In the Light of the

MIDNIGHT OIL.

While dusk came near ending, a side-winderer was changing his route, and in the face of the newly opened railroad station, the old man, while waiting for the train, put on his new coat, just bought, the one he like, which had been lying in the necessary for some time, and that gave him a new smile. The other passengers, who had been sitting by the fireside, turned their attention to the new coat and the man, who seemed to be enjoying himself.

The Bank has been in business for a number of years, and has been a strong influence in the community. It has a large amount of business, and has been successful in its operations. The new building will provide more space for the bank, and will enable it to accommodate more customers.

The bank was founded in 1880 and has been in continuous operation ever since. It has been a leader in the community, providing financial services to residents and businesses. The bank's new building will be a symbol of its commitment to the community.

The bank's new building will be located at 123 Bank Street. It will feature a large, open atrium with sitting areas, and will have state-of-the-art banking facilities.

As the train pulled away, the man in the new coat thanked his friends for their attention and wished them a good night. He walked down the platform, his new coat draped over his arm, and made his way back to his room at the old hotel.

The Birmingham Stock Farm

W. B. BULLOCK, PROP.

Importer and breeder of Percheron, Belgian, Shire, Coach and Hackney Stallions, also a few Saddle Horses and Jacks

A GROUP OF THREE-YEAR-OLD PERCHERON STALLIONS

I will sell at my barn cheaper than any other firm in America. The reason I can sell cheaper is because my home is in England, and the parties who select our best Stallions are in Europe most of the time, and when they see a good Stallion they buy them.

I will sell any of the above-named breeds on one, two and three years, from $300.00 up, to good responsible parties.

A GROUP OF TWO-YEAR-OLD PERCHERON STALLIONS

We invite all lovers of good horses to come to our farm and look over these beautiful Stallions, and we assure you that you will be treated with courtesy in every respect.

THE AGRICULTURAL MOVEMENT

By C. J. McRae

NEVER before in the history of the great Commonwealth of Virginia has there been such active interest in the agricultural movement of this country. The Agricultural College at Blufton is the center of interest and excitement. Here farmers from all parts of the state are gathering to learn new methods of farming and to exchange ideas and experiences. The college is offering a wide range of courses, from basic agriculture to advanced research, and is open to all who are interested in improving their farming methods.
