PRINCE WILLIAM COUNTY OVERSUBSCRIBES \$500,000.00 QUOTA

MOTORISTS URGED TO APPLY NOW

LOCAL RATIONING BOARD RELEASES IMPORTANT DATA

Motorists today were urged by C. C. Cloe, chairman of the local War Price and Rationing Board, to make application at once for renewal of their basic "A" gasoline rations.

The renewal application form, OPA R-570, may be obtained from the board office or from Filling Stations and Garages.

All persons who now hold a basic gasoline ration for a registered vehicle now in use will apply for renewal of the ration in the following manner:

1. Properly fill out the application form. This application will be in two parts. Part "A" will be the application form. Part "B" will be the new tire inspection record. The applicant must fill in all of the spaces enclosed within the heavy borders on both part "A" and part "B". It is particularly important that he fill in his name and address in the lower left hand corner of part "B".

2. The current tire inspection record, showing that at least one tire inspection has been made, must accompany the renewal application.

3. The back cover of the present basic ration book, with the applicant's name and address appearing in the space provided must be included with the application.

If the back cover of the applicant's "A" book has been lost or destroyed, the applicant will be required to establish that he is the registered owner of the vehicle, as is entitled to use it; that the vehicle is currently registered and in operation; that the applicant has not previously applied for or received a renewal of his basic "A" ration and that an application for a renewal is not pending at any other board, and that he has complied with the tire inspection requirements.

In such cases the applicant must also present the motor vehicle registration certificate for the automobile. The serial number of the renewal book issued will be noted on the registration certificate.

In order to make certain that all motorists receive their replacement books by the time the present "A" coupons expire, it is urged that motorists file renewal applications by October 21.

Applications may be made by mail or in person. Do not make a special trip to the Board unless absolutely necessary.

Shoe dealers of this county were reminded today that they must mail one copy of their second semi-annual inventory report by October 10 to the OPA Inventory Unit, Empire State Building, New York, 1, New York.

The local War Price and Rationing Board, said that most dealers already have made the report of the number of pairs of rationed footwear on hand as of the close of business September 30.

The report is to be made on a new OPA Form R-1701A. Dealers who do not have this form should obtain two copies at once from the local board or from the Roanoke OPA district office at once, the chairman said.

The October quota for new passenger tires available for rationing has been reduced by one-fifth, the local War Price and Rationing Board, announced today. This reduction reflects the low level of the tire stocks throughout the country, he said.

This lower quota is in line with a recent OPA action to cut down the ration demand for new tires by raising mileage requirements. Beginning October 1, only those car owners who need to drive 601 miles, or more, are eligible for new tires. Eligibility for new tires was restricted on advice of the Office of the Rubber Director that the country faces a shortage of new tires until the new synthetic type can be produced in adequate quantity to replace the dwindling supply of pre-war tires, it was pointed out.

The new quota for Prince William county is 91 tires, as compared with 158 for last month.

October quotas for other types of tires and for tubes remain virtually unchanged, except for farm tractor tires, which are increased to 158.

AMERICAN LEGION CALL

The call has gone out for the October meeting of Prince William Post No. 158, The American Legion, to be held in the Presbyterian Church on Monday, Oct. 11, at 8 o'clock.

Commandr Burchard promises a interesting meeting with important committee reports, especially on the Honor Roll to be erected. This will contain the names of all county men in World War No. 2.

The Legion wants to make it clear that a cordial invitation is extended to all returned veterans of World War II are eligible to join. They are urged to attend this meeting and make themselves known.

Membership in Prince William Post is at an all time high record for the fourth consecutive year. This is a live and a growing organization.

TELLS FARMERS ABOUT HAY

Returning from an extensive trip in the heavy hay producing territory where he went in search of hay for distribution to dairymen in the drought areas of Virginia, West Virginia, Maryland and Delaware, Dr. T. K. Wolfe, who is in charge of the hay purchasing service which Southern States Cooperative is conducting for Commodity Credit Corporation, said last night (September 27): "I found alfalfa, straight clover, heavy clover mixed, and alfalfa mixed hay very scarce—nowhere near enough to supply the demand. In fact, lespedeza hay and alfalfa hay, either first or second cutting, are almost unobtainable.

"I found mixed hays, light in clover or alfalfa, more plentiful. For dairymen to secure needed hay and to get it reasonably soon we suggest that they order mixed hay rather than depend on getting alfalfa or lespedeza. The mixed hay will be clover or alfalfa with grass mixture. Hay with the highest possible legume content will be supplied, but frequently grasses will predominate," Dr. Wolfe said. "But before the winter is over it is likely that straight timothy must be supplied dairymen. The hay furnished will be of good quality and an excellent buy."

"The government hay which Commodity Credit is supplying dairymen through Southern States Cooperative is being subsidized by the government to the extent of about 40 per cent of its cost. The purpose of the government in subsidizing this hay for dairymen is to permit them to maintain their herds of dairy cattle and the production of milk so that consumers may have needed supplies of milk and butter.

"That dairymen are taking advantage of the governmental assistance on hay is evidenced by the fact that they have placed orders with Southern States Cooperative through their local agencies for over 1,000 cars of hay and orders still continue to come at a rate of about 100 cars per day. Most of these orders are being promptly placed with shippers for delivery and government hay is already arriving in the drought area.

"Sources of hay for shipment into the drought are continuing to be uncovered and every effort is being made to secure sufficient hay for the needs of dairymen through the winter season.

"Dairymen may place their orders for hay with any local farm supply dealer or farmer cooperative serving farm supplies, and they in turn may place their orders with Southern States Cooperative, which organization has been drafted by Commodity Credit Corporation to give service to drought stricken farmers," Dr. Wolfe explained.

WOMAN'S CLUB TO MEET

The Woman's Club of Manassas will hold their October meeting in the Parish Hall on Monday, October 11th at 2:30 p. m.

The program for the afternoon will be a discussion on "Present Plans for Post War Planning." This is a timely subject and one the National Federation of Women's Clubs, Mrs. John Whitehurst, is asking every club woman be informed about. Mrs. Lewis Carper, president of the local club, is most anxious that every member attend this meeting and bring at least one guest.

Mrs. E. H. Marsteller, chairman of the Committee on Legislation, is in charge of the program.

Nephew of Mr. and Mrs. Earl Conlin wins The Purple Heart Medal

Sgt. Conlin, on the left, is wearing the Purple Heart Medal, which has just been awarded, is receiving congratulations from his commanding officer, Lt. Col. Eubank. Photo by courtesy of the Bureau of Public Relations, War Department. Location "somewhere in the Pacific Area."

"It was pretty exciting," Sgt. John E. Conlin told his buddies, after relating to them the story of how a reconnaissance party he was with was ambushed by a Jap patrol. Though wounded, Sgt. Conlin managed to get back to his outfit, along with other members of the party.

He was awarded the Purple Heart a few weeks later.

Sgt. Conlin's home is in Woodbridge, Virginia, where his aunt and uncle, Mr. and Mrs. Earl Conlin reside. He was inducted into the army on May 21, 1941, and is a member of the V.F.W. Post No. 824.

HATS OFF TO DR. COCKE AND HIS STAFF

(Editorial)

In these days when it is so difficult to get anything done which requires labor and materials we are becoming more and more benumbed, as it were, by the hardships of war, until we scarcely think it possible "until the lights come on again" to do anything to brighten up our surroundings and increase our capabilities in commercial or professional ways.

It is therefore especially refreshing to see what our fellow townsmen, Dr. George B. Cocke, has just done to his well known place of business. Here is a gentleman who has contributed so substantially to the war effort in so many different capacities, and yet has the confidence in business stability, and the pride of professional accomplishments, to undertake in these very hard times a complete reconstruction of the interior of his popular pharmacy, so that he may better serve the public, it may have more pleasure in the establishment which for so long a time has been known as "The place where friends meet."

Rather than to undertake a description of what Dr. Cocke has done, we suggest that our friends drop in and see for themselves. It is the same, nice place, everything just like it was; and yet everything is different.

"How," one might say, "can everything be just the same and still be different? That is impossible!"

"Maybe so," we would reply, "But

just the same that is what Dr. Cocke has done, and if you don't believe it, drop in and see for yourself."

CHARLES MAURICE HOPKINS

Funeral services for the late Mr. Charles Maurice Hopkins will be held at Trinity Episcopal Church, Manassas, at 3 P. M. on Sunday, October 10.

SALUTE MAJOR BOATWRIGHT

Prince William County can again be proud of one of her sons—Linton Sinclair Boatwright, who at the age of twenty-three years has been commissioned as a major in the United States Army.

Major Boatwright is a son of Mr. and Mrs. Arthur S. Boatwright, Manassas residents until Mr. Boatwright's business necessitated their moving to Richmond a few years ago. A graduate of Manassas High School—class of 1937—and of West Point Military Academy four years later, Sinclair has made an enviable rise in the military world, receiving his commission as major possibly at an earlier age than any other American soldier, certainly younger than most.

Major Boatwright is a Staff Officer at Field Artillery Headquarters, Fort Bragg, N. C., where he has been stationed for about two years.

Private Garland Boatwright, younger brother of Major Boatwright, has recently passed examinations for entrance into the U. S. Army Air Corps, and is awaiting transfer from Camp Lee, Virginia.

OUR NEW PAGE HEADING

Yesterday an esteemed friend of this newspaper walked into the office and presented us with a new front page head plate.

It looked so pretty with its nickel finish surface that it really deserves a better fate than awaits it. If it serves as faithfully as the old copperplate heading which we now retire it will do well indeed, for we estimate that in the forty years of continuous use the old plate made its familiar impression on something like three million copies of The Manassas Journal.

Thanks, good friend, for your kindly gift, and we regret that you will not let us print your name.

TREASURY DEPARTMENT War Finance Committee For Virginia

The Manassas Journal, Manassas, Virginia

Dear Sirs:

The Virginia War Finance Committee appreciates the cooperation The Manassas Journal gave the Third War Loan Campaign.

As you know, our State has exceeded its \$153,000,000 quota by a comfortable margin. Thus, once again, Virginia is privileged to report to the Treasury Department that it has done more than its proportionate share in helping finance the war.

Realizing this record would have been impossible without the loyal support of the press, we are grateful to you and your organization.

Sincerely,

EDMOND BRILL, Deputy Manager Directing Promotion, Publicity

On Wednesday, September 15, a very interesting program was sponsored by the Brentsville Girl Scouts in the historic old Courthouse there. Miss Ruth Bailey was in charge of the Scouts, and the program was under the Chairmanship of Mrs. Cash Keys. Mr. Hutton Tiffany, Coordinator of Civilian Defense for Prince William County, presided.

The program began by the singing of the Star Spangled Banner, accompanied by appropriate pictures, followed by a talk on Bond Sales by Mrs. Vincent Davis. The film, "When an Air Raid Strikes" was then shown; after which Mrs. Cash Keys spoke on Blood Donors. This was followed by a film on what to do in a gas attack.

Staff Sgt. Austin, First Fighter Command, was then introduced by Mr. Edgar Parrish, and spoke on the work of the aircraft warning service, explaining the vast saving in army man power and airplane facilities accomplished by this civilian contribution to the war effort.

Aircraft Service Pins were then presented to those of the Brentsville observers who had served three months or more and were in good standing at the present time. The presentations were made by Sgt. Austin, assisted by Mrs. Cash Keys. Those receiving the coveted emblems included:

Mrs. Ruth Bailey, Verona Bean, Allie Simpson, Leslie Blevins, Elizabeth Cox, Lucy Hartman, Ora Keys, Rebecca Fogle.

Misses Jean Keys, Patsy Anne Keys, Bettie Peterson, Fay Galladay, Nancy Galladay, Ruth Cordell, Mary Lou Lipscomb.

Messrs. Sam Bailey, David Keys, Willard Keys, Clarence Brogan, Dewey Keys, Gordon Payne, Jim Keys, Nelson Keys, Jesse Whetzel, Steward Bradford, Johnnie Biglow. The program closed with an interesting film, "Winning your Wings". The Committee wishes especially to thank Mrs. Stanley Holmes, Private Huff and Miss Janet Deckatell for assistance rendered.

FOOD AND HOME NOTES

County Home Demonstration Agent NELL GRIM

Cool, Skim and Reheat Soup

Navy cooks find that men of the Navy share the common prejudice against greasy soup. So they make a habit of cooling the soup after cooking to allow the fat to rise and harden. Then they remove the fat and reheat the soup for serving. Incidentally this saves the fat for cooking or for turn in for making glycerin and soap.

This is a good idea for the homemaker. Virginia is far below its monthly quota for used kitchen fats. We have a quota of 181,500 pounds a month. Our largest collection to date was 77,000 pounds. We are averaging monthly only about 65,000 pounds. Virginia must increase the poundage collected, and we as homemakers must do our part.

Sixty thousand pounds of fats give us 6,000 pounds of glycerine, providing nitro-glycerine for 240,000 anti-aircraft shells (37m) or 30,000 pounds of dynamite, or animal pharmaceutical supplies for 2,000 hospital beds.

Calling All Sewing Machines Is there a disabled sewing machine

in the house? If so, roll it out of cellar, attic, or spare room and draft it for duty on the home front. Age is no barrier. A sewing machine's physical condition may be changed from 4-F to 1-A if the homemaker is willing to spend some time and elbow grease.

Restored to new life, thousands of these sewing machines can help remodel, repair, and mend clothing and household fabrics. They can also do community service in USO, Red Cross and other organizations, extension demonstrations and in schools. One of the wartime services that wins gratitude of men and women in uniform is the mending done by neighborhood groups.

The Nokesville Women's Club is sponsoring a sewing machine clinic October 14th in the Seminary Building at 10 a. m. The women are asked to bring their machines, wear work clothes, bring a small paint brush, two screw drivers (a small one and a large one), two old pie pans, and a large rag.

MRS. SALLY ANN KURKA VISITS LOCAL HEALTH DEPARTMENT

Mrs. Sally Ann Kurka, nutritionist associated with the Bureau of Maternal and Child Health, of the Virginia State Health Department spent the week of September 27th with the local Health Department.

The purpose of the visit was to discuss the various phases of the all-important nutrition program. Home visits were made with the public health nurses in families in which nutrition is a major problem. The specific problems encountered were discussed and suggestions made toward solving these problems. The public health nurses will make follow-up visits in these homes to assist the parents in carrying out the recommendations.

Each afternoon staff conferences were held and the problems encountered in the day's visit were discussed for the information and guidance of the personnel.

Some of the major problems encountered were the following:

1. The packing of school lunches.
2. Eating habits.
3. Buying habits.
4. Scarcity of farm produce due to weather.

Mrs. Kurka plans to return again in the Spring. Because of an inadequate staff, it is the plan for the State Nutritionist to visit each county twice a year.

Julia says—Coffee can be entertaining

IT'S ONE THING to brew a pot of coffee and it's another to use coffee as the principal theme in feeding and entertaining a group of people.

I'm thinking of such problems as: taking care of a group of Red Cross workers, or the war-working woman who wants to entertain some friends of a Sunday morning, or an informal midday meeting of P. T. A. members.

Recently I took another trip down into the heart of that hospitable state, Texas. And I had the warm pleasure of being a guest at just such a "party." The hours were from eleven in the morning till half-past twelve.

When I investigated the details later (my curiosity is never satisfied) I discovered that the whole thing had been contrived simply and in a short time. The menu was as follows:

Baked Chicken Hash with
Ripe Olive Sauce
Broiled Tomato Halves
Hot Corn Muffins Currant Jelly
Coffee Cake
and Coffee

The coffee cake tasted so good with the coffee, I asked my hostess for the recipe. Here it is:

1½ cups enriched flour
½ tsp. soda
1½ tsp. baking powder
½ tsp. cinnamon
½ cup sugar
1 egg
¾ cup milk
4 tbsps. melted shortening
½ cup seedless raisins

Sift flour, measure; sift again with soda, baking powder, cinnamon and sugar. Beat eggs well; add milk, shortening and raisins; then flour mixture and mix until thoroughly combined. Pour into well-greased square baking pan (8x8x2) and let stand in warm place 10 minutes. Sprinkle with topping made by combining 2 tablespoons flour, 2 tablespoons sugar, ½ teaspoon cinnamon, 1 tablespoon butter. Bake in moderate oven (350° F.) 25 minutes or until done. Serve hot. Serves 6 to 8.

BIBLE THOUGHT AND PRAYER

THE RUSSIAN SITUATION

A feeling of uneasiness is rapidly spreading over the nation. Something is obviously going on behind closed doors which we would like to know about, but which public policy and the security of the nation make it inadvisable to reveal.

At the bottom of the situation stands Russia. We have no real justification to trust Joseph Stalin as a comrade in arms in a common cause, and there is no reason why he should entertain any deep fraternal feeling for us. There are only two great nations in the world today who are real brothers in arms—they are England and the United States, and they are fighting in mutual trust and companionship for a common cause.

We have yearned to have similar comradeship with Russia, but everybody knows that Russia is fighting its own war—and doing a mighty good job of it, too. But Russia's aims are not in harmony with ours, and certainly with respect to Poland will be in decided conflict. England and the United States were not able to establish a second front when Russia needed it most, and now that Russia seems to be pushing Germany back by her own effort, we can hardly expect her to make any special sacrifices to help us, or England get what we want. At least if we do expect it, we are likely to be disappointed.

Frankly there is a growing fear that Russia may make a separate peace with Germany, or slow up enough to release the bulk of the German war machine to batter itself for a while against its western front.

DO WHAT YOU CAN FOR GREEK WAR RELIEF

While we are helping the various war relief projects, this newspaper especially invites attention to the needs of Greek sufferers.

All civilized people know of the tragic fate of Greece and of the desperate plight of the heroic people of that unfortunate country.

Their countrymen here are only modestly asking for donations of clothing, and we urge our friends to help.

The local Greek War Relief Committee is making the following appeal:

"The Greek War Relief Association is asking for donations of clothing of all kinds, particularly coats, shoes, and underwear, for suffering Greek population."

"The storeroom at No. 515 C. St., in the rear of the Manassas Railroad Station will be open from 11 A. M. to 5 P. M. Please leave donations there, as the local Committee has no means of calling for your gifts."

"Ask Pete Pandazides or Harry Conkinides."

Committee in Charge."

October 3, 1943

Dear Mr. Lamb:
Sorry I haven't written you before now thanking you for sending me the paper to my new address, but this is my first opportunity. Today is the first day I have had off since I left Camp Carson, Colorado. I have been working late almost every day and most of the time when I get into our bivouac area.

I just finished reading the paper tonight by candle light, and have been writing letters this afternoon trying to get caught up with my writing. Today was the first time I have had to even read the paper. I got off half day Saturday and went to Nashville about three fifteen for a while. Nashville is a very nice city, reminds me of Washington and crowded like that too. I could hardly walk down the street for the people. I wanted a weekend pass so I could take some pictures in Nashville but could not get one.

The Manassas Journal keeps me up with the news at home, and getting mail over here in the country is a great comfort to me. The people in Tennessee are very nice to us to have so many soldiers around all the time. It is like night and day in the people here and in Colorado.

Today being my first Sunday off, some of the fellows and I went to a country church near by. We had a wonderful service and one of the ladies told us she would be prepared to invite us to dinner the next time we came to church. The people here are like folks at home and the girls are lovely.

I know most of the boys have left home but Manassas will sure look good to me if I can ever get home, getting a furlough is a problem. I haven't been able to get a week end pass even. After the war, the home

coming of all the boys in service will be the happiest day of my life. That is the day everyone is looking forward to. I will close now, thanking you very much for the paper.
As ever,
ODIE

(The above is from our esteemed young friend, Odie Young. Naturally Southern folks are better than others, Odie.)

To the People of this Community: PLAIN WARNING TO YOU!

Here is a plain warning for you...

"This war will last until 1949 or longer if the home front fails to back up our men in battle!"

Frank Knox, Secretary of the Navy.

Buying War Bonds to the point of temporary personal sacrifice is the most direct way you can comply with Secretary Knox's appeal.

"Temporary sacrifice" is the correct phrase because you are only lending your money when you buy War Bonds. This government which never has defaulted on an obligation will pay you back \$4 for every \$3 invested if you hold the bonds for 10 years.

The least you can do is to back the attack with War Bonds today. Buy extra Bonds above your normal Bond buying.

Lights of New York

by L. L. STEVENSON

Hats Off: The pulling of the master switch of the Hotel Paris during a recent night air raid alarm plunged the exposed portion of the building into total darkness. The lobby soon became thronged with guests who poured in from the adjacent bar. Despite lack of knowledge as to the cause of the blackout, the mood of the crowd was gay—carefree Americans ready to take anything in their stride. The door leading to the stairway opened and an old man, clad in pajamas and with a blanket draped about him, walked into the lobby. The crowd giggled as he went up to John Garrison, the manager, and handed him three letters, saying loudly enough for all to hear: "I walked down 12 flights. Didn't know if I'd ever get to mail them. Please drop them into the box outside for me. You see, they are for my three sons in the marines."

Peril: Gwen Dew, Detroit newspaper woman, as perhaps you have read, was held prisoner more than six months by the Japs in Hong Kong. She went through the siege of Hong Kong, some of the fighting actually taking place in her hotel room. She's heard machine gun bullets snap past her head and pieces of shrapnel have fallen all around her. Yet she escaped unharmed, except by the food furnished by the Nipponese. Well, the other afternoon she was walking along Madison avenue when she heard a crash. Her Hong Kong training caused her automatically to duck into a convenient doorway and crouch there. Possibly her subconscious shelter seeking saved her life. A plate glass window on the second floor had been broken and heavy fragments rained down over and around her. Though her coat and dress were cut in several places, she was unhurt.

Exchange: At the Open House for Officers at the Hotel Delmonico, a submarine commander started to dance with an attractive hostess only to find himself halted by his rubber-soled shoes. He disappeared and in no time at all, appeared suitably equipped. It seems that he had found a young ensign outside and issued an order that resulted in a shoe swap. Through the evening, the commander and the ensign alternated in dancing, a shoe shift occurring each time. In accordance with regulations, the dance ended at 1 a. m. The sub commander, enjoying his one night of liberty after four nights on duty, didn't want to call it an evening so the hostess took him to LaRue. There they did more dancing—the commander in the ensign's shoes. Five evenings later, the hostess again met the commander. And he was still wearing the ensign's shoes.

War: Speaking of shoes I am wondering what those New York kids who in the past spent pleasant fall hours playing hockey on the sidewalks, are doing now for pucks. Formerly, finding a puck was a simple matter—a kid merely went to a shoe repairing establishment where he was known and obtained an old rubber heel. But with rubber what it is today, worn rubber heels don't go into games but into the nation's wartime scrap pile. Maybe lads who like sidewalk hockey have given up the game for the duration. At any rate, I haven't seen any games yet and that's why I don't know whether or not some bright youngster has evolved a synthetic puck.

Long Lists: Each year, under the law, New York banks must advertise accounts that have been inactive for a certain term of years. This year as usual the New York city lists were long, a great many persons having deposited money in years past and apparently forgotten all about it. So far as I am concerned, those lists are a mighty waste of valuable time. I know all too well that no relative of mine ever deposited a dime in a New York bank and then forgot about it. But I read all the names just the same—and feel a little disappointed when I fail to find one that is familiar.

About Manhattan: The old man who sits on the curb at Park avenue and Forty-ninth street and eats tremendous sandwiches as he eyes passing girls... Keenan Wynn, Ed's son, watching himself on the screen and moaning to his wife: "How can you live with a guy like that?"... For the picture, he had to give up shaving a week... Jane Froman, lovelier than ever, out of the hospital and doing some fall shopping in an interval between street war bond sales... Ezra Stone and Jackie Keik wolfing spare-ribs in a very unactor-like manner. Bell Syndicate—WNU Features.

666 SOUTHERN STATES FARM LIFE

NOW that the leaves are turning brown, it's high time to start getting things ship-shape for winter. A leaky roof or a barn door that blows off its hinges can ruin a lot of feed. And there's no feed to spare.

The best cure for a leaky roof is a good dose of Southern States Plastic Roof Cement to fill in the holes and cracks. Then go over the roof with a coat of Southern States Liquid Asbestos Roof Coating. If the roof needs replacing, your Southern States Service Agency still has good stocks of durable tar paper roofing—with a thick coating of asphalt.

Paint is good protection against the weather... but did you ever stop to think that it's good protection against fire too? A painted surface is less apt to catch fire... and it's better insulated against cold winter weather. Southern States Super Barn Paint gives a tough, long-lasting film that preserves the wood and protects the surface. Drop in and let your Southern States Service Agency estimate the cost of painting your barn or any other buildings that need protection.

The minute the cold weather comes, rats will start to seek shelter... and first thing you know you'll be harboring a whole army of the pests and feeding them, too. Rat-proof your feed storage room, get rid of all rubbish... and then start a poisoning campaign with Liquid Arsonical Rat Poison which you can get at your Southern States Service Agency. The man at your local Service Agency is an old hand at getting rid of rats—ask him for some pointers.

IT'S A FACT!

that every Southern States patron produced enough food on his farm last year to take care of the requirements of 56 people.

IMPORTANT INFORMATION FROM LOCAL RATIONING BOARD

and implement tires which will be reduced in number because of seasonal decline in demand.

While dried peas and lentils were removed from the rationed list on October 3, dried beans remain rationed the local War Price and Ration Board said today. In correcting an erroneous report that dried beans are no longer rationed. The point value of dried beans is two points per pound.

The local War Price and Rationing Board today again advised motorists that they must endorse every coupon in their ration books immediately. They are not to wait until they buy gas before endorsing their coupons. Holders of A, B, C, D or T books are to write their license number and State of registration on the face of all coupons. Holders of E and R books are to write their name and address on the face of all coupons. Endorsement of coupons has a twofold purpose. It protects consumers against use of their coupons by others in case of theft or loss. It enables the Government to locate criminals who have been trafficking in illegal gasoline.

War Ration Book 4 will be issued locally to everyone between October 20 and 30, chairman of the local rationing board said today. The exact dates and places will be announced later.

To receive Book 4 it will be necessary that each person present his copy of Book 3 and fill out a simple application form. One person from a family group may apply for all members of his family, presenting a copy of Book 3 for each member included in the application.

PRICE NEWS

A recent amendment (No. 35) to Revised Supplementary Regulation No. 14 establishes dollars-and-cents prices on shot gun shells and Rifle and Pistol Cartridges.

The retail prices of items listed are as follows:

Shot gun shells, box of 25:
12 gauge, 3 1/4 dr. powder, 1 1/2 oz. shot, \$1.38 per box.
16 gauge, 3 dr. powder, 1 1/2 oz. shot, \$1.32 per box.
20 gauge, 2 1/2 dr. powder, 1 oz. shot, \$1.32 per box.
Per single shell—any of the above .07 cents.

Rim Fire Cartridges, Box of 50.
22 Long Rifle, regular, 34 per box, .01 each.
22 short, regular, 21 per box, .01 each.

Center Fire Cartridges are also covered and listed in the amendment, and all sizes and loads not listed are covered, and prices are based on March 1942 list prices.

These prices become effective October 7, 1943.

POULTRY

Amendment 6 to Maximum Price Regulation 423 provides that on and after October 4, 1943 no poultry may be offered for sale by a retail store on a drawn or eviscerated basis except where poultry is purchased by the retailer drawn or eviscerated. A retailer may draw or eviscerate poultry only after the sale has been

made, and no charge may be made for such drawing or eviscerating. This amendment prohibits a retailer from buying poultry live and selling same drawn or eviscerated at a price in excess of the ceiling established for the sale of dressed poultry on a dressed basis by multiplying the live weight cost by the applicable mark up. Nor can a retailer buy dressed poultry (hog dressed) and charge for drawing and eviscerating.

CEILING PRICE ON LIVE HOGS

Effective October 4, 1943 a ceiling goes on live hogs.

How ceiling prices on live hogs are fixed.

A. The ceiling price for any live hog depends on the location of the scales upon which the hog is weighed for sale. All the hogs must be weighed at a terminal market, interior market, or buying station.

B. Terminal market means one of the municipalities named in Schedule 1 of Appendix A (Section 13)

and includes all of the public markets, slaughterhouses and all other places where hogs are sold in such municipality.

The following cities are among the list of terminal markets and ceiling prices:

Baltimore, Maryland, \$15.30 cwt. Philadelphia, Pennsylvania, \$15.30 cwt. Chicago, Illinois, \$14.75 cwt. Richmond, Virginia, \$14.85 cwt.

C. Interior market means one of the municipalities named in Schedule 11 of Appendix A (section 13) and includes all of the public markets, slaughterhouses and all other places where hogs are sold in such municipality. Salem, Virginia, is designated as an interior market and the ceiling at Salem is \$14.65 per cwt.

D. Buying station means any fixed places of business, other than a terminal market or interior market, where live hogs are weighed for sale and sold to the buyer and a regular market is maintained.

The ceiling price for Buying Stations located in the following counties is \$14.75:

Frederick, Clarke, Loudoun, Fairfax, Arlington, Orange, Prince William, Fauquier, Warren, Shenandoah, Rockingham, Stafford, Page, Rappahannock, Madison, Greene, Culpeper.

PRICE REGULATIONS PEGGING MOST "SERVICES" AT LEVELS OF MARCH, 1942 DECLARED

Most Virginians are fully aware that the prices of food and numerous other commodities are controlled by OPA regulations. What many people don't know is that virtually all "Services" also are under OPA control.

A man who repairs your radio cannot charge you more for their work than they charged for similar services in March, 1942.

If they do, the local Price Panel would like to know about it.

A dry cleaning company who cleans your suit or dress is violating the law if he charged more than he did in the base period 1942.

Here are some of the other services covered by price control with the base period being March 1942:

Automotive Vehicles—Lubrication, Maintenance, Painting, rental, repair, storage, parking, washing and also the maintenance, rental or repair of accessories such as batteries, radios, tires or tubes (except recapping and retreading of tires).

Bicycles—Rental or repair of.

Buildings (Housing or Offices)—Cleaning of, including chimney cleaning, floor cleaning, sanding, scraping, waxing sand blasting, window cleaning.

Business Office or Store Equipment or Machinery—Maintenance, rental or repair of, except the rental of typewriters.

Carpets, Linoleum, Rugs or Other Floor Covering—Binding, cleaning, cutting, fitting, laying, maintenance, rental, repair.

Checkroom—Checking or parcel-room service.

Don't tell that to the Invasion Troops!

AMERICA is proud of the way you answered her call for help. In the First and Second War Loan Drives you opened your hearts—and your purses—and invested generously.

Not when our troops are smashing ahead.

Today, everyone who possibly can, must invest in *at least one extra \$100 War Bond. More* if you possibly can. That's in addition to your regular War Bond subscriptions.

Can you look into your heart and say to them, "I've done all I can"?

Can you tell *that* to the Invasion Troops?

Of course you can't! No true American could! So now . . . when America needs your help as it never has in all history . . . make up your mind to do **MORE** in September. Invest in the safest way in the world! Invest out of current income, out of idle or accumulated funds. Back the invasion with at least one *extra \$100 War Bond* this month.
