Other Money

ARGENTINE REPUBLIC

Argentine money is seldom seen in this country. Gold, silver, copper, nickel and copper coins are used. Gold coins are too small for business transactions. The paper note (or dollar) varies in value from day to day. The dollar, however, is the standard of value in Argentina.

If you do not have an account with us we should be glad to help you.

Farmers' Business

We give particular attention to the business of farmers.

A checking account with a "book" is a convenience no farmer should be without.

Our savings department is another excellent feature, affording, as it does, the privileges of withdrawals, together with the advantages of interest on your funds.

Our commission office always at the disposal of our customers.

We especially invite the farmers to make this their Banking Home.
