Mystery enveloping the sensational Beattie tragedy in Richmond so far is insuperable baffling detectives in their efforts to establish a definite story of the incident. Mrs. Beattie, the young wife of Mr. Beattie who was killed in an automobile accident in Richmond, was the object of a private investigation by detectives of the Richmond police department. She had been found in an automobile with the body of her husband, who was killed in the accident. The detectives were unable to ascertain the cause of death or to determine whether the accident was an accident or suicide. The investigation was continuing, and no definite conclusions had been reached as of the time of the publication of this article.
