ALUMNI WELCOME CLASS OF 1942

President Marion Dickins Presides At Ceremonies

Promptly at 7 P. M. last Saturday, Mrs. Marion Dickins called the diners to attention at the annual banquet of the alumni association of Osborn High School. Father James Widmer pronounced the blessing.

Amid tables decorated with the blue and gold (and with even the programs to match), the home economics girls served another of their famous meals fresh from their kitchens in the rear of the high school gym.

There are certain songs which the years have made very dear to all Manassas Alumni. With Cleve Fisher at the piano, they were sung with emotion and enthusiasm during the course of the evening.

The earliest class represented was 1901 (No., we aren't going to overlook '05 which got in two whoops this year). Then on down through the years with some years sadly remaining without response. Most of them had only one or two—with here and there three and four.

At the business session after dinner, Mrs. Leda Thomas read the secretary's report while Miss Hazel Hottel reported the treasury in quite a substantial condition.

Miss Eugenia asked the courtesy of the floor at this point. Miss Eugenia never wastes time about getting to the point and she always has something to promote for the good of the school, things that so many of us would overlook entirely or fail to push ahead.

This time it was the school grounds. She gave a very interesting resume of what had been done by planning (much of which had been made possible through Prof. Peters efforts) and how much was yet to be accomplished. She stated that Mrs. Haydon had accepted the chairmanship of a group of the alumni which will dedicate its efforts at raising funds for this special purpose. Miss Eugenia asked the president to appoint a committee to assist Mrs. Haydon, and this the president graciously promised to see done in a very short time.

The next feature of the occasion was a welcoming speech to the new alumni by Miss Mary Mason Davis of 1941. A reply was forthcoming from Miss Frances Brower. Both were rather brief but expressed the sentiments of the occasion very sweetly.

Miss Walser Conner was then called on to take charge of the initiation ceremony. Her policy shifted almost back to the cruelty of former days, the main coup being a "true or false" contest which worked in reverse. Much amusement accompanied the efforts of a certain tall young man to get off the floor and into his seat.

The annual book award was made at this juncture by Clarence Wagener, Baltimore newspaper man (and once an editor right in our midsts). This is a memorial to his father, the late W. C. Wagener, and has become a fixture among the high school prizes since its inception several years ago.

The winner of the prize for the best book review written by a third-year or fourth-year student of Osborn High School and printed in the Manassas Journal during the 1941-42 season was Richard C. Haydon, whose review of "Berlin Diary," by William L. Shirer, appeared in The Journal for October 30, 1941. The prize consisted of seven books and a Certificate of Achievement.

A supplementary prize of a book was awarded to Betty Van Doren, a sophomore, for the best review written by a student of the first-year or second-year class. Miss Van Doren's review was of "To Have and To Hold," by Mary Johnston.

Both prizes were given by Clarence Wagener, who made the awards.

Mr. Wagener also announced a special honorable mention, the same being won by Miss Frances Brower.

A warm word of thanks was given by Mr. Wagener to the judges, (Mr. O. D. Waters, Mrs. C. R. C. Johnson, and Father James Widmer) and especially Mrs. Keith Lyons to whom he presented a little gift.

Following this Mrs. A. A. Hooff gave a report on the book mart conducted every year, and showed how nicely it had succeeded.

The election returns were then given as follows: President, Mrs. Nancy W. Lyons; vice-president, Mrs. Ellen B. Turberville; Secretary, Miss Mattie Cannon; Treasurer, Mrs. Eula S. Bourne; executive committee, Mrs. Marion L. Payne, Mrs. Irene L. Hay-

REGISTRATION JUNE 30

On Tuesday, June 30 the men of the 18-19 year class will be required to register under the Selective Service.

It is believed that something like 400 will probably represent the number of men of these ages in Prince William County, and on account of the increasing difficulties of transportation it is believed that the local Board will shortly announce a number of places in various sections of the County where the young men may register.

EDUCATOR SPEAKS AT COMMENCEMENT

R. C. Haydon, Jr. Wins Lipscomb Prize At Manassas High

Manassas High had a bona fide old fashioned graduation at the annual exercises held last Friday evening. The orator for the occasion was a typical old timer and although quite young in years, far advanced in educational matters.

He took a rather quaint method of "nagging" his audience (to draw from one of his puns), starting in with a ponderous phrase and immediately branching afar into the realms of intercontinental relationships, a subject picture which he portrayed very entertainingly.

As a member of a specially appointed committee to develop hemisphere good relations, he told especially of educational conditions there, and attempted to make some comparison between them and conditions as they once were on the North American portion. One of the most striking utterances he made was "that the more intelligence one possesses, the freer he is." That passing and rather faint reference to the world war plus one in which he stated that it took a world war to start the real beginnings of intercontinental relations of a more human type summed all that was said about the terrible world wide war. It was a real relief to feel that the children were spared this subject on their night of happiness.

In sketching the comparative educational standards between north and south America, he declared that South America was "just waking up." He told of one very practical method that was used to develop better understanding. It consisted of an exchange of editorial and reportorial help of some of the leading papers of the two continents. "South America," he said, "still lingers too much in a land of dreams."

After giving his audience a real treat in the way of listening to a constructive narrative, he then shifted his ground back to the more conventional manner of addressing the students and concluded with a pleasing word of advice.

Dr. Bailey added an eulogy of Miss Eugenia as a sort of inspirational guide for them in the future. This timely mention was very well received by all.

Professor Bailey was introduced to the assembly by Hon. E. R. Conner.

The exercises were presided over by superintendent of Manassas Schools, Prof. R. Worth Peters, who read the many prize awards which included a number of handsome gifts. The most dramatic moment arose when he announced the name of the winner of the most coveted prize of all - the Lipscomb award. As he announced the name, he yielded the floor to Prof. Haydon that he might personally present the plaque to his distinguished son.

Miss Lutes presented the commercial prize to Miss Stella Bryant. Clergy who assisted were Rev. S. A. Knupp who gave the invocation and Rev. T. G. Faulkner who gave the benediction.

Music was given by Misses Betty Parrish and Barbara Beane, who played the recessional and by Mrs. Keith Lyons and Miss Latham who played the processional and by the glee club under Miss Lillian Knight, with Miss Sarah Latham at the piano.

Certain of the U. D. C. prizes were announced but presentation withheld until the Confederate exercises last night.

THE U. D. C. WILL MEET WITH MRS. STEWART McBRYDE

The Manassas U. D. C. will meet at the home of Mrs. Stewart McBryde, June 10th, at 2:30 P. M. By mistake it was announced last week that this meeting would be held at the home of Mrs. William Hill Brown.

ROAD WORK CURTAILED

Highway Department Reduces Resurfacing 75 Per Cent

Boards of Supervisors throughout the State are being advised by the Highway Department that the bituminous resurfacing program will be curtailed to about twenty-five per cent of the normal amount for the fiscal year 1943.

In announcing the drastic curtailment Chief Engineer Mullen said that maintenance itself will have to be out down to a minimum necessary, to prevent unusual deterioration.

In view of the heavy reduction in estimated revenues for the next fiscal year, the Highway Department is not seeking replacement of its own men who are being called by the Army. Engineer Mullen is quoted as stating further.

So with a shortage of both materials, funds and men, the work of the secondary roads of Virginia will be greatly curtailed. "But what difference will it make?" an observer remarked. "We soon won't have tires or gas to run over the roads, so why keep them up?"

However, it has been pointed out that the Virginia road system must not be allowed to deteriorate below certain standards. A day of victory will surely come and then the American motorist will reap what he sows.

POPPY SALE A HUGE SUCCESS

Mrs. Edgar Parrish, who was in charge of this year's Poppy Day Campaign, reports that the results were most gratifying.

It is with real pride that Prince William may know that over twelve hundred dollars were raised in the one day sale of the little hand made flowers which will do so much for the crippled men who have been made thus in the service of our armed forces.

Mrs. Parrish wants her corps of assistants to know that she deeply appreciates what they accomplished.

AMERICAN LEGION METING

The regular meeting of Prince William Post No. 158, American Legion will be held at the Town Hall of Manassas, Tuesday night, June 9th at 8:00 P. M. All members are urged to be present.

RECITAL BY PUPILS OF MRS. CARPER

The public is cordially invited to attend a recital presented by the pupils of Virginia Speiden Carper, on Tuesday, June 9 at 8 P. M. in the Osborn High School Auditorium.

VACATION BIBLE SCHOOL

Vacation Bible School will open at Grace Methodist Church, Manassas, Thursday, June 11 at 9 A. M. to 11:30. Children between ages of 6 and 15 are invited.

THE OCCOQUAN BLACKOUT

There was an official blackout Tuesday night in the Occoquan-Woodbridge area, and it sure was a real blackout. 100% effective.

Your reporter walked over most of the area blacked out, and could not find a flicker of light anywhere, except lightning bugs which showed up very numerous because of the total darkness.

The Area Coordinator and Fire Wardens are to be highly commended on the excellent way in which the blackout was carried out. The Air-Raid Wardens were active everywhere, but there was nothing for them to do due to the excellent preparations they had made for the blackout.

The entire community is to be congratulated on the fine cooperation they have shown in the defeat of the Axis.

The street lights too were out during the blackout. The picture showing in the Lyric Theatre had finished showing during the blackout; but all of the theatre patrons remained in their seats until the "all clear" was sounded.

This has shown how well prepared this area is if ever the real thing comes.

Thos. J. Joyce.

BLACKOUTS HERE WERE SUCCESSFUL

Manassas And Occoquan Made Good Showing In First Test

The blackout in Manassas and Occoquan Tuesday night was an unqualified success, considered from every angle. Mr. Tiffany, the Mayors and officials of the two towns, and the respective Civilian Defense staffs have all expressed much satisfaction over the performance and they are especially appreciative of the fine cooperation and compliance manifested by the general public.

There were no arrests, and such violations as were reported largely were the result of ineffective curtains or lack of knowledge of the regulations. Some homes and establishments, however, failed to exclude all their inside light, but at that, defense workers say, they really did better than many who took the short cut, pulled the light switch, and went to bed.

Air-raid wardens and others were busy Wednesday morning checking up on their experiences and advising folks in their respective zones of any shortcomings observed. In a few instances citizens had left home with lights burning and the door locked. In an actual air-raid the wardens are authorized to forcibly enter the premises and extinguish such lights, and in a more advanced stage of black-out tests, they may be ordered to do just this, but at present such measures have not been authorized.

The continuation of the bright lights at railroad crossings complicated the situation considerably in Manassas. The railroad had consented to extinguish them, and this may possibly have to be done in subsequent tests, but Defense Coordinator Tiffany, always concerned with the public safety, felt that at least in this initial test the lights on these dangerous crossings, where through trains pass should not be extinguished.

A number of theoretical incidents were carried out; hypothetical fires and ambulance calls, with varying degrees of success, one difficulty being the fact that apparently many of the names of our streets are not well fixed in the public mind, as in larger places where such information is necessary.

Sheriff Kerlin was on hand making valuable observations which will aid in the State-wide blackout on June 17. He has charge of the auxiliary police of the County, just as the Mayor directs them in the incorporated towns, and his job, at the present stage of rural defense organization is considerable complicated.

From the Town Hall in Manassas, Dr. George B. Cocke, Control Officer released the official blackout signals, the yellow going on at 9:17 P. M., the blue at 9:29 P. M. and the red (the public blackout alarm) at 9:50.

The "all clear" (the white signal) was sounded by Dr. Cocke at 10:41 P. M., and as the long blast from the regular fire department siren sounded, Manassas and Occoquan sprang into normal life as lights went on.

Coordinator J. H. Wyse Announces State-Wide Air-Raid Test

The State Office of Civilian Defense has announced Wednesday, June 17 as the date for the first Statewide dusk-to-dawn blackout. The blackout will be the "strategic" type and will not interrupt normal activities, J. H. Wyse, state defense coordinator states.

All of Virginia with the exception of counties west of Bristol will be included in the test. The extreme southwestern tip of the State whose air-raid warning service operates separately from the rest of Virginia has been invited to participate in the blackout also.

Traffic lights will remain on, automobiles will continue to operate and street cars and buses will continue their regular service provided that dimmers or parking lights are used instead of regular headlights, Mr. Wyse states.

Plans for the first Statewide Command at Mitchell Field, Long Island will fly over the State during the night and report the effectiveness of the operation. Sometime during the night, a test air raid alarm will be issued from each District Warning Center throughout the State through the control centers to the public to test the efficiency of the entire warning system.

The public will be warned by use of sirens and wardens will again go into action "Wardens are expected to cover their respective areas, after dark," Mr. Wyse states, "to make certain that exterior lights are out and that interior lights are not visible. They will stand by for further orders."

"The purpose of this blackout is to ascertain how completely the entire State could be blacked out for a long period of time," the defense coordinator points out. He likens the blackout to the nightly blackouts in force in England and the European countries at war. "It is a step toward the ultimate protection of our State" he says.

A MEDLEY OF PROGRAMS

While the President of the Manassas Kiwanis Club was announcing that the program had charge of Kiwanian Ed Conner last Friday evening, Col. Hutchison was vainly seeking to find who had charge of the program the preceding week. There were "no offers."

Hon. Ed. introduced our former townsman, Arthur Boatwright who in turn introduced his present fellow-townsman, Dr. J. W. Bailey, of the chair of botany at the University of Richmond.

A national figure in his educational work and research, Dr. Bailey, a native of Wynona, Mississippi, had no trouble using his regular form as a son of the soil in addressing the Club. He told them a number of interesting things in connection with the goodwill movement between the Americas.

Tomorrow evening, Mr. P. A. Lewis will be in charge of the annual farmer's banquet. The place and hour remain the same.

"KEEP YOUR GRIT"

Hang on! Cling on! No matter what they say,

Push on! Sing on! Things will come your way;

Sitting down and whining never helps a bit, best way to get there is by keeping up your grit.

Don't give up hoping when the ship goes down.

Grab a spar or something — just refuse to drown;

Don't think you're dying just because you're hit;

Smile in the face of danger and hang to your grit;

Folks die too easy — they sort of fade away,

Make a little error and give up in dismay;

Kind of man that's needed is the man of ready wit

To laugh at pain and trouble and keep his grit.

MRS. JOSEPH E. STAUB

It is with genuine regrets that the OBSERVER notes the passing of Mrs. Annie Fenton Staub, of Burke, Virginia. For many years she has been active in every church and civic function in Lee District and also in many county affairs. In fact there was little of anything that went on in which she was not consulted in some way.

Coming to Burke from Washington a little more than twenty years ago, she and her husband located close to where the old Ashford school house stood. Some seven years later they purchased the old Norman Stewart Store and house where they have been living ever since.

A devoted church woman, Mrs. Staub took a leading part in the activities of St. Mary's at Fairfax Station. Both the church and the state have thus lost a very valuable worker.

Burial was held at her church on Saturday morning, with Father John Kosciela saying the requiem mass. Burial was also in the church cemetery.

Besides her husband, the deceased leaves one son, Joseph E. Jr., now in the Navy.

Other survivors are two brothers, Dennis P. Fenton of Burke and James Fenton of the Army War College in Washington, and five sisters, Mrs. Margaret Perez, Mrs. Olive Snyder, Mrs. Agnes Madden and Mrs. Mary Wood, all of Washington, and Mrs. Eugene Rosentreter, Long Beach, Cal.

DEATH CLAIMS MRS. ROLLINS

Mrs. Milton A. Rollins, beloved wife and mother died Friday, May 22, in her home at Bristow, Virginia, at the age of 90, after a brief illness.

Mrs. Rollins was a faithful wife and a saintly, kind, unselfish mother. She had a sweet, lovable disposition which made her well loved by all who knew her.

The mother of ten children, Mrs. Rollins's home was a good Catholic one where God was well loved and served. The home was a cheerful place where all friends of parents and children were welcome.

Mrs. Rollins was born at Wilmington, Delaware in 1862. She came to Virginia at the age of twelve. When she was twenty years old, she was married to Milton A. Rollins in the Catholic Church at Warrenton by Father Donahue.

A few years later she went to Pennsylvania to live. She spent four years there and returned to Virginia where she lived the rest of her days.

Mrs. Rollins is survived by her husband, Mr. Milton A. Rollins, five sons: Joseph L. and Alphonse L. of Bristow; Frank A. of Falls Church; Milton B. of Washington; Edward J. of Arlington; five daughters: Mary E. Vogel and Agnes W. Thompson of Washington; Martha E. Bowling of Hughesville, Maryland; Sister M. Mercedes, O. S. B. of Richmond; Katherine M. Butler of Arlington; one sister, Mrs. Wilmer Parker of Bristow. She is survived also by fifty-two grandchildren; one a religious, Sister M. Barbara, O. S. B. of Arlington and twelve great grandchildren.

The Requiem Mass for the happy repose of her soul was celebrated on Monday, May 25, at the Immaculate

Conception Chapel, Bristow, by the Reverend Thomas E. O'Connell, pastor of St. Paul's Church, Richmond. The Mass was sung by Father Widmer of Manassas accompanied by Sister M. Helen. The burial took place in St. Joseph's Cemetery.

CENTREVILLE

A family reunion and celebration was held at the home of Mr. and Mrs. William Powers last Sunday. Among the relative present were Mr. and Mrs. Ed Chadima and daughter, Carolyn; Mr. and Mrs. George Crane and son, Oliver; Mr. and Mrs. Edward Powers, Mr. and Mrs. James Powers and family; Mr. and Mrs. Homer Wells and Mr. William Powers, Jr. A feature of the pleasant afternoon and evening was the musical contributions by Mr. James Powers, whose "one-man band" and vocal renditions, accompanied on the guitar, were most delightful. The only guests present who were not members of the family circle were Mr. and Mrs. W. H. Lamb and Miss Mary Wharton, who dropped in during the afternoon to pay their respects.

Rev. J. C. Sadtler was the visiting minister at St. John's Church on Sunday morning. The rite of Holy Communion was observed.

Miss Mary Wharton had a birthday on the 30th and among many presents was a beautiful cake from Mrs. Powers.

Mrs. Irene Woltz and Georgia Mary went to the circus in Washington on Saturday.

Several of the laymen of St. John's Church attended the spring meeting of the northern Virginia Layman's League.

The altar guild will meet next Monday afternoon, the meeting being postponed from the regular date. A report will be made on the recent benefit.

Mr. John DeBell is still on furlough and has not gone to the army air base as previously stated. He will be here for several days yet.

The day-light air raid test on Tuesday was nicely carried out at Centreville so far as the traffic was concerned, but the communications and signal arrangements were a decided disappointment and not heard, as in previous blackouts.

GOVERNOR DARDEN CATCHES AUTO-SPEED VIOLATOR

More than four thousand motorists have been arrested in Virginia since the penalty for violation of the new speed law went into effect May 1st, but only one of these had the peculiar distinction of having the Governor of Virginia a witness to the arrest.

The Governor journeyed to Williamsburg by train on Sunday to speak to the opening session of the annual congress of the National Society Sons of the American Revolution. For the return trip he accepted a ride with a State Highway Patrolman. Cruising along the highway peacefully but watchfully, they were overtaken and passed by a Pennsylvania motorist, who was all but flying. A ten mile chase ensued during which the Governor was given a taste of speed, the like of which he has never known nor cares to, soon again. The offender was finally caught, turned over to another patrolman for the details subsequent to the arrest and the car with the Governor proceeded on its way, watchfully but slower—just all in the day's work for the patrolman but mighty fast "work" for the Governor.

Basic ingredient of the high explosive TNT is toluol. In the last war, toluol came from coal tar. For this war, the United Nations need many times as much as the coal tar industry can produce. Fortunately, in 1935 Esso research workers, in cooperation with the U. S. Army, found a way to make toluol synthetically from petroleum. Construction of a large commercial plant for the Army Ordnance Department was completed in October, 1941. This plant more than doubled America's TNT output. This process was also shared with other refiners, so that 3 out of 5 bombs will be filled with war TNT derived from ESSO-developed toluol.

REGIONAL HIGH GRADUATES 56

Dr. Thurman, Of Howard University, Delivers Message To Class of '42.

The forty-seventh annual commencement exercises of the Manassas Industrial School (now the Regional High School) were held last Saturday afternoon on the school campus, with the principal, Rev. W. H. Barnes, presiding.

Two notable facts were developed. Through the donations of the past year plus the collections of the day were given out by Chairman Ollie Tinner as being in excess of \$850 since the move was started last May to raise funds with which to erect a memorial to Jennie Dean, founder of the school.

The other was the statement by Principal Barnes that Page County had joined the circle and students from that county would be lodged on the campus.

The orator of the day was a national figure in the presence of Rev. Dr. Howard Thurman, chapel dean at Howard University, Washington. Doctor Howard was quite entertaining. His language was simple and practical, while going direct at the heart of things.

He chose as his text, so to speak, "It is better to light a candle than to curse the darkness." He illustrated his point with a sample animal story.

"Faith" was the underlining theme of all his remarks.

"You are being graduated," he said, "at a time when life is very cheap. Even our little children talk about mass destruction of life of doubt and yet you are called on to have faith."

The speaker divided the discussion into four sections, (1) faith in self, (2) faith in others (3) faith in the Democratic way and (4) faith in God. "Unless you have faith in yourselves," Dr. Thurman declared, "You are dead from the neck up to the sky. No one can help you if you don't believe in yourself."

Next to praising the Democratic way of living and urging all-out support of whatever would maintain and make this form of government possible, he stressed the same sort of simple faith in God that preachers among the forebears of the colored race in this country possessed, declaring that such faith a hundred years ago had made possible just such scenes as was being enacted on this occasion.

Dr. Thurman was also high in his praise of Rev. Barnes and of the student body in its accomplishments, especially its student government.

Division Superintendent C. M. Bradley, of the Fauquier County Schools was introduced by Principal Barnes. Mr. Bradley made a few remarks, commendatory of Prof. Barnes and of the 1942 class. He also praised the founders of the school. Following this, Prof. Bradley presented the diplomas to the boys and girls who were loudly applauded.

An unexpected feature of the occasion was the presence on the platform of Charles F. M. Brown, twenty-five years employee of the British Embassy, English subject and a native of the Bahamas. He said a few words of hope and faith by which everything could be made to come out right.

Several delightful numbers were rendered by the Choral Society, Richard C. Clay, directing. Leonard Nickens, Geraldine Naylor, Sydney Finger, Hugh Jackson and Rosa Randall led with solo parts. Mrs. Loretta Jones played the accompaniment.

Rev. Frank White, of the First Baptist Church pronounced both the invocation and the benediction.

NUMBER 46 ★ How you can win \$1000 ★ About vegetables and how to cook them ★ Some things you may not know about Dairy Products ★ How one wife made one husband happy

Eight Secrets you may not know — and should .. about vegetables

There's nothing elaborate or fanciful about the modern methods of preparing and cooking vegetables. On the contrary, the new way is much simpler — (as you'll discover when you read these hints that come from the Safeway Homemakers' Bureau).

These eight suggestions will help keep all the color and flavor and garden freshness in your vegetables — and, at the same time, will help them retain all their health-building vitamins and minerals.

1. To start, always buy the freshest, finest vegetables available. The older they are, the less attractive they become, and they lose some of their vitamins, too. Buy and use greens the same day, if possible.

2. When you get your vegetables — don't wash them until you're ready to use them. Soak in water, or you'll wash away minerals and vitamins. Put greens in a covered container, wrap other vegetables closely in waxed paper, and store in the refrigerator until ready to use.

3. Don't pare, cut or shell fresh vegetables until just time to cook or serve, because vitamins escape once cut surfaces are exposed to air.

4. Colors — red, green, yellow and white; and flavors — mild, strong — determine just how vegetables are to be cooked. But, to retain nutritive qualities and appetite appeal in all vegetables, here's a good general rule: Cook quickly, as short a time as possible, using as little water as possible, and using cooking water when it is palatable. Quick cooking means less vitamin loss, less color change. To speed the cooking, add vegetables to rapidly boiling water; and whenever possible, cook covered.

5. Green vegetables (to keep their color) and strong flavored vegetables (to modify their flavor) should be cooked uncovered, in slightly more water than other vegetables.

6. Add a little vinegar, lemon juice, or tart apple to keep the color in red vegetables (like beets and red cabbage) during or after cooking. But don't add these acids to green vegetables until just serving time, or the green will turn dingy brown. Don't add soda to preserve color in green vegetables, either, for soda kills vitamins.

7. Once vegetables are tender, serve them as soon as possible, to get full benefit in goodness as well as nutrition. Overcooking lessens attractiveness, sacrifices vitamins and minerals, and may cause unpleasant color changes.

8. When you cook vegetables in a small amount of water, it's easy to serve the condensed cooking water with the vegetable itself. Save any leftover liquid to flavor soups and gravies — unless, of course, it is unpalatable.

More about cooking vegetables. In this week's issue of Family Circle Magazine is an interesting article on the modern methods of vegetable cookery, and on nutrition in vegetables. Issued every Thursday, free at Safeway.

JUNE IS DAIRY PRODUCTS MONTH

Speaking of dairy products you ought to read this

Whole milk is one of our most complete natural foods. It contains, in varying amounts, all the food elements we need. It's an excellent source of protein; the minerals, calcium and phosphorus; riboflavin and niacin (B vitamins). And it's a fair source of Thiamin (Vitamin B1) and has some Vitamin A and D.

Cheese, made from whole milk, such as American or Cheddar, is essentially the same as whole milk, nutritionally.

Butter and Cream are most important, nutritionally, for the Vitamin A they contribute. As well as Vitamin D and protein or fat.

Drink your milk, eat it as cheese, or get it in cooked foods — just be sure to get it. Adults need one pint daily and children one quart.

Disguise milk in cream soups, if you don't like to drink it. Or in scalloped dishes, cream pies, custards, milk shakes and ice cream.

Cheese adds flavor and nutrients to many things besides sandwiches. Use it in scalloped dishes, in soups for vegetables, entrees; sprinkle it grated over soup; serve alone with pie or crackers for dessert.

Dairy products at Safeway are all top quality. And not only are they brimming with nutrition, they are always low priced — every day. Guaranteed to please you completely or all your money back.

You can please your husband, too.

Buy Safeway guaranteed meat regularly. You will have good eating meat every time and savings in your purse, too. The Safeway market man means what he says, "All your money back if you are not entirely satisfied."

"TEXAS" MIGHTY DRAMA OF WEST

A thundering epic of heroic adventure, Columbia's "Texas" has been enthusiastically hailed by Hollywood pre-

view audiences as "all the great action pictures you've ever dreamed of... rolled into one!" William Holden, Claire Trevor, and Glenn Ford are starred in the suspense-cramped new film, said to be compounded of hair-trigger gun fights, spectacular stampedes, frontier feuds, flaming passions and the many other vivid and colorful features of the great Southwest.

The new film was directed by George Marshall, maker of such action-fast hits as "When the Daltons Rode" and "Destry Rides Again," from a screen play by Horace McCoy, Lewis Meltzer and Michael Blankford. Sam Bischoff produced "Texas," which was photographed by GGG George Meehan. In the cast, supporting the star triumvirate, are GGG George Bancroft, Edgar Buchanan, Don Beddoe and Willard Robertson.

"Texas" is the story of the early West, of Texas shortly after the Civil War, when the Kansas Pacific Railroad had been pushed through as far as Abilene, Kansas, and was intended to serve as the shipping point for range-bred cattle to feed the beef-hungry markets of the North and the East. But Indian raids and outlaw depredations combined to keep Texas longhorns out of Kansas.

And against this turbulent background is played the drama and romance of "Texas," the swift, sudden story of struggle between honest ranchers and a renegade band, the former determined to bring their cattle through, the latter determined to prevent it in order to win a cattle empire for themselves. Against this turbulent background is played the triangular romance of the stars, with Holden and Ford seen as war veterans. Forced to separate, after hijacking a renegade band, the buddies "fall on different sides of the fence." Holden becomes a member of the very gang he hi-jacked; Ford, a foreman on the ranch owned by Miss Trevor.

The rivalry between Ford and Holden is said to be brilliantly presented, reaching its climactic scenes when Holden's true identity — as a renegade and rustler — is revealed.

CURRY FOR ALL—ALL FOR CURRY
THE MANASSAS JOURNAL
SHEER THOUGHT AND PRAYER

The former things shall not be remembered, nor come into mind.—Isaiah 67:17.

OUR FIRST BLACKOUT

We take this occasion to express our admiration of the successful manner in which the Town of Manassas and Occoquan

staged their first blackout on Tuesday night, and we congratulate Defense Coordinator Tiffany upon the accomplishment.

At the same time we take this opportunity to pass on to the public the sincere thanks which Mr. Tiffany has asked us to place, air-wardens, police, firemen, and all other defense workers who labored so wholeheartedly to make the event a success; and particularly his thanks to the general public for the serious minded cooperation and compliance which was universally manifested.

As a result of this blackout much valuable information was obtained, which will be of great aid on June 17 when the entire State of Virginia will experience its first all-night blackout.

Prince William County is not ready for such a test. Very few counties are really ready. But the enemy does not schedule his attacks to suit our convenience and the demands of the United States Army for civilian defense cooperation must be met, because this is war. Prince William boys are now fighting at the front and certainly with our enjoyment of almost all that they are fighting for, we can do no less than give our most serious attention to Civilian Defense.

THE LEWIS DON'T LIKE US CLUB

Last week that intangible cartoonist, Berryman, of the Washington Star, evoked many smiles with his cartoon on the "Lewis Don't Like Us Club."

Sitting on the steps of the "Club" house were The President of the United States, Howard W. Smith, John L. Garner, William Green and even Tom Gridler.

"Is there another chair in that lodge, boys," says Philip Murray as he seeks to join the group, carrying a placard from

John L. Lewis charging him also with "deliberate sabotage of organization efforts and treason to the principles of labor."

From the President of the United States and Hon. Howard W. Smith, down to the least of us, all that do not support the labor racket are "traitors," according to John L. Lewis and his racketeering gang.

In the few weeks remaining between now and the August Primary in Virginia some pretty tall lies are going to be circulated by those who demand that all who work in the nation's defense industries shall pay tribute to the Unions.

However, let it be borne in mind that the worst they can say, for example, against our own distinguished and patriotic Congressman, Howard Smith, is no worse than what they have said against the President of the United States and other real friends of Labor.

Virginian, however are noted for their long memories. They are not going to forget what certain organized Labor groups have tried to do to the South and to our patriotic Representatives and Senators who have dared to oppose them, and when the votes are counted it will become apparent that radical labor propaganda has only been broadcast to Virginia, not with any idea of infecting our political integrity, but only to poison the bloodstream of the nation by radio network vilification.

NO MORE HORSESHOES!

According to a recent ruling of the War Production Board all horseshoe and horseshoe and nail factories will shortly have to close for lack of iron and steel.

Every countryman, particularly in sections of the nation where stony land occurs, and everywhere else that boasts of hard surface roads, knows that horses and mules have to be shod, and that this has to be done repeatedly, on an average of nearly every month in heavy work.

It is bad enough to be put back into the "horse and buggy days" by the enemy, but when the Washington authority attempts to un-shoe old Dobbin, we think maybe there must be some miscalculation on priority necessities.

It is by the use of horses and mules that vast quantities of iron and steel are released from the manufacture of tractors and other farm-power equipment. We do not have rubber-but we do have horseshoe material with all due respect for those in high authority we cannot but feel that someone has fumbled the ball on this matter.

M. H. S. ALUMNI!

Miss Eugenia has had a pipe dream—a thing she calls a proposition. She presented it last Saturday night at the alumni banquet.

Something like 10 years ago the plan to plant the high-school and Bennett grounds was formulated. The work has slowly progressed but has not yet been completed. The idea now is to solicit subscriptions from the alumni for a fund to complete the planting.

Every day in these trying times it's "money, money, money," with this collection and that collection, and each one has the same tale, "it's a good cause." Regardless of this fact, let's all "kick in with the cash" and help make Miss E.'s pipe dream become a fact and make our old alma mater something to be proud of and something strangers who come to our town will admire. It can be made in miniature a cross between man-made gardens of Washington and Nature's gardens of the Skyline Drive.

So, while your'e remembering the Alamo, Pearl Harbor, etc., tie a string around your finger lest you forget that "a thing of beauty is a joy forever."

An alumnus.

Messrs: Lamb & Wharton, Editors,
The Manassas Journal
Dear Sirs:

Now that another season for the W. C. Wagener Memorial Prize contest has come to a close, I give you thanks for the splendid cooperation rendered. Week after week, from last October through April, you published the book reviews of students of Osbourn High School. Such assistance is especially appreciated during the present trying times, when there is a real shortage of both skilled labor and materials. This is most concrete evidence of your keen interest in whatever pertains to the interests of the Manassas Schools and the Ruffner-Carnegie Library.

Sincerely,
Clarence Wagener

The Woman's Club will meet Monday, June 8, in the Parish Hall, but not at the regular time. The time of the meeting has been changed to 8:00 P. M.

The program which is in charge of the Fine Arts Section of the Club, will include vocal numbers by some of the Club soloists and possibly a speaker.

The hostesses for the evening will be: Mrs. Cyril Wade-Dalton, Miss Alice Webb, Mrs. Harvey Steele, Mrs. B. L. Smelker, Mrs. E. D. Wissler, Mrs. Gary O. Woods, Mrs. H. H. Hemming, Mrs. J. L. Wood and Mrs. Charles Stickel.

As this is the last meeting of the summer months, it is hoped that all members will be in attendance.

MAC'S DEFEAT

REMINGTON 14-4
Sunday, May 31st the Mac's handed Remington A. C. their second defeat of the year.

Berryman on the mound for the Mac's allowed the Remington lads only 5 scattered hits. The team as a whole played very good ball.

"Bobby" Wilt, the Mac's hustling catcher led the Mac's 17 hits attack by smacking 5 hits for six (6) appearances at the plate. On the defense the Mac's rookie second baseman "Budy" Merchant really looked good, handling several hard chances.

This Sunday the Mac's go on the road for a game with Stafford. This should test the mettle of the Mac's as Stafford has a real team.

ENGAGEMENT ANNOUNCED

Mrs. John W. Savage, wife of the late John W. Savage, of Parkley, Virginia, announces the engagement of her daughter, Maude Mason to Dr. Charles William Austin, son of Mr. and Mrs. J. H. Austin of Herndon, Virginia.

Miss Savage was graduated from State Teacher's College, Salisbury, Maryland in 1940.

During the present year, she is teaching in the Floris Elementary School, Herndon, Virginia.

Dr. Austin attended Virginia Polytechnic Institute, Blacksburg, Virginia and the Dental School of Georgetown University. Formerly, he was employed in the Dental Department of Walter Reid Hospital, Washington, D. C. At the present time, Dr. Austin is a Dental Technician in the U. S. Naval Hospital, at Portsmouth, Virginia. The wedding will be in the month of August.

BALTIMORE BLACKOUT

As an indication of what may come soon to us, we note that Baltimore had a three-hour blackout on Wednesday night.

MISS AYRES PRESENTS DIPLOMAS TO HAYMARKET GRADS.

The exercises at Haymarket School were held on Wednesday evening, May 27th, with the principal, Miss Dorothy Bevard, presiding.

The rhythm band gave three numbers and consented after continued applause to perform the "Parade of the Wooden Soldiers," an old favorite.

The elementary glee club sang five numbers, all attractively arranged and presented.

After a charming piano solo by Miss Mildred Caton, came the main feature of the evening, a playlet put on by the students. It was entitled "The Graduates Choice," with Barbara Robinson and Rosamond Leonard taking the leading roles, "Fancy" and "Youth."

The "virtues" were portrayed by Dulaney Tyler, Marian Smith, Jane Lawler, Mildred Caton and Sara Jane Lightner, while the "vices" were staged by Marian Lee, Marian Davis, Bessie Jacobs, Cynthia Pattie and Helen Lightner.

The cluster of "fairies" included Anne Smith, Mary Jane Utterback, Loretta Clarke, Joyce Griffin, Pauline Romine and Jean Bell.

After another splendid piano offering by Misses Cynthia Pattie and Mildred Caton, the diplomas were awarded by Miss Sue Ayres, rural supervisor. The graduates include Mildred Caton, Marion Davis, Rosamond Leonard, Helen Lightner, Cynthia Pattie, Dulaney Tyler, Marion Smith, Letha Breeden, Bessie May Teel, John Norman, Mason Pickett, Leslie Pullen, Sarah Jane Lightner, Leo Lagana, Jimmie Melton, and Bessie Jacobs.

Rosamond Leonard won the scholarship award offered each year by Mrs. Jordan.

Jimmy Melton won first honors for building a bird house and bird report. Cynthia Pattie received first honors on flower book.

COMMENCEMENT EXERCISES AT DUMFRIES SCHOOL

The commencement exercises at Dumfries graded school were held on Thursday evening, May 28th, with the principal, Mrs. Evelyn Lynn, presiding.

The first feature was a typical class assembly and a marionette show by pupils of the 7th grade. It was put on with plenty of youthful enthusiasm and raised much applause.

The American Legion Award went to Jocelyn Brawner, the same being five dollars in Defense saving stamps. The Patrol Service Pin for extraordinary service in safety patrol work was awarded to Ellen Waters. Tyson Watson was announced as captain of the safety patrol for the coming term, with Betty Lloyd as lieutenant. They succeed the retiring officers who were James Hedges and Jimmie Jones, captain and lieutenant, respectively.

The newly elected S. C. A. officers were also announced. They are President, Elsworth Bailey; vice-president, Atley Thurston; Secretary, Marjorie Andrews; Treasurer, George F. Waters; Reporter, Ruth Anderson. The outgoing officers are President, Sammie Bauckman; vice president, Ruby Boyd; Secretary, Betty Lloyd; Treasurer, Ellen Waters.

The perfect attendance certificates were awarded to Francis Burns, Alice Anderson, Jean May, Ruth Hedges, Tyson Watson, Joe Stagge, Bobby Haynes.

The graduates are as follows: Alice Anderson, Samuel Bauckman, Jocelyn Brawner, Joyce Brawner, Francis Burns, Oscar Bushey, Elwood Carney, Willis Chapin, Thomas Chenoweth, Dorothy Clark, Charles Corde, Charlotte Cronk, Gerald Decatur, Margaret Getts, Jacqueline Haggerty, John Haggerty, Martha Ham, James Hedges, Jimmie Jones, Charles Liming, Wallace Lloyd, Edmund Lopez, Jean May, Harold Mercer, John Presti, Annabelle Randall, Arlene Randall, Betty Rountree, Janice Saunders, G. Gloria Sisson, Joe Sisson, Melvin Waite, and Ellen Waters.

The Observer Says

This will be a long war! Speaking before the national society, Sons of the American Revolution, at Williamsburg this week, Governor Darden warned that "he could imagine no advice more deadly or prophecy more risky than that the war will end in a short time."

"We are confronted," the Gov-

ernor continued, "by the most powerful military combinations of all times. We cannot hope to win the war unless we give our full support."

Governor Darden then made another statement which indicates how sincerely the Commonwealth of Virginia is aiding the national effort.

"We in Virginia," he added, "have made up our minds that when activities conflict in any way with the interests of the Federal Government, we will yield in every way to the military needs of the United States. We are resolved to pledge the

resources and the manpower of this Commonwealth together with those of other commonwealths and states to complete an overwhelming victory over Hitler and those associated with his seeking world dominion."

It is difficult for outsiders to understand how Confederate States that once opposed the Federal Government in war can be so absolutely loyal to the power that once stamped upon us with all of the fury that might can use against the right.

But Virginians, who this week are memorializing their gallant Confederate dead, know the an-

swer. Today the Allied Nations are fighting against the same kind of tyranny that violated the Constitution and invaded Virginia in '61. By that fight, although military victory was denied the South, the principles for which we fought were established forever, here and throughout the world, and now we all stand together to overthrow the monster that has risen up to threaten liberty everywhere.

You Can Help Win this War!

All Scrap Metal on Your Farm
Must Be Salvaged Now

UNCLE SAM needs every gun, shell, tank, ship and plane that American War Industry can produce to win this war. The present shortage of scrap metal in this country threatens to slow down war production. You can help speed it up by collecting every piece of scrap iron and steel

on your farm and bringing it to town at once.

Because there is no local scrap dealer, this store has set up a scrap depot to serve as a collection point for farm scrap in this area. Bring all your scrap metal here. You will be handed a receipt for it and as soon as it is sold to a scrap dealer you will receive full credit in cash or Defense Stamps.

There will be no commission charged or profit made by this store for performing this service. It is our contribution to victory.

Uncle Sam asks you to collect your scrap metal now and bring it in. We will move it on to War Industry.

OCCOQUAN HIGH'S COMMENCEMENT

The commencement exercises of the Occoquan High School took place last Thursday, Friday and Saturday nights.

The class sermon on Thursday was delivered by Rev. D. N. Calvert of the Occoquan Methodist Church. It was a very personal message to the graduating class and was so received. Rev. Jno. M. DeChant of Manassas delivered the invocation and introduced Rev. Calvert. Rev. H. Shumate of Dumfries read the scripture and pronounced the benediction. The glee club, composed entirely of girls had a share in this as in the other commencement exercises.

On Friday the Senior Class presented the class play, "The Pioneers". They were aided by a few of other classes. The play was the vehicle for the performances of the Historians, Mildred May, Marjorie Lopez, Josephine Amidon and Mary Davis; also for the Giftoorian, Nancy Duvall, the Testator, Jeannette Briggs; Class Poetess, Josephine Amidon; the Salutatorian, Audrey Cline; the Prophetess, Marian Amidon; the class president, June Purcell. The play was under the direction of Miss Evelyn Jones and Miss Wanda Griffin.

The actual graduation exercises took place Saturday night. The two leading students in the class, Vera Ward and Audrey Cline were shosen valedictorian and salutatorian respectively. Miss Ward's doctor strongly advised against her learning and delivering her speech, since her health at the present time is not good. Mildred May was chosen to deliver Miss Ward's speech. Their subjects were "We Should Know" and "Our Loyalties." They were very good speeches, splendidly delivered.

The Master of Ceremonies, Ralph Allen in a humorous speech introduced the speaker of the evening, Dr. Ivan A. Booker, Assistant Director of the Research Division of the National Education Association of Washington. He gave an interesting and valuable talk to the graduates under the subject "Previous of Coming Attractions." With humorous and personal touches he held his audience to the end.

As usual, Supt. R. C. Haydon presented the diplomas to the fifteen graduates, of whom only three are boys.

The following are members of the Kellison, Carl Lynn, Jr., Josephine graduation class; Ralph Allen, Lewis Amidon, Marion Amidon, Jeannette Briggs, Catherine Burns, Audrey Cline, Nancy Duvall, Margaret Lining, Marjorie Lopez, Mildred May, June Purcell, Lavinia Rhine Smith and Vera Ward.

BIRTHDAY PARTY

Mrs. Dolly Muarry held a cocktail party Saturday night, May 23 at the home of her brother, Roy Ligggett, in honor of his and L. M. Cornwell's birthday.

Among the guest present were Mr. and Mrs. L. M. Cornwell, Mr. and Mrs. Winnard Cornwell and family, Mr. R. W. Arthur, and Alton Cornwell, Mr. and Mrs. Dan Duritz, Mr. and Mrs. Madison Holmes and family, and Mr. Clyde Fair all of Manassas, Va. Mr. and Mrs. Barbee and family, Mr. Owen Maxfield, Mr. Steve Shepore, and Robert Smith all of Hoadly, Va., and Lodge Davis, Mrs. Myrtle Bland of Minnieville, Va. and Mr. Elmer Payne of Buckhall, Va. and other friends.

There was music and dancing. Refreshments and cocktails were served at late hours. All reported at swell time.

HIGH SCHOOL GRADUATION AT FAIRFAX

Plans for its commencement exercises, the climax of which will be the presentation of 179 diplomas, on Monday evening, June 8th, have been announced by Fairfax High School.

Because of transportation difficulties, the customary "class night" celebration has been abandoned. A program during school hours on Friday, June 5, has been substituted and skits portraying typical classes and a typical day in the office, the class will and the class prophecy will be at this time.

Reverend Marshall Whitehurst of the Fairfax Baptist Church, will deliver the baccalaureate address on Sunday evening assisted by the Reverends Floyd M. Lucas, of the Fairfax Methodist Church, and John DeChant, of the Clifton Presbyterian Church. Music for the service will be furnished by the high-school Glee Club, the boys singing "Wake, Awake for Night is Flying," by Bach; and a mixed group singing, "The Cherubim Song," by Tkach.

Only student speakers will appear at the graduation exercises on Monday evening. Their theme is "Challenges to American Youth." It is to be developed by Lucian Grove, discussing the economic challenge; Stephen Fentress, the military challenge; Betty Thurman, the political challenge; and Betty Nichols, the social challenge. John Gourad Spiess, president of the class, will preside and Gordon E. Smith, high-school supervisor, will pronounce the invocation and the benediction.

Music to be offered throughout the evening has been planned by the music department, under the direction of Mrs. Pembroke Pettit. Gordon Kincheloe, a senior, will sing "Invictus," by Bruno Buhn. Glee Club selections include: "Land of Hope and Glory," by Elgar; "Americas Message," by Stunne; and "Recessional," by DeKoven.

As is customary a Good Citizenship medal will be awarded on behalf of the Daughters of the American Revolution by Mrs. S. C. Stuntz. Other school awards will be made by Harold F. Weiler, principal.

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$35 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

COMMENCEMENT EXERCISES AT MOUNT VERNON HIGH

Mount Vernon High (Woodlawn) will start its commencement exercises on June 7th, according to a release just issued by Principal Claude Cox.

The baccalaureate sermon will be delivered in Christ Church, Alexandria by the Rev. Edward R. Wells, rector of the church. This will be at 8 P. M. on Sunday.

The regular graduating exercises will be held in Reed's Theatre, (King Street, Alexandria) on the morning of June 8th. Kirk Wallace will deliver the address to the seniors and Professor Woodson, division superintendent, will present the diplomas.

Awards will be made by Prof. Cox and Mrs. John W. Brookfield.

The custom set-up some years ago of having the class night combined with the graduation will be followed by having these representatives from the graduates make address on chosen subjects; Charles Richard Fitzgerald, Tabitha Morris, Mitchell Nelson and James Coffey.

Music will be furnished by the Glee Club under direction of Miss Virginia Wilcox.

Who, me?

Yes, you!

Yes, neighbor, you . . .

. . . quiet, self-effacing you, are a living part and parcel of the biggest, toughest, bloodiest war in all the hard pages of history.

You can't escape it. You can't hide out on the moon! For here is a war EVERYBODY is in. The man behind the plow. The kid in knee pants. The oldster with the cane. The housewife with the market basket. The white-collar worker. The blue-collar worker. The girl in the schoolroom. We're ALL in it—lock, stock, body, and soul.

If America loses, you lose. If America goes down (and it can), you go down, too. And every decent thing goes down with you . . . that home, that hearth, that patch of ground, that blessed freedom. The only way to save these things is to win the war!

And the only way to win is to out-build, out-gun, out-plane, and out-fight the enemy—to make him sick at the sound of

a propeller, the sight of a tank, the roar of a bomb.

That's where you come in.

For, brother and sister, building these things takes money. Lots of it! And your government needs that money right now! Not for keeps. They don't want you to give it away. They just want you to lend it to them.

Invest every dime, quarter, half-dollar, and dollar you can lay your hands on in U. S. Stamps and Bonds. Not just spare money but money you can't spare. Dig deep. Deny yourself. This is war! Make every pay day Bond day. Make every day Stamp day. Start doing it this very day!

HAYMARKET

The Woman's Club held its regular meeting at the club room Tuesday, June 2nd with Mrs. William Corder and Mrs. Charles Gillis as cohostesses.

Miss Webb, County Demonstration Agent, was the guest speaker. A nutrition class sponsored by the club and under the leadership of Miss Webb, will hold its first meeting Monday, June 8th at 8 o'clock. The meetings are to be held in the old school building. The women and girls of the community are invited to attend these classes.

Mr. Robert Rust of Richmond is the guest of his sister, Mrs. Charles Gillis.

Carol Latham entertained the Young People's Service League with a wienie roast at his home Sunday evening.

Mrs. Robert D. Walker of Lebanon, Penn., is visiting her sister, Mrs. J. E. Norman.

Mr. Billy Rust, a recent graduate of Manassas High School, has secured employment in Washington.

Misses Betty Norman and Anne Utterback were the winners of the U. D. C. prizes given for essays on "The Life of Turner Ashby."

BULLETS, guns and ships are not the only weapons in this fight for freedom. Food is ammunition too—and a nation at war needs fighting food—food that charges our muscles with energy and supplies our bodies with the vigor and vitality we so urgently require to meet the extra demands of wartime conditions.

That's why Uncle Sam is asking Americans to eat "fighting foods," such as ENRICHED Bread. That's why ENRICHED Bread is regulation food for the United States Army, Navy and Marine Corps. And that's why a Federal Government nutrition authority recently said, "It is a patriotic duty to accept only white bread which carries the word 'ENRICHED' on the wrapper."

The Bakers of Southern Bread realized the need for better nutrition eight years ago, when they were the first bakers in Dixie to introduce bread enriched with vitamins.

When Government Agencies recommended that all white bread be enriched they quickly cooperated and are now making not one—but a full line of ENRICHED Breads.

Do your part for yourself and your country by making ENRICHED Bread a part of every meal. And to be sure of dependable freshness, thrift and quality, always look on every loaf you buy for the brand name "SOUTHERN"—and the word "ENRICHED" prominently displayed in a flag on the wrapper.

SOUTHERN ENRICHED BREAD IS A BASIC VICTORY FOOD

It looks and tastes the same as always. The price is unchanged. But Southern Bread in its new wrapper now gives you a great extra value—it is ENRICHED with important-to-health B-vitamins and minerals as recommended by the National Research Council. Bread is the food bargain of 1942 and Southern ENRICHED Bread is one of the best and cheapest sources of food energy your money can buy. Serve it at every meal. Get it—at your grocer—good and fresh today.

These huge 60-ton heavy tanks cost \$120,000, and America's automotive and locomotive plants are turning them out on a never-ending assembly line. Our army uses light tanks, weighing 14 tons, and medium tanks of 23 tons also, but we favor the medium tank over the other two.

These heavy tanks are needed for certain phases of modern warfare, and with their thick armor and heavy-gauge guns they are almost unstoppable. They are considered superior in gun power, in maneuverability and in the power of their huge tractor motors to Axis tanks. Americans everywhere are helping to pay for these monsters of war through their purchase of War Bonds. Invest at least ten percent of your income in War Bonds every pay day.

JOIN THE ATTACK ON TOKYO,
... YOURSELF!

Every person in America may not fly over Tokyo, but every one's dollars can help produce the bombing planes that do!

You, you, you, can join the attacks on Tokyo by saving at least 10% of your pay in War Bonds—by joining your company's pay-roll savings plan today or going to your local bank or post office and buying War Savings Bonds—at least 10% of your pay—every pay day.

Remember you can start buying War Bonds by buying War Stamps for as little as 10c and that you get a \$25 War Bond (maturity value) for only \$18.75.
