FRIDAY M. H. BUSH

It is said that it is presently working with the President of the Board of Trade in London for a position in the Indian Civil Service. Several of his friends and associates are now in the far East, working diligently on the administration of this great country, and it is said that the President of the Board of Trade is extremely pleased with his work there.

The meeting tomorrow, Friday, will take up two topics, which will be discussed by the President of the Board of Trade in London, for a position in the Indian Civil Service. The first topic is the present status of the Indian Civil Service, and the second is the current status of the Civil Service in India.

The New National Military Academy, which was founded in 1861, is located in Manassas, Virginia. It is a military academy that trains cadets in the arts of war and prepares them for careers in the military.

THIEVES BREAK INTO CLOTHING STORE

In the 'brave days of Chancellorsville', the soldiers of the 6th Virginia Cavalry, under command of Gen. John Bell Hood, were stationed at Chancellorsville, Virginia. They were a fearsome and powerful force, and their presence was a source of fear and awe for the Union soldiers who opposed them.

THIEVES BREAK INTO CLOTHING STORE

There were so many unproductive sales in Virginia that we shall have to re-examine the question of the reason for this phenomenon. Perhaps, as some have suggested, it is not difficult to devise a scheme that will return the profits to the people who really need it.

THIEVES BREAK INTO CLOTHING STORE

The subject of green energy is gaining ground in Virginia, and it is likely to be a growing trend in the future. The state has already made significant progress in this area, and it is expected to continue to do so.

The First Baptist Church of Alexandria is being extensively remodelled. The work will be continued for several months. During the week, the altar was moved to the rear of the church and the doors from the front were removed. The altar was then placed in the center of the room. The doors were then replaced on the side of the room.

The new front doors are of mahogany and are adorned with brass knobs.
