As Power, Stability and Wheel-base are the Leading Features in Any Automobile

Investigate the Flanders-20, the E.M.F.-30 and Studebaker-40 before you buy a motor car. If you have had experience (oh, a lot of experience means), or have wisdom enough to keep out of a fire, you can't help but see the great advantages in MECHANISM, POWER, DURABILITY, RELIABILITY, BEAUTY, COMFORT and JOURNEY offered in this line of gas and electric machines, sold under a broad guarantee against break or defect.

I know, E.M.F., with a car not approached by anything ever made. An automobile of this make is the last word in quality and construction. In the way of the price you will find the range of TWICE THE PRICE.

The little-school power FLANDERS with four cylinders, 17' wheel, 750 lb. 450 wheel-horse inferior to none in finish, with four cylinder rings on each, and always in stock and ready for the road, and all for 4000. The large price of $650 a year ago, is now reduced to $600, and with a net deposit of $125, you can drive away in the same car.

FOR

White Loaf Flour

HAS MADE MILFORD MILLS FAMOUS

Why not keep your money in the County? Why do you buy flour from other mills that never deal a penny’s work with you? Why cut your business to other firms when they can sell you the same quality? Our flour has much good, and if you will only try it, you will find it out for yourself. If you wish to have flour that will keep your money in your county, why should you pay for flour that is not all the time and of the same trade? I have regular customers for White Loaf Flour. I have been using it for about three years, and I never was in a better flour. I must spend our money with those who spend theirs with us.
