrs. Allen, a committee for Mrs. Arey's.

Mrs. W. A. Newman, Historian, read a letter from Mrs. Thomas J. Storke, Richmond Division Historian, full of interesting suggestions for the coming year.

New Year's Greetings were read from Mrs. Walter D. Lamar, Historian General, and from Mrs. Sidney Cox, Division President. Mrs. Cox stated that an official monthly bulletin would be published relative to the work of the Division. Greetings were also received from Mrs. Warren Keith, of Rock Hill, S. C., and Mrs. Fannie Ransdell of Washington, chapter members.

Mrs. Newman read a tribute to the women of the South, entitled "The Economic Army Behind the Fighting Men," which is the historical topic for this month. Mrs. Newman also read an article from a paper about the recent death of an "Unreconstructed Rebel" almost ninety-seven years of age, Mrs. Harcastle of Easton, Md. Her father, Dr. Hatch, was a plantation owner in Aberdeen, Miss., and owned thousands of slaves. One great room in a house on his plantation contained twenty-five cradles for (Continued on page 5.)

## IMPORTANT NOTICES FOR MANASSAS PTA

The executive board of the Manassas P.T.A. will meet in Professor Peter's office at the high school on Monday afternoon at three o'clock.

The regular monthly meeting of the P.T.A. will be held Thursday evening at 8 o'clock in the high school auditorium.

Full attendance is desired at both meetings.

A feature of the meeting will be a discussion of the Public School system, with special attention to the school set-up in this county. This subject will be presented in a unique way by Miss Emily Johnson's class in government. It is of vital interest to everyone, tax-payers as well as parents.

## DANCE OF NATION FEDERATION OF FEDERAL EMPLOYEES

The regular monthly meeting of National Federation of Federal Employees was held at Fraternal Hall in Fredericksburg, January fifth, at which time the new officers were installed for the ensuing term of one year. The New Officers installed were:

President, Mr. M. L. Keys, Vice-President, Mr. O. L. Mitchell, 2nd Vice President, Mr. J. M. Olegar, Treasurer, Mr. E. P. Bellamy, Fin. Secretary, Mr. Craig P. Carr, Rec. Secretary, Mr. W. F. Keys, Guard, Mr. J. A. Bishop, Guide, Mr. C. C. Cole.

After the meeting, an enjoyable dance was held, attended by a large number of Federal employees, their families and friends. Punch was served during intermission.

This dance is the first of a series of social entertainments to be held throughout the year.

## DOG TAG WARNING

County Game Warden W. S. Brower, of Catharpin, was in the Journal office this week to have us call attention to the provisions of the dog laws. The annual license is due on January 1, but the law allows a "grace" period of thirty days. Mr. Brower expects to enforce the laws but wants everyone possible to get his or her tag before February 1, and prevent the necessary prosecution that would follow such failure.

Hon. James H. Price  
Who will be inaugurated Governor of  
Virginia on January 19.

## INAUGURATION OF GOVERNOR

### Elaborate Plans for Ceremony On January 19.

An impressive military display will feature the Inaugural parade and review in Richmond in honor of James H. Price, who will take the oath of office that day as Virginia's new governor. More than 1,800 troops will be in the line of march, according to Brig. Gen. S. Gardner Waller, Virginia adjutant general, who said it would be one of the largest inaugural parades ever held in the Old Dominion. Thirty-seven separate units will be in the parade. In addition to units of the Virginia National Guard, the paraders will include cadets from Virginia Military Institute, Virginia Polytechnic Institute, and John Marshall High School of Richmond. More than a dozen bands will furnish music.

Chief Justice Preston W. Campbell of the Virginia Supreme Court of Appeals will administer the oath of office to Virginia's new governor. Immediately after this ceremony, the inaugural parade will be staged.

Saxon W. Holt of Newport News will be given the oath of office as Lieutenant governor by his brother, Associate Justice Henry W. Holt of Staunton. Mr. Holt, who has served more than 30 years as a member of the State Senate, will succeed Mr. Price as presiding officer of the upper house of the Assembly.

Governor-elect Price has started assembling his staff of associates. He has announced that he would appoint Col. William M. Kemper of Danville as executive assistant to the governor. He said he had not decided whom he would appoint to the office of Secretary of the Commonwealth, a post recently resigned by Col. Peter Saunders to accept an appointment to the State Board of Motion Picture Censors.

The appointment of Colonel Kemper, commandant of the Danville Military Academy, ex-president of the Citizens Road League of Virginia and chairman of the Danville City Democratic committee, was not unexpected. In announcing the selection, Mr. Price said, "I have admired Colonel Kemper for a good many years and I regard him as the type of man Virginia needs in leadership. I am happy that I was able to draft a man of his type for this work, which I consider important." He said Colonel Kemper would be used as a "general utility" man, particularly in public relations. The office is one which was suggested four years ago to relieve the governor of the strain of much of the work which is constantly accumulating in the chief executive's office, but never before created.

The governor-elect said he would retain Governor Peery's clerical staff intact with the exception of Mrs. Walter R. Carleton, the former Miss Emma Hinman of Roanoke, executive secretary, who will be replaced by Mrs. Ruth Emes, Mr. Price's secretary for a number of years. The new governor also is assembling his staff of military aides. Among those whom he said he had invited to become members are: Maj. Gen. Charles E. Kilbourne, superintendent of V. M. I.; Brig. Gen. Harrison J. Price, Lieut. Col. Mills F. Neal and Lieut. Col. Robert T. Barton, all of Richmond; and Col. E. Goodwin of Emporia. Others will be invited later, he said.

Mr. Henry E. Peters has accepted a position at the Naval Air Base in Norfolk and is located at 135 Randall Ave. O. V., Norfolk, Va.

## A FEW FACTS ABOUT THE PROPOSED BUDGET

Perhaps the most outstanding feature of the 1938-40 budget as presented to the General Assembly yesterday by Governor Peery is the fact that it is the largest one that has ever come before a governing body of the Old Dominion.

The second point worthy of notice is that still no plan is advanced nor provision made for "old age pensions."

The third, and one fraught with much opportunity for dissension, is that the so-called "three point" educational plan is literally "left out in the cold."

The actual budget total is \$163,906,282 for the biennium. Of this only about one-fourth is payable from the general fund of the State treasury. Of this about one million dollars is set up as a reserve against losses in revenue not now calculable. As against this there is in prospect an anticipated surplus on June 30, next, of about five millions.

The budget provides for very substantial sums to be expended for public health and welfare. For State hospitals there is a figure of \$1,923,900 for tuberculosis and insane institutions. For institutions of higher learning there is recommended capital outlay in the amount of \$1,589,735. State penal institutions would have improvements to the value of \$673,135 and the School for Deaf and Blind would receive \$66,300 for similar purposes. Included in the first figure stated is an amount of \$57,500 for improvements at the Virginia State College for Negroes. Another commendable figure is that of \$50,000 for buildings at the colony for colored feeble minded.

Special capital outlays amounting to \$1,678,000 include

such estimates as \$450,000 for a new State library, \$750,000 for a new State office building, \$95,000 for a new heating plant for the State offices, \$50,000 for land for the new George Washington Memorial Parkway (in Fairfax County), \$158,000 for purchase of land for the Seashore State Park, near Virginia Beach.

State Highways would receive under the new budget the enormous sum of \$49,924,105, making about ten million available each year for the next two years for new construction work.

The State Board of Education actually receives an increased appropriation of \$1,450,000. This is and does look like a large increase but when the various purposes for which this increase are gradually sorted out there remains for the State Board about \$400,000 in each of the next two years to bring about the much talked-of "three point" plan, endorsed by the educational people generally and most especially in this area.

Obviously this cannot be done. With no figures at hand we do not think this would more than cover the fund necessary for "free" text books. The budget, then, has simply thrown the other two features of the "three point" set-up into the discard. If the advocates of this movement want to bring it to a successful conclusion, they must bestir themselves in a big hurry. The general fund is all "dog eared" now. Some special fund must be developed not now in evidence. The concession to purchase text books would naturally reach a much larger number of people than is represented by the educational system.

## SCHOOL LUNCHES PROVE POPULAR

The new system of lunches being tried in the Manassas Schools seems headed for success. An average of about four hundred fifty lunches have been served each day during the past week, and the students declare the food delicious and plentiful.

The P.T.A. Health Committee wishes to advise the patrons that any two articles on the menu will provide sufficient quantity and balance for a lunch. Milk has been provided twice a week to be served with each plate lunch—this is made possible by the generosity of local dairymen.

Next week's menu is given below and continued interest of the patrons and students is urgently requested:

## ATTACKS STATE PENAL SYSTEM

### Club Speaker Cites Causes of Crime and Offers Remedial Suggestions

The Woman's Club held their regular monthly meeting Wednesday afternoon at the Prince William Hotel. Mrs. A. A. Hooff reported that the Annual Assembly Ball was a success socially as well as financially. She also suggested that the club contribute money towards the purchase of a piano for the gymnasium, which was voted and passed on. The following four members were voted into the club are: Mrs. John Broadbuss, Ballentine, McCall and Graham. After the business the guest speaker, Dr. Mary Baughman was introduced by Mrs. Thomas Broadbuss. Dr. Baughman has had a very colorful career. In her early youth she studied in Paris and spending a few years abroad she decided that sculpturing was not her greatest talent, so she immediately went to Boston where she studied physical education. After completing her course she was a gymnastic instructor for only eight months as she was forced to give it up. After the World War, she entered the University of Richmond to take up the study of medicine and stayed there until she received her M. D. degree. Dr. Baughman's early schooling was obtained at John Powell's famous school in Richmond. John Powell is the famous pianist the Literature and Music Section is having in April.

Dr. Baughman spoke of the inherent qualities the parents hand down from one generation to another some good and some bad. If people are mentally and physically unfit to have children she advocates birth control.

Dr. Baughman brought to our attention the terrible conditions of our jails in this State and their connection with the youth crime wave. Young boys are put in the same company with older prisoners from which they easily learn atrocious sex habits, gambling, etc. In other words they receive a thorough knowledge of crime while in jail. She also calls our "so called modern jails" antiquated even dating them back 300 years ago.

She suggest several reforms for these conditions.

1. Do away with our 129 jails and have regional farms. But have the groups segregated.
2. Installment payment of fines.
3. Regular salary for the sheriff and abolish the elective system of that office with a Civil Service Examination.

Dr. Baughman gave a most interesting talk. The only criticism is that more of the people of Prince William County were not present to have their eyes opened to a condition right before our eyes.

The meeting adjourned and delightful refreshments were served by the hostess.

## ANNUAL CARD PARTY OF CATHOLIC WOMENS CLUB

The ladies of the Catholic Woman's Club have made attractive arrangements for their card party to be held at the Prince William Hotel, Wednesday evening, January 19th.

As this party is given annually and has always been a delightful success, it is promised that this year will have the same program as formerly. The ladies of the club extend an invitation to the folk of Manassas to come and enjoy a pleasant evening with them. Prizes at each table will be awarded, as well as, three lucky door prizes.

## KIWANIS NAMES 1938 COMMITTEES

### Col. Hutchison, Former Governor, Installs Club Officers

The Kiwanis Club got under full steam at its first meeting of the year last Friday evening with the inauguration of the 1938 officers.

Prior to this the secretary read a letter of commendation from H. C. Russell upon the activities of the Club, and a Christmas card from our old friend, Walter Covington.

President Jim called for reports, and several were in evidence. Through Jack Ratcliffe, local scout master, a splendid report of the activities of the Boys and Girls committee was read. (Mr. Cocke, a chairman of the committee, wrote the said report according to Al Hooff.)

Through this report, Mr. Ratcliffe added personal information as to the working of the boy scouts, who have been affiliated with the Fairfax County Court of Honor. The scoutmaster believes that a local deputy might build up a court of honor through the nearby towns by which this county would have its own scout organization.

Progress on the scout hall was also reported, and needed funds outlined. Dudley Martin reported in full on the work of the Christmas club committee.

With great decorum, Col Hutchison, former lieutenant governor of Capitol District, installed the officers, presenting a loving cup to Jim Bradford, while the past president's pin was bestowed by O. D. Waters with genuine affection.

After the officers had been properly seated, President Bill gave his inaugural address which was a symposium on the deeds of his predecessors, coupled with a hope that real progress might be made in 1938.

Bill also got a walnut gavel, made of wood from the Capitol Building in Washington, and made available through the courtesy of Dave Arrington.

President Bill then announced his committees as follows:

Agriculture: W. C. Sadd, C. C. Lynn, A. H. Roseberry; Business Standards: R. S. Hynson, E. G. Parrish, E. R. Conner; Housing: W. E. Trusler, R. M. Weir, D. J. Arrington; Attendance: A. A. Hooff, A. S. Gibson, P. A. Lewis; Boys And Girls Work: R. W. Peters, Dudley Martin, A. A. Hooff; Program: F. R. Hynson, B. L. Jacobson, Ralph Sharrett; Finance: J. E. Bradword, D. J. Arrington, R. C. Haydon, L. Ledman; Interclub Relations: R. A. Hutchison, G. R. Ratcliffe, O. D. Waters; Kiwanis Education: O. D. Waters, J. E. Bradford, F. G. Sigman; Laws And Regulations: T. E. Didlake, Hunton Tiffany, W. E. Trusler; Music: G. R. Ratcliffe, B. L. Jacobson, R. S. Hynson; Public Affairs: W. F. Cocke, J. C. Kincheloe, A. H. Roseberry; Publicity: Ralph Sharrett, R. D. Wharton, W. H. Leachman; Under-Privileged Child: R. C. Haydon, F. G. Sigman, Dudley Martin; Vocational Guidance: R. W. Peters, A. S. Gibson, R. A. Hutchison; Childrens Christmas: P. A. Lewis, J. C. Kincheloe, C. C. Lynn.

A large attendance is urged as there is important business to come before the club.

## THE WORLD AROUND US

By  
O. J. Schuster

THE PRESIDENT'S MESSAGE, which he read in person before the congress, was really an address to the world, and especially those of the United States. It voiced, in simple direct language, the hopes and purposes of an overwhelming majority of the American people. It clearly reveals an irresistible momentum of the aspirations and the will of the people as they move toward the realization of the program formulated at the beginning of the Roosevelt administration. When the President closed his address by declaring, "I do not propose to let the people down," the exploited crop-sharer as well as the farm owner, the unorganized laborer as well as the unionized worker, the small business man as well as the powerful industrial magnate, the consumer as well as the producer, all knew that the pilot of the Ship of State could be trusted to hold the vessel true to the course charted for her six years ago and reaffirmed overwhelmingly in the election of 1936. Above all, the message intensifies the voter's confidence in government of the people, by the people, and for the people. If there is a monopoly of brains it is in the electorate, not in the 56 financial and industrial leaders named by Girard a few years ago.

AMONG THE VITAL LESSONS gleaned from the President's message are:

Every person, able and willing to work, is entitled to a job at decent living wages. These wages are to be measured by the year, not per hour or per day. If private industry can not or will not provide the jobs then it is the duty of government to do so.

The national income has doubled in the last six years and may be expected to continue increasing. It should be so distributed as to materially increase the purchasing power of the whole people.

Incomes derived from speculation are rapidly losing their respectability. Increasing honor and support is going to those who really earn their incomes.

Every major group of citizens—farmers, industrialists, workers, etc.—are to be responsible for formulating their own program, under the principle of majority rule, the government supplying relevant facts for all groups impartially. The government acting as umpire to see that justice is done all groups and that no group is exploited by any other group.

The congress is responsible for the annual budget for it alone has the power to levy taxes on which the budget is based. Taxes must be fairly laid and should be adequate to meet the increasing responsibilities of the government. A sales tax would be unjust because it would shift the burden on those least able to pay it.

The message breathes the invigorating air of a new moral climate. In its atmosphere a more abundant and freer life is assured for all except those who are tainted with criminal

activities—whether such activities are outside the law or have found hiding places among the intricacies of cobwebs spun by legal sophists.

IT IS A GREAT MESSAGE. At every point it places the general welfare above private profit, human interests above material interests. Its spirit is already emulated by the more progressive states of the union. The people of Virginia expect their political leaders to give like wholehearted support, active support. A century and a half ago, when the United States was a young nation, Virginia was the most progressive of all the states. Today she is the only one of the 48 states which has made no provision under the National Security Act for pensioning its aged. It is backward in all welfare service, in education, in dealing with delinquents and criminals, as the University of Virginia has clearly revealed. Our political leaders vie with each other in laying elaborate verbal bouquets on the tomb of Jefferson. We ask them now to prove the genuineness of their loyalty by writing on the statute books of the State, not a reluctant and half-hearted pension law but a pension measure as generous and as enlightened as any similar law already enacted by any one of the other 47 states.

### MADELEINE CARROLL AND FAIRBANKS, THE PRISONER

Ronald Colman comes to the Pitts Theatre for two days on January 20 and 21 in David O. Selznick's production of the "The Prisoner of Zenda," the famous Anthony Hope romance of love and intrigue in the royal courts of Europe.

Madeleine Carroll and Douglas Fairbanks, Jr., head the imposing supporting cast, which includes Mary Astor, C. Aubrey Smith, Raymond Massey, David Niven and others.

Colman plays a dual role in this colorful tale, appearing both as the adventurous Rudolf Rassendyll and as

King Rudolf V, the monarch he impersonates.

### NOKESVILLE 4-H CLUB

On Wednesday, December 29 the Nokesville girls' 4-H club met at the home of the president, Genevieve Garman, for a Christmas party. Six members were present, and after an afternoon of enjoyment, they went home.

On Saturday, January 8 the 4-H club met at the home of Mrs. W. R. Free, for the monthly meeting. All except two members were present. Miss Webb, the leader, gave them their first lesson in sewing on buttons and snaps. At 4:30 the meeting was adjourned.

Haymarket students are hard at work reviewing for examinations which will begin Tuesday, January 18 and continue throughout that week.

The Literary Society entertained the student body recently with a "professor's quiz". There was a keen interest and the rivalry among the contestants was very close. Amos Wood was first, with Tom Piercy and Rolfe Robertson running him a close second and third, respectively. The student body expressed a desire to have another "quiz" during the spring.

Automotive Hourly Wages Up 18%  
As Car Prices Drop 45% Since 1925

A REPORT just made public by General Motors indicates that the hourly wages of the workers in its plants are higher than they were twelve years ago, while the price of the car "per pound" has gone down rapidly. The report also indicated that the average number of workers employed in General Motors plants for the first ten months of 1937 was 194,018, compared with a low point of 178,448 in 1925. The average earnings per week of the General Motors factory employes of 1937 was from 28 to 35 per cent above the general industrial average.

## ROARING ACTION IN "TWO GUN LAW" THRILLS STARRETT FANS

The barking of six-guns and the thumping of hoofs, sweet music to lovers of outdoor melodramas, fills the screen of the Pitts' Theatre, where Columbia's new Peter B. Kyne production, "Two Gun Law" opens Saturday, January 15. Charles Starrett, a superior Western star in every way, enacts the stellar role in arresting fashion, with enough daring riding, shooting, and riding to satisfy the most red-blooded fan.

Peggy Stratford, Starrett's leading lady for the second consecutive time, again displays exceptional ability. A charming girl, Miss Stratford shows promise of becoming an outstanding screen personality. As for the rest of the cast, it is uniformly good. Hank Bell, Edward Le Saint,

Charles Middleton, and the others help out immeasurably.

Bob Larson, adopted son of Wolf Larson, a Western bandit who decides to go straight, accompanies a loyal follower of his foster-father to a large ranch owned by a Colonel Hammond in an attempt to find honest work. Overhearing Hammond's foreman plotting to rustle his employer's cattle, Bob informs Hammond of the plan. Hammond fires the foreman and hires Bob in his place.

The rancher's daughter is the object of Bob's affection as soon as he meets her. Only because of her, he does not flee the country when his past looms up before him because of the machinations of the foreman and a bitter member of his father's gang. Trouble comes in large doses, and it is only cleared up with a fierce gun battle.

## DANGEROUS

It is dangerous to sell a SUBSTITUTE for 666 just to make three or four cents more. Customers are your best assets; lose them and you lose your business. 666 is worth three or four times as much as a SUBSTITUTE. 36-12.

## FOOD MARKET

## Advice-

PRICES for the poultry crop as a whole are higher than last year due to unprofitably low prices of 1936, and high feed prices of 1937. The top grade of TURKEYS, however, is of excellent quality and will be enjoyed in many households. Roasting CHICKENS are moderate, DUCKLINGS are low and will be the holiday choice for many small families. However, BEEF, LAMB, fresh and smoked PORK are all lower, and if there is any change in the market, lower prices are to be expected. Due to the weaker demand which generally prevails during Thanksgiving week, FISH prices will be moderate.

## Fresh Eggs, Lower

Fresh EGGS are a little more plentiful than last week, and retail prices have declined. There is an ample supply of mixed color storage eggs, very moderately priced. BUTTER remains high, CHEESE is moderate.

## Holiday Vegetables and Fruits

BROCCOLI, BRUSSELS SPROUTS, white ONIONS, MUSHROOMS and PEAS are all good selections for

Thanksgiving week for they are all reasonably priced. SPINACH and BUTTERBEANS remain cheap. CRANBERRIES are plentiful and cheap this year, and the PECAN crop is the largest one in years, and consequently priced very low. The season for California Valencia ORANGES is about over, but Florida oranges are reasonable, and the small sizes are cheap. APPLES, GRAPEFRUIT and Emperor GRAPES, PERSIMMONS and POMEGRANATES are other good holiday fruit items.

Here is a Thanksgiving Dinner Menu which is made up of foods which are moderate in price.

Grapefruit, Persimmon and Grape Cup  
Celery Hearts Cranberry Sauce  
Roast Turkey with Pecan and  
Mushroom Stuffing  
Giblet Gravy Canned Sweet Potatoes  
Spinach Boiled Onions  
Rolls and Butter  
Mince Pie

## THE SENATE FILIBUSTER

With regret that a national Party which owes its very life to the Solid South, should champion legislation openly insulting to our section of the country, every loyal Southerner should feel grateful to their representatives in Congress who are standing with their backs to the wall, united determinedly to block the most pernicious legislation which has been proposed since the days of Reconstruction. They should also feel a deep sense of gratitude to that smaller group in the House which successfully obstructed the Wages and Hours bill, an anti-Southern proposal, not designed to improve living standards in our industrial areas, but aimed to destroy Southern competition with Northern manufacturers.

The South has suffered more from the jealousy and the ingratitude of Northern Democracy, than it did from Republicanism. This element, now rampant in the Roosevelt administration, must either develop a proper sense of proportion, and of respect for local self-government as guaranteed by the Constitution, or, in the end, it will have to maintain itself in office without Southern support. Up to the present time the South has been reluctant to depart from its traditional Democracy. Even in the Hoover-Smith campaign, its was individual departure, rather than Party Secession which placed so many Southern States momentarily in the Republican fold.

Now, however, we are confronted with the possibility of a wide-open split between Southern and Northern Democracy. Enactment of such sectional legislation as is now being blocked by justifiable filibuster, will, if successful, certainly destroy existing unanimity; and such a law, if permitted by the Supreme Court and enforced, must inevitably lead to bloodshed.

## A SPECIAL NOTICE TO ADVERTISERS

AND CORRESPONDENTS.

We are again making specific requests of our correspondents and advertisers.

Hereafter we may have to lay aside copy coming in on Thursday morning, either by phone or letter, which relates to specific news more than 24 hours old.

Any advertisement larger than a quarter page must be in our hands prior to Wednesday noon. No ads of any size can be received after that hour except by special arrangement. Please do not bring us any classified ads after noon on Thursday. We may be able to handle them later but it is a practice we are attempting to discourage in the interest of producing a better paper.

To our church correspondents, we are especially requesting that they do not embarrass us by coming on Thursday mornings and asking us to either break up our forms or having to split up the church announcements.

In almost every case these notices could and should come to us by Tuesdays. We give this space to the churches, and they should do their bit by co-operating on the time element.

## MRS. MARITTA LIGHTNER AREY

When I had the privilege about twenty-five years ago of organizing a Presbyterian Church at old Brentsville, Mrs. Arey was one of the Charter members. Some years later she removed her membership along with the rest of her family to Greenwich Church. Therefore, being her pastor for a number of years, I came to know her intimately, and to appreciate her real virtues that endeared her to so many. Though she afterward removed her membership to the Manassas Church, her loyalty to and friendship for her old pastor has never diminished, and I appreciated that friendship. Her real sympathy for those in need, and her unfeigned interest in the welfare of others made her friendship valuable to those who enjoyed it. The capacity for true friendship is a God-given gift to the human race, and one of His best gifts.

She lived close to her Savior, and from Him were imparted those virtues that make her life a benediction to those who knew her. The inspired writer of Proverbs gave us a picture several thousand years ago of noble womanhood in this day that is just as true today: "Who can find a virtuous woman for her price is far above rubies. The heart of her husband doth safely trust in her. Her children arise up and call her blessed. Favor is deceitful and beauty is vain; but a woman that feareth the Lord. She shall be praised." We shall miss her gentle friendly presence in our midst, but we fondly rest in the faith that her spirit has gone to join "the general assembly and church of the first born, which are written in heaven."

J. ROYALL COOKE.

their infant children.

The inscription on the tomb of Mrs. Judith Henry was read, and a tribute to her character from a Baltimore paper.

A clipping was read stating Senator Rust was introducing a bill in the General Assembly, asking for a \$25,000 appropriation for a monument to be erected to Gen. "Stonewall" Jackson, in the spot where he received his sobriquet of Stonewall, and that he felt sure the bill would be passed. Senator Rust was also quoted as saying the movement for the Battlefield Park was growing in favor.

The following list of books was recommended by the Division to be read this year—"Bugles Blow No More," "Why Was Lincoln Murdered," "Confederate Leaders," "None Shall Look Back," "Virginia. The Old Dominion," "My Colonel And His Lady," "Boy Of Old Virginia," "America, Our Country".

Arrangements had been made to celebrate Gen. Lee's birthday the 13th, instead of the 19th, at the High School Auditorium, at 11:30 o'clock. A. M. Dr. Ballentine will be the guest speaker.

Seven baskets were reported sent at Christmas to widows and near relatives of Veterans.

The Social hour after adjournment, during which delicious sandwiches and coffee were served, was enjoyed by all.

### LEGISLATION PROPOSED TO ABOLISH BILLBOARD

Horace Edwards, member of the Richmond delegation in the general assembly, predicted tonight the passage of a bill by the legislature which would remove more than 100,000 billboards from Virginia highways.

Edwards will be patron of a bill, sponsored by the Associated Clubs of Virginia for Roadside Development, placing stringent regulations on the outdoor advertisers and imposing annual taxes on billboards.

Announcement of the proposed billboard legislation was made as members of the 1938 assembly, which convenes Wednesday, begun filtering into the city. Legislators are expected to be here en masse by tomorrow for the Democratic caucus.

The Associated Clubs of Virginia, claiming a membership of more than 40,000 announced that a copy of the bill has been sent to every member of the coming assembly. The measure was drawn by Wm. R. Shands, director of the division of statutory research and drafting.

The proposed law provides for the elimination from the highways of all sign boards involving motion, intermittent lights and those in series—directing motorists attention from one sign to another.

## IN RE: RESOLUTION OF THE VIRGINIA EDUCATION

ASSOCIATION THREE-POINT UNIFIED PROGRAM.

WHEREAS, The Constitutional Convention in 1902 made the following provision in our present State Constitution:

"The General Assembly shall establish and maintain an efficient system of public free schools throughout the State." and

Whereas, Seventy-four percent of the cost of education in Virginia has been borne by the County, leaving only twenty-six percent to be borne by the State.

Therefore, Be it resolved that we, The Board of Supervisors of Prince William County, Va., go on record as favoring the Three-Point Unified Program of the Virginia Education Association and the State Board of Education, namely,

1. A minimum school term of nine months with a minimum average salary for the teachers of not less than 720.00 per school year from State funds.

2. An actuarially sound retirement law for teachers.

3. Textbooks furnished at the expense of the State to all pupils.

We heartily endorse this program for the following reasons:

1. We feel that the present average yearly salary is inadequate for well trained teachers and we believe the children of the State deserve the best of teaching.

2. A sound retirement law would give to your teachers economic security which would tend to hold the better teachers within the profession and thereby give our children a higher type instructor.

3. There would be an actual saving in money to all parents in the furnishing of free textbooks—there would be a far greater saving in time as all pupils could be furnished their books on the first day and the cost of running our schools for a week or ten days with an inadequate supply of books more than the cost of books.

We feel that we have the right to expect the State to carry out the law that it has already made.

AYES: Janie C. Abel, C. B. Roland, G. C. Russell, Lester W. Huff, W. M. Johnson, J. Murray Taylor, Chairman.

Nothing further Board adjourned to meet again Thursday February 10, 1938.

## REMEMBER THE PANAY

AND THE MAINE!

Almost 40 years after the battleship U. S. S. Maine was sunk mysteriously in Havana Harbor another American naval vessel, the gunboat U. S. S. Panay, half way across the world, was sunk in time of peace. America was aflame shortly after the Maine was sent to the bottom, but received news of the sinking of the Panay with comparative apathy. A story appearing next Sunday in

The Star points out the similarities and differences of the two events and describes how the first incident resulted in war between the United States and Spain.

## THE ABSURDITIES OF PACIFISM

By W. F. Carpenter, Haymarket, Va.

Without doubt many good citizens are giving an attentive ear to the claims of pacifism, so cleverly presented yet marked at every point by absurdity.

The ostensible reason for this propaganda in America is the alleged danger that this country may be captured by the spirit of militarism. Every intelligent citizen knows that the genius of democracy is against militarism. So there is as much need of a society to discourage the passing of uncomplimentary remarks about the Face of the Man in the Moon, as for pacifist propaganda in the United States.

A second absurdity springs from its teaching, the main point of which is, that to resist evil by force is always contrary to the Spirit of Christ. The favorite text used to support this view is, "All they that take the sword shall perish with the sword." Interpreted literally this makes Jesus a false prophet, because since He uttered those words thousands of real Christians have followed the military profession and have died in their homes at a ripe old age.

As a matter of fact Jesus did not teach that is always wrong to oppose evil with force. Many passages in the New Testament point rather in the other direction, and it is well known that Jesus found the highest example of faith in a Roman officer, and that he used force in cleansing the Temple. Furthermore, St. Paul clearly teaches in Rom. 13th chapter that those who carry the sword in the cause of law and order are God's servants.

Pacifism's opposition to adequate defense measures and its success in giving encouragement to the enemies of peace should complete the case to the point where pacifism is thoroughly discredited.

## CHESTNUT BLIGHT SQUIRRELS' DOOM

Chestnut blight, which invaded North America about twenty years ago, not only brought native chestnuts to the verge of extinction, but sadly reduced the squirrel population in many states.

Now that the chestnut shows signs of coming back, gray and fox squirrels in the chestnut belt are expected to re-appear.

"No one has any accurate explanation of the mysterious goings and comings of squirrels," said Fred Jordan, director of National Wildlife Restoration Week.

## A CHRISTMAS THOUGHT

We thank you, dear Editors, for the beautiful card of Christmas greeting, and we wish you and your readers, a very happy New Year.

We spent a joyous Christmas in Washington, and it was our privilege to take with us a little girl who never before had seen the vaulted dome of our nation's capital. And if, for the moment, she showed more enthusiasm for the moving stairways in department stores, surely, in after years the memory of Christmas Eve at Arlington, will return like a benediction.

The beautiful old mansion so cheery and bright, with its wreaths of holly, spruce and pine and immense pots of gorgeous poinsettias in every room.

And as we stood by the tomb of the Unknown Soldier and watched the sunset colors fade from the sky, and the myriad lights twinkling in the fairy like city across the river and listened to the unearthly beauty of the bugles sounding their salute, as the flag was lowered at Fort Myer, just across the way, the thought came to us—How lovely to be at Arlington on Christmas Eve, to be surrounded by the sleeping hero's of our country, and to know that in a few short hours we would celebrate the birthday of Him who said "I am the resurrection and the life, he that believeth on me, tho he were dead, yet shall he live".

## "BAD GUY"

To the crackling of million-volt charges of electricity "Bad Guy", Metro-Goldwyn-Mayer's picture of the escapes and escapades of high-tension power linemen, comes to the Pitts Theatre on Wednesday.

The story deals dramatically with the deeds and misdeeds of daredevil pole climbers who live dangerously and love recklessly. It features Bruce Cabot, Virginia Grey, Edward Norris, Jean Chatburn and Cliff Edwards in the leads, supported by Charley Grapewin, Warren Hymer and John Hamilton.

Cabot scores as the villain lead. "Lucky Walden," unscrupulous but likable power-lineman who double-crosses his half-brother, "Steve Carroll" (Edward Norris), for the love of Kitty, played by Virginia Grey.

The story briefly: Cabot kills a gambler who swindles him and is sentenced to death in the electric chair. Norris, his faithful co-working half-brother, intimidates an underworld figure into testifying to Cabot's "self-defense" motives and his sentence is commuted to life imprisonment.

ment. Cabot is paroled for heroism in a prison accident and immediately makes a play for Kitty, unknown to Carroll.

His hot temper results in a parole violation and Cabot is jailed by detectives who have discovered that his

witness lied. Norris helps him break jail but their whereabouts are divulged by Kitty who wants to save Norris from Cabot's influence. As Cabot attempts to escape, police he is accidentally electrocuted on power lines.

The picture was directed by Edward Cahn. It presents a unique spectacle of the antics of man-made lightning demonstrated by Dr. Francis Maxstadt of the California Technological Institute.
