## GAS RATIONING IS UNBALANCED

Senator Byrd, In Statement, Calls On Roosevelt To Act.

Each day it becomes more evident that we must have nationwide rationing of gasoline. We are short of rubber and short of transportation for oil and gasoline. The only obvious and just thing to do is to ration these necessities on a nationwide basis.

It is grossly unfair and destructive of public morale to permit the citizens of the 31 unrationed states to obtain unlimited supplies of gasoline and fuel oil for whatever purpose they desire it, and then deny fuel oil and gasoline to the citizens of the 17 rationed states, even for essential use in carrying on business in a limited way and heating their homes during the winter.

Why the administration delays, I do not know. To my personal knowledge, many high officials of our government have recommended to the President that gasoline and fuel oil be rationed on a nationwide basis, and this recommendation has been on the desk of the President for some time. There certainly should be no further delay.

Of the 17 main pipeline terminals, 1 are in rationed states and 17 in unrationed states. A number of unrationed states have no pipeline facilities at all. Therefore, in such areas the same method of transportation for gasoline and fuel oil must be used as in the rationed states.

Mr. Joel Dean, Chief of Fuel Rationing of the Office of Price Administration, who has made an exhaustive investigation of the matter, has made the following statement, in response to my inquiry, that nationwide rationing will release transportation facilities from the unrationed to the rationed states, thereby increasing the supply of gasoline and fuel oil in the rationed states.

Even if for no other reason, there should be national rationing of gasoline for the conservation of rubber, if the supply of rubber is as short as we are told.

National rationing simply means that in this crisis all will be treated alike. There is growing discontent among the 17 rationed states as to this injustice, and properly so.

The sacrifices that we must make and, in fact, are willing and anxious to make, if necessary, must be shared on a national basis of equality and justice. We can win the war only as a united nation. Favored classes and areas must not be tolerated.

## CHAMBER OF COMMERCE WINS — KIWANIS LOSSES

In a very close game the Chamber of Commerce held their lead in the second half by winning from the Kiwanis 6-5. By losing this game the Kiwanis are now in third place two games behind the second place Firemen. If the Chamber of Commerce keep up their present pace they are sure to play the Firemen in the play-off.

## FIRE DEPARTMENT — AMERICAN LEGION LOSSES

In a "free for all" game the Fire Department out slugged the American Legion to the tune of 23-7, collecting a total of twenty-four hits.

While the Fire Department was running up their score they were also aided by numerous errors committed by the "Legion boys." By losing this game it puts the American Legion "under the cellar."

## TREASURY DEPARTMENT Washington, D. C. August 7, 1942.

Mr. W. H. Lamb, Editor, The Manassas Journal, Manassas, Virginia.

Your unstinted contributions to the United States War Savings Bond program, both in free publishing columns of publicity and devoting much of your time and that of your staff to securing sponsors for official Treasury Department War Bond advertising have been tremendously helpful to this important phase of our Nation's war effort. We think it only appropriate that we take this occasion to tell you of the Treasury Department's appreciation.

As you are so well aware, sponsored advertising is the only method the Treasury Department has for promoting investment in War Bonds through newspapers, and it is only through continued voluntary and patriotic contributions on the part of your advertisers that we can keep on front of the people the urgent necessity for "everybody saving 10 per cent in War Bonds every payday."

Sincerely,  
E. W. Sloan,  
Executive Director

### Editorial Note

We wish that everyone, especially the merchants and business men who have cooperated so generously, would read the above letter. It is NOT commercial advertising but carries a deeper significance in the all-out effort which all genuine Americans are putting forth.

As these advertisements are produced hereafter, we urge our readers to keep watch on these signatures and they will observe closely who is aiding us co-operating with the United Treasury.

## FARM PROGRAM — GROUND LIMESTONE AVAILABLE NOW

Arrangements have been completed for obtaining ground limestone through the Agricultural Conservation Program and applications for the material are being taken at the county office now. The ground limestone will be shipped to the various railroad stations of the county and delivered by a local trucking contractor to the farms. Superphosphate orders are also being taken.

### WHEAT FOR FEE

Ground wheat has at least 5% more feeding value than corn on the pound basis and about 12% more on the bushel basis for feeding hogs. This makes wheat one of the cheapest available feeds for hogs at the present time. A hog feeding circular applying particularly to present conditions and recently prepared by V. P. I. Swine Specialists will be supplied upon request.

### VICTORY PASTURES

The present labor shortage causes improvement of pastures to be even more necessary than in past years, since the labor of harvesting the pasture crop is performed by the animals on the farm. Pastures respond to Superphosphate and lime, both of which are available through the Agricultural Conservation Program and commercial sources.

## MR. CONNER TO REPORT ON U. S. O. NEXT WEEK

Hon. E. R. Conner, Chairman for Prince William will report next week on the total amount raised in this County, by Districts. The total amount collected was \$1832.50 which was \$82.50 above the quota for the County.

## VIRGINIA EXCEEDED QUOTA IN U. S. O. CAMPAIGN

Governor Darden, honorary chairman and John Stewart Bryan, acting chairman of the Virginia USO War Fund Campaign, have announced that during the two-months campaign just concluded Virginians have raised \$358,818.15 or 151 percent of their Spring-Summer quota, leading the whole nation in their generous response.

Praising the work of the solicitors, Governor Darden said, "I am deeply grateful for the magnificent support that has been given the USO by the citizens of Virginia. The overwhelming success of this campaign is a tribute to their patriotism. I want also to thank the hundreds of our citizens who took an active part in the solicitation of the funds. While I did have the good fortune to be honorary chairman, the brunt of the work was done by Mr. Bryan and the leaders associated with him. These men and women rendered splendid service and the Commonwealth of Virginia is indebted to them."

## HOME COMING AT FAIRVIEW CHURCH

There will be a Home Coming Day Celebration at Fairview Methodist Church on the Sudley Charge Sunday, August 23rd. Sermon at 11:00 A. M. by Rev. J. M. Bell. Lunch on grounds at 12 o'clock. ## JUDGE SMITH'S RADIO ADDRESS

It is a pleasure to announce that next week we will be privileged to present in full to our readers the radio address which was delivered by Hon. Howard W. Smith immediately preceding his renomination to Congress by the overwhelming majority which was attained.

The speech is really an historical document of great value and marks a definite turning point in national affairs - the end of unsuccessful "purges" and the beginning of a stern insistence on the part of the voting public that racketeering practices shall be rooted from the war effort.

We urge our readers to study this address and to watch the growing power of Judge Smith in Congress - a power that threatens organized graft and strengthens patriotic endeavor.

## DISTRICT MEETING OF RATIONING BOARDS

Fredericksburg, Virginia, will be the scene of a district meeting of Virginia Office of Price Administration officials and the War Rationing Boards in this section on Thursday, August 27th, 1942. Brigadier General J. Fulmer Bright, State Director of OPA, the State Rationing Executive and his staff of specialists, the State Price Executives, the State Consumer Relations Representatives, the State Attorney, and the State Organization Executive will attend the Fredericksburg meeting. Members of the following War Price and Rationing Boards have also been invited to attend this meeting: Caroline County, Essex County, King George County, King and Queen County, King William County, Lancaster County, Middlesex County, Northumberland County, Richmond County, Spotsylvania County, Stafford County, and Westmoreland County.

The State OPA officials realizing that the people of Virginia must understand the necessity for the rationing of commodities and the control of prices during this critical period have announced a series of these district meetings so that members of all War Price and Rationing Boards and the public at large may have the opportunity of getting at first hand information concerning the program of the Office of Price Administration.

The proposed plan provides for a morning session of the board members and the Executive Secretaries, at which time general administrative procedures and organization functions will be discussed by competent authorities. In the afternoon the group will be divided into five panels, each panel discussing separately and answering technical questions controlling the distribution of (1) tires, (2) gasoline, (3) sugar, (4) automobiles and bicycles, and (5) the posting and filing of General Maximum Price Regulations. Immediately after the afternoon sessions, local merchants will be invited to present their problems to division heads from the State Office of Price Administration.

## LAST CALL FOR MUSIC FOR THE SERVICES

The Fine Arts Section of the Manassas Woman's Club are very happy because of the response to their call for MUSIC for the SERVICES.

Any of you Prince William folk who have been vacationing and have not read about it. It is any old sheet music or books (songs) which you have stored away, or any unused musical instruments which you are willing to give, please bring them to the Library at the Manassas High School or call any of the members of the Fine Arts Section, who are sponsoring this project, and other arrangements will be made to bring in your contribution.

This music will be sent to headquarters in Washington, and will be allotted to the various camps for use in their recreation rooms. Already many instrumental groups have been organized with instruments which have been sent in.

Mrs. M. S. Burchard, chairman, asks that you all look through your music again, as she hopes to have the music ready within a week to be sent away. Please remember this is your "extra."

## TO HOLD RUMMAGE SALE

The Junior Woman's Club of Manassas will hold a rummage sale Saturday, September 5th. The location of the sale will be announced in the Journal at a later date.

## STATE WIDE TEST IS ENCOURAGING

County Improves Blackout Efficiency

Ninety-eight of Virginia's hundred Counties automatically blackedout as darkness fell last Tuesday night. The official time was set for 8:30 P. M. but as daylight faded, so literally did the Old Dominion fade from the hypothetical aircraft which might be hovering overhead to rain death and destruction upon us, and which may become real at any time.

Commenting on the test, John J. Howard, in charge of air-raid precautions for the State OCD, said many people still do not understand that no sirens are sounded for the start and ending of strategic blackouts. Such blackouts come on automatically, he pointed out, after announcement in the public press and through other means. Sirens sound only to signal the start and ending of total blackouts, he explained.

The two Counties expected from the blackout which lasted from 8:30 P. M. until 1 A. M. were Fairfax and Arlington which belong to the metropolitan area of Washington. However considerable confusion resulted from the fact that the general public does not yet distinguish between a blackout and an air-raid alarm. It had been announced that Fairfax and Arlington would not "black-out with Virginia." And they did not. But they did have one of their unannounced air-raid tests, beginning at 9:48 and ending at 10:33, which was a few minutes ahead of the Virginia air-raid alarm, which for Prince William went on at 9:45 P. M., ending at 10:40 P. M.

It is reported that some localities in Fairfax failed to heed the warning entirely, believing that the previous "blackout" with Virginia nullified the signals. It is also reported that there was considerable misunderstanding on No. 1 Highway at Lyon.

However, in Prince William, things went off smoothly enough, with the possible exception of some apparent failure of signals to get through in the Haymarket community. In Manassas the Civilian Defense went into action without difficulty, and with little for the wardens, police, watchers and other services to do because everything was working well.

Only one accident, of minor consequences, occurred when Mr. Saddy's automobile was sideswiped by an incoming machine on the Warrenton road. No one was injured.

Mr. Hunton Tiffany, Coordinator of Civilian Defense for Prince William County, expressed his appreciation of the good work done in all of the various communities of the County. He expressed the opinion, however, that we have much to do before we can efficiently handle unannounced air-raid tests and far much more before we could successfully defend ourselves against a shower of bombs from the enemy. "We need more qualified workers," Mr. Tiffany says. It is hoped therefore that when the next Civilian Defense Training Class is organized that there will be a substantial enrollment, particularly from important communities not now having qualified Civilian Defense workers who are entitled to wear the insignia and perform the duties prescribed under Virginia law.

## HOADLY SOLDIER WINS SHOOT MEDAL

Pvt. Philip J. Sholtis may have been a novice when he arrived at Camp Wheeler, Ga., from his home in Hoadly, Va., but he's leaving as the finest crackshot in his company. On the rifle range recently he shot a score of 179 out of a possible 200 to win the army's coveted Expert Medal and an additional gold medal for achieving the highest score in his company. Pvt. Sholtis is the brother of Mrs. Rose Zabash of Quantico.

In the scoring competition each man fired 40 shots at both slow and rapid-fire targets 200 and 300 yards distant, using the army's standard rifle positions of standing or off-hand, sitting, kneeling and prone.

Camp Wheeler, where Pvt. Sholtis is serving in Company "A" of the 14th Training Battalion, famous for its marksmen, is located in the heart of Georgia six miles east of Macon and is America's finest and largest Infantry Replacement Training Center.

### CHRISTIAN SCIENCE

"Mind" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist on Sunday, August 23.

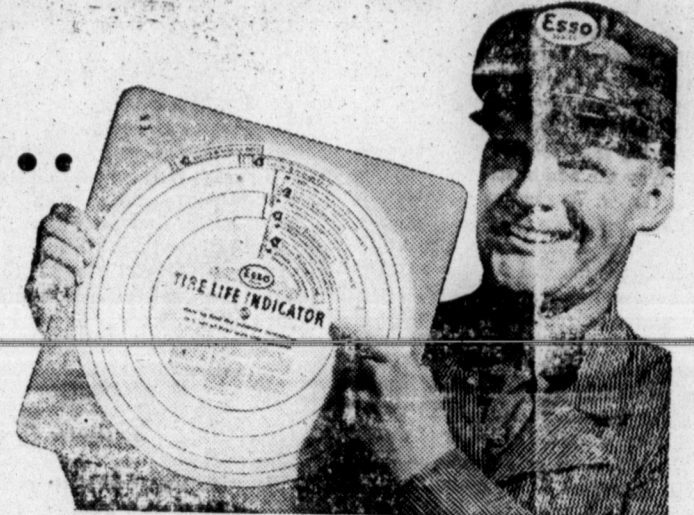

The Golden Text will be "God hath not given us the spirit of fear; but of power, and of love, and of a sound

mind" (II Tim. 17). Bible selections will include the following passage from Romans 12:2: "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is good, and acceptable, and perfect, will of God."

One of the passages from the Christian Science textbook, "Science

and Health with Key to the Scriptures" by Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "The necessity for uplifting the race is father to the fact that Mind can do it; for Mind can impart purity instead of impurity, strength instead of weakness, and health of disease"

**"16 to 1" your tires can go farther than you think!...**

Keeping cars on the road despite the acute rubber situation, is a vital problem. It is so vital that our entire sales and service organization is working day and night to equip and train Esso Dealers to render this most valuable new tire service. Thousands are ready now. Others are being added to the list every day. Ask the Esso Dealer in your neighborhood to explain this important new service.

This is the Tire Life Indicator—part of the new Esso Dealer Service. It gives your tires a new lease on life!

*New Esso Dealer Tire Service helps you get  
amazing extra mileage*

How would you like to discover that your present set of tires contains far more mileage than you may have thought possible even with the best of care?

This is not an idle question. Back of it is a new and scientific method of increasing tire life. Tests have already been made at a number of Esso Dealer stations. In 16 out of every 17 cases car owners were literally amazed at the extra mileage their present tires could deliver. The chances are that you can get a lot more mileage too. ## SAFEWAY Homemakers' Guide

NUMBER 57 ★ Interesting facts about the world's most versatile food ★ 7 lists of real money-saving foods ★ A four-part story about a great discovery

Things you may not know and should ... about tomatoes

An article prepared by the Safeway Homemakers' Bureau

Tomatoes are without question the most versatile of all foods. They have a place at every meal—tomato juice, soup, salad, sandwiches, sauces, relishes—and they are equally good cooked or uncooked.

Tomato connoisseurs say the best way to enjoy them is to first scald them, then chill, peel, slice, and salt them. But there many other ways, too.

Tomatoes are wonderful for adding sparkle to other foods—meats, macaroni and spaghetti dishes, and vegetable casseroles. You'll find that round steak, pork or veal chops and steaks, shoulder lamb chops, and similar cuts of meat are more tender and flavorful when braised in tomato juice or tomato soup instead of water.

This is the season when tomatoes are ripe and juicy in most parts of the country, and it's a good time to put up tomato juice. The juice is almost as versatile as tomatoes themselves. Serve it hot or cold, as is or highly seasoned, or combined with other liquids. For peppy flavor, add lemon juice and Worcestershire sauce.

## TOMATO JUICE

10 lbs. tomatoes 2 tps. salt  
Wash and core but do not peel tomatoes. Cut in eighths. Place in large 8-qt. kettle; add 2 cups water; cover; boil 10 minutes. Put through sieve to remove seeds. Add salt and heat to boiling. Pour into hot sterilized jars or bottles; seal, and pasteurize (directions follow). Makes about 7 pts. juice.

## Bottling and Pasteurization

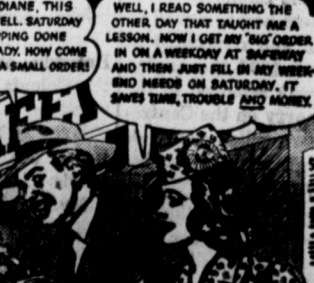

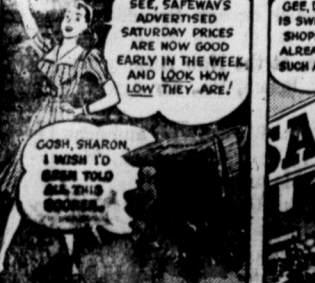

Do not use lids with zinc tops. Wash jars thoroughly; sterilize by placing in boiling water for 10 minutes. Heat juice to 175° F. to 180° F. Pour into hot jars, filling just to 1 1/4 inches from the top to allow room for expansion. Seal at once, according to type of lid. Place hot jars in water which has been heated to 160° F. to 185° F. Stand jars upright on rack; have completely covered with water. Heat water to 175° F. to 185° F. and hold temperature 30 minutes. Do not heat higher than 185° F. Remove immediately from hot water. Test seals for tightness. Let cool undisturbed in place free from draft. When cold, wipe off and store.

## "THE WIFE TAKES A FLYER" GIVES FOE THE BIRD

Joan Bennett and Franchot Tone, co-stars of the ineffable "She Knew All the Answers," comes next Monday and Tuesday, August 24-25 to the Pitts Theatre in a comedy even dizzier and more delightful, Columbia's "The Wife Takes a Flyer." A whirl of love and laughter, with thrills and chills lending exciting background, "The Wife Takes a Flyer" is the fun-filled fable of an R. A. F. Yankee who bails out over occupied territory, to find the arms of its loveliest occupant more dangerous than the long arm of the Gestapo.

Miss Bennett appears as a little Dutch girl estranged from her eccentric husband seeking a divorce. When Tone parachutes into her immediate vicinity, and turns to her for shelter, she pretends he is her husband, much to the mortification of a pompous Nazi major "on the make." Tone promptly falls in love with the

girl and does his level best to, one, win her the divorce she wants and, two, to remain "married" to her. The romantic confusion necessarily involves a certain amount of mental confusion and it is small wonder that he develops a reputation for eccentricity. The reputation proves of considerable value when Tone and Miss Bennett turn espionage agents, with the major as their major victim. "The Wife Takes a Flyer" reaches its climactic sequences in a court martial and a breath-takingly suspenseful escape therefrom.

The costars, as they proved in "She Knew All the Answers," are ideally suited as antic and romantic foils. "The Wife Takes a Flyer" leans even more heavily than did their previous hit, in the direction of broad comedy, and Pitts Theatre audiences collectively witnessed and enjoyed a certain wish fulfillment when Tone throughout the film kicks the Nazi where it will do the most good.

## GOVERNOR DARDEN HAS A BUSY WEEK

After a full week of traveling, which began with a flying visit to the White Sulphur to attend the Bar Association meeting, and introduce Attorney General Biddle; a stop-over at the Hot Springs; an inspection visit to V. P. I. and a day or two of rest at Lexington, Governor Darden concluded the week with a visit to Virginia Beach on Friday to address the State Clerks, there assembled in convention, and returned to Richmond in time to address the mid-summer meeting of the Virginia Press Association Saturday night. His calendar this week includes a trip to Williamsburg on Monday to confer with State and local officials on certain problems of health for the community; Roanoke on Wednesday, to confer with U. S. Marshal Officials regarding the pending survey of Virginia jails and to address the sheriffs in their annual convention

being held there on Wednesday and Thursday, and a possible flying visit to V. P. I. then back to the office to catch up on the matters piling up in his absence.

NEW LAW IN REFERENCE  
TO SCHOOL BUSES

At the 1942 General Assembly the law relating to meeting or passing a school bus while loading or unloading children was amended, and may be found in Section 61 (b) 5 of the Motor Vehicle's Code as follows:

"Any person who fails to stop at a point where a school bus is taking on or discharging school children, whether going in the same direction or the opposite direction, and to remain stopped until all school children are clear of the highway, is guilty of reckless driving."

The average person to whom attention this law is directed merely thinks of it as approaching the school vehicle from the rear. As a matter of fact this approach is much less dangerous than when coming from the opposite direction.

Although the school child of today has become fairly traffic-minded there always remains the distinct danger that some trifle will cause him to temporarily forget his training and to dart in the immediate path of death. It is because of this utterly indeterminate factor that the law above referred to was passed last winter.

Tell your neighbors about this, talk it around and be sure that no home in this area is darkened again by some wholly preventable occurrence.

MULTIPLIED REST—  
LESS DOGS

It may not matter to anybody save unhappy neighbors and pedestrians, but if you are interested, it may be observed that these August "dog days" most assuredly include the nights. The hotter the night, the more numerous the dogs that complain of war and weather and of all the canine grievances. Two hours' barking is not unusual, though it produces some singular verbal reactions on the part

of neighborhood victims, s for the so-called watchdogs, they now not only watch the premises but also patrol the road. Any man who ventures through the suburbs on foot ere daybreak may save his tires at the expense of his skin. The smaller the dog—barring always the inately vicious German police dog—the louder the bark and the more treacherous the nip he is apt to make at our shank. Editors of the Journal,  
Manassas, Virginia.  
Gentlemen:

Some two months ago The Journal, in a write-up of a Kiwanis Club meeting, mentioned Mr. A. A. Hooff and the Manassas Band. Since the aforementioned made its appearance, I have gotten together what I believe to be an accurate history of the band, but before submitting it I should like to have Mr. Ira E. Cannon look it over, particularly as to a few names. Then I shall be ready for the editors to do their worst.

There are, besides the above, several other items that could be made the subjects of interesting write-ups. About the year 1890 the town had a 75 barrel flouring mill, located near the present site of the Southern Railway water tanks, owned and operated by Mr. Jeremiah Stover, whose son-in-law and daughter, Mr. and Mrs. B. F. A. Myers, lived at Clifton. After being in operation for about a year, the mill was destroyed by fire.

Another long-forgotten business enterprise was the old Trimmer sawmill, on the exact spot now covered by the home of Mr. and Mrs. Sedrick Saunders. In fact, the Saunders house was the Old Trimmer home, moved to its present location and remodeled in recent years. About 1896 the engine from the sawmill was removed to the Muddiman stone quarry on the Centreville road about two miles north of town. And we might ask, what became of the quarry?

Perhaps someday I shall take the time to do a little reminiscing for publication, but that will have to be done during the fall or winter months, when gardening and the other outside summer jobs can be forgotten temporarily.

Wishing The Journal and its editors the best of good luck, and hoping to pay you a friendly call in the near future, I am

Sincerely,  
Fred S. Boorman.

## HAGEDORN — SENSENEY

Miss Sara Margaret Senseney, daughter of Mr. Ellsworth Senseney, and niece of Mrs. Allen C. Harley, and Mr. Charles Hagedorn, Jr. and the late Mr. Hagedorn, were married at eight o'clock on August 8, in the Washington Church of the Brethren, which was decorated with palms and flowers and with lighted candles.

Dr. Warren Bowman performed the ceremony, which was preceded by a short organ recital, after which Mrs. Robert Hagedorn sang, "Oh, Promise Me" and "Ah, Sweet Mystery of Life."

Given in marriage by her uncle, Mr. James H. Rollins, the bride wore a gown of white embossed organza fashioned with a sweetheart neckline and long train. Her finger-tip veil of tulle fell from a halo of orange blossoms, and she carried a bouquet of giant daisies.

Mrs. Everett Kline the bride's sister, matron of honor, wore a taffeta were Miss Katherine Wat-asters and carried a bouquet of pink asters. The four bridesmaids costumed in rose, green, orchid and yellow taffeta were Miss Katherine Watkins, Mrs. Anna Fones, Mrs. Robert Hagedorn, and Miss Dorothy Rollins. All wore halos of asters and carried bouquets of mixed asters.

Mr. James Hagedorn, brother of the groom was the best man, and ushering were Mr. Robert Hagedorn, Mr. Ernest C. Spittler, Jr., Mr. Clifton Fones, and Mr. Rex Howard.

For her going away costume the bride selected a red suit with black accessories and a shoulder corsage of roses.

After a short wedding trip, Mr. and Mrs. Hagedorn will make their home in Washington.

URGED TO AID IN CANNING  
FOR SCHOOL LUNCHES

With the opening of school close at hand the problem of school lunches again presents itself. We must can all we can for vegetable soup this winter. Our Home Demonstration Agent in spite of her busy schedule is setting aside September 9, 10 and 11 for this work.

The Committee is asking for the cooperation of all interested persons. We will need empty half gallon jars, tomatoes, lima beans, corn and any other suitable vegetables and many hands to prepare them.

Will you set aside one or more of these dates to be present at the High School Gymnasium and give assistance in this important work?

## EDMONIA ADELAIDE COOK

Mrs. Edmonia Adelaide Cook, born on December 22, 1856, daughter of the late Mr. and Mrs. Baldwin Lunsford, died at Greenwich, August 10th, after one week's illness at the age of 85 years.

Mrs. Cook was a member of the Oak Dale Baptist Church for 50 years and a very faithful worker.

She was married in 1879 to the late Mr. J. William Cook, who was a native of Fauquier County.

The pallbearers were Messrs. E. C. Owens, J. W. Kidwell, George Bedient, Dillon, Goldie Walsh and Milton Hefflin.

She is survived by four daughters, Mrs. M. K. Pulman, Miss Bessie Cook, Mrs. May Hurst, 320 N. Asaph St., Alexandria, Virginia, Mrs. A. Armstrong, one son, Mr. James B. Cook, and one sister, Mrs. Virginia Crummett of Gainesville, Virginia.

KIWANIS HEAR INTERESTING  
DISCOURAGES

A tale of "Dog Days" emanated from the silver-tongued orator at the Kiwanis meeting last Friday, OD branched into history, astrology, and other higher sciences.

Later in his talk, he called on two members of the club to add to his very interesting discourse with brief utterances of their own. They were Father Widmer and Parson Graham. Both obliged OD very efficiently.

The housing committee has accepted an invitation of the Manassas Grille to dine there tomorrow night. The program will be under direction of Kiwanian Fred Hynson.

### THE FLAG OF THE UNITED STATES OF AMERICA— HOW TO RESPECT AND DISPLAY IT

- 1—When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States of America, the latter should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first and lowered last.
- 2—When displayed with another flag against a wall from crossed staffs, the flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag.
- 3—When used on a speaker's platform, whether indoors or out, the flag should never be reduced to the role of a mere decoration by being tied into knots or draped over the stand. For this purpose bunting should be used. The flag, if displayed, should be either on a staff or secured to the wall or back curtain behind the speaker with the union to the flag's right.
- 4—When flags of two or more nations are displayed together they should be flown from separate staffs of the same height and the flags should be of approximately equal size.
- 5—When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left.
- 6—Whenever a number of flags of states or cities or pennants of societies are to be arranged in a group and displayed from staffs with the flag of the United States the latter should be placed at the center of that group and on a staff slightly higher than any of the others.
- 7—When the flag is displayed in the body of the church it should be from a staff placed in the position of honor at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the congregation. If in the chancel or on the platform, the flag of the United States should be placed on the clergyman's right as he faces the congregation and the other flags at his left.
- 8—When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff).
- 9—Whenever the flag of the United States is carried in a procession in company with other flags, it should occupy a position in front of the center of the line of flags or on the right of the marching line.

TRUSTEE'S SALE OF VALUABLE  
ESTATE NEAR MANASSAS, VA.

By virtue of a certain deed of trust, dated November 5, 1935, and recorded among the land records of Prince William County, Virginia, in Deed Book 96, page 141, from George C. Brenton and Nan Brenton, his wife, to the undersigned trustee, to secure the payment of a certain promissory note executed by them in the sum of \$1100.00, default having been made in the payment of the said note, the undersigned trustee, at the request of the holder of the said note, will offer for sale, at public auction, on

SATURDAY,  
SEPTEMBER 5TH, 1942  
at 11 o'clock A. M.,

of that date, in front of the Peoples National Bank of Manassas, in the town of Manassas, Virginia, all of that certain tract or parcel of land lying and being situate on the Manassas-Centreville Road, just without the corporate limits of the town of Manassas, containing 12 acres, 1 rood and 30 poles, more or less, being the same land that was conveyed to the said George C. Brenton by Walter S. Hixson and wife by deed dated August 10, 1915, and recorded among the land records of said county in Deed Book 67, page 1; less and except, however, the following parcels: (1) 0.26 of an acre conveyed to the Commonwealth of Virginia for highway purposes by deed dated September 27, 1930, and recorded in Deed Book 88, page 272. (2) A parcel fronting 150 feet on said road and extending back therefrom a distance of 150 feet, that was conveyed to W. L. Compton by deed dated August 10, 1935, and recorded in Deed Book 95, page 418. (3) A parcel fronting for a distance of 120 feet on said road and extending back therefrom a distance of 680 feet, that was conveyed to R. L. Dellinger and Polly A. Dellinger by deed dated August 5, 1936, and recorded in Deed Book 97, page 273. Reference is made to said deeds for a more particular description of the said land.

The said parcel of land has on it a combined dwelling and barn and is very desirably located.

TERMS OF SALE: The said property will be sold for CASH and will be sold subject to the 1942 taxes.

PROPOSAL TO FIX THE BAG  
LIMIT FOR QUAIL: TO PROHIBIT  
BOTH GUN OR RIFLE AND DOG  
IN CERTAIN AREAS DURING  
THE CLOSED SEASON; TO  
REGULATE POSSESSION OF  
FIREARMS IN CERTAIN AREAS;  
TO ADOPT FEDERAL REGULA-  
TIONS AS TO MIGRATORY  
BIRDS; TO FIX THE OPEN  
SEASON FOR TRAPPING OTTER;  
TO PROHIBIT TROLLING FROM  
MOTOR BOATS

A meeting of this commission was held in Richmond, Va., August 7, 1942, at which time publication of the proposals hereinafter stated was authorized. A further meeting will be held in Richmond, Va., September 4, 1942 at which time these proposals will be considered and acted upon.

That the bag limit on quail shall not exceed 10 a day, 125 a season.

That it shall be unlawful to have both shotgun, or rifle and dog in the daytime in the fields, forests or waters of Augusta, Clarke, Frederick, Page, Shenandoah and Warren and in the counties east of the Blue Ridge mountains, except in Patrick, during the general closed hunting season, except where migratory game birds, except where migratory game birds, other than doves, deer, bear and fox may be hunted during other periods of the year and except as to hunting rabbits and squirrels by landowners upon their own lands. The foregoing shall be subject to the provision that it shall be unlawful to have in possession any firearms in National forest areas during the general closed hunting season, except that this provision shall not apply to persons holding permits from the commission authorizing possession in such National forest areas or to officers of the peace while actually engaged in the performance of their duties as such, or to persons transporting firearms across such lands if such firearms are unloaded and cased or otherwise dismantled. For the purpose hereof the word "possession" shall include having a gun in one's car or other conveyance while on the above mentioned area.

That the open seasons and bag limits for hunting migratory game birds for the season 1942-43, as issued by the Federal government, including possession, shall be adopted.

That the open season for trapping otter shall be the same as provided for trapping muskrat.

That it shall be unlawful to fish for game fish by trolling from a motor boat in public waters under the jurisdiction of this commission.

By order of the Commission of Game and Inland Fisheries,  
William S. Snow, Chairman.

## dust off these PESTS with your DOLLARS

It takes lead sprayed from machine guns and bombers to exterminate these boppers-from-within. Combatting international pests is not cheap—no war is. Your dollars are vitally needed to help Uncle Sam do a thorough job.

If American farmers buy their proportionate share of WAR BONDS, they alone can finance 30,000 fighter planes this year. Think what a crop-dusting job an air fleet like that could do!

Allis-Chalmers believes:  
That WAR BONDS are today's best and safest farm investment.

That American farmers, by buying WAR BONDS every market day, can make total victory the climax to total war.

The quickest and surest way to achieve it is for farmers themselves to take the leadership. That is the aim of the "Win-the-War Bond Contest", sponsored by Allis-Chalmers in cooperation with the U. S. Treasury Department.

Send in your letter today  
—be the War Bond leader in your community!

## AGRICULTURAL CREDIT LEADERS ASSEMBLE IN BALTIMORE

T. Otis Latham of Haymarket, Virginia, who is Vice-President of the Warrenton Production Credit Association, was elected as a delegate by five associations in Maryland, Pennsylvania and Virginia at a session held in Baltimore by these five associations on August 10th and 11th. Mr. Latham will act with six other such delegates from the Baltimore district which covers the states of Maryland, Delaware, Pennsylvania, West Virginia and Virginia. This advisory committee acts as a representative board from the thirty-four Production Credit Associations in this district in matters which the associations wish to have taken up with the Production Credit Corporation in Baltimore. Roland T. Legard of Purcellville, Virginia also of this association was elected as alternate advisory committeeman.

J. H. Blandford, chairman of the U. S. A. war board for Maryland, spoke to the directors of the Warrenton Production Credit Association along with the other four associations mentioned above in the Emerson Hotel on the evening of August 10th. Mr. Blandford complimented the things which Production Credit Associations have accomplished in the last eight years and stated that they would be called upon by state war boards to assist in putting across the various programs for which the farmer is responsible in our effort. He stressed the responsibilities of the farmer and the operation which is expected of all farm organizations by Government. Fred S. Wallace, assistant to the Secretary of Agriculture, delivered an address in which he emphasized the extreme crisis with which we are faced. Mr. Wallace, who is also a Nebraska farmer, told of a conversation which he had had with an unnamed sailor who was wounded in battle because of insufficient equipment. He stated that the American farmers could and would shoulder all responsibilities placed upon them regardless of shortage of labor and equipment in order that the men in our armed forces may be backed up to the utmost.

M. O. Wilson, President of the Production Credit Corporation of Baltimore, made the opening remarks of the all-day discussion session on Tuesday when reports were made by each association on the methods being used to meet the problems caused by the war emergency measures.

Changes in policies and general procedures so as to render a valuable and efficient service to the farmer were outlined in the course of the program. The directors from the Production Credit Associations with offices at Lancaster and Carlisle, Pennsylvania, Towson and Upper Marlboro, Maryland, and Warrenton, Virginia were present at the meeting, which is an annual summer affair designed to keep those directing the credit associations abreast of the problems of agriculture.

Along with the directors were the secretary-treasurers from these associations. Those representing the Warrenton Production Credit Association included W. H. Hurt, Culpeper; T. Otis Latham, Haymarket; H. J. Wilson, Catlett; Roland T. Legard, Purcellville; Thos. D. Jones, Secretary-Treasurer, Warrenton.

## D. W. CRAWFORD

One of the saddest funerals in recent years took place on Tuesday afternoon when one of the most beloved citizens of the Dumfries community was buried from the Methodist church there, the Odd Fellows taking full charge of the service. The edifice was filled to overflowing, and the floral tribute was a wonderfully pretty sight.

Truly, Mr. Crawford will be greatly missed. For many years, he has been a friend in need to the sick or sorrowing in the neighborhood and there were few dry eyes when he was laid to rest after a life so well spent.

Everyone has extended the fullest degree of sympathy to the widow and five children who survive.

## FAITH

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths.—Proverbs 3:5,6.

While reason is puzzling herself about the mystery, faith's turning it into her daily bread and feeding on it thankfully in her heart of hearts.

—Frederick D. Huntington

Faith does nothing alone—nothing of itself but everything under God, by God, through God.—Stoughton.

A saving faith comes not of a person, but of Truth's presence and power. Soul, not sense, receives and gives it.—Mary Baker Eddy.

The steps of faith fall on the seeming void, but if find the rock beneath. —Whittier

## "The Mission Had Been Accomplished"

"A running fight between the bomber and the 18 Japanese pursuit planes continued for 75 miles . . . continued until the remaining pursuit ships exhausted their ammunition and turned back. With two engines gone and the plane practically out of control, the American bomber returned to its base after dark and made an emergency landing. THE MISSION HAD BEEN ACCOMPLISHED."

—President Roosevelt, in his Fireside Chat, April 28, 1942

**T**HERE, in the words of President Roosevelt, is one of the war's most stirring episodes—a demonstration of how, with one man killed, another man's hand shot off, and a third man injured, our American boys stuck to the fight, bombed their objective, and brought their plane home.

Undoubtedly you felt a thrill when you heard it over the air, and maybe you'll have another thrill reading it again.

*But your thrills won't win the war!*

It takes planes—thousands of them—and tanks—thousands of them—and shells—millions of them—and bullets—billions of them! It needs ships and guns and jeeps . . .

It takes money.

It takes the money of *all* of us—the girls at their typewriters, the men at their machines—the clerks, the farmers, the messengers, the bookkeepers and the salesmen.

It needs a surging, patriotic Nation of people who love their country enough to buy a share of America by investing 10% of their wages every payday—a dime from every dollar—in War Bonds.

It needs—and it's getting it!—the cooperation of Labor and Management to put the Payroll Savings Plan over the top.

Your money in War Bonds—10% of your salary every payday—not only will help pay the bill to create the most powerful *blasting* force ever put together—but you'll do yourself and your family a favor, too.

Because every time your savings amount to \$18.75, you'll get a War Bond—worth \$25 in ten years.

You don't *give* your money—you *invest* it, both for Victory, and for your own personal security.

That's *your* mission—will you accomplish it?
