### HAYMARKET .

A \$1,100 moving picture outfit has been installed in the parish hall by St. Paul's Episcopal Church and pictures are shown every Friday evening under the direction of the rector, Rev. Thomas M. Browne. The purchase of the outfit is a result of the Nation-Wide Campaign, one plan of which was the inauguration by every church of a movement for the benefit of the community as well as the church. A nominal admission fee is charged to cover only the cost of the pictures shown. The machine has been paid for and the admissions are not expected to create a fund for this purpose The pictures are largely attended.

Mr. Charles Gillies is erecting s garage where Rector & Hunt's store formerly stood. The building is 50 by 60 feet, with peoble dash finish, and the work is being done by Mr. B. B. Nalls and a force of men. It is understood that the garage will be leased to Mr. C. B. Roland.

The electric plant which furnished power for the motion picture machin also is used to light St. Paul's Church and the rectory. Electric lights have been installed at Jordan's store, Mr. J. E. Jordan's and Mr. Andrew Lew's.

WHAT IS A ONE-CENT SALE? It is a sale where you buy item at the regular price—then another item of the same kind for Ic. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tabe at this price, and by paying le more, or 26c, you get two tubes. Every article in this gale is a high-class standard piece of merchandice, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING. This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs memor to get new customers, and the loss taken on this miswill be well spent if the goods please you.

During all the years the Ford Model T One Ton Truck he ket, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axie are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give bervice. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. Come in and talk it over.

# WE ARE GOING OUT OF BUSINESS

This may sound strange to you—it sounds strange to us, we have been serving you so long—the firm since 1867; the writer since 1890—but we have fully made up our mind to "quit," and instead of selling to some one to carry the goods away and sell we are going to give the people we have served so long the chance to profit by cheaper prices. We can say honestly and truthfully we have never in our experience profiteered or sold an item we did not believe was honestly made and worth what we sold it for, and if we staid in business 50 years longer it would be done along the same lines. We appreciate the many friends the firm has and it is with real sadness we make this announcement. We shall announce from time to time SPECIAL REDUCTION PRICES. Odd and small lots will at all times be on sale; we are buying nothing; we are selling what we have and can and will sell for much less than the goods can be bought wholesale today. We shall specially move summer goods at this time, as our price reductions will indicate.

# Men's Clothing \$17 to \$70

We assert knowingly that not a suit in the store can be bought from the factory today for anything like our price. They are worth wholesale 20 to 25 per cent more than we ask. All Hart, Schaffner & Marx Suits at original tickets.
