

# N. A. Wheeler Killed Monday In Accident

N. A. Wheeler, about 55, of Manassas, was fatally injured Monday afternoon, when a pick-up truck which he was driving was hit by southbound train No. 35, as he was crossing the tracks on Main St., going east.

The accident happened at 2:34, with Officer G. J. Peters arriving shortly afterwards.

Witnesses say that Mr. Wheeler failed to stop for the train, although the lights and bell were operating.

**Taken to Arlington**  
Shortly after the accident, Mr. Wheeler was picked up in an unconscious condition and taken by Baker's ambulance to Arlington where he arrived dead.

According to witnesses, the truck which Mr. Wheeler was driving was sidetracked by the train on the driver's side, knocking him free and leaving him pinned unconscious between the tracks and depot platform.

Estimated damage to the truck was \$910.50.

Immediate survivors include his wife, two daughters, Charlotte and Katherine; one son, N. A. Wheeler, Jr., and one grandson.

Funeral services were held at the home at 2 p.m. Wednesday, with the Rev. Clark H. Wood, conducting. Burial was at Sudley Church.

## Rebekahs Hold Large Meeting

The Eighth District Association of Rebekahs, I.O.O.F., met on Monday, October 10th, with Victory No. 12, in Fredericksburg. With the president, Blanche Nelson, of Mayflower No. 35 of Lorton, presiding.

Other officers present were Refa Leary, secretary of Mayflower No. 35; Nora Croft, chaplain of Mayflower No. 35; Helen Frank, marshal of Clarendon No. 28; Florence K. Jones, conductor of Sarah No. 58; Minnie Mene, inside guardian of Mt. Vision No. 1; Mae Robinson, outside guardian of Electa No. 34; Eleanor Pitts, musician of Victor No. 12, and Beulah Mayhew, left supporter to the vice president of Sarah No. 58.

**Flags Presented**  
The American and Rebekah Assembly flags were presented by four ladies from Electa No. 34 of Warrenton. These ladies were dressed in pink and green evening gowns to correspond with the pink and green Rebekah flag. The Rebekah flag, given by Mayflower No. 35, has been traveling from one lodge to another and will be permanently presented to the lodge which has the highest percentage of attendance at each meeting during the fiscal year ending October 22nd.

From all indications, Sarah No. 58, of Manassas, is expected to be the winner.

**Good Reports Given**  
The lodges in attendance at Victory No. 12 were well represented and good reports were given.

The annual meeting, when election of officers takes place, will be held at Lorton School at Lorton, on October 22nd. The "Memorial Service" will be in charge of Sarah No. 58.

Much credit is due Mrs. Nelson for her untiring efforts in making each of her visits interesting and profitable.

Among those from Manassas attending the meeting in Fredericksburg were Grace and Curtis Parrish, Lilla Pence, Lola Smith, Maurice Smith, Florence K. Jones, Catherine Luck, Ralph Luck, Mrs. Mary E. Hollinger, Ruby Parker, Beulah Mayhew and Virginia and Carlton H. H.

Victory No. 12 entertained very well in presenting the "Kitchen Band," a farce comedy which kept the crowd laughing continuously. This was followed by refreshments.

## Membership Fund Is Established

In honor of the late C. A. Montgomery, at one time County Agent of Prince William County and later serving as State 4-H Club Agent and Assistant Director of Extension, the Virginia Chapter of 4-H All Stars has provided a fund to help deserving 4-H Club members wishing to attend V. P. I. Loans of \$100 will be made each year to one or two club members, preferably one boy and one girl, entering V. P. I.; and also \$100 each year thereafter if the student maintains a satisfactory college record. These loans will be made without interest for four years from the time the recipient enters school.

**Cookies for School Lunches**  
A new kind of cookie will be a welcome surprise in a school child's lunch and, with a piece of fresh fruit, will make appetizing and nutritious dessert.

Today's recipe for Peanut Macaroons should fill the bill very nicely. The macaroons are easy to make. There is no flour to sift and only one bowl to wash. These cookies do not spread much in baking.

**Peanut Macaroons**  
1-4 cup shortening  
1-2 cup sugar  
1 egg, well beaten  
1 cup finely chopped salted or roasted peanuts  
1-2 teaspoon almond extract  
3 cups ready-to-serve flake cereal.

Cream shortening. Add sugar gradually. Beat in egg, and add peanuts, extract and cereal. Mix thoroughly. Press mixture into rounded bowl of tablespoon. Drop on greased baking sheet one inch apart. Bake in moderate oven of 375 degrees F. for 12 to 15 minutes, or until well browned. Remove at once with spatula. Makes about three dozen cookies.

## Doll Exhibit To Be Held October 29

**PURCELLVILLE**—The doll exhibit and tea to be held in the home of Mr. and Mrs. Bentley Gregg, near Hill Top Gardens, Lincoln, October 29th, has the backing of St. Peter's Episcopal Church Guild, Purcellville, as well as a number of local friends.

**Dolls Date to 1880**  
Mrs. Gregg, a doll collector of many years, and a member of the Dollology Club of Washington, will have on exhibit more than 400 from 1880. The showing will include dolls and their clothing, dating china, wax, Parisian and bisque dolls.

Mrs. J. Terry Hirst and Mrs. S. J. Crocker will be in charge at the tea table. Mrs. Joseph V. Nichols will serve as chairman of the sale of cakes and cookies, and at the bazaar table will be Mrs. Gordon Gregg.

Pouring tea will be Mrs. John B. Shinerberg, Mrs. J. Manly Cobb, Mrs. J. A. Welbourn, Mrs. George E. Jacobs, Mrs. Alice Imbler, Mrs. William E. Sparrow, Miss Kathleen Trowbridge, Mrs. Bentley Gregg, Mrs. Cabel Kinney, Mrs. Holmes Gregg, Mrs. J. D. Patch and Mrs. Samuel B. Welsh.

Proceeds from the tea will benefit St. Peter's Guild.

## A SAD TALE

**WASHINGTON**—Just as the men of No. 2 Fire Truck Company were sitting down to a dinner of fried chicken, an alarm came in and off they rushed to find only a small fence ablaze. Returning hungrier than ever, they found all that was left of the chicken was a pile of bones. A block away a drunk man was weaving his way happily—until the firemen caught him and noticed grease on his hands and face.

lot is 250 feet deep. A wall nine feet high is going up around the area and a high woven wire grill and steel gates will continue the protection on the front.

The facade, when construction is completed, will include the present main building unchanged. On either end of the lot will be a large cinder-block show room with plate glass windows. Between them and the center building will run the wire grill and gates.

From the show rooms, on each side of the lot, will run open show and storage shelters, all the way back to the large warehouse in the rear.

### Lynn Davis, 68 At Long Beach

BEACH, Calif. — Leon Davis, 68, native of Prince George's County and former resident of Manassas, died October 12 at the age of 68.

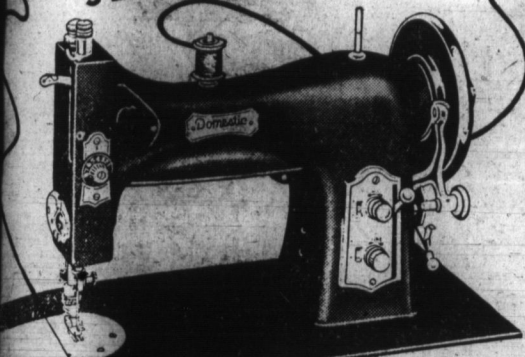

Davis was born in Brensville, N.C., in 1881, the son of Albert P. Davis and Mrs. Mary Davis. A druggist by profession, he went to St. Anthony, where he established a business and made his home for many years.

Survivors include his son, Robert Lynn Davis of Long Beach; two sisters, Mrs. G. C. Allen of Manassas and Mrs. T. H. Ballinger of Alexandria.

Funeral services and interment were in Long Beach, Calif., on Friday, October 14.

McCloy says dismantling is not task of high commission.

### Miss Brawner, E. W. Fraley; Wed Sunday

Mrs. Fraley

DUMFRIES.—In a 4 o'clock ceremony of striking beauty and simplicity, Miss Jane Scott Brawner, daughter of Mr. and Mrs. Warfield Brawner, of Dumfries, Va., became the bride of Edward Wardell Fraley, son of Mr. and Mrs. Edward L. Fraley, of Gastonia, N. C., on Sunday, October 16th.

The double ring ceremony was performed by the Rev. Clark Wood before an altar decorated with ferns on either side of which was placed a large basket of white gladioli and chrysanthemums with softly lighted tapers in candelabras wrapped in ivy.

### Many Guests

About 65 guests from out of town attended the wedding.

Mrs. Claude Brawner, aunt of the bride, rendered pre-nuptial selections on the organ and Mr. Jule Gnadl sang "Always," "Because" and "The Lord's Prayer."

The bride entered on the arm of her father, wearing a gown of slipper satin in white fashioned with sweetheart neckline and with the skirt falling over hoops and ending in a long train. Her veil of illusion was held by a tiara embroidered in seed pearls and crystals, and her only ornament was a strand of pearls. She carried a satin-covered prayer book.

### Sister Is Maid of Honor

Miss Elizabeth Brawner was her sister's maid of honor and was gowned in forest green satin.

The bridesmaids were Miss Geraldine Burdette and Mrs. Harry Robelen, both cousins of the bride. Their gowns were of American Beauty satin fashioned after that of the maid of honor.

Serving as best man was Albert Allran, of Kings Mountain, N. C., brother-in-law of the groom. The ushers were George Purvis of Quantico, Va., Albert Bishton, of Dumfries, Allan Seawell of Triangle and John Gum of Dumfries.

The bride's mother wore a floor-length soft crepe dress with matching lace, her hat fashioned of gray feathers and her corsage of Joeanna Hill roses.

The bridegroom's mother was gowned in black with matching accessories and she wore a corsage of American Beauty roses.

Immediately following the ceremony a reception was held at the home of the bride. The bride's table was centered with a five-tier wedding cake and lighted with tall white candles. Refreshments were served with Mrs. Percy Burdette, a cousin of the bride, serving cake and Mrs. Albert Bishton, another cousin of the bride, presiding at the punch bowl. Mrs. George Purvis had charge of the guest book and Mrs. George Waters received the guests in the room where the wedding gifts were displayed.

The couple left immediately after the reception for an unannounced wedding trip and will be at home to their friends after the 22nd in Dumfries, where they will make their home.

For her travel costume, the bride wore a blue satin suit with navy blue accessories and an orchid corsage.

## Conservation Farming On Increase

More acres in conservation farming and more farms carrying out conservation practices is the outlook for next year, according to P. A. Lewis, chairman of the Prince William County PMA Committee, which is drawing up plans this week for the 1950 agricultural conservation program.

The chairman based his statement on the fact that his committee's records show a consistent increase in the amount of lime and fertilizer materials delivered under ACP in this county, as well as a greater demand for seed for pasture and cover crops.

He noted that "farmers are generally carrying out a great more conservation than that for which they receive ACP payments, which is a very healthy condition. They are getting away from the idea of expecting assistance for routine practices that would be carried out anyhow as part of usual good farming operations."

### Practices to Fit Local Conditions

Mr. Lewis said that the county PMA committee, in developing next year's handbook, is carefully selecting practices most suited to local conditions so that the maximum amount of conservation can be effected from the funds available. "We want to use this government assistance for obtaining additional conservation, and as far as possible, it will be a general policy of this committee to allot funds to farms where this will be accomplished."

The amount of the 1950 county ACP allocation has not yet been announced, but it is expected to be somewhat larger than that for 1949, amounting to about \$34,000.

### Total Amount Pending

Mr. Lewis said that the total amount of 1949 ACP assistance earned in this county cannot be determined until all farmers have reported practices carried out this year. He added that some farmers may not have completed practices started last spring and urged them to get those completed as soon as possible.

When practices have been carried out, they should be reported promptly to the county PMA office in order for farmers to receive full credit. When making this re-

"BE PATIENT, SIR! I'M SHAKING OUT HIS PIGGY BANK AS FAST AS I CAN."

port, he reminded farmers who purchased commercial materials to bring with them sales slips, seed tags, or other evidence to support the kind and quantity of materials used.

### Correction

In last week's paper, The Journal printed that Osbourn High School would play Occoquan Friday afternoon at 2:30 instead of Friday evening. Numerous phone calls were received by Coach Leo, and we regret the error in time. Only evening games remain.

This Friday, Osbourn will have an out-of-town game scheduled for 8 p.m. with James Monroe High School at Fredericksburg. Only five games remain with the game at Fredericksburg, with home games starting November 4th.

DETROIT.—Because his friendship with Thomas Henry had soured, Frank Olivero, 18, poured sugar into the gas tank of Henry's car. The judge ordered him to pay the \$540 damages and placed him on three years' probation.

## Neighborly Yours

By MAGGI MARCHAND BROWN

Editor's Note: Recently Mrs. Brown stopped in at The Journal office and asked us if we might be interested in having her write a column for the people in and around Manassas which would have general interest. The result is this column which will be a weekly feature. See FEATURE, Page 1, for an article on Mrs. Brown.

Hollywood has released a new movie, "I Was a Male War Bride." From meager reviews, I understand that it is about a Frenchman who married a WAC, but I think the producers have missed some factual comedy about the first real war bridegroom who came to America from a foreign land.

He was a lank, friendly Britisher, called Scotty, who sailed on the U.S.S. General Anderson from Southampton, England, on February 11, 1946. Married to an Army nurse, he was being shipped to his bride in New York.

As the huge transport swung into

the Atlantic, a poker game was started by a group of American officers, and Scotty was invited to sit in at the game. He had about sixty dollars, all he was allowed to take out of the United Kingdom. As Scotty remarked afterward, his education in gambling had been neglected in Scotland. After the second night he did not have a half-penny to his name.

Naturally or otherwise, a few of the gamblers felt remorseful. "He won't even have subway fare," someone mourned. So a plan was worked out by which Scotty became a boat steward, making up the bunks and tidying the staterooms of the poker winners at 50 cents each per day. As the news of the bridegroom's plight traveled about the mighty Anderson, other officers hired Scotty for police duty at the same price, and his dowry increased. He had at least fifty clients, as Scotty called them.

On the third day out of Southampton, everybody but Scotty was enjoying the delightful winter weather. We sunned ourselves on deck while he labored below.

It was Friday, the 13th. We were just off the Azores at sundown. Before us arose the gracious island, where dazzling white houses looked like giant steps climbing the high slopes. Porpoises played in the deep

blue waters. The supposedly unlucky day was ending as a beautiful memory.

Nobody noticed then that a dark and ominous cloud was showing up on the southwestern horizon like a peering demon. Within two hours we were steering into the jaws of a black hurricane. The next ten days were a long and fearful nightmare from which there seemed no awakening. As we wallowed through the storm the only cheerful person on board was the war bridegroom. Scotty's contract called for service to New York, and every day the ship was delayed made him twenty-five dollars richer.

"Aye, but I was too busy to notice the weather," Scotty said at the end of the terrible voyage. "I earned an elegant dowry, and the home training was free. I'm a happy male war bride."

Colleges agree standards have been raised by GI students.

### MONEY FOR GOAL

MINNEAPOLIS.—David Corn, 14, found three \$10 bills as he crossed the goal line on a sandlot gridiron. Then Wallace Reiter, 13, who ran interference for him, found three more \$10 bills. Donald Goldberg, 13, another player, found still another \$10, for a grand total of \$70. They told their parents, who learned that the money belonged to John Taylor, a neighbor whose son, Ronald, 11, had lost it from a Bible he

carried to Sunday School. Money had been placed in the Bible for safekeeping.

# Thank You, Mr. & Mrs. N. M. Davies OF CONGERS, NEW YORK

## We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play. Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls. These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

### FRUITS & VEGETABLES

Gentlemen:

The Great Atlantic and Pacific Tea Co.,  
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy-on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,

Niles M. Davies  
Eileen Davies

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done... to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

## In Fashion Now

A very practical style this season is the long skirt with evening sweater or blouse. It can be worn with such a variety of tops that it equals two or more dresses.

Another boon is that of the stole with the bare shouldered bodices. It not only is a protection to the wearer but can add an allure when made of soft diaphanous material.

## County Gets Gas Revenue For Highways

Figures released by the State Highway Department this week showed that Prince William County's secondary highways are receiving their full share of gasoline tax revenues and then some.

Department figures showed that approximately \$46,350 was "earned" on the County's secondary roads last year. During the current fiscal year, a total of \$156,367 in State highway funds is allocated for maintenance and construction purposes on the County's secondary or farm-to-market roads.

In other words, expenditures on the County's secondary roads are some \$110,050 more than the total gasoline tax receipts from these roads.

### Based Upon Mileage

To determine the gasoline tax "earnings" on the County's roads, the highway department took the annual vehicle miles of travel on these roads and figured gas tax returns on the basis of 12 miles of travel for each gallon of gasoline. Twelve miles per gallon, the department explained, is the average mileage for all types of motor vehicles traveling under all types of conditions.

In addition to receipts from gasoline taxes, the State highway fund includes monies from motor vehicle license fees and other imposts.

Actually, the County receives more highway funds than is shown in the allocation. Secondary federal aid construction is financed with State and Federal funds over and above the regular allocation.

## On the SCREEN

### "The Doctor and the Girl."

The story of this photoplay concerns the crises which arise in the household of an imminent and aging New York surgeon and a family tyrant. The first crisis arises when his son, who has just graduated from medical school, goes to work in a hospital as an interne. His inherited gruff manner and summary treatment of his patient's make him very unpopular with the staff. He eventually softens, and then figuratively blows the roof off the parental mansion. After marrying one of his patients, a shop girl, he becomes a general practitioner in the metropolitan slums. The second crisis, more grave, emerges when the young man's sister falls in love with a married man and accompanies him on a trip to Havana, with dire results to her.

Charles Coburn has the role of the old surgeon; Glenn Ford is the doctor son; Janet Leigh portrays the girl he marries; Gloria de Haven the errand daughter, and Bruce Bennett, a doctor who helps steer Mr. Ford on the right path.

### "Miss Grant Takes Richmond"

This is a feather-brained comedy farce, with Lucille Ball in the Ellen

Grant role, a young lady who is trying to graduate from a secretarial school much against the opposition of her guardian, an uncle and also the local judge, who realizes that his niece is a jingle-brain and is unfit to take a chance on anything except, perhaps, matrimony. She is hired by William Holden, as Dick Richmond, who is operating what townfolk believe is a real estate office but who wants Miss Ball as a front for a bookmaking establishment he is operating. James Gleason, Frank McHugh and Janis Carter are excellent in supporting roles.

### Red Sox Forfeit

Walking off in the fourth inning of the game played against White Oak, as a protest against the officiating of the game, the Manassas Red Sox forfeited the league championship at Fredericksburg last Friday.

According to Buddy Merchant, two league umpires were supposed to have been furnished where only one was, and the officiating was, to fans of both teams, obviously poor. No protest was lodged, in fairness to the ball players of White Oak, however.

It was in the fourth inning that the Red Sox quit, thus breaking a perfect record of never quitting a game, in protesting a decision which enabled White Oak to score five runs.

## School Pupils Should Beware Of Polio Germ

The opening of schools on scheduled dates throughout the country, despite the occurrence this year of the largest infantile paralysis epidemic in history, is no cause for parents' alarm, even though thousands of new cases may be expected during the next weeks, the National Foundation of Infantile Paralysis declared today.

The Foundation, now conducting a Polio Epidemic Emergency Drive to raise \$14,000,000 to enable its Chapters to care for an anticipated 30,000 cases by the end of the year, pointed out that new cases still are being reported at a rate of 3,000 a week. But experience shows that school openings never have affected the course of epidemic, either to abate or increase the incidence rate, according to Dr. Hart E. Van Riper, medical director.

Certain precautions should continue to be observed both at home and at school, he advised, but the assembling of pupils under one roof is not regarded itself as hazardous. The majority of schools in incidence areas have opened or will open soon, in conformity with recommendations of a national conference of health authorities sponsored by the National Foundation early this summer, he added.

Meanwhile the National Foundation reported that contributions, Tipton, Mrs. Dohman and Mrs. Lloyd will have charge of an exhibit to be held November 7th from offices throughout the country, 2 to 5 and 7 to 10 at the Parish were coming in steadily to bolster Hall. All persons of local talent are urged to participate and display their work of art.

Announcements were made for the Garden Club next week; the Woman's Club meeting, October 24, and the meeting of the Fine Art Section, when Mr. Francis Rosenberger will be present.

Mrs. C. R. C. Johnson gave a list of books available in the library which will offer good pastime reading. Mr. Stanley, of the Murray Art Galleries of the District of Columbia, gave a most interesting discussion of the "History of American Furniture." He explained how all American furniture is the result of European and other influences.

After many questions and a delicious salad plate the meeting adjourned.

### Art Section Holds Meeting

The October meeting of the Fine Arts Section of the Woman's Club was held at the home of Mrs. E. H. Marsteller on Monday at 8:08, with Mrs. R. C. Powell and Mrs. Vincent Davis as co-hostesses. There were 14 members and 14 guests present.

The president announced that Mrs. Marsteller has a scrapbook and will welcome any contributions. Report on the art exhibit to be held next week are as follows: Mrs. Tipton, Mrs. Dohman and Mrs. Lloyd will have charge of an exhibit to be held November 7th from offices throughout the country, 2 to 5 and 7 to 10 at the Parish were coming in steadily to bolster Hall. All persons of local talent are urged to participate and display their work of art.

Their new gas range-with controls automatic-made the MacJoneses simply ecstatic!

1 In the MacJones' kitchen, for many a year, An old stove had served until it looked queer. Its style was passe, its finish was marred, "I was a prime candidate for the local junk yard. But all through the years, not a cent had it cost For repairs or replacements or time that was lost."

2 It was natural that Molly MacJones should yearn For a stylish new range... so she set out to learn About the new models, their gadgets and gimmicks— Important stuff, really, to kitchen mechanics. She pored over magazines, read all the ads, Lined up the facts and rejected the fads.

3 At last came the day when she went to the shops And picked from them all the range that was tops. Installed in the kitchen, a veritable sight— A real streamlined beauty—a homemaker's delight! "Gee, Mom," cried young Tommy, "It sure has the look— But just tell us this: will the darn thing cook?"

4 "Go ahead," replied Molly, "and have your fun— But this range has everything under the sun! And what will surprise you, my family dear, Is that I can cook dinner without being here! I just put the meal in charge of this clock. And take off for shopping, for a visit or walk."

5 And though they all scoffed, it didn't take long For the family to see that they had been wrong— For Molly's cooking's still better than ever before. With lots less work, less time—and, furthermore, She's still cooking with GAS—and they all acclaim The marvelous virtues exclusive to flame!
