

Enjoyed that Kiwanis-Lions football game the other night. That we supposed would be a comedy of errors proved a thrilling battle. The comedy, of course, was provided by the few oldsters, who were not as young as they used to be. Now, the Lions are claiming they practiced too hard before game time and wore themselves out.

Improvements... steeple repairs and painting completed at the All Saints Catholic Church... construction underway on the \$10,000 renovation project at the Manassas Baptist Church... some minor changes at the Journal office with the result that your editor has no place to hide.

Most families with children find it makes a big dent in the budget getting the kids prepared for school. We hear of one county family that is sending nine children to school this year with the cost of books alone amounting to \$98.00.

Charlie Caviness is all for a Greater Manassas Association to promote the development of the community. Seems as if you might have something there, Charlie!

We envy those who have put off their vacation until this season of the year. Traffic is lighter, resorts are less crowded and to our way of thinking September is the ideal month to take a vacation.

The treasury of the Nokesville Fire Department has been swelled by a donation of \$70.71 from the women of Bristow. This was the amount returned to the ladies by the now non-existent memorial fund. The department has recently purchased an Emerson ersuculator which is available to the public as the need requires.

One of our prominent citizens is limping around this week. As one of his friends tells us, he went fishing, and in need of bait, tried to catch some grasshoppers. Evidently, the grasshoppers were as hard to catch as the fish. How about it, Judge.

Changes... new pastor of the Presbyterian Church getting around and making acquaintances. Gladie Nixon coming out of the hospital. Dan Kelso having the coffee. John Hyson ending his highly dish of ice cream. Maurice Smith talking basketball. Reuben Hicks playing golf. Mr. and Mrs. Nicholas Webster enjoying lunch together.

Odd Fellows Lodge Making Hall Repairs

Extensive repairs are being made at the home of Highland Lodge, No. 252, I. O. O. F., on East Center Street.

Approximately \$3,000 will be spent to renovate the building, according to M. B. Smith, chairman of the lodge building committee. To date about \$1,500 has been expended in improvements to the structure and additional repairs are contemplated. New floor plans have been placed to strengthen the building which was originally used as the Methodist Church and is believed to be one of the oldest buildings in town.

The Odd Fellows purchased the building in the mid-thirties. Prior to that time they met in a hall at Independent Hill.

The first floor auditorium is the main project at this time which is being renovated to provide a place for community meetings. At present the auditorium is in use on Saturdays by the Seventh Day Adventist Church. A dancing class is also conducted there weekly.

Merchant Heads Crusade
Col. Allan Merchant has accepted appointment as chairman for the Manassas area of the 1951 Crusade for Freedom drive. The appointment was made by former Governor William M. Tuck, chairman for Virginia.

The Crusade for Freedom is the American people's challenge to World Communism. It offers individual citizens an opportunity to strike a blow for freedom in providing the means to get the truth through the people living behind the Iron Curtain.

Col. Merchant is expected to announce his plans for the drive in the Manassas area in the very near future.

County Assessment Shows Over 3 Million Increase

Fashion Show Models

These five Manassas young ladies are poised for the Junior Women's Club fashion show to be held this Friday night at Osbourne High School. Displaying the latest fashions are (left to right) Vicki Cullen, daughter of Mr. and Mrs. A. H. Cullen, representing the Martha Shop; Fay Saffner and Mrs. C. C. Lynn who will model for Margaret Lynch; and Miss Elaine Jones for the Gregory Shop; and Miss Fay Saffner, daughter of Mr. and Mrs. Harry Parrish, posing for the Martha Shop.

School Enrollment Up 23 Pct.; Occoquan, Nokesville Leaders

Occoquan and Nokesville paved the way as the 1951 County school enrollment zoomed beyond last year's figures. In comparison with last year as of September 30, attendance in white schools is up 565 pupils or 23 percent.

Occoquan, which has divided its auditorium into classrooms as a temporary measure, showed the greatest increase, 94 percent over last year.

Nokesville was next with 116 additional pupils over last year for a percentage increase of 37 percent. Baldwin was next with a 23 percent increase while Bennett was fourth, showing a 11 percent jump.

School officials said that the comparison with last year's figures are as of September 30, 1950. They reported that there is always a slight increase of students between the opening of school and the 30th of September since some children are still away on vacation with parents and report late for school opening. This should boost this year's record enrollment even higher.

In order to handle the expected boom in the lower end of the county, the Quantico Elementary School was reopened this year which accounts for no figure given to the chart for this school last year.

Cops Called To Give Lions Club 100 Pct. Attendance At Meeting

Call the cops! And the Manassas Lions Club did just that last night when they enlisted the aid of local police officers in bringing in an absentee to give the club 100 percent attendance.

In fact, there were two absentees. Jack Breeden finally turned up as result of a phone call but the cops were sent out to bring Don Gray, the other culprit, in.

Gray was escorted into the meeting place by the uniformed officers, and both he and Breeden had to be content with a diet of bread and water.

The 100 percent meeting was planned in honor of the president, Reuben Hicks. Also featuring the meeting was the presence of the new male teachers in the local

GUESTS FROM IRAN

Mr. and Mrs. Edwin Barbee had as their guests over the weekend, Mr. and Mrs. Ali Eftekhari of Tehran, Iran. Mr. and Mrs. Eftekhari will be remembered by quite a few who heard them speak in the Presbyterian Church last spring. They brought with them, at that time, many interesting articles which were displayed and explained to those present. Mr. and Mrs. Eftekhari are students in Washington.

A resident of Bradley Forest, Mr. Whitmore was born in Springfield, Mass. He is survived by his wife, the former Anne Molair of Washington, D. C., and one brother. The whereabouts of the brother was not known at the time of his funeral other than the West Coast.

Mr. Whitmore, a bricklayer all his life, had an unusual habit for which he was known throughout the county. On all buildings that he laid bricks, he always laid a new penny under the first brick of the job as a sign of good luck.

FINE ARTS GROUP

The Fine Arts section of the Woman's Club of Manassas will meet Monday, September 17th at 8:00 p. m. (DST) at the home of Mrs. John Collins, Route 621, with Mrs. Vincent Davis as co-hostess.

The program will consist of a panel discussion. The subject will be "Are We Advancing Through Modern Art."

County Pasture Program Good, Cox Reports

The Prince William County Pasture Committee, while pleased with the progress of its program up to this time, realizes that there are possibilities for pasture improvement on nearly every farm in the county, County Agent Frank Cox said. There are acres and acres of run-down, eroded and impoverished pasture sods that have almost unlimited possibilities.

These soils should be tested for acidity and limed accordingly. The land should be broken or heavily disced and 600 to 1,000 pounds of 2-12-12 fertilizer worked into the upper six inches to encourage deep rooting and to put plant food down in the root zone.

Prepare a well pulverized but firm seed bed and sow 2 pounds of Ladino clover and 8 to 10 pounds of orchard grass or fescue per acre. Fescue while not as palatable as orchard grass for dairy cows has a high carrying capacity for beef cattle and is particularly adapted to low, wet soils. It is doing a good job on such soils where it is taking the place of red top which was once widely used.

In no case should the seed be covered more than one-fourth to one inch deep. A too-loose, unpacked seedbed may mean a failure in getting a good Ladino clover-grass stand. Farmers who renovate their old pastures by reseeding during the next few days will have a head start over others who may wait until next spring.

New Dumfries Church Nears Completion

The congregation of the Dumfries Methodist Church is looking forward with anticipation to the completion of their new church edifice this month, according to the pastor, Rev. Clark Wood.

Plans call for final worship in the old church Sunday, and opening consecration in the new church building on Sunday, September 23. A large congregation is expected for the final service in the old edifice which has served the Dumfries Methodists for the past 70 years.

The new edifice is a modern brick structure and its completion is the culmination of long planning and fund-raising by the members of the church.

H. B. Whitmore Dies Monday In Hospital

Funeral services for H. B. Whitmore, retired bricklayer, were held this morning, Thursday, at 9 a. m. from the Baker Funeral Home in Manassas. Interment was in Arlington Cemetery.

The 76-year-old Manassas resident died early Monday morning after a long illness at Newton D. Baker General Hospital, Martinsburg, West Virginia.

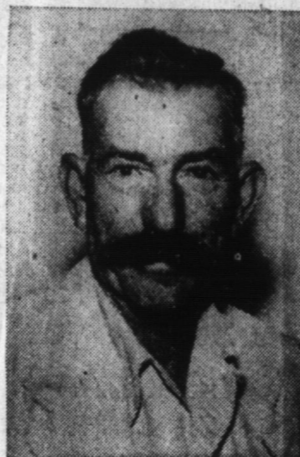

A resident of Bradley Forest, Mr. Whitmore was born in Springfield, Mass. He is survived by his wife, the former Anne Molair of Washington, D. C., and one brother. The whereabouts of the brother was not known at the time of his funeral other than the West Coast.

Mr. Whitmore, a bricklayer all his life, had an unusual habit for which he was known throughout the county. On all buildings that he laid bricks, he always laid a new penny under the first brick of the job as a sign of good luck.

FINE ARTS GROUP

The Fine Arts section of the Woman's Club of Manassas will meet Monday, September 17th at 8:00 p. m. (DST) at the home of Mrs. John Collins, Route 621, with Mrs. Vincent Davis as co-hostess.

The program will consist of a panel discussion. The subject will be "Are We Advancing Through Modern Art."

William C. "Nick" Reid, Sr., independent candidate for sheriff in the November general election, will face Democratic primary winner Turner D. Wheeling. Reid is an Independent Hill carpenter. He filed Thursday, September 6, one day before the deadline.

Lonas Passes Bar; Will Open Office Here

Leonard L. Lonas, Jr. of Manassas was one of 64 lawyers to pass the state bar exam given in Roanoke in July. A total of 377 prospective barristers took the test with only 17 1/2 passing.

Lonas is a graduate of Osbourne High School, Virginia Military Institute and at present is at the George Washington University School of Law. Lonas will graduate from George Washington in the fall.

During World War II, he served as a captain in the Field Artillery. He now holds a reserve commission in the Army Chemical Corps.

Before entering law school, Lonas was employed as a research chemist with the Commercial Solvents Corporation in Terre Haute, Indiana.

Mr. Lonas announced that he will open law offices in Manassas on the first of October.

Blaze Halts Work On New Sunday School

Work on the new Trinity Episcopal Church Sunday school annex was temporarily halted Tuesday when a small fire broke out in the roofing material machine.

Manassas firemen responded to the call Tuesday afternoon and put out the blaze in the tank which had overheated. The firemen used a mixture of pyrene foam and water which smothered the fire. There was no damage done to the building itself, but work on the roof was stopped because of the lack of materials.

Soil Conservation Candidates Named

The following names have been certified to the local electoral board as candidates for three positions on the Board of Supervisors of the Northern Virginia Soil Conservation District, which consists of lands lying within the boundaries of Prince William, Loudoun and Fairfax Counties:

Paul M. Irvin, Prince William County; Wm. H. Cockerill, Loudoun County; Randolph Eagle, Fairfax County.

Mr. Irvin of Nokesville was recommended as a candidate for the position to represent Prince William County at a recent meeting of farmers at the county agent's office and a petition was prepared and submitted in his behalf to the State Soil Conservation Committee.

Mr. Eagle, who lives just over the county line, was chosen by Fairfax farmers as their candidate. This election will be held in connection with the general election on November 6.

Mrs. Wade of Ohio is visiting her daughter and son-in-law, Mr. and Mrs. Marshall Musick.

Three County Horses Win At Maryland Fair

Mrs. J. R. Aldred, of Hickory Grove exhibited her Holbred filly foal "Brown Betty" at the Maryland State Fair, Timonium, winning second prize. This foal was bred by Mrs. Aldred who owns both the sire and dam.

Rollingwood Farm, Haymarket, showed two purebred Clydesdale mares and their foals at Timonium, winning four blue ribbons, two seconds, one third and three fourth prizes.

Dr. John R. Aldred, Haymarket veterinarian, took seven championships—also 7 firsts, 2 seconds and one third-place ribbons, with his Clydesdales. The winning yearling stallion brought home the St. Andrews Society ribbon for the best stallion of the breed.

The 14-year-old show mare, "Peggy Footprint," was judged the grand champion Clydesdale mare and was awarded the Foxhill Trophy. This trophy is a statuette which must be won five times to retain permanent possession.

Firemen Will Inspect All County Schools

Inspection of all county schools was the principal business transacted at the monthly meeting of the County Firemen's Association at Haymarket Wednesday night.

Manassas Fire Chief Raymond Davis told the 38 members present for the meeting that all county schools should be inspected by the local fire companies before the next meeting in October. The firemen will make out inspection reports which will be submitted to the Superintendent of County Schools in regard to what should be done to insure the school children's safety.

The firemen also heard its president, Dr. George B. Coker, compliment them for their interest in the association and for the good turnout of members for the meetings. The firemen also voted an honorary membership in the group to James A. O'Keefe, of the Manassas Journal. Following the meeting, the ladies auxiliary of the Haymarket Fire Company served refreshments.

The next meeting of the association will be held at Nokesville, October 10 at 8 p. m. standard time.

Making Estimates For 100 Bushel Corn Club

Estimates are now being made of yields of crops of 100 Bushel Corn Club members in Prince William County. Farmers who feel reasonably sure of being able to qualify as 100 Bushel Corn Club members, by making this yield on one or more acres of land may make application for an estimate to the county agent's office or to the Prince William County Corn Committee of which Kite Roseberry, Manassas, is chairman. Yields are estimated by making spot checks on fifty foot rows in the fields for which an estimate is desired.

Labor Board Calls Election For Electric Cooperative Employees

Approximately thirty-two maintenance and construction employees of the Prince William Electric Cooperative here will vote Wednesday, September 19, at an election called by the National Labor Relations Board to determine whether or not they wish the International Brotherhood of Electrical Workers to represent them as bargaining agent.

The Journal understands that the election has the consent of management and the Union, and that Union organizers have been active in seeking to organize the employees of the Cooperative for the past five or six weeks.

This is the second time that organized labor has sought to gain a foothold in Prince William County. Other efforts have been in attempting to organize employees of the Central Mutual Telephone Co. and in election of that firm's employees held this summer, the workers voted against Union representation.

Joseph C. McIntosh, representative of the International Brotherhood of Electrical Workers, Washington, D. C., has been in Manassas conducting meetings of the workers.

Assessed Values Hit New High In Prince William This Year

The assessed value of real and personal property in Prince William County for 1951 totals \$22,384,129, according to figures released this week by Commissioner of Revenue Charleton E. Gnadt.

This exceeds the 1950 figure by approximately three and a half million, according to Mr. Gnadt, who states that the new assessment total is far in excess of the amount anticipated. Highest estimates of the increased valuation had been placed at \$1,500,000 upon which the current county budget had been based.

Among the biggest increases noted in the assessment figures are in the public utilities group, which include the Virginia Electric and Power Co. plant at Possum Point, in the Dumfries district; the Transcontinental Pipe Line Co. in Manassas and Brentsville districts, and the Alexandria Water Co. in the Occoquan district.

Mr. Gnadt also attributed the increase to the general population increase, the big upsurge in residential and commercial building and in some localities of the county a house-to-house canvass to assure

C. E. GNADT

that all taxpayers are listed on the assessment rolls.

Below are the assessment figures by towns and districts submitted by Commissioner Gnadt.

1951 COUNTY ASSESSMENT

	Land and Improvements	Personal Property	Machine and Tools	Merchandise Capital	Public Utilities	Total Taxes
Brentsville	1,337,800	680,695	117,477	423,980	72,006.54

Don Ross To Be Inducted September 18

Donald Alexander Ross, 230 Fairview avenue, has been ordered to report for induction into the Army on September 18, Mrs. R. Worth Peters, draft board secretary said yesterday.

Ross is currently employed with the government in Washington, D. C. He is the only man from Prince William being inducted for September. Mrs. Peters said that no quotas have been received for October, but that she does not expect it to be raised to any great extent.

WIMODAUSIS MEETING

Wimodausis Chapter, 106 Order of the Eastern Star, will hold its next meeting Tuesday, Sept. 18, 8:00 Daylight time, in the Masonic Temple.

County Fires Light During August Says Fire Association

Manassas firemen were the busiest company during the month of August, according to County Fire Association statistics.

The Manassas smoke-eaters answered six fire alarms and two first aid calls. Occoquan was next with four fires and two first aid cases, followed by Haymarket with two fires and one first aid call.

Nokesville did not have a single fire but answered three first aid calls for help while Dumfries had only two fires. Independent Hill had a perfect record with no calls at all.

Club Women Plan Annual Fall Banquet

The Woman's Club of Manassas and Junior Woman's Club will give their annual fall banquet on Monday, September 24, at 7 p. m. DST, at the Grace Methodist Church.

Members of both clubs have the privilege of bringing guests. Guest speaker will be Mrs. Paul Hariz, president of the Virginia Federation of Women's Clubs. The Junior Club will furnish entertainment.

Banquet reservations must be made not later than 7 p. m. Friday, September 21, by contacting Mrs. Daniel Kelso or Mrs. Roy Lilly.

TO MEET FRIDAY

The Prince William County Tuberculosis Association will meet in the county school board office here on Friday, September 14, at 7:30 p. m. E.S.T. Every member of the board is urged to be present as well as others interested in the tuberculosis control program in the county.

Store Sweet Potatoes Now; Sell Later

Virginia's sweet potato growers are being advised to store this year's crop and sell it in the spring and early summer of 1962 when they can expect premium prices.

Dr. J. L. Maxton, marketing specialist at V.P.I., points out that the crop this year in the United States is only 63 percent of normal, and that growers who carefully dig and cure their sweet potatoes can expect to receive prices for sale out of storage which will return to them the entire cost of building storages at present day costs.

Sweet potatoes must be considered as a perishable when they are dumped on an over-supplied market at harvest time and yield low returns, he says. However, they are considered as a staple by many growers who sell only a canner's grades and culls for livestock feed at harvest.

Pointing up the difference in prices growers may receive at harvest and later out of storage, Dr. Maxton reports, for instance, that in New York City (one of Virginia's main markets) the crop of Porto Rican variety at harvest sold

Father-Son Agreement Bulletin Available

A new Extension Service bulletin, "Father-Son Farm Agreements," now is available from county agents and the Virginia Extension Service at V. F. I., Blacksburg.

A companion piece to a more technical Experiment Station bulletin of the same name, the publication is the first of a series concerned with farm management problems of the South.

Agricultural leaders of 13 southern states have used research material from a number of agricultural colleges, and the experiences of hundreds of southern farm families in preparing the bulletin. The information, they believe, should be especially helpful in making adjustments on farms where father-son agreements are already established. It should also prove valuable to father and sons (or sons-in-law) who would like to get a start in farming together.

The Journal is like a "letter from home" to those away from home.

for \$1.85. On the other hand, potatoes from the same crop sold in July, 1961 for \$5.68 a bushel.

The story has been similar the past few years, he says.

Servicemen's Corner ...

DEALE, STANLEY PROMOTED IN KOREA
WITH THE 1ST CAV. DIV. IN KIRGA — Two Manassas men stationed in Korea have been promoted to sergeant.

Carlos F. Deale of route 1 and Harold J. Stanley, also of route 1, were promoted while serving in the 1st Cavalry Division's 8th Cavalry Regiment.

The 8th was the first unit to cross the 38th Parallel last October. Earlier the regiment joined another cavalry regiment to crush three Communist divisions attempting to puncture United Nations defenses around Taegu.

HOOE ASSIGNED TO ALEXANDRIA
Sgt. John R. Hooe, Jr., of Manassas, Va., has been reassigned to duty with the Army and Air Force Recruiting Station at Alexandria, Va.

Sgt. Hooe, the son of Mr. and Mrs. John R. Hooe, Sr., of Route 2, Manassas, Va., has served with the 25th Weather Squadron at Robins Air Force Base near Macon, Ga., for the past two years.

He has been a member of the Air Force for four years and served 13 months in Germany. His unit in Germany took part in the Berlin airlift.

Sgt. Hooe is married to the former Miss Bobbie Jean Ellis of Waco, Tex. He will report to his new duty station at Alexandria on Sept. 15.

CONNOR ASSIGNED
Pvt. Carroll E. Connor, 23, son of Mrs. Virginia Connor, Route 1, Manassas, Va., has been assigned to the Medical Replacement Training Center at Ft. Meade, Md., for Army basic training after completing processing at the 2053rd Reception Center.

He was graduated from Bridgewater College, Bridgewater, Va.

He will receive eight weeks training in basic military subjects necessary for all soldiers. This will include qualification firing with the carbine or M-1 rifle.

The last eight weeks of the 16-week course will cover advanced individual subjects and the basic fundamentals of his arm or service.

KOREAN WAR VICTIM RETURNS HOME HERE

A Manassas youth, Marshall E. Fletcher, who lost his life in Korea, is being returned to the states, the Defense Department announced.

Fletcher will return aboard the Alamo Victory which is expected to dock in San Francisco today. Fletcher is the son of Roby Fletcher, Route 2, Manassas. His body will be sent with an escort to a point designated by the Fletchers.

Big results at low cost with a Journal classified ad.

Official Department Of Defense Photo

NEW ANTI-SUBMARINE AIRSHIP NEARS COMPLETION
A new type blimp, the largest non-rigid airship ever built, has been developed as an answer to the threat of enemy submarines. It is the "Nan-Ship," soon to be launched into the air. Larger than the blimps of World War II, and carrying more submarine detection devices, it is capable of flying longer and farther without refueling. Airships, operating with planes and surface vessels, have proved successful in seeking out and tracking submarines.

Manufacturing In State Over National Avg.

Virginia manufacturing is keeping pace reasonably well with that of the rest of the country and is healthily balanced among "depression-proof," consumer-goods industries, according to an interim report published this week by the industry committee of the Advisory Council on the Virginia Economy. The report also shows a rather high degree of geographical dispersion in manufacturing, as twenty-seven localities have more than 1,000 workers employed in any one major industrial classification.

On the other hand, says the committee, more heavy "durable goods" industries are needed in the State, and Virginians must also produce more "finished" items if their per capita income is to rise to the national average.

Walter Dolbear of Richmond, chairman of the committee, noted in a foreword to the 62-page report that after the last two wars the Old Dominion's industrial growth had continued along the "same lines" that had been in evidence before the outbreak of war.

The report released today is principally a factual account of the development of Virginia industries between 1929 and 1947. However, it raises significant questions as to the future pattern of the State's industrial growth, the action of various public and private agencies to attract new industries to Virginia and to help stimulate growth in those now here, the effect of social economic and governmental factors in deterring or favoring growth in the State's industry, and the effect of the dispersion of industry in the interest of national defense on industrial growth in Virginia.

Virginia leads the nation in numbers of workers employed in the manufacture of synthetic fibers, chewing and smoking tobacco, marine animal oils, and excelsior mills. It ranks second in cigarette production, after North Carolina.

During the 1939-47 period, the study indicates, Virginia's manufacturing population increased from 150,202 to 216,637, and the value added by manufacture from \$376,259,000 to \$1,061,000. Later information pertaining to the three post-war years 1946-49 shows income from manufacturing increasing by 27.5 percent in Virginia as compared with 16.5 percent in the nation.

Manufacturing employment in Virginia is highest in textiles, chemicals, lumber products, food, and tobacco, in that order. In value added by manufacturing, the ranking is first for chemicals, with textiles, tobacco, food and paper next.

Hog Prices Drop During Last Month

Hog prices at nearby terminal and local markets were lower during August and the first week of September. According to the Market News Service, hog prices have declined since the first week of August. This is a reversal of the normal trend as prices usually rise in August and reach their peak in September.

The Market News Service reports that terminal market prices for hogs during the last 15 days of August were \$1.00 to \$2.50 lower per hundred weight than last year. Virginia auction markets followed the same price trend. Prices varied between markets depending upon distance to terminal markets and local slaughter demand.

The U.S.D.A. reports that commercial hog slaughter in the first half of 1961 was 9 percent above 1960. Since the 1961 spring pig crop was up 7 percent from last year, slaughter in the late summer and fall is expected to be 5 to 10 percent larger than last year.

In Virginia, hog slaughter for July followed the national trend which was 14 percent higher this year. The average weight of Virginia hogs was 217 pounds, or 8 pounds heavier than in July 1960.

The Bethlehem Club will meet with Mrs. L. A. Jackson on Wednesday, September 19th at 2:30 p.m. Mrs. Marvin Reece will give a book review.

Mr. and Mrs. Horace Foley have returned from a trip to Atlantic City, N. J.

92 Counties Have Set Up Pasture Work

The belief that "Green Grass is Gold" is beginning to become widespread in Virginia.

Governor John S. Battle, reporting today on the program of the state-wide pasture program said that so far 92 counties have set up pasture programs and that virtually everybody is making grassland farming their business.

Represented on the county pasture committees are practically every civic, industrial, and agricultural group in Virginia.

Governor Battle said there is an average of five, sub-committees in each county and an average of 16 different organizations represented. However, the numbers vary, ranging up to thirty-nine organizations and twenty-one committees in a county.

The counties are using such means as contests, demonstrations, tours, exhibits and workshops to

further the pasture program. The working hours are interspersed with fish fries, picnics, and brunswick stews.

The Governor cites the activities of the typical county. Located on the edge of Southwest Virginia, this county so far has had a fish fry

dinner and briefing meeting forty-four farmers whose pastures were visited on tour. Later, the tours, including four farm visits, were led by professional agricultural workers in the county. Two local newspapers published a pastured edition.

CREW SPELLS OUT 'LEYTE'; READ IT—Shown in the above photograph is the USS Leyte upon her recent return to the United States after several months of duty with U.N. Naval Forces in Korean waters. The Leyte joined Admiral E. C. Evan's Task Force 77 early last October after a record breaking run three quarters of the way around the world. The next day her pilots started pounding the enemy living close support to ground troops. During the tour of duty in Korean waters the Leyte's planes destroyed or damaged over 1,000 military buildings, 127 vessels, 69 bridges, besides blocking 8 tunnels and inflicting 10,000 casualties.

HOME-MAKING IDEAS

ALL GOOD EGGS DESERVE A BREAK

When the youngsters go off to school, they may be carrying a heavily laden lunch box but, did they have an adequate breakfast? The food of breakfast is more important to everyone than that extra half hour sleep you wanted so badly.

Of course, eggs are probably the most common breakfast food; but must we have them scrambled or fried every day?

Here are some suggestions for variety which perhaps the grownups as well as the school girl or boy will welcome.

Creamed Eggs

- 1/2 c. butter or margarine
- 1/2 cup flour
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 teaspoon paprika
- 2 cups milk

Hard cooked eggs
Melt butter, add flour and seasoning. Blend well and cook over low heat until bubbly. Add cold milk all at once and cook stirring constantly until thickened. Slice or chop eggs as desired and add to sauce. Heat a few minutes longer.

stirring gently. If desired add more seasoning. Serve hot on toast, in noodle nests, over corn bread or as desired. 4 servings.

Variations

Add 1 cup diced cooked meat or shredded dried beef to cream sauce just before adding eggs. If desired, reduce eggs to 4.

French Toast

- 3 eggs, slightly beaten
- 1/4 teaspoon salt
- 1 teaspoon sugar
- 1 c. milk
- 6 to 8 slices (2 to 3 days old) bread

Pat for frying
Combine eggs, salt, sugar and milk in shallow dish. Dip bread in egg mixture turning to moisten. Brown on one side on well-greased griddle or frying pan, turn and brown the other side. Add fat as necessary to keep them from sticking. Serve with syrup, jam, honey, confectioners' sugar or fruit. 6 to 8 slices toast.

Variations: Cranberry French Toast — spread jellied cranberry sauce between two thin slices of bread before dipping in egg mixture. Brown as above. Serve plain or with creamed chicken, egg, fish or meat.

Turkey To Be Plentiful In Virginia

There'll be plenty of turkey in Virginia this year.

D. U. Livermore, poultry marketing specialist at V.P.I., says Virginia growers are raising 3,571,000 turkeys, 56 percent more than in 1950.

The Shenandoah Valley accounts for about three-fourths of the state's production, while Rockingham county alone, "The turkey capital of the East," probably produces more than half.

Nearly two-thirds of the Virginia crop consists of the small Beltsville White turkey, a breed which has been developed to meet consumer demand for small young turkeys throughout the year. In 1951, Virginia will market nearly 1,000,000 Beltsville Whites at about 16 weeks of age, weighing between 4 and 7 pounds. This means that a substantial proportion of the crop will have been marketed and consumed long before the traditional holiday season.

The national turkey crop is estimated at 16 percent above last year. This may be enough, Livermore says, to raise per capita consumption to about 5.5 pounds of turkey meat compared to 5 pounds last year.

Inflation or no inflation, a production increase of this size should assure consumers of all the turkey they want at farm prices little, if any, higher than pre-Korean levels. The increase in cash receipts to growers this year will be the result of greater production rather than merely price increases.

This year Virginia ranks 4th in turkey production, after having edged past Iowa which held 4th place last year. Virginia now is exceeded only by California, Texas, and Minnesota.

KITCHEN MEMO

BY JEAN CLARK

YUMMY is the word for Poppy Seed Cheesecake. Crush 1 1/2 cups sweetbread crumbs. Cream 2 1/2 cups butter, 2 tbsps. sugar, blend into crumbs. Grease sides and bottom of 9" spring form pan. Press crumbs onto bottom and sides saving 3 tbsps. crumbs. Mix 2 tbsps. flour, 1/2 tsp. salt, 1/2 cup sugar, 2 1/2 tbsps. poppy seeds. Cream 5 1/2 pkgs. cream cheese (room temp.); beat in sugar mixture. Add 4 beaten egg yolks, 1 tsp. vanilla, 1 cup heavy cream. Fold in 4 stiffly beaten egg whites. Top with remaining crumbs. Bake in water bath at low heat (325° F.) 1 hr. Turn off gas, open oven door, let cake stand to cool at back of oven.

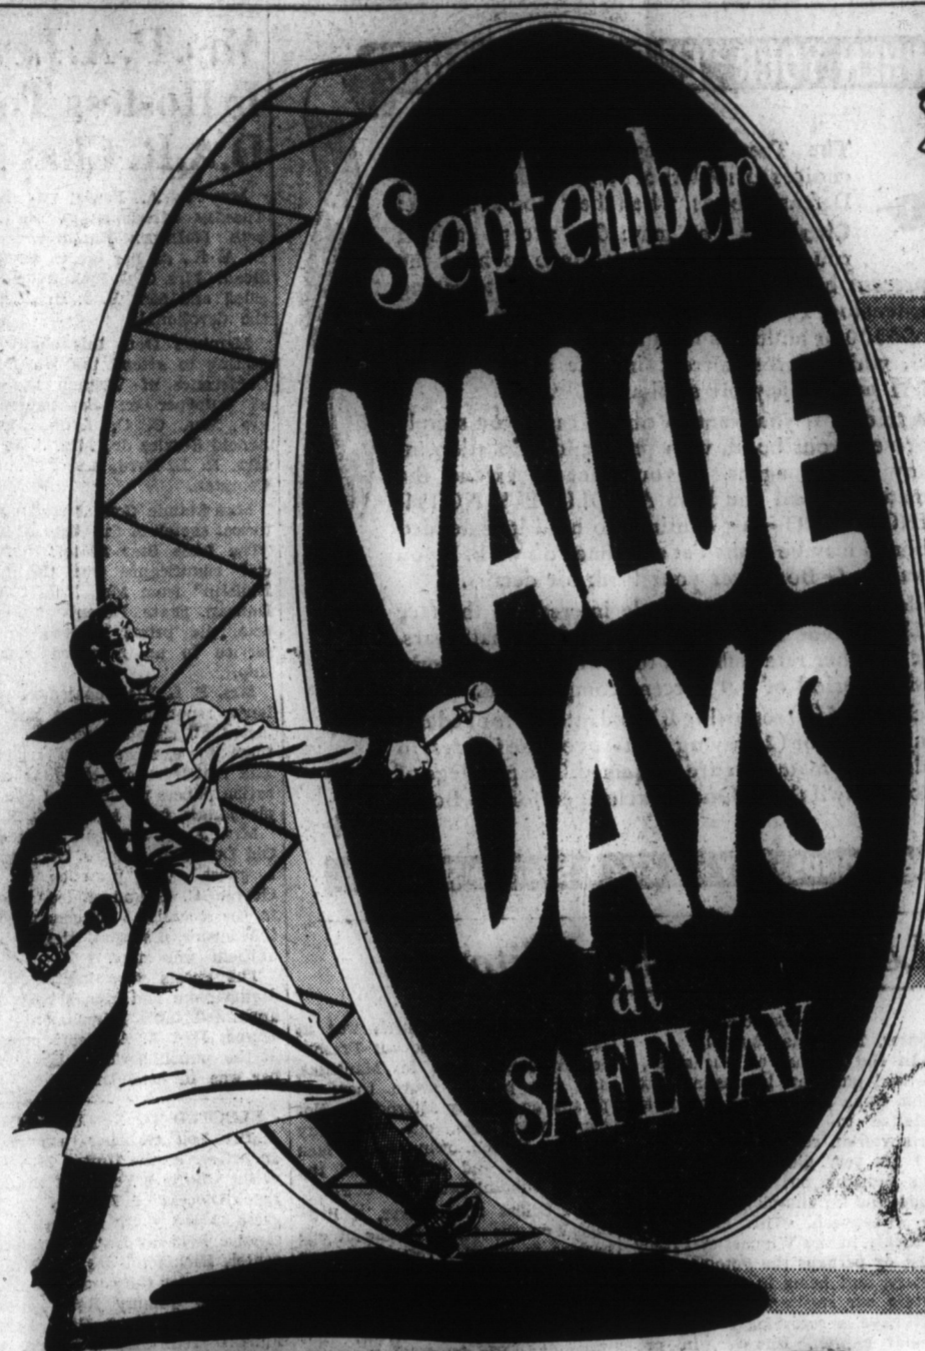

The sediment which inevitably collects from water passing through pipes into the water heater should be drained periodically through the convenient outlet provided for that purpose on all automatic gas water heaters.

Onion Zip: 1 tsp. grated onion to 1 qt. casserole dish of macaroni and cheese. Lifts the flavor.

For easier asparagus cooking: Boil in frying pan over low flame. To drain, hold pan cover over the top and tip liquid into bowl.

Overloading the automatic gas dryer with too many wet clothes is as bad as overloading your automatic washer. The clothes just don't dry properly. Consult your owner's guide for hints on weight of dryer load.

When glass cooking pans become clouded from the minerals in water, remove film by adding 2 tbsps. vinegar to about one qt. water, boil over high flame for a few minutes.

The Manassas Journal

Established 1869

Published every Thursday, at the office of The Manassas Journal, Manassas, Va., by the Prince William Publishing Co., Inc.

Entered as second-class matter, Post Office, Manassas, Va.

Subscription Rates: By the year, \$2.00; outside Prince William County \$2.50; single copy 5 cents. All subscriptions payable in advance.

Time For Action

Most citizens will agree that Prince William County's most pressing need is more adequate school facilities. It is encouraging, therefore, that Superintendent J. M. Garber and members of the school board are meeting in Richmond today to discuss the school building needs with Governor Battle.

Just what the outcome of this meeting will be cannot be determined at this time but at least it shows a determination by the school board and the administration to seek a solution to the building problem.

A year ago Prince William turned "thumbs down" on school bond issue to provide funds for more adequate school facilities. Regardless of how much state or federal aid may or may not be forthcoming to finance the sorely needed school building program, the County must face the realization that a bond issue is necessary to provide its share of the funds needed.

One only needs to look at this year's big increase in enrollment figures and the overcrowded condition in every school to realize that the time has come to meet the problem with as little delay as possible. Every day wasted in our efforts to provide a solution, places additional handicap on teachers and children alike.

WHEN YOUR "E" BONDS MATURE

The Treasury Department offers three choices to holders of Series E, United States Defense Bonds, when their Bonds mature:

Choices: You may: *One*, accept cash, if you so desire; *Two*, continue to hold the present bond with an automatic interest-bearing extension; *Three*, exchange your bonds in amounts of \$500 or multiples for a Defense Bond of Series G, which earns current income at the rate of 2½ percent payable semi-annually.

Action: If you want to obtain cash, you simply present your bond, with proper identification, to any paying agent. If you want to extend the matured bond you have **ABSOLUTELY NOTHING TO DO**—just continue to hold it. Extended bonds may be cashed at any time you wish. If you want a G Bond, see your bank for details.

Interest: The extended bond will earn simple interest on the face amount at the rate of 2½ percent for the first seven and one-half years. Thereafter it will be at a higher rate sufficient to provide a total return for the 10-year extension period of 2.9 percent compounded.

Taxes: You have the choice of (1) reporting E Bond interest for Federal income taxes on an annual basis or (2) paying the taxes on the interest in the year when the bonds finally mature or are redeemed. The privilege of deferring taxes does not apply if the E Bond is exchanged for a G Bond.

Letters To The Editor

September 12, 1951
 Editor, Manassas Journal.

In the Journal of August 30, I noticed quite an interesting letter from Chas. J. Gilliss of Haymarket, relative to the founding of the Presbyterian church here.

I am very glad that Mr. Gilliss has brought out the information about the log church (Presbyterian) in Greenwich. This church was probably in the Winchester Presbytery, or perhaps the Potomac Presbytery, and being in another presbytery our sessional records would not have a recording of this particular church. However, in preparing my article for your paper, I did not do as much research as I should have done, and no doubt Mr. Gilliss has sessional records which will confirm his statement. I am glad to know that Presbyterianism in this county began quite a bit earlier than our records show.

Miss Saunders In Meeting At College

The teacher of week day religious education in Prince William County, Miss Hazel Saunders, has just returned from the annual teachers conference held at Bridgewater College, Bridgewater, Virginia, August 31-September 4th.

This was the 17th such training period held each fall before the beginning of the school year for week-day religious education teachers in Virginia. Prior to the conference, new teachers met for a three day orientation session also at Bridgewater College.

At Bridgewater this year, 72 teachers were present from 18 states, representing 10 denominations. They go to 349 local school communities in Virginia under forty school boards to teach approximately 48,000 pupils.

In Prince William County, week-day religious education classes will begin this week. Last year in this County, 96 percent of the pupils enrolled in the religious education classes.

The president of the Prince William County Council of Churches is Rev. Albert Winn; vice president, Mrs. Paul Swigart; secretary, Miss Frances Owens; treasurer, Rev. Conrad Snavely.

MISSIONARY MEETING

The regular meeting of the Missionary group of the Baptist church met in the church Tuesday afternoon, and the W.M.U. Circle attended a supper meeting at Marshall.

THETA RHO CLASS

The Theta Rho Class of Manassas celebrated its first anniversary the past week with visitors present from Falls Church, Culpeper and Alexandria. The class was organized a year ago in August under the supervision of Mrs. C. Y. Hill.

The Minnieville church was at one time a mission to our Presbyterian church here in Manassas, and our pastors drove there to preach on Sunday afternoons. Not many years ago, our Presbytery sold the church, owing to the lack of members and interest and the church building was torn down.

Mr. Gilliss is, however, a little mixed on the name of one of our pastors to whom I referred in my article—the Reverend J. Garland Hamner. I am not sure of his first name, but his last name is most certainly HAMNER, not Hammond. His daughter, Emma B. Hamner, is still living, quite active in church work, and was a guest in our home last year.

Was glad to read Mr. Gilliss' letter.

Very truly,
 Gladys Bushong
 Manassas, Va.

COUNCIL TO MEET

The Manassas District Council of Churches will meet on Tuesday night at the Methodist Church at 8:00, for an important session, which will include the adoption of a budget for the year and the election of officers. The pastor and two representatives from each church compose the board of directors. It is anticipated that the year ahead will see several projects carried through to completion.

Dumfries

By Dorothy Acord
 Major Robert Cable of Camp Lejeune, N. C. spent the weekend with his family here.

Mrs. Bill Lint left Saturday for Camp Lejeune, N. C. where she was called, due to the illness of her husband.

Dr. and Mrs. Harry Robelen entertained at a Charades party on Saturday night for Mr. and Mrs. Jack Fick Jr., Miss Elizabeth Brawner, Francis Waters and Walter Baker.

Miss Frances Scott of Alexandria spent the weekend with Mr. and Mrs. George Waters also home for the weekend was their son, Pvt. George Francis Jr. of Fort Monmouth, New Jersey.

Mr. and Mrs. Vernon Acord and family spent the day at the zoo in Washington on Sunday.

Mrs. Herbert A. Smith spent the weekend with her sister, Mrs. Ruby Boatwright in Washington.

Mrs. George Katsarells entertained the Adult Bible Class at her home on Wednesday evening.

Miss Jacelyn Brawner and Walter Baker entertained the Canasta Club at the former's home on Monday evening. High score prizes went to Miss Elizabeth Brawner and Mr. Jim Williams.

Mrs. T. M. Milligan was dinner guest of Mr. and Mrs. Carl A. Rollins in Manassas on Sunday.

House guest of Mr. and Mrs. T. M. Milligan for a week was Mrs. Milligan's mother, Mrs. D. B. Hashe of Fairfax.

Mrs. Warfield Brawner has been ill for the past several days and her friends wish her a speedy recovery.

Mrs. P. A. Lewis Is Hostess To D.A.R. Chapter

Mrs. P. A. Lewis was hostess Tuesday afternoon to the Elizabeth McIntosh Hammill Chapter, D. A. R., at her home on Sudley Road. Mrs. C. C. Lynn, regent, presided and Mrs. B. J. Bradford led the devotional.

Members from this chapter expecting to attend the 5th District Conference of Virginia Daughters at Culpeper on September 26th are Mrs. C. C. Lynn, Mrs. E. Arnold Service Jr., Mrs. J. E. Rice, Mrs. R. L. Byrd, and Mrs. C. B. Compton.

Miss Mamie Conner read an historical sketch of the State of Texas, "The Lone Star State." Of special significance was the "State Bulletin" from Mrs. Robert V. H. Duncan, State Regent of Alexandria, the prime purpose being a service to an informed membership.

Mrs. E. L. Rice, chairman of defense, reported that she had contacted all chapter members urging them to exercise their franchise. The registrar reported four applications pending and two supplements from Mrs. E. L. Rice.

Mrs. J. V. Odeneal, member of Old Donation chapter, Norfolk, was a guest. The presence of Mrs. George C. Round added pleasure to the occasion. In conclusion of the business session, the national anthem was sung.

The guests were invited to the dining room and from a beautifully appointed table refreshments were served, Mrs. A. A. Hooff presiding at the punch bowl. A large number was in attendance.

ELECTED TO STATE GROUP

Miss Lou Galleher was elected an officer in the United Movement of the Church's Youth, of the Episcopal Diocese of Virginia, by delegates to the youth leadership conference held at Roslyn conference center, Richmond, last weekend.

Officers for the coming year are: President, Tommy Rohr, Alexandria; vice-president, Sam Landon, Fairfax; recording secretary, Alma Rowe, Fredericksburg; corresponding secretary, Lou Galleher, Manassas; treasurer, Mimi Thornton, Richmond.

Miss Galleher will also serve as a member of the UMCY program planning committee for the Diocese, and as reporter for the Valley Convocation.

The Margaret Barbour Bible Class met with Mrs. George Lewis on Prescott avenue Thursday, with a good attendance.

Jr. Woman's Club To Hold Fashion Show

The Junior Woman's Club is busy making plans for a fashion show to be held at the Osborn High School auditorium Friday, September 14, at 8:30 p. m.

Three local stores, The Gregory Shop, The Margaret Lynch Shop and The Martha Shop, are participating in the event. The latest fall fashions will be shown, featuring styles from nursery to school age children and from teen agers to adults.

Proceeds from the affair will be used for the club's charitable purposes.

Manassas Chapter U.D.C. Elects Officers for Year; Reports Given

Mrs. Robert A. Hutchison entertained the Manassas Chapter, United Daughters of the Confederacy, Wednesday afternoon, Sept. 5, at her home on Richmond avenue, with Mrs. Robert Whetzel as assistant hostess.

The president, Miss Isabel Hutchison, presided, and the financial reports for the closing of the year were given. All of the obligations for the year have been met, as well as the final payment of the quota to the Hector W. Church Scholarship Fund. The Chapter towards the building fund for the U. D. C. headquarters in Richmond. The membership of the Chapter now stands at 103.

In the absence of Mrs. E. H. Marshall, chairman nominating committee, Mrs. Frank Cannon presided the slate of officers for the coming year, and the following were elected: Miss Isabel Hutchison, president; Mrs. Florence Wayland, first vice president; Mrs. E. H. Nash, second vice president; Mrs. Robert A. Hutchison, third vice president; Mrs. Lewis J. Carper, secretary; Mrs. J. C. Messer, corresponding secretary; Mrs. R. L. Byrd, treasurer; Mrs. W. A. Newman, registrar and historian; Miss Susan Ish Harrison, recorder of crosses; Mrs. Harry Dogan, custodian.

The State Convention will meet at Natural Bridge, Oct. 2-4 inclusive, and the representatives from this Chapter are, the president, Miss Isabel Hutchison, Mrs. E. H. Hibbs, Mrs. E. B. Giddings and Mrs. E. D. Wissler. Alternates are Mrs. J. G. Kincheloe, Mrs. R. L. Byrd, Mrs. C. B. Compton and Mrs. Robert Whetzel.

A very interesting book, "Three Confederates," by Brady, was presented to the Chapter by Mrs. Lewis J. Carper.

The General U. D. C. Convention will convene in Asheville, N. C. Nov. 7-9 with registration on November 5. The representatives chosen for this meeting are the president, Miss Isabel Hutchison, Mrs. R. A. Hutchison, Mrs. Frank Cannon, and Mrs. L. J. Carper with Mrs. J. C. Messer, Mrs. J. V. Burlington, Mrs. William Flory and Mrs. Frank D. Cox as alternates.

The October meeting of the Chapter will have as its hostesses Mrs. W. Hill Brown, Sr. and her daughters, Mrs. Daisy Williams and Mrs. Amelia McBryde.

Birthday Party For Miss Lynn Hollcroft

Little Miss Lynn Hollcroft was one year old Tuesday, and her birthday was celebrated by her parents giving her a nice birthday party at their home on Richmond avenue. The little folks were entertained by the grown-ups on the spacious porch, but they were overjoyed when they saw the big, colorful balloons, and other decorations on the dining table.

The little ones participating in the celebration were Kathy Whetzel, Mickey Maggard, Becky Ann Detwiler, Allen Sonafrank, Donald Landis, and Gary Kline. Mrs. Elizabeth Wine and Mrs. Robert Wine assisted in entertaining them. Lynn is the daughter of Mr. and Mrs. Mason Hollcroft.

Mrs. Thomas Hutton Britton

Miss Colleen Harder Bride Of Rev. Thomas H. Britton

The marriage of Miss Colleen Anne Harder, daughter of Mrs. William Morgan Johnson of Lee avenue to the Reverend Thomas Hutton Britton, son of Mr. and Mrs. Richard Francis Britton of Charleston, S. C., was solemnized at Trinity Methodist Church, Newport News, Sunday, September 9, at 4:30 p. m. with the Reverend J. Eugene White performing the ceremony, and assisted by the Reverend Herbert E. Hudgins, D.D.

Given in marriage by her stepfather, Mr. William Morgan Johnson, the bride wore a gown of duchess satin fashioned with rose point Chantilly lace bodice, with filled-in yoke of imported tulle. Long tapered sleeves of lace formed calla points over the wrists, and a full skirt of satin with lace insets cascaded into a cathedral train. Her two-tiered finger-tip veil of imported illusion with bluish veil was arranged with a Juliet cap of matching lace pleated illusion and pearlized orange blossoms. She carried a bouquet of bride's roses.

Miss Bette Ferguson of Hampton, was maid of honor, and she wore a strapless gown of gold imported net fashioned with snug bodice, and a full bouffant skirt with self tucking worn over hoops. A satin cape with wing collar completed the ensemble. She carried a cascade of bronze chrysanthemums.

Miss Pamela Sue Johnson, Manassas, sister of the bride, was maid of honor. She wore a dress of gold net identical to that of the maid of honor, and her headpiece was a bonnet of gold satin and carried a nosegay of bronze chrysanthemums.

Miss Caroline Britton of Charleston, S. C., sister of the bridegroom, Miss Mary Ann Furches of Salisbury, N. C., Mrs. Richard Isaacs, and Mrs. Claremont Pederson of Warrenton, were bridesmaids. They wore Lorraine green dresses fashioned after those of the honor attendants and carried cascades of gold chrysanthemums. The attendants wore matching Juliet caps of satin with knife pleated edges, and short length veils.

Warren Douglas Parker of Columbia, S. C. was the bridegroom's best man, and the ushers were Walter B. Britton of Charleston, Rev. Newell E. Davis of Nashville, Tenn., Walter Earl of Newport News, and Harry M. Sutton, Manassas.

The cousin of the bride, Master Albert Louis DuBose of Selma, N. C. was ring bearer.

The church was beautifully decorated with palms, gladioluses, chrysanthemums, other cut flowers and lighted tapers. The organist, Mr. David C. Babcock, rendered a program of wedding music, and Miss Pat Beasley sang, "How Do I Love Thee," "Because," and "The Lord's Prayer."

A reception was held in the social room of the church for their relatives and many friends, after which they left for a Southern wedding trip.

The bride wore for travelling a suit of dusty rosesilk shantung with navy trim. Her accessories were navy velvet and white orchid cro-sage.

Mrs. Britton graduated from Osborn High School, Pfeiffer College, Misenheimer, N. C. and took her bachelor's degree at Scarritt College, Nashville, Tenn. and is a Director of Christian Education.

The Reverend Mr. Britton was graduated from the College of South Carolina, Vanderbilt University, and the University of South Carolina. Upon their return from their trip South, they will make their home in Lexington, Ky.

Many luncheons, dinners and parties were given in honor of Mrs. Britton prior to her marriage, among them being one given by the Reverend and Mrs. H. E. Hudgins, and a pre-nuptial party given by Mr. and Mrs. B. F. Ferguson of Hampton, where a very large group was entertained.

Frank M. Hill, E. M. F. M., of the USS J. P. Kennedy, now lying in Harbor at Newport, R. I., made a hasty over the weekend visit to his parents, Mr. and Mrs. C. Y. Hill.

Mrs. Mary Hill and daughter, Mrs. Abe Goldberg, of Baltimore and Washington, respectively, returned home Tuesday after spending several days with the former's son, C. Y. Hill, and family.

David Hill visited in Rhode Island and Baltimore recently.

Miss Mary Thomas Carter of Baltimore is visiting in the home of her sister, Mrs. C. Y. Hill, and family.

Miss Betty Lou Breeden leaves Monday to resume her studies at Madison College.

Master Carleton Hill, who has been spending some time with relatives in Baltimore, has returned to his home here in time to enter school.

Mr. and Mrs. Lester Breeden and daughter Nancy, and cousins, Janet and Mary Jane Breeden and Miss Mary Thomas Carter visited the Zoo in Washington, Sunday.

Mr. Gary O. Woods left Friday to visit his son, Gary Jr., who is stationed at Nags Head, N. C.

Miss Chauncie Baker, daughter of the Reverend and Mrs. F. L. Baker, will leave on the 19th for Wilmore, Ky., where she is a student. Miss Baker is majoring in voice.

Mr. Robert Wayland entertained about thirty officials from the International Harvester Company at his camp in The George Washington National Forest, over the weekend.

Recent guests at the Methodist Parsonage included Mr. and Mrs. Bud Hayes and daughter, Dianne, Miss Mamie Hayes of Richmond, Mrs. Rosalie Vandiver of Burlington, W. Va. and Dr. Wayne Womer of Richmond. Dr. Womer was the guest speaker at the Methodist church last Sunday.

Chaplain and Mrs. Ben S. Price are spending a few days with Mrs. Price's parents, Mr. and Mrs. Henry Fletcher. Little Miss Virginia Susan Price who was born on August 20th, is making her first visit to her grandparents.

Mrs. Edward Arciaga and sons, Carl and Lewis Ruthstrom, and their friend Norman Bowman, of Richmond were Sunday guests of Mr. and Mrs. Lewis J. Carper.

Captain and Mrs. Donald Harris have as their guests, Mrs. Harris' mother and brother, Mrs. Virginia Winders and William Winders of Marion, S. C.

Mr. and Mrs. Bernard DuBose of Selma, N. C. are visiting Mr. and Mrs. William M. Johnson on Lee avenue.

Among those attending the Britton-Harder wedding, in Newport News last Sunday were Miss Patricia Royer, Mrs. James E. Rice and daughter, Peggy, Mr. and Mrs. James E. Rice Jr., Mr. and Mrs. Robert Cornell and son Donald, and Mr. and Mrs. John Parrish.

Mr. and Mrs. W. S. Saunders and Mr. Harry Parrish will leave Sunday for Roanoke, where they will attend the Virginia League of Municipalities meeting. Councilwoman Mrs. Saunders, is on the committee of time and place.

Mr. and Mrs. Daniel D. Swinney, Jr. and family of Alexandria, visited his parents, the Reverend and Mrs. D. D. Swinney, at the Manse last week.

Mrs. Dorothy Allen of Arlington was a guest of her parents, Mr. and Mrs. Frank Sigman, last Monday.

Mrs. Vincent Davis, Mrs. E. M. Roof, Mr. and Mrs. Roy Muddiman, and Mr. and Mrs. Roy Allen Muddiman have returned from Newport News where they attended the wedding of Miss Colleen Harder on Sunday afternoon.

Mr. and Mrs. George Lewis have visiting them Mrs. Dan Davis of Centerville, Va.

Miss Peggy Rice has returned to Richmond where she will resume her studies at Stuart Circle Hospital, after spending a vacation here at her home.

Miss Esther Dickens has gone to Hopewell to visit friends.

Mr. and Mrs. Douglas Thorpe and son Billy, of New Baltimore, visited Mrs. Thorpe's mother, Mrs. Robert A. Hutchinson on Richmond avenue, last Sunday.

Mason Mayhugh, Dave Posey and Frank Woods attended the auto races at Williams Grove, Pa., this week.

Mrs. Frank Wood attended a luncheon and meeting held in connection with Pitts theatre at the Princess Anne Hotel in Fredericksburg on Tuesday.

Mrs. G. Raymond Ratcliffe is spending this week with Mrs. Eli Swavely in Washington.

Mr. and Mrs. John Henry Stauff have returned to town after visiting in Mt. Jackson for several days.

Mr. and Mrs. Robert H. Smith, "Cedar Grove Farm," entertained over the weekend: Mr. and Mrs. James Metcalf, of Chestertown, Md.; Mrs. John Friant, Berryville; Miss Mary Boulware, New Mexico; Dr. and Mrs. Edson Myer and Miss Elizabeth Fitzhugh of Washington.

Mr. and Mrs. Thomas J. Broadus spent Sunday with their daughter, Mrs. H. T. James, in Washington.

Mr. and Mrs. Edgar G. Parrish motored to the summer home of their daughter, Mrs. Charles Erisman, at Mt. Gretna, Pa. They were accompanied by their little granddaughter, Judy Parrish, daughter of Mr. and Mrs. Harry Parrish, Battle street.

Haymarket

Mrs. A. H. Meyer

NOTICE

The Haymarket Baptist Church will begin their revival meeting at the 11:00 a. m. services on Sunday, September 13th. Also evening services beginning Sunday at 8:00 p. m. and continuing thru the week ending the revival Friday evening at the 8:00 p. m. services. Rev. Robert Allen will conduct the services.

The ham dinner sponsored by the Haymarket Woman's Club to be held on Sept. 13 was postponed until further notice.

The annual Turkey and Oyster supper sponsored by St. Pauls Auxiliary Guild will be held on Friday, October 19th. Dinner will be served at 12 noon and again from 5:00 p. m. Dinner to be held in the Parish Hall.

Mrs. Claude Thomas died in the Loudoun County Hospital, Leesburg, Va., on Sunday, Sept. 9th. Mrs. Thomas is survived by her husband, one daughter, Miss Claudia Thomas of Hamilton, Va., and one sister, Mrs. John T. Carter, of Mass. Mrs. Thomas was formerly Keena Rector, daughter of the late Mr. and Mrs. Charles Rector of Haymarket. While living in Haymarket Mrs. Thomas was an active member in St. Pauls Episcopal Church, being a Sunday school teacher and a member of the choir for many years. Funeral services were held from the Episcopal Church in Hamilton, Va., on Tuesday, Sept. 11, at 2:00 p. m. The sympathy of the community is extended to the family in their sorrow.

Miss Annie Baker of Washington, Mrs. Henderson Carter, and Mr. and Mrs. Robert Morris and son Robin of Alexandria, visited friends in Haymarket on Sunday.

Mrs. Palmer Smith returned to her home from Emergency Hospital Washington, and her condition remains unchanged.

Misses Mary and Bell Price are visiting their sister-in-law, Mrs. F. Bowman Price, Jr., at her home in Bristol, Va., for several days.

Mrs. T. Hutchinson of Waterford, Va., visited for a few days at the home of her sister and brother-in-law, Mr. and Mrs. M. Fewell Melton.

Larry Kruse, U. S. Navy, visited at the home of his parents, Mr. and Mrs. L. W. Kruse over the weekend.

A surprise housewarming party was held in honor of Mr. and Mrs. Homer Allison in their new apartment in Barcroft, Arlington Co. Mr. and Mrs. Allison received many beautiful gifts and refreshments of cake and punch were served to the following: Mr. and Mrs. L. E. Thomas, Mr. and Mrs. W. Allison, Mrs. J. Hunt, Mrs. M. F. Melton, Mrs. A. H. Meyer, Mrs. M. Piercy, Mrs. N. Lightner, all of Haymarket; Mrs. T. Hutchinson of Waterford, Va.; Mr. and Mrs. A. Megeath and son Mike of Aldie; Mrs. Hill Grubb and son Jack of Purcellville; Mr. and Mrs. Burns Thomas and sons Mike and Steve of Annandale; and Miss Priscilla Tyler of Washington.

Dinner guests at the home of Mr. and Mrs. A. H. Meyer on Saturday were Mr. Philip H. Smith, Jr., of Washington; Sgt. and Mrs. J. C. Aucompaugh and young daughter, Gail, of Gainesville. The dinner being in honor of little Miss Gail's first birthday.

Mr. and Mrs. W. J. Weber and Miss Virginia Bell of Washington visited at the home of Mr. and Mrs. J. W. Garrett on Saturday.

Bobby Melton who has been quite ill at his home has improved and is back in school.

Mrs. Joseph Gronow and daughter, Mary Love Gronow of New Jersey, visited at the home of Mrs. Douglas Low on Sunday and were overnight guests at the "Shelter". Mrs. Gronow is the niece of Mrs. Low and Mrs. Bailey Tyler.

Mr. and Mrs. T. M. Brown and daughter, Jane Meade, and Rev. George E. Stokes, Jr., have returned from a weeks visit in Pine Orchard, Conn.

Mrs. A. H. Utterback and Mrs. J. W. Garrett spent Monday in Washington.

Mr. and Mrs. J. W. Garrett were dinner guests at the home of Mr. and Mrs. Gordon Delk in Fairlington on Sunday.

Miss Elizabeth Boxley of Richmond is spending several days at the home of Dr. Wade C. Payne.

Milk Prices In Controlled Markets Steady

Virginia prices for Class I milk, as established by the State Milk Commission, with one exception, have remained unchanged during the summer months, says B. F. Morgan, milk marketing specialist at V. P. I.

The exception was on the Southwest Virginia market, which increased producer prices 35c per cwt. August 1. The consumer retail price was increased 1c per quart in Southwest Virginia. In other markets in the state, it, too, has remained unchanged throughout the summer.

The retail price for standard milk delivered to homes in 24 major cities this July averaged 22c per quart, the same as Virginia home delivered average price.

Prices for all individual manufactured dairy products are higher than a year earlier, ranging from 11 percent for butter to 27 percent for dried milk solids.

Morgan says consumption of fluid milk and ice cream is running slightly higher than in 1950, and is expected to hold up throughout 1951. Butter consumption this year may fall below 10 pounds per capita for the first time on record. On the other hand, oleo consumption is up 17 percent from a year ago.

Mrs. George Smallwood of Cherrysdale spent Sunday at the home of her daughter Mrs. Viola Gray.

Mr. and Mrs. George Schertzer and son Jimmy of Bethesda, Md., visited at the home of Mrs. Schertzer parents, Mr. and Mrs. M. S. Melton on Sunday.

Young Masters Mike and Steve Thomas of Annandale spent the weekend at the home of their grandparents, Mr. and Mrs. L. E. Thomas.

Making Study Here Of Electric Service

Miss Shirley Parrish, representative of the National Electric Cooperative Association, is spending a few days in this county. Her visit here is to make a study of the rural electric program in the area served by the Prince William Electric Cooperative. She will contact local consumers to get their reaction and opinions on the service rendered.

Farm Prices Steady As Wheat Drops

Prices received by Virginia farmers as of mid-August averaged about the same as a month earlier, the Virginia Cooperative Crop Reporting Service estimated recently. This compares with a one percent decrease for the United States. All grains showed a slight increase except wheat which declined a cent per bushel. Irish potatoes were back at the June price level after dropping during commercial potato harvest in the eastern counties. The new crop of sweet potatoes was bringing very good prices where digging had begun.

Beef cattle rose 30 cents per hundred weight while veal calves declined the same amount, the Reporting Service said. Lamb prices increased 50 cents per hundred weight, while sheep for slaughter remained unchanged when compared with prices a month earlier. Turkey prices took the biggest drop from 41 to 35.5 cents per pound. The largest number of turkey broilers or fryers moved to market during August compared with any other month this year.

BITTEN BY SNAKE
Jules Widmer, of Manassas, R. I., had the misfortune to be bitten by a snake recently while caring for his bees. He is recovering nicely under the care of Dr. Martin.

4-H NEWS AND VIEWS

By Mrs. Bettie A. Dotterer

Each week at this time we hope to have a short get-together and bring to the attention of all the Prince William County women and our 4-H girls the immediate club schedule, plus interesting bits of information.

This month the subject to be discussed at the various meetings of the Home Demonstration Clubs is "Stretching Your Food and Clothing Dollar".

Sept. 14th — Catharpin Home Demonstration Club will meet in the home of Mrs. Frank Entwistle at 1:00 P.M. Guest speaker will be Mrs. Thelma Goodrich, Home Advisor of the local R. E. A.

Sept. 19th — "Dumfries Home Demonstration Club will meet at 1:30 P.M. Mrs. Leona Barlow will be the speaker.

Sept. 20th — Woodbridge Home Demonstration Club will meet at 1:00 P.M. at the home of Mrs. Ambrose Peellat, who will be assisted by Mrs. Clement Griffin.

Sept. 21st — Haymarket Home Demonstration Club will meet at the Firehall at 2:00 P.M. Mrs. Thelma Goodrich will be the guest speaker.

On September 21, Miss Mary B. Settle, housing specialist, State Extension Service, V.P.I., will visit several result demonstrations in Prince William County to see what progress has been made, and will give additional advice to others.

Mrs. Settle will make another visit to the home of Mrs. Thea Casey of Catharpin. Mrs. Casey has made a number of home improvements suggested by Miss Settle, and now hopes to add a laundry room and bathroom.

Mrs. A. P. Ise of Bethel is interested in remodeling her kitchen and installing a bathroom in her home.

In the afternoon Miss Settle will visit the home of Mrs. Joe Kemper of Buckhall. Mrs. Kemper wants to build an addition to their home, consisting of a kitchen and bathroom. This will present quite a problem since the home is a very old one and the Kemper's want to keep the addition in line architecturally with the original house.

An invitation is extended to all who are interested in these demonstrations. If you have a particular problem concerning storage, kitchen, bath, laundry, or other remodeling, please contact Mrs. Leona Barlow at Manassas 237.

Miss Shirley Parrish, National REA publicity council script writer, met in on the Fall Planning Meeting of the Prince William County Home Demonstration Clubs September 11 at the Manassas Methodist Church. A number of surprises will be in store for our members when they hear and see their comments and actions written in a script to be used by the REA for a television and radio series sometime later this year.

The Manassas Journal Farm and Home Page

News Of General Interest To Farmers And Home Owners - - - Regular Weekly Journal Feature

Forestry Offers Easy Method To Plant Seedlings

Planting forest tree seedlings on large acreages has now become a relatively quick and easy job when done with the planting machine illustrated above. These two men can plant in a day the same amount that eight men plant by hand. This tree seedling planting machine may be rented at nominal cost from the Virginia Forest Service with the purchase of 8,000 or more seedlings.

Any landowner desiring to reforest idle acres during the fall planting season may obtain additional information on this machine by contacting his Chief Forest Warden, local Forester, or by writing to the District Forester, Box 1368, University Station, Charlottesville, Va. During the past few years the demand for seedlings has exceeded the supply, so all landowners are urged to submit their applications now.

Agronomy Field Day Called Off Because Of Dry Weather

Prolonged dry weather has so damaged crop growth in this area that the Agronomy Field Day originally scheduled to be held at VPI September 14 has been cancelled.

Last week members of the Agronomy department and 72 professional agricultural workers made a preliminary survey of the experimental work the agronomists had planned to show visitors September 14 and they decided that the field day should not be held.

Shows Good Record

The dairy herd of H. J. Schmitz-Mancy, Nokesville, Va., has completed its testing year with an average production of 10,600 pounds of milk and 401.8 pounds of milk per cow. This is a very creditable record particularly because of the fact that the Schmitz-Mancy herd located in the Aden neighborhood, has been under Dairy Herd Improvement Supervision only for the past year and is one of the latest herds established in the county.

Low Cost Of Concrete

Here is an easy-to-build, compact, attractive-looking farm home designed for concrete masonry or similar materials.

Concrete masonry is low in cost and far more lasting than most building materials. It makes a tight house, thus saving you a lot of heat in the winter and keeping the interior a great deal cooler in the warm months.

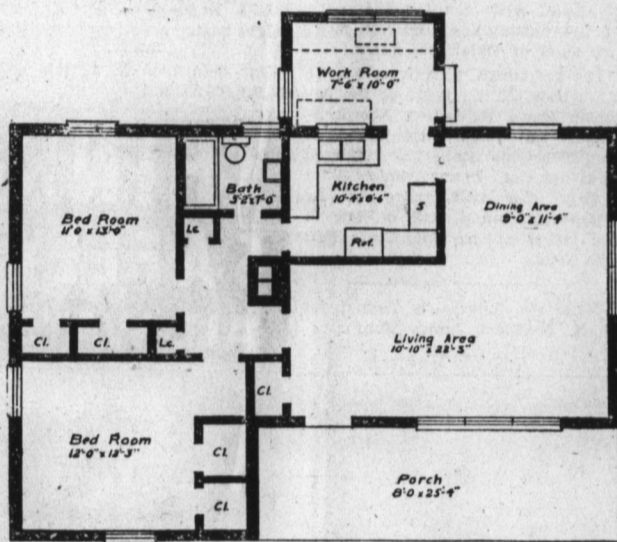

Of course, materials other than concrete masonry can be used; but if you do use concrete blocks, the windows and doors of the outside walls are all located in the exact places where they need to be and you won't have to break or cut the blocks to make room for any sort of opening in this house.

The bedrooms are arranged so that you won't have to go through the dining and living area in order to get to the bathroom or bedrooms when coming from the kitchen or outside. Also, note the large amount of closet or storage space.

The plan shows a chimney centrally located to provide easy use from almost any section of the house. However, there is ample space for a chimney near the kitchen stove if wood is used. If you want a fireplace, it could be very easily installed where the two large windows are now located in the end of the living-dining area. Details for such a fireplace are provided in the plans.

The handy work room will serve as a food preparation and laundry center, a wash room for field hands, and an ideal place for the freezer chest. The built-in closet for rain coats and work clothes will save much cleaning of floors in the rest of the house. If you prefer, this room can be left as a screened porch.

Commercially speaking, the Douglas fir is more valuable than any other tree.

You can obtain blueprints for this JOURNAL-FARM & RANCH House Plan No. 4804 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM & RANCH, Dept. M-76, Nashville 1, Tenn. Order by number—plan No. 4804. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

The average weight of the human brain is 48 ounces.

Keep Fire Buckets Ready

FIRE pails, the simplest and most effective method of fighting fires on the farm. Of course, the use of pails is limited to fires on which water can be thrown by hand. They are not effective on overhead fires.

A good way to keep the buckets always filled and ready is illustrated.

Place a large steel garbage can or barrel in a strategic location, stack several galvanized pails, one inside the other, into the container and fill it with water. The galvanized ware is recommended, as it will not rust.

In case of fire, each pail upon being pulled up is filled with water, ready for action.

This fire prevention plan can be carried on even in freezing weather. The following table shows the amount of calcium chloride per gallon of water that will prevent freezing at the indicated temperatures.

Temp. (°F.)	Lbs.	Temp. (°F.)	Lbs.

In outlying areas, the best fire prevention is preparedness!

The human heart rests about eight-tenths of a second between each contraction.

The Journal is like a "letter from home" to those away from home.

For Straight Feeding!
There's no reason why you should fool with a hog for 8 months getting him up to market weight. When you use this simple straight feeding program you can do the job in 6 months or less. And you make more profit besides.

Start With Sow and Pig Feed—Feed pregnant sows and young pigs on 20% Sow and Pig Feed and you'll not only get bigger litters, but you'll get better pigs. This "starter" gives 'em what they need for strong, healthy bodies and fast gains. Feed it straight, and when they get to 75 pounds, start feeding...

15% Porkmaker—This "grower and fatterer" fills 'em out for market in a short 6 months. You profit three ways. You get the higher, early market prices, you save feed, and you save labor. Give this program a try... stop in and order these feeds today!

SOW & PIG FEED \$5.26 cwt.
15% PORKMAKER \$4.88 cwt.

Ferguson, DeSoto, Plymouth Sales and Service

A new device developed by the Forestry Service now enables farmers to seed four times as many acres of timber land as by hand. These two men can plant in a day the same amount that eight men planted by hand. For more details about this machine, see forestry story on Journal Farm and Home page.

Judges Named For Exposition In Richmond

Livestock judges with national and international experience will officiate at the 1951 Atlantic Rural Exposition in Richmond September 28-October 6, Josephine M. Shepperson, the exposition's secretary announced today.

Foremost of the group is Dr. A. E. Darlow, head of the Animal Husbandry Department of Oklahoma A & M College, Stillwater, Oklahoma, who will judge the Herefords and Shorthorns beginning Wednesday, Oct. 3, at 8:00 a. m. Dr. Darlow this year will place the awards at Wisconsin State Fair, Ohio State Fair, New York State Fair, Kansas State Fair and Mid-South Fair, at Memphis.

He has judged every major beef cattle show in America and the Perth Show in Scotland. During World War II he was agricultural advisor to England and other European countries. He holds Masters and Doctors degrees from the University of Wisconsin and was coach of the outstanding livestock judging team of Oklahoma A&M.

Lee Leachman, of Ankonny Farms, Rhinebeck, N. Y., judge of the Atlantic Rural Exposition Aberdeen-Angus will judge that breed at the 1951 Ohio State Fair. Carroll Shaffner, of Pennsylvania State College, the ARE judge of the sheep department, will be one of the judges at the Ohio State Fair this year.

Monrovia, Liberia is named for U. S. President James Monroe.

Virginia Still Leads South In Prevention Of Forest Fires

Despite a slight increase in acreage burned and number of forest fires reported during 1950, Virginia continued to lead the South in the effectiveness of its woodland protection program.

Last year the state had 2,110 fires that burned 20,740 acres of woodland. This compared to the previous year's record of 1,630 fires and 12,597 acres burned. All of the state's 14,634,000 acres of timberland is under organized protection.

Careless smokers started 797 fires in the Old Dominion State last year. Debris burners with 584 fires to their discredit were the next worst offenders. Incendiaries, willful wood burners, started 251 forest fires.

This information is contained in a report distributed by American Forest Products Industries—national sponsor of the Keep Green program underway in 30 states. This educational campaign in forest fire prevention education operates locally under the banner of Keep Virginia Green.

Jack Dempsey held the heavyweight boxing crown for seven years.

THINK SAFELY ALL-WAYS

Warren Says OPS Ruining Food Stores

Safeway President Logan A. Warren reported to stockholders that "Safeway Stores are protesting unfair discriminatory price ceilings and their confiscatory effect on gross margins. If relief cannot be obtained through this procedure we plan to take our case to the courts. The imposition of price ceilings earlier in the year which failed to give consideration to increased wages and other operating costs or to protect the retailer against price increases for his supplies is largely the cause for the decrease in net earnings shown by Safeway in the first 24 weeks in 1951."

The interim report showed net sales of Safeway and its consolidated subsidiaries for the 24-week period ending June 16, 1951 reached a record high of \$587,859,307. This compared with sales for the same 24-week period in 1950 of \$491,411,668. Net sales of the company's Canadian operation in Canadian dollars were \$55,784,726 in 1951 as compared with \$46,456,963 for the same period in 1950. Total net sales of Safeway and of all its subsidiaries in U. S. dollars were \$645,902,975 in 1951, and \$537,993,295 in 1950.

Warren reported that 179 retail store buildings have been completed and opened for business during the 24-week period. Another 96 retail locations were under construction on June 16. Substantially all these locations will be opened for business before the end of 1951. "Our construction program has

passed its peak and future developments will be at a greatly reduced rate until emergency restrictions are removed and building costs stabilized," stated Warren. "We have modernized 174 existing locations this year by installing self-service meat departments, new store fronts, modern lighting and air conditioning, and by adding new equipment such as frozen food storage and display cases, refrigerated produce stands and improved checkout facilities. In some instances we also enlarged the building and parking facilities at these remodel locations. All these improved properties are sold as completed under Safeway's 'buy-build-sell-lease' program."

Mr. Harvey Nichols, Mr. Willard Mohler, Mr. Raymond Mulholland, Mr. George Menefee, Mr. Jimmy Miller and Mr. Crockett Carr spent Thursday at Solomons Island fishing.

The W.S.C.S. met at the church Friday night. There were twenty-five present. Mrs. Jack Miller played the piano. Mrs. Lola Mohler read the lesson and Mrs. Minnie Saunders led the worship. The next meeting will be at the home of Mrs. L. D. Shepherd. New members who joined Friday night are Mrs. L. D. Shepherd, Mrs. Parker, Mrs. Jack Miller, Mrs. Elmer Thompson and Mrs. Robert Dye. The date for the bazaar is Nov. 17th at 7:00 p.m.

The P.T.A. held its first meeting Thursday at the school house. There was a reception for the teachers. On the committee for the membership drive are Mrs. Wilma Spindie, Mrs. Elizabeth LeGallais and Mrs. Nora Good. Mrs. Good is chairman of the drive. A cash prize of twenty-five dollars will be given to the winning room and second will be fifteen dollars. There will be a three dollar cash prize given to the room having the most parents present at each P.T.A. regular meeting.

Misses Sally and Betty Whipple who were visiting in Lakewood, N. J., for a month have returned home.

Mr. Will Richie and Bernard Stewart spent several days last week in Maine. Mrs. Stewart and the children who have been there for a month visiting relatives motored home with Mr. Stewart and Mr. Richie.

Mr. and Mrs. Wade Shelton and children have moved to Richmond. Mrs. Norman Van Dam is in Bethesda Naval Hospital.

The Women's Auxiliary of the Fire Department held their meeting at the schoolhouse Thursday night.

CATON MERCHANT, KIWANIS SHORTSTOP, stretches to beat out an infield single as Lion's first baseman Bobby Bird vainly waits for the throw from shortstop Maury Wells. Kiwanis went on to edge the Lions 6-5 before an exceptionally large crowd last Friday night at Swavely Field, Manassas. —Photo by Churchill.

Nokesville, Macs Tangle In Crucial Season Finale

Nokesville edged closer to perennial leader, White Oak, Sunday, as they blasted out a 6-4 win over the league leaders at Nokesville. They now stand only one full game out of first place. Both teams have one game left on the schedule.

The Macs also moved up a game as they breezed by Triangle 5-1 behind the fielding gems of Stewart Vetter. Russ Polen bested Triangle's stalwart moundman Top Amidon. Amidon gave up seven hits while Polen allowed six.

Dee Vetter and Buddy Merchant, Mac standbys, collected two hits apiece while Herbert Busby, Junior Roseberry and Russ Polen each had one safety.

Down at Nokesville, Irvin paced the winners with a homer to make up for a few Nokesville hits. White Oak out-hit the home team 9-8. Teater had a double and single while Glass had two singles. Hoke, Reid and King each had one single.

Nokesville beat White Oak's star pitcher, Jim Beard, VPI freshman ace. Beard, in suffering his first setback of the league schedule, went the distance. Floyd Jones started for Nokesville but was relieved in the sixth by Hoke. Jones was the winning hurler.

Elsewhere in the league, Clark received more than adequate support from his teammates as Bristerburg trounced Ocoquan 22-6.

In games this week, the Manassas Macs take on Nokesville in a single game here. This is the crucial game for Nokesville since they must win this one to stand a chance to get into a playoff game. And Bristerburg must rise up and beat White Oak or the pennant goes to White Oak. Both Triangle and Ocoquan have finished their 20-game schedule.

3-Run Seventh Helps Kiwanis Edge Lions 6-5 In Benefit Game

Thanks to the timely hitting of Les Bourne, the Manassas Kiwanians made it two in a row over their younger competitors, the Lions Club.

Despite the "comedy of errors," both teams settled down in the late innings to playing good softball and the Kiwanians had to come from behind in the last frame to win, 6-5. Last year, in a similar benefit game for the Manassas Recreational Association, the Kiwanis Club won in a one-sided contest.

Officials for both clubs estimated that the game raised over \$100 for the association. Despite Lion cries of "ringer" Jackie Saylor, newly inducted into the Kiwanis Club, went the distance on the mound for his club and Vernon Schultz did the same for the Lions.

In the bottom of the seventh, Harry Parrish singled to start the Kiwanis rally. Ray Gibson and M. D. Neeley followed with singles to drive in Parrish. Bourne then sliced a single through the hole between first and second to drive in the tying and winning runs.

Highlight of the game came in the first inning when Vernon Schultz tossed a "grapefruit" pitch to Bill Saylor who promptly smashed it into minute shreds between the mound and home plate.

If sold for the value of its chemical elements, the human body would be worth about 98 cents.

The penultimate day of the month is the next to the last day.

Sport Shorts

●Football in the air . . . Ocoquan Coach Johnny Suren driving his boys in a tough scrimmage . . . Leo still pacing his boys with conditioning drills but no body contact . . . Osburn girls lustily trying out for cheerleader posts in the school gym . . . Both county teams eager but not ready for the season's openers less than ten days away.

●Consolidation . . . not for schools but for basketball is currently the prime topic of conversation for the majority of Manassas sports enthusiasts. Once again, the feud between the Hawks and Legion is gaining momentum. Everyone is in favor of consolidation of the two teams, but neither side will give any ground to reach a compromise. If no agreement is reached, Manassas will again field two fairly good teams this winter whereas they could field one championship squad if people will only sit down and practice a little give and take.

●Lineups . . . both teams will be pretty much the same as last year if consolidation fails—with one exception. One star has privately announced that he is definitely switching teams this year if the consolidation does not go through.

●Back to the present sports season . . . If Manassas can drop

Fisheries Commission To Receive \$40,000

G. W. Buller, chief of the Commission's fish division, and assistant chief Dean Roseberry, conferred with federal aid representatives last week in working out the part that the Dingell-Johnson funds will play in Virginia's fisheries program in the future.

Taking part in the conference were Willis King, chief of fisheries investigation section, and Ed Hue-ske, assistant regional supervisor of federal aid, of the Atlanta office; and Dr. Watson, regional supervisor of federal aid.

During the discussion, the types of projects which can be considered in the federal aid to fisheries funds were taken up.

Dr. Roseberry said: "We estimate that the Commission will receive about \$40,000 this year, to be spent throughout the state on fisheries investigation work."

At the present time the state is starting an investigational program on its major water impoundments, to determine the best fisheries management program that will allow the maximum possible catches of fish each year.

Wave of Illegal M. Wheeler Kesterson, chief of the Commission's law enforcement division, reports that his game wardens throughout the mountainous

areas of the state are facing a wave of illegal killing of deer. According to Mr. Kesterson, "with the additional wardens and conservation officers now available, we are certain that we will be able to eliminate much of this illegal hunting."

WAYLAND MOTOR COMPANY

News From Nokesville

MRS. FREL SHEPHERD, Correspondent

FLORIDA PICNIC

Mr. and Mrs. L. J. Bowman, Miss Jane Cole, Mr. S. S. Stultz and Mr. and Mrs. M. J. Shepherd were among those who attended a "Florida folks" picnic at the Wilbur Richey's lovely home, "Eaglewood Farm", near Bealton, on Sunday. The picnic is to be an annual affair. Folks came from as far as the Valley of Virginia and from Maryland. A very enjoyable time is reported by Nokesville "attenders".

Mr. and Mrs. William L. Miller of Alexandria, Mr. and Mrs. C. B. Miller and Mrs. Elizabeth Ragland and Donna Lee of Manassas were Sunday evening callers in the George Cowne home.

Mr. Piemonte, one of our new local high school teachers, is living with the Mark Kerlins.

ATTEND DEDICATION

Among those from here who attended the dedication services at the Oakton Church of the Brethren on Sunday were Mr. and Mrs. George Garman, Mr. and Mrs. David Kerlin, Mr. and Mrs. Carl Miller, Miss Grace Miller, Saylor Diehl, Mr. and Mrs. Harry Miller, Mrs. Mary Miller, Eugene Herring, Rev. Davis Nolley and the Noah Hotties. Speakers during the day were Dr. Paul Bowman, Rev. Will Sanger, Elder Jacob Hollinger, Rev. Minor Myers, with the dedication ceremony in charge of E. E. Neff.

The James Owens from Tennessee but now at Vint Hill, moved into a recently-fixed up apartment at the home of Mrs. Frances Olmstead. Mrs. Olmstead has recently accepted a position in Manassas.

Mr. and Mrs. Alfred Shaeffer and Mr. and Mrs. Ernest Patton attended the Shaeffer-Few reunion at Ravenwood, Sunday.

Mr. and Mrs. Carl Keith and baby son, Micky, and Mrs. A. S. Lingenfelder of Baltimore, were Sunday guests in the home of Mr. and Mrs. G. K. Cowne and family. Mrs. Lingenfelder stayed over with the Cownes for a visit.

Mrs. Ted Shepherd and Mrs. M. J. Shepherd spent Tuesday with Mrs. Hope Herring and Mrs. Gertrude Seese in Falls Church. Mrs. Shepherd remained with her daughters for a couple days' visit.

The Emily Harrings of Baltimore left for home last Tuesday, after spending a week with Emily's parents, Mr. and Mrs. C. C. Herring.

Perry May, of near Catlett, had to be taken to Emergency Hospital on Sunday. Mr. May has been in ill health for some time and all who know him hope that he will soon be better.

Mrs. William Vance was taken to Arlington Hospital Sunday. She is suffering from a slipped disc, which is causing her much pain.

Young Joseph Herrig has entered school here. His parents have bought the Cleve Godfrey farm and plan to move soon. Stayed at the farm now are Dick Godfrey and his aunt, Mrs. Bessie Godfrey.

Sunday dinner guests of Mr. and Mrs. Willard Wilkins and Peggy were Mr. and Mrs. Dewey Godfrey, and Shirley and Miss Peggy Shepherd.

GUESTS FROM PARIS

Our new neighbors, Dr. and Mrs. George Decker, who live on the former Floyd Lanier farm, have had visiting them their sister and brother-in-law, Dr. and Mrs. Harold Hollands, who have just returned from Paris where Dr. Hollands is with the E. C. A. On Friday night, the Deckers invited the Carl Millers and they all went to the Dick King's home where they showed pictures of Germany, France, Holland, Switzerland, Norway and Japan. The pictures sound very interesting and we are hoping the Deckers and Hollands will share them with more of our Nokesville folks later in the Fall when the Hollands return from California where they have gone to visit their daughter.

Scout Troop Installation

The Nokesville troop of Boy Scouts of America will be officially installed at the Fire Department house on Friday, Sept. 28, at 7:30 p. m. Parents of scouts and their friends are invited.

The troop, which has been unofficially active all summer, including a hike and night bivouac on the banks of Kettle Run last week, will give parents demonstrations of campfire cookery. They will also show them other skills they have acquired.

First an official from the regional council of Boy Scouts of America will present the new troop, No. 671, with its charter. Then the qualified members of the troop will be installed as Tenderfoot Scouts.

The troop is composed of two patrols—Parther patrol, of which Kenny Hyde is leader, and Flaming Arrow patrol, lead by Jeffrey Noel. W. J. "Bob" Nelson is scout master, and A. C. Baer, assistant.

The troop, which meets every Friday evening at 7:30 is open to any boy who can fill the requirements. It is sponsoring a Home Bake Sale, Saturday, Sept. 15, at Fitzwater's garage.

BAND BOOSTERS

The members of the "Band Boosters" club have decided to purchase a new baritone horn to be added to the band and have a french horn refinished. Plans were also made to sponsor a real Community Halloween party at the School on Friday evening, Oct. 26. The band teacher, Ernest Bowman, has announced the forming of a beginner's band, which will automatically feed into the older band as the members graduate from our school. Many new members have already bought instruments and are beginning to work. All parents of old, new and prospective band members are urged to attend the meetings of the club to be held each 2nd Monday in the month.

TO WED SUNDAY

Mr. and Mrs. Virgil Hopkins have issued invitations to the wedding of their daughter, Kathleen, to Mr. Eugene Arnold at the Nokesville Church of the Brethren on Sunday afternoon at 4:00 p. m.

From where I sit... by Joe Marsh

Easy Makes His "Cat" Tread Lightly

Driving home on Three Ponds Road yesterday, I was flagged down by Easy Roberts' boy Skeeter. "Take it slow," he advised. "Dad's crossing this road with our tractor, just beyond the bend."

Around the curve I saw why Skeeter stopped me. Easy had laid two rows of old truck tires across the road, and was driving his new "Cat" tractor over them!

"More trouble this way," Easy explains, "but it does keep those tank tracks from tearing up the asphalt when I have to cross over to our other fields. After all, the

roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."

PLAN FESTIVAL

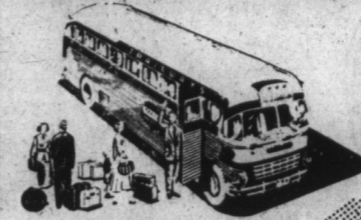

When the Council of the Nokesville Church of the Brethren met on Thursday night for their quarterly business meeting, the date for the annual Fall Festival was set for November 9, 10, and 11. Plans will soon be in the making for the public supper which will probably be served on Friday night,

the 9th.

Mr. and Mrs. Laf May of Broadway spent Sunday night with their nephew and family, the David Yankeys.

The Bill Kings of Warrenton spent Sunday with the King's relatives in Nokesville.

Honey-Smooth

and Money-Smart!

1.

ROAD-TEST IT FOR PROOF OF PERFORMANCE!

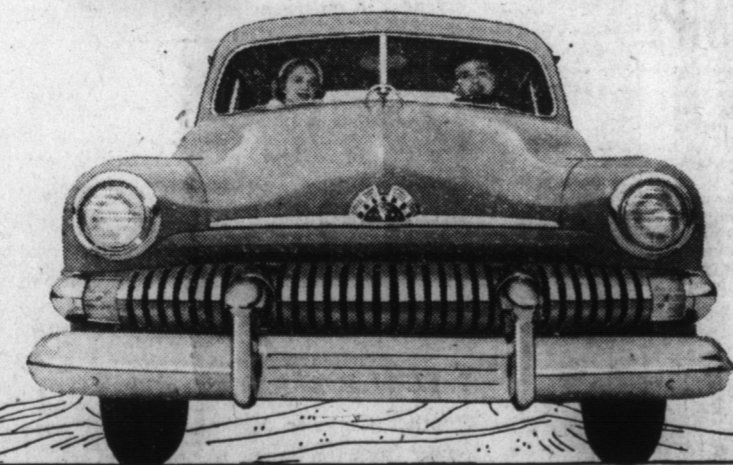

It's more a treat than a test, when you put a new Mercury through its paces. You never knew that traffic could be tamed so easily, that parking could be so effortless, that hills could simply melt away! The secret? Lots of things—its husky V-type "8" engine—its low-slung design—its nimble steering. Yes, here's sweet driving, with all the thrift that makes this Mercury so popular.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

2.

BUDGET-TEST IT FOR PROOF OF VALUE!

Does it have a down-to-earth first price? Mercury's price tag you can understand—a big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has continually proved its more-miles-per-gallon by winning in officially sponsored economy tests.

Will upkeep stay low? Mercury engineers have engineered trouble out for extra years of money-saving dependability.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to studies of the latest annual official registration figures.

3-WAY CHOICE! For "the drive of your life!" Mercury offers you a triple choice in dependable transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

2-WAY TEST PROVES

Don't miss the big television hit, "TOAST OF THE TOWN," with Ed Sullivan. Sunday evening, 8:00-9:00 p.m. Station WTOP, channel 9.
