Fire Protection!

The Sycamore Dairy Feed has Class!
It brings Best Results!

This is abundantly shown in every practical test as well as
by laboratory analysis, to which has been subjected.

Pay no attention to the insignificant or unimportant
water test of flours. Their analysis contains the value or lack of value of Protein, Fat
and Lactose, and constitutes the absolute basis upon which
you are entitled to your understandings.

Every test of the Sycamore flour is higher and
higher above other kinds. It is a well-won prize.

And it will be cemented too.
