Secretary Brown Tells Loan Association of the General Condition of Business

PIEDMONT FEDERAL SAVINGS & LOAN ASSOCIATION OF PRINCE WILLIAM COUNTY, C. C. CLOE, President; A. A. HOOFF, Vice-President; W. E. TRUSLER, 2nd Vice-President; W. HILL, JR., Secretary-Treasurer.
1938—Annual Report

It is a pleasure to report to the members of the Piedmont Federal Savings and Loan Association of Prince William County a most constructive year in serving the public interest. A savings, building and loan association, possibly more than any other institution engaged in the gathering and disbursement of money, is carrying on a great public service, making possible things which a great majority of people ought to have. Such is the responsibility which your association accepted when it was chartered four years ago.

Assets increased during 1938. We advanced a sizable sum of money to borrowers during the year 1938; namely, \$43,450.00. Our favorable cash position has been improved. There has been an addition to reserves, we have distributed earnings at a fair rate and we close the year with more members than we started with.

The more popular and more talked of side of our work in the public interest is the lending of money to help people buy and build homes. In spite of a pretty generally felt business recession the first half of the year, savings, building and loan associations in the nation lent \$800,000,000, almost as much as in 1937. Each month increasing percentages of this loan volume were for new construction and home repairs, which create employment directly.

The loans of your association make a worthy showing alongside the total national figures. We advanced \$22,250.00 to families to build new houses; and \$21,200.00 to help them buy existing homes. We have started these people, or helped them along one step farther, to debt free ownership of their homes, the ultimate goal of our activities. There were some in our association who achieved the goal during the year. That number of citizens in this community were placed among the group which has an island of safety in an economic storm, a home free and clear of debt.

The creation of home owners is a highly patriotic activity. Democracy draws its greatest strength from citizens who have a stake in the soil of the country, who are proprietors and aware of the blessings of liberty to those who have as well as those who have not. Your association has driven a substantial rivet into the structure of democracy by the loans it has made this year. The more citizens we help to home ownership the more we do to prevent their becoming wards of the government.

The reward of our investors this year, the payment which you received for lending the use of your money, totalled \$5,369.99, counting dividends disbursed at mid-year and on December 31. The rate was at 4 per cent, which is considerably higher than that paid by other kinds of savings institutions in this community, and continues to be a real incentive to persons of common sense and business acumen to put off the use of their money until some future date. Our dividend policy has apparently met with the favor of the community as testified to by the fact that we gained 11 investors during the year. There is now invested in the Association \$140,818.75.

The dividends which we paid out at the close of June and December testified to the satisfactory earnings of your association during the year.

In contrast to conditions in our depression days there are only three loans delinquent on principal or interest. This is one of the best showing the association has made at any time in its existence and testifies to the careful lending policies of the association and the fundamentally dependable risk which we have in the ing for his home. We expect to continue that careful personal attention to appraisals, of both the property and the personal risk, which has enabled the association to have a boast-worthy record such as the above. Safety of the institution is due no less

KIWANIS CLUB NOTES BIRTHDAY

President Conner Urges Greater Membership

"The 24th anniversary of the founding of Kiwanis International will be celebrated by over 101,000 Kiwanians throughout the United States and Canada during the week of January 15 to 21, 1939," said E. R. Conner, President of the local club this week. "In Manassas all our members are planning to join in this international observance."

"The first Kiwanis club was organized in Detroit in 1915 and held its first meeting on January 21 of that year. Today in the United States and Canada there are 1,992 clubs," said Mr. Conner.

The Kiwanis club is expecting a special message next month from H. C. Hatfield, of Oklahoma City, Okla., President of Kiwanis International. This greeting will be read to the local group at the anniversary meeting.

"During 1939 we can increase the influence of Kiwanis through increasing our membership," said Mr. Hatfield. "Many communities where Kiwanis clubs have never been organized should have clubs. Kiwanis influence is of inestimable value," he said.

The mid-winter conference of the Capitol District is being held at the Emerson Hotel in Baltimore today beginning at 9:00 A. M. All of the Lt. Governor's have been scheduled to speak, and the topic of Lyman M. Kelley, Lt. Governor of the Fst. Division will be "Taking our Kiwanis Objects Seriously."

The District Trustees, which body is composed of the immediate past International District officers and all present District officers constitute this body. Their meeting will be held at the Emerson Hotel, Baltimore on Wednesday, January 18th at 4:00 P. M.

The meeting last Friday evening was graced by the presence of Miss Sue Ayres and a Mrs. Kilby, of New York, who gave a demonstration of art work on the graded schools.

Mrs. Kilby gave some practical ideas as to how the whole thing works, showing a number of large pictures made by pupils in both the county schools, parochial schools and public schools in other sections.

The entertainment was rather magnetic and a number of the Kiwanians lingered for almost a half hour afterwards, asking questions and watching Mrs. Kilby, who is also a very talented conversationalist, put life into paper.

The program was under the direction of Professor Haydon, and was a new high in programs for the year.

NOTED LECTURER TO SPEAK HERE

The Fifth Sunday Union Service will be held in the High School Auditorium, beginning at 7:30 p.m. The Manassas Ministerial Association has again secured the services of Mr. Page McKendree Etchison for an illustrated lecture. Last year Mr. Etchison lectured on, "The Passion Play of Oberammergau." This year he will speak on, "The World Sunday School Convention in Oslo, Norway." Attractive preliminary features are also planned for this program.

A full announcement of the program will be made in the Journal next week. Be planning now to attend this Union Service on Sunday evening, January 29.

GAINESVILLE P.T. A. MEETING JANUARY 26

The regular monthly meeting of the Gainesville District Parent-Teacher Association has been changed to the fourth Thursday, January 26, in order that Miss Neel may present a very instructive and interesting program.

A PROCLAMATION

Whereas, infantile paralysis yearly takes distressing toll of the citizens of Virginia and inflicts upon people of the Nation untold suffering and burdens, and

Whereas, the need for study, research and treatment of this dread disease is a pressing obligation to the end that it may be eradicated as a scourge upon the race, and,

Whereas, the Virginia Committee of the National Foundation for Infantile Paralysis will prosecute during the month of January, 1939, the annual campaign for public support of this worthy activity, embracing the "March of Dimes" campaign and culminating in the annual celebration and observance on January 30th, and,

Whereas, the cause in which this effort is being undertaken merits the support, help and participation of every citizen, now,

Therefore, I, Harry P. Davis, Mayor of Manassas, Va., proclaim the period from January 16th to January 30th, inclusive, as a time during which our citizens should participate in this cause, urge upon them their support of efforts that are being expended, and dedicate the day of January 26 as "March of Dimes Day" in the Fight Infantile Paralysis campaign.

HARRY P. DAVIS, Mayor.

Good Housekeeping Club Entertained at Home of Mrs. Martin

The regular monthly meeting of the Bethlehem Good-Housekeeper's Club was held yesterday afternoon at the home of Mrs. Dudley Martin, with Mrs. W. S. Athey as assistant hostess. Mrs. Samuel Wright, of Pittsburgh, Penna., a house guest of Mrs. W. M. Pierson, Mrs. George Michael, and Miss Melba Landis were guests of the club.

Several of the members responded to roll call with quotations from the recently published book of poems, "A Keepsake," by our young poetess, Miss Walser Conner.

The yearly reports of the various committees were read and the new year books distributed.

Mrs. Byrd extended to the club members an invitation from Miss Eugenia Osborn to visit the Library and see the book exhibit, recently arranged by the American History class, on Confederate material.

As the outstanding project for the new year, the club voted to sponsor the publishing of the first of a possible series of pamphlets by Mrs. Susan Morton, of Haymarket, Va., this pamphlet to describe the old churches and graveyard inscriptions of early Prince William County.

Due to the continued illness of Mrs. Hebe Jackson, who with Mrs. E. M. Boteler was scheduled to entertain the club in February, it was decided to hold the next meeting at the home of Mrs. R. A. Hutchison, with Mrs. R. I. Byrd as co-hostess. All of those present signed a card to be sent Mrs. Jackson, wishing her a speedy and complete recovery.

At the close of the business session Mrs. Hutchison and Mrs. T. J. Broadus gave several humorous readings. Following this an unusual type of guessing game was played, and then Mrs. Frank Gue and Mrs. Broadus presented a most entertaining one-act play, "George's Problem Solved." A salad course was served during the social hour following.

VIRGINIA OUT IN FRONT OF THE NATION

The relatively favorable economic and business position of Virginia for the fourth quarter of 1938 and for the full year in comparison with national averages was pointed out this week by the statistical section of the Virginia State Chamber of Commerce.

"Virginia's standing for the last quarter of 1938, as compared with the same period in 1937, in those activities used to measure general business conditions is particularly favorable," said Clarence W. Newman, director of research of the chamber. "Virginia was as much as 56 per cent better than the average for the United States in one of the ten factors considered. In only one factor, new passenger automobile registrations, did it come below the national average. In the other eight factors Virginia's figures were from 2 per cent to 33 per cent better than those for the nation as a whole."

"In bank debts Virginia was 4 per cent better than the national average; in payrolls, 3 per cent; in farm income, 3 per cent; in life insurance sales, 11 per cent; in gasoline consumption, 3 per cent; in electric production, 8 per cent; in cement shipments, 56 per cent; in department store sales, 2 per cent; in business failures, 33 per cent. New automobile registrations were off 8 per cent from the national trend for the fourth quarter, but above the national trend by an equal percentage for the year as a whole."

A CORRECTION

We regret an error last week which caused us to state that "R. S. Hutchison" was first vice-president of the National Bank of Manassas. The line should have read that Mr. R. S. Hynson had been elected First Vice-President.

PAYS TRIBUTE TO GEN. LEE

Memorial Exercises Held for Two Great Confederates

Hon. Frank P. Moncure, of Stafford, spoke before the High School assembly on Monday, January 16, commemorating the birthdays of Generals Robert E. Lee and Thomas J. Jackson.

Mr. Moncure in paying tribute to the ability, character and military genius of Lee and Jackson and their men, said the present generation of young people had no direct or personal contact with the soldiers of the Confederacy because of the passage of years, and that they could only read and study their actions in history.

He compared the living conditions and standing of the United States at the present time with the European nations, and China and Japan, stating that he firmly believed that this condition was the result of the teaching and planning of the generations since the War between the States.

The speaker urged that the present younger generation direct their efforts to a clear understanding of the work their grandfathers performed and a determination to carry on in such a manner that this country may continue to be the best in which to live. Mr. Moncure added that if the men, who fought with Lee and Jackson, were here today they would stand shoulder to shoulder in an endeavor to make our Country safe in the principals for which we now believe to be right.

He affirmed his belief that Virginia was without doubt the most desirable State in our Nation, standing firmly in the poet's declaration.

"There is nowhere a land so fair as in Virginia,
And I believe that happy land, the Lord's prepared for mortal man
Is built exactly on the plan
Of Old Virginia."

Two sets of the Memorial Edition of the Davis' book, "Rise and Fall of the Confederate Government," were presented to the library. The books were given by Mrs. Bettie Hutchison in memory of her father-in-law, Rev. Westwood Hutchison and by Mrs. Roberta Lamb Gulick in memory of her mother and sister, Mrs. George Lamb and Miss Clara Lamb.

Miss Osborn, in accepting the gift for the library, paid a beautiful tribute to the Daughters of Confederacy and warmly expressed her appreciation of the valuable contributions from the Manassas Chapter, which have been added from time to time.

Miss Osborn extended an invitation to all to visit the library and view the exhibit of the Confederate material which had been arranged by the American History Class.

"Dixie" and "America" were sung by the school.

SIGMANS HOLD AT HOME

Mrs. Frank G. Sigman and her daughter, Mrs. Dorothy Sigman Allen had a delightful "at home" reception last Sunday afternoon at their home on Main St. Mrs. J. L. Bushong and Mrs. Noell Gill assisted the hostesses.

The guests were for the most part the younger matrons of the community: Mrs. Alan Mackenzie, Mrs. Connie Kincheol, Mrs. William Hill Brown, Mrs. Sedrick Saunders, Mrs. Jackson Ratcliffe, Mrs. Paul Arrington, George Botts, Mrs. Ralph Sharrett, Mrs. Dennis Baker, Mrs. Wallace Whitmore, Mrs. Jack Merchant, Mrs. Arthur St. Clair, Mrs. Richard Haydon, Mrs. John M. DeChant, Mrs. Stanley Owens, Mrs. Jack Stauff and Mrs. William McCoy. Also the Misses Sue Ayres, Madeline McCoy, Willette Myers, Ethel Cadmus, Walser Conner, Lucy Arrington, Nina Dalton, Katherine Lewis and Helen Lloyd.

Mr. DeChant and the host, Mr. Sigman, were the only honored gentleman guests.

SOFT BALL CONVENTION

Popular New Sport to Hold Executive Session

Saturday afternoon at 4:00 on January 14, at the Richmond Y.M.C.A., the Commissioner's Council of the Virginia Softball Association, affiliated with the Amateur Softball Association of America, will hold its first executive session of the year.

State Commissioner, A. B. Chapman, Jr., will preside. The session will deal with the business of the State in the administration of this rapidly growing sport. Among other matters, the representatives will take up amendments to the Constitution and the adoption of the By-Laws of the Association. A basis for the classification of teams for competitive purposes will be determined. The host cities for the Major and Minor League State Tournaments will be selected and dates set. There will also be a discussion of the districting plan for the state and basis for selection of officials for the State Tournaments.

The sport of Softball has spread so rapidly throughout the United States and in Virginia, and so great has been the increase in this development that as far back as 1937, two hundred and thirty-nine cities constructed seven hundred and seventy-one new diamonds in an effort to meet the demand for places to play.

Termed the "Sport for Millions" it literally is serving the recreational interests of millions of our men and women as well as of boys and girls throughout the country. The Virginia Championships for 1938, held in

Roanoke, showed the tremendous increase in growth which Virginia has enjoyed, when nineteen teams of men and women all champions from their respective districts, played before capacity crowds for the privilege of representing our State in the World's Amateur Championship Tournament held in Chicago each year. The winners were City Mills of Roanoke for the men and Bam's Jewelers for the women.

ALDIE DEFEATS LINCOLN TWICE

The Aldie High School boys and girls take the lead in the Northern Division of the Northern Virginia Basketball League by trouncing Lincoln High School in a double header.

The Aldie girls, lead by Jordan and Robertson, fought to a 18-17 win over the Lincoln girls. Pearson, Carter, Crouch, and Mitchell ably assisted the Forwards by playing a great defensive game.

Colvard and Laycock were outstanding for the losers.

The Aldie High School boys quintet, lead by the mighty might of Leith, Captain and Forward, easily overcame a large and strong Lincoln aggregation, by the score of 21-17. At no time were the Aldie boys in danger of being headed by the Lincoln quintet. Grehan, Guard, played a both offensive and defensive game. Smith and Jackson's passes helped Aldie to pile up a comfortable lead in the early part of the game.

OCOQUAN AND VICINITY

Mr. and Mrs. Dick Carter are moving from Ocoquan in the house of Mrs. Therese Davis to Woodbridge in an apartment in the Old School Building. We are sorry to lose those good neighbors, and hope they will like their new home.

Mr. and Mrs. Ambrose Petellett and sons, Roy and Howard, and daughter, Mary, of Ocoquan, spent the week-end visiting friends in Baltimore, Md.

We are glad to report that Mr. Si. Seelman is home and looks fine, after a short sojourn in a Richmond hospital.

We are also glad to note that Miss Elizabeth Vaughan and Mrs. William Sanford, of the Ocoquan High School Faculty, who were on the sick list, are again back to their school work.

Also glad that Miss Jane Mooney, who has been on the sick list, has returned to her school studies.

Miss Grace Madden and her mother, of New Market, Va., were Ocoquan visitors during the week-end. Miss Madden was formerly a member of the High School Faculty. We are very delighted to see her again.

We are pleased to note that Dr. Malcolm, of Lorton, has returned home from Mt. Alto Hospital and is doing nicely.

At a recent election for the Vestry of Pohick Church, the following were elected: Mr. E. R. White, Senior Warden; Dr. Wm. P. Caton, Junior Warden; Capt. Thos. F. Joyce, Treasurer; Mr. Herbert Haar, Registrar;

Mr. Herbert T. Baker, Chairman of Cemetery and Mr. B. F. Nevitt, N. S. Lambert, Herbert Allen, H. S. Claggett, T. B. Mason, A. W. Smith and Kearny Hill, Vestrymen. The entire number were re-elected.

At a recent meeting of the stockholders of the First National Bank, Quantico, Va., the following were elected Directors for the year, 1939: Mr. C. C. Cloe, triangle, President; Mr. A. E. McIner, Quantico, Vice-President; Mr. H. Ewing Wall, Cashier, and Mr. Geo. W. Herring, Capt. Thos. F. Joyce, Lt. Col. Louis E. Woods, and Mr. J. T. McIner, Directors. The entire number were re-elected.

We are sorry to report the passing from our midst Mr. W. S. Lynn, a leading merchant of Ocoquan, who has lived in our town all his life and was loved and respected by all who had the pleasure of having contact with him. Mr. Lynn was a good citizen, a good neighbor, and one, who, it can truly be said, attended to his own business. He never was known to say anything bad about anyone. If he could find nothing good to say about a person, he would not say anything bad about him. Mr. Lynn leaves besides his widow, Lottie M. Lynn, four sons, Carl, Edson, Fred and Wallace, and three daughters, Mrs. Eunice Wingfield of Richmond, Mrs. J. C. Paddison of Waynesboro and Mrs. Manning Gasch, of McLean. He was laid to rest in beautiful Pohick Church Cemetery on Sunday, and had one of the largest funerals ever seen in this section of the country. We will all miss Mr. Lynn. He was one of our old landmarks; a man, who always had some pleasant greeting. Our sympathy goes to those left to mourn his passing, and may God comfort them in their hours of sorrow.

TO THE GOOD CITIZENS OF OCOQUAN AND VICINITY:

This is to inform you that the period January 16th to 30th, is designated as the (March of Dimes Period), a period which it is hoped all, who can

possibly do so, will donate ONE DIME to the National Foundation for Infantile Paralysis cure. No more worthy cause than this could possibly arise; helping the poor sufferers of this dreaded disease. It is highly recommended to all to help this worthy cause. You could mail your contribution to Mr. E. R. Conner, Manassas, Va., chairman of the campaign in this locality, or, if you will mail or give your donation to Capt. Thos. F. Joyce in Ocoquan he will see it gets to the proper place. Wherever you may live, (or whoever you may send your DIME to do not fail to send it. This is a cause God surely commends to us to support.

Directors elected by the Bank of Ocoquan last week are W. F. Fleming, Kenneth Dove, Wade H. Davis, Irving Jellison and B. W. Bruitt.

IMPROVEMENTS NOTED AT FALLS CHURCH PHONE EXCHANGE

Extensive additions and improvements to the Falls Church telephone central office have been completed during the past month, according to A. P. Grow, local manager for the Chesapeake and Potomac Telephone Company of Virginia.

The work done includes the installation of four new switchboard positions, increasing the total number of positions from eight to twelve, the installation of call indicator equipment which facilitates the handling of calls from the new Chestnut exchange, and the installation of additional direct circuits to Washington. To accommodate the additional equipment the central office quarters have been enlarged and rearranged, Mr. Grow stated.

The improvement project was started last August, and since that time a special force of six men have been working continuously to complete the work. The job total expenditures of approximately \$19,000.

A BOOK TO READ

—by Clarence Wagener—

So many are the ways in which we of today may decorously divert ourselves that it is not surprising the reading of books fails to enjoy widespread popularity. To the average person it seems to be more in keeping with the tempo of the times to go for an automobile ride, to see a motion picture, to swing it at a night club or to hold a hand in a rubber of bridge.

Maybe the reason why so few of us, relatively speaking, turn to books for pleasure is that we are prone to think of books as a slow, old-fashioned means of entertaining ourselves which is quite definitely being outmoded by the cinema, radio and the nearly here television. Persons who think such thoughts should see how mistaken they really are, by reading "Farewell Toinette," by Bertita Harding (Bobbs-Merrill, Indianapolis, 1938; 261 pages).

The world would be very much the poorer without "Farewell Toinette" and fiction books of comparable excellence. For the pleasure which one derives from such competently and charmingly written novels lingers in the mind for days like a benediction. The entertainment afforded by a good, lively novel cannot be duplicated.

Marie Antoinette, Austria's little 14-year-old princess, having been trained under her scheming mother, the husky Marie Theresia, for a queen-ship, is betrothed and married by proxy to the French Dauphin, who is about as dumb as they come. In the garrulous company of her brother, the co-emperor Joseph and an Austrian cavalcade, Marie makes the formidable (and hilariously exciting) overland trip to France. Such a trip! It was never forgotten by Marie, nor will it be likely to fade from the memory of the reader of "Farewell Toinette."

While little Marie is on her way, old Louis XV is living roisterously at Versailles, thinking only of the present moment; by his conduct figuratively adding fuel to the fire which in days to come will make things plenty hot for pretty Toinette.

The story ends with the honeymoon. It is a vignette, not a rounded-out picture of the unfortunate Marie. There are several good biographies, any one of which will carry the story on to the gruesome end. "Farewell Toinette" is, in short, a brilliant historical romance—a footnote to history," the author terms it.

Read this novel for the sheer fun of it. You'll be doing handsomely by yourself if you put aside an evening soon for the reading of "Farewell Toinette."

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God

It is a duty to read the Bible daily. It is a privilege to read the Bible daily. It is a joy to read the Bible daily.

Who knoweth not all these that the hand of the Lord hath wrought this? In whose hand is the soul of every living thing, and the breath of all mankind.—Job 12:9, 10.

ELEMENTARY.

MY DEAR WATSON

Dr. Charles A. Beard writes in the St. Louis Post-Dispatch: If deficits and debts continue to pile up, a financial collapse in five or ten years, is probable, highly probable, perhaps inevitable.

That statement we nominate even this early for the 1939 prize for conservative statement. If deficits and debts continue to pile up a financial collapse is not only probable but inevitable some time in the not distant future. We do not insist on the exact date: each can write that in to suit himself. Our idea of saying an accepted truth in a solemn way is to observe that if debts keep piling up the debt will eventually become too big for payment. Our bankruptcy laws are for those who didn't know that, or refused to act upon the knowledge.—Lynchburg News.

REAL ESTATE

INVESTMENTS

When Joseph W. Catharine, president of the National Association of Real Estate Boards, recently declared that real estate is still the safest investment in the world, he was probably thinking in terms of permanency. Real estate is a tangible asset. It is not here today and gone tomorrow.

It is probably true that, present market factors being what they are, an investment in improved or unimproved land represents about as sound a proposition as can be found anywhere. If general economic conditions are bettered appreciably, real estate will hit the up-curve, and that will mean added dollars in the pockets of those who may have taken advantage of current price levels.—Northern Virginia Daily.

The Peoples National Bank of Manassas

Editor, The Manassas Journal

Dear Mr. Wharton:

You have always shown a kindly interest in worthwhile civic and community matters and I hope you will use the lines of your valuable paper to give a "plug" for the Isaac Walton League, — more particularly, the Falls Church Chapter, which lists among its membership many Arlington County Sportsmen and lovers of nature.

As you know, the Isaac Walton League is the Defender of Woods, Waters and Wildlife. It believes in and sponsors conservation of our natural resources. Our program should not be confused with the exploitation of our natural resources by government bureaus, under the cloak of conservation work. Dr. Lewis Radcliffe, nationally known conservationist and League worker, suggests that conservation, as practiced by the League, should be defined as a philosophy of husbandry of our natural resources for the common good of this and future generations.

Kenneth Reid, Editor of "Outdoor America" defines conservation as practiced by the Isaac Walton League, as "long range planning, and management that will preserve renewable natural resources on a sustained yield basis and maintain as nearly intact as possible the natural environment of the out-of-doors."

The League is ever fighting to preserve our wild life in a reasonable way so that we may have some for the future. The League is fighting for all those who love to fish and hunt and who like to come home with "something in the bag." Indeed, somebody must do the fighting if we would have any game and fish at all for the future! The League is willing to "carry on" for you and you.

Life would be very dull for the majority of us if we had no wildlife; and without carefully-planned conservation of our natural resources, we can't expect to have it in the future. Many of our outstanding citizens are giving of their time, talent and material resources to Waltonism, not merely that the Isaac Walton League may live and prosper, but that a little of Nature's kind influence, expressed in trees and clean sparkling streams, in meadows and flowers and wildlife, in soils and bountiful harvests, shall be the heritage of the future.

We want interested persons to join the Falls Church Chapter of the Isaac Walton League and help us to carry on the splendid work of Waltonism. The \$2.50 charge for membership will bring tremendous returns. Thanks a lot.

Yours in sport,
George P. Grove

THE WORLDLY STAGE

By Algia A. Martin

This world is but a stage
And we each have a part to play,
Some take their part carefully
And others have a lot to say.

Some have a big and showy part
And some take their part with ease,
Some forget the script of the play
And some do just as they please.

Yes, this world is but a stage
And we each have our part to play,
So take your part carefully
And be careful of what you say.

Prince William vs. Baltimore Land Bank

(Paid Advertising)

Whoever furnished your report with
regard to our Federal Land Bank
case was either misled or misleading.
Our Bill of Complaint against the
Baltimore Land Bank has not even
been argued yet "in a Court of Com-
petent-Jurisdiction." It is true that a
writ of Certiorari in the Frazier-Lemke
moratorium was denied. However,
this in no way settles our claim
against the directors and officers of
this bank for withholding funds due
National Farm Loan Association and
denying farmer-shareholders an ac-
counting for dividends and stock-paid-
out. Nor does it justify Baltimore
officials, sworn and paid by farmers
to represent them, in opposing the
3 1/2% rate, and trying to bring mem-
ber back on a 5% bond rate when
Land Banks have already refunded
at 3% for twenty-odd years.

Last year Baltimore Land Bank
took \$9,000 for its overhead out of
Prince William County, returning to
local association \$900.00. If Prince
William was a farmer whose tenant
made 9,000 bushels of grain but only
delivered 900 bushels, it would be na-
tural to ask for settlement. "Multiply
by 230 (the number of associations in
this Land Bank district), the result,
two million dollars wrong out of mort-
gaged farmers every year by this
one bank, hence this suit. There are
of course legitimate expenses and
losses which we should know. Farm
Credit Administration combined
statement admits excessive and illegal
surplus and undivided profits and that
our associations show the low delin-
quency.

These suits were brought by a
small group of stock-holders in both
Counties, employing counsel and were
authorized by the Fairfax County
National Farm Loan Association.

Although the Land Bank had claim-
ed it could not or would not take up
stock, where the farmer had paid his
loan off, outstanding stock in Fair-
fax Association has actually been
retired at par within the past few
weeks; paying up back dividends next
will benefit every member.

CREDIT ORGANIZATION

HOLDS ANNUAL MEETING

The fifth annual meeting of the
stockholders of the Warrenton Pro-
duction Credit Association was held
in the Centre District High School,
Warrenton, Virginia this week. Mr.
W. H. Hurt, Culpeper, Virginia, presi-
dent of the local association, made a
very interesting address, explaining
the organization, growth, and func-
tions of the different branches of the
Farm Credit Administration, which
include the Federal Land Bank, Balti-
more Bank for Cooperatives, Federal
Intermediate Credit Bank, and the
Production Credit Corporation.

The report of the Board of Direct-
ors was presented by G. M. James,
director from Fairfax County.

The secretary-treasurer, Thos. D.
Jones, presented the treasurer's re-
port, which included a complete re-
port of the financial condition and pro-
gress of the association. High lights
in his report were that since the or-
ganization of the Warrenton Pro-
duction Credit Association in Feb-
ruary, 1934, the local association had
loaned \$1,514,000 to farmers in the
counties of Fauquier, Culpeper,
Orange, Madison, Stafford, Spotsy-
lvan, Arlington, Rappahannock,
Greene, Fairfax, Prince William, Lou-
doun, which are served by the local
association. The Warrenton Pro-
duction Credit Association has built up
reserves to protect its members' stock
in the amount of \$18,671. The stock-
holders seemed very enthusiastic over
the fact that the production credit
system as a whole was making such
rapid strides in becoming the farmers'
own credit system throughout the
United States.

Mr. J. H. Karns, prominent fruit
grower and dealer, and vice-president
of the Production Credit Corporation
of Baltimore, which is the parent cor-
poration of the 35 production credit
associations in the Second Land Bank
District, made a very interesting ad-
dress on the need for a special fin-
ancing system particularly adapted to
agricultural needs. He pointed out how
agriculture differs from industry in
many ways, and how farmers of the
United States have banded together in
owning and operating their own credit
system. He further pointed out that
this system has made rapid strides,
and is rapidly becoming the leading
source of agricultural credit.

Three vacancies on the Board of
Directors were filled. Mr. W. H. Hurt,
of Culpeper County, was elected for
a term of three years; Mr. E. M.
Harnsberger, Orange County, elected
for a term of three years; and Mr.
T. S. Pilcher, Fauquier County, elected
for a term of two years.

After the business session, the meet-
ing adjourned at 1:00 o'clock. A de-
licious turkey dinner was served to
the stockholders and special guests

December 31—Martin H. Oermann
and Geneva R. O'Neal, both of Wash-
ington, D. C.

December 31—Sam Cicchini, of
East Orange, N. J., and Anna Krou-
koeki, of Shaft, Penna.

December 31—Nathaniel B. Kil-
gore and Dorothy E. Vander Veer,
both of Brooklyn, N. Y.

December 31—Walter M. Sefkow-
itz, of Brooklyn, N. Y. and Betty B.
Sheer, of Bronx, N. Y.

December 31—Isadore Weinberg
and Anna S. Weil, both of New York
City.

December 31—Carroll R. Hetrick,
of Lineboro, Md., and Diantha I. Zum-
brum, of Hampstead, Md.

driving on the highways.

Hints for Homemakers

By Jane Rogers

HAVE you ever tried chilled
drained canned Hawaiian pine-
apple gems—those delicious juicy,
cut to fit the spoon pieces of golden
fruit— atop shredded wheat bis-
cuits or crisp corn flakes? Try this
combination one of these fine win-
ter mornings. It will boost the popu-
larity of cereal at least fifty points.
And don't limit the idea to the chil-
dren's breakfast because father will
like it also.

Here is a new and appetite whet-
ting thought for the starter course.
Zip up tomato catsup with lemon
juice, horseradish, Worcestershire
sauce, and celery salt, and serve it
over well chilled canned Hawaiian
pineapple gems. The combination
is as good as it is unusual.

CHRISTIAN SCIENCE

"Truth" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, January 22.

The Golden Text will be "Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he" (Deut. 32:3, 4).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then said Jesus unto them, When ye have lifted up the Son of Man, then shall ye know that I am he, and that I do nothing of myself; but as my Father has taught me, I speak these things. And he that sent me is with: the Father hath not left me alone; for I do always those things that please him. As he spake these words, many believed on him. Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free" (John 8:28-32).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth makes man free . . . The powers of this world will fight, and will command their sentinels not to let truth pass the guard until it subscribes to their systems; but Science, heeding not the pointed bayonet, marches on. There is always some tumult, but there is a rallying to truth's standard" (p. 225).

CATHARPIN

Mrs. Sallie M. Insley, Mrs. Masie and Miss Trueheart, teachers in the Haymarket schools, were dinner guests of Mr. and Mrs. W. S. Brower, of Lone Oak, on Monday evening of this week.

Mr. J. D. Wheeler, of Wellington, who has been ill during the past several months and who has had quite a varied hospital experience, is now at home with every prospect of returning good health. This is not a only pleasing to the patient to all of his friends, who hope for his complete recovery.

Another visitation of the "beautiful" over last week-end was the cause of great delight among the young folks of the neighborhood which delight, if it could be estimated mathematically into dollars and cents, would at least be the equal of the National debt. Catharpin may not have much to look upon, but there is one thing with which it is blessed and that is, it has a hill down which the youth of the neighborhood may enjoy the most exhilarating pleasure known to mankind—walking up and sliding down. The past few days have provided enough snow to make coasting delightful and just about every youngster in the community is enjoyed it.

The first District Rally in the interest of the Youth Crusade in the Washington District, which was held at the Mount Vernon Place Church on Monday night was attended by a number of Sudley's young people, who were privileged to hear Bishop W. W. Peele as the principal speaker. Those attending from the Catharpin section were Mr. L. J. Pattie and daughters, Harriett and Bertha, and son, Wayne.

As usual, Sudley is ever ready to honor her children. On Saturday night last, the church tendered a reception sponsored by the young people organization to Mrs. Luther J.

McIntosh, nee Miss Agnes Kidwell, who with her husband were invited to the home of Mr. and Mrs. L. J. Pattie, of Belle Farm, there to receive a post-wedding shower expressing the good wishes and congratulations of the church and Sunday School.

The bride, one of the most faithful and valued teachers, has been a member of the church and Sunday School practically all her life with a percentage of attendance almost 100 per cent which is a record well worth emulating. As a testimonial many beautiful and useful gifts were showered upon the very happy couple. Games and refreshments supplemented the occasion and another enjoyable community event has passed into history.

We noticed in one of our magazines where some one asked the question, "What is Democracy?" There were a number of answers, some very elaborate, some very short but all to the point. This seemed so pertinent to the situation as we are experiencing it today that the thought occurred that it might be well for us all to study up a bit on that word and see just what it means to us against the time we may be calling upon to defend it. So "What is Democracy?"

PROGRESS REPORT (Continued from page 1)

to the calibre of the men on the board, their integrity and their good judgment, than to the policies of appraisal and reserve allocations and the other factors which make for safety.

Our Association is under the direct control and management of the following citizens who compose the Board of Directors: C. C. Cloe, A. A. Hooff, W. E. Trusler, G. C. Russell, J. M. Piercy, M. J. Hottle, O. O. Holler, C. B. Linton, Stanley A. Owens, R. C. Haydon and W. Hill Brown, Jr.

Mr. R. C. Haydon replaced the late Mrs. C. N. Abel as a member of the Board during the past year. The Association sustained a serious loss by the death of Mrs. Abel, who was an ardent worker and took an active interest in the affairs of the Association but we feel fully proud in that Mrs. Abel was succeeded by one who likewise has indicated an acute interest in the welfare of the Association.

In closing we wish to bring to the attention of our savings and loan members a few thoughts about public issues. As the newspapers make you pretty generally aware, there has been a continual bombardment of interest rates for the past six or seven years. Year after year the saver is expected to get along with less and less return on his investment in order that the man borrowing money may have a better advantage. It behooves us on both the borrowing and investing side of the association to give serious thought to this trend. Interest rates are justifiably established only by the interplay of the forces of supply and demand. Continued interference and downward pressure from any source have ultimate dangers of large proportion.

Nor can we in savings and loan associations pass by the increasingly important subject of taxes on homes. Here and there efforts are being made to give the small property owner some respite from the heavy responsibility he carries in supporting the local and state governments. The problem has been approached far too infrequently from the basic point of view of reducing governmental expenditures and finding other sources of income besides the taxing of real property. The rate of taxation remains the chief reason why many of our people do not attempt to own their homes. They feel that it does

not pay. As a group banded together to encourage home ownership we have a definite responsibility to use our influence toward lower taxes for homes.

In the world all around us we see a dependence upon the state and a yielding of authority to the state which is already showing incredibly bad results. In our own country we look forward to an increasing emphasis once again upon private action and business enterprise as the logical source of solution for our national problems. In savings and loan work we demonstrate how it can be done in the thrift and home financing phases of the national economy. We look forward to another year when we will demonstrate even further how well private initiative working with the concepts of the profit system can serve the public interest.

MR. AND MRS. KLINE ENTERTAIN

On Wednesday night, January 11, 1939, Mr. and Mrs. Robert Kline welcomed many friends in their home for a party given in honor of Miss Vivian Hawkins. As the crowd gathered they were entertained by the "Bashful Trio" with Alfred Myers at the piano, Charlie Hawkins with the "bow and fiddle", and William Hawkins picking the guitar. The music by the "Bashful Trio" was by far too good not to be made use of; therefore, the party began with several couples dancing. After the dancing and music ceased, the happy crowd continued with many fun-loving games.

Everyone enjoyed the delicious refreshments served by the hostess, Mrs. Robert Kline. The "Bashful Trio" again furnishing the music, the party was enlivened with dancing.

Thanking the host and hostess for the lovely evening, the following people put on their hats and coats and departed for home with their minds filled with memories of the evening: Mr. and Mrs. Charlie Hawkins, Mr. and Mrs. Frank Mozingo, Walter Mozingo, Jr., Frank Mozingo, Jr., Russell Mozingo, Alfred Myers, William Hawkins, Truman Long, Harry Jacobs, Everett Wirt, Junior Harbor, Virginia Mays, Dora Mays, Anna Buracker, Vivian Hawkins, and Katherine Jacobs.

Daughters and Sons, voted \$5.00 to this work in their December meeting. The Woodlawn Gavel Club had the following committee present at the meeting: Chaplain Breasted, Mr. J. W. Cox and Mr. Freeman. The Gavel Club has been interested in this work and the committee will report to them at their next meeting.
