## Thomas Price Passes Away at Burlington

Last week, The Journal received a telegram from Mrs. Thomas Price saying that her husband died at Burlington, N. C., on October 20.

Mr. Price, a newspaperman for 50 years, was former owner of the *Linton County News*, Fayetteville, Tenn.; the *Southern Standard*, Minnieville, Tenn.; and was a member of the Tennessee Press Association. He was last in the Journal which expresses sympathy at the illness and loss of Mr. Price to his friends and relatives.

**77 Years Old**  
Mr. Price was born 77 years ago in Nashville, Tenn., the son of Mr. and Mrs. Thomas Price and Mrs. Mary Price.

Besides his wife, Mr. Price is survived by two daughters, Mrs. James H. Heritage of Burlington, N. C.; Mrs. Charles S. Kirby, of Greensboro, N. C.; two grandchildren, Thomas Price Heritage of Raleigh, N. C., and Mrs. Charles Gerten of Augusta, Ga.; and a great-granddaughter, Barbara Gerten of Augusta, Ga.

**Other Survivors**  
In addition to two sisters, Mrs. B. M. Baker of Charlotte, N. C., and John Turner of Louisville, Ky., one brother, Walter R. Price of Nashville, survive.

Mr. Price died after one week's illness.

He was a member of the Methodist Church of Manassas and had lived with his wife here until recently.

Funeral services were held at 3:30 p. m. on October 22, at the residence of his daughter, Mrs. James H. Heritage, 105 Carolina Ave., Burlington.

## Guest Speaker at Nokesville

NOKESVILLE.—The Rev. Dr. R. Pritchett, of Davidson, N. C., will be the preacher at Brentwood Baptist Church's fifth Sunday night service at 7:30 p. m. at the high school in Nokesville.

Sponsored by the P-T-A, this service draws people from all the churches in the district and is rapidly becoming noted for large attendance and an unusual spirit of church cooperation.

**Offers Varied Program**  
The Rev. Dr. D. D. Fleishman, pastor of the Nokesville Church of the Brethren, will preside at the service and introduce the speaker. Sacred music will be rendered by the high school band under the direction of Nunzio Barbera. Vocal music and congregational singing will be featured in a varied program.

The Rev. Dr. Pritchett, the guest minister, will address the group after completing a week of special services at the Greenwich Presbyterian Church.

One of the outstanding ministers in his church, he occupies a strategic pulpit, adjacent to the campus of Davidson College, and is in great demand as a speaker throughout the South.

## P-T-A. Approves Help In Securing Uniforms

Ways to increase membership were discussed by the P-T-A meeting held last Tuesday at Osborn High School and the organization voted to help secure uniforms for the high school band.

John H. Merchant, vice president, presided at the meeting in the absence of Floyd Riddick, president, who was called away upon the death of his father.

Mr. Merchant told the association that there is a need for members for the committees on health, recreation and music.

## Salvation Army Group Named

The Salvation Army, through its rural service units, is now making its annual appeal for funds to carry on the work during the coming year.

The funds are administered in Prince William County by the local service committee composed of the following local citizens: Stanley A. Owens, chairman; Worth H. Storke, treasurer; Harry P. Davis, R. C. Powell, Mrs. H. T. Davies, Jr., W. Marshall Johnson, R. S. Hall, P. A. Lewis, Benjamin Muse, L. J. Bowman and John W. Ellis, committee members.

**Enable More Services**  
By means of these units, the Salvation Army is able to bring to the small towns and rural communities services which heretofore have been available only in the larger towns and cities.

Because there are no set requirements to be met in order to receive help from your local unit, many borderline cases may receive the needed assistance who would otherwise be ineligible for aid from other agencies.

**Special Attention to Children**  
Special attention is given to children in need of dental, visual or hearing care.

Elderly persons and invalids are often deprived of the comforts needed in the twilight of life or while on beds of affliction. Many times a small amount expended at the proper time for sick room necessities may mean the difference between life and death. To meet these needs is the aim of the Salvation Army service unit.

**Letters Sent**  
Letters have been sent out. If you did not receive a letter, a contribution addressed to Mr. Storke would be greatly appreciated. Do not hesitate to contribute because you cannot make a large contribution. While the Salvation Army asks that you give as generously as possible, any gift will be thankfully received.

## Annual Bazaar

This Friday the annual bazaar of Sudley Methodist Church will be held, beginning at 12, continuing through the evening. An oyster and turkey dinner will be served at the church.

## Red Sox End Good Year With 20 Wins

The Manassas Red Sox are now taking it easy, after ending one of their finest baseball seasons with 20 wins and 13 losses, with most of the losses by one-run margins.

No final decision has come from the league commissioner, who is still getting full details on the disputed third game of the final series between White Oak and the Red Sox in which the home team walked from the field in protest to the decisions handed them.

**Financial Success**  
Financially, the Red Sox were also a success. They bought 18 new uniforms, a new public address system; they paid the owners of Swavely Field five per cent of all gate receipts, and the Manassas Macs baseball team \$10 for each game played at Swavely Field. The club also paid the expenses of ball players to games and sponsored three parties for the players.

A \$400 field was set up on the Porter estate, in addition; and the club came out clear of debt. Loyal fans at Manassas and supporters such as John Parrish, president; Oscar Kline, vice president; and William F. Brown, plus a fine group of ball players made the year the success it was.

Next year the team promises to rank with the top teams of northern Virginia.

## District C.R.O.P. List Is Complete

Theodore Ritter, chairman of the Manassas District of C.R.O.P., announces the completion of his list of canvassers.

## Cleve Fisher Wins Woman's Club Contest

Cleveland Fisher was crowned "Miss Junior Woman's Club of 1949" by Mrs. Turner D. Wheeling, president of the club, last Friday in the auditorium of Osborn High School.

Mr. Fisher won his title in a capacity-filled auditorium. He was chosen by the judges out of fifty contestants vying for the honor.

Runners-up were Jack Ratcliffe and E. R. Conner, both of Manassas. Each was presented with elaborate bouquets of mixed vegetables and \$5 each. Mr. Fisher received \$10 and an autographed book, "Ant Hill Odyssey," from Dr. William Mann, one of the judges.

**Contestants Introduced**  
Russ Cullen, master of ceremonies, introduced each contestant as they gracefully walked by the judges. Dr. Mann, director of the Washington Zoological Park, Mrs. Mann and Miss Lee Moore of Centerville were judges. Music throughout the contest was rendered by Mrs. J. L. Byrd, Jr.

During the eliminations, Mr. Cullen sang "Let Me Call You Sweetheart" and Sedrick Saunders, appropriately dressed, sang "Can't Help Lovin' That Man." Mary Lou Trimmer and Shirley Byron entertained the audience with tap dancing.

The contest could easily have been called a fashion show as many different types of women apparel were portrayed by the contestants, including evening dresses, street-length dresses, house dresses, skirts and sweaters, suits and bathing suits.

## Osborn High School To Play Styvesant

FREDERICKSBURG.—James Monroe overcame a game Osborn High School eleven here last Friday, 51-6. This week, Osborn will travel to Warrenton where they will play at 8 p. m. Friday against Styvesant.

**Sailors Scores**  
In last week's game, Sailors made the only touchdown for Osborn. James Monroe scored in every period and proved to be too much for Osborn which was not up to full strength.

The game with Styvesant will be the last game away from Manassas this season, and Osborn will be pitted against Marshall High School November 4.

## Notice

Because of the traffic congestion, for safety and for the convenience of the patrons of the business houses in the town of Quantico, two-hour parking limits will be enforced on and after November 1, where signs are posted to that effect. Town officials hope everyone will cooperate.

## Crop Explained

How CROP food comes from America to aid the needy overseas is explained to children in a school near Tennerwalchen, Germany. CROP (Christian Rural Overseas Program) is the first cooperative Protestant, Lutheran and Catholic program of its kind. The farm commodities which are contributed by American farmers are collected and shipped in bulk, as it is more economical and insures more perfect control of products.

**Need Is Basis**  
Food and cotton are then distributed, on basis of need, to church orphanages, camps for homeless refugees, hospitals, homes for aged, etc.

Collections for the Virginia CROP "Operation Mercy" will begin October 23 and end November 19, each county selecting a campaign week to fit the harvest of the major commodity to be solicited.

## Town Council Hears Charges Of Residents

After a two-hour discussion on several complaints by residents of overcharges on water bills, the Town Council Monday evening attempted to find out whether there might be something wrong with the water meters. After repeated tests of the meter of Frank Parrish had been made locally to no avail, the Council decided to send his meter to the factory for examination.

The Council also:

1. Disapproved the selling of the old Chevrolet fire truck to the county.
2. Approved the request of R. V. Hicks, manager of the Prince William Electric Co-op. for a four-inch cast iron water main to serve the new REA plant under construction.
3. Approved the Lions Club's project for publishing a town directory.

In disapproving the sale of the fire truck, the Council upheld the vote of the Fire Department which went on record as favoring the retention of the truck at the fire station.

The approval of Mr. Hicks' request came from the provision that the company and the other interested parties pay the expense of the installation of the water main.

The town directory which the Lions Club is undertaking, received the Council's approval, after being explained by a member of the club.

No action was taken on the present plan of drainage for Main Street and the intersection of Porter Ave. and Battle St.

A conference between officials of the Trailways Bus Company and Town Manager Ritter, concerning the proposed bus depot here, has been scheduled for October 27.

The Daniels Construction Company was granted an extension of time for the completion of the disposal plant, and permission was granted for the storage of a plane at the town airport for \$10, during the winter months.

All members of the Council were present at Monday's meeting which lasted until about 11:15.

## C.R.O.P. Drive Is Underway

Prince William County's CROP drive has got off to a good start and is in full swing, as every farmer is being given opportunity to pledge food from his farm for hungry people overseas.

Canvassers in Brentsville and Manassas Districts are making their rounds—neighbors talking to neighbors—in the barn, out in the back pasture, by the silo, or on the front porch, in one of the greatest efforts of Christian cooperation this country has ever witnessed.

**All Commodities Acceptable**  
Milk and corn—a carload of each—are the commodities Prince William is sending to orphans' homes in Germany, refugee camps in Pakistan, flood victims in China. But anything a farmer has to give will be accepted, because it can be sold and turned into corn or milk.

Wilmer Kline, Manassas farmer, heads the drive as county chairman. Theodore Ritter is chairman for the Manassas District. Stuart McMichael is chairman for the Brentsville District.

The association is extremely anxious to make this, their first show, as diversified as possible in order to ascertain the types of hobby, handicraft, or study groups which should be promoted during the winter months when outdoor recreation is not feasible.

If you have a hobby or collection, the association asks that you enter it. The organization also extends an invitation to see the show and be convinced of the joys and pleasures of starting one.

Entries may be placed from 10 a. m. to 1 p. m. The show will be

## Attention

Members of the Lions Club will make a door to door canvass for the town census and directory, starting Monday and continuing through the week. About ten questions will be asked and the area which will be included in the canvass will be the corporate limits of Manassas, Yorkshire, Atheyville, Longview and Fairview Ave. Extension.

## Lion Members Have Program On Education

In place of the United Nations program scheduled last night, the Lions Club observed an education program, with Jack Merchant giving a talk on education in Virginia. Mr. Merchant pointed out some interesting statistics including the fact that last year only 345 trained elementary teachers were turned out by institutions in Virginia to fill 5132 vacancies.

**Fisher Present**  
Cleve Fisher, winner of the beauty contest was a visitor of the club, and Jack Breeden, Maury Wells, Jim Payne, Robert Skates and Arthur Carter, members of the club who were contestants in the show, were present.

Mrs. Nina Laws was welcomed back and many songs were enjoyed with her guidance.

Flowers decorating the table were given by Lion Horace Anderson who could not be present at the meeting. The club decided to send the flowers to the District Home after the meeting. The club also sends candy to the home each month.

**Survey Direction Given**  
Lion Layton Laws, planning chairman, gave direction to members of the club who will conduct a survey next week for the town directory. It is expected that two members will canvass their assigned areas together and in most cases they will live in the area which they survey.

Ian Ross reported on the Manassas Recreation Association and asked members to partake in the Hobby Show which the association is sponsoring. He also mentioned the questionnaires which are located in stores around town.

## Hobby Show Taking Shape

Plans for the Hobby Show which is being sponsored by the Manassas Recreation Association for November 5 in Osborn High School gymnasium, are rapidly taking shape. Already, many interesting and unusual collections and hobbies have been promised. However, Miss Aileen Taylor and her committee are still scouting for additional exhibits and space is still available.

**To Be Diversified**  
The association is extremely anxious to make this, their first show, as diversified as possible in order to ascertain the types of hobby, handicraft, or study groups which should be promoted during the winter months when outdoor recreation is not feasible.

If you have a hobby or collection, the association asks that you enter it. The organization also extends an invitation to see the show and be convinced of the joys and pleasures of starting one.

## Va. Poll Tax To Be Decided November 8

Voters of Prince William County will go to the polls November 8, to vote on the proposed amendments to the Constitution of Virginia, in a general election in which the proposed amendments to the Constitution are more the issue than the gubernatorial election in which John S. Battle, Democratic nominee, is virtually assured over the Republican nominee, Walter Johnson.

The question which voters will have to decide in regard to the suffrage amendments is as follows:

**Question:** Shall Sections 18, 19, 20, 21, 22, 23, 25, 28, 31, 35, 38, and 173 of the Constitution of Virginia, which sections relate to the elective franchise, and, among other things, provide for the elimination of the poll tax as a prerequisite to voting, registration and renewal of registration of voters, the establishment of a State Board of Elections, and the levying of a school tax in lieu of the present capitation tax, be amended; and shall the Constitution be further amended by adding Section 31-a providing for local boards of elections, and Section 38-a, prescribing the effective date of these amendments?

If the poll tax is repealed, the main changes in voting requirements would be in the form of a literacy test requirement and the provision for annual registration, although a person who had voted in the preceding election or paid taxes would not have to register.

Other provisions would fix the time of registration 120 days before a primary or general election and make it possible for the General Assembly to place a school tax of no more than three dollars on every resident of the State over 21 years old.

## Line Expected Near Manassas

Curtis Morris, official of Transcontinental Pipeline Corporation, visited Manassas this week in regard to the 1846-mile 30-inch pipeline which is being built from the Rio Grande Valley in Texas.

The line is now at Danville and is expected to be in operation this time next year.

Mr. Morris said that survey crews are now here and that the line is expected to go about four and one-half miles from Manassas. He also stated that as the line is completed services of the pipeline will be offered at points along the line.

## Game Is Postponed

After losing to the Front Royal Rockets last week by a score of 19-0, the Manassas Rebels will be attempting a comeback soon, although the club has not yet found a team to take the place of the Mc. Rainier team which postponed its game for this week.

What has become of the old-fashioned man who used to give his seat to the ladies?

open to the public, free of charge, from 2 to 5 and from 7 to 10 p. m. Further information may be obtained by calling 332W after 7 p. m. week days and all day Saturday and Sunday.

## Feature of the Week:

## Old Letters to Santa From Children of 1909

Many years before the first World War, when The Journal was known as the Manassas Democrat, there appeared in the issue of the paper for December 9, 1909, several letters written to Santa Claus in care of the newspaper.

What the children of 1909 wanted for Christmas was not altogether dissimilar from what they desire now, and with Christmas less than two months off, we are printing them:

Dear Santa Claus—I am 11 years old and thought I would write and tell you what I want. I want a wagon and bicycle and lots of candy.

My little brother three years old wants me to write a letter to you for him. He wants a train of cars and a fire engine. He is a good little boy.

—WILLIE H.

Dear Santa Claus—I want an infant doll and a trunk and a box of candy and a high chair and a

pocketbook with some pennies in it. Goodbye.

—MARY B.

**Desired Clothing**  
Dear Santa Claus—Please send me some dresses and a coat and hat and a pair of stockings and some skates and a ring and a bracelet. Well, I will close hoping I get these things. I remain as ever your little friend.

—ANNA S.

Dear Santa Claus—I am a little boy five years old and thought I would write and tell you what I want for Christmas. Please give me some games and some nuts and candies and oranges.

—HARRY M.

With football still in the air here, it's interesting to note also that it evidently was true that football was "tougher" in the old days. An article appears in the same issue concerning Young, a Cornell quarterback.

## Cleve Fisher Receives Autographed Ant Book

Dr. William Mann, director of the Washington Zoological Park, is shown autographing the book, "Ant Hill Odyssey," which was presented to Cleveland Fisher, fifth from the left, winner of the "Miss Junior Woman's Club of 1949" title presented to him last Friday in the auditorium of Osborn High School. In addition Mr. Fisher was presented with ten dollars.

Others in the picture are from left to right, Miss Lee Moore, teenage judge; Mrs. Turner Wheeling, president of the Junior Woman's Club; Jack Ratcliffe, runnerup in the contest; Dr. Mann, one of the judges; Cleveland Fisher, winner; Mrs. Mann, also a judge; Ed Conner, runnerup; and Russ Cullen and his daughter, Vicki.

Mrs. Key, who is chairman of conservation for the Virginia Federation of Women's Clubs, said the word itself may be new but the principles of conservation were used in ancient times and mentioned in Virgil and Horace, and were used later by such men as Washington and Jefferson on their plantations.

Is it wrong for us to give you more good food for your money? Is it wrong for you to shop at our stores if by so doing you will make our business grow? Apparently the anti-trust lawyers, who are trying to put A&P out of business, think so. Apparently the American people don't agree with the anti-trust lawyers, for many, many thousands of them are writing and saying: "We like A&P and we don't want them put out of business."
