ABANDON STREET SPRINKLING PLANS

SPRINGFIELD OUTLINES MEASURES TO END WATER WASTING

The Springfield Plan for the Abandonment of the Street Sprinkling System was endorsed by the Board of Trustees last night.

The system, which was designed to water the streets and keep them clean, has been found to be inefficient and expensive. The Board has therefore decided to abandon the system and replace it with a more effective method.

In addition to the cost savings, the abandoned system will also reduce the amount of water used, which is currently in shortage due to the drought conditions.

THERE ARE OTHER FEEDS—BUT

Oh,—You Hammond!

Hammond Feed always runs as high and higher than claimed by its manufacturers. The feed is the best—cleanest feed in the country in the price of the month. Chris Meetez has been buying the preaching and Hammond Dairy Horse Feed has been his text. The number of converters has been large—more coming every day.—COMING TO STAY TOO.

Hammond leads, others follow. Hammond is not made of oak, but pure grain by-prod- ucts. We fear no competition.
