When we bought Malden Mills it was our determination to make White Loaf flour as good as any flour on the market. I think today we can say that this has been realized. By buying only first class wheat for our use in making this grade of flour there is no reason why it is not as good and a great deal better than many other flours. We are going to keep improving this flour, and I hope the future years will see it as we have it now—flour which has the body and which tastes the sweetest. Many men were using White Loaf flour as their regular flour even before we announced it, and now the country is handling it, as well as nearly all the other stores in the country, and our trade is rapidly increasing.

Kissing his wife and baby goodbyes and telling them that he was going over to a neighboring town for a few days, Farmer H. H. Simpson, 25 years old, left his home on Warren road, early Monday morning. Later that day, farmer, wife and baby were found hanged in a barn on the farm. Mr. Simpson was a popular member of the town and was known to have no enemies.
