NARRATIVE ACCOUNT OF STRANGULATION DEATH

Harry Throrse, lawyer of David Throrse, a personal acquaintance of the Harris family, walked into the police station on Monday night and reported the death of his client. Throrse stated that he had been called to the Harris residence, where he found the victim dead. The medical examiner was called to the scene and pronounced death due to strangulation. A extensive investigation was launched to determine the cause of death.

STORY OF MAN'S ESCAPE FROM DEATH

The story of the escape of a man from a burning building was reported by the police on Tuesday. The victim had entered the building moments before it caught fire and was able to escape through a window before the flames engulfed the structure.

FREED OF MURDER CHARGE

The charges against John Treagor, a local businessman, were dismissed by the judge on Wednesday. Treagor had been accused of murder in connection with a certain case, but the evidence was not sufficient to sustain the charges.

STUDENTS GUESTS AT ALUMNI RECEPTION

The annual alumni reception was held on Thursday evening at the college. A large number of students and alumni attended, enjoying a night of socializing and reminiscing.

HEATING PLANT FOR EASTERN COLLEGE

The college administration announced plans to install a new heating plant on campus. The plant will provide sufficient heating for all the buildings, ensuring a comfortable learning environment for students.

OFFERS TO EQUIP ROOM IN HOSPITAL

The local hospital has received a generous offer to equip a new room. The donor wishes to remain anonymous, but the offer is expected to significantly improve the facility's capabilities.

EXEMPLARY PRECEDENT OF ORDERED MURDER

The case of the attempted murder of a local businessman was marked by exemplary behavior. The victim, who was shot in the arm, avoided serious injury despite the severity of the attack.
**OH, YOU HAMMOND!!**

Hammond Feed always runs as high and higher than claimed by its manufacturers. There has been a great revival in the feed-line in this county in the past few months. Chris Meetez has been doing the pressing and Hammond Dairy Horse Feed has been his text. The number of consumers has been large—more coming every day—COMING TO STAY TOO.

Hammond leads, others follow. Hammond is not made of offals, but pure grain by-product. We fear no competition.

The biggest horse.

The better we appreciate the task of fitting him with suitable harness and tackle. We think many will be interested in seeing the result; one of the best of which is our special bridle and bit for this purpose. We are offering this for a limited time to give our very best horseman the chance to work with the finest bit and bridle that can be had; and that is what we always claim to be the best. No other bit or bridle can give these horses the chance to show their full value. And we have no doubt that they will not fail to give complete satisfaction...

THE HORSE SHOW

EXTREME preparations are being made for the Manassas Horse Show to be held July 27 and 28, and without a doubt the exhibition this year will surpass the previous one in interest and in the number of entries. It was this year decided to include the show in the fair month—thus the Manassas Horse Show will have an established reputation—will have a standard recognized. It has been decided that the prize list for the various classes shall be increased by a substantial amount, and that the temporary absence of entertainers from the exhibition shall not detract from the interest in the show. The expenses of the exhibition will be limited to the amount of the prizes, and the proceeds of the exhibition will be placed in the hands of the Manassas Horse Show Association, for the purpose of paying for expenses and other purposes connected with the exhibition.

THE FOOD PROBLEM

Struggles in a University of Missouri boarding club have devised a method of providing good, nourishing meals at a cost of ten cents each, which has solved the food problem. This may be true in a measure, but they have overlooked the fact that the meals are served in a common room where the students eat together. The common room is always crowded, and the students are often kept waiting for their meals. The solution to the problem of food in a University of Missouri boarding club is not to be found in the method of serving the food, but in the management of the common room and the supervision of the meals. The common room should be arranged in such a way that the students can have their meals as quickly as possible, and the meals should be served at regular hours. The management of the common room should be such that the students can have their meals in a comfortable and pleasant atmosphere. The solution to the problem of food in a University of Missouri boarding club is not to be found in the method of serving the food, but in the management of the common room and the supervision of the meals.
