Vienna Artist's Entry Chosen For Art Award

NEW YORK—An oil painting on a Christmas theme by Robert F. Gates of RFD 1, Box 250, Vienna, Va., was chosen from 4,158 entries as one of the 50 American canvases to be featured in the \$28,000 international Hallmark Art Award exhibit here in December.

Mr. Gates' painting entitled "Florist's Christmas" was selected by an eminent jury of artists, critics and museum directors and is among 100 canvases by French and American artists to be shown at the Wildenstein Galleries December 8 to 31.

To Try for \$14,000
The painting of the Virginia artist together with those of the other 48 finalists will vie for prizes among the first 10 and shares in a purse of \$14,000. The first prize winner will compete against the No. 1 French entry for the international \$3,500 award.

Awards to the American artists will be presented at a formal benefit preview for the Red Cross on the evening of December 7. The New York premiere is expected to surpass the glittering French preview exhibit last June at the Galerie des Beaux Arts in Paris from which the French Red Cross benefited.

Sponsored by an American businessman, Joyce C. Hall, Kansas City greeting card publisher, the Hallmark Award program is under the direction of the Wildenstein Galleries of New York and Paris.

Early in 1950 the collection of Franco-American art will be launched on an extensive tour.

Kiwanians To Join Parade On 'Kids' Day

In observance of "National Kids' Day," Bill Saylor, president of the Kiwanis Club has announced that the local club will join the parade of more than 400 Kiwanis Clubs in the United States and Canada, which will meet from 10:30 to 11:30 a.m. on the east steps of the Capitol on Saturday.

The observance, sponsored by Kiwanis International, is designed primarily to focus attention on underprivileged boys and girls and to help to provide educational, medical and recreational facilities for the less fortunate youth of the nation.

Stars To Be Present

At least one movie star, several radio stars and the Metropolitan Police Boys Club Band will participate in the program.

Several members of the Manassas Kiwanis Club will be present and display the banner of the local club on the Capitol steps with the banners of the other participating clubs of the Capital District.

Children from Prince William County are cordially invited to be present at the program and see the Durango Kid, and other well-known entertainers, in person.

Not Commercial Device

Kiwanis International and the National Kids' Day Foundation plan to hold National Kids' Day as a regular annual event on the third Saturday in November. Unlike many special days on the calendar, National Kids' Day is not a commercial device and the only ones who will profit from it are underprivileged children.

President Saylor said that Kiwanis International has long been noted for its work among underprivileged youth and that its youth program is one of the principal activities of the international organization.

To Help Children

By establishing a "National Kids' Day," Mr. Saylor says that the clubs desire to do all that they can to make both youth and adults aware of their responsibilities to children everywhere and especially to those children who are less fortunate than the average.

Through the "National Kids' Day," the Kiwanis Club of Manassas is able to join with literally millions of Americans in sponsoring the observance of a day set aside especially for youth, Mr. Saylor adds.

SEE THE NEW

FORD

for

1950

STYLING of the 1950 car, although not radically changed because of the wide public acceptance of the modern design of the Fords, nevertheless includes several distinctive features to enrich the appearance.

A colorful new crest, derived from an authentic coat of arms dating back to 17th century England, appears on the front of the hood and center of the trunk lid. This is the first crest that has ever appeared on Ford cars.

Other styling features include a new hood ornament, restyled parking lights in new positions and a new ornamental deck lid handle.

ENGINE improvements include the latest development in engine design to give 1950 Ford cars the quietest and smoothest running V-8s and 6-cylinder engines ever produced by the Company.

Some of the engine features are a new timing gear, autothermic type pistons, new design camshaft lobes, new fan and reduction of fan speed on the V-8s and many other improvements adding to the life and quietness of the engine.

Economy is keynoted through all of the many engine changes highlighted by still greater economy of oil consumption. The enhanced oil economy results from an addition of an oil squirt hole in the connecting rods, new cylinder wall finish and a rubber seal ring on the intake valve stem guide of the V-8 engine.

COMFORT features offer a new non-sag front seat spring, new sponge rubber front seat cushion, improved front-end suspension, additional headroom and increased areas of sound conditioning for quieter operation.

SAFETY factors include the strengthening of Ford's famed "Life-guard" body, new bumper guards, a ribbed rear bumper and bumper supports for added strength, easier operating handbrake, wider sun visors and improved steering linkage for easier control.

COLORS are offered in a brilliant new array of 11 choices. There are new colors of broadcloth and mohair for interior finishings.

DOORS will be equipped with new rotary locks as in the costliest cars. The exterior handle will have a touch-button latch and there will be arm rest door closers.

LUGGAGE COMPARTMENTS, which are the roomiest in the Ford-priced field, offer a new deck-lid latch and an automatic releasing support arm for easy operation together with attractive compartment lining.

MAGIC AIR HEATERS will have a higher speed motor to increase the air flow 25 per cent and the heater control positions will be clustered and clearly marked and illuminated for easy reading and simple adjustment.

OTHER FEATURES include an attractive new three-quarter horn ring, new gas filler tube and cover, new rigid regulators for windows, new double-walled glove compartment door, new automatic courtesy lights which go on when front doors are opened, new durable floor coverings and increased openings for defrosters.

OVERDRIVE, which improves gasoline economy up to 15 per cent, will continue to be sold as factory-installed optional equipment on all models.

The 1950 Ford Deluxe Tudor Sedan combines the modern styling so widely acclaimed by the car-buying public with the comfort and economy demanded of a family automobile. Smart new treatment of the grille and parking lights and a colorful new crest, the first in Ford history—distinguish the front of the new models. Comfort features include new non-sag front seat springs covered with a new foam rubber cushion, additional head room and smoother, quieter V-8 and 6-cylinder engines.

Eleven choices of colors combined with new interior styling are featured in the 1950 Ford Custom Deluxe Club Coupe and other models just introduced by Ford dealers throughout the nation. Ford Division has accomplished greater comfort, safety and economy as well as improved beauty of styling in its 1950 models.

How many food-naming, recipe slogan-writing, contests have entered this year. The national race occupies the hopes of millions of Americans. Awake or asleep, our brains are ticking away, trying to come up with a name or a phrase for an advertiser.

You have misplaced trust in a Claus, if you have no rich uncle in Australia to leave an unexpected fortune, then you must use some spare hopes going to the wind. Anyhow, great expectation is its own reward. A search is a challenge. Who can say that Auden's masterpiece of sculping, "The Thinker," was not posed as a slogan? Grand prizes can penetrate thought, originality and richness of expression.

Devotees Are Women . . . Women are inveterate contest devotees. A friend of mine makes a list of contests as an escape from pain of neuritis. The first of prizes she won was an electric lamp, which she traded promptly for an infra-red lamp.

Now while I'm toasting my raw toes," she said, "I am thinking more titles and slogans. My nights are free and fancy."

Although I have never won any prize in competition, my enthusiasm for contests neither wavers nor wavers. Like the quest for names and phrases because of good mental stimulation. When experimenting with a new recipe, family becomes official tasters, and pleasure is often the best reward of all.

Like Stepping Stones . . . Whenever you run the vacuum cleaner, make beds, or tidy up the house, you can venture in the land of words. Ideas are delightful company, like stepping stones and a pleasant shore.

Just juggling syllables and coming up with lines is never easy. When S. Cobb was congratulated on a paragraph that seemed to have slipped off his pen like a well-oiled sunbeam, Cobb said, "Remember, though, I didn't dash off that I sweat it out."

Must Study Product . . . Every contestant must study the product, its uses as well as its advertising possibilities. The excellence of the product should stir our imaginations. When we have sold ourselves the conviction that it is commendable, then the turn of thought turns to great praise.

In ancient Icelandic rhye reads, "by one I sought out words." A poet, any writer is a seeker of words. The right one will glow like a star, aloft in the darkness.

Traced to Heraldry . . . Since the days of heraldry, people have been thinking up devices and mottos. At least we do not have to write them in Latin in modern times. All we need is our beautiful heraldic tongue.

Contests for slogans grow bigger and better. "Home" is the best sure island. Yocks! The hunt for whether there is a spill or when we catch up with those words, the chase is excitement all.

Public Hunting to Be Permitted On Three State-Owned Forests

RICHMOND. — Officials of the Commission of Game and Inland Fisheries and the Virginia Forest Service jointly announced recently that public hunting will be permitted on three state forests: Cumberland, Appomattox-Buckingham, and Prince Edward. The open season will last six days, December 5 to December 10, inclusive.

According to the official announcement, all species of game may be hunted except wild turkey and grouse.

Forest Permit Required

In addition to the customary resident or non-resident hunting license, all hunters will be required to have a State Forest permit, and deer hunters must also have a big game stamp. All game regulations will be strictly enforced.

Permits will be issued at all checking stations, which will be open at 6:30 a.m. each day.

I. T. Quinn, executive director of the Game Commission, pointed out that an adequate staff of wardens and conservation officers will be on hand to check hunters and to help out in any way they can. "Game sanctuaries will be marked so that hunters may know where not to hunt," the director said.

Warns Hunters

Deer hunting with dogs will be permitted.

State Forester George Dean has asked that hunters "be careful with fire and be extra cautious in the use of fire arms in the forest."

This year's hunt, as others held in past years, is sponsored by the Virginia Game Commission with the Virginia Forest Service cooperating.
