BEST ROOM HERE STILL BIG NEED

Committee Member Expresses Appreciation of Help Given by Citizens.

(Mrs. C. F. M. Lewis)
As a member of the Best Room Committee, I wish to thank the business men of our town for so kindly helping us raise funds for the maintenance of this valuable room.

Though it is said the women of Manassas at large are not interested in this room, and a good many refused to contribute anything to our little festival sometime back, saying the room was not a benefit to the town folks, well, evidently they forget, in many cases at least, that their daily bread is largely made by the patronage of the country people, in mercantile or professional life. Though it is not necessary to think of their comforts in coping into Manassas to leave the hard earned cash of the farm, then what of the strangers coming into our home town either by train or auto and finding all conveniences in a room for their use? There are many who have not the means to rent a room for several hours or a day in the hotel. Hence to find a small town progressive enough to have a woman's rest room is pleasing to them. Then the women employed in our town, I know, appreciate the privilege of having this room.

With but one exception, all business men have spoken kindly and helped us all they felt they could, I am sure. Even small contributions are gratefully received, for "little drops of water and little grains of sand make the mighty ocean and the glorious land." So your bit, no matter how small, helps.

I want to thank both papers, too. They have been very kind. The posters given us by The Journal on the various roads leading into town, and those in the railroad station, post offices, banks, etc., I am sure have been seen by all.

We women of the Woman's Auxiliary mean to work to keep this room in our town and town to let her slip into an out-of-date condition. In the rest room scheme, anyway, when she was ahead of many towns in having one.

We want community spirit in all our work. Our motto is "Progress." Added to the list already given in the papers are the following contributions:

C. J. Meets, \$10; D. J. Arrington, \$2; Town Council, \$25; E. S. Hynson, \$20; H. T. Davies, Mrs. Showalter, \$1; Byrd & Newman, \$2, and J. C. Tufloss, \$12.

COUNTY CLUB MEETS

Boys and Girls Make Plans for Sending Exhibits to County Fair.

A largely attended all-day meeting of the agricultural and home economics club of the boys and girls of the county was held at Bennett building in Manassas on Saturday. Rev. William Stevens, pastor of Grace M. E. Church, read the Scripture lesson and offered the invocation, after which Miss Lillian V. Gilbert, county home demonstration agent, made an address on club work, discussing plans for club exhibits at the county fair.

The club members took an active part in the meeting, Ernest Davis, of Hoadley, demonstrating the art of building a poultry exhibition coop, and Miss Aline Davis giving an account of the club girls' short course at Blacksburg.

BENJAMIN SMITH DEAD

Brentsville Resident Dies at Age of Seventy-two—Funeral Wednesday.

Benjamin Smith died Monday night at his home near Brentsville at the age of seventy-two. Funeral services took place Wednesday afternoon at Valley View Church of the Brethren, Rev. Barnett Grimsley, of the Baptist Church, and Rev. S. H. Flory, of the Church of the Brethren, officiating.

Mr. Smith is survived by his wife, four daughters, Mrs. Bessie Huddle, of Page county; Mrs. FRED KUBER, of Hoadley; Mrs. Clyde Wolf and Miss Minnie Smith, of Brentsville, and three sons, Mr. James Smith, of Brentsville; Mr. John Smith, of Spottsylvania, and Mr. William Smith, of Page county.

FAIR AT HICKORY GROVE

The public is invited to attend the housekeepers' and farmers' fair and basket picnic to be held at the U. D. C. Hall grounds at Hickory Grove on Thursday. Speaking at 2:30 p. m. will be followed by a baseball game.

LEGISLATIVE SESSION ENDS

Both Houses Meet in Constructive Session to Sign Bills.

The special session of the state legislature practically came to an end Thursday, Sept. 4. Both houses met Friday in constructive session to sign bills, adjourning to Tuesday. At Thursday's session the senate passed bills increasing the salaries of state employes at Richmond, making an appropriation of \$5,000 for the American legion, requiring the recordation of sales of automobiles, and requiring banks to report unclaimed deposits on which no checks have been drawn for fifteen years. The bill to increase the salaries of members of the legislature was defeated.

A brief summary of what the legislature has accomplished follows:

Voted a 7-cent additional levy on general property, the proceeds from which are to be used in meeting federal aid for construction of roads embraced in the state highway system.

Increased the automobile license tax 50 per cent, the increase to be devoted also to the construction and maintenance of state roads.

Set aside the sum of \$300,000 for use during the next two years on the county roads of Virginia. This money will be awarded on a fifty-fifty basis, precisely as the state aid money is now awarded.

Created a State Highway Commission, which will approve the apportionment of funds by the Highway Commissioner and act as an appeal board in case taxpayers are dissatisfied with routes selected by the commissioner between designated points in the system. It will be composed of five members, to be appointed by the Governor and approved by the Senate.

Named a commission which will study the problem of the equalization of taxes and report to the next General Assembly. The commission will be made up of six members of the Legislature—three from each house—and the Auditor of Public Accounts.

Passed an anti-trust measure and a bill limiting the time in which food products may be kept in cold storage.

Approved a bill to amend the law relating to the regulation of new buildings, one much better than expected, according to reports of many thrashings, says the Loudoun Times. Where the quality is not up to standard a good deal of the wheat recently threshed will be available for seed.

COUNTY FAIR TO SHOW MANY BETTER BABIES

Medals Offered to Best Babies in All Prince William—Many in the Contest

One hundred additional application blanks have been ordered by Dr. Edgar C. Harper, superintendent, to meet the demands of proud parents whose babies will be entered in the Better Babies contest of the approaching county fair. Present indications are that more than two hundred of the finest little folk in Prince William county will be examined by the seven physicians and dentists on Wednesday and Thursday of fair week between nine and three o'clock in competition for the medals offered for the "best babies in the lot." Miss Audrey Drake, county nurse, will be in charge and will give demonstrations in infant welfare work.

Children between the ages of six months and sixty months will be admitted, tests of physical and mental development being made according to the age of the child. Every baby's score card will be returned to the baby's parents for preservation.

BAPTIST WOMEN WILL HOLD SPECIAL SESSION

All-Day Session at Manassas September 30 in Interest of \$75,000,000 Campaign.

A special meeting of the women of the churches of group five, Woman's Missionary Union of the Potomac Baptist Association, will be held at the Baptist Church in Manassas on Tuesday, September 30, beginning at 10:30 a. m. and lasting throughout the day. Miss Elizabeth Savage, of Franklin, former president of the state union, and Mrs. J. L. McCutcheon, of Leesburg, superintendent of the Potomac union, will hold an advisory council of the workers. The women and girls of the community are cordially invited to attend. Everybody is asked to bring a box lunch and remain for the luncheon at 12:30.

A special program in the interest of the Baptist \$75,000,000 campaign will be given.

The churches in group five are Antioch, Clifton, Hatcher's Memorial, Haymarket, Manassas, Oak Dale and Woodbridge.

BENEFICENT BREEDERS OFFER SPECIAL PRIZE

Purebred Pig Will Be Given to Owner of Best Animal Shown at County Fair.

Messrs. Johnson and Johnson, Manassas Berkshire breeders, have offered, as a special prize at the approaching county fair, a purebred Berkshire pig, approximately eight weeks old. The prize will be awarded to the owner of the best individual animal, regardless of sex, age or breed, exhibited in the swine department by any person living in Occoquan, Dumfries or Coles districts. It is an additional award not mentioned in the fair premium list and is offered to the breeders of the districts below the run where exhibitors, living a greater distance from the fair grounds, will be at additional expense in getting their stock to the fair.

Mr. W. M. Johnson, in order to accommodate exhibitors, has offered to care for exhibits of swine, when the owners are unable to remain in Manassas during the four days of the fair.

"This is an exceptional offer," says Mr. H. W. Sanders, secretary of the fair association, "and it is hoped that the farmers of Occoquan, Dumfries and Coles districts will not be slow in taking advantage of it."

DR. HARPER SPEAKS

Members of Woman's Auxiliary Working in Interest of Baby Show.

A special meeting of the Woman's Auxiliary of the Northern Virginia Farmers' Institute was held at the Farmers' Building Friday afternoon at the call of the chairman, Mrs. J. F. Dogan, who presided. Dr. Edgar C. Harper, county health officer, who is in charge of the Better Babies contest at the fair, made an address, outlined plans for the baby show and distributed Better Baby application blanks among the committee representatives from various sections of the county.

Miss Loomis Logan, a representative of the home service department, made a short address on home service work among the families of soldiered sailors and the new plans of the Red Cross.

Try our Business Locals—they will bring results.

MISSIONARY SERVICE

Baptist Women in Session Here Discuss \$75,000,000 Campaign.

A meeting of group five of the Woman's Missionary Union of the Potomac Baptist Association was held at the Manassas Church on Friday. Rev. T. D. D. Clark conducted the morning worship, after which Mrs. Westwood Hutchison, former superintendent, introduced Mrs. E. L. McCutcheon of Leesburg, the new superintendent, who told of the plans for the \$75,000,000 campaign. Rev. Mr. Clark sang a solo, after which the body adjourned for luncheon.

The afternoon session was opened by Mrs. Margaret Barbour, of Manassas. Mrs. Hutchison gave a talk on the need of hospitals and the orphanage. Mrs. Robert A. Rust spoke on education and the need of educating young people in Baptist schools. Miss Mildred Harrell told of the value of denominational literature in the home. The meeting closed with a duet by Rev. T. D. D. Clark and Mrs. E. B. Giddings.

LUTHERANS HOLD PICNIC

Young and Old Attend Annual Event at Compton on Broad Run.

The annual picnic of the Lutheran Sunday School, held Tuesday at Compton farm on Broad Run, was greatly enjoyed by both young and old. The youngest participant was the two-month-old son of Mr. and Mrs. W. F. Hibbe, and the oldest in attendance was Mr. Levi Hettinger, of Reading, Pa., who has passed his seventy-third birthday. Mr. Hettinger and his daughter, Miss Rose, attended the picnic as guests of Mr. and Mrs. H. D. Wenrich.

Besides the bounteous dinner, the usual water sports were enjoyed. Mr. Wilson Wenrich brought up a nice string of fish in a short time. There were several contests in which prizes were offered and the usual treat of ice cream.

CARD OF THANKS

We take this means of expressing our most grateful thanks to our relatives and friends for their great sympathy and help during the illness and death of our son and brother, W. F. Sullivan, and for the kindness of the minister who spoke the last sad rites at the grave we feel sincerely grateful.

L. T. Sullivan and Family.

PUBLIC HEALTH NURSE ARRIVES

Miss Audrey Drake, of Richmond, Will Take Charge of School Inspection.

Miss Audrey Drake, the public health nurse supplied by the Prince William Red Cross to assist in the county health campaign, arrived in Manassas Tuesday. Miss Drake is a graduate of the nurses' training school of Stuart Circle Hospital in Richmond and of the Richmond School of Social Service and Public Health Nursing. She has been assistant superintendent of Stuart Circle Hospital and has had practical experience in medical inspection of children in the public schools of Richmond.

Miss Drake will assist Dr. Edgar C. Harper, physician in charge, in the medical inspection of children in the Prince William county schools. She will carry home the doctors' advice to the parents of any child who is not perfectly well and will explain what the trouble is and what can be done to relieve it.

She will instruct the child with a weak back in exercise to make him strong and straight. She will help mothers to plan the proper diet for undernourished children. She will seek to remove the causes of eyestrain and headache by securing better lighting and ventilation. She will make frequent inspection of children to discover unclean hands and decayed teeth and other conditions that interfere with good health, good temper and good school work, and she will endeavor to teach the children to work for good health at home and at school.

She will visit the children under school age, realizing that the needs of these children are often subordinated to the more apparent needs of the little babies.

The nurse will also give treatment where hookworm is discovered by means of community surveys such as the campaign just opened at Blacksburg by Dr. Harger and his assistant, Mr. R. E. Whitmore, officially known as sanitary inspector.

Miss Drake places special emphasis on the importance of the co-operation of teachers and parents, without whose help material results will be difficult. It is expected that valuable co-operation will be given by Red Cross branches throughout the county.

Plans are being made by representatives of the Red Cross and the Woman's Auxiliary of the Farmers' Institute to open an office in the Reid Building adjoining the rest room, which will be shared by the physician and nurse. When the office is open to the public, mothers will be urged to visit the nurse and to see the demonstrations and exhibitions of nursing activities. Miss Drake will give advice and material to help in dressing, feeding and any matter pertaining to infant welfare. She will also give advice on communicable diseases and visit homes to instruct parents in preventive measures and show them how to check the spread of disease.

Arrangements for her transportation to all parts of the county have not been made, but it is expected that an automobile will be furnished.

CHICKEN SUPPER AT RECTORY

Rare Copy of English Prayer Book Will Be Exhibited.

The ladies of Trinity Episcopal Church will give a supper at the rectory on Bennett avenue on Tuesday evening of next week, instead of on Wednesday, as previously announced. The proceeds will be applied to the fund for painting the rectory.

The supper menu will include chicken, hot bread, potato salad, tomatoes, coffee, ice tea, ice cream and cake. Fifty cents will be charged for the supper without ice cream and cake.

Other attractions will be vocal music, a candy sale and a fish pond.

A large and rare old copy of the English prayer book, presented to Trinity Church some years ago by Mr. Charles E. Lipscomb, of Plainfield, N. J., will be exhibited at the rectory during the evening.

COLLECTION OF RELICS

Manassas Chapter, United Daughters of the Confederacy, has recently received, as the gift of Mr. S. T. Hall, a collection of relics from the Bull Run battlefield.

The collection includes a number of discharged bullets of all shapes, mine balls, part of the bit of a sword and a metal buckle decorated with the Virginia seal.

The Unpardonable Sin

BLANCHE SWEET

In Maj. Rupert Hughes' Astounding Story is Making all America Sit Up and Take Notice

"THE UNPARDONABLE SIN" is a story of Belgium in the days before the United States entered the world war. The management realizes that the conventional war picture is shunned sometimes during these days, but feels that the time and conditions can never after in effect or decrease the power of such a picture as "THE UNPARDONABLE SIN." It presents a drama of the utmost strength, in which the principals are neutral Americans, grossly mistreated by the invaders of Belgium. Maj. Hughes' plot and his powerful treatment of it have been brought to the screen with the

utmost fidelity by Director Neilan, with the result that the picture has been acclaimed little short of a masterpiece wherever it has been shown heretofore.

The picture is notable in that it marks Blanche Sweet's return to the screen. She does some of the best acting of her whole career in the dual role of Dimmy and Alice Parrot. An excellent supporting cast, including Matt Moore, Wallace Berry, Wesley Barry, Mary Alden, Edwin Stevens, Bill Houston and Bobby Connolly.

DOES EDUCATION PAY?

That the boy who leaves school at eighteen at the age of twenty-five has an advantage over the boy who leaves school at fourteen equal to an investment of \$18,000 at five per cent, according to figures taken from a study of actual cases and submitted by the Bureau of Education, is particularly welcome news at this time. When it has been said that professors in some of our foremost colleges are almost subordinated, so far as the pay roll is concerned, to the janitors whose services are necessary to the cleanliness of the college buildings, cold, hard figures like these are much to be desired.

The scales of salaries affecting the unskilled and comparatively uneducated workman and the man who has received the average education possible at the age of eighteen apparently have been so nearly the same that it is hard to convince the fourteen-year-old boy of today who sees a war-time salary immediately ahead that an education will pay bigger dividends. It is not the easiest thing in the world for him to study in contentment and wait for the dividends to be declared.

While wages have increased with the war, the proportions shown in the table of weekly earnings still hold true, the statement said. The boy who left school at fourteen at the time the investigation was made received an average of \$4 a week, his wages increasing each year to \$7 a week at eighteen. The boy who remained in school until he was eighteen began work at \$10 a week. At twenty the salaries were \$9.50 a week for the boy who left school early and \$15 for his better trained competitor. At twenty-five they were earning \$12.75 and \$31 respectively, and total wages up to that time had been \$5,122.50 and \$7,837.50, so that the boy who remained in school had earned nearly 50 per cent more in eight years than the other had in twelve years.

A MOST SERIOUS CONDITION

Pick up almost any county paper in Virginia and you will there note the large number of public sales being held by farmers who are retiring from farming. Investigation will prove to you that these farmers are not retiring to farm on account of having obtained sufficient means to justify them in retiring from business, but that they are ceasing to farm on account of the present labor conditions and the uncertainty of our government's future course towards them. They do not feel that our government has treated them fairly by sanctioning wage increases and shorter hours for union labor and then urging the farmer and farm laborer to work longer hours, at no increase for products or labor, in order to feed city labor at a lower cost and at a price for food entirely disproportionate to the cost of food production, based upon the cost of producing, and the price asked for everything else. They do not believe the government has treated them fairly in regulating the price of what they have to sell and placing no price restrictions upon what they have to buy, and fearing further government discrimination against them; many of them are simply ceasing to farm, believing they will be bankrupted by further federal legislation. This is a most serious condition and if similar conditions exist in other states the American people may soon be called upon to face a problem, far more serious than those existing in many of the stricken lands of Europe, for famine is a broader of disease, a traitor of revolution and both mean death to many.—London Times.

GOOD NEWS WHEN EGGS GO UP

"An average sized slice of bread toasted and buttered contains more nourishment than a hen's egg."

In these days when prices are a favorite topic of conversation, it is refreshing to find an example of a price that is cheerfully paid. Mrs. Peter Peterson, of Sandusky, Ohio, spent \$18 not long ago and she says she never got so much for her money in all her life. The \$18 paid for the word "Safe," cabled collect by her son with the American forces in Russia.

A headline says the Germans plan to punish those who started the war. The constitutional convention at Berlin has drafted a bill to be presented in the national assembly creating a state court in which to try those accused of starting, lengthening and losing the war. Doubtless the German account is on the third-mentioned crime.

Experts or Theorists— Which?

The packing industry is intricate, complex—far more so than the railroads or the telegraph.

Every day multiplying needs of society increase its problems and multiplying responsibilities demand more of it.

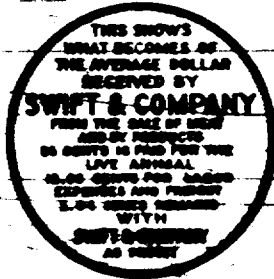

Highly trained experts, specialists of years' experience, thinkers and creative men, devote their lives, their energies, their activities, to solving the problems of the packing industry and meeting its widening duties.

Swift & Company is not a few dozen packing plants, a few hundred branch houses, a few thousand refrigerator cars, and a few million dollars of capital, but an organization of such men. It is the experience, intelligence, initiative and activity which operates this physical equipment.

Can this intelligence, this experience, this initiative and creative effort which handles this business at a profit of only a fraction of a cent per pound from all sources, be fostered through the intervention of political theorists, however pure their purposes? Or be replaced by legislation? Does Congress really think that it can?

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living, and by the same token the Ford Touring Car has brought just as much pleasure to the residents of the towns and cities, because it is an every day in the year utility, answering the demand of quick transportation at low expense. A family car without an equal in low cost of operation and maintenance. We solicit your order for one. We have the full line of Ford cars. We carry the genuine Ford Parts, and assure you the best in mechanical service and the most reasonable prices.

REPUBLICAN PLATFORM

The Republicans of the fourteenth Senatorial District of Virginia submit to the people the following declaration of principals:

1. The election laws of our state are a travesty on justice and a crime against true democracy. To preserve the republican form of government in the state as guaranteed by the Bill of Rights of Virginia, we favor materially amending our election laws so as to make it easier for all honorable citizens to freely exercise the right of suffrage.
2. We favor the widest possible extension of our public school system and insist that large appropriations shall not be made to the higher institutions of learning of the state at the expense of the common schools.
3. We declare in favor of the abolition of the needless multiplication of offices in the state with the taxes to sustain the same.
4. We favor co-operating with the national government in road construction in our state and the widest possible extension of our good roads system to the end that the farmer may be connected with the station and the market so that country produce may be gotten to the consumer as cheaply as possible and thus bring down the high cost of living.
5. We favor the election of all officers by the people served.
6. We declare our sympathy with the farmer and the working people and shall favor legislation to prevent profiteering by middlemen and speculators, and to encourage production, thus reducing the cost of food, fuel, clothing and other necessities of life.
7. We favor a businesslike arrangement of the tax laws of the state so they will be readily understood and not be, as at present, a source of irritation and conflict.
8. We favor business economy and efficiency in public office and demand the proper auditing of the books of public officials.

On August 18th, Professor J. H. Dodge accepted our nomination on the above platform and all Republicans are hereby requested to give his candidacy their heartiest support and vote for J. H. Dodge for state senator on November 4, 1919.

PRINCE ALBERT
 the national joy smoker

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy-you'll want to get a photograph of yourself breezing up the pipe with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smoke appetite!

You buy Prince Albert everywhere tobacco is sold. Twenty cent tin, fifty cent tin, handsome pound and half pound tin, hardwood and that classy, practical patent crystal glass bomber with its eye-motometer top that keeps the tobacco in such perfect condition.

There is More Money in Wheat

when you use

ROYSTER'S FERTILIZER

There are many ways of getting more money out of wheat. One of them is the use of Royster's Fertilizer. But we are not content with giving the farmer the best plant food that can be made and so have prepared a compact, plainly worded, practical book, called "Wheat Growing for Profit," which covers the entire process of wheat culture from the preparation of the ground to the harvesting. This book embodies the best modern thought on this subject and will be very helpful to those who wish to increase their profit. It will be sent free of charge. Lay That Concrete Sidewalk or Driveway Now and be Prepared for Winter Weather

Don't spend another winter "in the mud." Don't force the women-folks and children to wade through slush and water to get around the place. For a small outlay of money, and a little work you can do yourself, you can have hard, weather-proof Concrete sidewalks and driveways wherever you need them. Concrete will outlast anything else you can use; will never need repairs; is rot-proof and frost-proof if laid now. Put down some Concrete sidewalk and driveway now and be ready when winter's heavy weather comes.

Concrete construction is the farmer's easiest, quickest, least troublesome and cheapest-in-the-end way to build any farm improvement, under, on or over the ground. Concrete is as strong as solid rock, and as everlasting, and costs the farmer little money, because he has on his land, or nearby, everything he needs except cement. And for that, be sure and use

SECURITY PORTLAND CEMENT for STRENGTH

You can do the work yourself; no special tools or machinery needed for the average farm job; and do it at odd moments when other jobs are slack. There are many small improvements you can make around the place that will lighten your daily chores and save your time. Our booklet "What a Bag of Cement Will Do" tells about a lot of them. Ask for your copy. We are also at your service and will give you practical and experienced help in planning and doing the work, no matter how small the job may be. But look into it now and get busy so you'll be all fixed when the heavy weather sets in.
