ANNUAL PLAY AT BENNETT

Operetta Promises Lovely Displays and Dancing

On Tuesday night, April 26, the Bennett School pupils will present an operetta, "On Mid-summer's Day" under the direction of the Bennett School faculty. Mrs. Connie Kincheloe, a former teacher, will be the accompanist.

Both acts of the operetta take place in a child's flower garden in which the following flowers are characterized: Poppy, Nasturtium, Daisy, Primrose, Aster, Violet, Pansy, and Pink. There are choruses of fairies, brownies, sunbeams, butterflies, honey-bees, sun-bonnet girls, and overall boys. Besides the choruses there are solos, duets, and dance numbers.

"On Mid-summer's Day" is a story of a child's garden which has been neglected by its young mistress.

On Midsummer's Day when all fairies and brownies are abroad and have their frolic on the land where mortals dwell, the Fairy Queen passes through Leafy Lane and sees the sadly neglected garden. Since the flowers are in the Fairy Queen's cave and are able to talk on this day they told that the child who planted them neglected them, and that they were never held on given water.

The Fairy Queen and her devoted subjects took the flowers to Fairyland to live until the child thoroughly mastered her lesson in gardening. On condition of the child's zealous care of her flowers in the future the Fairy Queen sends the lovely flowers back into the garden again.

The part of the child is taken by Marie Dollarhide and the note of the Fairy Queen is taken by Fanelle Pickeral, Katherine Graham and Tolley, a naughty brownie have solo parts. Others who have special numbers are Marjorie Beane, Phyllis Thomasson, Kirtie Jean Blakemore, and Betty Peterson.

The characters, about seventy-five in number are taken from grades one through six, and this promises to be one of the outstanding events of the year.

MRS. BAKER DISCUSSES RUSSIAN MUSIC

The April meeting of the Junior Woman's Club was held at the home of Mrs. J. P. Lyon Thursday, April 14, with its President, Janet Owens, presiding.

Immediately preceding the business meeting Mrs. Dennis Baker made a most interesting talk on Russian music.

As this was the last meeting of the club year, most of the evening was taken up with reports from the various committees. All these reports were encouraging and several showed marked achievements made during the year. After the reports were given, the officers for the coming year were elected. They are: President, Virginia Ratcliffe; Vice President, Hilda Moser; Secretary, Mary Currell Pattie; Treasurer, Evelyn Merchant.

Following the business session, Miss Eugenia Osbourn spoke to the Club on the work that the Library is doing and hopes to do. She urged that the people of the town visit the Library, especially during the evening hours.

The meeting was then turned over to the hostess committee who served delightful refreshments.

GARDEN CLUB TO HAVE ILLUSTRATED LECTURE

The Manassas Garden Club feel most fortunate in having procured an illustrated lecture "A Tour to America's A-1 Homes and Gardens" for their meeting, to be held at the home of Mrs. B. L. Jacobson, next Tuesday afternoon. The members are urged to attend and bring guests and members of the Garden Section are especially invited to attend.

The business meeting will begin promptly at 2:30 so that our lecture may begin at 3:30 p.m. This is our first opportunity to use our new stereopticon lantern and we hope to have a good attendance.

DISTINGUISHED VISITORS

Hon. C. C. Carlin, Jr., Editor of the Alexandria Gazette, and Mr. George T. Young, of Fredericksburg, were visitors at the Journal Office this afternoon while attending the District Conference of the M. E. Church, South, being held at Grace Church today. Elder Beery has just named Mr. Carlin District Lay Leader and Mr. Young as his Associate.

WILD LIFE ENTHUSIAST HERE

On Thursday evening of last week, Commander P. T. Wright, USN, retired, now residing in Livingstone Heights, Arlington County, was in Manassas to contact officials of the local county game club.

After consulting with Prof. R. C. Haydon and O. O. Holler, president of the club, Commander Wright left expressing delight at the results of his visit.

On April 30, a delegate from his organization at Falls Church will address the county teachers association which meets at the Occoquan High School.

CLUB CLOSES SPRING PROGRAM

Installation Dinner to be Held May 2

The Woman's Club of Manassas will bring to a close an active spring program with the holding of its second annual installation dinner at the Parish Hall of the Episcopal Church at 6:30 o'clock on the evening of Monday, May 2.

Officers elected at the last meeting of the club for the ensuing year, who will be inducted into office by the retiring president, Mrs. W. L. Lloyd, are as follows: Mrs. C. Wade-Dalton, president; Mrs. J. P. Lyon, first vice-president; Mrs. V. V. Gillum, second vice-president; Mrs. Lewis Carper, recording secretary; Mrs. William F. Coker, corresponding secretary and Mrs. John Barrett, treasurer.

The annual Easter Charity Ball, given by the club at the high school gymnasium, was reported by Mrs. C. Wade-Dalton, general chairman for the affair, as very successful. The dance was well attended, especially by the younger set of Manassas and the neighboring communities. More than fifty dollars was realized from the event for the club's Charity Fund.

Decorations for the ball, arranged by a special committee headed by Mrs. John Barrett, chairman, conformed to the spirit of the Easter season. The background for the orchestra was arranged around a huge lighted Easter bunny, surrounded by Easter flowers. Lavender lights and groupings of lilacs and wisteria added to the color of the bright Easter costumes of the young ladies.

In the receiving line were Mrs. W. L. Lloyd, club president; Mrs. C. Wade-Dalton, general chairman for the dance; and Mrs. Fred Hynson, chairman of the Music and Literature Section.

Committees have been named as follows to prepare for the Installation Dinner:

Committee on arrangements: Mrs. G. Raymond Ratcliffe, chairman, Mrs. Marie Larkin, and Mrs. R. C. Haydon, program committee: Mrs. T. J. Broadus, chairman, Mrs. C. R. C. Johnson, and Mrs. A. A. Hooff; decoration committee: The Garden Section, of which Mrs. Margaret Lewis is chairman.

CLUB CELEBRATES FOR MEMBER'S BIRTHDAY

The regular monthly meeting of the Bethlehem Good Housekeepers Club was held at the home of Mrs. A. A. Hooff on Wednesday afternoon. Mrs. Hooff assisted her sister, Mrs. P. A. Lewis, as substitute hostess for their mother, Mrs. G. C. Round, who is sick.

This being Mrs. Round's birthday anniversary, the club members presented her with a lovely potted plant.

At the conclusion of the business session, Miss Alice Webb, H. D. Agent and guest speaker, gave a brief talk with "Spring Housecleaning" as her topic.

Other guests were Mrs. W. W. Davies, of Arlington, Va., sister of the hostesses, and Mrs. Marshall Haydon.

Dainty refreshments were served during the social hour.

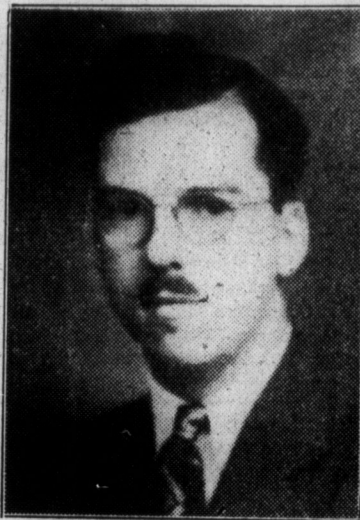

KETTLE RUN SCHOOL BURNED

On Thursday, April 14, 1938, Kettle Run Public School (near Nokesville) burned.

The fire was reported by the bus driver who happened to pass the school and see the fire. But unfortunately when the earliest person arrived at the scene of the fire it was too far gone to save anything.

Members of the Bristow Community are heartily thanking the School Board for their immediate help in providing a place for their children to continue their school work for the rest of school term.

OUR NEW COUNTY OFFICERS

Trial Justice of Prince William

Hon. Wm. Hill Brown
Commonwealth's Attorney of Prince William

KIWANIS GIVEN UNIQUE

DISCUSSION

A planned county of the future, with a glimpse into possible residential and manufacturing developments was the theme of an interesting discourse given to the Kiwanis Club last Friday evening by Wheatley M. Johnson, member of the county Board of Supervisors from Manassas District. Judge Johnson showed by means of maps just what were some of the things that might be looked forward to from information now in hand. He termed his illustrations "classification" maps. In reality they are excellent specimens of rural zoning surveys.

The data was plotted partially by direct information of the local residents and partially from advice given by soil experts.

The program introduced by Walter Sadd was so far out of the usual that it was given extra close attention by the members of the club.

Welcome was given to Charley Alpaugh who is now back in the fold. A special trip over the burning sands was given to Alan MacKenzie (plus pipe) by Col. Bob Hutchison, former lieutenant governor of the Capital District.

"Family Night" was announced for the coming Friday (tomorrow night).

MUSIC-LITERATURE SECTION

The Music-Literature Section of The Woman's Club will meet Tuesday evening at 8 p.m. at the home of Mrs. Fred R. Hynson with Mrs. Margaret Lewis and Mrs. Aylene Guthrie as hostesses.

Thomas Lomax Hunter, Columnist, will be the speaker and an interesting program of folk dancing and Glee Club Singing direction of Miss Ayres.

FIRE WARDEN ISSUES WARNING

As the Chief Forest Warden of Prince William county, I wish to take this opportunity to make a personal plea to every resident of the county to be careful with fire in or near woodland at all times, but especially do I wish to appeal at this season of the year—the Spring. So many farmers are clearing grounds for agricultural purposes and this necessitates the piling and burning of brush. However, the following are a few simple rules when burning brush—rules which no one should find difficult to follow—will save thousands of acres of woodland from destruction by forest fire and the productive future of woodworking industries in Prince William county will be greatly enhanced. Forestry Publication No. 44, by F. C. Pederson, State Forester, lists "Suggestions for Brush Burning and Clearing Fields," as follows:

- A. When We Should Not Burn.
 1. Between March 1 and May 15; Between October 1 and December 15.
 2. On a clear day any time in the year when the forest floor is dry.
 3. In dry or windy weather.
4. During the morning or before 3 o'clock in the afternoon.
- B. How to Burn.
 1. Arrange brush in small piles, burning one pile and feeding on it the brush from other piles nearby, which operation will result in the least number of piles of embers.
 2. Make a wide path or fire line, free from grass, logs, leaves, or sticks, entirely around the area to be burned.
 3. Burn against the wind. Burn down hill.
 4. Employ sufficient help to care for

any emergency that may arise. Have sufficient tools available.

5. Never leave the fire untended until the last spark is out—dead out.
6. Carefully inspect the burned area the next morning.

It is also the opinion of forestry officials that wild broom sedge grass should be plowed under rather than burned; if plowed under such plant material will improve the soil. And then, too, there is the prospect of responsibility for the origin of a forest fire. If you allow a brush fire to escape, you are required by law to pay all costs of extinguishing the fire, and if your brush fire escapes to the property of another the person damaged may collect through the courts an amount sufficient to cover his loss. The greatest precaution should, therefore, be exercised when any fire is used in the open.

In the event you discover a forest fire, regardless of its location in the county, it is your duty, and decidedly to your interest, to notify a forest warden of its existence and when notifying the forest warden give the exact location and the quickest accessible route to be followed in reaching the scene of the fire. The people of Prince William County have the added advantage of a forest fire lookout tower, located near Canova.

Other wardens and the communities they serve:

Names of Forest Fire Wardens of Prince William County, J. M. Russell, Chief Forest Warden, Canova; Arthur David Arrington, David, Va.; E. E. Cornwell, Canova, Va.; E. C. DeWitt, Holmes Corner; C. P. Ennis, Orlando; W. H. Ellicott, Orlando (Lookout Watchman); W. H. Herring,

SPECIAL DISPLAY AT LIBRARY NEXT WEEK

An interesting display of books and illustrative materials relating to Shakespeare will be on exhibition at the Ruffner-Carnegie Library all next week beginning with April 23, the Shakespearean anniversary. A finely illustrated volume on the Folger Shakespearean Library and its treasures, the gift of Dr. James McManaway, Research Director of the Library, will be among the exhibits.

DEBATE ARRANGED AT BRENTSVILLE

Prominent Local Speakers To Entertain on April 29

The public debate which will be held in the historic old Brentsville Court House on Friday evening, April 29, under auspices of the Brentsville Community League, is arousing much interest, not only on account of the issues involved in the subject of the debate, but because of the increasing determination among the speakers chosen to win their respective side of the argument.

The question is "Resolved that a strong army, navy and air force is America's best security for peace." Debating on the affirmative side of this interesting and nationally important question are Mr. Jenkyn Davies, and Judge C. Lacey Compton, both being prominent members of the Prince William Bar and gifted speakers.

On the negative side of the question will be Rev. John DeChant, pastor of the Manassas Presbyterian Church and a forceful speaker, and Mr. William Harrison Lamb, one of the editors of the Manassas Journal.

Judges for the occasion will be Professor R. C. Haydon, Superintendent of Schools of Prince William County; Prof. Frank G. Sigman, of the Occoquan High School, and Mr. F. H. May, of Brentsville.

The debate promises to be one of the most interesting of the various entertainments put on by the progressive Brentsville Community League, and will no doubt be attended by an audience representing all sections of the county.

TELEPHONE COMPANIES TO CONSOLIDATE

A group of independent telephone companies, operating in Prince William and adjoining counties have completed plans for consolidation, and have made application to the State Corporation Commission for the necessary charter.

A meeting of switchboard committees was held in Haymarket Wednesday to complete arrangements. The new name of the company, if not already preempted in some other section of the State will be the Tri-County Telephone Company.

Companies coming under one organization include The Prince William-Loudoun Telephone and Telephone Company, The Bull Run Telephone Company, The Farmer's Mutual Telephone Company, and the Nokesville-Greenwich-Buckland Telephone Company.

It is stated that the C. and P. Telephone Company of Virginia has given much helpful cooperation and technical advice in the effort to effect this consolidation.

RED CROSS SPONSORS HYGIENE COURSE

The Prince William County Chapter of the American Red Cross is sponsoring a class in Home Hygiene and Care of the Sick for the women of Brentsville community.

Miss M. Sabina Neel, Public Health Nurse of the County Health Unit, who is to teach the class, will be at the Court House in Brentsville at 8:00 p.m. on Friday, April 22 to organize the class. All women in the neighborhood who are interested are urged to attend this meeting. This class is helpful to all mothers, housekeepers, and high school students, and is especially helpful to mothers of young children.

King's Cross Roads; Van Rhine Herndon, Fayman; William Francis Keys, Joplin; William Lambert, Thoroughfare; D. W. Posey, Hoadly; Elmer Payne, David Ford Bridge; J. T. L. Rollins, Wellington; Burgess D. Sullivan, Round Top and James Watson, Haymarket.

J. M. RUSSELL, Chief Warden, Prince William County.

CARPENTERS ARE OUT OF WORK

Local Office Seeks Employment for Jobless

The local office of the Virginia State Employment Service which serves the people of Arlington, Fairfax and Prince William Counties and the City of Alexandria, announces that, according to a recent survey, there are 66 carpenters and helpers actively registered for this type of work. Besides those there are 101 applications of carpenters who are classified as inactive—that is, who have not been to the office within the past thirty days.

Of the 66 who are classified as active, 28 are journeymen carpenters, 11 are qualified to do finished work, 3 are form carpenters, 11 are rough carpenters, 2 are shop carpenters and 11 are carpenter's helpers. Carpenters are divided into ten major classifications by the Employment Service. When these are sub-divided into Journeymen carpenters apprentices helpers it means that there are as many as 30 classifications of this occupation.

A further study of the active file of carpenters shows that these 66 applicants vary from 18 to 60 years in age. The greatest percentage of these are between 30 and 50 old when such skilled workers are in their prime. The years spent in this trade run from 2 to 50 years, with the average between 10 and 20 years. 28 of those can read blueprints, 29 have had estimating experience, 40 own their tools, 3 can read micrometers and 3 can make sketches. A survey of their former employers shows a wide and varied experience in the carpentry trade.

An applicant must report to the Employment Office once every 30 days in order to be kept in the Active file. Active registrants are always given first consideration if they are qualified to do the work. After one month registration cards are placed in the Inactive file and are kept there for a period of one year. All applicants are urged to keep the Employment office informed concerning changes in address and telephone number, and report by telephone, mail or in person if they secure jobs thru their own efforts.

Since January 1, 1938, 734 people have been placed in jobs for which they were fitted, 578 in private positions and 204 in public work. Representatives from the local office make regular trips to Arlington, Fairfax and Prince William counties to register applicants. They are carefully classified occupationally and a list of qualified workers is always held in readiness so that as many as are desired may be referred to employers.

DANIEL BOWEN FLORENCE

Daniel Bowen Florence died on Monday, April 18, 1938, at his home in Washington, D. C. Mr. Florence was the son of the late Benjamin and Alice Lynn Florence, who were old residents of Dumfries. He was born 53 years ago and spent his boyhood in Virginia, later going to Washington where he entered business.

He is survived by one son, Milburn Florence; two sisters, Mrs. Joseph A. Herbert, Sr., and Miss Nannie Florence, all of Washington, and three brothers, Mr. Joseph Florence, of Dumfries, and Messrs. Fred and Meredith Florence, of Alexandria. He is also survived by a large circle of friends.

Funeral services were held at a funeral home in Washington on Wednesday, April 20, at 1:00 p.m. Services and interment took place at Dumfries, Va., at 2:30 p.m. on the same day.

POSTAL EMPLOYEES

ENJOY DANCE

The following members of Local No. 320 National Federation of Federal Employees attended the State Convention in Alexandria, April 16, at the George Mason Hotel: Mr. McGruder Keys, president, Local No. 320, Mr. O. L. Mitchell, vice-president, and Mr. William Brawner, delegate.

The meeting convened in the "Virginia" Room, which was followed by a Dinner Dance in the Lee Room. The principal speakers were: Senator McCarran, Mr. Stewart, president N. F. F. G., Miss McNally, sec. N. F. F. G., and Mr. Huff, who has charge of all District Penal Institutions.

The local members reported a delightful trip.

CATHARPIN

Easter paid us her annual visit and brought with her many relatives and friends of the community's inhabitants who took the day off to visit "The Old Home Town" and sample some good, fresh eggs which are always on tap at this time of year. A number of reports came in of just such gatherings, in one instance where as many as twenty took dinner in one household. You know it is often said that families never get together anymore except a funeral, which is probably too true, but Sudley has another occasion, which, in many cases, never fails. When a special program such as Children's Day or Christmas is announced there are many former Sudleyites who still have relatives and friends "back home" whom it is a pleasure to see; so by and large, they are gladly welcomed. They also enjoy seeing the programs in the old, home church, where they themselves probably have stood reeling around on one foot with finger in mouth trying to stammer some little part in a children's program. Yes, it is nice to come back again and recount just such manouvers. But the pleasure is not all theirs. Sudley is always glad to welcome her old friends; many of them still retain their membership and contribute regularly to her support. Is it any wonder then, that Sudley welcomes upon all such occasions, these friends of old who are still part and parcel of her being?

Easter, while somewhat cloudy, was a pleasant and historic day at Sudley where the occasion was most fittingly observed by the rendition of one of the finest programs it has ever been our pleasure to enjoy. The theme, of course, was built around the cross, which when completed, was a most gorgeous and beautiful electric lighted emblem of the Spirit of the Day. The pageant cast was supported by a massed choir in three divisions composed of some 70 people which rendered beautiful music under the baton of Mrs. Minnie Swart Gibbons, their instructor. The pageant, under the direction of Mrs. L. L. Lynn, was most effective. Decorations and flower arrangements beautiful and in excellent and in excellent taste. The whole program thruout, was enjoyed by an audience which filled the building, and so interested were the people in what they saw and heard, that they sat for two hours apparently without fatigue. All in all, it was a beautiful rendition of a great subject which cast a religious and spiritual glow over all who witnessed it. Sudley is fortunate indeed to have in her dominions, leaders of ability who so kindly lend themselves to the great work of the church.

Mrs. Mary Pattie Briggs and daughter, Patricia, of the Capital city came to attend the Easter service and to remain during the week with her parents, Mr. and Mrs. L. J. Pattie of Belle Farm.

The White House is not the only Easter Egg rollers in the country. A number of the younger generation, grand children, nephews and nieces of Mrs. Lelia C. Akers of Rock Hill, gathered at her home on Easter Monday and rolled "the ovals" of many colors all around over the hillside, which event to the young generationers was of great interest.

Easter, while very enjoyable to all who are well, has its sad and painful moments for those who are sick. While the community is engaged in thoughts of the season, it turns with sadness to these who are ill. At this writing Mrs. Fredrica Spencer, treasurer of the Sudley Wesley Bible Class, is lying in the hospital at Charlottesville very ill. This little woman, known to every one as "Ricky" has long been the pet of the congregation; bright, cheerful amid all her hardships, dependable in all things, a capable official, and a repartee hard to equal. Sudley can now only send her flowers and to pray that her sufferings may not be greater than she can bear.

Mr. R. A. Collins, of Marble Hill, is lying at home suffering from a broken leg which will incapacitate him for the major part of the caused the injury—both bones in the lower leg being broken. This is the second time the patient has suffered a fractured leg. Several years ago while touring among friends in the West, on crutches. It is said that one can get used to almost anything, but we doubt if Mr. Collins wishes to keep up the experiment with broken legs. His friends hope for a speedy recovery.

Mr. Frank W. Brower of Price, Md., is home for a few days visit with his parents, Dr. and Mrs. Brower of Lone Oak.

A number of relatives and friends dropped in on Dr. Brower on Thursday of last week to remind him and help celebrate another birthday and to wish him as many returns of the day as it is possible for him to enjoy. This column certainly felicitates him upon his good health and activity.

X-RAY CLINIC HELD

In its efforts to stamp out tuberculosis as a cause of invalidism and death by early diagnosis of the disease, the Prince William County Health Unit, cooperating with the Tuberculosis Association, has arranged for X-ray examinations of all high school seniors and of younger children who reacted positively to the tuberculin test.

A positive tuberculin test does not mean that the patient has clinical tuberculosis, but does mean that at some time in his life tubercle bacilli, which cause the disease, have entered his body, and that he may have tuberculosis, active or inactive. An x-ray is necessary to say whether or not the patient is infected.

The clinic will be held in Fairfax, Virginia, on Thursday, April 21. X-ray reports will be sent to the children's family physician.

MICKEY ROONEY SEEN AS JOCKEY

Ronald Sinclair, Hollywood's new discovery in British boy actors, is teamed with Judy Garland and Sophie Tucker, of "Broadway Melody" fame, Mickey Rooney, and other notable players in "Thoroughbreds Don't Cry," new attraction coming to the Pitts Theatre on Thursday and Friday, April 28-29.

Childhood friendships and loyalties in an intensely human story mingle with the thunder of racing hoofs, the excitement of the racetrack, and hidden intrigue of turfdom. Alfred E. Green directed the picture, in which major thrills include the American Cup race, a boy riding to victory with a badly injured leg, and the dramatic exposure of a ring of crooks by a young jockey who realizes that the exposure means his own ruin but hopes to save his friend.

Much of the action was filmed at the famous Santa Anita race track where the racing events, the plot to "box" a competing jockey and such details were staged. Many famous jockeys and noted race horses appear in these episodes.

WOODBIDGE

(Omitted last week by error)
Mrs. Milton Sullivan is sick in Alexandria Hospital. We hope that she will be back home in good health very shortly.

Mr. Ed. Hawkins and family spent Monday with Mrs. Hawkins' brother, Mr. Hartman, at Middleburg.

Mr. D. B. Millson, of Paris, (Fauquier County) spent several days recently with Mr. L. E. Strother.

Mr. L. H. Harvey has moved to Occoquan.

Mr. George Hill, of New York City, and his son-in-law and daughter, Mr. and Mrs. Hofstetter, of South Newark, Conn., were recent callers at the home of Mr. and Mrs. L. E. Strother. Eighteen years ago Mr. Hill visited the Strothers on the same day and the following day his wife died there. He was traveling through the country at the time for her health.

SNOW WHITE AND THE SEVEN DWARFS

The play, "Snow White and the Seven Dwarfs", which was given last week by the Greenwich School, was quite a success. It was presented at new Baltimore on Wednesday evening. Thursday evening, April 21, at 8:00 o'clock it will be given at Brentsville, and on April 22 it will be presented at Dumfries at the same hour.

Little Miss Joyce Leach plays the part of Snow White, while her fairy prince is Clarence Carrio.

No one could forget the haughty Queen who is so ably impersonated by Frances James. The Dwarfs are at their best. Be sure to see Grumpy! Everett Kline, of Manassas, a well-known musician, will render music between acts. Refreshments will be for sale and all proceeds will go to the S. C. A. funds.

MY DEAR MISS ALDRICH

If there is any serious doubt as to woman's ability in competition with man, there is amusing argument for the fair sex in the new Metro-Goldwyn-Mayer film, "My Dear Miss Aldrich," which opens at the Pitts Theatre yesterday.

This is the story of a school teacher who inherits a newspaper. The managing editor is one of those males who refuses to believe that women are fitted for work beyond the home. He won't even hire a girl reporter. The new owner not only changes his views, but makes him love her.

Maureen O'Sullivan, that charming Irish girl who is about to co-star with Robert Taylor in England in "A Yank at Oxford," plays the owner, with Walter Pidgeon, the Broadway star, as the managing editor. As a result of his superior work in this role, Pidgeon has just been signed on a long-term contract with Metro-Goldwyn-Mayer.

Edna May Oliver is a puzzle addict who provides hilarious comedy in the most humorous role of her long career. J. Farrell MacDonald, veteran character star, is the city editor, with ready wit and keen understanding. Janet Beecher, another screen and stage veteran, appears as a militant feminist. Others in the cast include Rita Johnson, Roger Converse, Brent Sargent, Charles Waldron, Guinn Williams and Paul Harvey. George Seitz was the director.

GREENWICH

Mr. and Mrs. Charles G. Mackall and family spent Easter holidays at their home here.

Mr. Kenneth Hooley from Bridgewater College spent several days here with his mother during the holidays.

We were sorry to hear that Misses Evelyn Kerns and Earline Squires had the measles but are back at school again.

Mr. Roy Butler and Mr. Lloyd Baker from Fredericksburg were callers at the home of Misses Jean and Dorothy Leach on Sunday.

Miss Minnie Squires from Madison College spent Easter holidays at her home here.

Miss Josephine Mayhugh spent the holidays in Washington with her cousins.

Mr. Owen Hurst spent Easter holidays in Alexandria with his mother. Mr. and Mrs. E. H. Fetzler and daughter, Ida, Mr. and Mrs. Burt Hughes and daughter, Francis, motored to Skyline drive on Sunday.

NOTICE TO BASEBALL PLAYERS OF MANASSAS A. C. AND ANY ONE INTERESTED IN THE CLUB

There will be a meeting Friday night at 7:30 at the Town Hall, Manassas, Va.

Any player that can not attend and wants to play on the team must come out and practice Sunday evening at 3:00 o'clock at the high school diamond.

Our first game of the Tri-County League will be played May 1 at Middleburg, Va.

NEW LIFE FOR OLD CANAL

Rehabilitation of the old Chesapeake & Ohio Canal between Georgetown and Seneca, Md., will create a great recreational project accessible to every one in this area, a veritable sanctuary from summer heat, gasoline fumes and noise.

A story appearing in The Star next Sunday describes the plans of the National Parks Service for this work, which will restore the canal as it was the day it was completed.

OCCOQUAN AND VICINITY

Mr. and Mrs. Charles Petelett of Baltimore spent Easter Holidays visiting their parents, Mr. and Mrs. Ambrose Petelett of Occoquan and Mr. and Mrs. Edwin Bubb of near Occoquan.

Mrs. Hobart Wicker of Occoquan is visiting her former home in Sanford, N. C.

Miss Marjorie Green of Lorton entertained a number of the younger set at a birthday party at her home on Easter Monday.

Mrs. Johnson of Manassas spent Easter week-end with her parents, Mr. and Mrs. Marshall Tyers of Lorton.

Mr. and Mrs. Harold Wilcher of Occoquan spent the week-end visiting Mr. Wilcher's parents, Rev. and Mrs. Wilcher at Port Royal, Va.

Mrs. Harman Jennings and her son of Purcellville, Va., spent the Easter holidays with Mr. Jennings at the home of the Misses Helen and Mamie Davis in Occoquan. Mr. Jennings is our genial druggist in Occoquan. Mrs. Jennings teaches school.

Miss Georgie Pierce of Washington, D. C., spent the Easter holidays visiting her parents, Mr. and Mrs. C. S. Pierce in Occoquan.

We are sorry to learn that Mrs. Petrie, mother of Mrs. Willard Seelman is on the sick list and hope she will soon be well.

It is with much regret we have to report the passing from this community of a dear old friend, Mr. John A. Sander, who departed this life on 16th inst at the age of 80. Mr. Sander will be laid to rest in Baltimore where his mother and others of the family are resting. Our sincere sympathy go to his loved ones who are left to mourn his departure.

There will be a card party held at the High School on Friday evening, the 22nd inst., sponsored by the Senior League. Come all and have a pleasant evening's entertainment with us.

The clean-up week of April 11-16, has left the town of Occoquan stripped of most of its tin cans, and other rubbish, and it is now in a very presentable condition. There are still a few places where the property owners have not as yet been able to attend to, but we hope by the end this week all will be attended to. Also, a couple of the buildings, "Fire Traps" which the state fire marshal condemned have not as yet received any attention. Action will soon have to be taken by the Town Council if the owners do not take steps to remedy the conditions.

Some very interesting maneuvers will be held near Occoquan during the period between now and May 6th when the U. S. Army Engineers will hold exercises in this vicinity. Part of those exercises will be crossing Bull Run Creek on Pontons about one half mile below Occoquan. They are now getting permission from land owners for the use of their lands in holding those exercises, and we hope all citizens will give the full co-operation, and extend them every facility they can.

To you fishermen: fishing is fairly good now in Occoquan creek and bay. If you should try and have no success, try again because they do not bite good every day. Fishes are temperamental like other animals. Some days they feel good and some days not so good. They only bite on the days they feel good. If you should come without bait, you may get it here; also fishing boats, and if you get hungry for a bite yourself, you may get that here too.

During the Virginia Garden Week, the Photostatic Copy of the original Vestry Book of Pohick Church, dating back to 1732 will be on display at Pohick Church. This Photostatic copy was made some years ago at great expenses, after which the original was turned over to the Library of Congress for safekeeping. The signatures of General Washington and other historical statesmen who were Vestrymen at Pohick Church are in the book. The Vestry of Pohick Church still retains control over the original now the Library of Congress, and the written consent of Vestry is necessary for the Librarian to have it on view to visitors. Remember that during the Virginia Garden Week will be your grand opportunity to view this historical book at Pohick Church. No charge to see it.

BIBLE THOUGHT AND PRAYER

If parents will have their children receive the daily Bible selections, it will prove a priceless heritage to them in their youth.

PRIMING THE PUMP

Although the previous heavy spending program adopted by the government has failed to effect a permanent cure for the depression which faced President Roosevelt as he took office, he now insists upon another dose of this admittedly ineffectual remedy as a cure for the present business "recession".

In his recent fireside address the President blames the failure of his recovery measures upon "certain practices" of business, rather than upon any lack of curativeness in his remedies.

Planned economy has failed in its main objectives. It has long been recognized by reputable physicians, however, that in the absence of a permanent effect, it is at least justifiable to continue application or injections of medicines which will give temporary alleviation of suffering. Such treatments are frequently repeated as long as their beneficial effect is felt, or until the constitution of the patient will no longer withstand these treatments. Then if natural recovery has not proceeded sufficiently to enable the sufferer to survive, he fails to recover.

The President faces new difficulties in effecting his new four billion dollar "pump-priming" project, and he also has new assets. It is no longer regarded as party disloyalty to differ with him on policies. His previous efforts by his own admissions have only afforded temporary relief. Offsetting these handicaps, he has a Congress faced with campaigns for re-election, and many Democrats, notably outside of the South, want any kind of pain killer for the national illness which will revive the patient until after election, and if possible keep recovery ap-

Progress is not accidental. It is the result of carefully matured plans and financial competence.

parently an accomplishment through the period of the next Presidential campaign.

It is probable, therefore, that the President may at least secure a substantial portion of his "pump-priming" program, but his success in office may face far greater problems than Mr. Roosevelt faced when he undertook the presidency.

IN MEMORIAM

In sad but loving remembrance of my dear mother, Mrs. Susie Graham Powell, who entered into eternal rest seven years ago, today, April 20, 1931.

You crossed the raging sea of time,

But left me in the storm;

The angry billows around me roll,

By faith I am sailing on

With only one last hope in view.

And this I know is true—

You never can return to me.

But I can come to you.

You watched me live, you watched

me grow

You helped me on my way,

You taught me truths that I should

know

That shall forever stay.

And when the storms of life have

ceased

And the mist has rolled away,

I'll fold this earthy tent of clay

And meet you some sweet day.

Her devoted daughter,

Grace Yowell. 50-x

GAY GOTHAM SCENE OF NEW WEST COMEDY

Mae West returns to a role similar to the one in which she won international fame in "Every Day's a Holiday," the new comedy which opens Monday and Tuesday, April 25-26, at the Pitts' Theatre. La West is a buxom belle of the nineties with an accent on the wisecracks—the same dame she was in "She Don't Him Wrong".

In "Every Day's a Holiday" Miss West is a hard-boiled lass who is torn between a desire on the part of Walter Catlett to star her in a new revue and the insistence of Edmund Lowe, a captain of detectives, that she get out of New York because of an alleged deal in which she sold the Brooklyn Bridge to a would-be-millionaire.

The story is laid in Little Old New York at the turn of the century and takes in its stride a New Year's celebration at Rector's famous restaurant, a mayoralty campaign—into which La West injects some showmanship—the New York theatrical scene in the days of "Diamond Jim" Brady, and the introduction of the automobile to the big city. The story is an original by Miss West.

Mrs. Walter Sadd was called away on Saturday by the sudden death of her brother, Mr. Marion Brown, of Asheville, N. Y. The funeral took place yesterday.

SOIL LIMING

Credit toward soil-building payments for the use of agricultural liming materials is provided by the 1938 Agricultural Conservation Program. Lime when applied to the plant foods calcium and magnesium, granulates the soil, promotes the decay of crop residues and formation of nitrates, increases the efficiency of fertilizers and counteracts soil poisons. Liming benefits the crops by increasing yields, decreasing the chances of crop failures, making possible the growth of valuable legumes, hastening crop maturity, controlling certain plant diseases and lessening the possibility of winter killing.

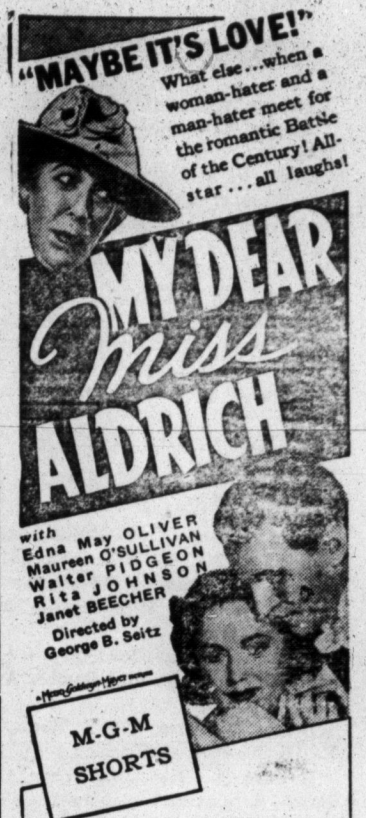

INCREASING CARRYING POWER OF PASTURES

Many farmers are increasing the carrying power of their pastures by applying lime and fertilizer. The labor cost of producing feed from limed and fertilized pastures is negligible compared with the labor cost of producing equal feed from tilled crops. The need for liming and fertilizing permanent pastures is recognized by the 1938 Agricultural Conservation Program. Double credit for the use of fertilizer on permanent pastures is allowed under this program.

LIVESTOCK IMPROVEMENT

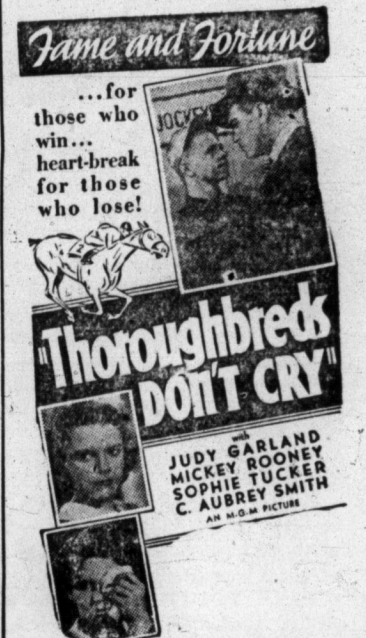

One of the recommendations made at the recent meeting of the County Board of Agriculture was that there be a united effort toward the improvement of livestock through the use of

better sires. The small additional cost of a good purebred sire may often be made up by the additional value of the first offspring. A survey made late in 1937 showed an urgent need for better dairy and beef bulls. Too much crossing of breeds, a very undesirable practice, was indicated. With the growing demand for good dairy cows, the general farmer with only a few cows will be in a position to profit by giving more attention to the quality of bull that he is making use of now.

SAVE SOIL-BUILDING MATERIAL PURCHASE RECEIPTS

Farmers participating in the 1938 Agricultural Conservation Program are again reminded to obtain and keep itemized purchase receipts for all seed, fertilizer and lime for which credit for soil-building practices is desired. These will be required at the time of the check-up on soil-building practices carried out this year.

SERVEL ELECTROLUX
THE Gas REFRIGERATOR

has no moving parts in its freezing system. That means—

- Permanent silence
- Lasting efficiency
- Continued low running cost

- More years of satisfaction
- Savings that pay for it

Save WITH THE REFRIGERATOR YOU HEAR ABOUT— BUT NEVER HEAR

HERE'S WHY a Servel Electrolux gives you silent, low-cost refrigeration—year after year. It operates by a wholly different principle. It's the only automatic refrigerator that has no moving parts in the entire freezing system. Nothing to wear, nothing to become inefficient. A tiny gas flame does the work, circulating a refrigerant that produces steady cold and cubes of ice unfailingly. A Servel Electrolux is designed to save you more money... and give you permanently silent operation. Call at our showroom and get full information about the new models.

YOUR FLOWER GARDEN

A walk through the woods in the

springtime,

With the song of the birds in the

air

And the wild flowers nodding their

dainty heads

Is a pleasure that none can compare.

Notice has reached us of the dates

for conservation week which is scheduled

for April 25—29, April 29 being

Arbor Day. During this week work

is done in the schools, both with

programs and classes, to teach our

children the care and appreciation

of our wild birds, flowers, and trees.

Our county seems especially fortunate

in having teachers in our

schools who not only are fine in curriculum

work but lovers of nature

and beauty as well. We have talked

to several recently who are especially

anxious to plant and beautify their

school grounds. This has been sadly

neglected in most cases. This should

be encouraged, for it is a wonderful

opportunity to teach our children to

preserve beauty, and you will be surprised

how much of this work they can do themselves

and how interested they are.

We have a duty as parents to our

school. Why not take a little time on

Arbor Day and do some planting at

your local school? Plant several

dogwood and redbud to frame your

building. Laurel and wild azalea or

honey suckle in shady corners and

smaller wild flowers near the foundation

plantings or other shady spots. Dig a large hole in each case and fill

with woods earth to a depth of 18 in.

or more according to the size of the

plant or shrub. Smaller sizes are

easier to handle and will grow faster.

Disturb the roots as little as possible

and water well. This will be all that is necessary in most cases. It will

be a source of pleasure to everyone

passing by for years to come and you

will have contributed your bit to our

conservation week program.

The Garden Editor.

CHRISTIAN SCIENCE

"Probation After Death" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, April 24.

The Golden Text will be "Verily, verily, I say unto you, The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live" (John 5:25).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The former treatise have I made, O Theophilus, of all that Jesus began both to do and teach, Until the day in which he was taken up after that he through the Holy Ghost had given commandments unto the apostles whom he had chosen: To whom also he shewed himself alive after his passion by many infallible proofs, being seen of them forty days, and speaking of the things pertaining to the kingdom of God" (Acts 1:1-3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Our Lord and Master presented himself to his disciples after his resurrection from the grave, as the self-same Jesus whom they loved before the tragedy on Calvary" (p. 317).

Forest Hill Church on Sunday night. Many attended and we would like to see such a congregation on every second and fourth Sunday.

NOKESVILLE HOME DEMONSTRATION MEETING

The regular monthly meeting of the Nokesville Home Demonstration Club was held at the home of Mrs. Smelker on Wednesday, April 13th, with a large representation in attendance. Mrs. C. O. Bittle opened the meeting with a suitable Easter program.

During the business period several committees reported on work being done. The landscaping of the Home Economics Cottage is under way. Mrs. E. E. Hale urged the Club members to report on work being done on planting of our home lawns and gardens.

Mrs. Smelker's report on the meeting of the Federation of Women's

Clubs held in Fredericksburg was very interesting.

A discussion of the Participation of Different Family Members in House-keeping Activities was given by Miss Webb. After which there was an egg hunt on the lawn and refreshments served by Mrs. N. N. Free, Mrs. C. B. Fitzwater and Mrs. C. O. Bittle.

MOSES A. C.

The Springs visited Moses A. C. Sunday, April 17, for a practice game. The Springs were defeated by a score of 7 to 0.

Moses A. C. will have a practice game on the Haymarket diamond Sunday. All players are asked to be present because the opening game of the season will be the following Sunday.

LETTERS TO THE EDITOR

SHALL THE AIRPORT BE
TAKEN OVER BY TOWN?

At the regular meeting of the Town Council on April 25th the Council will probably take final action with reference to the purchase of the landing field.

It is reported that some mis-statements regarding the cost of this field to the town have been made.

If the town should decide to buy the field the present owners will convey the same without any profit on their investment. The State will take over the improvement and maintenance of the field—the Town having to make no further provision for maintaining same. The State now has 2,000.00 being held for the improvement of the field if the Town acquires title to it, and we'll have a proportionate amount to spend each succeeding year out of a fund provided by the last General Assembly.

The property is well worth the cost of same and, by virtue of the money to be spent every year by the State in improving same its value will be increased accordingly. There will be necessity for the Town to levy a tax, or make other financial arrangements, for maintaining the field as the State will furnish the funds for same and the maintenance of the field will not cost the taxpayers of the Town one cent.—Interested Taxpayer.

MANASSAS AIRPORT?

Due to the intense interest of the citizens of Manassas in the proposed acquisition of a municipal airport, and because of the lack of authentic information on the subject, this citizen feels duty bound to present a brief outline of the facts as found by him after an investigation into the matter.

The true facts are clear and easy to understand. Manassas Airport, at the present time may be acquired for about \$6,300, which amount may be borrowed from the sinking fund which the town now has available. To those of you who may question the right to borrow money from the sinking fund for the purpose of purchasing an airport, it may be of interest to you to know that it is provided by law, that this fund may be invested in real estate, and therefore, there can be no question as to the right to borrow from this fund.

The most interesting fact to most of us is, that the town will not be required to spend any money on the airport for maintenance, unless it chooses to do of its own free will. The Town, under the present legislation, is not required to match any money allotted by the State for the maintenance of this airport. At the present time, if the Town owned the airport, there would be about \$2,000.00 available, and it estimated that about \$1800.00 additional will be available after July 1st, to be used for improvements and maintenance. Incidentally, the maintenance on a field such as the one here at Manassas is practically nothing, and the funds furnished by the State can be used for improvements. The airport will not be a "Cemetery for Taxpayers Money".

How long will Manassas be obligated to operate the airport? The answer is simply this, Manassas is not obligated to the State in any manner to continue to operate the airport, and should the town at any time desire to dispose of it, they may do so.

In the light of the true facts it is inescapable that the only logical conclusion can be that the Town should purchase the airport. The money for the purchase is available, the land is reasonable worth the amount necessary to purchase it, and therefore a sound investment, the State under the present legislation will improve the field at no cost to the Town, and the Town is not obligated in manner to spend any money on the airport other than the initial purchase price. In the fact the Town has everything to gain, nothing to lose by securing the airport.

Will you allow Manassas to be held back again, by those who are unable to look into the future and see the development that is bound to come?—Another Citizen.

Editor, Manassas Journal
Dear Sir:

It was for my benefit to experience what might have been a tragedy in your city last week. I say benefit for it may be more mindful of a condition which may occur to every operator of a motor vehicle.

On one of the main thoroughfares of your city a small child, romping and playing with her companions, darted unforeseen from the front of two parked vehicles into the middle of the highway, directly in front of

an oncoming vehicle. Fortunately, due to the skill and quick maneuvering of the vehicle, the driver was able to prevent what might have been certain casualty.

Several hours later, on the main street of your city, I was forced to bring my car to a sudden stop to allow a small child to retrieve a ball which had rolled into the middle of the highway. I further state, without fear of contradiction, that no one wishes to be a party to such a terrible tragedy, nor would anyone cherish the sight of a bruised and mangled body of a small child, lying bleeding and distorted.

I recall that in a recent issue of your paper an article by Mr. R. C. Haydon, Superintendent of Schools, in relation to the duty of operators to observe their speed and manner of operation in areas where small children are apt to be.

The law does not define, however, this unwritten duty that is the obligation of every responsible parent, i.e. to instruct their children in the dangers involved in promiscuous playing in public places, adjacent highways, or in any localities where motor vehicle traffic is the predominating factor.

The prevention, as well as the cure, rests in the proper instructions from the household. No enforcement agencies can entirely prevent this situation without your cooperation.

Regardless of the skill, the education, and the general aptitude of the child, what price these if he or she were involved in one fatal accident.

I, therefore, ask that you properly instruct your children in this regard and for your consideration, suggest that where children are of a tender age and are subject to be in such places that they accompanied by ones responsible.

To those that this article may concern, your careful consideration will be helpful, so that your home may not be visited by such tragedy, and that when you are occupying the position as the operator of your motor vehicle, you may not be so unfortunate as to be a party to a useless killing, one which could have been prevented.

Town of Occoquan,
Occoquan, Virginia.
April 20, 1938.

The State Highway Commissioner,
Richmond, Virginia.

Dear Sir:

At the recent meeting of the Town Council of the Town of Occoquan, Prince William County, Virginia, on April 19, 1938, information was obtained that it was contemplated by the State Highway Commissioners to transfer Mr. E. D. Hubbard, Resident Highway Engineer of Prince William County to some other section of the State.

Mr. Hubbard has undertaken a long time program of highway improvements in this county, which will not be completed for another year or two, and it seems unwise to change Mr. Hubbard's duties now while this improvement is in progress.

Be it therefore resolved that we, the Town Council of the Town of Occoquan, Prince William County, State of Virginia, do hereby ask that the State Highway Commission continue Mr. Hubbard in his present position in this County for another couple of years, or until the plans he has made for highway improvement in this section are completed.

Capt. Thos. F. Joyce,
Mayor.
Edgar Shanklin, Clerk.

RUFFNER-CARNEGIE
LIBRARY NOTES

The Ruffner-Carnegie Library is now opened Tuesday and Thursday nights from 8 to 10 o'clock as well as every school day from 9 to 4 o'clock.

A new loan of one hundred books from the State Library in Richmond is expected within a week or two, and the Library itself has a number of new books, including most of the recent best sellers, both fiction and non-fiction, and much attractive new biography as well as a number of good periodicals. Some very interesting new material has also been added to the collection on Virginia: Andrews "Virginia, the Old Dominion" is an attractive new one-volume history of the State—gotten out to meet the demand of the many thousands of tourists now constantly traveling through Virginia—and Dodson's "The Capitol at Richmond, Virginia" gives a finely illustrated description of the State capitol with its treasures of portraits and statuary. Those who heard the discussion on Southern folk songs and ballads given by Mr. John Powell in his recent concert at Manassas will find Arthur K. Davis "Traditional Ballads of Virginia" of great interest, especially in view of the National Festival of Folk Songs, now soon to be celebrated through the county.

BROWN-HICKS

Muriel Kathryn Hicks, of Quantico, daughter of Mr. and Mrs. John F. Hicks, became the bride of Lieut. Nelson K. Brown, son of Mr. and Mrs. Theo. F. Brown, Jr., of Ridley Park, Pa., April 16. The wedding took place at 11 o'clock in the Lutheran Church at Annapolis, Md.

Following the ceremony the young couple left for a wedding trip to the north. The bride was attired in a beige ensemble with which she wore a big top coat with a fox collar and copper accessories. Her corsage was of gardenias and lilies of the valley.

Upon their return they will make Quantico their home until late spring when they will go to the west coast where Lieutenant Brown is assigned to duty.

CENTREVILLE

Mr. W. K. Ryan, who recently purchased the historic McCrae house has added to the improvements by erecting an ornamental iron fence about the property.

Announcement is made this week of the marriage of Mr. W. W. Buckley and Miss Marguerite Sowers, both of this locality.

Mr. Hume Cox, from Seminary, will conduct services at St. John's at 9:45 a.m. on Sunday.

The Young People of Christ Church, Chantilly, held their regular monthly meeting on Tuesday evening at the home of Mrs. C. M. Page.

Mrs. Rena Darr and daughter, Merle, were Easter Sunday visitors at the home of her sister, Mrs. Agnes Robey.

Mrs. John Wharton and Miss Hyland spent Sunday with their relatives at "Royal Oaks."
