## BEE'S BIRTHDAY OBSERVED HERE

### Daughters of Confederacy Com- memorate Anniversary of Gallant Texas Chief of Staff.

A pilgrimage to the Bull Run bat-  
tlefield in memory of General Bernard  
E. Bee, who lost his life in the first  
battle of Manassas, was made Satur-  
day afternoon on the anniversary of  
his birth by members of Manassas  
chapter, United Daughters of the Con-  
federacy, who carried a Texas flag  
which was planted with appropriate  
ceremonies over the spot where Gen-  
eral Bee fell.

The services opened with the U. D.  
spiritual by Rev. A. Stuart Gibson,  
chaplain of Manassas, was made Satur-  
day afternoon on the anniversary of  
his birth by members of Manassas  
chapter, United Daughters of the Con-  
federacy, who carried a Texas flag  
which was planted with appropriate  
ceremonies over the spot where Gen-  
eral Bee fell.

The principal speaker of the occa-  
sion was Rev. Mr. Gibson, camp chap-  
lain and rector of Trinity Church,  
whose theme was the stirring words  
uttered by General Bee as he fell. Mr.  
Gibson emphasized the examples of  
great men and their adherence to prin-  
ciples regardless of circumstances.

Mr. Collins, of Washington, a  
nephew of the Confederate general,  
was unable to be present at the cer-  
emonies on account of the weather.  
The services were held at the  
battlefield.

## GENERAL CLINIC CONTINUES

Dr. Hugh and Dr. Glenn Davis  
have returned to school children's teeth.

(Dr. E. C. Harper, Health Officer)  
Too much praise cannot be given Dr.  
L. F. Hough and Dr. V. V. Gillum, our  
local dentists, for the splendid proposi-  
tion in which they have solved  
our dental clinic problem for the school  
children.

Investigation showed that we could  
not bring a dentist here for the sum-  
mer months to do this work for less  
than \$150 per month and six expenses.  
There seemed to be no way in which  
this money could be raised and we  
were in despair when Dr. Gillum and  
Dr. Hough said they would each give  
half a day of their time each week for  
this work among school children.  
This clinic is now in its second week  
and so far twelve children have had  
their dental defects corrected.

Next week the county is indeed  
fortunate to have a number two  
public spirited men, Dr. Hough and  
Dr. Hough. We sincerely appreciate  
what they are doing.

of Stanton Military Academy, who set  
the mark at 167 ft. 5 ins.

Stanton Military Academy won the  
second and Woodberry Forest third.  
Individual honors went to Beets, of  
Stanton, who was far superior to his  
opponents in the discus, javelin and

distanced rival competitors in the 200  
and 300-yard dashes.

per head. The cattle were all regis-  
tered and came from a stock farm in  
New York.

went out of the state. She was a

Point, N. C., at \$425. The next highest  
priced cow, Aurora Hengerveld

## DR. BIRD ADDRESSES HIGH SCHOOL PUPILS

### Member of Virginia Faculty Interests Students in Chem- istry as a Vocation.

Dr. Bird, who holds the chair of  
chemistry at the University of Vir-  
ginia, addressed students of the high  
school yesterday on chemistry as a vo-  
cation, his address being one of a ses-  
sional series inaugurated at the begin-  
ning of the school year. Dr. Bird  
emphasized the importance of helping  
people to find their own particular  
work, which in the final analysis means  
failure or success.

Dr. Bird spoke of the great demand  
for men and women prepared to  
assume the obligations incident to the  
big work that awaits them out of the  
vast domain of matter being spent on  
education.

"The world wants more men than  
the world can supply," Dr. Bird de-  
clared. "A few years ago the man  
from college had to hunt his job, but  
now the job hunts him." Further on  
this, he said, 500 men have given \$4,  
500,000 to work on the scheme of co-  
ordination between colleges and great  
industries.

"Chemistry deals with matter and  
matter is everything," Dr. Bird con-  
tinued, reaching the "heart" of his  
theme. "Back in the dark ages—  
1914—we didn't need many scientists.  
During the war the practical men laid  
down the theoretical ones did the  
dirty work." The Liberty meter re-  
quired a knowledge of chemistry and  
physics. Theory today is practice to-  
morrow—it took the theory of chem-  
istry to win the war."

The American chemists' fight  
against mustard gas was one of the  
most without struggle of the war, he  
said. Plans were under way at ar-  
mies time to manufacture enough  
mustard gas to smother any army.  
"It took the theory of chemistry to  
make enough hydrogen to make enough  
nitric acid to make enough TNT to kill  
the Hun."

There is no limit to the opportunity  
for the man in chemistry, Dr. Bird  
continued. Hundreds of openings  
await the man who is prepared. As  
for the woman—and from 1918 on the  
out of the graduating classes of to-  
day are women—the world wants wo-  
men, to handle women, to be here,  
to accept that part of the world's  
work which man cannot do as woman  
can.

"Do your work thoroughly right  
here in high school," he urged the stu-  
dents. "Early training is the founda-  
tion of future success. American wants  
trained men and women."  
"We are living on the eve of the  
greatest time in the world," he con-  
cluded. "Our country never says  
'stay' to any one who wants to suc-  
ceed!"

The assembly program opened with  
one verse of the national anthem, af-  
ter which a student chorus sang  
"Come Back to Erin." The meeting  
closed with a patriotic hymn, "Amer-  
ica, the Beautiful."

W. R. Hooker and S. C. Appleton  
will exhibit and sell at the county  
fair here.

## FINE HOLSTEIN CALVES ARRIVE

### Boys and Girls of Dairy Club Club and Farmers Purchase Quartered Stock.

Twenty registered purebred Holstein  
calves, calculated to be a material gain  
for Prince William dairy interests, ar-  
rived here on Saturday from Howell,  
Livingston county, Michigan, one of  
the greatest Holstein centres in Amer-  
ica, and were distributed among farm-  
ers and members of the boys' and  
girls' dairy club of the county. The  
calves, at the instance of Mr. W.  
L. Browning, county agent in charge,  
were purchased by Mr. F. A. Buchan-  
an, dairy specialist at the state agri-  
cultural school at Blacksburg, who  
made a trip to Michigan to complete  
the deal.

The calves ranged in price from  
\$250 to \$300, making a total of \$3,015,  
which was obtained by the Peoples  
National Bank. The bank accepted  
the notes of the club members, en-  
dorsed by their parents, and will hold  
them until the investment enables the  
young people to liquidate the debt.

Mr. Reuben Brigham, representing  
the States Relations Service, United  
States Department of Agriculture, was  
present when the calves were un-  
loaded, together with an official pho-  
tographer from his department, who  
obtained photographs of the unloading  
of the calves and their acceptance by  
members of the county clubs. Other  
photographs will be taken later as the  
club work develops, to be placed in a  
set of official photographs made at the  
request of the state.

The club members who purchased  
were Carroll Sanders, Leesburg, and  
Clara Kline, Oden. Other buyers  
were Maxwell Couper, Leesburg,  
Woodfield, James and Walter Apple-  
ton and Miss Helen Arthur. These  
calves, together with four already in  
the county (three belonging to mem-  
bers of Mr. C. L. Lee and one owned  
by the daughter of Mr. W. T. Brown-  
son) will complete the herd of regis-  
tered Holsteins owned by members of  
the boys' and girls' club which county  
Agent Browning was organized last  
year.

The nine remaining calves in Satur-  
day's shipment were drawn off by  
William farmers Messrs. John E.  
Barrett (2), Charles C. Lyon (2), John  
House, C. F. McEwen, E. E. Blough  
(2) and F. A. Brown.
