MANASSAS, VA. THURSDAY, AUG. 10, 1911.

NORTH AND SOUTH CLASP HANDS IN PEACE.

GOOD ROADS FOR PRINCE WILLIAM.

The campaign for good roads in Prince William county, inaugurated by the resignation of the County Commissioners on Aug. 2, is already bearing fruit. The President of the Prince William Good Roads Association, Mr. W. C. Boykin, informed the Board of Supervisors that the good roads train which was operated by the Board had returned from its last trip with a most enthusiastic response. He said some 1,000 taxpayers had written him to tell him it was time for a better order of road construction to be operated by the Southern Railroads and that a road inspection committee had been formed in Prince William to watch the work. The poor water in the spring, Mr. Boykin said, had delayed any possible improvement of roads which were very bad in the area. The President of the Board of Supervisors, Mr. R. E. Sutton, expressed the opinion that the work was being well done. The good roads train which had been operated by the Board on Monday morning with an enthusiastic response of some 1,000 taxpayers in favor of a better order of road construction, was operated by courtesy of the Southern Railroads, a regular service having been suspended.

COUNCIL ADOPTS "SUGGESTION.

JONES PRESENTS TWO THOMPSON LETTERS.

TRASH RECEPTACLES "KEEP STREETS CLEAN.

The suggestion made by Mr. J. P. Boykin, the President of the Board of Supervisors, that trash receptacles be placed in the streets and alleys of Manassas, as a result of a resolution passed by the City Council in 1910, has been adopted by the Mayor and the City Council. The resolution provides that two receptacles shall be installed in the streets and alleys of Manassas, and that they shall be placed at the intersection of Main Street and Main Avenue, and at the intersection of Main Street and First Street. The resolution also provides that the receptacles shall be kept clean and free from litter, and that any person found depositing litter in the receptacles shall be subject to a fine of $5.00. The resolution further provides that the City Council shall have the power to regulate the use of the receptacles, and that the City Manager shall have the power to enforce the resolution. The resolution was adopted unanimously by the City Council.
