R. Worth Peters, who has resigned as county superintendent of schools, will be signally honored at a banquet to be held at Dumfries High School.

Letter To Editor

Many Improvements, Low Tax Since Quantico Incorporated

EDITOR JOURNAL:

When the Town of Quantico was incorporated our present mayor and some of the present councilmen were elected and have served the Town in some capacity ever since, several years without pay for their services.

At the time of incorporation Potomac Avenue was the only hard surfaced street in the Town. It had been paved by the U. S. Marine Corps and was only thirty-eight feet wide. The only residences and business places that had electric lights purchased the power from a local citizen who owned some small generating plants. There were no street lights, no curbs or gutters except on Potomac Avenue.

There being no money in the treasury the Council and Mayor borrowed one hundred dollars to begin their administration and have never been in debt since.

They have had Potomac Avenue and Broadway widened, Broadway, Third and Fourth avenues and "C" street hard surfaced, curbed and guttered, also curbed and guttered Fifth Avenue. Potomac Avenue, east of Broadway, was widened and improved thereby affording the citizens of that locality better parking space. Sidewalks have been put in on practically all the streets. The Town has negotiated franchises with the electric, gas and telephone companies for their services. The street lighting system has been increased and extended several times since they were originally installed. This furnishes the citizens of the Town with as good street lighting as any small town that we know of, if not better. A town building was erected which affords the Town a meeting place for the council, a voting place for elections and a jail. Recently a free parking lot was developed to help relieve

Charleton E. Gnadt, commissioner of revenue of Prince William County, announced this week that he had filed as a candidate to succeed himself, subject to the Democratic Primary, August 7th.

Mr. Gnadt has served the county as commissioner of revenue since August, 1949, when he was appointed to the office by Circuit Judge

CHARLETON E. GNADT

Paul Brown to serve the unexpired term of the late Robert M. Weir.

Under his direction, the office has been efficiently administered. An up-to-date filing system has been instituted, and a large number of taxpayers, who had not previously filed, have been added to the tax rolls.

Mr. Gnadt is as yet unopposed for the nomination, and it is generally felt that his outstanding record for the short time he has been in office, makes him the logical choice for position which he seeks for a full term.

A native of Laurel, Miss., Mr. Gnadt moved to Quantico some years ago with his parents, his father coming to this section of Virginia on construction work.

Although only 34 years old, he has taken an active part in community and county affairs. He is county chairman of the American Red Cross, and chairman of the U. S. War Savings Bond committee. He is a steward of the Methodist Church of Dumfries. He served as past grand of the Order of Odd Fellows. He is a member of the Prince William Chamber of Commerce, the Masonic Order and the Quantico Lions Club.

Free X-Ray Clinic To Be Held In County

A county-wide free tuberculosis x-ray clinic is planned for Prince William County next month to be conducted jointly by the County Health Department and County Tuberculosis Association, it was announced this week by George Cumm, of Hoadley, chairman of the T-B Association.

It will be a mass survey of every citizen over the age of 15 years, stated Mrs. Katherine Spencer, representative of the association. "It's purpose," she said, "is to find out if people are healthy."

A truck from the State Health Department will be used for the clinic. It is scheduled from 9:30 a. m. to 4:30 p. m. in the county as follows:

June 5—Quantico, 301 1/2 Potomac Ave.

June 6—Triangle, Mountjoy Store.

June 7—Dumfries, Randolph Brainer Store.

June 8—Woodbridge, Woodbridge Garage.

June 11—Ocoquan, Lynn Store.

June 12-13—Manassas, Hotel Stonewall Jackson.

All the above clinics will be held on daylight saving time.

June 14—Nokesville, McMichael's Service Station.

June 15—Haymarket, Town Hall. (Standard time.)

Mrs. Spencer stated that it is the sale of Christmas seals that helps make these free clinics possible.

A meeting of all persons interested in tuberculosis work will be held tonight at 8 p. m. at Osborn High School, when plans will be set up to arouse public interest in the x-ray clinic.

Manassas PTA Slate Installed

The annual meeting of the Manassas PTA, on May 24th heard committee reports, installed new officers, and was entertained by the Junior Choral Group, under the direction of Miss Caroline Bule.

Mrs. G. Wallace Hook, treasurer, reported total balance and receipts of \$361.97, including \$134 from membership dues and \$27.85 from food sales, sponsored by the ways and means committee, of which Mrs. J. E. Barrett was chairman. Disbursements amounted to \$294.72, and included \$39 to the Cooperative Education Association, \$50 for religious education, \$37 for junior books, \$80 expended at Bennett School, and \$100 at Baldwin School.

Mrs. Barrett reported that her committee had conducted two food sales, and had served refreshments for two school dances, the "homecoming" in November, and the Junior-Senior Prom in May.

New officers, installed by retiring president, Floyd M. Riddick were: Mrs. G. Wallace Hook, president; Daniel M. Kelso, vice president; Mrs. John Harrell, secretary; Mrs. Harry Tomlinson, treasurer. Mrs. Riddick made a plea for better attendance of parents at meetings in the year ahead, stating, "I think it is unpardonable that the parents of the Manassas Schools do not have sufficient interest in their schools to come out once a month."

Daniel M. Kelso, Osborn High School principal and chairman for the ensuing year of the Manassas PTA program committee, in previewing program plans at the meeting on May 24, and indicated that parents and teachers of the Manassas schools will be urged to participate in a program of discussion of problems of the modern day schools, which should produce better understanding all the way around.

Mr. Kelso said that the ideas of the responsibility of the modern school are "as many as anybody could sit down and think up," and that there are at least five different agencies which point their fingers at the schools and make certain demands.

Colleges demand the teaching of specific subjects in preparation for college work, and Mr. Kelso pointed out that from the entire student body at Osborn there are only three students who desire to be taught physics next year, the teaching of which will require at least one-third of one teacher's day.

According to Mr. Kelso, the community demands that all youth be educated to fit neatly into the pre-stained patterns of living, pointing to preparation for adulthood and to preservation of those values that the schools hold high the ideal of social citizenship as a chief objective.

ADULT DRIVERS COURSE

An adult drivers training class will be held in Manassas, July 1 through August 15, sponsored jointly by the County School Board, Wheat Chevrolet and American Automobile Association. All interested in taking the course are requested to contact J. J. Leo.

"It's Easy To Criticize Schools" Principal Kelso Tells PTA

This subject will be necessary for entrance to colleges of their choice. The employer demands that the schools develop broad abilities which can be quickly converted into skills necessary to the job at hand. Parents demand that the schools train the child so that he will "do well scholastically," will develop into a well-rounded person, and will understand major factors requisite to the successful individual according to the definition of success which the parents themselves have formulated, sometimes forgetting that each child is an individual himself.

According to Mr. Kelso, the community demands that all youth be educated to fit neatly into the pre-stained patterns of living, pointing to preparation for adulthood and to preservation of those values that the schools hold high the ideal of social citizenship as a chief objective.

Political motives or not, there was noticeable silence on some important issues and surprise action on others when the Town Council met this week in its last meeting before the town election in which two Council seats are at stake. Annexation survey hardly got a nod. Brought up but passed over lightly was the selection of a town manager.

With two factions on the Council, it might be construed that neither camp would move to take any decisive action on matters that might be used as election campaign arguments.

ELECTRIC RATES

Councilman Ferpis Gue, who heads the utilities committee, and as a candidate for reelection, was successful in putting through his surprise motion for a change in electric rates, which reduced the rates to be charged to the small consumer, and means an increase to eight large consumers. The reduction will eliminate a 5 percent increase in general rates made last year and makes the cost of the first 10 kilowatts \$1.00 instead of \$1.50.

Que said his recommendation would mean more revenue to the town, and at the same time take some of the load off the small consumer and put the burden on the larger consumer where it belongs. Asked how much increase it would mean to the larger consumer, Gue stated he did not know.

All but Councilman Frances Saunders voted in favor of the motion. She said she preferred to abstain from voting until she made a more thorough study of the rates. The new rates will become effective July 1st, if the meters needed for the larger power consumers can be obtained.

Councilman Doggett, who is supporting Gue for reelection, led the fight for an increase in electric rates a year ago.

Doggett, incidentally, chose this time again to bring an old, old issue, the matter of a \$75 sewer hook-up charge against Harry Parrish, who is running for a seat on the Council. He asked that the matter be turned over to the town attorney for collection.

The fact that Mr. Doggett and his followers have implied to The Journal that it wouldn't print all the news of the Council sessions, would indicate that this particular one about Candidate Parrish was mainly for political reasons. So here it is:

Parrish has told The Journal that he is acting on his attorney's advice not to pay the sewer hook-up charge; that he feels he is right in asking compensation from the Town for sewer laid across his property.

ACCEPTED STREETS

At the request of Carl Kincheloe, and upon motion of Councilman Gue, Council accepted, subject to the approval of the streets committee and the town manager, that portion of Potomac Avenue, east of Broadway, which was widened and improved thereby affording the citizens of that locality better parking space. Sidewalks have been put in on practically all the streets. The Town has negotiated franchises with the electric, gas and telephone companies for their services. The street lighting system has been increased and extended several times since they were originally installed. This furnishes the citizens of the Town with as good street lighting as any small town that we know of, if not better. A town building was erected which affords the Town a meeting place for the council, a voting place for elections and a jail. Recently a free parking lot was developed to help relieve

This is the record of the Council. They have given the Town a good, honest, fair, economical administration. They have relieved the congestion on the streets. While making these improvements the Council lowered the tax levy from 75 cents to 40 cents. The merchant's license fees have been kept low considering that the street and sidewalks in the business section are swept nearly every day, which believe is a service that few small towns offer.

About a year ago the Town negotiated an agreement with the State Highway Department to have them take over the maintenance and repairs of the streets. The Highway Department has been short of funds and long of work the past year on account of a hard winter which caused excessive damage to their roadways. They have been requested to make their next objective in the Town, the improvement on the north end of "C" street.

Relieved of the cost of maintenance of the streets the Council is now planning to improve most of the alleys in the Town this year. In this they will be governed by the advice of the contractors. The Town will make temporary repairs to the streets as it becomes necessary and when the Highway Department cannot get to promptly. As a further improvement the Council is now putting in extra water mains to provide better fire protection to all of Quantico and planning an up-to-date fire alarm system.

Real Estate Firm Adds To Personnel

A large and competent sales staff to care for increased business has been announced by Claude A. Hixson, well-known Manassas real estate broker.

Among recent additions to the staff is E. Arnold Service, Jr., who has returned with the firm as salesman, and Miss Helen E. Spies, formerly bookkeeper-treasurer with Birmingham Dairy.

Other members of the sales staff is Connie N. Kincheloe, while serving as office secretary is Mrs. Leona L. Corbitt.

Mr. Service was formerly associated with the Fidelity Trust Company, Philadelphia, as real estate maintenance officer. He is a veteran of World War II, with five years of service, three of which were overseas. Discharged as Captain, Mr. Service operated "The Grill" in Manassas for two years. He joined the Hixson firm in 1943. In addition to real estate, he is sales representative for Elder and Jenks,

paint brush manufacturers, in Virginia and North Carolina. Miss Spies came to Virginia in 1940. Before becoming associated with Birmingham Dairy, she lived in Washington where she was connected with the Lafayette Hotel. She attended Woods Business School in New York and is a graduate of Walters School of Real Estate.

Mr. Kincheloe is a native of Manassas and a graduate of George Washington University. He has been associated with the District of Columbia government since 1928, and presently employed in the capacity of tax examiner in the inheritance tax division. He is a deacon in the Presbyterian Church and a member of the Kiwanis Club.

Mrs. Corbitt is a graduate of Edmondson School of Business, Chattanooga, Tenn. She was recently employed by the Navy department in Washington.

EAGLES BEAT HOADLEY

The Manassas Eagles, a group of hustling youngsters, continued their winning ways Sunday, when they defeated Hoadley, 5-2, behind five-hit pitching. The Eagles rapped the Hoadley pitcher, Hull, for eight hits, made by Swank, Rowe, Speaks, B. Yates, W. Yates, H. Walls, B. Walls and Payne.

Close Tilts Mark Weekend Play For Virginia League 'A' Teams

In two out of three contests in the "A" division of the Virginia League over the past weekend, it was a battle all the way. The Manassas Macs took a close one from Triangle, 2-1, while White Oak won a 12-inning tussle from the Nokesville Firemen, 5-4. In the only other game, Bristersburg walloped Occoquan in a free-scoring contest, 14-8.

FITCHER'S DUEL

A tight pitching duel between Russ Polen, Manassas' star hurler, and Tops Amidon, Triangle ace, featured Sunday's contest between these two bitter rivals. Polen gave eight hits to seven allowed by Amidon.

The margin of victory was determined in the 8th inning when Shusher of the Macs scored after a long fly in the outfield by Stewart Vetter.

The winners drew first blood in the opening inning, when Crabill scored after hitting a triple. Triangle even matters in their half of the second when C. Posey scored after getting on base with a single.

From then on, until Manassas scored in the 8th, it was a great pitching duel that kept the fans on the edge of their seats.

For the Macs, Monk Crabill led the attack with a triple and a single. The other hits were a triple by Buddy Merchant and singles by Saylor, F. Vetter and Polen.

Starring at bat for Triangle were G. Posey, Eddie Tyson and Reynolds, each with two singles. D. Posey and Katerelis also singled.

12-INNING AFFAIR

It was another close call for White Oak, the loop leaders, who eked out a 12-inning victory over Nokesville, 5-4, to remain undefeated to date.

Johnny Owens put Nokesville out in front in the first inning when he hit for the circuit with a healthy clout over the fence, scoring Reds Fitzwater ahead of him.

The score was knotted at 3-all in the ninth, with Nokesville first to break the tie in the 12th stanza, when they went ahead 4-3. But White Oak was not to be denied and came back with two runs in their half of the 12th to sew up the ball game.

Besides his home run, Owens also got two singles. Other Nokesville players handy with the willow were Fitzwater and Bill Brown, two singles each and Bill King and Fred Shepherd one apiece.

Nine hits were made off winning pitcher Jake Thomas, who has five victories to his credit. White Oak made eight hits off Nokesville ace Floyd Jones.

LOTS OF SCORING

In a loosely played but heavy hitting game, Bristersburg hit safely 18 times to defeated Occoquan, 14-8. The losers made 12 hits off W. L. Groves, winning pitcher. Occoquan took the lead at the outset and were out in front 2-0 until the third inning when Bristersburg racked up four runs.

G. Shepherd was the losing pitcher. Hitting the horseshoe for Occoquan were R. Gilliam and L. Gilliam, 3 hits; Murphy, M. Beahm, Ogaski, Wiley, G. Shepherd and Morrison, a single each.

Simple household repairs will save many valuable articles that aren't too badly damaged.

Gainesville Wins Over Upperville, 2-0

In a "B" division game, Gainesville hung up a 2-0 victory over Upperville, with Jim Noonan pitching a neat 5-hitter for the winners, while the losing hurler allowed but 4 safeties.

For Gainesville, Holt and King got two hits each, with Barker getting one.

In other "B" division games, Warrenton defeated Marshall, 9-0. Hume walloped Remington, 5-0.

Warrenton is unbeaten to date and tops the league, with Hume in the runner-up spot. Gainesville and Remington are tied for third with an even .500 average. Upperville, which has yet to break in the win column, is in the cellar.

by persons whose viewpoints are necessarily limited by the horizons of their own lives," said Mr. Kelson. In order to broaden those horizons, the PTA program will face squarely such questions as the following:

1. How can youth be made to realize that they are useful, important and necessary in a society which has less and less for them to do?
2. How can high school pupils be conditioned to want to work and accomplish worthy purposes when they live in a society whose prime motives are those of possessing ready-made articles which youth has had no share in producing?
3. How can high school students be taught to develop a scale of values and to become so habituated to its use that it aids in wise investments of energy, time and money?
4. How can young people be taught skills and disciplines necessary for performing difficult tasks, in the face of wider dispersion of their time in increasing numbers, of activities?

5. How can youth be taught independence and creativeness when they are increasingly concerned about security?
6. How can pupils be taught to learn by means of words, when much of their learning and experience, both in and out of school, is non-verbal, by means of radio, television, movies, where they can sit and be entertained and don't have to think and to express those thoughts by words?

Mr. Robey's home was the scene of a birthday dinner given Mrs. Louise Spindle, May 23rd. Those attending the dinner were Mr. and Mrs. Geo. Sellers and Nancy and Miss Doris Dye.

Miss Lawler, of Manassas, a third grade teacher here, had dinner with Mr. and Mrs. Lynn Byre, Friday.

BROTHER DIES

Mrs. Margaret Menefee's brother, Mr. Willie Fleming, who resided at Navy, Va., died Thursday. Mr. Fleming will be missed very much. He was a frequent visitor here.

MAY DAY SCHOOL

May day was celebrated at the school Friday with a very nice program and lovely decorations. Each grade took part in the exercises and Mrs. Keys crowned the queen. There were fifteen attendants and the crown bearer.

Lester Mohler is ill with flu. His children are on the sick list also.

Ralph Frey of Mt. Rainier, Md., and Mrs. Kathryn McLaughlin of Washington and Mr. and Mrs. Soper of Arlington were Sunday guests of Mr. and Mrs. Ewell Mohler.

Mr. and Mrs. Paul Allison and John of Arlington were dinner guests of Mr. and Mrs. Wm. Good, Sunday.

Mrs. James Powers and Edna Mae went shopping in Washington Saturday. Edna Mae is in the graduating class at Fairfax High this year.

BIRTHDAY PARTY

Misses Geneva Mayhugh and Pamela Darr celebrated their birthday with a party at the home of Geneva, Saturday. About twenty guests were present.

Mr. and Mrs. Earl Darr and Mrs. Dick Darr and children were Centreville visitors Sunday. The Darrs, who live in Washington, had a brief visit with Mrs. Nora Good. Earl Darr lived here several years ago.

Sports Shorts

WHITE OAK sure has a head start in A division race. The other teams in the league delight in knocking each other off but so far none has succeeded in taking the White Oak's scalp. The "B" division race is similar with Warrenton leading the pack but has Hume breathing down its neck.

SOFTBALL season should be getting underway soon. And we take it there's lots of interest locally in the sport. Ought to have some done on organization plans very soon.

GOLF PUTTS Maury Wells played his first game of golf at Fairfax Sunday. His friend (who dare mention his name), who took him out to show him how the game should be played, is pretty much in the dumps because Maury did better than his "woud-be" instructor. Judge Arthur Sinclair is reported as taking the winter wraps off his clubs in preparation to taking on some of the local divot-diggers. Understand one local enthusiast was all set to play Memorial Day but was afraid to ask his "better half."

LOTS OF SPORTS on tap for the Memorial holiday. Manassas and Nokesville clashed in a non-league game. And at pre-game time it looked as if interest between these two rivals was at red-hot heat. It always is!

PLAY HERE TOMORROW The Quantico Marines will play the Virginia All-Stars in a night game tomorrow night. Game will be called at 8:30 D.S.T. The All-Stars are sponsored by Manassas Elks, No. 698.

In a close game, the Osborn High nine took a 9-8 decision over Spottsylvania High, Friday. Begley scatted 11 hits for the winners, while his teammates were collecting nine.

Socking the ball for Osborn were Rudolph Fitzman with a triple and single, and Bo Black, who rapped out 3 singles. Marshall, Payne, W. Harrover and D. Poppa came thru with a single apiece.

SKILLET MEAL
The busy homemaker a skillet meal may be the answer to a quick, easy dinner. Most meals are quickly and easily prepared. They are economical in consumption because only one range is used. An advantage that pleases most homemakers is that there is only one wash.

Some skillet meals that only a big tossed salad, a hot bread and a simple dessert might please your family.

SAVORY SKILLET MEAL
Pounds round steak, small carrots, stalks celery, onion, 1/2 lb. bacon fat, large potatoes, quartered, 1/2 cup water, 1/2 cup salt, 1/2 cup pepper, 1/2 cup flour.

Streak into six individual servings with salt and pepper. Brown with flour. Pound slightly with fork. On each piece, place a small carrot on top and three slices of ham. Wrap steak around vegetables. Fasten with toothpicks. Add all sides in the bacon. Add the potatoes, and onion. Blend the water, flour, salt and pepper together in a gravy. Cover. Cook on high heat until steam appears. Turn to low heat for one hour.

STUFFED PEPPERS
Medium size green peppers, cups cooked ground meat, cups cooked rice, large onion, ground, can tomato soup, cups carrots, cut in 1/2 inch pieces.

1/2 cup Worcestershire sauce, 1/2 cup salt, 1/2 cup pepper, 1/2 cup water. Top off peppers, take out the stems, wash. Mix all other ingredients together except the carrots. Stuff peppers, using a

teaspoon so mixture will be solid. Stand the peppers up in a skillet and fill the center of the skillet with the uncooked carrots. Season these with salt, then add 1/4 cup water. Cover. Cook on high heat until steam appears. Turn to low and cook for 45 minutes.

When Allen T. He was assist- ing not only the stockholders in our own community, but from the counties of France, William, Loudoun, Paquelin, Warren and Shenandoah. The presence of gentlemen from the last two named counties was especially gratifying, as strongly indicative of the interest felt in that portion of the State, in the outcome of the enterprise.

This figure, Colonel Woodson said, is 3.8 percent above the comparable statistic for 1939 and is conservative since it is often impossible to ascertain whether a killed or badly-injured driver was affected.

Populstrian deaths increased from 1940's 197 to 216, urban deaths dropped from 124 to 117 but those in rural areas rose from 686 to 793. For the first time also, since 1941 the rate of deaths per 100 million vehicle miles increased as 1950 showed 2.9 against the 2.3 of 1949. The totals for 1949 were 310 killed, 17,850 injured, 38,707 accidents and \$30 1/2 million in monetary and economic losses. Traffic volumes were noted to have risen about 10 percent.

Miss Dickerson Is Bride Of Harold Thomas Here Saturday

A pretty ceremony at Grace Methodist Church, Saturday afternoon, May 26, was the wedding of Miss Virginia Ruth Dickerson, daughter of Mr. and Mrs. George C. Dickerson, of "Twin Meadows," Manassas, to Harold Thomas, son of Mr. and Mrs. L. O. Thomas, of Wood, Pa. The bride was given away by her father.

The Rev. Clark H. Wood officiated at the double-ring ceremony. The bride was attended by her sister-in-law, Mrs. Clovis Dickerson, Manassas, as matron of honor, and Carolyn Krammer, Washington, as maid of honor.

Harold Thomas, of Ohio, served as the bride's best man. Clovis Dickerson and Marvin Dickerson, Manassas, acted as ushers.

The bride looked lovely in a white tulle gown with fitted bodice and full train. She wore finger tip veil and carried an armful of calla lilies.

Other attendants were attired in white. The bride's mother wore a white dress with lace net, the maid of honor in green and the matron of honor in yellow. Both carried armfuls of calla lilies.

Following the ceremony, a reception was held at the home of the bride's parents. The newlyweds left immediately afterward for a wedding trip to Niagara Falls and points of interest on Lake Erie.

On their return, they will make their home with the bride's parents.

Relatives and friends from Delaware, Maryland, and Washington were present for the wedding.

Small Crowd At Memorial Day Service

A small number of citizens gathered for the Memorial Day service held Wednesday morning at the Manassas Legion.

The ceremonies, jointly sponsored by the American Legion, Veterans of Foreign Wars and United Daughters of the Confederacy, were held at the Manassas Legion.

The invocation was given by the Rev. John Edens. Tribute to the dead of all wars was inspiring.

Major Joseph M. Hanson, representing the U. S. D. C., presented a service cross to Judge Arthur Edens.

Rev. Fred Elgie of the United Brethren Church, gave the benediction.

They will be the center of attraction of three days of celebration which will begin with a star-bomb salute over Hampton Roads and a call to arms from a battered bugle used at Second Manassas.

Chapters represented at the meeting included: Arlington, Black Horse, Blue Ridge Grays, Blue Ridge, Breckenridge, Confederate States, Culpeper, 8th Virginia Regiment, Fairfax, Lee, Loudoun, Manassas, Falls Church, Mary Curtis Lee, 17th Virginia Regiment, Medleyburg, Mt. Jackson, Piedmont, Robert E. Lee, Sidney Lanier, Shenandoah, Stover Camp, 13th Virginia Regiment, Twiner Ashby, Warren Rifles, Welby Carter and A. P. Hill.

Luncheon was served in the church dining room for delegates and guests on long tables decorated with arrangements of orange blossoms and roses. The delicious meal was prepared by members of the Woman's Society of Christian Service.

The afternoon session was held at the Manassas Battlefield Park Museum with the Osburn High School Band furnishing music. Major Richard M. Graham, former pastor of Manassas Baptist Church, who is now serving as an army chaplain at Langley Field, was the guest speaker and dedicated six evergreens planted on the park grounds in memory of Confederate soldiers. The Rev. J. Murray Taylor of Manassas gave the invocation and received on behalf of his brother, the Rev. Arthur Taylor of Brookhaven, Miss., the Veteran's Cross, a posthumous award to his father, John Garland Taylor, of Prince William County, who was a soldier of the Confederacy. The benediction was pronounced by the Rev. Stanley Ben Price of Purcellville, a veteran of World War II.

The Manassas Chapter, U. D. C., has received an invitation to the 61st and final reunion of the Confederate Veterans in Norfolk on May 29 through June 3. The last meeting of the old soldiers is being sponsored by the Sons of Confederate Veterans, and only three of four survivors of the War Between the States are expected to attend. Each of these is 105 years old and will travel to the reunion by plane, train and car, one coming from Georgia, one from Louisiana and one from Virginia. They will be the center of attraction of three days of celebration which will begin with a star-bomb salute over Hampton Roads and a call to arms from a battered bugle used at Second Manassas.

New Officers of Woman's Club Assume Duties at May Meeting

The newly elected officers of the Woman's Club of Manassas took over the respective duties for the coming year at the May meeting held Monday evening at 8 o'clock in the Parish Hall of Trinity Episcopal Church.

The new officers were introduced by Mrs. R. E. Daffan, the retiring president, as follows: Mrs. Elaine Hartley Levine, president; Mrs. John Wightman, vice president; Mrs. Daniel Kelso, 2nd vice president; Mrs. William Barbee, treasurer; Mrs. Clyde Nelson, recording secretary; Mrs. Elene Henry, corresponding secretary.

Music was the theme of the enjoyable program, with Miss Carolyn Boule, supervisor of music in the Manassas school, as soloist.

Miss Boule introduced the speaker, Dr. Lester Bucher, music supervisor, Virginia state department of education, who spoke interestingly on "Music Programs in Virginia Schools." He told of the remarkable growth in the program since 1928, stressing the importance of music in the life of students, in elementary and secondary school life. He pointed out that music enriches the lives of all children, and adults, and is rapidly being expanded and studied workshops, clinics and promotion of music festivals.

He said music is now being taught on some basis in 117 counties and cities in Virginia by 392 instructors.

Mrs. Vincent Davis gave a summary of the proceedings of State Convention of the Virginia Federation of Women's Clubs, which she attended as delegate from the Manassas club. Mrs. Arnold Service reported for the Junior Woman's Club, and their active participation in the convention, which was held recently at the Shoreham Hotel, Washington.

Mrs. E. D. Gohwaite was in charge of the Social hour and refreshments, being assisted by Mrs. Daniel Kelso, Mrs. Florence Gue and Mrs. Mary Edwards.

5 Forest Fires In County Since Last of Year

Prince William County's spring
forest fire season ended officially
on May 15th, the Virginia Forest
Service reported today. The 4 p.
m. Brush Burning Law, which
was in effect from March 1st to
May 15th, usually terminates the
spring forest fire season in Virginia
except in instances of extremely
dry and windy weather during the
latter part of May or early June.

Chief Forest Warden T. Gordon
Pattie of this county reports that
so far this year 5 forest fires have
burned 16 acres. Last year in the
county 4 fires burned 30 acres dur-
ing the same period of time.

In the sixteen county Northern
Virginia District with headquarters
in Charlottesville, 179 fires have
burned 1,885 acres this year. This
is about 79 fires and 270 acres less
than those which burned in the
same period in 1950.

District Forester D. G. Wilfong,
Jr. stated that so far this month
there have been only a few small
fires and there should be only an
occasional one from now until the
fall fire season.

Of the nine Virginia Forest Ser-
vice districts in the state, the three
west of the Blue Ridge Mountains
had a lighter year than usual, due
to rain and snow. Henrico and
Chesterfield counties of the Rich-
mond District had over 100 forest
fires in each county, partially due
to the heavy population of these
counties. However, these fires were
small, usually not exceeding three
to four acres each.

that the fire lookout towers will not

fall unless an emergency arises.

tools.

E Bond Holders Are Offered Three Options

Ten years ago this month the
United States Treasury sold the
first Series E Savings Bonds. Am-
ericans now hold around 500,000,000
(million) such bonds, worth some
\$34,500,000,000 (billion), present
cash value. On May 1 such bonds
began to mature.

Chairman C. E. Gnad, of the
Prince William Savings Bond Com-
mittee, said yesterday that about
\$1,096,000,000 (billion) of Series E
Bonds issued in 1941 are still out-
standing and will mature month
by month between now and the
end of 1951.

In 1952 and 1954 the amounts
maturing will markedly increase,
reflecting the heavy wartime sales
of E Bonds in war loan drives and
under the payroll savings plan dur-
ing 1942-44. In 1955, maturities
will begin to come down to peace-
time levels.

The first E Bonds were called
"Defense Savings Bonds" until
Pearl Harbor, when they became
"War Savings Bonds" followed in
1946 by "U. S. Savings Bonds."

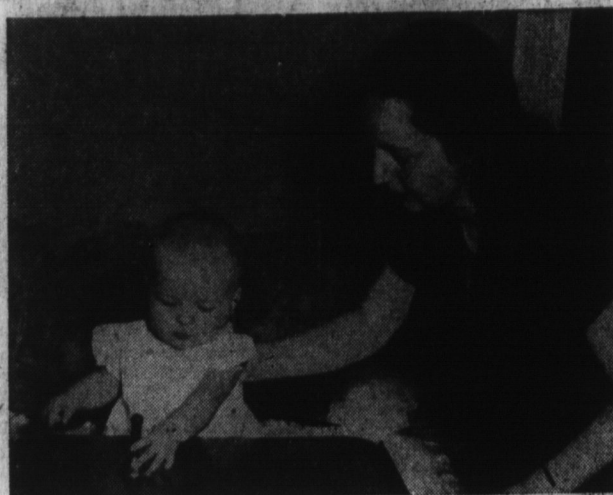

Chairman Gnad said that under
a recent act of Congress holders
of E Bonds, the most widely owned
security in the world, now have
three options at maturity, two of
which are new.

The options:
(1) **CASH**. The owner of any
Series E Bond may receive, if he
wishes, full cash payment by pre-
senting his matured bond to any
qualified bank or other paying
agent. This has not changed. The
new options are:

(2) **EXTENSION**. The owner
may retain the matured E Bond
and for a period not to exceed ten
additional years the cash value of
the bond will increase each six
months, interest accruing at the
rate of 2 1/2 per cent simple interest
for 7 1/2 years, and then at an in-
creased rate for the remaining 2 1/2
years, to bring the aggregate interest
return to approximately 2.9
per cent, compounded semi-annu-
ally (the average rate as for the
original ten-year period). This
choice requires no action by the
owner of the bond; any E Bond
which is not turned in for cash at
its original maturity date will be
extended automatically until such
time as the owner does present it
for payment. At the end of the
extended period of ten years, in-
terest ceases. The extended E Bond
may be redeemed at any time for
the full face value plus interest
which has accrued at the new rates.
Extension is a new privilege.

(3) **EXCHANGE**. Those who pre-
fer to receive interest as current
income, rather than having it ac-
cure and add to the cash value of
the bond, may exchange maturing
E Bonds in amounts of \$500 or
multiples thereof for Series G Sav-
ings Bonds. Series G Bonds are
registered bonds issued at face
amount (selling at par). They bear
interest at the rate of 2 1/2 per cent
per annum, payable semi-annually
from issue date until their ma-
turity in 12 years. There is a

TESTING BABIES IS HER BUSINESS

When the Children's Home So-
ciety wants a very special sort of
knowledge about a baby, Mrs. Bot-
timore gets it.

Mrs. Marjorie Bottimore, who
is a highly trained social worker,
gives developmental tests—often
called "psychologicals"—to babies
in the care of the Society. These
tests actually check a baby's alert-
ness and his ability to use himself
in comparison with what is aver-
age for his age. Specialized study
and a lot of experience are needed
to do the job satisfactorily.

So when you see Mrs. Bottimore
giving a bell to a baby girl you
know she's not trying to amuse
her. She's trying to find out wheth-
er little Mary is acting up to her
age level.

She uses several ordinary objects
to test babies, the kind of things
that may be found in a play pen,
such as a rattle, building blocks, a
tin cup. Even the baby's own
hands and feet are used.

Mrs. Bottimore explained that
the eight-week old baby should
look at the tester directly—and
with her eyes focused. Her facial
expression should change when a
little bell is rung although she may
not be able to tell the direction
from which the sound comes.

At 16 weeks the baby should be
trying to reach for anything put
within her grasp. She should do a
lot of cooing and laughing and be
absorbed with her hands.

At 24 weeks she should be pick-
ing up anything in sight and put-
ting her feet in her mouth. She
should also begin to move her
thumb and fingers in a flexing mo-
tion, and to turn her head toward
the bell when it is rung. She also
begins trying to say "Da-da."

Mrs. Bottimore says one "bang-
ling stage" comes at 36 weeks when
the baby loves to make noises and
throw things, clap two blocks to-
gether with her hands, and drop
things just to hear the noise.

When she is 40 weeks old she be-
gins to get interested in the pat-
tern of routine and waving bye-bye.

Mrs. Bottimore said most babies
react in the same way at different
stages in their development. She
explained that the tests she uses
were worked out carefully by Dr.
Arnold Gesell of the Yale Clinic
and have been used in testing thou-
sands of times. The Society uses

time limit after maturity of E
Bonds for exchanging them for G
Bonds; ask at any bank for de-
tails. G Bonds may be redeemed
at any time after six months from
the issue date on one calendar
month's notice from the owner. If
issued in exchange for maturing
E Bonds, they will be redeemable
for full face value whenever they
are presented for payment—a new
privilege.

The options outlined apply to all
outstanding E Bonds as they ma-
ture and will apply to all new
Series E Savings Bonds issued in the
future, Gnad added.

Charles Young Is Winner In Pig Contest

Announcement of winners in the revolving pig breeding project was made by County Agent Frank Cox this week. The placings and premiums, totaling \$110.00, contributed to the local boys by the Sears Roebuck Agricultural Foundation, are as follows:

Charles Young, first place, \$60.00; Delbert O'Meara, second place, \$25.00; Emory Mayhugh, Jr., third place, \$15.00; Bobby Michael, fourth place, \$5.00; Roy Bean, fifth place, \$5.00.

The premiums are presented by the Agricultural Foundation with the stipulation that they be applied to the purchase of additional purebred breeding stock or poultry. Each of the above boys received a purebred Hampshire boar used jointly by the group, through the cooperation of the Sears Agricultural Foundation and the Manassas Kiwanis Club.

In turn, the 4-H boys are each turning back a registered Hampshire pig from their first litter of pigs to the County Agent's office to be placed with another eligible club member this spring. The Agricultural Foundation is sending another purebred Hampshire boar to be used by the new group of boys receiving the pigs. One of the requirements of the project is that each member receiving a gilt keep the animal until after a second litter of pigs is farrowed.

Mrs. R. F. Powell, Correspondent

Marcus Runions, eldest son of Mr. and Mrs. Ira Runions, who lives near Kalamazoo, Mich., spent the weekend with his parents here. On Sunday, they were joined by three other sons, James of Manassas, Lawrence of Independent Hill and Earl of Nokesville.

Master Louis Nails of Alexandria has come to spend the summer with his aunt, Mrs. W. R. Stephens.

Mr. Olson, who makes his home with the Ray Hedricks, went to Washington, Monday, for a physical check-up.

Mr. and Mrs. A. V. Eanes and daughter Deanie took Mrs. Eanes' mother, Mrs. Emma Wolfe, to Elkton, Virginia, Sunday, where she visited her sister, Mrs. Huddle, and her brother, James Smith, who is still ill.

The three Brentsville boys, who departed with the National Guard unit of Manassas on Wednesday for active duty at Camp Stuart, Georgia, are Freddie Wolfe, Thomas Whetzel and Bucky Golladay.

Mr. and Mrs. Nicholas Webster are spending several days in New York City on business.

Mr. and Mrs. Elmer Breeden, and baby of Washington were Sunday dinner guests of his parents, the Ben Breedens.

Eazel, seven-year-old daughter of the Ben Breedens, fell out of the porch swing Thursday evening and suffered a severe cut on the chin. A stitch was required to close the wound.

Mr. and Mrs. Chas. P. Kempton and children, Mr. and Mrs. Wilbur Wright and family and Mrs. Floyd Davis attended the P-T-A meeting at the Brentsville District High Thursday evening.

BIRTHDAY PARTY
Corky Powell, younger son of the R. F. Powells, celebrated his fourth birthday Sunday by inviting eighteen of his little partners to a cowboy party at his home. Riding the Range, Stacking the Playjacks, and other Western games comprised the

entertainment. Refreshments of ice cream and a birthday cake with cowboy decorations followed the games, after which Mr. Powell read them all an action-packed Western tale. Parents present included Mr. and Mrs. Clarence Pope of Alexandria, Mrs. Ben Shoemaker and Mrs. Charles Croushorn.

Mrs. Ben Shoemaker and children and her sister, Mrs. James Shoemaker and family visited the Robby Fletchers of Independent Sunday.

Twenty ladies attended the party held at the home of Mrs. Ben Breeden on Friday evening. Since his was the birthday of her daughter, Mrs. Harry Visser, the ladies helped Angie Lee eat her birthday cake and sang "Happy Birthday" to her.

Mrs. George Braden, youngest daughter of the Joe Keys, and her husband were weekend house guests of her parents.

WELCOME NEWLYWEDS
In Brentsville it is traditional for the Rattle Band to welcome all the newlyweds of the community when they return to spend the night among home folks or at their own homes. So Saturday night the Band descended on Mr. and Mrs. Lloyd Keys (they were spending the weekend with her parents, the W. R. Stephens). Each member was equipped with any noise-maker he could find, be it bell, saw, or shotgun, which was used energetically just after the bride and groom were peacefully clinking. And—here is no cessation of the noise until the couple comes out and treats the gang.

Mr. and Mrs. W. B. Corbin and daughter, Suzanne, drove to North Carolina, Friday, to spend the weekend as guests of his two sisters.

Just "Can't Get Over" Easy's Fence

Few years ago, Easy Roberts took a lot of kidding when he planted that hedge of Multiflora roses — along his property line. Folks said he was getting pretty high-falutin'.

But today plenty of people who laughed at the idea slow down when they drive by Easy's place — just to look at those roses. Most beautiful sight you ever saw.

Practical, too! The hedge is a good four foot high now, and at least five foot thick—even a shoat couldn't get through that prickly mass of shrubbery. Best of all, it

cost less than ordinary fencing. (Might be well worth your while looking into.)

From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

FOUR IN SERVICE

All four sons of Mr. and Mrs. Louis Ritenour are back in the service again. Metalsmith 3-c Robert Ritenour reported back to duty at the Gun Factory in Washington on Saturday. He left his family at Independent Hill. Cpl. Roy Ritenour is in the 360th Artillery Division at Camp Edwards; Pvt. William Ritenour is at Camp Stewart, Georgia and Pfc. Louis M. Ritenour is at Camp Pendleton, Calif.

Remember the Payne family, who lived with the Showalter family near Brentsville years ago? They recently have come here to live since Mr. Payne has received employment at Vint Hill.

The Junior and Senior Woman's H. D. Clubs will hold their June meeting jointly on Tuesday, June 2. All club ladies please keep this date in mind.

The Seventh Grade Graduation exercises will be held at the school on Thursday, June 7, beginning at 1:30. A large number of young folks will receive their diplomas.

It's sure good to see Roy Fitzwater able to be back in the store again. He's not doing any work, but just being back a little while will help him a lot, we are sure.

Mrs. Olive M. Hooker and Bernice motored to Salisbury, Pa., on Friday to attend the commencement exercises of the Salisbury High School. The speaker for the evening was a favorite teacher of Mrs. Hooker, whom she had not seen for about twenty-five years.

P. T. A. Installs Officers

The P. T. A. met Thursday night. The meeting was opened with a prayer by Mr. Link. The P. T. A. cleared \$43.45 on the movie, "The Enchanted Forest." Mrs. Bryant's third grade won the attendance banner. The Library club gave a play, "An Apple for the Teacher," which was directed by Miss Joyce Moyers, librarian. Very good! Officers for the coming year were then installed by Mrs. D. C. Link, the program chairman. The officers are R. T. Gay, G. H. Sonarank, Mrs. T. J. Shepherd and Mrs. Clay Wood, Jr. There will be no meeting during the summer months but before the September meeting, the executive committee will meet to appoint all of the necessary committees for the coming year.

Mr. and Mrs. Howard Marshall and Dorothy attended the commencement exercises at the Shenandoah Conservatory of Music in Dayton on Sunday. Lowen returned home with them.

Mrs. Lila Kerlin arrived back from Camp Stewart, Georgia, Monday evening. The Prince William Folks there are getting settled but have not yet moved into the new trailer court which is being built for the service men.

Ted and Grace Shepherd and the Fred Shepherds had a very enjoyable trip to Richmond, Wednesday, partly on business and partly to just enjoy a day away from home.

We've just seen a picture of the lovely big house the F. H. Mays of Santa Ana, California, have recently purchased. The Mays have made the necessary adjustments in the house to accommodate two up-stairs apartments which they will rent.

Mr. and Mrs. L. J. Bowman, Mrs. Wade Whetzel and Wade, Jr., spent the weekend with relatives at Mathias, West Virginia. Miss Joyce Moyers went as far as Broadway to spend the time with her parents.

Saturday evening dinner guests of Mr. and Mrs. Wilford Wilkins and Peggy were Misses Alma Watts, Miss Dawn Arey and Miss Kitty Kirshmier, all teachers of Peggy Shepherd.

Howard Marshall has been suffering again from a very badly infected hand.

BORN IN GERMANY

Chaplain and Mrs. Dan Newman stationed in Germany have written friends here recently about the arrival of a little son. They have named him Larry David.

J. J. True, Sr., arrived on Monday night from Big Stone Gap to spend the next few months with the M. J. Shepherds. "Grampa" looks very good for his "advanced" age and is still very active. He'll enjoy so much meeting his many Nokesville friends again.

The T. C. Grays are now living in the Wade Whetzel house. They have just come to Camp Upshur from Camp Lejeune, North Carolina. Sunday they spent the day in Washington, their first glimpse of the Nation's capital.

It's really encouraging to see part of the Armstrong lot being made ready for the "expansion" of our school buildings.

Most of Nokesville will be traveling to Warrenton on Friday evening for the Firemen's parade and carnival. The parade will start at 6 o'clock, our time. Our band will be taking part in the parade, as well as the fire department.

Miss Dawn Arey entertained the band members in her apartment last Monday night. We are sorry to hear that Miss Arey won't be coming back next year but are sure she will be very happy playing the role of "Mrs."

We are sorry to hear that Mr. George Jones is ill, and sincerely hope that his condition will soon improve.
