### ALUMNI GROUP AIDS JUDGE SMITH

University President Scores Unfair Tactics Used Against the Judge.

Branding as unfair and unjust, the President of the University of Virginia, and the President of the Alumni of that institution issued letters this week commending the helpfulness of Congressman Howard Smith in matters pertaining to the welfare of the University. The correspondence, just released, is printed in full, and reveals the lengths to which his opponent is going to discredit the Judge in various organized associations throughout the District.

University of Virginia.  
July 18, 1938.

Hon. Howard W. Smith,  
House Office Building,  
Washington, D. C.

My dear Representative Smith:

I have today received your letter of July 16th, enclosing copy of a communication signed by F. Coleman Rosenberg, President, Student Doffor-Congress Club, dated July 15, 1938, and addressed to the Student, Faculty, Alumni and all Friends of the University of Virginia.

In this letter of Mr. Rosenberg there occurs the following statement: "Throughout his eight years in office, Representative Smith has callously disregarded the welfare of the University."

As you know, the University of Virginia has never taken part, nor does it now take part, in any political campaign either within or without the confines of the Commonwealth. It never undertakes to prefer one candidate for office to another candidate for office, but, in reply to your letter, I am impelled to say that during your eight years in office I, as President of the University, have had frequent occasion to consult your helpfulness concerning matters pending in the departments at Washington. You have always rendered loyal and efficient service to the University of Virginia whenever it has been requested of you. I recall with gratitude and appreciation your effectiveness in certain of our requests for loans and grants from the Public Works Administration.

Faithfully yours,  
J. L. Newcomb,  
President.

July 18th, 1938

To The Members of the Alumni  
Association of the University  
of Virginia:

It has come to our attention that an anonymous communication, bearing the title, Alumni Group for a Thomas Jefferson Memorial at the University, has been sent to alumni of the Eighth Congressional District. Due to the number of communications addressed to the Alumni Association, the general impression seems to be that it has some connection with the Alumni Association of the University of Virginia, which, of course, is not the case.

In its closing paragraph, it proceeds to accuse Congressman Howard Smith, who is up for reelection, of opposing the establishment of a memorial to Thomas Jefferson at the University of Virginia.

The facts are that, although many famous Americans have a memorial in the nation's capital, there is none to Thomas Jefferson. On June 26, 1934, the Thomas Jefferson Memorial Commission was established by Joint Resolution No. 731, and contains the following language:

"That there is hereby established a Commission to be known as 'Thomas Jefferson Memorial Commission' for the purpose of considering and formulating plans for the designing and constructing a permanent memorial in the City of Washington, District of Columbia."

Congressman Smith was appointed a member of this Commission, and by its terms and purposes, the Commission was bound to establish the memorial within the District of Columbia, the nation's capital. Congressman Smith is an alumnus of the University of Virginia and never opposed the establishment of a memorial to Thomas Jefferson at the University of Virginia. Such a proposal was never voted on by Congress and could not have been considered under the

### ANNOYS CHURCH SERVICES (Editorial)

One of the ministers of Manassas has called attention to the deliberate manner in which a political automobile, equipped with loud speaking devices, annoyed and disturbed services in one of our churches last Monday night.

Much resentment against the outfit resulted and it is hoped that should the offense be repeated, the law against disturbing religious gatherings will be invoked to put such people where they belong.

### CITIZENS WANT ARMY MANEUVERS

General Committee to Meet  
Next Wednesday

At a meeting of property owners, held in Bethel School House on Tuesday evening, it was decided to organize a group or working committee who would interview the property owners in the area desired to be used the United States Army for its maneuvers in September, and secure signatures from the owners granting such use of their land. The meeting was presided over by Mr. G. C. Russell and Mr. Stanley A. Owens, Secretary of the Prince William County Chamber of Commerce, acted as secretary of the meeting.

There was a very free and full discussion of the question of whether the proposed maneuvers were desirable or otherwise. The majority of the expressed opinion appeared favorable and all of the property owners present sign the permission forms for the use of their respective properties. The following committee was named by the chairman to interview the property owners in the desired area and secure their signatures to the permission forms, viz.:

Mrs. Janie Abel, Dumfries, general chairman of committee; Mrs. I. M. Davis, Hoadley; J. L. Dawson, Occoquan; Harvey Janney, Occoquan; F. B. Morgan, Occoquan; Hon. Geo. W. Herring, Woodbridge; G. C. Russell, Woodbridge; E. L. Herring, Independent Hill; J. Murray Taylor, Independent Hill; Walter Wine, Independent Hill; Howell Barnes, Minnieville; Daniel Reid, Hoadley, and W. Sisson, Dumfries.

The foregoing committee was given authority to name as many assistants as might be found necessary or convenient. As the Army has fixed August 12th as the dead line for the securing of the signatures for all properties in the area, the committee will need all the assistance and co-operation that can be afforded them in their work, and they ask that every one in a position to secure one or more signatures communicate once with some member of the committee.

One the evening of Wednesday, August 3rd, at 7:30 o'clock, a meeting will be held at Independent Hill at which the members of the committee will report on the progress made.

### COUNTY OFFICIAL TO ADDRESS DEMOCRATIC CLUB

The Young Democratic Club of Prince William County will hold its monthly meeting at the Court House at Manassas on Monday night, August 1st, at 8 o'clock p.m. In the absence of the president, the meeting will be conducted by Mr. P. A. Lewis, vice-president.

Hon. W. Hill Brown, Jr., Commonwealth attorney of Prince William County, will be the speaker of the evening and has chosen for his subject "The Right to Vote". Hon. Paul E. Brown, Commonwealth Attorney of Fairfax County, has also been asked to speak.

### WALTONIANS TO HEAR REPORT

There will be a special meeting of the Falls Church Chapter of the Izaak Walton League in the Masonic Hall, Bank Bldg., East Falls Church, at 8:00 p.m. on Thursday, August 4th. President McNemar will give a complete report on the Wildlife Conference at Blacksburg.

### PLEASANT VISITOR

Mr. Thomas Cody, of New York City, visited Manassas yesterday after an absence of over 35 years. He noted many improvements since he attended the big military maneuvers here.

### WHO IS JUDGE SMITH'S OPPONENT? (Editorial)

In the past few days an astonishing revelation has been made of the apparent Communistic activities of the young man who is now seeking to replace Judge Smith in Congress. These substantiated charges are not of the mud-slinging type now being indulged in by Judge Smith's opponent, but vitally concern all Virginia voters, since these charges go deeply into the very foundations of our elective system of government.

From the beginning of this campaign we have been increasingly conscious of a heavy pressure upon the Eighth Congressional District, exerted from without the State, and directed to the enforcement of a candidate upon us who has heretofore been unknown politically, and who, so far, has apparently failed to produce evidence that he has ever voted in the District of Virginia which he seeks to represent in Congress.

The blacklisting of Judge Smith by Jno. L. Lewis's C.I.O. organization, along with 42 other Representatives and Senators, is not sufficient to explain this unusual pressure, nor to account for the aurora of publicity thrown around every movement and action of a personality really inane.

It has been definitely published in the last few days, however, that the official organ of the Communist Party record the activities of this gentleman over quite a period of years, noting his affiliation with Red organizations. These groups have been branded by a Congressional Committee and other recognized authorities as dangerous and antagonistic to the American form of government.

The astonishing circumstance is now revealed that the candidacy of this young man was announced in an official magazine of the Communist Party fully four months before the information became public in Virginia. And still more astounding is the statement in this magazine that the source of their information is the Federated Press, a news agency, which U. S. Report 2290 states, occupied the same office and had the same representative in Washington as the Soviet Union Telegraph Agency of Russia.

There is also mentioned in this official organ of the Communist Party the fact that this gentleman was a "speaker and organizer

### LIES! (Editorial)

It is seldom that we use the short and ugly word in our political affairs, but no other characterization is appropriate of the wholesale and deliberate misrepresentations which are being peddled throughout Northern Virginia in the campaign against Judge Smith.

In the absence of any damaging facts which can be used against our popular Representative in Congress, statements are being manufactured out of whole cloth, and they apparently never fail to be reproduced in Washington newspapers.

The Young Democratic Club of Fairfax County at its meeting this week passed resolutions denouncing Washington newspapers for their inaccurate statements in this campaign, particularly in misrepresenting the Eighth District Young Democratic Convention in Alexandria, and more recently their misstatement of the names of alleged officers of the Young Democrats said to be supporting Judge Smith's opponent.

It is shocking that such dishonorable methods should be employed against Judge Smith, and that such generous cooperation in mis-statements should be accorded by Washington newspapers, all of whom have been grossly unfair to Judge Smith in their news columns. These outside newspapers, in some instances, have been decent in their editorial columns, but their lack of common honesty in news accounts of the progress of this campaign, and their apparent unwillingness to make corrections of mis-statements, is greatly to be deplored and will not soon be forgotten in Northern Virginia.

### NOTICE

The Bad Boys of the town of Manassas and immediate vicinity, between the ages of 10 and 16 years, are requested to meet on the Hotel lawn at Manassas, Va., Friday evening, July 29th, at 7:30 p.m.

They will hear something that will be of interest to them and may also organize a "Bad Boys Club." A treat is in store for them also.

(Signed) R. S. HYNSON,

GEORGE B. COCKE,  
H. G. INSCOE,  
Committee.

### MEETING OF T.B. GROUP

There will be a meeting of the Prince William County Tuberculosis Association on Wednesday, August 3rd, 1938, at 2 p.m. in the Prince William County Health Unit Office. All members and their assistants, please attend.

Miss Flegman will be here and ways and means of conducting our program for the following six months will be discussed.

The Ladies' Aid Society of the Manassas Baptist Church will meet with Miss Isabelle Hutchison, Tuesday, August 2, at 3:00 o'clock.

July 26, 1938.  
The Manassas Journal,  
Manassas, Va.  
Gentlemen:

Will you please announce in this week's issue of your paper that I will address the voters of the Eighth District on the issues of the Congressional campaign over WJSV at 7:30 p.m. Friday, July 29th?

Sincerely yours,  
Howard W. Smith.

### LOCAL FIREMEN HOLD CARNIVAL

Week of Pleasure Begins at Manassas Saturday

The annual Fireman's Carnival of the Manassas Volunteer Fire Department opens Saturday evening, July 30, and will continue every evening, Sunday excepted, until the closing night, August sixth.

In charge of the arrangements are Messrs. John T. Broadus and J. A. Vetter. The Department has made every possible effort to make this year's Carnival exceptionally attractive and they have labored unceasingly to bring amusements which will entertain everybody, young and old.

There will be the usual layout of refreshments, such as hot dogs, soft drinks, etc., and the amusements include Rides, Bingo, Ferris Wheel, Kiddy Auto, Airplane, and other features which are designed to reward those who help the firefighters by providing a really enjoyable evening and offering plenty of inducement to come back every night.

The Manassas Fire Department, which is one of the best in the State for a town of our size, has no adequate source of funds to finance their expensive equipment and up-keep, and these carnivals afford the chief opportunity to "help the boys who help you". They come when you call, says their advertisement, and certainly you should come when they call.

### YOUNG DEMOCRATS OPPOSE EXCESSIVE SPENDING

The Young Democratic Club of Fairfax County passed a resolution this week opposing "the excessive expenditure of money in primary contests." "The statute law of Virginia" reads the resolution, "limiting the amount which any candidate in a primary may spend should be complied with all candidates, and the provisions of the law in this regard should be strictly enforced."

The law allows the expenditure of fifteen cents per voter, based on the vote of the last general election, and this for the Eighth District of Virginia, casting 11,650 votes for Governor Price, would allow approximately \$1,800.

### POINTED PARAGRAPHS

Virginia was a staunch Democratic State when most of the satraps of the New Deal were voting the Republican ticket, and speaking of Southerners as "the late Rebels." Even now we endure the humiliation of being told that we are the nation's greatest economic problem. I deny it. We need nothing so much as to be let alone before the backbone is extracted out of all of us. We survived the depression following the War between the States, and recovered from it without any coddling or keeping.

The South is still largely agrarian, and agrarian America has had no depression. The depression is wholly an urban malady, the disease due to industrial dislocation. People who live by farming and fishing can thumb their noses at industrial depressions.

In the meantime, to return to my subject, keep your eye on the Eighth District, and watch Virginians show the mettle of their pasture.

Judge Smith is a true Democrat. —Thos. Lomax Hunter in the Times-Dispatch, July 27, 1938.

### ATTEND BANKER'S MEETING

A delegation of banking officials and directors from Manassas journeyed to Leesburg last Tuesday evening to attend the July meeting of the Clearing House Association of Loudoun, Fauquier and Prince William Counties. A program of special interest and a most enjoyable banquet (Continued on page 5)

### TUESDAY IS ELECTION DAY

Every Democrat Urged to Vote  
on August 2

(Contributed by a lifelong Democratic Voter, of Manassas, who is interested in seeing the voters express their opinion at the polls.)

On next Tuesday, August 2nd, the voters of this, the Eighth Congressional District, will have the opportunity of going to the polls to select a nominee to represent them in Congress for the next term, and a great many of these said voters will stay away from the polls and later on exercise the good old American custom of criticising the result and the work of their representative.

Judge Smith has ably represented this District in the past, though failing to do what no mortal has ever done and never will do, that is satisfy everybody. He is opposed by a new comer in Virginia politics whose platform seems to consist principally of criticisms of Judge Smith but who does not, so far as we can learn, offer any substantial or constructive program.

It is your privilege and duty to vote in the primary. Do not stay away from the polls and expect others to nominate your choice. Go to the polls and express your preference. Vote for a man who was raised in this district and in whom you should have confidence. Do not vote for a candidate with no record to justify your support.

a real surprise to Mrs. Dove, and one which she appeared to appreciate very much.

All you FOLKS who desire to visit a nice clean small town now will do well to pay a visit to Occoquan, Va. You will find the neatest little town in Prince William County. We still have with us though, a few eye sores in the ramshackle house of Miss Gertrude Selecman and her brother, one of which is now in the hands of the Circuit Court Judge for action; also the house belonging to Mr. W. S. Lynn which he promised to have either repaired or taken down some few months ago, and which promise he will eventually keep. Japanese promises do not help very much.

## SAGAS OF THE SKIES

By R. C. Oertel  
Manager, Aviation Division, Sales Department  
Esso Marketers

NO tougher air story has ever been ridden than the one that Frank Krebs, a U. S. Army Reserve Corps private, rode, very much against his will.

It happened at the Municipal Airport in Chicago. Out on the field Lieutenant Lewis J. Connors of the Army Air Corps was turning over the motor of his plane, ready for a flight to St. Louis. In the plane with him was a civilian, James K. Hutton.

Connors had the plane ready to take off when Krebs suddenly ran out on the field to the plane. He jumped on the wing to have Hutton sign routine papers releasing the army from responsibility.

Lieutenant Connors didn't even see the private on the wing—he was staring down the field looking for the control tower's "go" signal. The second he got this his plane roared down the field into the air.

It was too late for Krebs to jump. In desperation, he slid on to the fuselage. Wind whipped his face, the motor roared and Krebs tried frantically for a grip on the smooth fabric. He finally caught on to the edge of the rear cockpit, and flattened himself against the plane.

It took but a few seconds for the air traffic control man to recover from the astonishing sight of Krebs astride the plane, and he radioed a message to Lieutenant Connors. Carefully the amazed Lieutenant turned the plane, started a long, gentle glide to the ground. The plane rolled to a full stop before Krebs released his hold on the rear cockpit, slid weakly to the ground and gasped: "No cowboy ever rode a bronc harder."

## "IN OLD CHICAGO" HITS PEAK IN NEW CYCLE OF SPECTACULAR FILMS

The urge to make big pictures, pictures honestly deserving those much abused adjectives "tremendous," "spectacular" and even "colossal," seems to come in cycles. And these cycles reach their crest roughly, very roughly, at ten-year intervals. Of course, people haven't been making movies long enough yet to enable the statistician to determine so long range a matter as the periodicity of appearance of big pictures definitely, but so far, ten years seems to be the interval between one cluster of big pictures and the next, but the clusters themselves are spread over a period of three or four years.

We seem to be right at the high point of such a cycle now, with a lot of big pictures showing, and "In Old Chicago" with its enormous budget scheduled for an opening at the Pitts Theatre next week, August 1-2. The chances seem to be, if the cycle is correct, that the next few years will see a slump in spectacle pictures, no more than one being produced a year, if that.

The fire itself, the mere matter of reproducing convincingly a fire that burned four square miles of buildings, destroyed \$200,000,000 worth of property, killed 300 people (that was the number of dead who were found after the conflagration), all in a holocaust that lasted unabated for two days, was difficult enough. A sixty-acre city had to be destroyed by real flames, carefully controlled, while cameramen, Tyrone Power, Alice Faye, Don Ameche, Alice Brady and hordes of extras and cattle all performed their duties in the midst of the flames. In a strange reversal, chaos had to be made out of disciplined order; the chaos was what came on the negative, the order what preserved life in getting it there.

Technical ingenuity was taxed to the uttermost to make the screen blaze conform with eye witnesses' descriptions of the fire which mentioned huge clouds of gas bursting into flame hundreds of feet above the main blaze, iron girders melted and running like water, a river ablaze with burning oil on its surface, the constant deepening roar of flames fanned by hordes of terrified refugees.

Bringing this on the screen meant reconstructing two Chicagos, one the city in 1854, just at the start of its growth, the other the city in its glory just before the blazing ruin descended. A vast amount of research was entailed in this job. The Twentieth Century-Fox studio staff prepared—taking a year to do it—a 240 page book dealing minutely not only with such obvious matters as the plans of

the city, the important buildings, the costumes of the day, the industries, the manners of the period, but also with such apparently irrelevant details as what the people ate, drank, read, what games they played, what songs they sang, the conditions of the streets, how they were lighted, how the police and fire departments were managed and how elections were conducted.

**OBEY GOD'S LAW:** The law of the Lord is perfect, converting the soul; the testimony of the Lord is sure, making wise the simple.—Psalms 19:7.

AUGUST 2ND

August 2nd, the date of the Democratic primary, is less than a week off. This year's Democratic primary is of especial significance to the Democrats. The personalities and records, or rather, absence of any record in one case, are so dramatically opposite that no voter can be lukewarm on the issue. Representative Howard W. Smith asks the people's support on his record. This record has at all times been in the interest of his constituents of the Eighth District and the State of Virginia. During his incumbency, he has been a liberal legislator for most of the New Deal measures, an active campaigner for Mr. Roosevelt in 1936, both in his home State and in other states, and in private life he is a successful dairy farmer, a former corporation judge in Alexandria and an eminent lawyer.

On the other hand, Mr. Dodd has no record of public service, no definite platform to present to the people and no success in private life. Mr. Smith is well-known through both his public and personal records. Mr. Dodd is just the opposite. Mr. Dodd claims his right to election on a 100 per cent concurrence with the dictates of the present administration. However, notwithstanding Mr. Dodd's constant claim to strong administration support, as yet there has been no official word of endorsement by either President Roosevelt, James Farley or any other high official in Washington. Even if this were the case, we believe that Virginians still wish to elect their own representative. It must be remembered that Howard Smith is no foe of the administration, as his opponent would

like to make out. He has supported the major legislative aims of the administration and when dissenting has only done so after careful deliberation, when in his belief such legislation is either impracticable or harmful to the best interests of Virginia and the nation.

However it is always unwise to underrate an adversary. Mr. Dodd has spent a lot of money on political advertising and propaganda over the radio. Some people will take at face value his claim of President Roosevelt's whole-hearted endorsement and for that reason, which is unfounded, will be willing to vote for Dodd, not on his capacity to fulfill the office which he seeks, but because of their admiration for the president.

On August 2nd, every good Democrat should not only go to the polls himself but should also see that his friends go. Mr. Smith's services to the Eighth District deserve it. Remember that the office which he holds is the closest Federal office to the people at home. On scanning the qualifications of the two candidates, it is not hard to determine which way our vote should be cast. From now until August 2nd, friends of Howard W. Smith should actively work to see that he is returned to Congress with an overwhelming majority. The Judge, who is our friend and compatriot, is entitled to this effort on the part of his constituents. His cause should be our personal responsibility.—Fauquier Democrat.

## WHY INSULT VIRGINIA WOMEN?

We are puzzled by the foreign methods used by Judge Smith's opponent in his official campaign circular under the section addressed to "Virginia Ladies." If the idea back of it was to show any discomfiture on the part of Judge Smith, certainly the shot missed its mark and has become a boomerang, creating widespread resentment that such language should be used in addressing Southern ladies.

We note that this circular states that its author is a graduate of the University of Berlin, Germany. Such methods may be popular in the land of Hitlerism, but are not tolerated here. It is related in this circular that Judge Smith delegated Mr. Haley, his secretary, to represent him at a luncheon given by a woman's organization in Arlington County.

The leading boast of the section is the use of language attributed to one of the women, smacking of the coarseness of a Billingsgate fisher-wife.

The incident itself, if it occurred, is insignificant. But the language used by Judge Smith's opponent in describing it in a paragraph addressed to "Virginia Ladies" is unpardonable. Respect for womanhood descends to Virginians from the days of chivalry.

We do not permit insulting language to be directed to our ladies without challenge.

We do not tolerate such levity in our midst and certainly would not choose as our representative in Congress anyone exhibiting such woeful lack of familiarity with the amenities of gentlemen and with the traditions held sacred in this State.

Such language is only in keeping with the general program aimed to disrupt ideals which the English race has held intact in our Southland for over three hundred years, and which, by the grace of God, they will continue to do.

## TOBACCO FESTIVAL AT SOUTH BOSTON

"Befo' de war" atmosphere will prevail throughout the Old Tobacco Plantations Tour, a major feature of the fourth annual National Tobacco Festival, to be held at South Boston on Thursday and Friday, September 8 and 9. Extensive effort is being made to make this feature the most unique ever held in America. The manor houses of these old plantations will be open the 8th and until noon the 9th.

An attractive brochure has been printed of which thousands will be mailed to the garden clubs. Included in the itinerary of the tour will be five homes of historic interest. For the first time in its long history, "Clarkton," with its 6,000 acres and its average from 30 to 50 tenant families, will be opened by its owner, Mrs. Thomas Clark, all day Friday the ninth, only. A marionette show at 10:30 A.M. will be arranged by Miss Elise Clark. "Clarkton" is five miles from highway 501 (Lynchburg-Durham) near Brookneal.

"Seaton," built in 1852 and now owned by David Webb, contains papers, dolls, portraits, antiques and costumes treasured for 200 years and is virtually a private museum. "Green's Folly," built in 1771 by General Berryman Green and once used for the courthouse of Halifax County, was dubbed a folly by the residents due to the huge size of the building for the period. At present it is owned by Mrs. R. S. Barbour, Sr. The home is situated between South Boston and Halifax and a quaint hack and surry will convey visitors from "Seaton," a half-mile away.

"Berry Hill," ancestral home of the Bruces and according to Fiske Kimball "the most perfect classic architecture in the South," is within five miles of South Boston and was built by James Coles Bruce in 1828. Its original wall paper, its hanging double staircase, its quaint servant quarters and kitchen are the interesting. "Berry Hill" will be open on Thursday, September 8 only, from 9:00 A.M. to 1:00 P.M. "Black Walnut," built in Revolutionary times upon part of the John Randolph Roanoke plantation, has always been owned by the Sims family. It is located two miles north of Clover, on the Richmond highway, fifteen miles from South Boston and Halifax.

Information regarding the tours is being furnished by Mrs. V. L. Fowlkes, who is secretary of this Historic Committee of the National Tobacco Festival at South Boston, Virginia.

## Cool Toned Shades

By Jane Rogers

IT'S summer bungalow time and you're probably in the midst of decorating your cottage whether it be in the country or at the seashore. We've one suggestion to make—hang the new darker toned shades. larkspur blue or springleaf green, in every room. These two tones have the happy faculty of diffusing light and keeping out the glare of the summer sun.

They're particularly important for bedrooms if you want your family to awaken refreshed and rested and in an amiable mood. Don't forget to hang these muted tone cloth shades in the kitchen—you'll find it a far more comfortable place to work in.

●If you intend staying where you are—change to these summer shades and you'll transform your whole summer setting and keep your life on a grand even keel.

## FARM LOANS NOW READY

Supervisors Lewis Announces  
F.S.A. Requirements

"Now is the time for farmers expecting to borrow from the Farm Security Administration for 1939 to begin making their farm plans," said County Supervisor, Mr. P. A. Lewis, Manassas, Va., who is in charge of the Farm Security Administration's rehabilitation program in Prince William, Fairfax and Stafford counties.

"The plans should provide for seeding winter cover crops, winter legumes and fall grains this fall, in addition to a balanced farm plan for 1939 and thereafter. In order to make satisfactory plans for fall planting, it is advisable if possible for tenant farmers to make rental agreements during July and August," Mr. Lewis said. "If loans are needed to assist in financing these plans, the FSA is prepared to make small loans to farmers who are unable to secure adequate financing elsewhere," he pointed out.

Explaining that the task of the Farm Security Administration is not only to help disadvantaged farmers by lending them money but by assisting them to adopt successful farming practices, Mr. Lewis stressed the need of starting early.

"Our goal is to try to get every FSA borrower, whether tenants or owner, to have his farm plan worked out during late summer and early fall," he said. "Hard work combined with convenient credit, good equipment and good farming practices, in most cases, mean the difference between failure and success, but in order to get good farming practices under way we have to plan ahead," he added.

## MANASSAS PANTHERS SCORE AGAIN

Sunday, July 24th, the Manassas Panthers defeated the Leesburg Trojans 6-3, with Albert Fields, Jr., bearing down in the pinches. He was able to register his fourth victory of the season against no defeats. He also hit a single to left in the second inning, which scored two of his pals. Wilmer Fields, his younger brother, drove in the other four runs with a double and a single, the double clearing the bases. Oliver Fields and Morarity were the other big guns of the Panthers.

Brown, of the Trojans, was the only batter to get more than one hit. Mallory, the Trojans' starting pitcher, was not able to complete the first inning because the Panthers greeted him with a volume of base hits. However, Mallory, his successor, pitched a very creditable game the rest of the way.

Sunday, July 31st, the Panthers journey to Leesburg to return the game.

IN BOISTEROUS FILM

Not since Mademoiselle from Armentieres was a mere slip of a girl, not since "What Price Glory" and "The Cockeyed World" has there been such heck-raising on the screen. McLaglen and Donlevy, both honest-off-screen veterans, lend more truth to this film than play-acting could ever devise.

These bottle-scarred veterans know all the maneuvers... and when they lay siege to beautiful Louise Hovick, "Battle of Broadway," like the Battle of the Marne, becomes nothing more than a whole collection of fights conveniently filed under one heading.

The cast of the film includes Raymond Walburn, Lynn Bari, Jane Darwell and Robert Kellard.

The lusty screen play by Lou Breelow and John Patrick combines business with pleasure for Vic and Brian. Walburn assigns them the task of breaking his son's romance with a chorus girl while they are in New York Louise pretends to be Bob Kellard's

ENTER now, Claudius Crozet, Esq., a picturesque and important figure in the Chesapeake and Ohio story. Ex-officer of Napoleon, first professor of engineering at West Point, an organizer of Virginia Military Institute, Principal Engineer of the State of Virginia, he was an engineering genius and man of vision.

Q He had been champion of steam railroads before any were operated in America, advocate of tunneling mountains before it had ever been attempted for a railroad. To him the State entrusted the tunneling of the Blue Ridge and building of the 17-mile Blue Ridge Railroad to connect with the Louisa Railroad, and later, become its property.

Q Having surveyed the mountains, Crozet anticipated "more difficulties in 8½ miles than usually are spread over fifty." Yet he little knew how great would be the obstacles or how long the task. Work begun in 1849 was not ended

until 1854. He had not foreseen the underground problems—rock of extraordinary hardness in one place, soft and crumbling formations in another... subterranean floods... dangerous rock-slides.

Q Yet he won. Armed for his siege of the heights with none of the modern equipment, he built not one but four tunnels through the Blue Ridge. They stand as models of engineering technique and as a monument to the pioneer hardihood which built this railroad... Today, as the inspiration of devotion to a vision of service, Chesapeake and Ohio takes the noble example of Claudius Crozet.

## CHRISTIAN SCIENCE

"Love" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, July 31.

The Golden Text will be "The Lord is good to all: and his tender mercies are over all his works" (Psalms 145:9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Nay, in all these things we are more than conquerors through him that loved us. For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come. Nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord" (Rom. 8:35, 37-39).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Trials are proofs of God's care. Spiritual development germinates not from seed sown in the soil of material hopes, but when these decay, Love propagates anew the higher joys of Spirit, which have no taint of earth. Each successive stage of experience unfolds new views of divine goodness and love". (p. 66).

## LOMBARD PLAYS FILM QUEEN

WITH GREATEST OF EASE

Carole Lombard steps out of real-life character to play her role in "Fools for Scandal," the Mervyn LeRoy comedy coming to the Pitts Theatre next Thursday and Friday, August 4-5.

Miss Lombard, making her first appearance on the Warner lot, plays a leading movie star in the picture. Her character name is Kay Winters and she is so popular that she has to wear a dark wig when she goes out so she may travel unobserved.

In real life, Carole often has found it necessary to resort to ruses of a similar nature in order to go about in public.

The constant autographing such a star as Miss Lombard has to do in real life is also a portion of "Fools for Scandal." Other parallels between the real and the reel life of a movie star include the servant problem, unasked publicity, Travis Banton gowns.

All of which means that Miss Lombard rolled out of bed in the morning, hid herself to the Warner studios and played herself.

## COUNTY AGENTS COLUMN

## TRIPLE SUPERPHOSPHATE

Arrangements for distributing Triple Superphosphate, available to farmers participating in the conservation program, have been made. Applications for this fertilizer may be made at the county agents office.

## HAVE PURCHASE

## RECEIPTS READY

Farmers participating in the 1938 Agricultural Conservation Program are again reminded to have itemized purchase receipts on hand for all seed, lime and fertilizer for which credit for payment is desired. These will be called for by the Supervisors who are now checking performance on Prince William farms cooperating in the conservation program.

## LIMING AND FERTILIZING

## ESTABLISHED PASTURES

With Triple Superphosphate available under the Agricultural Conservation Program and ground limestone obtainable from the State Grinding Plant at a comparatively low cost, fertilizing and liming of pastures can be advantageously carried out in Prince William County during the late summer and fall months. Since top-dressed phosphate and liming materials are relatively slow acting, their application at this time results in partial dissolution before pasture growth starts in the spring. In this way, a whole season is gained. When application is made to pasture in the late summer and fall, the winter action of freezing and thawing is of considerable help in working the material down into the root zone.

## LIMING 1939 LAND THIS FALL

Where it may be more convenient to lime 1939 corn land this fall, this practice is justified by the fact that in plowing, the furrow slice is not completely turned over and a good vertical distribution is obtained throughout the plow layer. Subsequent tilling operations provide the desired horizontal distribution.

## LIMING FOR CLOVER

Another ideal place to use lime in the fall is on small grain. By applying and thoroughly mixing the lime with the soil before drilling the wheat, a favorable soil is provided for late winter and spring seeded clover.

terms of the Bill establishing the Commission.

Another communication addressed to Students, Faculty, Alumni, and all friends of the University signed F. Coleman Rosenberger, who designates himself President, Student Dodd for Congress Club, likewise has come to our attention. Mr. Rosenberger states that Mr. Dodd has led the fight for a nationally endowed school of government to be located at the University of Virginia. Since the Bill creating the commission specified the location to be the nation's capital, obviously there could have been no fight for Mr. Dodd to lead. The establishing of the Memorial to Thomas Jefferson in Washington was sponsored by President Roosevelt and has been Administration supported throughout as shown by a vote of more than two to one on the appropriation.

Mr. Rosenberger further refers to Representative Smith as callously disregarding the welfare of the University throughout his eight years in office. On the contrary, Congressman Smith has always been most attentive to the desires of the University and cooperated in all matters officially and unofficially referred to him relative to the welfare of the University.

In view of the confusion that has developed as a result of these communications we feel that it is only fair that the true facts should be presented to the Alumni.

Alumni Association, 1938

July 19, 1938

To The Members of the Alumni of  
the University of Virginia:

It has come to my attention that an unsigned, undated mimeographed letter has been sent out to the alumni of the University of Virginia and others in the Eighth Congressional District of Virginia which circular bears the heading "Alumni Group for a Thomas Jefferson Memorial at the University." I have also seen a circular from F. Coleman Rosenberger, who styles himself "President, Student Dodd-for-Congress Club", which is of similar import. These circulars attack the Thomas Jefferson Memorial Commis-

sion, created by Act of Congress, and also most unfairly and unjustly attack Congressman Howard W. Smith of the Eighth Virginia District, a member of the Commission and its Secretary, for his untiring efforts to bring about the erection of a memorial in Washington to Thomas Jefferson.

I am a loyal alumnus of the University of Virginia and a member of the Commission and was a class mate of Congressman Smith at the University and have always had a high regard for his character and ability. As President of the Thomas Jefferson Memorial Foundation, which has acquired and maintains Monticello as a National Shrine, I have for twelve years advocated the building of such a memorial to Thomas Jefferson. President Roosevelt has been one of the most ardent advocates of the memorial to be erected in Washington. I have conferred with him frequently on the subject and it was largely through his assistance that the appropriation was obtained. Now, happily, the appropriation has been made and the beginning of the work to erect the memorial will commence shortly.

Congressman Smith represents the District which includes Monticello and the University of Virginia and has served faithfully as a member of the Jefferson Memorial Commission. I should have regarded him an unworthy alumnus of the University of Virginia if he had not fought for and energetically supported the movement for a memorial to Jefferson in Washington. In erecting such a memorial we are honoring the "Father" of the University of Virginia and thus are honoring the University itself.

I might also add that it has been my privilege to confer frequently with Congressman Smith in connection with the work of the Thomas Jefferson Memorial Foundation, and he has always given us his loyal and hearty support.

Very truly yours,  
Stuart G. Gibboney,  
President.

## EPWORTH LEAGUE

"Idle Hour", an entertainment held last Friday night at Sudley Church by the Young People's Division was indeed a success despite the rainy weather.

We wish to express our thanks to the women who so generously helped us in our soliciting; also, to the ones who were so faithful in helping us with the plate lunch, which was served during the musical entertainment which was played by our own girls and boys.

Our regular Sunday night meeting was held at Sudley with Gordon Pattie leading the worship program. After the program a business meeting was held, during which time we discussed our annual Sunday School Picnic.

We hope to have our plans completed for a definite date by next Sunday.

Be sure to come to Sunday School to hear the date and place, and make your plans to go with us.

Harriett Pattie,  
Publicity Sup't.

The Community League will meet at the Nokesville High School on August 2nd at the regular time. Everyone is invited to attend.

## VOODOO GOLD

A story written by the early Mark Twain told of the theft of a bank's gold from a midwestern township. The thieves filled the vaults with feathers. They did the job undetected, took the loot to the hills, and there waited for the expected hullabaloo. To their amazement, nothing happened. The substitution was never found out, and the economic life of the community went on undisturbed.

One is reminded of the story by the report that a party of bankers has been allowed to take a peep at the immense stock of the nation's gold out at Fort Knox, Kentucky. Suppose they had found feathers instead of gold. Would it have made any difference to the nation's economic life, presuming the guards had pledged them to secrecy, "or else"? Not at all. No longer is gold Humpty Dumpty, sitting on its pedestal in solitary glory. Managements sits beside it. That is to say, the nation's money is regulated, not by the amount of gold, but by the needs of the people as determined by the monetary authorities in Washington.

Mark Twain would have chuckled to read of the bankers' visit to Fort Knox. His story was an economic parable showing that money is credit. If, as Tom Paine once said, credit is "suspicion asleep," then there is all the more reason to preserve confidence in it, now that its golden prop has been removed.—Christian Science Week.

## LILLIAN HOFFMAN FLORANCE

Another very sad death occurred at Gainesville last week in the passing on July 18th of Lillian Catherine Florance, age 53, wife of R. H. Florance.

The deceased was a native of the community, having been born there on August 6, 1884, the daughter of William and Mary Hoffman.

She was well known in the county as a good wife and mother, a Christian worker and an ideal neighbor.

She was buried from the Gainesville M. E. Church, South, having been a member there for years. The Rev. A. B. Sapp, assisted by Rev. C. L. Beard, officiated and the pall bearers were Messrs. Hawes Davies, E. R. Conner, John Sweeney, C. F. Sinclair, Otis Latham and J. M. Piercy. Interment was in the church cemetery.

Besides her husband she is survived by a daughter, Irene O., a son, Henry A.; four sisters, Mrs. Lizzie Thompson, Mrs. Daisy Wilson, Mrs. May Polen and Mrs. Ruth Senseney and five brothers, Messrs. Joseph, Marian, Ernest, Walter and William F. Hoffman.

The sadness of the occasion was added to by the recent tragedy which afflicted this family. Mrs. Florance had been in failing health for some time and sank rapidly after an operation on Sunday morning.

## COMING BASEBALL ATTRACTION

Swavely Field will be the scene of the Second Battle of Manassas, on Sunday, July 31, when Manager McGlinsky brings his Herndon Rifles to town, to battle with the Manassas Baseball Warriors.

The local team has been coming along at a fast clip in the field and at bat, so a great game is expected. McQuinn, Moore, Tonker, Godfrey, and Kirkpatrick are the big guns of the Herndon team, but, Managers Vetter and Saunders hope to silence this heavy artillery with the newly acquired pitcher, Specs Meadows, "of Nat'l. League fame."

Come out and enjoy the afternoon, beautiful grounds, plenty of shade, and grandstand seats free.
