## PTA Considers Fundamentals For Schools

Three vital questions involving contemporary concepts of education as opposed to traditional methods and scope will be discussed by the Manassas Parent-Teachers Association at their next meeting, January 18.

The questions, posed by the newly-formed State Commission to Study a Foundation Program in Education, are aimed at defining a necessary program for public school education. The Commission is requesting from all PTA groups in the State an expression of opinion on the issues.

The questions are:  
(1) What courses are most important for public schools to teach?  
(2) What are the objectives of public school education and should public schools attempt to train students for all situations that may arise in life, or should they concentrate on narrow, intensive academic training?

(3) What are the respective responsibilities of home and school in regard to etiquette, character, etc.?  
Created by the last session of the General Assembly, the Commission will attempt to discover a cross-section of opinion on these questions and submit a report with recommendations to the General Assembly on November 1. The General Assembly is then expected to consider appropriate legislation to facilitate the Commission's recommendations.

Letters asking for views on these questions were mailed this week to all members of the Manassas PTA by Stanley A. Owens, and Floyd M. Riddick. PTA officials hope that the queries will evoke a prompt response, upon which the program at the next PTA meeting may be based.  
When fully organized, the Commission will be composed of nine members, representing both houses of the General Assembly, the State Board of Education, and professional educators in Virginia.

## Benefit Games To Highlight Polio Fund Drive Here

Two benefit basketball games have been scheduled to highlight the 1951 March of Dimes Campaign in Prince William County, as local chapters of the National Foundation for Infantile Paralysis began their drive to collect funds to combat polio here.

The crippling disease has been increasing throughout America during recent years and here in Prince William it has increased from nine reported cases in 1949 to 14 last year.

To aid in collection of funds, the Lions Club will operate a booth at the corner of Battle and Center Streets on Saturday, January 27. Volunteers from the Lions Club will man the station and receive contributions.

The basketball games will be played in Osborn High School gymnasium on January 23 and January 27. All-stars from the Northern Virginia League will meet on the earlier date. Opposing teams will represent the Northern and Southern Divisions of the league and players will come from all twelve teams. The girls' game will begin at 7:30 p. m. with the boys play following.

County high school basketball stars will meet an all-star team picked from high school faculties in the second benefit game. This will be the third annual game of this sort. Time for the girls game will be 7:30 p. m.

Dr. George B. Cocks is head of the Prince William chapter of the National Foundation for Infantile Paralysis and Reuben B. Hicks is campaign chairman. The Rev. E. Guthrie Brown is chairman of arrangements for the high school game and Curtis Polen is organizing the Northern Virginia League game.

Prince William was one of the few areas to attain its quota in last year's drive and per capita contributions for this County were the fifth highest in the State, according to Hicks. Dr. Cocks stated that he is "very proud of the response the campaign received last year."

A meeting for County March of Dimes workers has been scheduled for January 15 at 1:30 p. m. in the Manassas Town Hall and additional volunteers are asked to attend.

## Ritter Heads Masons Here

James W. Ritter, Manassas Town Manager, is shown above being congratulated upon his installation as master of Manassas Lodge. Nelson Thomas of Manassas, outgoing master of the Manassas Lodge, is watching, second from the left. Visiting Mason dignitaries are, left to right, Carl Wagner, past grand master of Hiram Lodge, Washington; Thomas; John M. Stewart, past grand master of the Masons of Virginia; Ritter; C. S. Heritage, master of Hiram Lodge; and R. A. Sweetwood, master of Columbia Lodge, Clarendon. The annual dinner meeting and installation of officers was held in the Manassas Lodge last Friday.

## Edward Stnons Suffers Fatal Heart Attack

Funeral services were held in Terre Haute, Ind., on Tuesday, January 9, for Edward F. Stnons, 41, who died of a heart attack at his home on the Old Brentsville Road, near Manassas, on Saturday evening, January 6. He had suffered several minor heart attacks during the past year.

Forced into retirement three years ago because of ill health, Mr. Stnons was formerly employed by the Government in Washington. He had also operated a tourist camp on No. 1 Highway, south of Alexandria, prior to moving to the Lake Jackson area in 1938. He was a native of Terre Haute, Ind.

Mr. Stnons' home at Lake Jackson was destroyed by fire in March, 1948, and he then moved to a home near Brentsville.  
Surviving are his wife, Mrs. Helen E. Stnons of Manassas; a young son, John Peter Stnons, also of Manassas; and his mother, Mrs. Bill Yukness of Terre Haute, Ind.

## Eight Delinquents Face Induction Jan. 25

The following delinquent registrants for selective service have been ordered to report for induction on January 25.

George Williams Lewis, Woodbridge; Lee Segar, Woodbridge; Howard Wayne Call, Nokesville; Burford Powers, Haymarket; Conrad Samuel Armentrout, Manassas; Joseph Allen Fritter, Manassas; Ronald Alex Savage, Quantico; and Robert Lee Rector, Manassas.

## Winter Halts Road Work

Construction of a four-lane divided intersection on U. S. Route 211 north of Buckland, where new Route 15 intersects the highway, will be under shutdown orders until better weather. Highway Resident Engineer Richard Worthington said this week.

The eastbound lane of the \$39,000 divided intersection was completed before winter forced a halt in construction. Worthington said that he does not propose to disturb the westbound lane until better weather is reasonably certain, since construction might interfere seriously with traffic in winter weather.

Construction of the new line of U. S. Route 15 from Haymarket to the intersection also cannot be finally completed before early spring. The macadam surface has been laid, but forces will be cleaning up right of way and building shoulders whenever weather permits until about March, the engineer said.

## Doctors, Dentists, Vets Under 50 Must Register

A new regulation issued by the director of selective service requires all physicians, dentists, and veterinarians under the age of fifty, who are not members of a reserve unit of the armed forces, to register for military service.

Members of these professional groups who have registered previously need not register again. Prince William draft board secretary, Mrs. R. Worth Peters said.

## Chief of Navy Chaplains Will Speak This Sunday At Presbyterian Church

Admiral Stanton W. Salisbury, Chief of Naval Chaplains, will be guest minister at the Presbyterian Church next Sunday. The service begins at 11 a. m. and the public is invited to attend, members of the Presbyterian congregation said this week.

Chaplain Salisbury, who is a veteran of World War I and II, was serving with the USS Pennsylvania in dry dock at Pearl Harbor on December 7, 1941. He narrowly missed death that day when his automobile was strafed by a Japanese plane.

Chaplain Salisbury has served aboard seven naval ships and at various naval bases, including Great Lakes. He was one of the first three faculty members of the Naval Chaplains' School at Norfolk and the first executive officer of that school. He has also served as First District chaplain of the Potomac River Naval Command, chaplain of the Fifth Naval District, Fleet Chaplain of the Atlantic Fleet, and as Assistant Chief of Naval Chaplains.

## Jobs Open For Hundreds In Quantico

Direct effects of the Nation's military efforts with a consequent prospect for full employment were felt here this week when job openings at the Quantico Marine Corps Training School for "several hundred" men were announced.

Herbert B. Newell, manager of the Virginia Employment Service, told the Journal that Quantico construction projects together with proposed construction at other nearby military installations will provide jobs for probably as many civilian workmen as are available from this County. He declined to give an exact figure but said "several hundred" jobs were open in Quantico as well as almost that many on other nearby military projects.

The men are believed to be needed for a \$4,000,000 barracks and housing project at the Quantico base. Franklin Trice, Inc., of Richmond was recently awarded the contract.

Representatives of the State Employment Service and the Civil Service Commission will be in the Manassas Town Hall on Monday, January 15, from 2 p. m. until 4 p. m. for the purpose of interviewing applicants, Newell said. He stressed that applicants for the jobs will be interviewed only at the Town Hall.

Applicants in the following classifications will be interviewed: blacksmith, blacksmith helper, carpenter, automobile mechanic, cement finisher, electric welder, electrician, crane operator, machinist, machinist helper, pipe-fitter helper, painter, plasterer helper, laborer, plasterer, plasterer helper, refrigeration mechanics, brick mason, brick mason helper, gas welder, and gardener.

## Teacher Pay Scales Rank Prince William Near Top

Average teachers' salaries in Prince William County were up \$38 in elementary schools and \$73 in high schools during the 1949-50 school year over the previous one. The State average was an \$85 increase at the elementary school level and a \$30 increase for high school teachers, according to the Virginia Education Association.

Elementary school teachers here received an average of \$2,029, which places Prince William 20th in the State on the elementary salary scale. Prince William high school teachers received an average of \$2,250 which ranks this County 14th from the top. Arlington and Fairfax Counties have the highest teacher pay scale in the State, the VEA report discloses. Arlington elementary teachers average \$2,912 a year and high school teachers there get an average of \$3,228. Fairfax, second highest county, pays its teachers about \$300 less in both categories.

The contiguous counties of Fauquier and Stafford are also in the top 20.

## Clarke Will Be Candidate In August

Senator Andrew W. Clarke, who has represented Fairfax and Prince William Counties and the City of Alexandria in the Virginia Senate since 1944, today announced his candidacy for re-election subject to the Democratic Primary.

"Although the primary will not be held until August, I am making my announcement at this time because of the urging of my many friends and supporters," he said.

Clarke is one of three Senate representatives on the Redistricting Commission of the General Assembly. The group is charged with the important responsibility of re-aligning not only Senate and House of Delegates districts but also United States Congressional Districts in Virginia.

Regarding his membership on the commission, Clarke declared: "It would appear from the population increase shown by the 1950 Federal census that the present 39th Senatorial District composed of Fairfax and Prince William Counties and the City of Alexandria, is entitled to an additional senator."

"It also appears likely that Fairfax, with a population of about 100,000, probably is due for a second delegate."

Senator Clarke is a senior member of the Eighth District delegation in the Senate. Since the beginning of his second term, he has been a member of the Senate Steering Committee. He also is ranking member of the Courts of Justice Committee, and is on the Public Institutions and Education Committee; the Insurance and Banking Committee, and the Privileges and Election Committee. All are major assignments.

Senator Clarke, in addition, is a member of the powerful Finance Committee which controls all legislation carrying appropriations.

At the last session, Senator Clarke was co-sponsor of a bill providing a \$45,000,000 appropriation for the State.

## Tax Rate Increase Due For 1952 School Budget

County taxpayers are facing an increase in the tax rate of about 60 cents per \$100 in 1952 to finance next year's school budget, according to the preliminary budget estimates of Superintendent of Schools Peters.

An increase of about \$150,000 is expected in the 1952 school budget, which Peters will present to the Board of Supervisors in March. This year's budget was \$568,373.36. The additional revenue for schools will be needed to finance the temporary school buildings which Peters recommended to Supervisors last week and for teacher salary increases. In regard to the temporary buildings Peters suggested pre-fabricated, steel frame buildings about the size of ordinary classrooms. Between seven and twelve of these units would be needed, he said, at a cost of about \$8,000 each. Other construction costs would raise the total cost of these buildings to about \$100,000. Contemplated teacher salary increases of \$200-\$250 for 175 teachers would total about \$40,000.

Although average life of the temporary buildings is only five years, and special permission must be granted by the State Board of Education for their use, Peters admitted the possibility that they have to be continually replaced and used permanently if the overcrowded conditions in County schools is to be solved.

With possibilities of a National sales tax for defense expenditures established this week, prospects for a permanent building construction program for Prince William schools appeared chilly, unless citizens here would be willing to submit to double sales tax.

Senator Harry F. Byrd, long a foe of the sales tax in Virginia, suggested this week that Congress might enact a national one to meet the need.

### "OSBOURN OLLIE"

We are sorry to see Gayle Swank and Basil Pries leave for the Air Force. Gayle and Basil are former graduates of Osbourn. They left for their Physical Examination, on January 8, and planning to leave the same day. We wish them the best of luck and hope to see them very soon.

Our J. V. Basketball team was really on the ball Friday night when they defeated Falls Church J. V. Billy Springs and Dante Papa were high scorers. Others seen in action were Lee Kruse, Brice Corde, Hilo Papa, Paul Royer and Jack Cross. The score was 32-24.

The Varsity was beaten by Falls Church by a score of 33-37. Seen in action were Dennis Todd, captain, Jimmy Marshall, Wayne Yates, Irwin Hook, Chuck Johnson, Claybrook Gilley and Tom Kelso. Nice game, boys. You tried hard to bring VICTORY to Osbourn.

The Osbourn HJ-Jacket Staff has been in a rush for the past two days trying to get pictures taken so they can complete the second multiple of the annual Mr. Church chili took pictures from 9:30 a. m. to 3:15 p. m. He worked very hard trying to complete the pictures so that the staff could work the following days to complete the multiple. This year's annual is supervised by Mr. Roy Lilly, with his staff consisting of Marie Davis, Barbara Swank, Jack Bryant, and Patsy Barton.

Suppose we take a look behind the closed doors of Osbourn—Coming back from Christmas holidays, we have seen many "sparklers." Quite a few of our boys and girls became engaged before and during Christmas. Miss Helen Ritter of Manassas and Mr. William Jackson Saylor, III, also of Manassas, have not set the date yet.

Miss Gem Parler of Manassas received her precious stone from Mr. Milton Gossom of Haymarket. (I wonder when they will see the preacher?)

Miss Pat Cassidy, a post graduate of Osbourn is mighty proud of her diamond too.

Becky Slusher has a diamond too. Is it real? Becky?

During the time of 9 a. m. through 3:15 p. m., the boys and girls of Osbourn loiter in the halls before and after classes and chat a bit and this is what "Osborn Ollie" sees and hears:

Often seen together are Gene Wolfe Barrett and, well, everyone knows Lu Lu.

Ann Coleman has a friend in Nokesville. I'm sure you all know her.

Seegerie Barron is letting us chat no one interests her. Her friends know of a certain Gayle Swank. Could it be he, Sis?

Martha Jean Saunders and Mary J. Utterback better keep away from Alexandrians. They bite.

Why does Betsy Ross look out of her window every morning about 1:45 a. m. Could it be a school bus, or the driver?

Where is the best place to be Doris Salter? Home or in a Kaiser. (Preferably a Kaiser)

Jackie Bailey and Max McClen-don are some kind of pair.

Senia Gough and Widdie Merchant have fun now in an Oldsmobile. More fun, huh, Senia?

Doris Kline is a bit excited by a green DeSota. Is his name Don?

Helen White's heart has gone to the Air Force with a longing for Carroll.

I see Walter Alpaugh is beating your time with Ann Walser. Huh, junior?

Even though Alexandria is far away, Anne Smith still gets a look at two at Dennis Ayres.

There are only Bradshaws in the world, are there not, Paige?

Why is Centerville so interesting Bobby Payne? You too, Dennis Todd.

Who has Gene Barrett got on his mind during the days. Could he be Perdonia?

Gloria Wayland can't make up her mind. Which will it be, Gloria, Nokesville or Manassas?

Has Haymarket still got her here, Bobby Wayland?

Shirley Herndon better make thou mind up. You can't have both, so choose quickly.

What's this I hear about Wesley White having a new girl friend? Seems Lee Kruse got the last one. To whom could Janet Scheffer be writing? She's never met the guy. The Air Force really must be a hit.

You too! Tell us what's so interesting at Pitts Theater, Thelma Todd.

Thelma Bell have you heard from Dick Elia lately?

Hey, Marie, why are you taking her drivers course? Is it because Wilson will let you use his car?

These seniors better leave Pitts Jerry alone. He's bashful you know!

Betty Jo Phipps and Roland Sullivan are still going pretty steady.

I want everyone to learn the new dance. The "Perdonia Hump Rag." It's loads of fun. By the way, to whom did Perdonia dedicate her last song?

Can you do the "Charleston?" Just watch Barbara McCuen. Oh, Brother!!!

Jerry Gregory, whom did you sit with in the movies last night? Doris Kline maybe? Better watch out for Don.

Between Ann Palmer and Ann Bennett, I can't say which one needs a new laugh. Perhaps both. Francis Crabill certainly has her suitcase filled with pictures. Are they not of Gill Macneil?

This past Thursday night the Woodbridge Kiwanis Club had its 11th banquet. Each lady presented with a garden.

The banquet was well-attended and everyone had an enjoyable evening.

Mr. Leroy Petellat has returned from the hospital. He will be home in about a month.

I'm sure he'd be glad to see and hear from his friends.

Mr. and Mrs. George West have received a letter from their son, who is in the States that he is getting along all right in the army.

On Tuesday night Odd Fellows had their installation of officers at the IOOF Hall in Ocoquan. Following went into office: Grand, Robert Alwin; vice, John C. Oliver; secretary, John Bourne; treasurer, Howard A. Smith; and financial secretary, R. L. Y. They had a very good

quar and Loudoun both rank higher than Prince William in elementary teacher pay. Fauquier, with an average of \$2,131, is seventh in Virginia and Loudoun, with an average of \$2,053, is 18th.

In high school teachers' pay, Loudoun, Prince William, and Fauquier rank 13th, 14th, and 15th in that order. Loudoun High School teachers get an average of \$2,282 and Fauquier pays \$2,218.

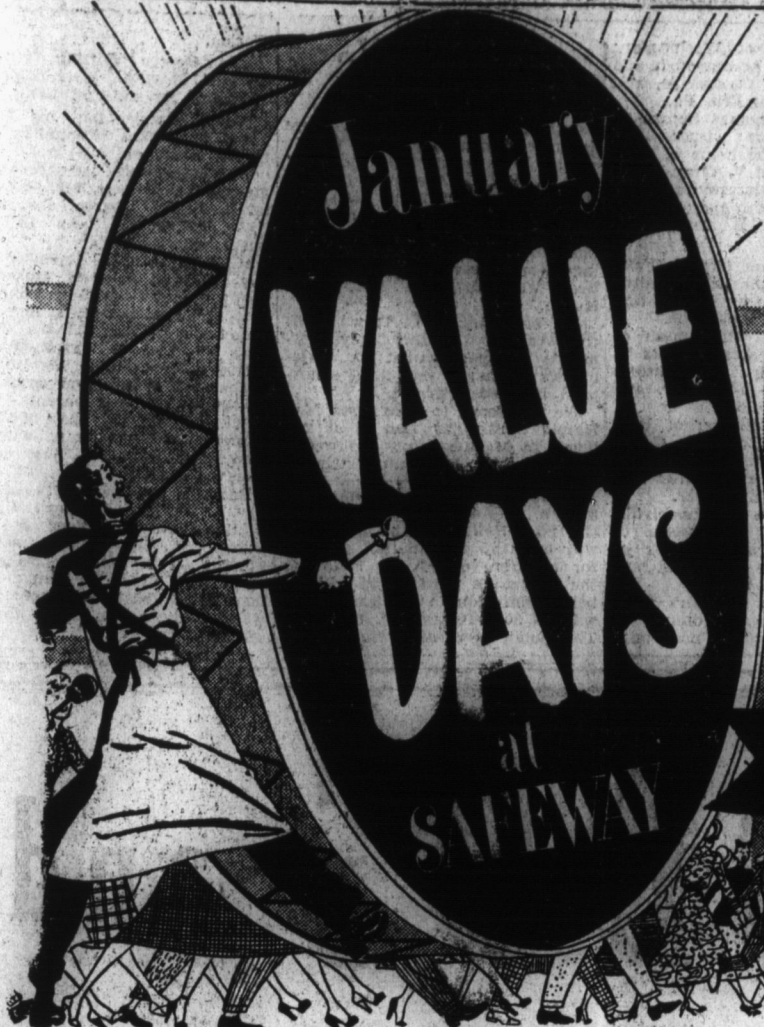

Range of salaries in Prince William extends from a minimum \$1,400 for teachers with local permits (two years or less of college and no experience) to \$2,800 for teachers with a master's degree and ten years' experience. Teachers holding emergency permits (more than two years of college but no degree) receive a minimum \$1,600.

According to Superintendent Peters, most Prince William teachers are in the college to professional class (college degree with professional training) and these receive an average \$2,400 a year, with a minimum \$2,000 established by State law. There are only about 21 teachers, (or 13 percent) working in Prince William schools with less than the collegiate professional qualifications, he said.

## Obituaries

HARRIETT R. LINTON

Funeral services were held Thurs-  
day, January 11, at the Elkins  
Funeral Home, Fredericksburg, for  
Harriett R. Linton, 84, who died

Tuesday, January 9 at the home  
of her son, Charles B. Linton, in  
Fredericksburg. The Rev. Thomas  
G. Faulkner of St. George's Epis-  
copal Church, Fredericksburg, officiated  
at the services. Interment  
was in the Woodbine Cemetery in  
Prince William County.

Mrs. Linton, the wife of the late  
Robert C. Linton and a former resi-  
dent of Manassas, had been ill only  
a short while. She will be remem-  
bered in Manassas as an active

## Tax Rate

(Continued from Page 1)

The Nation's expended military bud-  
get. This came shortly after the  
Board of Supervisors in Prince  
William and Fairfax Counties had  
petitioned Governor Battle to call  
a special session of the General  
Assembly for the purpose of con-  
sidering a Virginia sales tax to  
finance needed school building pro-  
grams.

Although a special session of the  
Assembly for this purpose is a  
doubtful eventuality, sales tax pro-  
ponents will be struggling to get  
such a measure passed at the next  
regular session in 1952. And with  
the Federal government scraping  
the barrel for all possible tax re-  
venue, the national sales tax may  
be likely.

In the meantime a new survey  
of Prince William school needs has  
begun. Dr. William E. Arnold and  
Dr. W. B. Castetter, of the Uni-  
versity of Pennsylvania Educational  
Service Bureau were due in Manassas  
today and tomorrow to make  
preliminary plans for a detailed  
survey to follow. Completion is ex-  
pected by March and new school  
bond issue proposal will be based  
on the report of the survey.

## Yellowjackets Suffer Fourth Straight Loss

Osborn High School's Yellowjackets dropped their fourth straight basketball game this year last Friday night as Falls Church tripped them by a 37-33 score.

Osborn led 10-4 at the first quarter but was on the short end of a 22-16 score at half time and trailed from then on. Fighting hard, the Yellowjackets pulled to within two points of Falls Church at the end of the third quarter. For a few minutes Osborn rosters thought their first victory was coming as Yellowjackets came up to trail 31-30 midway in the fourth. But two rapid field goals by Falls Church in the final minutes of the game outdistanced the Yellowjackets.

Jimmy Marshall led the Osborn pointmakers with 16 and Chuck Johnson was second with 11 points. Wayne Yates contributed five and Irvin Heinemann got one.

## Nokesville Takes League Lead With Twin Defeat of Occoquan

Everybody was afraid the firemen had a powerhouse and it was proved this week as the Nokesville fire department basketball team exploded and grabbed the Southern Division lead with a couple of crushing defeats of Occoquan.

Occoquan, who had held the best record among Southern Division teams until meeting Nokesville on Saturday night for the first time, was unable to match the firemen's scoring power and went under by counts of 94-56 and 74-53.

Nokesville now has a record of four wins against a single loss. The lone defeat came at the hands of the Manassas Legion on January 4 in a game that completely stunned everyone, including rabid Legion supporters. That was the only game the apathetic Legion has won this season and also represents the only laurels a Manassas team has been able to accumulate at the expense of Nokesville in four years of inter-community basketball rivalry. Nokesville has repeatedly beaten both the Legion and the Hawks.

Just as they looked about this time last year, Nokesville now seems to be the team to beat. In five games this season Nokesville has fired in 268 points for an average of more than 72 per game, a scoring potential that must be disheartening to opponents, if not actually frightening. They reached what may have been a peak last Saturday night as 94 points poured over the heads of the Occoquanians. Byron Hoke led the chase with 32.

With Nokesville setting the pace, Occoquan takes second place in the division with five wins and two losses and Warrenton is running third as league play reaches the quarter pole. The Fauquier boys

have a .667 record of four and two. Their losses were to Occoquan by eight points and to Nokesville by two.

doing good—His whole life was spent in doing good to others, healing the sick, opening the eyes of the blind, physically and spiritually, raising the dead, always standing with outstretched arms saying, "Come unto me and I will give you rest."

As we follow Him in His three year's ministry we find not one selfish motive. He came to this world for a purpose and that purpose was that man could have life and have it more abundantly. He came to seek and to save that which was lost. He did not come to condemn the world but that through Him the world might be saved.

Let us see what some thought of Him. "Some said He was a good prophet, still others said He was a man, others said that He was a devil." The question is "What is Christ to you?" Peter gave the real answer, "Thou art the Son of God."

We find ourselves asking the question "Why did they reject and crucify Him?" Even Pilate said "I find no fault in Him." The religious people and self-righteous ones heard Him crucified. We ask again, why? Because His living was for others and theirs was for self. Why do men reject Him today? He is the same Christ; has the same power, the same love. We need Him today just as much as they did. The reason is unbelief. There is less excuse for us today than for them. So many claim to know about Him, yet reject Him.

There were people in those days who were not healed because they did not come to Him. He never turned anyone away. For that reason people are unsaved today.

We hear someone say? If I had been living in those days, how I would have followed Him. It is easier to follow Him now for He is ever present in the believer's heart. Now we walk by faith, not by sight.

In verse 35 we read—And in the morning, rising up a great while before the day, He went out, and departed into a solitary place and there prayed.

The question is asked, "Why did Christ pray?" He spent a great deal of time in prayer, talking to his heavenly Father, the source of his power. Prayer is the Christian's greatest privilege. There are prayers that are prayed in Gods will, and prayers to be heard of men, asking God to do our will. Through prayer the Christian learns the will of God. We are guilty of using it so often for selfish purposes. Show me a praying man and I will show you a man of power, one who loves God.

The effectual fervent prayer of a righteous man avails much. There is only one prayer an unsaved person can pray and that is, "God be merciful to me, a sinner, and save me for Jesus' sake."

Oh, how praying rests the weary. Oh, how praying changes night to day.

Don't forget to pray.

## SOCIAL SECURITY NEWS

By RUTH G. DUFFY, Manager Alexandria Social Security Office  
Boyd Foster (name fictitious) was a happy man. He worked on the soil—he plowed the good earth and made things grow. Being a farmer was the only life he wanted. He liked working for Mr. Finley who owned those fine acres. But sometimes he would hear his father's words: "The earth can be good to you, Boyd, but it can be a hard taskmaster, too. It will use up your years and your strength like a sponge drinking in water. And when you're old and your strength used up, you may find it hard to get along." And Boyd wondered what would become of himself and his family when he was too old to work.

There are many people like Boyd Foster—farm workers who love to farm, but who are wondering about their future. Now there's good news about security for them in their old age. Beginning in January, they will be able to build toward old-age insurance benefits. The new law, however, will cover only regular farm workers who work for one employer for a cash wage, and not the farm owner or farm operator. You must be a regular farm worker. Let me define that term. First, you must work three months (a

calendar quarter). After that, if in each three months (calendar quarters) you work 60 days and earn at least \$50 in cash from the same farm operator, you will be considered a regular farm worker. If you change employers, you must start over and work continuously three months before your work with the new employer begins to count for social security.

If you are a farm worker (cooks and maids are included), you should make sure you have a social security card. If you have never had one, get an application for a card at your post office. Answer each question on the application and mail it to the Alexandria Social Security Office, 815 King Street. Many people working on farms have had social security cards. If you've lost your original card, ask for a copy of the card with the same number as the old card. Show your social security card to the farm operator for whom you are working. He must have your exact name and number as shown on the card to report your wages every three months.

tinguished military students from the U. S. Army Virginia Military Institute's Reserve Officers' Training Corps Unit, who have been selected from hundreds of applicants from ROTC Units in all parts of the United States, for appointment as a 2nd Lieutenant in the Regular Army of the United States. It was learned this week. Cadet William's appointment has been tendered him contingent upon his successful graduation from VMI in June, 1951, upon his physical qualification, his attaining the age of 21 years, and his inclusion in a list of Distinguished Military Graduates of VMI to be published later by the VMI President of Military Science and Tactics. Cadet Williams will be in the Armor Branch of the Regular Army. He is the son of Mrs. D. Brown Williams of Manassas.

From where I sit... by Joe Marsh

Friendship—Four  
Thousand Miles Apart

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of: between Dad Wilson in our town and a fellow in Sudbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then mails a chart of his next move.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of different nations, between folks here at home!
