## DATES FOR GAS REGISTRATION

New Rationing Cards Become Effective July 22

Mr. J. L. Bushong, of the Prince William Rationing Board, advises us that the next gasoline registration will take place in this county on July 9, 10 and 11, and that the new rationing cards will become effective on July 22.

The time for registration is from 3 P. M. to 9 P. M.

The places in Prince William County where the registrations will be held are announced as follows:

Haymarket New School  
Manassas High School  
Nokesville High School  
Woodbine School  
Occoquan High School  
Dumfries School  
Quantico Masonic Hall  
Quantico Military Post

Mr. Bushong also calls attention to the fact that in order to extend the present gasoline rationing cards O. P. A. has authorized the use of the Bond Seal in the upper left hand corner of the card as good for one unit. This means that the little emblem on A cards is good for 5 gallons, on B-1 Cards 4 gallons; on B-2 5 gallons and on B-3 cards 6 gallons.

The local rationing office also says that where local gasoline dealers run low on gas they should give priority to war workers, trucks and ambulances.

### SUGAR STAMP NOTICE

The local board also announces that Sugar Stamp No. 5 will be good for 2 pounds of sugar, in order to extend the coverage of the book. This no. 5 will therefore allow for the 4 week from June 26 to July 25 inclusive.

### VOLUNTEERS RATIONING OFFICERS FOR CANNING SUGAR

It is also announced that volunteer rationing representatives are being appointed to represent the Board in various sections of the County, for issuing sugar certificates, such as Haymarket, Nokesville, Triangle, Catharpin, Quantico, Woodbridge, Independent Hill and Brentsville. Their names will be announced at an early date.

### DARDEN DECLINES TO COMMUTE DEATH SENTENCE

This week Governor Darden declined to commute the death sentence imposed upon a Negro murderer who was convicted in September 1940, and who has been the object of nationwide propaganda of "The Workers Defense League," an outfit which has been widely characterized as Communistic.

Before making his final decision the Governor visited the County of Pittsylvania, where the crime occurred, and he permitted an extended hearing of all who desired to appear in the matter. In a 16 page statement Governor Darden called attention to the fact that the Virginia Supreme Court of Appeals had found that the defendant had received a fair and impartial trial.

"The widespread propaganda campaign," the Governor said, "which has been carried on without regard for the facts in this case has resulted in grossly distorted and false public concepts of the true situation. Such campaigns, the Governor added, "were extremely detrimental to the public interests and had the effect of sowing racial discord at a critical time when every loyal citizen should strive to promote unity."

## WRIGHT HEADS CONSERVATION

State Senator Replaces Hon. Clarence Smith

William A. Wright of Tappahannock, member of the General Assembly since 1924 and State Senator since 1932 representing King and Queen, Middlesex, Gloucester, Mathews and Essex was this week appointed by Governor Darden as Chairman of the Virginia Conservation Commission, succeeding N. Clarence Smith of Bluefield.

Senator Wright, who is 51 years old and a native of Tappahannock, will not take office until August 1st due to a number of court cases which are now pending and require his entire attention.

Under the Re-Organization Act passed by the last General Assembly, Governor Darden, in addition to appointing a Commission for a term coincident with that of his, will also name two other members of the Commission for like terms. Two additional members of the five-member commission will be appointed by him for two year terms ending June 30th, 1942 but, in the future the terms of these two will be for four years, in order to carry out a stagger system plan.

Few people in Virginia are better known than Senator "Billy" Wright, who has been prominent in political and legislative circles since he returned from service abroad at the close of World War I; and hung out his shingle in Tappahannock and decided in 1923 to run for the Legislature. In the State Senate, to which he was elected in 1932 by a large majority of votes, he has distinguished himself as Chairman of the important Roads Committee, and member of the Finance, Fish and Game Privileges and Elections, Courts of Justice and Special Private and Local Legislation, Courts of Justice and Special Committees. He has been especially active in behalf of all legislation dealing with the improvement of the sea-food industry, has long been active in his opposition of any diversion of road funds. At the last session of the Assembly he was patron of the successful Library Bill which would give State aid to rural libraries.

Senator Wright, who is not married, is a member and vestryman of the Episcopal Church at Tappahannock, a Mason, Rotarian, Ruritan, on the State Democratic Committee and, in addition to his law practice, is the organizer and vice-president of the Bank of Essex. He is also president of the Northern Neck Bay Association. Some five years ago Senator Wright was manager of the late Saxon W. Holt's campaign for the Lieutenant Governorship, and more recently he successfully managed the Jackson Day Dinner Campaign, which was one of the most successful to date. He was Presidential Elector at large in 1940.

## U S O DRIVE GETS OFF TO FLYING START

HAYMARKET BLUEJACKET MEMBER OF SEAMAN GUARD

Robert L. Fogle isn't out fighting with the U. S. Fleet, but he is performing a duty, which is just as vital at he U. S. Naval Training Station, Newport, Rhode Island as a member of the Seaman Guard.

His duty is to guard the Station against unwanted visitors. The son of Mr. and Mrs. Cyril F. Fogle, of La Grange Farm, Haymarket, the Bluejacket attended Haymarket High School, where he played on the school's football team. He was also a Boy Scout. He is hoping to become a Naval Pilot. Prior to his enlistment, Fogle worked at Fort Belvoir, Va. Shown here, the Haymarket youth is wearing a full marching pack. (Official U. S. Navy Photo).

### CHAMBER OF COMMERCE PICNIC

Since many of our people will not be able to take long trips on the Fourth of July as they have in former years it will be necessary to celebrate this holiday at home.

The Chamber of Commerce of Prince William County is having a basket lunch picnic at the National Battlefield Park on that day, beginning at 11:00 A. M. There will be music, games and speeches during the day. The Chamber will furnish hot dogs and rolls as an added picnic touch. Plenty of ice water will be supplied so that no one need fear getting thirsty.

Mr. Edward Hummel, the Director of National Parks for this area will be the principal speaker of the day. Major Hanson, who is in charge of the local park will give a history of the battles of the First and Second Manassas.

This is to be a good old-fashioned get together of home folks on one of the most important days of our national history. Let every member of the

## LEGION TEAM LEADS AGAIN

American Legion Defeats Local Kiwanis Club

The American Legion Team jumped back into the lead in the Community Softball League by downing the Kiwanians 15-4 in a fast game.

Dickie Haydon pitched a fine game forcing his opponents to hit into pop flies or into the ground. Lynn, Kiwanis pitcher, was wild with men on base helping the victors to several runs. Sinclair, Swank and Merchant lead the stickwork for the league leaders. Carter, Broadus, and Byrd furnished the power for the losing Kiwanians.

The Firemen helped themselves into a tie for second place in the league by outlasting the Commerce Team in a slugfest and winning 20-11. O. Kline, Ramey, Robinson, Douglas and Whetzel led the batting attack against the Chamber of Commerce Team. S. Vetter and Muddiman led the hitters for the losers.

### E. R. Conner Heads Prince William County Campaign

After having brought up the rear in the list of Virginia counties to support the U. S. O. (the alphabetical name for United Service Organizations), Chairman E. R. Conner held a rousing rally at the Chamber of Commerce luncheon Tuesday when he introduced Hon. John Stewart Bryan, president of William and Mary College and state chairman of the U. S. O. by virtue of the request of Governor Darden.

Speaking before a group which included practically every business man in town plus many county officials and other dignitaries, Dr. Bryan gave a colorful picture of work being done by the U. S. O., first describing the derivation of the name.

The speaker gave a graphic recital as to just what the U. S. O. meant in all parts of the globe and how it is functioning in a way different from anything which had been tried on a such a scale in any previous war.

He told how the individual and the group could so well extend and support the help needed in providing a morale builder among the boys who are in the various phases of the work of the armed forces of the United States.

Dr. Bryan is a very interesting speaker and his address was eloquent and yet quite simple in its directness. Mixing a seasonable amount of humor, he got several hearty laughs, one of which at least needed an encore.

### MAC'S HOST TO QUANTICO INDIANS SUNDAY JULY 5.

This Sunday the Mac's will meet the strong Quantico Indians at the local diamond. This is the first meeting of these two teams this year.

"Lefty" Bourne will be the probable starter for the "Indians." The Mac's will counter also with a part-sider in a new lad from Roanoke College "Lefty" Bittle. Bittle is a native son of Nokesville. He has turned in some very good relief pitching for Roanoke this year.

"Herb" Saunders will do the officiating behind the plate.

A large crowd is anticipated for this game; the first at home for the Macs for several weeks.

### KLING DAIRY HERD LEADS DAIRY GROUP

The Wilmer M. Kling herd, Manassas, led the Prince William County Dairy Herd Improvement Association during June with an average production of 825 pounds milk and 35.1 pounds butterfat. Elton Kellam, Testing Supervisor of the Association, reported today. The second herd in production, with 914 pounds milk and 33.8 pounds butterfat, was owned by J. Carl Kincheloe, Manassas. Third was the Clover Hill Farm purebred Jersey herd of Wheatley Johnson, Manassas, with 657 pounds milk and 32.7 pounds butterfat. Paradise Farm, operated by C. C. Lynn, placed fourth with 768 pounds milk and 28.4 pounds butterfat per cow; fifth was the herd of C. K. Wilkinson, Alexandria, Rt. 2, with an average production of 737 pounds milk and 28.3 pounds butterfat. The high cow in the entire association for June which produced 1,683 pounds milk and 30.8 pounds butterfat was owned by Wilmer M. Kling, Manassas. Herds belonging to Cover Hill and Solomon Costa also had cows producing in excess of 50 pounds butterfat for the month.

### EPLAINS FORMATION OF LEE VOLUNTEERS

Ensign Wicker, of Richmond, was also a guest speaker at the weekly luncheon of the Chamber of Commerce on Tuesday.

Mr. Wicker explained how July is being set aside for a special drive to raise a "regiment" to equip the personnel of the cruiser "Richmond" being currently launched at Newport News.

He called on the cooperation of the entire county, stating that the quota for Prince William was at least ten men.

Mr. Wicker declared that unless the Navy were properly supported that the biggest factor in winning the war would be seriously weakened.

The Lee Volunteers will be Virginia's answer to the aggressor nations and their unrestricted submarine warfare along the Virginia coast. It is hoped

## RELIGIOUS COUNCIL TO HOLD MEETING AT CANNON BRANCH

The Prince William County Council of Religious Education held a meeting last Sunday. It was decided to engage Miss Hazel Saunders as teacher for another year at a salary of \$100.00 per month.

Some interesting items appeared in the financial report. A contribution of \$100.00 was received from Hon. Wade H. Ellis of Ripon Lodge, who supports the program in this way every year. The Manassas Kiwanis Club contributed \$25.00.

The Manassas Baptist Sunday School takes an offering for this work every month and contributed over \$90.00 this year. The Presbyterian S. S. following this plan since January, gave \$32.00. The Council urges that other Sunday Schools adopt this method. Brentsville District, under the financial leadership of Mrs. L. J. Bowman, was the only District to pass its quota, making contributions of \$260.00. Financial workers in the other Districts are: Coles, Walter Wine; Dumfries, Mrs. A. H. Shumate; Gainesville, Mrs. Audrey Kerr; Manassas, J. J. Conner; Occoquan, Rev. D. N. Calvert. These workers have done well during the year. But the treasurer's report shows that about \$90.00 is needed to make a clean sweep of all the Council's obligations for the year. It is expected that additional contributions in the County have supported the work in addition to the Sunday Schools.

It was decided, because of gas and tire shortages, to discontinue the annual picnic for the duration.

The annual meeting of the Council will be held in the Cannon Branch Church of the Brethren on Sunday, August 9, at 2:30 P. M. The program committee is composed of Rev. John M. DeChant, Miss Saunders and Prof. Frank G. Sigman. The nominating committee is composed of one person from each District with Orrin Kline, Chairman, Walter Wine, Mrs. L. J. Bowman, Mrs. John Powell, Mrs. A. H. Shumate, and Mrs. Audrey Kerr. Miss Saunders is dependent upon her automobile to carry on her work, since she must travel to every school in the county. Her car will be thoroughly overhauled during the summer, but she needs two tires, size 16X6.00. If any one who reads this knows where and how two tires can be secured, won't you please communicate with Miss Saunders or with the Treasurer, Mr. J. J. Conner.

## ORDINATION SERVICE AT HERNDON

St. Timothy's Episcopal Church, Herndon, witnessed its third ordination on Wednesday of this week when Rev. Arthur Lyon-Vaiden was raised to the order of priest.

Bishop Tucker, or riding Bishop and also Bishop of Diocese of Virginia, was the installing official. The rite of Holy Communion was also a portion of the ceremony.

Doctor Stanley Brown of the Seminary preached the ordination sermon which was a wonderfully deep, interesting and instructive address. The candidate was presented for his orders by Rev. Robert F. Gibson, Jr., preaching fellow at the Seminary and now in charge of the newly organized Seminary Parish.

Following the ordination, the congregation and guests gathered at the hospitable home of Dr. Dan Detwiler, one of the vestry, and enjoyed a buffet luncheon.

Other ministers present besides those named were George Tittman, of St. Mary's, Arlington, who read the litany, Pashal Fowlkes, of St. John's, McLean, who read the Epistle, Father Mallory, of St. Peter's, Baltimore, Md., who read the Gospel; also Paul Bowden, of Warrenton and A. Webster Horstman, of Epiphany, Cherrydale.

The newly ordained minister has been in charge of St. Timothy's since early spring of this year.

## CHRISTIAN SCIENCE

"There is none holy as the Lord: for there is none beside thee: neither is there any rock like our God." These words from I Samuel 2:2 comprise the Golden Text to be used Sunday, July 5, in all churches and societies of Christ, Scientist.

The subject of the Lesson-Sermon will be "God." Included among the Scriptural selections will be "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him" (Cor. 2:9).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The everlasting I AM is not bounded nor compressed within the narrow limits of physical humanity, no, can He be understood aright through mortal concepts. The precise form of God must be of small importance in comparison with the sublime question, What is infinite Mind or divine Love?" (p. 256).

## REVIVAL MEETING AT VALLEY CHURCH

The Valley Church of the Brethren will have its Revival Meeting from July 5-12, with Rev. and Mrs. Newton Poling of Stanardsville, Va., in charge.

The Reverend Mr. Poling, a native of West Virginia, is a graduate of Bridgewater College, Bridgewater, Va., and Bethany Biblical Seminary, Chicago, Illinois. He has had experience as a school teacher, and in more recent years as a pastor in the Church of the Brethren in Greene County, Va. Mrs. Poling will assist her husband in the services by having stories for the children and helping with the music.

Knowing people and their needs, Mr. Poling has planned to bring messages from God's Word to help them meet these needs and problems. Sermon themes for the week will be taken from the following list:

Take Courage  
Finding Happiness in Life  
Getting Close to God  
Making our Homes Christian  
The Church in a World at War  
On Going to Church  
The Gospel and the Individual  
I Believe in the Bible  
I Believe in Missions  
I Believe in the Brotherhood of Man  
I Believe in the Cross  
Why I Am a Christian  
Due to the tire and gas situation, the Meetings will be held only one week this year. Services each night at 8:30. Come every night, pray for the success of the Meeting, and bring your neighbors and friends.

## "WIN BATTLE OF TIME," SAYS BYRD

Virginia Senator Made Epochal Statement Last Week.

Mr. President: It is with sincere gratification that I support the pending Naval authorization bill reported by the Naval Affairs Committee, because it gives at least very substantial recognition to the supreme importance of airplane carriers in winning the war.

Without making any claim whatsoever to being an expert on Naval tactics, it seems to me it can be accepted conclusively that just as aircraft has been such a decisive factor in this war, it is equally evident that carriers, up to this time, have been too much neglected in our war equipment. Without adequate aircraft carriers, it follows that our air force cannot be effective over sea distances too great for land based operations. The war in the Pacific has demonstrated that aircraft carriers are absolutely essential for a Naval air force to be effective.

Our Naval construction program necessarily must be planned some years in advance, due to the long time required to construct battleships, carriers, cruisers and other heavy vessels.

Time and time again, Mr. President, I have expressed the hope that our Naval construction program would be revised in the light of the importance, demonstrated so fully in the past few months, of the carrier as being among the most effective of all Naval vessels.

I am not prepared to say that the heavy battleship has not even now a large place in Naval warfare, but I do say that the carrier, as compared to the battleship, has not been given the recognition it deserves. It is a matter of public record that our battleships greatly outnumber our carriers, despite their ineffectiveness in this war to date, and the present building program needs revision to make up this deficiency.

Unfortunately, Mr. President, time is working against us. If we are to win the war, it is all important now to win the battle of time. Today the American nation is in the most desperate peril of any time in its history. These momentous battles now being fought will, in my judgment, determine largely the duration and possibly they could determine the outcome of the war.

Of course, I recognize that a revision and adjustment of the Naval construction program to bring about a largely increased production of airplane carriers may interfere temporarily with the production of some of the battleships under construction, but I think the time has come, Mr. President, to recognize that in all probability, so far as human judgment can forecast, America is in for a long, desperate and costly war. If any errors have been made in our war preparations, steps to bring about most decisively the ultimate victory which we must have should not be delayed further. We must plan for a lengthy war, and unless we plan deliberately and efficiently implements of war, there can be only disaster ahead of us.

For myself, I have supreme confidence in our ultimate victory, but we must not underestimate the great difficulties that confront us. I welcome this bill as a step toward giving recognition to the airplane carrier, but we must go further than that for, unless here is a revision of the present Naval building program, it will be a long time before these carriers, as provided for in the pending legislation, will be ready for action. Also, the program of converting other types of warships to carriers should be given the right-of-way.

Our facilities, both in shipbuilding plants and in materials, are now being fully utilized for our present production program, which includes a heavy proportion of battleships. The smaller carriers proposed in this bill by the Navy will mean quicker construction, and everything should be done to commission new carriers as early as possible. Even 500,000 tons, as substantial as this, in my judgment will be nothing like adequate for a long war.

I repeat, the great air force this country is now assembling can be fully effective only if used in coordination with an adequate fleet of aircraft carriers.

No less important is the construction of cargo ships. The sinking of cargo ships in the west Atlantic by submarines constitutes a real menace to successful prosecution of the war. The fact that the loss of as many as 13 United Nation's merchant ships was announced in one day, bringing the war, is ominous and should not be the war, is ominous and should not be underestimated in its ultimate effect on our victory.

It is, of course, perfectly obvious that we have great superiority in cargo ships, which means a tremendously increased number, our war activities abroad will be greatly hampered.

I state no military secret when I quote government officials as having announced that the sinking of cargo ships has been in excess of their construction since Pearl Harbor.

NO SALES TO DEALERS

I yield to no one in my admiration for the American Navy. As a member of the Senate Naval Affairs Committee, I have taken deep interest in all matters relating to the development and progress of the Navy, believing as I always have that our Navy is the first line of defense of America. But, without criticism, as I know the difficulties are great, we must face frankly the fact that some means must be devised to control the submarine menace along the Atlantic, as it has reached a stage that makes continued losses in shipping at a rate faster than we can build, a supreme peril to winning the war.

It is the belief of competent experts that enemy submarines are based somewhere in striking distance of the Atlantic coast. It is imperative that such bases be broken up. Every indication is that these bases are in and around the Caribbean Sea.

If it is necessary to do so for our own protection, I think the control of the Island of Martinique should be taken over by the United States. The presence of French planes and French warships at Martinique has forced our Navy to maintain an off-island patrol there for months. If the need is urgent enough, I believe America is justified in taking over this island, as the real French people with whom we will deal after we win the war are those who want America to win.

The time has come for a drastic revision, as I see it, of our war effort, so that we will place first things first, as the time element is operating strongly against us. What is the use in building thousands and thousands of tanks if the ships are lacking to transport these tanks so as to come in contact with the enemy? We need many things to win the war, but what

we need imperatively are aircraft carriers, cargo ships, and an abundance of the most effective airplanes and destroyers.

Now, in order to obtain these first things, first quickly, we must not only exclude the civilian population from utilizing the essential materials required for the construction of this vital equipment, but we must readjust our war production program so as to give priority to those war machines most urgently needed now.

## THE SUMMER OF '42

Unless all signs fail the summer of 1942 will be one that we may perhaps wish to erase from our memory as soon as possible. From a world viewpoint it appears to be shaping up badly, very badly in fact. Looking the situation squarely in the face one might even be justified in concluding that right now the United Nations (which means the United States) is actually getting licked.

While all this is going on we also see our own great automobile transportation system, so vital to our effective war effort, slowly but surely wearing out, with little hope of replenishment. We see our shipping apparently being sunk faster than we are building it, and we see a determined Fifth Column aggressively at work all over the country and even within the departments of government itself, determinedly intent upon overthrowing our Democratic form of government, inciting racial antagonisms and encouraging Communism.

All along we have been inclined to a belief that our nation is so big and resourceful that we simply cannot be defeated. We have thought that all we had to do was to completely convert our gigantic manufacturing facilities to the making of war munitions and equipment and then the other fellow would take these weapons and defeat the Axis.

The circumstances of the summer of 1942, however, are likely to cause a rude awakening. We will possibly become convinced in the next few months that we will not just have to wade through motor-oil and grease, but through seas of human blood. But this is not our summer. This summer belongs to the Axis. Next summer is ours!

If one will read the secret war plans of the United States, so unpatriotically revealed by the Chicago Tribune and the Washington Times-Herald just before Pearl Harbor, he will become convinced that we have not expected

ted to really begin to fight until the summer of 1943. So we should not be too discouraged if this turns out to be a very bad summer for us. It is the summer of 1943 that will really test our fighting strength.

## THE OBSERVER SAYS

We have just been reading a full page advertisement in a Washington newspaper petitioning the President to appoint a Commission to investigate the case of Odell Waller, who was convicted of murder in the first degree some two years ago in Pittsylvania County, Virginia. Basing the appeal upon the evident untruth that the Virginia jury system has anything to do with the payment of poll taxes, the petition avers that the "welfare of our beloved country is involved." "We believe," the petition concludes, "that it will be a national calamity if Waller goes to his death, when millions of his fellow citizens are convinced that he was not tried by a jury of his peers."

The organizations represented by various signers of the petition, however, appear strangely like one of those "Communist-front" lists released by Chairman Dies of the Congressional Committee Investigating Un-American Activities.

For example, look at these organizations on the petition: America Civil Liberties Union, Friends of Democracy, Workers Defense League, League for Industrial Democracy, Union for Democratic Action, Southern Tenant Farmers Union, International Ladies Garment Union, etc.

Governor Price apparently permitted such outfits to bulldoze him on more than one occasion. Outstanding was his cringing before the pressure exerted by the above mentioned American Civil Liberties Union causing him to veto the American Legion sponsored Heller Bill which would have prohibited the use of public buildings by those who advocate the overthrow of the State or National Government by force.

Governor Darden is made of sterner stuff. He has gone to great length to give everybody a hearing, and then he made the decision which ends this unfortunate case—a decision which will be approved by all good citizens, both white and colored, who believe that cold blooded murder in the first degree should be adequately punished.

## BUFFET SUPPER

One of the most enjoyable parties of the season was given last Friday evening, June 26, 6:30 P. M. by Mr. and Mrs. Earl Watson Hurst on Portner Avenue. Mr. and Mrs. Hurst were hosts to the members of Wimodausis Chapter Order of the Eastern Star. The very heavy down pour of rain did not prevent the guests from coming and enjoying the delicious buffet supper.

The attractive home of Mr. and Mrs. Hurst was decorated with lovely cut flowers of the season; the dining table centerpiece was of choice sweet peas, gypsophila, lupines and other delicate flowers tastefully arranged. Assisting Mrs. Hurst, Mrs. J. H. Burke Jr., F. L. Browne and Earl Watson Hurst, Jr.

About forty members were present to enjoy the hospitality of Mr. and Mrs. Hurst.

Mrs. Hurst is Worthy Matron of Wimodausis Chapter, and her leadership has been most successful.

## GROWING NEED FOR DOCTORS

(Continued from page 1)

Randolph Field, Tex., before assuming his present duties here, revealed that "at least 500 doctors must be added each month to the Medical Service of the Army Air Forces to keep pace with the present expansion and activities of this part of the armed forces."

"Applicants", he said, "need to possess only general medical professional qualifications although those in the age group of 36 years and under who have had special training in one of the clinical specialties of medicine are also highly acceptable. Twenty percent of those to be added monthly may be 36 to 45 years of age inclusive."

## "WHITE OAK" SHUTS OUT MACS 7 TO 0

On June 28, 1942, the Manassas Macs traveled to "White Oak" and came back with the same story "To many errors" and a 7 to 0 loss.

Hounshell started for Manassas and pitched good enough ball to win, but unless he was striking the White Oak players out or throwing them out himself, they were getting on by errors.

Hash, starting hurley, for "White Oaks" also hurled beautiful ball and struck out 16 Macs. Dallas Posey returned from the army long enough to pull down three flies and got one of the Macs 6 hits.

## MANY PROMINENT EXHIBITORS ENTER FOR HORSE SHOW JULY 4

Enthusiastic response from practically all of the important exhibitors in northern Virginia exhibitors in northern Virginia, the District and nearby Maryland to Miss Ruth D. O'Keefe, the pretty young secretary-treasurer of the Culpeper Horse Show, assures a large list of splendid entries for this annual event, which will be held this year on Saturday, July 4, and has been reduced to a one-day show, instead of two, as usual, on account of war conditions.

The judges of the show will be Daniel Shea, of Maryland Farms, Hyde, Md.; Lieut. Col. Theodore B. Agger, U. S. A., of Remount Depot, Front Royal and Jack Carpenter, of Afton. Every arrangement has been made at the grounds for the comfort and convenience of the visitors this event always attracts.

Although a one day exhibition this year, the management emphasizes that only breeder and pony classes have been cut, and that practically all major jumper and hunter classes have been retained and will be shown as usual. Two new classes are the Open Jumper Championship class, which will be decided on points won in previous classes, and the Modified Olympic class, shown over a special course, with performance only to count. The hunter classes will include ladies' hunters, green hunters, handicap jumpers, touch and out, and all of the regular hunter classes.

Miss Ruth O'Keefe, who is herself an enthusiastic and very successful horsewoman, was especially mentioned in the "Post and Rail" column of one of Washington's dailies for her connection with the Culpeper show. Her entries from Pine Brook Farm include O'Doc, Rightland and Princess Ruth. Miss O'Keefe, like everyone connected with this year's show, is donating her services, and all proceeds from the show will be used to finance the Culpeper Motor Corps Unit, American Red Cross.

The fine jumpers from the stables of U. S. Randle will include Troop, who has been a close runnerup to Cornish Hills at both the Richmond and Washington shows this season, and other entries. Cornish Hills, the outstanding jumper owned by Mr. and Mrs. W. Haggin Perry, who won the Culpeper championship last year, is also expected. Magic Luck, Hydro-Gyro and Capt. Kelly, other Perry entries will also be shown.

Miss Julia Shearer, of Meander Farms, will show Mathematician and other hunters. Martin Vogel, of Warrenton and Washington, will show his imported Demas, also imported Fanette and Tradition, for the first time in Culpeper.

Miss Margaret Cotter will bring her fine hunter, Rockste, and Rock

King and Rocketta. Among the large list of other exhibitors will be Mrs. D. N. Lee, of Middleburg; Mr. and Mrs. Herbert Bryant, of Alexandria; Alec Rives, of Cobham; Alec Calvert, North Fletcher, Miss Nancy Hart, Mrs. James C. Hamilton and others of Warrenton and Fauquier and Loudoun counties. Mrs. Mary Keogh and Manley Carter, of Orange; Howard Butts, Donald C. Bradley, Christopher M. Dreer, Jas. McComas and others are expected.

It has been remarked that the horse shows held this season not only have had unusually fine entries but have been unusually well attended, an evidence that people in general need some let-up from the strain under which most of them are now living. Tickets for the Culpeper show are now on sale and can be obtained from the old horse show office in the Waite and Perry building, on Davis Street.

## PEACE AIMS IN COUNTY AGRICULTURAL WAR EFFORTS.

Neighborhood leaders of the Prince William County Board of Agriculture have been visiting farm families to give the information on the seven-point antiinflation program. The producing of "food for freedom," buying of war bonds, aiding, abiding by rationing, paying of debts and other essentials in the antiinflation and victory programs are being encouraged.

"Important as these things are," says Director John R. Hutchison of the Virginia Agricultural Extension Division, the success of this program will go far beyond winning the war and better prepare us for writing the peace with wisdom and charity. Paying as we go as much of the cost of the war as possible, keeping out of debt, and otherwise making our finances, individually and nationally, as possible will help us to keep our feet on the ground, ready to help rebuild a shattered world. Production of food all that we can possibly produce without risk to soil resources—will not only feed us and our allies but will keep our store houses filled to feed starving nations while the terms of peace are being written.

"The farmer who has done his share day in and day out in winning the war will be the first to accept the peace-time job of helping to set the world right again," Director Hutchison believes. "We are not only fighting to win a war; we are fighting for an opportunity to give new life to stricken people."

What You Buy With  
WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its quota.

V. P. S. OFFICIALS  
ARE TRANSFERRED

George E. Kidd Takes Over  
Management of Northern  
Division.

George E. Kidd, Eastern Division Manager of the Virginia Public Service Company at Newport News, has been appointed Manager of the Northern Division, and the Arlington County area, it was announced today by W. E. Wood, President.

Simultaneously, Mr. Wood announced that former Northern Division Manager, J. W. "Pop" Howard, has been elected Vice-President of the Company and placed in charge of the Eastern Division with headquarters at Newport News, and B. J. Dorsey,

formerly in charge of the Company's operations in Arlington County, was transferred to Newport News as assistant to Mr. Howard.

These changes were occasioned by the resignation of Vice-President and former General Manager F. A. Mitchell who left the Company to enter private business at Newport News. The change become effective immediately.

Mr. Kidd comes to Alexandria with a wide background of utility experience. Prior to his appointment to the Eastern Division he was Division Manager of the Company's Central Division at Charlottesville. He first became associated with the Virginia Public Service Company in 1916 as an electrical engineer. In 1923 he resigned to join an electrical contracting firm but rejoined the Company in 1926. In the next fifteen years he acquired a wide executive experience in electric and gas operations. During this period he served as Superintendent, then Manager, of the Gas and Electric Departments, Assistant Division Manager and later as a Division Manager.

A native of South Carolina, Mr. Kidd studied at North Carolina State College from which he was graduated in 1913 with a degree in electrical engineering. He is 48 years old, married and the father of one daughter and one son.

Mr. Howard was Manager of the Company's operations in Northern Virginia for the past 12 years. Prior to that he had extensive experience in railway, gas and electric operations in the same area to which he has been transferred. The Peninsula area is one of the Company's most important operations, providing gas, electric and transportation services to one of the most important National Defense areas on the East Coast. In his more-than-a-decade of service locally, Mr. Howard was active in civic and charitable affairs and was one of the leading citizens of Northern Virginia.

Mr. Dorsey for the past five years has been in charge of one of the Company's most rapidly expanding operations - Arlington County. Prior to coming to Arlington in 1937, he was District Manager at Charlottesville for six years, at Ronceverete, W. Va., for three years and at Altivista for one year. He first joined the Virginia Public Service Company in 1926. Like Mr. Howard, he has been active in civic affairs and is well-known in Arlington County.

The ceremonies will be held at the stadium here on July 3, 1942, 3:00 P. M. This time commemorates General Pickett's historic charge at Gettysburg.

Your name and address has been furnished me by Colonel C. Pickett, now at Camp Forrest, Tenn. He suggests that I ask you for the addresses of Clay, Elizabeth, and Sophie Pickett. I trust you will be able to do this as I desire to invite them for this occasion.

We expect to have a very excellent program for the dedication with General Reckford presiding. Governor Darden of Virginia will be one of the speakers and we hope that either General George C. Marshall, Chief of Staff, or Under Secretary of War Patterson will be the other principal speakers.

Trusting to hear from you and to have you with us then, I am

Post Commander

Fairfax, Virginia,  
June 10, 1942.

Col. D. John Markey,  
Post Commander,  
Camp Pickett, Virginia.  
Dear Col. Markey:

I am very proud and happy to accept your gracious invitation to be a guest of honor at the dedication ceremonies to be held on July 3rd at Camp Pickett. I hope to bring with me my mother, my seven year old daughter, and my aunt, Sophie Johnston Pickett, and it may be possible that my son, Charles Pickett, IV, N. C. T. C., (Camp Allen), N. O. B., Norfolk, Virginia, who is in the Navy and stationed at Norfolk, may find it possible to secure a leave of absence.

My cousin, Col. C. Pickett, suggests that I furnish you with the addresses of Clay Pickett, who was my father, and Elizabeth Pickett, who was an aunt, but unfortunately, they have passed away and will not be able to be present on this occasion. My aunt, Sophie Johnston Pickett's address is Fairfax, Virginia.

I am very proud to represent my grandfather, Major Charles Pickett, at these exercises as he was the Assistant General of Pickett's Division and was present as a member of the staff of his brother, General Pickett, at Gettysburg. I have three brothers, who with Col. C. Pickett and George E. Pickett of Charlotte, North Carolina, comprise all of the grandsons of General Pickett and Major Pickett. Their names are:

Henry Clay Pickett, 320 London Street, Portsmouth, Virginia.

William Peters Pickett, 320 London Street, Portsmouth, Virginia.

Edward Watts Pickett, Fairfax, Virginia.

General Pickett had one sister and she has four living grandchildren, namely:

Blair Burwell, Jacksonville, Florida.

Marie Burwell, whose married name I have forgotten.

Robert Pickett Burwell, Tobacco-

ville, Virginia.

Virginia Burwell Clegg, whose address I do not have.

I do not mean to suggest that you should extend invitations to these relatives of General Pickett, but I thought you might like to have the information.

Looking forward to the pleasure of seeing you, I remain,

Very truly yours,  
Charles Pickett.

# America's Secret Weapon

YOU won't find it on the production lines at Rock Island or Willow Run.

It isn't guarded at the Brooklyn Navy Yard, or tested at Aberdeen.

But it's the toughest weapon these men you are looking at will ever take into battle. It's the stuff with which all our wars are won.

The boy in the uniform doesn't call it morale. That's a cold potatoes word for something John American feels deep and warm inside.

Perhaps he can't give it a name. But he can tell you what it's made of.

It's made of the thrill he gets when his troop train stops at a junction point and fifty good-looking girls are at the station with cigarettes.

It's made of the appreciation he feels for a bright new U. S. O. clubhouses where he and his friends can go for a few hours' rest and relaxation.

It's made of laughter and music—when Bob Hope or Lana Turner visits his camp with a USO show.

It's made of his invitations to the homes of pleasant strangers.

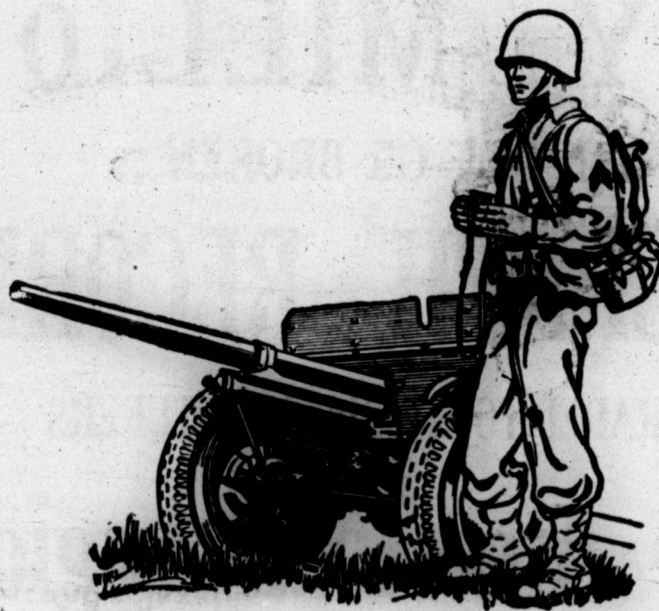

It's even made of a cup of coffee and a Yankee smile—at a lone outpost in Iceland.

Maybe it's just a feeling of kinship with this land of a hundred million generous people. Maybe it's just the understanding that this whole country cares; that the soldier is bone of our bone; that he and we are one.

Name it if you can. But it's the secret weapon of a democratic army—a weapon that can never be ersatzed in Germany or Japan.

What can you do to sharpen this weapon? Give to the USO. This great national services organization that overrides race and creed has been entrusted by your government with responsibility for the service man's leisure needs. With maintaining clubhouses and providing camp shows, with a hundred thoughtful services to our men at home and abroad.

Give all you can—whether it's a lot or a little. But give it now.
