ATHLETES READY FOR TRACK MEET

A live performance of the opera "La Traviata" by the Metropolitan Opera Company was held in the city on Saturday, April 29, to benefit the Manassas Hospital. The opera was presented from 7:30 to 10:30 p.m. The proceeds of the performance will be used to build a new hospital for the city. The opera was well received by the audience, who showed their appreciation by singing "Ah, vous dirai-je, Maman." The performance was a great success and helped raise the necessary funds for the new hospital.

HUMOR OF THE HOUR

A splendid breakfast made with modern equipment, at the home of Miss M. Wright and Mr. H. Allen, was enjoyed by a number of friends on Saturday morning. The menu included fruit, eggs, sausage, butter, and orange juice. The setting was very attractive, and the atmosphere was one of conviviality. The breakfast was followed by a game of cards, which was enjoyed by all present.

To the Dairymen

The Sucrine Dairy Feed has Class! It brings Best Results!

This is abundantly shown in every practical test as well as on paper analyses, in which it has been subjected. Pay no attention to the manifestly ignores and fictitious attestations. Ask for Sucrine in any of the finest dairies. The statement concerning the text or lack of value of Protein, Fat, etc., has no foundation in either our large or your kind.

The Sucrine label on the feed is a sure indication that it is high and better than other feeds, as the feeding results in Portland and other cities are most remarkable and the looks and fit are well above the general average. We are prepared to ship it in bales and to deliver it to the breeders in the breed you have.
