## MEDALS TO BE AWARDED BY THE U. D. C.

World War Veterans of Confederate Lineage to Receive Medals of Recognition.

The United Daughters of the Confederacy is planning to bestow medals upon men of Confederate lineage who served in the world war. In order to get a full record for Prince William county, Manassas Chapter, U. D. C., asks that every one interested in this splendid enterprise, especially the fathers and mothers of the "boys" will send the following information to the chapter president, Mrs. Westwood Hutchison, of Manassas, promptly: Full name of parents; full name or names of ancestor or ancestors who served in the Confederate army, with rank and branch of service; full name of boy, date of entrance into the service, volunteer or drafted, where trained, branch of service, rank, when and where mustered out; present address.

Please give us your cooperation, that these records may be on file in time and in shape for recognition by the authorities in charge of the bestowal of medals to lineal descendants of Confederate soldiers in the world war.

The president-general writes: "I cannot impress upon you too strongly the necessity and desirability of filing these records at once. The men who served want it done, and I am constantly being approached by the fathers and grandfathers of these men with inquiries as to how their descendants can secure this coveted recognition from the U. ## GROUNDS FOR FAIR BEING PUT IN ORDER

Former Horse Show Grounds Undergoing Thorough Overhauling—Will Be Ready for Prince William Fair Sept. 23-26.

(H. W. Sanders, Sec.)

The work of repairing and remodeling the grandstand and buildings on the old horse show grounds to meet the needs of the Prince William Fair, was begun in earnest this week. While there is considerable work to be done, a force of men sufficiently large to complete the work at an early date is being employed. Poles for the electric wires are being put in place, and this branch of the work will be completed upon the arrival of the necessary supplies.

With the exception of the live stock, most of the exhibits will be under canvas, for which purpose three large tents have been engaged. The only new buildings will be the one for dairy and beef cattle and another for sheep and swine.

All persons who are interested in the success of the fair and especially those who have exhibits in any department, should request a copy of the premium list from the secretary, if they have not already received one. A copy of the premium list should be in every home throughout this section of the state, for everyone can make entries in one department or another.

A fair conducted on the proper principles—the principles on which every effort is being made to conduct the Prince William fair—stands for economic and social betterment, for education and instruction in the things that pertain most closely to our daily life, and for promotion of the general welfare and prosperity of the community, county and state in which it is held.

If you want to see our fair measure up to this standard of success, get busy and do some real live hoisting for it, and don't listen to the man who "knocks" because he is usually the man who is not really interested in the success of the fair.

Special Committee to Name Candidates for County and State Offices.

The Republicans in their county mass meeting last Saturday did not make any nominations either for the House of Delegates nor for county offices, but delegated this authority to a special committee which, after careful consideration of the prospective candidates, were directed to publish their decisions—nominations and endorsements in the local papers in two weeks. The mass meeting elected delegates to the Alexandria senatorial convention. #### Automobile Accident.

Mr. James Harley, son of Mr. and Mrs. Allen Harley, met with an automobile accident early Monday morning at the corner of Maple avenue and Center street, while on his way to the station. Fortunately the car was not being driven very fast and consequently was not damaged to any great extent, although the top was broken off, the wind-shield broken and the radiator slightly damaged. Mr. William Goode was also in the car at the time of the accident, but neither of the occupants were injured.

These exercises will consist of music, stories and short addresses and will be presided over by groups of the club members. It is expected that addresses will be made by Prof. F. J. Byer, Supt. Chas. **Cradle Your Car on Miller Uniform Cords**

THOSE dead-weight blows of the load below the springs are what shatter cars to pieces long before their time.

Here is a way that practically ends this evil — the Miller Cord Tire — buoyant, over-size, elastic — Thousands of cable cords as strong as bow-strings, floated in new, live rubber, layer on layer. It gives and takes as it rolls on the rough of the road — it neutralizes shocks — you ride with bird-like ease.

Miller Tires, Cord and Fabric alike, are uniform in mileage, tire after tire. The result is that every Miller is a long-distance runner. Come here and get the size and type you need. And get acquainted with our expert repair work, quick service and reasonable charges.
