At an adjourned meeting of the town council held Monday evening there were present Mayor W. C. Wagener and Councilmen E. R. Conner, T. F. Coleman, C. R. C. Johnson, C. M. Larkin, C. E. Nash, O. E. Newman, A. Speiden, H. D. Wenrich and D. J. Arrington.

On motion of C. R. C. Johnson, the retiring treasurer, Jas. E. Nelson, was instructed to turn over all papers, etc., to the new treasurer as soon as he qualifies. The meeting was then adjourned until Monday evening, July 17, 1916, at 8 o'clock.

PHILIP VOGEL DEAD

Former County Resident, A Native of Germany, Passed Away Last Week.

Philip Vogel, a former resident of the Nokesville neighborhood, died at his home in Congress Heights, D. C., Wednesday morning, July 5th, after a short illness due to paralysis. The funeral services were conducted last Friday morning and interment was at St. Mary's Catholic Cemetery, Washington.

The deceased was born in Leimen Rhenipally, Bavaria, Germany, March 1, 1850, and came to America 50 years ago. Mr. Vogel is survived by his widow and nine children, among whom are Jacob Vogel and Mrs. Joseph Rollins, both of the Bristow neighborhood.

SOAP POWDER IN SHOES

In This Way U. S. Marines Save Themselves Common Feet Troubles.

That United States Marines suffer little from foot troubles on long hikes in the tropics is attributed to the fact that they invariably sprinkle soap powder into their shoes, or soap their stockings just prior to the march, according to a naval surgeon just returned to Washington from Haiti.

In the Haitian campaign, the United States Marines were sometimes forced to march thirty or more miles a day, over rough mountainous roads, and the cases of blistering, or painful swelling of the feet, were almost negligible.

DEATH OF HENRY FAIRFAX

Henry Fairfax, prominent farmer of Loudoun county and president of the Virginia State Fair Association, died at the Leesburg Hospital Tuesday night about 10 o'clock, shortly after an emergency operation for appendicitis had been performed. He was sixty-six years of age, and was one of the best known men in public life in Virginia. Mr. Fairfax was the son of Colonel John W. Fairfax, and was born in Alexandria May 4, 1850.

LOCAL DAIRYING CITED

Prosperity of Brethren in Prince William Featured in "The Farming Business."

In the July 8th issue of the Farming Business, a weekly journal devoted to the agricultural interests of the country, and published at Chicago, the leading article is on "Dunkards, Dairying and Dollars" by George H. Dacy, of Meetez station, Fauquier county. After telling in a general way how the religious sect known as members of the Church of the Brethren have rejuvenated many sections of Pennsylvania and Virginia by the introduction of systematic and up-to-date methods of dairying, Mr. Dacy cites as example of what has been done by these wide-awake farmers by calling attention to the work of J. J. Conner, W. T. Thomasson and S. C. Harley, all of near Manassas. Along with the article several interesting photographs are shown, one of which illustrates the loading of milk aboard the train at Manassas.

WANTS A SWIMMING POOL

Suggestion Made by Local Pastor That Manassas Establish a Modern Bathing Resort.

EDITOR MANASSAS JOURNAL:—

An article in the Literary Digest of June 17th quotes a paper in the popular Mechanics Magazine on pools and swimming for bathing. Mention is made of the fact that in the early Christian period every Roman house in towns had its swimming pool, and cities had large, beautiful bathing buildings, which were also used for social gatherings. Towns having modern swimming pools began in 1885 with Philadelphia. This was, therefore, merely a "reversion to the original type."

There is both a need and a demand for such wholesome recreation. Oakdale, California, a town of 1,500, has a pool costing \$1,400. It is an ellipse in form, measuring 40x60 feet, with a maximum depth of nine feet and holds 100,000 gallons. Why can't Manassas enjoy what Oakdale, California, has?

Between 2,000 and 10,000 persons are accidentally drowned annually. The majority of these would escape death if taught to swim in a pool. Life, as well as health and pleasure, are conserved by such places. We hear about pooling, pool rooms and other criticized, if not objectionable resorts, but a swimming pool would benefit everybody and meet with the approval and support of all our citizens. Let the subject be agitated until the object is acquired.

SHOW'S GOOD PROSPECTS

Annual Exhibition of County Horse Show Next Wednesday and Thursday—Outlook.

Prospects for an old-fashioned horse show appear very bright. We are informed by the officials of the horse show that the number of entries for the show next week has almost reached high water mark in the history of the show. These entries include the best known exhibitors in the state, and the county is assured of a fine exhibition.

This is the largest exhibit given in our county, and should be patronized by all, as it shows to the world at large our best products, enables old acquaintances to meet, and the people generally to become acquainted with one another.

The dairy exhibits (this is the first time this feature has been undertaken) are fairly well represented. Judging from expressions generally heard, it looks as though the old time enthusiasm surrounding the exhibition will be in evidence, and that there will be an unusual attendance.

The racing department is well filled and will afford good entertainment for those who like to witness good contests for speed when properly conducted.

What's Infantile Paralysis?

Poliomyelitis is the technical name for the epidemic that is sweeping New York and menacing the rest of the nation.

All that is known of the way the disease is spread is that there is a virus present in the membrane of the nose which is spread by nasal discharge. Flies and dust may carry it.

It effects the gray matter at the base of the brain, and even if the child recovers, he or she is usually paralyzed for life.

Though commonest among babies, adults are often victims, and persons of sixty and seventy are known to have died of the disease.—Exchange.

NEWS OF STATE FAIR

This is to Be Small Farm Owners' Year at Virginia State Fair.

The Virginia State Fair Association is advertising widely that this is to be the small farm owners' year at Richmond. To prove that they are dead in earnest they are offering mighty attractive special cash prizes for single farm exhibits.

The prizes are as follows: 1st prize, \$200.00; 2nd prize, \$150.00; 3rd prize, \$100.00; 4th prize, \$75.00; 5th, \$50.00. These prizes are offered in addition to the usual liberal premium list.

Then, too, a great many of the prizes this year are offered in the name of the state of Virginia. The state legislature at its last session having recognized the fair officially as the state fair of Virginia. The winners will thus receive their awards in the name of the state of Virginia.

The fair association is making a very strong appeal to "every farmer who owns as much as an acre of ground" to send something to the fair—no matter how little. This newspaper would like to see our people well represented with specimens of crops, home-made edibles, etc. Our people certainly have the goods and only need to exhibit to bring home their share of the awards.

ASKS SHERIFF'S HEPL

Management of Manassas Horse Show Anxious for Best of Order.

The following is a copy of a letter recently sent to the sheriff of Prince William county by the president of the Prince William Horse Show Company. Doubtless, it will be read with interest by many.

MANASSAS, VA., July 11, 1916. MR. CHARLES BARBEE, Sheriff, Prince William County, Virginia.

DEAR SIR:—The Manassas show, as you no doubt know, will be held July 19 and 20. The management's aim is to make this show ideal in every respect so there will be no objection raised by the most fastidious. It is held in the interests of the county with no personal gain or profit to the promoters, whose aim is to see that the law is upheld in every particular, and it is earnestly requested that you or deputy appointed by yourself be present each day to see there is no betting, drinking, or disorder, or any violation of the law, or obnoxious person permitted on the grounds.

Yours respectfully,
M. C. HAZEN, President.

ANDREW J. PINE SUCCUMBS

Brother-in-Law of Lieut. Geo. C. Round, A Native of New York State, Buried Here.

Andrew J. Pine, 73 years of age, brother-in-law of Geo. C. Round, died at Staunton Thursday afternoon of last week after an illness of pneumonia. Funeral services were conducted at Aubury M. E. Church Sunday afternoon and interment was made in Manassas Cemetery. The last rites were read by Rev. J. Halpenny.

Mr. Pine, who was a native of New York state, married Miss L. Addie Round at Windsor, N. Y., in 1864. For sometime they resided in Manassas after which they moved to Washington where they lived until 1912, when they moved back to Manassas. The deceased is survived by his widow and a grandson, D. Andrew Pine, of Washington, who was in attendance upon the funeral.

—There will be a partial eclipse of the moon this evening, which will be visible at different intervals in all parts of the United States. By Washington time the moon will enter the shadow of the earth at 10:11 p. m., the middle of the eclipse occurring at 11:37 p. m., and at 1:04 o'clock tomorrow morning the moon will be entirely without the earth's shadow. A peculiar feature is that the moon will be full five minutes before the middle of the eclipse.

—According to the Washington Post of Sunday a charter has been granted the Bank of Quantico by the corporation commission with a capital stock of \$25,000. The officers are B. R. Walters, Washington, president; H. P. Donch, Washington, secretary; H. B. Hutchison, Herndon; Geo. Purvis, Fredericksburg; Thos. H. Lion, Manassas, and the above mentioned officers directors. It is expected that the bank will be opened for business with the next week.

—Clarence W. Wagener, who for the past sixteen months has served as editor of THE JOURNAL, will leave the latter part of next week for Fostoria, Ohio, where he will handle the advertising on the Fostoria Daily Times. Mrs. Wagener will visit her parents, Mr. and Mrs. Geo. J. Russell, of Marshall, for some time before leaving for Ohio.

BRENTSVILLE CONVENTION

Sunday Schools of That District To Meet at Aden U. B. Church Sunday, July 30th.

(J. A. Seese, Committee Secretary.)

We wish to announce to the Sunday school workers of Brentsville district that arrangements have been made to hold our annual Sunday school convention Sunday, July 30, in the United Brethren Church at Aden. There will be a morning and an afternoon session, the morning session to begin at 10 o'clock.

We earnestly urge all Sunday school workers, especially teachers and superintendents, to attend. If you cannot arrange to be present all day, you can at least attend the afternoon session. While we heartily commend the spirit of faithful devotion that prompts one to stay home by the work, we also believe that in the long run your school will be better off if the teachers and officers attend this convention, where they will have an opportunity of getting new and up-to-date ideas of doing Sunday school work, and the inspiration that comes from mingling with those engaged in the same kind of work.

We would like very much to have a report from every school, giving enrollment, attendance, collection, organized classes, cradle roll, home department and any special work you are now doing or contemplating doing in the near future. The superintendent or secretary would be a very suitable person to give the report.

The program will be published later. However, we will here state that besides local talent, the officers of the county association will be present to help us. But, best of all, we were fortunate to secure the services of Mr. Frank T. Israel, of Fairfax, who will be the principal speaker of the day. Mr. Israel is state superintendent of secondary division. This in itself is sufficient guaranty of his ability, and we personally know that he is a real "live wire."

We might also state that there will be a basket lunch. In conclusion, let us urge you to come and make this convention a glorious success, and at the same time increase your efficiency and please your Maker.

HEADS STATE DRUGGISTS

T. Ramsey Taylor, of Norfolk, President of Va. Pharmaceutical Association.

At the Virginia Pharmaceutical Association's annual meeting at Staunton this week T. Ramsey Taylor, a druggist of Norfolk, was elected president of the body. Mr. Taylor is also one of the candidates for vacancy on the state board of pharmacy, one of which Governor Stuart is to appoint.

The association voted to begin the publication of a monthly journal to be known as the Virginia Pharmacist, the official organ of the Virginia Pharmaceutical Association and the state board of pharmacy. Mr. Taylor was chosen to be one of the associate editors of this journal.

Mr. Taylor is well known in Manassas, his old home. He is a son of the late T. O. Taylor, for many years mayor of Manassas. For a good number of years Mr. Taylor has been actively engaged in the drug business at Norfolk, and he is one of the representative druggists of that city.

—The annual horse show german to be held in Conner's Opera House next Wednesday evening is being looked forward to with great pleasure. Pistorio's orchestra consisting of piano, cornet and drums will furnish the music.

"PRAYER OF THE HORSE"

[Translated from the Swedish, in "Our Dumb Animals."]

To thee, my master, I offer my prayer: "Feed me and take care of me. Be kind to me. Do not jerk the reins, do not whip me going up hill.

"Never strike, beat or kick me when I fail to understand what you want of me, but give me a chance to understand you.

"Watch me, and if I refuse to do your bidding, see if there is not something wrong with my harness.

"Do not give me too heavy loads. Never hitch me where water will drip on me. Keep me well shod. Examine my teeth when I fail to eat. I may have an ulcerated tooth.

"That you know, is very painful. I am unable to tell you in words when I am sick; so watch me and I will try to tell you by signs.

"Pet me sometimes; I enjoy it and I will learn to love you.

"Protect me in summer from the hot sun. Keep a blanket on me in winter weather, and never put a frosty bit in my mouth, but hold it in your hands a moment first.

"I carry you, pull you, wait patiently for you long hours, day or night. I cannot tell you when I am thirsty; give me clean, cool water often in hot weather.

"Finally, when my strength is gone, instead of turning me over to a human brute, to be tortured and starved, take my life in the easiest and quickest way, and your God will reward you in this life and in Heaven. Amen."

HIGH SCHOOL READING

List of Books for Parallel Reading in History and English Classes.

"The love of good literature is the most valuable equipment with which the school can send its boys and girls into the world" - William De Witt Hyde.

Below is given a list of books selected for summer reading for the students expecting to take the history courses of the first and third high school years. As the work of the English courses of these same years is closely correlated with that of the history, most of the books given are required either for study, or parallel reading in one or the other of these classes.

All the books given in these lists may be obtained from the Ruffner-Carnegie library, and have been set aside on special shelves for the purpose. Through the kindness of Misses Muriel Arey, Lillie Sutton and Mary Clarke, members of the normal and fourth year high school classes, the library will be kept open during the summer every Thursday afternoon from 2:30 to 5 o'clock.

In addition to the lists given below a good collection of nature books has been gotten together, including "How to Know the Wild Flowers," "Birds and Their Ways," "Kuler's "Our Native Trees," and several of Ernest Seton Thomson's books of animal stories.

The library has also a very good collection of fiction and biography relating to American history. E. H. OSBOURN.

National Good Roads Bill.

President Wilson Tuesday signed the good roads bill recently passed by congress authorizing the expenditure of \$85,000,000 in five years by the federal government. The condition attached to the expenditure of the government appropriation is that the states shall expend an amount similar to that apportioned to them for the indicated improvement. In addition \$10,000,000 shall be provided for roads in federal forest reserves, to be spent at the rate of \$1,000,000 a year for ten years. If conditions are met by the state legislature, Virginia will get an appropriation of \$1,530,000.

PEOPLE ARE BORN TWICE

Statements of People Here in Virginia Prove to be Remarkable.

Have you ever heard of people being born twice? It is a new phenomena that is prevailing all over the country. Men and women exclaim again and again that they feel like a new person. To prove the statement that people are born twice here is a recent declaration made by Miss Pearl Lindsay, of 327 Pool street, Norfolk, who said, "I was a sufferer from catarrh and hemorrhage in my throat. The pains in my sides were almost unbearable. I would bleed from my nostrils or throat without warning and the constant pain in my side was wearing me down. I also had a very poor appetite. I am sure it is a very good medicine as I have been in bad health for the past five years, in bed one day and out the next. I have taken two bottles and feel like a new person. It is a grand medicine."

Are you a sufferer from any of the ailments that are so common today? Go at once to Dowell's Pharmacy, Manassas, Va., and get a bottle of Tanlac. Price \$1 per bottle. Adv.

MANASSAS, VA., FRIDAY, JULY 14, 1916.

THE WAY OPEN FOR A COUNTY FAIR

In a letter received by us a few days ago from
Melvin C. Hazen, president of the Prince William
Horse Show Association, is the following very
significant sentence:

If our friends give it (the Manassas
horse show) the support it deserves, it is
the management's ambition to develop it
into a county fair second to none in the
state. This location lends itself to such
an enterprise, and there is no reason
why, with proper cooperation, in this
rapidly growing dairy section and the
best known horse section in the East, this
could not be so.

Here we are given hope that Prince William
may have a county fair in the near future. And
this is the very thing that Prince William stands
urgent in need of. Every one recognizes the
value of a county fair, so it is wasting time to
talk about the advantages to be gained. What
we need is a strong demand for a fair from every
section of Prince William. If the various com-
munities would show a deep interest in such an
undertaking, we venture to say the management
would be inclined to consider most seriously the
development of the present horse show into a
big, representative fair within the next year or
two. The reason why Prince William has no an-
nual fair is because its citizens have never shown
themselves to be thoroughly enough interested
in such an institution. We should embrace the
present opportunity and show that we really
want a county fair.

There are many reasons why the Prince Wil-
liam Horse Show Company is well situated to de-
velop a county fair for Prince William. It has a
permanent organization, it has splendidly located
grounds, and it is not unlikely that it can com-
mand sufficient capital to launch a fair. Also, as
Mr. Hazen says, Prince William is a rapidly
growing dairy section and the best known horse
section in the East. As we see it, the horse show
company is the logical company to develop a
county fair in Prince William, combining the
county exhibits with the ordinary features of the
horse show. It would be better to push this plan
for a county fair through a company already per-
manently organized than to have it undertaken
by a new and inexperienced company.

Citizens of Prince William, show your interest
in the establishment of an annual county fair.
Encourage the Prince William Horse Show Com-
pany to develop such a valuable institution for
the county. Make it plainly understood that
Prince William, like Fairfax, Loudoun and Fau-
quier, must have a fair. Give the horse show
company first chance to develop a high-class and
representative county fair; if it fails to do so set
about organizing one for yourselves. We be-
lieve, however, that all the horse show company
needs is encouragement, when it will gladly de-
velop a county fair for Prince William.

VIRGINIA'S WORK IN EDUCATION

A few weeks ago an article appeared in The
Progressive Farmer showing what each state in
America spends annually for schools in propor-
tion to each \$100 of wealth in that state. In this
list Virginia was thirty-fifth with 28 cents. An-
other table was given showing the average days
of schooling for each child of school age in each
state in 1910. Here Virginia stood fortieth with
58 days opposite her name. When you accept
facts as facts where must you place Virginia in
the matter of school facilities? But Virginia is
not asleep. Take a look at her record for the
past decade as compiled by Superintendent
Stearnes.

Virginia schools in the past ten years increased
from 8,916 to 12,942. Her teachers increased from
9,072 to 12,510. The enrollment rose from
261,772 to 472,210. Whereas there were 75 high
schools in 1906 there are now 572. School leagués
have risen in number from 144 to 957. A great
increase in school revenues, added valuation of
school property and the equipping and building
of three splendid state normal schools must also be
added to the credit side in the account with the
past decade. All this goes to show that while
Virginia is behind she is working hard to catch
up. Her advancement along these lines of late
is certainly most encouraging.

LOUDOUN'S NEW WEEKLY

Despite the present high cost of everything in
connection with the publishing of newspapers, a
new member has been added to the press of
Northern Virginia. On Wednesday of last week
The Loudoun Times with the motto "For All Peo-
ple and for All Public Good" issued its initial
number from its finely equipped office at Lees-
burg. Published at the county seat of Loudoun,
this new journalistic venture should meet with
success from its very beginning, if the issues to
come even approximate in value the initial num-
ber. Cleanly dressed and carrying an abundance
of local and national news, with a good supply
of county correspondence and a large advertising
patronage, the twelve pages of vol. 1 No. 1 of The
Loudoun Times make a most favorable impres-
sion. If you are to give Loudoun such a good
paper as this, Brother Harrison, we say success
to you and plenty of it.

A CHAPTER IN MODERN ROMANCE

If you delight in the romantic you need not turn
to Scott or Muhlbach; all you have to do is to
read the present-day newspaper. Every now and
then we are brought to realize that this old world
is as full of romance as ever. The trouble is we
are apt to overlook the romantic when there is so
much of the practical on every hand.

The steaming of the German commercial sub-
marine Deutschland into Chesapeake Bay Sun-
day and its docking at a Baltimore pier Monday
morning was the end of as romantic a voyage as
you could wish to read about. If fifteen days
this giant undersea boat without a stop covered
4,100 miles, only about ninety of which were
spent under water. And her mission was one of
peace, her cargo consisting of 3,000 cases of dye-
stuffs, scuff iron for ballast and several sealed
packages of mail.

Perhaps the most impressive thing in connec-
tion with this latest of present-day feats is the
German brain and ingenuity back of the idea.
You can say what you will about the German,
but you must give him credit for a practical solu-
tion of every difficulty he is forced to meet. The
idea of a line of commercial submarines plying
between German and American ports may yet
seem a somewhat far-fetched idea, but that such
a thing is not only possible but probable can not
now be denied.

WITH THE EDITOR

Under this heading each week we will treat of matters
related directly to The Journal. We trust you will fol-
low these articles closely and thereby gain a more inti-
mate knowledge and a better appreciation of what we
are doing to make our paper the ideal paper of the home.

THE LOCAL PAGE

The most popular page of THE JOURNAL with
its Manassas readers is page four, commonly
known as the local page. For over ten years,
ever since we have been publishing an eight-page
paper, a large number of our local subscribers
have turned to page four the first thing upon re-
ceiving THE JOURNAL. Here they find brief ac-
counts of local happenings and news of special
local interest, together with items of personal
visits, etc. This page is given over to news of
this nature, except the space devoted to advertis-
ing matter. As we stated last week, however,
many an item that would be found on a page
similar to this in other weeklies is given in more
detail by us on another page under an appro-
priate heading. A few words now as to our local
and personal news.

What you see in THE JOURNAL, no matter on
what page, can be relied upon. Where we don't
say it ourselves we tell you who did say it. In
the matter of brief local news some weeklies re-
sort to all sorts of means to get a large number
of items. They treat of rumors, gossip, and sen-
sational happenings, and think themselves clever
in passing off so much of questionable value on
an unsuspecting public. With us it is an invari-
able rule that all news must be substantiated by
facts; unless it is we prefer not to run it. This
applies to every item, large or small, significant
or of little importance. We prefer to sacrifice
quantity rather than quality.

There are several things that our subscribers
can do to help us make THE JOURNAL, especially
its local page, more expressive of the widespread
interests of the community. Many a local hap-
pening or a visit of relatives or friends goes un-
mentioned because we never learn of it. We can
not possibly get all the news by our own efforts.
Only by your cooperation in handing or sending
in news items can we even approximate the
service we desire to be to our family of readers.
You need not fear accusation of self-advertise-
ment. Nowadays people want news, and just so
it is reliable it does not matter by what means it
is gotten. When you send in news items you
encourage others to do the same thing. As a re-
ward you see more and more news in your home
paper, the result of better and better cooperation
between the reader and the paper. If you will
help us, we can make page four of far greater
value. We are trying to do our part; can we
count on you to do yours?

THE JOURNAL fifty-two times for \$1.00 in advance.

Where Art Thou?

By Rev. Wm. Wallace Ketchum
Director of the Practical Work Course,
Moody Bible Institute of Chicago

TEXT—And the Lord God called unto Adam, and said unto him, "Where art thou?"—Gen. 3:9.

So far as we know this is the first question God ever asked man. It is the question God asked Adam after Adam sinned and was trying to hide himself from the presence of God.

Sin always, consciously separates one from God so that the sinner ever tries to get away from the presence of the Almighty. For this reason men close the Bible which brings them face to face with God. This is the reason why some men never darken a church door; they fear that they may meet God. You know we are told that Adam tried to hide himself amidst the trees of the garden just as if material things could shut out God's view of him, as if God's eye could not penetrate the trees and see Adam where he was. "The eyes of the Lord," says one of our old, "run to and fro throughout the whole earth." And the Psalmist asks, "Whither shall I go from thy spirit or whither shall I flee from thy presence? If I ascend into heaven, thou art there; if I take the wings of the morning and dwell in the uttermost parts of the sea; even there shall thy hand lead me, and thy right hand shall hold me. If I say, surely the darkness shall cover me; even the night shall be light, about me. Yea, the darkness hideth not from thee; but the night shineth as the days; the darkness and the light are both alike to thee." How utterly impossible it is to get away from God. There is no way for man to escape the Almighty; neither earth nor heaven nor hell has in it a hiding place from him. Darkness cannot shut man from his vision. It may hide belittling deeds so that men may not see them, but the eyes of the Almighty not only penetrate through inky blackness but search the innermost recesses of a man's being.

God did not ask this question of Adam because he was ignorant of Adam's place in the garden, but he asked it to bring Adam to a realization of his sinful condition, that he might reveal himself to Adam as his savior. This same question he has been asking men down through the ages and he has been asking it for the same reason. Not always in the same words, but nevertheless the same question. He asked it of Cain when he said, "Where is thy brother?" and Cain knew himself a murderer. He asked it of Elijah, when he said, "What doest thou here, Elijah?" and Elijah knew he was not trusting God. He asked it of the woman of Samaria, when Jesus said, "Go call thy husband," and the woman knew herself an adulteress. He has been asking it of you many times and in many ways. He asked it of you when you heard the first time the story of Calvary, and every time you hear the story the same question is asked, "Where art thou?" Calvary is the great revelation of man's sinfulness and God's grace. There, as nowhere else, one sees himself a sinner and there one beholds God's provision to meet his need.

He asked it of you when that great sorrow came into your life. Did you not hear him say, "Where art thou?" Not to condemn you, did he ask it, but to reveal himself unto you as your comforter. He asked it of you when your loved one left you alone. In the loneliness of your life he asked it, that you might find in him your comforter. When that calamity came and all your hopes seemed blasted it was his voice that said, "Where art thou?" Didst thou not hear him, child, say this to thee, that thou mightest cast all thy care upon him who careth for thee? Deaf indeed hast thou been to the voice of thy God, if thou hast not heard his loving question. Where art thou? If thou hast heard this question and in the stillness of his presence realized where thou art and found in him thy savior, happy art thou indeed. But if he has spoken to thee in his providences, as well as his word, and thou hast not heard, to what pitch must his voice be raised until thou dost hear and heed? Even now in these words he asks thee, "Where art thou?" Not to condemn thee, but to save thee from thyself, thy sorrow, and thy sin.

Christian's Task Not Hard. To follow Christ does not of necessity involve anything new or unwonted; to be perfect in him does not always mean change. There remains only to persevere in lowly obedience to what the conscience witnesses to be the calling wherein he looks to find us when he cometh forth to see how his servants have occupied their talents until he come.—Rev. T. T. Carter.

Although a soldier by profession, I have never felt any sort of fondness for war, and I have never advocated it except as a means of peace.—U. S. Grant.

YOU'LL find a cheery howdy-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The topper red bag sells for a nickel and the tidy red tin for a dime; then there's the handsome pound and half-pound tin humidors and the pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such bang-up trim all the time!

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say—so on the national joy smoke?

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

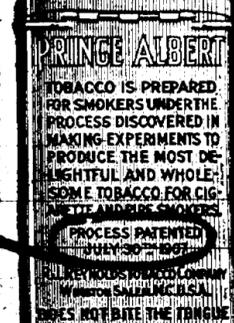

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!
