## ORGANIZE LEAGUE TO IMPROVE TOWN

### WILL ABATE DUST NUISANCE FIRST

Begin Cleaning Court House Grounds Preparatory to Parking—Plan Many Important Betterments.

Organization of a Civic League for purposes of general town improvement, was effected by citizens last night. The specific aims of the organization are improvement of the streets and public buildings, improvement of the schools and town library, plans for parking the cemetery and court house grounds, and for securing additional land for a town park.

Immediate effects of the Civic Improvement League were noticeable this morning when work was started on cleaning and parking the court house grounds. The streets are to be oiled and the town thoroughly cleaned before visitors arrive for the Reunion and the Peace Jubilee.

### SELECT OFFICERS

The following officers were elected: President, Miss Selena Taylor. Secretary, Miss E. H. Osbourn. Treasurer, Mrs. C. R. C. Johnson.

An executive committee was appointed consisting of the officers, and G. Raymond Ratcliffe, Maurice Hopkins and Dr. G. R. C. Johnson.

A membership committee was also appointed composed of Mrs. George C. Round, Mrs. H. U. Ross, Mrs. Spies, Mrs. A. J. Davis and Mrs. J. K. Efrid. The constitution and by-laws in use by the Civic League now being organized through the State under direction of the Virginia Co-operative Education Association were adopted, and the Manassas League enrolled itself as one of these organizations.

### ORGANIZE LEAGUE

C. R. Stearns, secretary of the State Board of Education, was to have addressed the people of Manassas on the scope and plan of these Civic Leagues now being so successfully carried on in many of the towns of Virginia, but could not come on account of the illness of his son. However, he wrote asking to have his regrets expressed in the town papers and announced his intention of coming later on. Nevertheless it was decided to organize the League so as to carry out some of the proposed plans with as little delay as possible and to call another meeting later in the summer for Mr. Stearns' address. It is encouraging to note that among the first measures of the League are plans for reducing the dust in the streets that now in the summer becomes so great a menace to the health and comfort of the community.

### FAMILY REUNION AT MILFORD MILLS

## THIEVES FEAST IN VICTIM'S STORE

### NOTHING TOO GOOD FOR THEM

Revel in Explosive Cigars, High Grade Canned Goods and Watermelon—Take Small Sum of Money.

Thieves who broke into the E. R. Conner store Sunday night had a taste both for and of delicacies according to evidences of their visit and repeat. Scattered about were remains of expensive cigars, high grade canned goods and of a watermelon that apparently had been the piece de resistance of the feast. Sugar, flour and a small sum of money also were taken. Entrance was effected through a rear window. The loss is about \$10.

A most enjoyable musicale was given by the advanced pupils of Glenn Gorrell, the well known pianist in the Washington Club in Washington, D. C., last Thursday, which was attended by several persons from this place. Miss Fannie Louise Rixey, of Culpeper, was one of the performers whose selections evoked hearty applause of the music loving audience. Miss Louise Adeline Mather, of Manassas, well known to a great many Culpeper people, was also on the program.

## MINT COINS FAVOR ON FOURTH OF JULY

### COOL BUBBLING SPRINGS POPULAR

Youngsters Enjoy Picnicking While Growlows Seek Relief in Shade—Handkerchiefs and Fans in Demand.

The Fourth of July was noisily and quietly celebrated in Manassas—noisily by the youngsters with firecrackers, torpedoes and bombs, and quietly by the old folks who remained in the shade seeking relief from the intense heat. Parched throats were relieved by cooling draughts from soda fountains and ice cream freezers.

Business was practically suspended. The banks, county offices and many of the stores were closed, and the holiday schedule was in effect at the postoffice. Handkerchiefs and fans were in demand by the perspiring community, while mint patches and springs attained deserved popularity. The Manassas band played and many citizens attended the celebration in Markham. Picnickers sought cool spots in the woods. There was the usual display of fireworks in the evening.

## VETERANS SOUND NOTES OF PEACE

### REUNION OF BLUE AND GRAY

Key Interest to High Pitch as Jubilee Approaches—Missives from Survivors of First Battle of Manassas.

With the approach of the Reunion of the Blue and Gray and the Peace Jubilee on the Bull Run battlefield July 21 commemorating the fiftieth anniversary of the First Battle of Manassas, interest is keyed to high pitch. Veterans of the Confederate and Union armies are manifesting appreciation in numerous letters to Lieutenant George C. Round. The tone of the peace messages is sounded in the following notes:

- LIVE HAPPY AND DIE IN PEACE. May we live happy and die in peace with all mankind. GUIDO LUEDERHANS, Forty-first New York, Los Galen, Cal.
- NOBLE CONCEPTION. The Jubilee is a noble conception. ISAAC P. BALDWIN, Battle Creek, Mich.
- ANTICIPATING ENJOYABLE TIME. I was in both Battles of Manassas and at Black-burn's Ford—anticipating a very enjoyable time. W. T. BARTLEY, Seventeenth Virginia, Kemper's Brigade, Bull Run, Va.
- WORTH THE COST. I consider our Government worth all the money and blood that it cost—the first and best on God's green earth. FRANCIS J. PAOR, Seventeenth Kentucky Cavalry, Duphian, Mo.
- PEACE. My prayer—that the boys of the present and future will never again fight one another's battles. H. S. BURNETT, Thirty-sixth Ohio, Long Beach, Cal.
- REUNION UNION. May our Union of States be forever preserved. GEORGE W. WANNAMAKER, Milford, Neb.
- QUESTIONS. No, comrades, wrinkled. Old and gray. O, let your hearts be light and gay. What meeting boys we used to know. Who fought with us so long ago. J. T. COOPER, One Hundredth Pennsylvania, Prospect, Bucks County, Pa.
- UNDER CARE OF PROVIDENCE. I am more than ever an evolutionist, believing that the future is created out of the present, so wholly new made, and that our Civil War was under the ever-ruling care of a far-seeing Providence. An important step in the march of progress. "Forward that sublime, far-off goal." To which the whole creation moves. VARY YOUR OWN COURSE. GEO. H. SPORN, Colorado Springs, Colo.
- OUR PRAYER. In this fair, reunited land of Freedom, may we by God's favor, dwell in peace and harmony to the end of days. S. S. RAINE, Fifth Georgia Cavalry, Jacksonville, Fla.
- OUR COUNTRY. Our common country, one and indivisible, now and forever. Equal rights for all. JOHN M. BARKER, Captain of Staff, Wallford, S. C.
- FIFTY RECONSTRUCTION. The proposition you have before you is a fine one, full of sentiment and must meet an enthusiastic response. JAMES H. KELLY, "Signal Corps," Albany, N. Y.
- MAKING FRIENDS OF ENEMY. It is better to make a friend of your enemy than to fight him. W. W. VANHORN, Our Hundred and Fifty-second New York, Mount Vernon, N. Y.
- PEACE COMES TO STAY. No longer the line of Blue. Prevail the Southern aim. No longer the line of Gray. Rebellious ranks prevail. Our powder for war has flown. Our France has come to stay. Into the line of Blue. Hasn't the line of Gray. Until we halt the flag. Emblem of loyal love. Floating above in the Blue. Over our heads of Gray. LYMAN S. WIDNEY, Thirty-fourth Illinois Volunteer, New York, Jan. 24, 1861.

With the straightening of the hole in the Penn-Vir well in the Nokesville oil field, drilling now is progressing, and much care is being taken with the work through the present rock formation, that the drill now below any former depth in this well may be kept straight. The encountering of magnetized ore indicates the presence of oil, experts declare. Stock has advanced to \$1.50 a share.

Miss Bernadette Mellon, postmistress at Nokesville, and James Austin, foreman for the Western Union Telegraph Company, at Jacksonville, Fla., were married in Washington last Thursday. Miss Mellon has been postmistress at Nokesville for the past two years and her high efficiency and untiring courtesy have won her many friends. Douglas Cockerille has been appointed postmaster.

The most spectacular flight in the history of American aviation was ended at Governor's Island Saturday morning by Harry N. Atwood with a wonderful circle about the Singer Tower, almost grazing the roofs of the ereggy skyscrapers below.

Three hundred and fifty-nine men and women are to be dropped from the rolls of the Census Bureau of the Department of Commerce and Labor and from the Treasury Department, Ninth following complaints from 120 of leading commercial organizations of the United States the Interstate Commerce Commission Friday ordered a general investigation of express rates. This action has been under consideration by the commission for some time and the investigation ordered includes all express companies doing an interstate business.

A contemporary makes the following observations concerning the discomforts of the torrid season: "Light clothing and light eating and drinking are imperative. Don't think about the heat. Keep busy as usual. Persons who are occupied and give attention to their work will find they won't notice the heat. The idle, the unemployed and the cranks are the ones that suffer most."

Laying on the Mexican border a military force adequate to meet any emergency that might arise, President Taft Friday authorized the withdrawal from the manœuvre division of four regiments of infantry, the Ninth Cavalry and the Fourth Field Artillery. The infantry regiments to be withdrawn have not yet been selected. The movement will be gradual and will consume probably thirty days.

A judge does not necessarily know it all. One of them in Massachusetts has decided that a husband is entitled to have his meals at any hour he wishes them, and that the kind of food he wants goes. The chances are that the judge hustles like a hired hand to get home in time for dinner and that he eats what is set before him without a whimper. The law says a lot of things that don't pan out in actual practice.

Every member of a labor union of this country is to be asked to contribute 25 cents towards the defense of John J. and James B. McNamara, charged with dynamiting outrages in Los Angeles, according to a plan adopted by Samuel Gompers, president of the American Federation of Labor, and other national labor organization officers. It is expected in this way to raise a defense fund of \$500,000 this summer. McNamara stands, bearing the portrait of J. J. McNamara, also arrested by the Federal Department of Labor, to be sold at auction, the proceeds to go to the defense fund.

Two earthquake shocks, the heaviest since the big shake of 1906, and separated only by a few seconds, jarred the central portion of California and the western portion of Nevada Saturday. The first sharp shock, experienced at 2:01 o'clock, was followed within a few seconds by one of similar intensity, each lasting only about five seconds. Only trivial damage has been reported from any section, but in San Francisco and other cities in the affected area panic seized upon crowds in stores and restaurants, and there was a pell-mell exodus from the large buildings.

Ransom Jones, an 18-year-old boy of Teynor, while watching a balloon ascension at Treynor, Iowa, was caught in the guide ropes and asphyxiated. He managed to hold on to the rope, and descended with the balloon three miles from Treynor. He was uninjured. Jones started up feet foremost, but soon managed to grasp the rope with his hands, turn himself about, and twist his legs around the rope. In this manner he held on, even when the aeronaut cut loose in a parachute and the balloon took a great leap upward. When the air in the balloon cooled off, it came to earth, and Jones helped roll it up for cartage back to Treynor.

After serving twenty-two years in the State penitentiary in Philadelphia for the killing of a man in a brawl in Laykens, Pa., in 1889, Sydney Ware, by virtue of a pardon granted by Governor Tener walked through the private gate Sunday a free man; but the moment he stepped into the street a deputy sheriff from Harrisburg placed him under arrest and took him to the State capital to stand trial for the murder of a second man he is charged with having killed in the same brawl. When Ware stepped out a free man he saw a taxicab for the first time, and in it he was whisked away to the railroad station. Ware had been informed that he would be re-arrested and expressed himself as confident of acquittal.

Southern Pacific freight officials have just handed out of Eastern New Mexico, North Mexico and Western Texas five carloads of live snakes, delivered to Baltimore, Chicago, Cincinnati, Boston, also to New York for shipment to European ports. The snakes numbered 1,790 and represented twenty-four different species. In length they are all the way from five to twenty-five feet. The majority of the reptiles were classed as deadly and were so marked on the boxes. The shipment represented about ten months' work on the part of the signatory, who are said to be famous snake collectors of the valley of the Rio Grande. It cost \$800 per car to ship them.

Sixty-five negroes held a meeting Friday night and adopted resolutions declaring that unless the judge of the Corporation Court will agree to license one negro to sell liquor in case Staunton goes wet, they will vote the dry ticket. Virginia makes a most encouraging showing in the Thirtieth Census of the United States in the matter of manufacturers. In the number of manufacturing establishments there was an increase of 78 per cent to the period from 1904 to 1909, of 46 per cent in the amount of capital invested in these enterprises, 50 per cent in the cost of materials used, and 44 per cent in amount of wages. July is the month to begin preparing the soil for alfalfa sowing. The ground should be plowed deep and should be harrowed as often as weeds appear until seed sowing, which is from the 15th to 20th of August. About 50 pounds of ground lime to the acre is advised just after plowing, and about 200 pounds of good fertilizer should be drilled at the time the seed is sown. Alfalfa is the one crop above all others that farmers should raise, as stock can thrive on it, even if they have nothing else to eat.

A Lincoln, Neb., girl writes: "I had been going for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Pills and in three days I was able to get up and eat better than I have for some time. I am the happiest girl in Lincoln to find such a good medicine."
