# SPLEADID EXHIBITS AT OFFER THANKS FOR FARMERS' INSTITUTE

CORNSHOW ATTRACTIVE FEATURE MANASSAS OBSERVES SACRED DAY

Display Products of Field and Home Young Women Win Prizes for Cook ery-Awards on Corn Exhibits.

### ENTHUSIASTIC SESSION

Enthusiaem was the keynote of the initial session of the Farmers' Institute for the season and the introductory Corn Show. From this most auspicious beginning it is believed that an Agricultural Fair will develop. At any rate the educational value of an exposition was never more fully demonstrated than at this Institute and Corn Show.

Competition between exhibitors created lively interest, and was pro ductive of much benefit. The interchange of ideas on modern methods of farming, and comparison of experments constitute in large measure the utility of such enterprises. In this era of efficiency the soil as well as the individual is made to produce its utmost. But the producivity of the soil is measured by the capability of the man who tills it Show adds immensely to the common wealth.
