BENNETT SCHOOL TO GIVE PLAY

Cinderella Will Come To Life On March 8

Bennett School will present its annual operetta at the School Auditorium on March 8 at 8 p.m. The performance this time will take its story from the old fairy tale of "The Maid and the Golden Slipper".

Bonnie Lynn, as the fairy godmother, calls Cupid, Chalice Haydon, to her aid and together they send Peggy Anne Whitmore from the kitchen to the ball where she captivates the Prince with her charms.

LOCAL BOYS BEAT NOKESVILLE GIRLS EARN A DRAW

Tuesday night the Manassas pivoteers went into action against Nokesville. The girls played a very heated and close affair. The game proved a real thrill to the end. With but 20 seconds left to play, a Nokesville forward was awarded a free throw, the score was 16-15 in favor of Manassas. The Nokesville forward shot and made it, the score being 16-16 and thus the game ended.

Frances Beeton, Marie Bauserman, and Nancy Parrish held up the scoring end as Alice Swank, June Pickeral, and Betty Parrish supplied the defence.

The boys took the floor in earnest and the local lads held Nokesville scoreless in the first period, the score being 7-0. The Nokesville boys staged a daring comeback and made the game more interesting by bringing the score to 11-10 in favor of Manassas. The Nokesville boys forged ahead in the third period but had to eat smoke as the local lads put on the pressure. The Manassas boys held the Nokesville team scoreless in the last period. The final score was 27 to 22 in favor of Manassas.

Curtis was high scorer for the night with 12 points, Haydon, Roseberry, Bowers, Knox, Grady, Gillum, Kline, Athey and Breeden all played a fine game and deserve all due credit. The local hoopers close their season at Nokesville next Tuesday with Nokesville.

T. B. CAMPAIGN RE- OPENS IN APRIL

Public health forces in counties, towns and cities are being mobilized this month for the annual State-wide "Early Diagnosis Campaign" to bring to light incipient cases of tuberculosis in order that they may be cured, and to prevent the infection of other people, Miss Leslie Combs Foster, executive secretary of the Virginia Tuberculosis Association, announced today.

The early diagnosis campaign, Miss Foster explained, is part of the annual program of the Virginia Tuberculosis Association and its affiliated organizations in all parts of the State. "Prompt discovery of the disease is the greatest need for the prevention of tuberculosis, as tuberculosis in its early stages can only be discovered by X-Ray, we shall tell people tuberculosis must be seen before it is heard, to be cured. The theme of this year's campaign, which starts on April 1, will be 'Healthy Looks Can Hide Tuberculosis.'"

Good basketball was played and fine sportsmanship was shown through the game. The better team won giving them their second victory over Manassas. The local six was the only team to beat Manassas and they did it in good style each time.

E. R. CONNER BRINGS LEGISLATIVE NEWS TO KIWANIANS

Hon. E. R. Conner was an impromptu speaker at the Kiwanis club last Friday evening.

After reviewing some of the broad facts connected with the constitution of the State and some data connected with the presented Assembly, Ed. gave a bit of a review of the work of the lawmakers up to that date.

He discussed the new road sign law, the proposed constitutional amendment regarding isolation of road funds, and certain gas tax changes. Two of his bills are (1) to make it statewide law to obtain, without cost, from the Commissioner of Revenue of any county, a permit where the house to be constructed is to cost \$500 or more (2) to require contract carriers to get their gas used within the State from dealers located within the State.

Hon. Ed's address carried an intimate touch that was extremely interesting. His fellow Kiwanians are much pleased at the showing he is making in his initial workout at the State Capitol.

NOKESVILLE P-T. A. POSTPONED

Due to the fact that Dr. Abner Roberson, guest speaker, cannot be present on the regular meeting date of the Nokesville P-T. A., the meeting has been postponed until Monday night, March 11th, at 8:00.

Dr. Roberson, who is the Executive Director of the State organization of Parents and Teachers Associations, is an authority on P-T. A. problems and projects. It is hoped that there will be a large attendance at the meeting.

CHARITY BALL

The Easter Charity Ball will be given on Easter Monday, March 25, in the High School gymnasium by the Manassas Woman's Club. All the proceeds from this ball will be turned over to the charity committee for use in its excellent charitable work throughout this community.

Mrs. Harold McCall is chairman of the Ball and with her committee is doing everything possible to make it a great success both for the pleasure of those attending and for the financial returns.

The efforts of the music committee have been rewarded with success as they have been fortunate enough to securing the most popular dance orchestra ever to play in Manassas.

As this dance will be the first important event of the Spring Social Season the Manassas Woman's Club hopes that it will be a large and happy gathering.

YOUNG PIANISTS ENTERTAIN CLUB

Miss Donohoe Addresses Ladies On Current Events

A very lovely piano recital by a group of young ladies from the music classes of Mrs. Lewis Carper, Mrs. Dennis Baker and Mrs. John Broadus was the musical feature of the meeting of the Music-Literature Section of the Manassas Woman's Club on Tuesday evening in the home of Mrs. John Broadus. Mrs. Paul Cooksey was the assistant hostess.

All these young pianists showed excellent training and ability. First came Miss Betty Lee Jenkins who played "Prelude in C," "Hunting Song," "Happy Farmer," "Boating Song," "Tuckling Toes," "Spinning Song" and "Woodland Concert"; Miss Celestine McLearn played "Waltz," by Durand; Miss Catherine Bittle played "Juba Dance," by Dett and "Jonzlerie" by Goddard; Miss Betty Gore Didlake played "Serenade by Moonlight" by Paridon and "Second Valse" by Goddard; Miss Shirley Davis played "To Spring" by Grieg and "Minute Valse" by Chapin.

The guest speaker, Miss Sara Donohoe, of Manassas and Washington, spoke on "Current Events" showing a remarkable knowledge of her subject and that she is a most interesting as well as capable speaker. She gave a comprehensive sketch of developments leading up to the present World War and discussed the many interesting events now taking place in most of the countries of Europe today. She touched on reciprocal trade agreements, the undeclared war between China and Japan, the neutrality of the United States and many other interesting events taking place in the world of today.

SUGGESTIONS FROM COUNTY FIRE WARDEN

1. Burn late in the evening when there is no wind.
2. Plow several furrows around a field to be burned over. The strip of fresh earth will help to prevent the spread of fire.
3. Have enough people supplied with rakes, hoes and pails of water to control a fire that may get out of bounds.
4. If burning is to be done on land adjoining a National Forest notify the Forest Ranger, a C C C camp, or local fire warden when the burning will be done.
5. Stay with the fire until it is out.

GARDEN CLUB MEETING

The regular meeting of the Garden Club will be held at the home of Mrs. Thomas J. Broadus on Grant Avenue, Monday afternoon, March 4, at 2:30 o'clock. Mrs. Paul Cooksey will be the guest speaker. She will give a review of the book Adam's Profession.

HAYMARKET TO PLAY TWO GAMES

SECOND ANNUAL SHOOTING EVENT

Manassas Fire Department Sponsors Contest On March 6

The Second Annual Foul Shooting Contest sponsored by the Manassas Fire Department in conjunction with the high school will be held in the high school gymnasium on Wednesday night, March 6, 1940.

This event was started last year and proved a great success among the high school students as well as the town people. It was started with the main objective to create a better interest and understanding of high school athletics, in his case basketball.

The contest is held in two divisions, boys and girls. Any boy or girl enrolled in the Manassas High School is eligible for the contest. All entries for the contest must be in by Monday at the close of school.

Monday evening at 3:15, the first qualifying round will be held. The first ten boys and first ten girls will be chosen for the semi finals. In the semi finals, the first five from each division will be chosen for the finals. The remaining five boys and five girls will shoot off for the finals in each division. The highest scorer in each division will be chosen the winner.

A second trophy for the girls winner will be purchased so that there may be a trophy for each division. Last year there was one trophy for both divisions.

As an added attraction of the evening, the teams of the Physical Education classes will vie for honors. The "Pee Wee" and "Big Boys" all star teams will perform.

One of the main features of the evening will be a game between the Married Men and the Single Men. There is little left to say in regard to this game.

Those of you who saw the last two games between these teams certainly will not miss this affair.

The games are tied at one for each side and this game will put one team in the lead. Which one will it be? I'm sorry I can't tell but if you will come to the high school gymnasium next Wednesday at 7:00 P. M., you will find out.

"DESTINY RIDES AGAIN" HAILED ENTERTAINMENT MASTERPIECE

A new Marlene Dietrich, vastly improved and bearing little resemblance to her previous appearances except in glamorous beauty, returned to the screen yesterday when Universal's "Destiny Rides Again" opens at the Pitts Theatre next Monday and Tuesday, March 4 and 5.

Miss Dietrich's almost startling transformation features a picture notable in many other respects, chief among these being the presence of James Stewart, one of the screen's foremost male stars, who plays the title role opposite Marlene.

Together they head what is probably the greatest supporting cast ever assembled for a western epic type of picture. Such prominent favorites as Mischa Auer, Charles Winninger, Brian Donlevy, Irene Hervey, Una Merkel, Warren Hymer, Allen Jenkins, Samuel S. Hinds, Billy Gilbert and many others are included in the list of players.

The task of combining this important talent into a comedy-drama filled with action and spectacle has been expertly done by producer Joe Pasternak, the man responsible for all the Deanna Durbin and Gloria Jean successes. "Destiny" was directed by George Marshall, a veteran of many great western pictures of the past.

As the star entertainer in the Last Chance Saloon, Miss Dietrich has a role that marks a drastic change from her recent performances, but is in many respects similar to the memorable character she portrayed in "The Blue Angel," the picture that made her a star.

Marlene sings to the cowboys and miners such tunes as "Little Joe," "You've Got That Look" and "The Boys in the Back Room." She cheerfully convives at crooked card games, dances the Virginia reel and makes violent love to Stewart, and climaxes it all by a fist-fight with Una Merkel. The rough-and-tumble conflict is undoubtedly the greatest feminine fist-fight ever put on the screen, and is destined to rank as the be-skirted counterpart of the great fight in "The Spoilers."

The scene near the end of the picture in which hundreds of the women in the town, armed with rolling pins, wreck the Last Chance saloon is another highlight scene in a story that has excitement from start to finish.

COUNTY AGENTS COLUMN**PERMANENT PASTURES NEED LIME**

Many permanent pastures have never been limed or have gone without lime so long that the soil has been allowed to become acid and lime-poor.

As pasture soils, as well as other soils, become more and more acid several things happen. The nitrifying organisms that are so essential in supplying readily available nitrogen cease to function; the phosphorus supply which is so necessary to the growth of grass and clovers becomes tied up in unavailable form; and certain injurious elements like iron and aluminum become available. As these processes continue, the more desirable grasses and clovers find it increasingly difficult to thrive.

Pasture improvement, then, consists essentially of throwing the processes of nature into reverse, and in this the importance of lime is quite apparent. It reduces the acidity; starts up the nitrifying process; makes available the phosphorus that is in the soil; throws injurious materials as iron and aluminum out of solution; and, in general, makes conditions favorable for the growth of the kind of plants that constitute a good pasture.

Pastures may be top-dressed with lime with good results at any time of the year.

LIME VERSUS FERTILIZER FOR PASTURE IMPROVEMENT

The use of either fertilizer or lime will result in the improvement of pastures, but when both materials are used the results are far superior. Both ground limestone and Triple Superphosphate fertilizer are available Conservation Program for this purpose.

MEDIEVAL COLORFUL PARISIAN LIFE BACK-GROUNDS "HUNCHBACK"

A spectacular and colorful view of life in medieval Paris offers a vivid backdrop for the stirring action of "The Hunchback of Notre Dame," the gigantic film version of the famous by Victor Hugo, coming to Pitts Theatre on Thursday and Friday, March 7 and 8.

Charles Laughton, one of the screen's foremost character actors, is starred in the title role as the deformed Quasimodo, the bell-ringer of the cathedral, whose unrequited love for a beautiful gypsy girl motivates the powerful drama of the story. The girl, persecuted by the High Justice of Paris, takes refuge in Notre Dame, but the nobleman, unable to win her, has her tried for a crime which he himself committed. Quasimodo helps her escape the hangman in a thrilling scene before the cathedral, and this in turn leads to the surprise-packed climax when a mob storms the edifice and the hunchback undertakes to protect the gypsy and oppose the mob single-handedly.

Laughton as Quasimodo is supported by Sir Cedric Hardwicke, Thomas Mitchell, Maureen O'Hara, among others, under William Dieterle's direction of the RKO Radio Picture.

VULTURE RESENTS BUZZARDS IN MOTION PICTURE SCENE

Class-consciousness has reared its ugly head in Hollywood.

On the set of Universal's "Rio," the picture which comes to the Pitts

Theatre next Wednesday, March 6, one of the principals refused to have anything to do with two other actors of lower social standing.

The high-hat player was a king vulture, property of Curley Twiford, purveyor of trained birds and beasts to movie-makers. Curley also purveyed two ordinary run-of-the-mill California buzzards and it was these to which the vulture objected.

The feathered thespians were employed to add atmosphere to a South American jungle swamp setting through which Basil Rathbone, as a convict, escapes from a prison colony.

When Twiford loosed the buzzards the vulture absolutely refused to have any part of any picture in which such common birds were employed.

Wrinkling up his ugly mugg and in an attitude of utter contempt, he made it known that either he or they would have to get out.

Director John Brahm compromised by working the vulture alone in one scene and the buzzards in another. Mr. Vulture will never know he appears in the same picture with the two declassé scavengers.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

AMERICAN BOY MAGAZINE
COMPANION TO THOUSAND

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys club also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. 41-4-x

A PATRIOTIC GESTURE

On Monday of this week, by resolution of the gentleman from Henry County, the House of Delegates passed by unanimous vote and with only commendatory utterance, a "salute" to the Virginia State flag.

It will be used on all occasions wherever the State flag is displayed, and constitutes an evidence of continued loyalty and devotion of the sons and daughters of the Old Dominion.

POLITICAL MANEUVERING IN RICHMOND

As the General Assembly of Virginia approaches the end of an interesting and apparently constructive session and pressure for legislation reaches a high point, it becomes increasingly difficult to interpret the rapidly shifting scene at the State Capitol.

During the past week the breach seems to have appreciably widened between the Price and Byrd forces there, as the latter's Winchester newspaper gives editorial endorsement to the attack made upon the Governor by Delegate Moore, of Berryville. Political tension, moreover, was not lessened by the ruling of the Attorney General that the increased salary for the Secretary of the Commonwealth allowed by the Governor was unconstitutional, and by the demand from the Comptroller that he refund his increased compensation. But the Governor, who is charged with having used more than a million dollars of public funds for salary increases not contemplated by the General Assembly, is not alone the object of charges of favoritism. The organized sportsmen of the State, in their battle for revision of the fish and game laws, maintain that the welfare of the Commonwealth is being impaired by favoritisms insisted upon by the Byrd regime, which, it is charged, is delaying needed

reforms by holding in office a favored Commissioner, who, they maintain, should not be allowed to complete his present term. Last, but by no means least, Ex-Governor Peery has jumped into the melee, stating that the figures issued by Governor Price are "not only lacking in frankness but evasive and misleading."

To the independently thinking Democrats out in the Counties of Virginia, all these charges and counter-charges will be doubtless viewed correctly as advance political skirmishes, while the main lines of battle are forming for control of the State Democratic Convention. One faction will undoubtedly struggle valiantly to line Virginia up for President Roosevelt, and the other as stoutly will fight the New Deal. And it should be borne in mind that Virginians like political fight, so long as good sportsmanship is displayed. We were cut out of this exhilarating experience two years ago when a Governor was nominated without opposition, and having become fully rested from all previous state-wide political warfare, are really straining at the leash, both factions of our Democracy, being anxious to demonstrate superiority in voting strength and political astuteness. So, instead of scouting around in the dark, it is about time to come out in the sun-light and have at one another in good old fashioned style, neither giving nor granting quarter, taking no prisoners, and resorting unblushingly to all of the inhuman political barbarities accompanying a state-wide campaign in Virginia on vital issues.

In the poetic language of chivalry, what we are witnessing with respect to our valiant political warriors is that:

"Their visors closed, their lances in the rest,
Or at the helmet pointed or the crest,
They vanish from the barrier,
Speed the race,
And spurring see decreased the middle space."

MANASSAS TAKES TWO FROM HERNDON

The lads and lassies of the Manassas High School basketball squads traveled to Herndon to play the Herndon High hoopers. When the Smoke had cleared away both local teams had another victory to their credit.

The Manassas leather tossers started out with a bang and kept the nets hot for the first half shooting from all positions. The boys showed no mercy and kept scoring at random. The score at the end of the first half read Manassas 20 and Herndon 8. The second half was a horse from a different stable. The Herndon team came out fighting and made up their minds to win. Both teams fought furiously in the final period which started with Manassas ahead by two points. The Herndon cracked from the pace that they set and from the still hotter pace that the local lads put on. The final score was 31 to 25 in favor of Manassas. "Dead Eye Dick" Haydon was high score for the night making no less than ten points. "Kite" Roseberry, Guy Bowers, "Daisy" Knox, Gene Curtis, and William Grady added to the score and the entire team showed a fine brand of basketball.

Tuesday nite the two teams again took to the road and journeyed to Occoquan. This time they split the double header. The girls won and the boys lost. The boys game was a thriller through out the game. Both teams played their best ball and

CHRISTOPHER J. MEETZE

Mr. Christopher J. Meetze died suddenly Tuesday night, February 20, 1940, at a Smithfield, Virginia hotel, while en route to Suffolk, Virginia.

Mr. Meetze was born in Fauquier County in 1871. He was the fifth son of John Luther and Sarah Jerriett Meetze of Lexington County, South Carolina, who moved to Virginia just after the Civil War. He was married to Miss Mattie E. Hornbaker in 1895.

Mr. Meetze had many friends and was well-known thru the state. He was a member of the Manassas Presbyterian Church from 1893 until his death. He was an elder in that Church and Sunday School superintendent for a number of years. He was an active member of the Anti-Saloon League of Virginia; a member of the Virginia House of Delegates from 1912 to 1920; a member of the Masonic Lodge; a member of the Junior Order of Fraternal Americans; and a past member of the Mystic Order of Noble Shriners. At the time of his death, Mr. Meetze was Eastern field representative for the American Automobile Association, with headquarters in Norfolk.

Surviving are his widow, one daughter, Mrs. George Botts, of Arlington, Va., two sons, J. Willis, and Clarence L. Meetze, of Trenton, Michigan, and two brothers, Yost Meetze, of Manassas, and Manton Meetze, of The Plains.

Funeral services were held Friday, February 23, at his residence, with interment in the Manassas cemetery.

Pall-bearers were the Hon. E. R. Conner, A. S. Boatwright, J. L. Bushong, and Stanley A. Owens, of Manassas, T. J. Timmons, of Norfolk, and G. B. Wallace, of Fredericksburg. Honoray pall bearers were Commissioner Melvin C. Hazen, of Washington, D. C.; M. Bruce Whitmore, Eugene Davis, P. L. Proffitt, C. C. Cushing, Frank Sigman, and D. J. Arrington.

KIWANIS RESOLUTIONS FOR THE LATE C. J. MEETZE

It is a commonplace to say that in human affairs everything comes to an end, even so precious a thing as life. This end may come early, it may come late, but it is inevitable. Thus, when a good and useful citizen passes away, everyone with whom he has come in contact, has lost.

So, we as representative Kiwanians of Manassas, recognize that in the passing of our former member, Christopher J. Meetze, there is a great loss, that to his wife, to his immediate family, to have community, to his church associates, and to the Kiwanis Club, who have followed in a sympathetic way the various phases of his activity.

So, too, we deplore his loss, but recognize that such things must be. We extend our sympathy, especially to those who are most deeply affected, particularly his wife, his daughter, his sons and his brothers.

Frank G. Sigman, Chairman;
Rev. R. M. Graham,
Rev. James J. Widmer,
Committee.

PONTIAC SALES UP

50.7 PER CENT

Retail deliveries of Pontiac cars for the first 20 days of February were 8,901, a gain of 50.7 percent over the first 20 days of last February, and exceed the 8,234 Pontiacs sold for the same period of January, this year, according to D. U. Bathrick, general salesmanager of Pontiac Motor Division.

Eight of Pontiac's twenty-three zones actually delivered more new cars during the first 20 days of this month than they did during the entire month of February, 1939. These zones are Washington, D. C.; Charlotte, N. C.; Cleveland; Chicago, Atlanta, Denver, Dallas and San Francisco.

Used car sales kept up their record breaking pace with the result that inventories of used cars in dealers' stocks actually declined for the first time in almost six months, Bathrick said. Unfilled new car orders registered a gain during February's

of Strayer College, Washington, D. C., held February 27, at Memorial Continental Hall. Miss Beane and Miss Ward are members of Sigma Eta Sigma, Strayer College honor society. Miss Beane is working in a stenographic capacity with the Employers' Liability Assurance Company, Mr. Morris is an office assistant at Strayer College, Miss Ward is working at the Federal Reserve Board, and Mr. Wood is a stenographer at the offices of the Seaboard Airline Railway.

The Honorable Jennings Randolph of West Virginia addressed the 118 graduates of the secretarial and accounting departments, urging them to meet the challenge of present day economic, social and spiritual problems.

Miss Ward was graduated with highest distinction, one of three secretarial graduates achieving such mention.

CHRISTIAN SCIENCE

"Christ Jesus" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, March 3.

The Golden Text will be "God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II Cor. 4:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, saith the Lord. As for me, this is my covenant with them, saith the Lord; My spirit that is upon thee, and my words which I have put in thy mouth, shall not depart out of thy mouth, nor out of the mouth of thy seed, nor out of the mouth of thy seed's seed, saith the Lord, from henceforth and for ever" (Isa. 59:20, 21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christ, as the spiritual or true idea of God, comes now as of old, preaching the gospel to the poor, healing the sick, and casting out evils" (p. 347).

Messrs. Robert S. Hall, B. W. Brunt and T. F. Joyce of Occoquan and J. B. Jett of Lorton, appeared before the Fairfax County Fireman's Association on Wednesday in order to get the inside information on what Fairfax County was doing to help their Volunteer Fire Companies. We were very cordially received. We learned that Fairfax County has a levy of 5 cents on the \$100.00 valuation for the benefit of the Fire Companies. This allows each of the SIX Companies in the county about \$1,200.00 each. The county believes this to be an EXCELLENT investment, because they are about to raise the levy to 7 cents on the 100 valuation. They also stated they would like to have about FIVE more Volunteer Fire Companies in the county so as to have the fire protection the county should have.

We sincerely hope Prince William County will take steps to assist their Volunteer Fire Companies, as Fairfax County is doing. The greater protection we have against fires in the county, the lower our Insurance Premiums will be. Also; when a Fire Company save a house from destruction by fire, they are probably saving the county thousands of dollars; and when they put out WOODS FIRES they are saving thousands more. LET US ALL ASK OUR BOARD OF SUPERVISORS FOR FINANCIAL ASSISTANCES OF THE FIRE COMPANIES OPERATING IN OUR COUNTY. Those Volunteer Firemen are doing a hard job well, and without any thought of compensation for themselves. The fact they are saving Lives and Property satisfies them so far as personal compensation is concerned. WE SHOULD, HOWEVER, GIVE THEM FINANCIAL ASSISTANCE TO MAINTAIN THEIR EQUIPMENT, SO AS TO BETTER ENABLE THEM TO FIGHT OUR FIRES.

We mentioned last week that the

Bull Run Grange went on record against any levy for the assistance of our Volunteer Firemen. We believe now that the Grange was not truthfully informed as to how the levy requested was to be distributed. We have always looked up to the Grange as being for PROGRESS, but when they go on record against help in fighting fires in our County, THAT IS NOT FOR THE ADVANCEMENT OF PROGRESS. The Grange surely would not try to retard any progressive undertaking in our county. We gladly pay levies for the support of our schools, and what could be more important than the protection from destruction by fire of the homes in which we live. Whether we are rich or poor, when our home burns we entail a very great loss, and so does our County, our State and Nation. We can prevent loss by fire if we give our Faithful Friends the Volunteer Fire Companies proper support.

LEOPOLD T. STEIN

Leopold Thomas Stein, aged 80, died very suddenly at his home near Centreville on Monday morning. Funeral services were held at Groff's chapel in Fairfax and also at the grave by Rev. Father Kociela, of St. Mary's. Interment was in St. John's Church Cemetery, Centreville, yesterday forenoon.

Professor Stein was born in Lemberg, in the Polish section of Austria in 1860, the son of a wealthy Austrian government official. His mother came from the Polish nobility.

Mr. Stein studied at several of the prominent universities in Europe, being awarded the degree of doctor of philosophy. He taught in the Lemberg High School, his most beloved subjects being German, ancient Greek and Latin.

In the early Nineties, he came to the United States where he met his bride, Anna Zacker, who survives him. There were no children. He continued his teaching at universities in New York State and Maryland. All of his life he had a leaning toward agrarian work, his mother's people having been large agricultural holders in the old country. Some twenty five years ago, he located at his late home on the road leading from Centreville to Clifton. For a short time, he delved into politics, holding the position of postmaster at Clifton.

Although he had been an American citizen for many years his heart and sympathies never left his native land. He was a kindly and considerate neighbor who will be greatly missed among the folks where he spent so much of his lifetime. His integrity deserves special mention and also his loyalty to his friends and to his loving wife.

FORESTRY REPORT

February 20, 1940.

The Members of the Board of Supervisors Prince William County, Virginia.

The following report covering the forest fire control work in Prince William County during the calendar year 1939 is submitted for the information of the Board of Supervisors and other officers and citizens of the county interested in the progress and details of the fire control work.

The total expenses vouchered for the work during the calendar year amounted to \$77.38. Of this amount \$23.00 was paid out of State and Federal funds for forest warden services and travel on fire prevention and fire suppression activities, and for expenses incurred in connection with the maintenance of improvements which have been constructed by the Civilian Conservation Corps. \$54.38 was charged to the county for services of fire fighters employed by the wardens. Of this \$54.38, however, \$15.25 has been recovered from parties found responsible for the fires and has been credited to the county, leaving a net total disbursement of \$39.13 chargeable to Prince William County during the calendar year 1939.

The forest fire record for the year in Prince William County as reported by the warden organization is as follows:

Number of fires: 22.
Acreage Burned: 351 1/4.
Estimated Damage: \$888.00
Causes: Railroads 2, Smokers 5, Brushburning 7, Miscellaneous 1, and Unknown 7.

The results of the work in the county during the year were highly satisfactory. Of the total 125,021 acres under protection, twenty-eight-hundredths of one percent was burned, which represents two and eight-tenths acre burned in each 1,000 acres protected.

The Virginia Forest Service wishes to express its thanks for and its appreciation of your cooperation and support in this important work, thereby making possible another good record for the Forest Service. We earnestly solicit your continued cooperation and help in the future as you have given it in the past.

Very sincerely yours,
Berlin Eye,
District Forester.

The local team had one of their off nights against Occoquan and had it not been for a last quarter rally by the locals, the M. H. S. girls would have been out of the running for the Championship. Cato and Bourne kept the losers in the running for three quarters with their fine playing.

ASK MAINTENANCE OF SUDLEY ROAD

Manassas Club Endorses Plea For Highway Fund

The Sudley Road was the main topic of conversation at the regular meeting of the Kiwanis Club on Friday last.

Town Manager Cocke gave a talk on the proposed plan of reconditioning the road, especially prior to the big celebration in July at which time the statue of Stonewall Jackson will be unveiled.

He also mentioned the new \$50,000 administration building, erection of which is to begin shortly, and paid a glowing compliment to Congressman Smith for securing the appropriation.

Questioned about the CCC camp which has been asked for, he stated that on only the day previous Congressman Smith had made an earnest effort to secure one but the curtailment of camps and prior assignments made it impossible before the early fall. He stated that it appeared that Mr. Smith could get one by that time.

Going deeply into the matter of road construction on this particular job, he showed about would be done on a heavy maintenance proposition which would probably answer the needs of the situation for years to come. This fact is further strengthened by the request of the National Park Service not to materially change the general lay of the road from what it was in 1861.

Mr. Cocke advised that individuals write directly to Hon. Wade Massie, member of the commission from this area, who is spending the winter at Sarasota, Florida.

Upon completion of the program which had been introduced by Rev. Stuart Gibson, Mr. C. M. Harris offered a resolution substantially in accord with the ideas offered by Mr. Cocke, except that it was adopted by the Club as a unit.

Lamar Harris, of the Arlington Club, and its former president, was present as a welcome visitor.

FORMER SENATOR DIED SATURDAY

Hon. Worth Smith Had Noteworthy Political Career

Funeral services for William Worth Smith, 52, who died in Richmond on Saturday after an illness of ten weeks, were held on Monday at the home of his brother, Hon. Howard Smith, in Alexandria, with interment at Little Georgetown Cemetery at Broad Run, near his birthplace.

Mr. Smith was the son of the late W. W. Smith of Cedar Hill Farm, near Broad Run, and was a younger brother of Honorable Howard W. Smith, representative of the Eighth Virginia District and chairman of the special congressional committee investigating the Labor Board. They are descended from William Smith, English Governor of the colony.

He was educated at Episcopal High School, Alexandria; Randolph-Macon College, Ashland, and the University of Virginia Law School.

Smith served in the State Senate from 1923 to 1935 as representative of the district including the Counties of Orange, Louisa, Spotsylvania, Stafford and the City of Fredericksburg, an area forming a large part of the Eighth Congressional District, which his brother represents.

Beginning his 12-year term in the State Senate in 1923, Mr. Smith in the latter years of his Senate career became chairman of the Senate Committee on Courts of Justice. In 1935, he declined to seek reelection from the Twenty-eighth Senatorial District. In addition to his chairmanship of the courts a justice group, he was the fourth ranking member of the Finance Committee and a member of the Committee on Rules at the time of his retirement.

In the Senate, Mr. Smith took a keen interest in agricultural problems and in the gubernatorial race was dubbed "the farmer's friend."

Mr. Smith was chairman of the Senate Committee on courts of justice in the latter years of his public service. He engaged in law practice and farming after his retirement to private life.

His death occurred in Johnson-Willis Hospital, Richmond, where he had been undergoing treatment for a stomach ailment.

Surviving him are a daughter, Miss Frederica Wilmer Smith of Richmond; his brother, Representative Smith; and two sisters, Mrs. S. W. Price of Scarbro, W. Va., a former member of the West Virginia legislature, and Mrs. John W. Brookfield of Springfield, Va.

SPEAKES OBSERVE GOLDEN WEDDING

Dumfries Home Is Scene Of Gala Celebration

Mr. and Mrs. Henry Clay Speake, of Dumfries, Prince William County, entertained on Monday afternoon and evening at their home on the Richmond Highway in celebration of their fiftieth wedding anniversary. Two hundred invitations were issued to friends and relatives.

Guests from Manassas were asked from two until five o'clock and residents of Dumfries and vicinity arrived from six until nine o'clock. Mr. and Mrs. Speake, who are natives of Prince William County, have made their home in Dumfries since their marriage in 1890 and are well known in that section and in Northern Virginia.

The house was gayly decorated with yellow daffodils and spring flowers arranged in vases on the tables and mantelpieces.

The couple received their guests in the living room and had assisting them their sister-in-law, Mrs. G. Raymond Ratcliffe, and their niece, Mrs. Roland Tardiff, of Manassas, Long Island. Mrs. Robert A. Waters, of Dumfries, and Miss Lizzie Merchant, of Manassas, poured tea and coffee. Punch was served in the hallway and plate supper were passed in buffet style in the dining room.

A huge wedding anniversary cake decorated one end of the dining room table on which trays of dainty refreshments were placed. The most unique feature of the supper course was delicious ice cream molded in shapes of miniature brides and wedding symbols, sent down from New York by Mr. Roland Tardiff.

The centerpiece consisted of a lovely flower bowl filled with tall daffodils, a gift from the G. Raymond Ratcliffes, and twin candle holders with tall white tapers, which were a present from Mrs. Annie Adamson.

The numerous other gifts filled an entire bedroom on the second floor and included dozens of handsome remembrances from the many friends of the couple who came to wish them happiness.

JUNIOR WOMEN SPONSOR DRIVE

Select First Week In April For Safety Campaign

Within the next few days the Junior Woman's Club of Manassas will launch a safety campaign for the town in the interest of traffic accident prevention and community safety improvement. The first week in April has been designated as Safety Week and will climax this campaign.

Although fortunately there have been no serious traffic accidents in Manassas, it is hoped that, as a result of this campaign, reckless driving may be overcome and such accidents prevented before they occur, and that a safer community may be created through proper traffic control.

Through its members, the Junior Woman's Club expects to contact all local organizations and enlist their assistance in arousing public opinion to a safety conscious level.

Our community is capable of obtaining the degree of traffic safety that our citizens and public officials determine to achieve, but not without the wholehearted support of the public and the authorities, with impartial and conscientious enforcement of traffic regulations. The cooperation of a number of the officials of the town has already been offered and the Junior Woman's Club hopes to arouse public sentiment to back local authorities through newspaper articles and poster displays, motion picture shorts, and talks on traffic safety before clubs and other organizations.

The club expects to work in cooperation with school authorities in establishing special committees on safety education in the high schools of the county which will present speakers and movie shorts and conduct essay contests on traffic safety.

The following committees have been named by Mrs. Hawes Davies, Jr., president of the Junior Woman's Club, to conduct this campaign: Planning Committee, Mrs. Paul Arrington, Mrs. J. E. Bradford, Jr., Mrs. J. Holt Merchant; Public Relations Committee, Mrs. Sedrick Saunders, Mrs. Hawes Davies, Jr., Mrs. E. W. Hurst, Mrs. Ralph Sharrett, Miss Hilda Moser, Miss Rose Ratcliffe, Mrs. William Taylor, Miss Nancy Lynn; Correspondence Committee, Mrs. Arthur Sinclair, Miss Lucy Arrington, Mrs. A. Mackenzie Mrs. Maurice Graham, Miss Virginia Hurst; Publicity Committee, Mrs. R. Jackson Ratcliffe, Mrs. J. J. Davies, Miss Walser Conner, Miss Mary Currell Pattie, Mrs. George Turberville; Educational Committee, Mrs. J. Carl Kincheloe, Mrs. Connie Kincheloe, Mrs. Charles Harris, Miss Mary Lynch, Miss Jane Lynn, Miss Ethel Cadmus; Financial Committee, Miss Marion Lynn, Mrs. G. Wallace Hook, Mrs. Stewart McBryde, Jr., Mrs. Stanley A. Owens, Mrs. John Y. Roseberry.

It is important that this project receive the wholehearted backing of the public that is so necessary for its success and that the community has so graciously given previous projects undertaken by the Manassas Junior Woman's Club.

AMATEUR NIGHT A SUCCESS

The amateur night held at the high school on Friday evening was a splendid success.

There were more than two dozen numbers with some three dozen participants. There were dances, solos, vocal and instrumental, (also duets,) group numbers, all of which were pretty and all well rendered.

The judges, Mrs. Wade-Dalton and Revs. Graham and DeChant, had a difficult time making a decision. Finally, first place was awarded a skit done by Everette Jones, Joe Lonas, Shreve Brent and Betty Parish. Second place was given Earl Fife and Carter Crouch with an accordion and guitar duet. Third place went to Tomyns Monaghan who gave an impersonation "South American Way."

The affair was quite successful in the matter of financial returns as well as in the general interest of the occasion.

It is hoped all the GOOD Citizens of Occoquan will give Mr. Musselman their fullest cooperation in the performance of his duties as Town Clerk.

If any of you tax payers of the town of Occoquan have not as yet paid your Corporation taxes, it would be advisable to do so without delay. You will find penalties attached for being delinquent. Also, remember Corporation taxes are collectible under the same as County or State taxes.

It would appear from the laws enacted by our State Legislature, allotting profits from the sale of Alcoholic Beverage for payment of our school teachers and upkeep of Public Schools, that it would be a patriotic duty of all citizens to IMBIBE in those beverages, so as to have more money for our schools? It is sad that such a premium has to be placed on Alcoholic Beverages. If we can not support our Public Schools without having to resort to the putting a premium on the consumption of Al-

I Like This Book

"THE HAUNTED BOOKSHOP"

By Christopher Morley

This novel was written by a well-known and much loved American writer, Christopher Morley. This particular book was published by the Grosset and Dunlap Company in New York and copyrighted in the year 1918.

Christopher Morley is an author of whimsical essays and poems, and of novels of fantasy. Morley had a very good education and began his literary career on the editorial staff of Doubleday, Page and Company (now Doubleday Doran) in 1913.

"The Haunted Bookshop" is about Roger Mifflin, whose delightful acquaintance was made in "Parnassus on Wheels." Those who have read "Parnassus on Wheels" will rejoice in finding him in this volume the proprietor of a bookshop in Brooklyn. So realistically does the story begin that one is almost impelled to take the telephone book to get the address of the haunted bookshop. While much of the charm of the book lies in the character of the whimsical, book-loving Roger Mifflin and his comments on all manner of things, a gentle love story runs through the novel and an exciting bomb plot of which the bookshop becomes the tragic scene.

If you have not yet had the great pleasure of reading this book, you should do it very soon. You will partake of a real mental feast—from appetizer of mystery, through meat of information, crisp salad of romance, to dessert of humor.

Christopher Morley said thus of his book: "I began merely in hope of saying something further of the adventures of Roger Mifflin, whose exploits in 'Parnassus on Wheels' some of you have been kind enough to applaud. But then came Miss Titania Chapman, and my young advertising man fell in love with her, and the two of them rather ran away with the tale."

This novel was so entertaining that I could hardly lay it aside from the moment I opened it until the moment I read the last word. I could not recommend a more interesting, exciting, and enjoyable book for one to

"NICK CARTER, MASTER DETECTIVE"

A Dime-Novel hero familiar to all readers of the past generation becomes reincarnated in streamline form in "Nick Carter, Master Detective," story of the famed super sleuth, which is brought completely up to date in Theatre, Saturday, March 9, with Walter Pidgeon in the title role and Rita Johnson playing the feminine lead.

Since the original Carter books reached the newsstands, detection and science have undergone many amazing developments but the film even steps beyond today's inventions to show super-planes in action with imaginative realism.

The story is that a great detective who is employed by an aircraft manufacturer to solve the theft of plans which have fallen into the hands of foreign powers. Thrill piles on thrill as foreign agents attack a ship set down in the desert, air battles ensue, a plane tears off its wings in a power dive and another plane battles a speedboat at sea. A murder mystery also adds to the melodrama.

As the title character, Walter Pidgeon delivers a sincere performance which lends complete credibility to the story, while Miss Johnson is a capable and attractive heroine. Donald Meek in a comedy role; Henry Hull as an eccentric inventor; Addison Richards as the manufacturer, and Stanley C. Ridges as an unscrupulous doctor contribute sterling performances. Jacques Tourneur, directing, achieved the same crisp, staccato note which have made his "Crime Does Not Pay" short subjects masterpieces of their kind.

Among arresting details of the production are airplanes that can rise 11,000 feet in two and a half minutes and fly at a speed of 460 miles an hour, which is a thrilling Jules Verne conception of the air flights of tomorrow. Also of interest are the scenes laid in an airplane factory where the process of airplane construction is unfolded to the audience in a dramatic manner. "Nick Carter, Master Detective" reaches a new high in thrill-packed melodrama and can safely be recommended as entertainment for the entire family.

AMERICAN BOY MAGAZINE COMPANION TO THOUSAND

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys club also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. 41-4-x

IT WAS BOUND TO COME

There is more wisdom than might be suspected in the various features of our Democracy. For instance, ample provision is made for outlet of pent up emotions, championships, factionalism, and all of the attributes of vigorous political maneuvering, before constructive work in state-craft begins. But unfortunately there was elected last time in Virginia, a distinguished Governor who had no opposition at the polls, and the ensuing legislative program was necessarily undertaken over a boiling cauldron of suppressed political emotions, which being denied the usual outlet, finally burst forth with accumulated momentum during the present session of the Virginia General Assembly.

Our two factions of Democracy, which have been in honorable combat from time immemorial, charged respectively that one group received its inspiration from the White House and the other from the United States Senate. Whether both are right, or both wrong, we would hesitate to render a flat assertion, but viewing the situation in Richmond this week, in the closing hours of the General Assembly, we are certain that valuable legislation was lost in partisan conflicts which should have been fought out at the polls, but we are also gratified to note that after all there will emerge a valuable contribution to the Code of Virginia.

There have been real accomplishments at this session of the oldest legislative body in the world. Affairs are handled there with a dignity and dispatch which would be worthy of emulation in Washington, and we are really very proud of the General Assembly.

We admire the undaunted skill with which our Senators and Delegates uphold their viewpoints, and we feel moved to exclaim, as the battle ends: "Stand forth distinguish'd from the circling crowd,

This friendly bank will afford you the best means of protecting your savings, and cordially invites you to join our ever enlarging circle of satisfied customers.

The Peoples National
Bank of Manassas

Ye who by skill or manly force may claim,
Your rivals to surpass and merit fame."

BALLET Russe IN
WASHINGTON NEXT WEEK

For the fourth consecutive season, the Ballet Russe de Monte Carlo will give two joint performances with the National Symphony Orchestra, Hans Kindler, Conductor, on Tuesday and Wednesday evenings, March 12, and 13, in Constitution Hall.

For its Washington appearances the Ballet Russe will present seven ballets—two of them new to its repertory this year, and three others new to Washington. On Tuesday evening, it will give "Lee Sylphides," "Rouge et Noire" (new), and "Gaité Parisienne." On Wednesday evening, the ballets to be presented are "Capriccio Espagnol" (first time with National Symphony), "La Boutique Fantasque" (first time with National Symphony), "The Bluebird" (first time with National Symphony), and "Capriccio Espagnol" (new).

Artistic director and premier danseur of the company is Leonide Massine, successor to Nijinsky in the original Diaghileff company and "the greatest force in ballet today"; ballerinas are Alexandra Danilova, in her seventh American tour with the Ballet Russe; Alicia Markova, proper inheritor of the roles of Anna Pavlova; and Mia Slavenska, known to American audiences as the star of the French film, "Ballerina." Soloists are Nini Theillade, lovely Danish-Japanese dancer, who was ballerina and choreographer for Max Reinhardt's production of "Midsummer Night's Dream"; Natalie Krassovska, formerly with the Rene Blum Monte Carlo Ballet Russe and now in her second season with this organization; Igor Yousekevitch, former circus athlete and now one of the few great male dancers; Frederic Franklin, English dancer from the Markova-Dolin company; Andre Eglevsky, handsome Russian soloist from the de Basil and Rene Blum organizations; Roland Guenard, first American dancer to make his mark in a Russian ballet company; Marc Platoff, native of Seattle and first American choreographer with a Russian ballet; and George Zoritch, born in Russia and graduate of all the great European ballet companies of the last decade.

Musical director of the Ballet Russe is Effrem Kurtz, who made two highly successful guest appearances with the National Symphony last summer, and assistant conductor is Franz Allers. Dr. Kindler will conduct "Capriccio Espagnol" on Wednesday night.

BASKETBALL AT NOKESVILLE

The Manassas girls and boys traveled to Nokesville Tuesday night to take on their teams in basketball. It was a split bill, the boys winning and the girls losing.

For Nokesville, the individual stars were Herndon and Fearneyhough.

The girls teams played a real thriller and dropped a one point decision. Both teams were tied at the half, sixteen all. The final score, 30 to 29. The following girls played their best games for Manassas High, Capt. Marie Bauserman, June Pickeral, Lelia Dowell, and Dot Wilkerson.

The boys took the floor and meant business, taking the lead and keeping it all through the game. At the half the reading was 17 to 11, in favor of the "blue and gold." They played a stiff man-to-man game and most of the Nokesville team was held to a two-point score. However, Bittle was really hot and shot some pretty

The entire team played hard, clean and good ball. Haydon and Curtis were high score with 12 and 11 points, respectively.

Baseball practice started Wednesday, with a squad of over thirty boys turning out. The first home game will be on April 2, against the alumni. The schedule calls for eleven games, six of which will be on the home diamond.

TWO EXCITING BALL GAMES

The final basketball event of the season turned out to be one of the most eventful and spectacular of the year. There is no doubt that the spectators got their money's worth. There were four basketball games and a free throw contest.

The girls' free throw contest, sponsored by the high school faculty, was won by Frances Beeton, who scored 34 out of 50 throws. Last year, sister Jane took the same honors.

The boys' contest was won by Dee Vetter, who was runner-up last year. Vetter made 33 out of 50 good.

In one of the main events, the Manassas town team girls dropped a close game to the Haymarket lassies. The game was played hard and clean throughout and on even terms till the final few minutes. The Haymarket aggregation was again full of protest but victory seemed to be the healing salve.

The two teams will meet again Monday nite at Haymarket. This game will decide the league championship.

In the main event the married men locked horns with the single men. This event proved to be the most spectacular event of the evening. The married men took possession of the floor from the first few minutes and had complete charge throughout the game.

The married men used an airtight zone defence and as a result kept most of the single men scoreless. Worley got thru for 10 points but the rest were held to an even two points each.

The married men scored at random with everyone taking hand. Lynn came thru with 17 points, Shorty Vetter slipped in points, Professor Litwiger 7, Coach Sanders took 6, Bob Adamson got 4 and Shorty Bourne helped himself to 2 points. The final score was 46 for the married men and 19 for the single "fellows."

THE COMING OF SPRING

We will welcome spring on its arrival, After winter's cold and its snow. For we have not much longer to wait now, Though th' chilly north wind does still blow.

The tiny leaf buds on the trees will grow, Soon the grass will really show green Bright, little crocus will push through the earth. (We picture this early spring scene.)

Trailing arbutus (now under the snow) On sheltered hill side, soon will be About th' first woodland flower we'll gather, Or the skunk cabbage, first, we'll see.

Next the bright forsythia's graceful bow

Then radiant with bells of gold, Will be alive with many a song bird, Spring beauties! A sight to behold.

Are we thankful for this winter's mercies? Bestowed upon one, upon all. We ever have innumerable blessings. In Winter, spring, summer and fall! —Eva Everett Davison.

OLIVER-FLATFORD

The marriage of Miss Marion Sloat Flatford, daughter of Mr. and Mrs. David L. Flatford of Lorton, Virginia, to Mr. Charles Maxwell Oliver, of Paris Island, South Carolina, son of Mrs. Francis Marian Oliver and the late Francis Marian Oliver, of Ethel, Mississippi, took place on Friday afternoon, March 1, at 5 o'clock in the home of Mr. and Mrs. R. Worth Peters, Manassas, Virginia.

The Rev. Richard M. Graham, pastor of the Manassas Baptist Church, officiated.

The arrangements for the wedding were informal, Mrs. Peters acting as the bride's only attendant and Mr. Peters as the groom's best man.

The bride is a graduate of Occoquan High School and of the Nursing School of Providence Hospital, Washington, D. C.

Mr. and Mrs. Oliver left on Saturday morning for an extended trip to Mississippi.

"THE CISCO KID AND THE LADY"

One of the most colorful characters of the Old Southwest, beloved by Americans for more than three decades in fiction and on the screen, swaggers back into romantic life again in "The Cisco Kid and the Lady." This 20th Century-Fox picture opens Wednesday, March 13, at the Pitts' Theatre and went over like the bang of a six-shooter.

The famous O. Henry created the original Cisco, a smiling, daring, love-making desperado whose hairbreadth escapes and reckless courage have won him undying admiration from all adventure-lovers.

"The Cisco Kid and the Lady" brings us a new Cisco in the person of Cesar Romero and he proves to be the greatest caballero of them all! He offers pulse-pounding adventure, roaring action, gay romance, two-

fisted fights and thrilling entertainment that make Cisco unforgettable. Defiant, swaggering, gay, romantic—the Cisco Kid has the perfect portrayal in Cesar Romero.

The handsome Romero, who stands six feet two, weighs 170 pounds and has black hair and expressive dark brown eyes that can be alternately soft, steely or sentimental, depending upon the demands of the Cisco role, which usually calls for all three.

The film was directed by Herbert I. Leeds and features in the cast Marjorie Weaver, Chris-Pin Martin, George Montgomery, Robert Barrat, Virginia Field and Harry Green.

The screen play by Frances Hyland, based on an original story by Stanley Rauh, opens in typical fashion: Cisco, accompanied by his faithful, comic Gordito, encounters a new adventure in the desert when they are ambushed by a local villain in his attempt to secure two-thirds of gold mine map owned by them. The bargain made by Cisco to obtain his part of the map was to care for the dying map-maker's infant son and there are many delightful sequences of the desperado's efforts at maternal solicitude. Soon romance comes into the picture as Cisco falls for two girls at once. But, as he might say, "To rob a bank or hold up a stagecoach is play for a child. But to make love to two señoritas—that is work for a man!"

"The Cisco Kid and the Lady" is highly recommended for its thrills, excitement, gaiety and fine performances.

BETTER, EASIER FARMING
FORD TRACTOR with Ferguson System

The Ford tractor with Ferguson system is completely new. You've never seen anything like it. Tractor and unit are combined into one compact unit—making possible greater efficiency, control, economy! Hydraulic mechanism for easy, positive control of implements insures not only constant depth while plowing or cultivating, but effortless lifting and lowering of implements.

An outstanding feature is the light weight of the unit. Because the "line of draft" is downward into the ground, there is no longer need of excess weight to secure traction. This means amazing fuel economy and minimizes packing of soil. And it means you can plow fields full of rocks and stumps, because the new line of draft is the tractor's "safety device." When the plow strikes a hidden obstruction, weight is transferred to the front wheels, the rear wheels spin.

Those are only a few of the features. Come in. Look the Ford tractor with Ferguson system over. See the hydraulically controlled implements. Chances are you'll change your mind about a lot of things.

You Get These Features At No Extra Cost

Ferguson System of Hydraulic Controls — Pneumatic Tires — Self Starter — Power Take-Off — Governor — Battery and Generator — Oil-bath Air Cleaner — Muffler — Independent Brakes on Rear Wheels — Oil Filter — Adjustable Tread on Front and Rear Wheels (48 inches to 76 inches)

FILM TELLS VIVID DRAMA OF IMMORTAL MELODIST

On Thursday and Friday, March 14 and 15, the Pitts' Theatre presents "Swanee River," 20th Century-Fox's story of Stephen C. Foster, the great American troubadour, filmed in Technicolor. What Robert Burns was to Scotland and Thomas Moore to Ireland, Stephen Foster is to America, country and spring inspirationally. His songs embody the very soul of his from its rich earth. What American is there who at some time has not hummed, sung or whistled "The Old Folks at Home" (Swanee River), "Old Black Joe," "My Old Kentucky Home," "De Campdown Races," "Jeanie with the Light Brown Hair," "Oh! Susanna" or "Ring, Ring de Banjo"?

"Swanee River" is said to be a magnificent picture because it combines the immortal melodies of Foster with the romantic drama of his life, so that it is more than a glorious

musical cavalcade of one of the most romantic periods in American history.

Darryl F. Zanuck, in charge of production for 20th Century-Fox, selected Don Ameche to portray the great American troubadour, with Andrea Leeds as his sweetheart and wife, Jane McDowell, for whom Foster wrote "Jeanie with the Light Brown Hair."

"Swanee River" faithfully tells the story of Foster's life as he actually lived it. His life contained all the dramatic ingredients—all the romance, the comedy and the color—which go into the making of a great motion picture. Few liberties were taken with the facts, for there was no need to do more than portray them faithfully.

In beautiful Technicolor, "Swanee River" takes moviegoers back to the romantic, colorful days of Foster's time when minstrels and river boats were popular. It shows his happy

young manhood, depicts his early struggles, the introduction of his songs by Christy's Minstrels, his meeting with and marriage to "Jeanie with the Light Brown Hair," portrays his rapid rise to fame and happy life with his wife and daughter.

Then, with relentless realism, "Swanee River" shows Foster's emotional instability, his disillusion and disappointments, his gradual disintegration and eventual death in a shabby Bowery rooming house.

POST OFFICE CRIME EXHIBIT

The relics of an amazing variety of crimes and rackets solved and smashed by the United States Post Office inspectors combine to form an impressive object lesson that it doesn't pay to tamper with Uncle Sam's mail and constitute an interesting exhibit behind an unmarked door of the "historical room" on the sixth floor of the Post Office Department Building in Washington.

The story of this museum and some of the outstanding cases which it exemplifies is told in an illustrated feature article appearing next Sunday in The Sunday Star.

CHRISTIAN SCIENCE

"Man" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, March 10.

The Golden Text will be "O Man greatly beloved, fear not: peace be unto thee, be strong, yea, be strong" (Dan. 10:19.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore henceforth know we no man after the flesh, yet now henceforth know we him no more. Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Cor. 5:16, 17.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is deathless, spiritual. He is above sin or frailty. He does not cross the barriers of time into the vast forever of life, but he coexists with God and the universe" (p. 266.)

Catholic Information

There's something wrong with the Catholics!

If Catholics worship pictures, statues and saints—if they think medals, holy water and the like, will in themselves prevent accidents, disease, lightning and drowning—if Catholics have no minds of their own and must vote and fight and act just as their priests order—then surely there is something wrong with the Catholics. Yes, something so wrong that they should never be permitted to have a hand in the running of this great country of ours.

If, on the other hand, there is no idolatry or superstition about anything Catholic—if all Catholics have 100 per cent free will—if their patriotism is a proved fact—if, in short, Catholics believe that their Faith has in it and behind it reason, common sense, God-given authority and a philosophy, which if generally adopted, would solve all present-day problems—if Catholics have such a story to tell to their non-Catholic neighbors and refuse to tell it—then again we say there is something

wrong with the Catholics—woefully wrong.

To enable fair-minded people of other creeds to know Catholic facts from Catholic sources, this society from now on will publish weekly in this paper little informative stories of the things which Catholics believe, do and live day after day, believing that our messages will receive courteous attention and credence because we have no religion to attack, no axe to grind, no purpose in mind other than to engender understanding and good-will which are so necessary if America is to stand united against the evils that surround us.

We hope you will feel free to write us your opinion of our labor of love and to ask frank questions about anything Catholic which you may have in mind. Such questions will be courteously answered without obligating you in any way. Address correspondence to: Holy Name Society, Box 363, Manassas, Va.

Lenten Talks

THE SCOPE OF PRAYER

There is no limit to the scope of prayer. Whatever concerns us may properly be brought to God. "Humble yourselves under the mighty hand of God, that He may exalt you, casting all your care upon Him: for He careth for you." (1 Peter 5: 6-7.)

O, what peace we often forfeit, O, what needless pain we bear

All because we do not carry Everything to God in prayer.

Strange to say, we insist on limiting God, and thus fail to appropriate rich blessings which He designs for us. Few of us live up to our possibilities.

Hesitancy to pray for whatever we want arises partly from the scientific attitude of modern thought which lays the stress on the fact that the natural world is under the rule of inflexible laws. To some it seems useless to pray for anything which would involve interference with such laws. For instance there are some Christian thinkers who doubt the propriety of church people assembling in a time of drought to pray for rain. The great English preacher G. Campbell Morgan, in one of his books, expresses such a hesitancy.

Others are deterred by a deep sense of the majesty of God. They cannot understand how He could be interested in the trifling troubles of one little man. The answer to these difficulties lies in a better understanding of the character of God and of the dignity of man.

standing of the character of God and of the dignity of man.

Man is the only creature made in the image and after the likeness of his Creator, endowed with a living soul, capable of fellowship with the unseen, and worthy to be called a son of God. It is scarcely wonderful that a man should be of greater concern to God than any star in the firmament. A star at best is only an inert bit of matter. It has no brains, no heart and no ability to respond to divine love.

I look upon the ideal relations which existed between myself and my earthly father. I respected him as a man of intellectual and spiritual power, and I love him for his kindness of heart. I think of him now as having been more like an elder brother than a parent to me, for we enjoyed each other's society and there was nothing which I could not talk over with him. Such an ideal relationship is a perfect type of the relationship which should exist between all of us and our Heavenly Father.

Come into His presence with confidence. Let your prayer be talking with Him as a boy would talk with an affectionate father. Let no man persuade that there is anything which you may not include in your prayers, whether it be bread, of health, or protection or even rain.

Here bring your wounded hearts,

Here bring your anguish;

Earth has no sorrows

That heaven cannot heal.

REHABILITATION LOANS ENCOURAGE AGRICULTURE

A number of loans for spring farming have been advanced by the Farm Security Administration to farmers in Prince William and Fairfax Counties. W. H. Goodall, County Supervisor, Manassas, Va., announced today. Approximately 25 new loans and supplemental loans have recently been approved.

The bulk of this money is spent with local merchants of the borrowers' own choice. The money is used for the purchase of plows, horses, fertilizer, seed, breeding stock, fencing, roofing and other items for the repair and improvement of the farm.

Approximately 150 farm families in these counties are now farming under the rural rehabilitation program of the Farm Security Administration, Mr. Goodall said.

The loans are made to worthy farmers who need money to carry on their farming operations but who cannot get adequate credit from their sources. The loans are coupled with advice by the County Supervisors in good home and farm practices, including a live-at-home program, crop rotation, and soil building.

Their office is located in the Hibbs & Giddings building, Manassas, Va.

SAFETY DRIVE WORK PROMOTED

Intensive Effort Being Exerted By Junior Women's Club

During the past week members of the Junior Woman's Club have been active in contacting representatives of various civic and fraternal organizations of the town of Manassas in order to acquaint the members of these organizations with the Safety Campaign sponsored by the club, which is now under way, and to promote traffic safety education.

Under the direction of Mrs. Sedrick Saunders, Chairman of the Public Relations Committee, members of the club have contacted representatives of the American Legion, Masons, Eastern Star, Woman's club, Fire Department, Ministerial Association, Young Democratic Club, and Parent-Teachers Association, have spoken before some of these organizations, and within the next few days expect to contact others to enlist their assistance in carrying out the safety program.

In an effort to educate the young people of the community along the lines of traffic safety, the high schools of the county at Nokesville, Haymarket, Occoquan, and Manassas are willingly cooperating with the club. A slogan contest, an essay contest and a poster contest on traffic safety will be conducted with prizes for the three winners in each school. Speakers from the Department of Safety and Education of the American Automobile Association and from the office of the Traffic Safety Engineer, Division of Motor Vehicles, at Richmond, will address the students of the high schools and present motion pictures on the subject of traffic safety.

Safety talks will also be given at the Regional High School. Slogan and essay contests will be conducted in the government classes and members of the art class will compete in the poster contest.

Winning essays from each of the schools will be published in the Manassas Journal and winning posters will be displayed during Safety Week.

Mr. Franklin Hibbs, manager of the Pitts Theater, has offered to exhibit movie shorts on traffic safety at the local theater at each performance during Safety Week, April 1 through April 6. These films have been secured by the Junior Woman's Club from the Safety Engineer, State Police and Safety Division of Motor Vehicles, and from the American Automobile Association.

The program committees of the Kiwanis Club and the Young Democratic Club have requested that speakers on the subject of traffic safety be secured for their meetings during the week of April first.

These requests from prominent organizations indicate the interest that is already being manifested by the public in the Safety Campaign. As a result of such coordinated interest and support, the Safety Campaign now being promoted by the Junior Woman's Club may be the initial step toward setting up a permanent safety council and making our community a safer place in which to live. You, the readers of this newspaper, can do your part toward benefiting yourself and your community by assisting in carrying out this program.

BUSHONGS CELEBRATE 25th ANNIVERSARY

On the twenty-fifth of this month Mr. and Mrs. J. L. Bushong will celebrate the 25th anniversary of the establishment in Manassas of their well known grocery, and elsewhere in this issue they are making a personal announcement to their many friends.

Both Mr. and Mrs. Bushong are native Virginians, Mr. Bushong coming to Manassas from Woodstock at the age of two years. Mrs. Bushong is a native of Middletown, Frederick County, Virginia.

Their business was purchased March 25th, 1915, from C. E. Fisher and Son and was first located on the corner of Center and East Street. Many years later they moved to the Saunders' Building on the corner of Center and Main Street and in 1932 they purchased and remodeled the building which they now occupy on Main Street.

Both Mr. and Mrs. Bushong are active in the social and fraternal life of Manassas and their continued business success is the occasion of gratification among a wide circle of friends.

PLAN DRIVE FOR CLUB MEMBERSHIP

Young Democrats Discuss Hatch Bill Amendments

At the March meeting of the Club, held Thursday night, March 7, in the Court House, plans for membership drive for 1940 were made. It was decided that campaign should extend from March 1 to May 15 and all members desirous of entering the contest must notify the Secretary, Miss Walser Conner, Manassas, by the twentieth. There are three cash prizes to be awarded the three contestants securing the largest number of members—both new and renewal. It was also planned that a meeting be held in each section of the County during this drive in order to stimulate interest throughout the county. The first of these will be held at Haymarket.

Bill Sweeney gave a very good report on the investigation made by the 8th District Committee to investigate the working of the Hatch Bill. This committee met with Senator Hatch and he said that he would be glad to cooperate with them to help with an amendment to his bill which will allow more freedom to Government workers in this section. So far, no amendment which will meet with his approval has been drafted. Bill also explained that Government workers may join any political organization and participate in its activities as members, but they are not allowed to hold office or go as delegates to conventions. Government pamphlets explaining this bill are being secured for campaign contestants in order that Government workers may see for themselves what they are allowed to do and what not to do.

The club voted to make a donation toward the chapel fund being raised to cover construction of a chapel at the State Industrial Farm for Women. It was also decided that the next program shall include something pertaining to the Safety Campaign being sponsored by the Junior Woman's Club.

IN MEMORIAM

Manassas Chapter United Daughters of the Confederacy suffered a severe loss in the death of Mrs. J. B. T. Thornton. She was a charter member and had served as Chapter President, rendering valued service not only to the organization, but to the community.

Mrs. Thornton was a woman of rare grace and wisdom, the appreciation of which resulted in the appointment of her by Congressman Sol Bloom of New York, and Mrs. B. A. Blenner, of Richmond, as full chairman for the erection of the marker at Woodbridge, designating the Jefferson Davis Memorial Highway.

Mrs. Thornton further served the County as chairman of the services attendant upon the unveiling of the marker on the site of the second Court House of Prince William at Cedar Run, and was never failing in her support of religious and educational work.

LEGISLATIVE ACCOMPLISHMENTS OF MR. CONNER

This newspaper points with pride to the legislative accomplishments of Hon. E. R. Conner, of Manassas, who has represented Prince William and Stafford Counties in the House of Delegates with a skill and energy rarely attained by one serving his first term in the General Assembly. To an observer with privilege of the floor he appeared as a veteran Delegate, sought on all occasions and most helpful in every sort of parliamentary maneuver. Enjoying fullest confidence of all groups of whatever factions may be said to have existed in this Assembly, Mr. Conner legislated effectively in the interest of the Commonwealth as a whole, and in particular for the benefit of his own counties of Prince William and Stafford.

One of Mr. Conner's first accomplishments was the successful sponsorship of a Joint Resolution asking the Federal Government to place a C. C. Camp on the Manassas Battlefield to prepare for the unveiling of the Stonewall Jackson Monument.

His next concern was in the special interest of Stafford County in securing passage of House Bill 457 requiring the Commissioners of Revenue to issue permits to persons repairing or building structures costing \$500 or more, for which no fee is charged. The bill was sought by the Supervisors of Stafford, but Mr. Conner secured its enactment as a State law applicable to all counties. Stafford County was again the beneficiary in the enactment of H. B. No. 381, sponsored by Delegates Harris Conner, Bazile and Campbell, which made the City of Fredericksburg a separate judicial circuit, thus relieving pressure for time to hold court in the surrounding counties heretofore included with the city, Stafford being one of them.

The Town of Manassas secured through the efforts of Mr. Conner and Senator Medley, a bill recommended by our Town Manager giving the Chief of the town fire department the same police powers enjoyed in Arlington and Fairfax, in order that they may properly control traffic during fires.

And the Confederate Dead were also one of his concerns as he noted a bill sponsored by Senator Tucker

receiving favorable consideration with-out provision for the care of some Confederate graves in nearby Fairfax County. Upon his amendment the provision was added.

In the important economic matter of increasing the productivity and value of our ever increasing acreage of cut-over timber lands, Mr. Conner joined Senator H. H. Walton, who has joint interest with him in Stafford, in sponsoring legislation to authorize a Commission study of the Forestry problem. After many difficulties and in the last moments before adjournment the measure was passed as Joint Resolution No. 53.

In addition to sponsoring these bills, Mr. Conner was an effective force in the passage of many bills of State-wide interest, and he also urged some legislation which was lost through no failure on his part to push for enactment. One of these bills was one which would have added around a half million dollars of state revenue. The bill was apparently popular with rural folks, but not desired by the representatives of big cities like Richmond who fought the measure bitterly and finally killed it. This bill, among whom Mr. Conner was a forceful sponsor, would have exacted a suitable tax from "contract trucks and busses" which use our roads to their great damage, but pay nothing for their upkeep. Small trucks and farmers vehicles were exempted. It was only by the narrowest margin that this valuable bill was defeated, and had there been but a little more time available it would certainly have been passed as Mr. Conner was rapidly gaining support for it when the end came.

And last, but not least, was the personality of Mr. Conner. Popular and sociable on all occasions, his presence at banquets and other unofficial events was greatly in demand, and the speeches which he made on the floor of the House were accorded much consideration. His address on the Bangs Disease situation was especially applauded, as well as what he had to say in favor of other suitable measures including strong championship of the teachers retirement bill which was lost.

NOTED CLUB WORKER AND POETESS VISITS LOCAL CLUB

The Manassas Woman's Club was taken by storm on Monday afternoon in the form of Mrs. Lester Parsons, guest speaker of Norfolk, Virginia. She was sponsored by the Music-Literature Section and is state chairman of Literature for the Virginia Federation of Women's Clubs.

Mrs. Parsons began by giving some definitions of women's clubs and continued on through a list of objectives especially adapted to the needs for program material of the division of literature.

In the second part of her talk, Mrs. Parsons discussed "The Influence of Short Parallel Lines." She read most impressively short poems, a good part of them dealing with children. Her impersonations of children were exceedingly clever, original and very entertaining.

James Whitcomb Riley's poems about children and for children provided most of her material.

Mrs. Parsons discussed briefly the very modern poetry of which she said, some was very dense, at least to her, but that some of it was very clever.

Her original poems, "My Son," "Old Farmer's Dream" and "The Plowing" showed a great deal of writing skill.

In conclusion, Mrs. Parsons recited Riley's "Almost Beyond Endure" taking the part of a very small boy in a great deal of pain and to those listening it truly was almost beyond their endurance to keep the tears of laughter back!

The hostesses for the meeting were Mrs. J. P. Lyon, Mrs. A. A. Maloney, Mrs. E. H. Martteller, Mrs. Dudley Martin, Mrs. Harold McCall and Miss Sabina Neale.

MRS. PETERS ENTERTAINS

Mrs. Worth Peters gave a very attractively appointed luncheon on Tuesday in honor of Mrs. Lester Parsons, a house guest of Mrs. C. Wade-Dalton. The guests were Mrs. Parsons, Mrs. Dalton, Mrs. W. L. Lloyd, Mrs. Lewis Carper, Mrs. E. D. Wisler and Mrs. Dennis Baker.

CHARITY BALL

The Easter Parade is drawing closer and closer and so is the charity ball. So lay out your best bib and tucker and be at the high school gymnasium on Easter Monday evening to dance to an excellent orchestra for sweet charity's sake.

IMPERSONATIONS AMUSE MANASSAS CLUB MEMBERS

The Music-Literature Section of the Manassas Women's Club was entertained in the home of Mrs. Eula Holt Merchant on Tuesday evening and was addressed by Mrs. Lester Parsons on "Dipsea Doodle No. 2." Mrs. Parsons explained her title first and then launched into a series of funny stories and events impersonating various characters in them. She was a giggling bride-to-be, a colored parson, children of different ages etc.

Her comments on life and fun and laughter showed that she had perfected the art of living for herself practicing what she preached the art of living is the finest art of all.

YOUNG FARMERS PARENTS' HOSTS

Pleasant Evening Enjoyed At Nokesville F. F. A. Banquet

The members of the Nokesville Association, Future Farmers of America, were host to their parents and especially invited guests at a very enjoyable banquet March 6, at the Nokesville High School.

The tables and auditorium were attractively decorated in blue and gold, the colors of the F. F. A. organization. Blue and gold streamers formed a colorful background for the officers' stations.

The group enjoyed a very delightful dinner prepared and served by the Home Economics Department of the school, which was preceded by the Invocation given by Richard King, a freshman in agriculture.

Immediately following the dinner the meeting was opened with the regular F. F. A. ritual, Freddie Harpine, the Chapter President, presiding. He promptly turned the meeting over to the Chapter Secretary, Miller Whetsel who acted as toastmaster. In the roll call of the Chapter members, each boy introduced his parents and guest. Cleveland Flory, vice president of the Prince William County Junior Farmers' Club introduced members of his club and they in turn presented their guests. Other guests were introduced by the toastmaster.

The address of welcome was delivered by Jack Sullivan. Archie Conner gave a brief summary of the Chapter's work for the past year and Raymond Forester gave an explanation of the Program Planning used by students of Vocational Agriculture and the principles involved in formulating this program. The Chapter's quartette composed of Miller Whetsel, Frederick Harpine, George Herring, and Gerald Herring sang "Hail F. R. A." and "Kindling Wood" with Miss Catherine Bittle as pianist.

Rev. Newman, Pastor of the Nokesville Methodist Church, made several interesting remarks after which Mr. Bittle, Principal of the High School, introduced Rev. Graham, Pastor of the Manassas Baptist Church, the guest speaker of the evening.

Rev. Graham emphasized farming as a vocation and the need for scientific farming. He stressed the point that farmers must set up the cultural standard by which they are to be judged. As examples he cited such outstanding historical characters as George Washington, Thomas Jefferson, and William Byrd who were successful farmers.

An address of appreciation by the Chapter's President concluded the program.

One of the most picturesque events of the Spring will be the Flower Mart to be held May Day on the Pilgrim Steps of Washington Cathedral by all Halls Guild from noon to 6:00 o'clock. Provision will be made to house the mart in a building on the grounds in the case of rain.

Plants, shrubs, flowers and vegetables as well as garden gadgets and baskets and home made preserves will be sold to raise money for the retaining wall flanking the Cathedral driveway. This has already been started by the Guild from proceeds of earlier projects. Many garden clubs in the surrounding counties will have booths this year and a number of interesting features are being arranged for the afternoon.

The first of these marts was held last year at the same place by the Guild, with marked success.

SMITH REPORT STIRS NATION

Fairness of Investigation Generally Recognized

The Howard Smith Special Committee Investigating the National Labor Relations Board has reported to Congress. Unable to secure cooperation of its Labor Members, and after conference between Judge Smith and President Roosevelt, the majority report was released to an appreciative nation.

Revealing the un-American set-up of the Labor Board, with its unquestioned powers as jury, judge and executioner, the recommendations for reform were made with a judicial restraint and conservatism which impressed all but radical labor groups, such as the C. I. O. and Communist Organizations, with the logical nature and impartiality of the revisions recommended.

Seventeen amendments to the Wagner Act were recommended, which include abolishment of the present Labor Board, establishment of a new office of Administrator to take over the prosecuting activities; ending of the Board's authority in jurisdictional disputes between the A. F. of L. and the C. I. O.; and the recognition of the right now denied of employers expressing their views to employees on labor questions.

As Representative Howard Smith takes his place as one of the outstanding legislators of the nation, labor factions have gone into a huddle to plan a campaign to discredit his investigation, and to stem the tide of indignation which is rapidly rising throughout the country as a result of the exposure of unfair practices.

The Smith Report must now go to the one-sided Labor Committee, before reaching the floor of Congress for consideration, and it is openly predicted by radical labor that it will be killed, but other observers calculate that the required vote will be secured by a coalition of Conservative Democrats and Republicans to force the vote out of this Committee and begin debate upon the actual merits of the Smith recommendations, a procedure greatly feared by the C. I. O. and other Communist minded labor groups.

Secretary Harris noted the receipt of a check from Judge Brown for \$25.00 as the club's share of the proceeds of the Birthday Ball held in January.

Dr. Jackson gave a very interesting chat, going back into primeval history and tracing down to the present day some of the general rules and laws of sanitation, quarantine, etc. It was announced that a date in April had been selected for the semi-annual ladies' night.
