### NEGRO APPLICANTS ACCEPTABLE FOR SRU'S

Alton Frix, Chief Petty Officer in Charge of the U.S. Navy Recruit-ing Station which is located in the Post Office building in Manassas, announced today that negro applicants are now acceptable for rating in the famed Ship Repair Units of the Navy. Men of the SRUs, as the Repair Units are commonly called, are today rebuilding, repairing and re-fitting the ships of Uncle Sam's greatest Navy. Basic training for the duties to be performed in the SRU is given at the big Navy Yards throughout the country.

"Negro applicants for the SRUs may qualify in any of the many rates now open to skilled men," said Chief Frix. At present skilled men in the following trades are urgently needed by the Ship Repair Units. . Riggers, Divers, Blacksmiths.

Men qualified in any of these skills are urged to contact their nearest Navy Recruiting Station at once. The procedure for enlistment in the Ship Repair Units require that an applicant see, an interviewing officer of the SRU before receiving his final notice of induction into the armed forces. If found qualified for a rating in the SRUs the applicant will be awarded a rating commensurate with his skill and given a letter which is to be presented to his local draft board. He will volunteer for induction and be assigned to the SRUs when inducted only helps his country, he helps him-

Ash, a bombardier on a Billy Mitchell bomber, was reported miss ing in action after a combat mission from North Africa to southern Italy

on September 16, in which his bomber was shot down by enemy antiaircraft fire. Three of the fiveman crew jumped before the plane crashed, but gould not be identified, and all five were reported missing.

He has two brothers in the Army. Frank Ash, overseas, and Albert, stationed at Camp Shelby, Miss. His wife and young daughter Betty Ann make their home with his parents, and he has two brothers, W. Alwyn and Carlin Ash, in Warrenton.

Sgt. Ash used to help out on the Journal and we thought very highly of him.

# A President is Born

TE is so small and helpless. So de-H pendent on you for his life and well-being. And yet you are able to look 45 at him and say-

"Someday he may be President." Put it down as foolish sentiment. Put it down as parental pride. But where else in the world could you envision for your child the possibility of his attaining, one day, the highest office in the land?

Maybe your child won't make it. But one child, very much like him, will. One child out of the three million babies born this year-or the next-or the year after. . Whether or not he attains this high position is not so important. What matters is that here, in America, he is born

with that opportunity. He is born in the stubborn tradition of free men-men who felt that in government, the wisdom of the many is preferable to the ambition of the few. He is born in a tradition of selfreliance-where he may succeed or fail, win or lose, rise or fall, according to his own efforts.

Because of that, you will train him to think for himself, to fight his own battles, to make his own way.

You will teach him that responsibility is inseparable from freedom. And that if he joins with other men in an enterprise he should demand the same responsibility and freedom for his business that marks his birthright as an individual.

Someday he may hear, as you have heard, voices that say, "Surrender your opportunity for the certainty that you shall always have bread"-as if man lived by bread alone. As if the country were better served by limiting all to mediocrity -instead of assuring to all, under law, an equal chance to rise by their own efforts, conscious of their obligations to others.

What that son of yours learns at your knee will decide whether or not he will ever have to bend his knee before dictation and tyranny.

And because of what you teach him, he too may one day look with that same foolish pride on his own son to say, "Someday he may be President-".

## NATURAL GAS EMERGENCY

## TO OUR CUSTOMERS

We have received the following tele-gram from Donald Nelson, Chairman of the War Production Board:

## "Washington, D. C. February 3, 1944

Virginia Gas Distribution Corporation:

In view of the serious natural gas shortage, I am asking your company and every gas company in the Appalachian Area to send a personal message from me to every residential consumer, store and factory, calling upon them to cooperate in an allout emergency conservation in the use of gas during the next sixty days. After April there will be much less difficulty in taking care of requirements and before next winter we expect to complete a new large pipeline from Texas which will provide an additional large source of supply for the area. However, during the next crucial two months, it is absolutely necessary that every consumer reduce his con-somption of gas so that we will be able to safeguard deliveries to vital war plants.

# Every patriotic home in America will want to put up this emblem!

THIS emblem is a symbol of your patriotism. It tells the world that you have done your full share in the 4th War Loan. Every true American will be proud to display it at home.

Our valiant fighting men ... soldiers, sailors and marines ... on every far-flung battlefront are on the attack .... forging ahead steadily, relentlessly. Nothing on earth can stop them ... IF WE BACK THEM UP!

Backing them up means throwing every dollar we can possibly spare into the fight right now ... even if it takes sacrifice on our part.

That's the purpose of this 4th War Loan Drive. To earn the right to display the 4th War Loan Emblem you must invest in at least one EXTRA hundred dollar Bond (at a cost of only \$75) . . . over and above your regular War Bond subscription. But don't stop with one! Invest in all the extra Bonds you think you can afford . . . they invest in some more!

Remember, every dollar you put into War Bonds does double duty. It helps to win the war . . . and at the same time it insures your own financial security.

Here, too, is a chance to help your company meet its quota in this 4th War Loan.

Maybe this will mean sacrifice on your part. Maybe it will mean doing without comething you want. But don't forget ... while you are only lending a few spare dollars ... thousands of our gallant fighting men are giving their lives for you! Show that you're backing them up 100%. Invest in extra War Bonds to the limit of your ability. And dis-play the 4th War Loan Emblem at home!
